PART 127—INTERNATIONAL POSTAL SERVICE: POSTAGE RATES, SERVICE AVAILABLE, AND INSTRUCTIONS FOR MAILING

MEXICO

Whereas the Post Office Department has received advice through the Department of Commerce that certain import restrictions have been relaxed by the Mexican Government, and it having been found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (5 U. S. C. 1003) is impracticable for the reason that such compliance would impede the due and timely execution of the functions of this Department:

Now, therefore, it is ordered, that, effective at once, Part 127 (39 CFR Part 127) be amended as follows:

In § 127.304 *Mexico* amend paragraph (b) (9) to read as follows:

(b) *Parcel post.* • • •

(9) *Prohibitions.*—(i) *Import permits.* A large variety of items require import permits to be obtained by the addressees in Mexico, when the value of the shipment is 100 Mexican pesos or over. Information as to what articles require import licenses, and as to rates of Mexican customs duty, may be obtained from the American Republics Division, Office of International Trade, Department of Commerce, Washington 25, D. C., or from any regional or district office of that Department.

(ii) *For sanitary reasons.* Pacifiers for the amusement of babies. For medicines, cosmetics, and toilet articles, see paragraph (a) *Regular mails* of this section. The customs service requires, from persons receiving by mail from abroad, in small quantities, products of animal origin contained in tin cans, a certificate of sanitary inspection issued by the Department of Agriculture and Fomento. However, the products in question may be exempted from the above-mentioned inspection certificate when their weight is less than 11 pounds.

(iii) *For the protection of animals and plants.* (a) Certain plants and plant products are prohibited from importation or are admitted under restrictions. Interested patrons may be informed that information can be obtained from the Bureau of Entomology and Plant Quarantine, Department of Agriculture, Washington 25, D. C., or from one of the offices of that Bureau located at principal ports of entry.

(b) Parasites and predators of injurious insects, unless intended for the control of those insects and exchanged between officially recognized institutions.

(iv) *Arms, etc.* Arms require the special permission of the Secretariat of War and Navy. The importation by mail of pistols, hunting and target arms, requires also a certificate from the Mexican consul at the place of shipment. Pistols and other instruments for the projection of tear gas are prohibited.

(v) *For other reasons.* Works violating the Mexican copyright laws. Bank notes, coins of all kinds, and values payable to bearer. As an exception, the Bank of Mexico and the banks associated therewith are authorized to import bank notes exclusively for the purpose of exchange. Uncanceled postage stamps are accepted only under registration.

(R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 23; 5 U. S. C. 22, 369; and the terms of postal conventions and agreements entered into pursuant to R. S. 398, 48 Stat. 943; 5 U. S. C. 372)

[SEAL] V. C. BURKE,
Acting Postmaster General.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 70]

GRADING AND INSPECTION OF POULTRY AND EDIBLE PRODUCTS THEREOF; UNITED STATES SPECIFICATIONS FOR CLASSES, STANDARDS, AND GRADES WITH RESPECT THERETO

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that the United States Department of Agriculture is considering the issuance, as hereinafter proposed, of revised rules governing the grading and inspection of poultry and edible products thereof and United States specifications for classes, standards, and grades with respect thereto, to become effective May 1, 1951, pursuant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U. S. C. 1621 et seq.) and the Department of Agriculture Appropriation Act 1951 (Pub. Law 759), 81st Cong., approved September 6, 1950). The proposed rules will supersede the currently effective Part 70 (7 CFR Part 70), insofar as applicable to poultry and edible products thereof, since such part is comprised of rules and specifications governing grading and inspection of both poultry and domestic rabbits. It is planned to revise the rules and specifications for domestic rabbits and, therefore, no references to domestic rabbits are contained in the proposals set forth herein. The proposed revision with respect to domestic rabbits will be published in the FEDERAL REGISTER and the industry will be given an opportunity to submit relevant written data, views, or arguments. It is planned to make the revised rabbit regulations and the revised poultry regulations effective at the same time.

Most of the provisions of the proposed rules and specifications have received thorough consideration throughout the country at numerous conferences held with industry and college and State departments of agriculture representatives. Among other things, the proposed revision of the rules and specifications changes the provisions governing the grading of ready-to-cook poultry by requiring, as a prerequisite thereto, some form of official inspection for wholesomeness.

All persons who desire to submit written data, views, or arguments in connection with the proposals should file the same in triplicate with the Chief of the Marketing Services Division, Poultry Branch, Production and Marketing Administration, United States Department of Agriculture, Room 2099 South Building, Washington 25, D. C., not later than the close of business on the 30th day after publication of this notice in the FEDERAL REGISTER.

The proposed rules and specifications are as follows:

SUBPART A—RULES GOVERNING THE GRADING AND INSPECTION OF POULTRY AND EDIBLE PRODUCTS THEREOF

DEFINITIONS

Sec.
70.1 Definitions.

ADMINISTRATION

70.2 Administration.

GENERAL

70.3 Grading and inspection programs and services.
70.4 Application for grading service or inspection service.
70.5 Fraud or misrepresentation.
70.6 Political activity.
70.7 Interfering with a grader or inspector.
70.8 Other applicable regulations.
70.9 Publications.
70.10 Forms of certificates.
70.11 Identifying and marketing products.
70.12 Supervision of marking and packaging.
70.13 Retention labels.
70.14 Prerequisites to grading and inspection.
70.15 Accessibility of products.
70.16 Time of grading or inspection in an official plant.
70.17 Report of inspection work and grading work.
70.18 Fees and charges.

INSPECTION

70.19 Manner of handling products in an official plant.
70.20 Ante-mortem inspection.
70.21 Evisceration.
70.22 Carcasses held for further examination.
70.23 Condemnation and treatment of carcasses.
70.24 Certification of carcasses.
70.25 Reinspection of edible products.
70.26 Edible products for canning.
70.27 Products contaminated by polluted water; procedure for handling.
70.28 Preparation of animal food or similar uninspected articles in an official plant.
70.29 Appeal inspections; how made.
70.30 Inspection certificates; issuance and disposition.

GRADING

70.31 General.
70.32 Live poultry.
70.33 Dressed poultry and ready-to-cook poultry.
70.34 Basis of acceptability of other official inspection systems.
70.35 Certificates.
70.36 Application for regrading of a graded product; regrading certificates.
70.37 Appeal grading.
70.38 Superseded certificates.

SANITARY REQUIREMENTS

70.39 Minimum standards for sanitation, facilities, and operating procedures in official plants.
70.40 Authority of Administrator to amend minimum standards for sanitation, facilities, and operating procedures in official plants.

SUBPART B—UNITED STATES SPECIFICATIONS FOR CLASSES, STANDARDS, AND GRADES OF POULTRY AND EDIBLE PRODUCTS THEREOF

70.101 United States specifications for kinds and classes of live poultry, dressed poultry, and ready-to-cook poultry.
70.102 United States specifications for standards of quality for live poultry on an individual bird basis.
70.103 United States specifications for standards of grades for live poultry.
70.104 United States specifications for standards of quality for individual carcasses of dressed poultry and ready-to-cook poultry.
70.105 United States specifications for standards of grades for dressed poultry and ready-to-cook poultry.

SUBPART A—GRADING AND INSPECTION OF POULTRY AND EDIBLE PRODUCTS THEREOF

DEFINITIONS

§ 70.1 *Definitions.* Unless the context otherwise requires, the following terms shall have the following meaning:

(a) "Act" means the following provisions of the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U. S. C. 1621 et seq.) and the Department of Agriculture Appropriation Act of 1951 (Pub. Law 759, 81st. Cong.) or any other act of Congress conferring like authority:

AGRICULTURAL MARKETING ACT OF 1946

• • • to develop and improve standards of quality, condition, quantity, grade, and packaging, and recommend and demonstrate such standards in order to encourage uniformity and consistency in commercial practices • • •

To inspect, certify, and identify the class, quality, quantity, and condition of agricultural products when shipped or received in interstate commerce under such rules and regulations as the Secretary of Agriculture may prescribe, including assessment and collection of such fees as will be reasonable and as nearly as may be to cover the cost of the service rendered, to the end that agricultural products may be marketed to the best advantage, that trading may be facilitated, and that consumers may be able to obtain the quality products which they desire, • • •

DEPARTMENT OF AGRICULTURE APPROPRIATION ACT, 1951

• • • Market inspection of farm products: For the investigation and certification, in one or more jurisdictions, to shippers and other interested parties of the class, quality, and condition of any agricultural commodity or food product, whether raw, dried, canned, or otherwise processed, and any product containing an agricultural commodity or derivative thereof when offered for interstate shipment or when received at such important central markets as the Secretary may from time to time designate, or at points which may be conveniently reached therefrom under such rules and regulations as he may prescribe, including payment of such fees as will be reasonable and as nearly as may be to cover the cost for the service rendered, • • •

Marketing farm products: For acquiring and diffusing among the people of the United States useful information relative to the needed supplies, standardization, classification, grading, preparation for market, handling, transportation, storage, and marketing of farm and food products, including the demonstration and promotion of the use of uniform standards of classification of American farm and food products throughout the world, • • •

(b) "Administration" means the Production and Marketing Administration of the Department.

(c) "Administrator" means the Administrator of the Production and Marketing Administration of the Department, or any other officer or employee of the Department to whom there has heretofore been delegated, or to whom there may hereafter be delegated, the authority to act in his stead.

(d) "Applicant" means any interested party who requests any inspection service or grading service.

(e) "Carcass" means any poultry carcass.

(f) "Circuit Supervisor" means the officer in charge of the poultry inspection service in a circuit consisting of a group of stations within an area.

(g) "Class" means any subdivision of a product based on essential physical characteristics that differentiate between major groups of the same kind or between species.

(h) "Condition" means any condition, including but not being limited to, the state of preservation, cleanliness, or soundness of any product; or any condition, including but not limited to, the processing, handling, or packaging which affects such product.

(i) "Condition and wholesomeness" means the condition of any product and its healthfulness and fitness for human food.

(j) "Department" means the United States Department of Agriculture.

(k) "Dressed poultry" means poultry which has been slaughtered for human food with head, feet, and viscera intact and from which the blood and feathers have been removed.

(l) "Edible poultry byproduct" means any giblets or any edible part of dressed poultry other than eviscerated poultry.

(m) "Edible product" means any product other than live poultry and dressed poultry.

(n) "Eviscerated poultry" means any dressed poultry from which the pinfeathers, vestigial feathers (hair or down, as the case may be), head, shanks, crop, oil gland, trachea, esophagus, entrails, reproductive organs, and lungs have been removed and, with or without the giblets, is ready to cook without need of further processing.

(o) "Food product containing poultry product" means any article of food for human consumption which is prepared in part from any edible portion of dressed poultry or from any product derived wholly from such edible portion, if such edible portion or product does not comprise a substantial portion of such article of food.

(p) "Giblets" means the liver from which the bile sac has been removed, the heart from which the pericardial sac has been removed, and the gizzard from which the lining and contents have been removed; *Provided*, That each such organ has been properly trimmed and washed.

(q) "Grader" means any employee of the Department authorized by the Secretary, or any other individual to whom a license has been issued by the Secretary, to investigate and certify, in accordance with the regulations in this part, the class, quality, quantity, and condition of products.

(r) "Grading" or "grading service" means (1) the act whereby a grader determines, according to the regulations in this part, the class, quality, quantity, or condition of any product by examining each unit thereof, or each unit of the representative sample thereof drawn by a grader, and issues a grading certificate with respect thereto; (2) in addition to the foregoing, the act whereby the grader identifies, according to the regulations in this part, the graded product; (3) with respect to an official plant, the act whereby a grader determines that the products in such plant are processed, handled, and packaged in accordance with § 70.39; and (4) any regrading or any appeal grading of a previously graded product.

(s) "Grading certificate" means a statement, either written or printed, issued by a grader, pursuant to the regulations in this part, relative to the class, quality, quantity, or condition of a product.

(t) "Identify" means to apply official identification to products or the containers thereof.

(u) "Inspected and certified" or "certified" means, with respect to any product, that it has undergone an inspection and was found, at the time of such inspection, to be sound, wholesome, and fit for human food.

(v) "Inspected," "inspection service," or "inspection of products for condition and wholesomeness" means any inspection by an inspector to determine, in accordance with regulations in this part, (1) the condition and wholesomeness of dressed poultry, or (2) the condition and wholesomeness of any edible product at any stage of the preparation or packaging thereof in the official plant where inspected and certified, or (3) the condition and wholesomeness of any previously inspected and certified product if such product has not lost its identity as an inspected and certified product. In addition to the foregoing, the terms "inspection" and "inspection service" shall each mean any inspection by an inspector to determine, in accordance with the regulations in this part, the condition of dressed poultry as it applies to the processing, handling or packaging of such product.

(w) "Inspection certificate" means a statement, either written or printed, issued by an inspector, pursuant to the regulations in this part, relative to the condition and wholesomeness of products.

(x) "Inspector" means any person who is licensed by the Secretary to investigate and certify in accordance with the regulations in this part, the condition and wholesomeness of products or in the condition of dressed poultry. An inspector is an employee of the Department or of a State; he may be a graduate veterinarian or a layman.

(y) "Interested party" means any person financially interested in a transaction involving any inspection or grading.

(z) "National supervisor" means (1) the officer in charge of the poultry inspection service of the Administration, (2) the officer in charge of the poultry grading service of the Administration, and (3) such other officers or employees of the Department who may be so designated by the officer in charge of the poultry inspection and grading service of the Administration.

(aa) "Office of grading" means the office of any grader.

(bb) "Official identification" means the symbol represented by a stamp, label, seal, or other device approved by the Administrator and affixed to any product, or to any container thereof, stating that the product was inspected or graded or both; and the class, quality, or condition of such product as determined by a grader may be indicated.

(cc) "Official plant" means one or more buildings, or parts thereof, comprising a single plant in which the facilities and methods of operation therein have been approved by the Administrator as suitable and adequate for operation under inspection or grading service and in which inspection or grading is carried on in accordance with the regulations in this part.

(dd) "Person" means any individual, partnership, association, business trust, corporation, or any organized group of persons, whether incorporated or not.

(ee) "Poultry" means any kind of domesticated bird, including, but not being limited to, chickens, turkeys, ducks, geese, pigeons, and guineas.

(ff) "Poultry food product" means any article of human food or any article intended for or capable of being so used which is prepared or derived in whole or in substantial part, from any edible portion of dressed poultry.

(gg) "Poultry grading and inspection service" means the personnel of the Administration who are actively engaged in the administration, application and direction of poultry grading and inspection programs and services pursuant to the regulations in this part.

(hh) "Product" means each of the following: (1) Dressed poultry; (2) eviscerated poultry; (3) edible poultry byproduct; (4) poultry food product; and (5) with respect to grading service only, live poultry.

(ii) "Quality" means the inherent properties of any product which determine its relative degree of excellence.

(jj) "Ready-to-cook poultry" means any eviscerated poultry or any cut-up or disjointed portion thereof.

(kk) "Regional supervisor" means any employee of the Department in charge of poultry grading service or poultry inspection service in a designated geographical area.

(ll) "Regulations" means the provisions of this entire part and such United States specifications for classes, standards, and grades for products as may be in effect at the time grading or inspection is performed.

(mm) "Secretary" means the Secretary of the Department, or any other officer or employee of the Department to whom there has heretofore been delegated or to whom there may hereafter be delegated, the authority to act in his stead.

(nn) "Soundness" means freedom from external evidence of any disease or condition which may render a carcass unfit for food.

(oo) "State supervisor" means any authorized and designated individual who is in charge of the poultry grading service or the poultry inspection service in a State. A State supervisor of poultry inspection service shall be a veterinarian and he may be either a Federal-State employee or a Federal employee.

(pp) "Station supervisor" means any authorized individual who is designated to supervise the poultry grading service or the poultry inspection service in a large official plant or in a group of several smaller plants.

ADMINISTRATION

§ 70.2 *Administration.* The Administrator shall perform for and under the supervision of the Secretary, such duties as are prescribed in the regulations in this part and as the Secretary may require in the administration of the regulations in this part.

GENERAL

§ 70.3 *Grading and inspection programs and services*—(a) *Kinds of services.* The regulations in this part provide for the following kinds of service with respect to live, dressed, and ready-to-cook poultry:

(1) *Grading of live poultry.*

(2) *Grading of dressed poultry.* (i) In an official plant.

(ii) At terminal markets and other receiving points other than official plants.

(3) *Grading of ready-to-cook poultry.* (i) In an official plant.

(ii) At terminal markets and other receiving points other than official plants.

(4) *Inspection of dressed poultry in official plants for processing as ready-to-cook poultry.*

(5) *Inspection in an official plant of ready-to-cook poultry for canning or poultry to be prepared as edible products other than eviscerated poultry.*

(6) *Certification of dressed poultry produced under sanitary requirements; in official plants.* With respect to any official plant, dressed poultry as such, may be certified by a grader as having been processed, handled and packed in accordance with the minimum standards for sanitation, facilities, and operating procedures in official plants. However, in official plants which have available the services of an inspector who is authorized to inspect for condition and wholesomeness, such inspector is also authorized to certify dressed poultry, as such, as having been processed, handled, and packed in accordance with the minimum standards for sanitation, facilities, and operating procedures in official plants. The bulk containers of such dressed poultry which has been certified as aforesaid, shall be marked for identification purposes and appropriate grading or inspection processing reports shall be issued with respect thereto as required by the regulations in this part. In official plants where this kind of service is rendered all of the poultry that is processed in such official plant as dressed poultry shall be prepared in accordance with the regulations in this part and under the supervision of a grader or inspector.

(b) *Dressed poultry to be eligible for inspection or grading service shall have been processed in official plants.* Except as otherwise provided in this part, and as may be approved by the Administrator for a specified limited period with respect to dressed poultry which is to be inspected for canning, only dressed poultry which was processed in official plants in accordance with the regulations in this part may be graded or inspected and only dressed poultry from an official plant may be brought into another official plant. However, with respect to dressed poultry which was processed on the farm where it was raised, such poultry may be brought into official plants for grading or inspection, provided such poultry was dressed under sanitary conditions in accordance with such methods and operating procedures which are acceptable to the Administrator.

(c) *Inspection required during eviscerating operations at official plants under inspection service.* Any dressed poultry that is eviscerated in an official plant where inspection service is maintained, shall be inspected for condition and wholesomeness and no uninspected edible products shall be brought into such official plant.

(d) *Basis of service.* (1) Any inspection service in accordance with the regulations in this part shall be for condition and wholesomeness but, with respect to dressed poultry, as such, the inspection may be for condition only.

(2) Any grading service in accordance with the regulations in this part shall be for class, quality, quantity, or condition or any combination thereof. Grading service with respect to determination of quality of products shall be on the basis of United States specifications for classes, standards, and grades as contained in Subpart B of the regulations in this part. However, grading service may be rendered with respect to products which are bought and sold on the basis of institutional contract specifications and such service when approved by the Administrator, shall be rendered on the basis of the specifications of such contract.

(3) All grading service and all inspection service shall be subject to supervision at all times by the applicable station supervisor, State supervisor, circuit supervisor, regional supervisor, and national supervisor. Such services shall be rendered where the facilities and conditions are satisfactory for the conduct of the service and the requisite graders and inspectors are available.

(e) *Licensed graders and inspectors.* (1) Any person who is a Federal or State employee possessing proper qualifications as determined by an examination for competency, and who is to perform grading service or inspection service may be licensed by the Secretary as a grader or an inspector.

(2) Any prospective grader, other than a Federal or State employee, possessing proper qualifications as determined by an examination for competency and who is to perform grading service may be licensed by the Secretary as a grader.

(3) Any prospective grader, other than a Federal or a State employee, shall, prior to granting of the license, procure and deliver to the Administration a surety bond, issued by such surety as may be approved by the Administrator, in the amount of $1,000 for the proper performance of the duties of such licensee under the regulations in this part.

(4) All licenses issued by the Secretary shall be countersigned by the officer in charge of the poultry grading and inspection service of the Administration or any other designated official of such service.

(f) *Suspension of license or authority; revocation.* Pending final action by the Secretary, the officer in charge of the poultry grading and inspection service may, whenever he deems such action necessary, suspend any license or authority effective pursuant to the regulations in this part, by giving notice of such suspension to the respective individual involved, accompanied by a statement of the reasons therefor. Within seven days after the receipt of the aforesaid notice and statement of reasons by such individual, he may file an appeal, in writing, with the Secretary supported by any argument or evidence that he may wish to offer as to why his license or authority should not be suspended or revoked. After the expiration of the aforesaid seven-day period and consideration of such argument and evidence, the Secretary will take such action as he deems appropriate with respect to such suspension or revocation. When no appeal is filed within the prescribed seven days the license is revoked.

(g) *Surrender of license.* Each license which is suspended, or revoked, or has expired shall promptly be surrendered by the licensee to his immediate superior. Upon termination of the services of a licensed grader or inspector the licensee shall promptly surrender his license to his immediate superior.

(h) *Identification.* Each grader and inspector shall have in his possession at all times, and present upon request while on duty, the means of identification furnished by the Department to such person.

(i) *Financial interest of inspectors.* No inspector shall inspect any product in which he is financially interested.

§ 70.4 *Application for grading service or inspection service—*(a) *Who may obtain grading service or inspection service.* An application for grading service or inspection service may be made by any interested person, including, but not being limited to, the United States, any State, county, municipality, or common carrier, and any authorized agent of the foregoing.

(b) *How application may be made.* (1) Any application for inspection service must be made in writing and filed with the Administrator.

(2) An application for grading service to be rendered in an official plant must be made in writing and filed with the Administrator.

(3) An application for any grading service to be rendered other than in an official plant may be made in any office of grading, or with any grader at or nearest the place where the service is desired. Such application may be made orally, in writing, or by telegraph. If the application for grading service is made orally, the office of grading or the grader with whom the application is made, or the Administrator may require that the application be confirmed in writing.

(4) Each application for grading service or inspection service shall include such information as may be required by the Administrator in regard to the products and premises where the service is to be rendered.

(c) *Filing of application.* An application for grading service or inspection service shall be regarded as filed only when made pursuant to the regulations in this part.

(d) *Authority of applicant.* Proof of the authority of any person applying for grading service or inspection service may be required at the discretion of the Administrator.

(e) *Application for inspection service or grading service in official plants; approval.* Any person desiring to process and pack products in a plant under grading service or inspection service, or both, must receive approval of such plant and facilities as an official plant prior to the rendition of such service. Application for continuous grading service in an official plant other than the service provided in § 70.3 (a) (6) may be approved only when a substantial majority (approximately 75 percent) of the product processed each month is graded for quality and packed according to grade. An application for grading service or inspection service to be rendered in an official plant shall be approved according to the following procedure:

(1) *Initial survey.* When an application has been filed for grading service or inspection service, as aforesaid, the regional supervisor, or his assistant, shall examine the plant, premises, and facilities and shall specify any additional or necessary facilities required for the service. Appeals with respect to any such specification may be made to the national supervisor.

(2) *Drawings and specifications to be furnished in advance of construction or alterations.* Four copies of drawings, consisting of floor plans of space to be included in the official plant, showing the locations of such features as the principal pieces of equipment, floor drains, principal drainage lines, hand washing facilities, hose connections for clean up purposes, cardinal points of the compass, and the routes of edible and inedible products through the plant, properly drawn to scale, shall be submitted to the regional supervisor. The official plant shall include toilet and dressing rooms, office space for the inspector and grader, store rooms for supplies used in the operations under inspection or grading, feeding rooms, and all rooms, compartments or passageways where products or any ingredients to be used in the preparation of products under inspection service or grading service will be handled or kept, and may include other rooms or compartments located in the building or buildings comprising the official plant. If rooms or compartments shown on the drawings are not to be included as part of the official plant this should be clearly indicated thereon. Specifications covering the height of ceilings, types of principal pieces of equipment, character of floors, walls, and ceilings, lighting, ventilation, water supply, and drainage, and such other notations as may be required, shall accompany the drawings. Construction or remodeling of buildings, facilities, or premises should not be initiated without prior approval of the drawings. Upon approval of drawings and specifications the application for grading service or inspection service may be approved.

(3) *Final survey and plant approval.* Prior to the inauguration of the grading service, or inspection service, a final survey of the plant and premises shall be made by the regional supervisor or his assistant to determine if the plant is constructed and facilities are installed in accordance with the approved drawings and the regulations in this part. The plant may be approved only when these requirements have been met, except that conditional approval for a specified limited time may be granted only under emergency conditions of restricted availability of facilities and construction materials, provided practices suitable to the Administrator are employed to effect adequate sanitary conditions in the plant.

(f) *Rejection of application.* Any application for grading service or inspection service may be rejected by the Administrator (1) for noncompliance, by the applicant, with the act or the regulations in this part, or (2) whenever the product involved is owned by, or located on the premises of, a person currently denied the benefits of the act. Each such applicant shall be notified immediately of the reasons for the rejection.

(g) *Withdrawal of application.* Any application for grading or inspection service may be withdrawn by the applicant at any time before the service is performed upon payment by the applicant, of all expenses incurred by the Administration in connection with such application.

(h) *Order of service.* Grading service or inspection service shall be performed, insofar as practicable, in the order in which application therefor is made except that precedence may be given to any application for an appeal inspection or appeal grading.

§ 70.5 *Fraud or misrepresentation.* Any willful violation of the regulations in this part, the use of the terms "Government graded," "Federal-State graded," or terms of similar import in the labeling or advertising of any product without stating in conjunction therewith the U. S. grade of the product, or any willful misrepresentation or deceptive or fraudulent practice found to be made or committed by any person in connection with:

(a) The making or filing of an application for any grading service or inspection service;

(b) The use of any grading certificate or inspection certificate issued pursuant to the regulations in this part, or the use of any official identification;

(c) The use of the terms "United States" or "U. S." in conjunction with the grade of the product;

(d) The use of any of the aforesaid terms or an official identification in the labeling or advertising of any product; or

(e) The use, in connection with any product, of a facsimile form which simulates in whole or in part any official identification; may be deemed sufficient cause for debarring such person from any or all benefits of the act after opportunity for hearing has been accorded him; and, pending investigation and hearing the Administrator may, without hearing, direct that such person shall be denied the benefits of the act.

§ 70.6 *Political activity.* All graders and inspectors who are employees of the Department are forbidden during the period of their respective appointments, or licenses, to take an active part in political management or in political campaigns. Political activity in city, county, state, or national elections, whether primary or regular, or in behalf of any party or candidate, or any measure to be voted upon, is prohibited. This applies to all appointees, including, but not being limited to, temporary and cooperative employees and employees on leave of absence with or without pay. Willful violation of this section will constitute grounds for dismissal in the case of appointees and revocation of licenses in the case of licensees.

§ 70.7 *Interfering with a grader or inspector.* Any further benefits of the act and the regulations in this part may be denied any applicant who either personally or through an agent or representative interferes with or obstructs, by intimidation, threats, ridicule, or assault, or in any other manner, a grader or inspector in the performance of his duties.

§ 70.8 *Other applicable regulations.* Compliance with the regulations in this part shall not excuse failure to comply with any other Federal, or any State or municipal, applicable laws or regulations.

§ 70.9 *Publications.* Publications under the act and the regulations in this part shall be made in the FEDERAL REGISTER, the Service and Regulatory Announcements of the Department, and such other media as the Administrator may approve for the purpose.

§ 70.10 *Forms of certificates*—(a) *Grading certificates.* Grading certificates (including appeal grading certificates and regrading certificates) shall be issued on forms approved by the Administrator.

(b) *Inspection certificates.* Each inspection certificate issued pursuant to the regulations in this part shall be approved by the Administrator as to form, and:

(1) Each dressed poultry inspection certificate shall show the class or classes of poultry, the quantity of product contained in the respective lot, and all pertinent information concerning the condition and wholesomeness thereof;

(2) Each food product inspection certificate shall show the names of the edible products covered by such certificate, the quantity of each such product, such shipping marks as are necessary to identify such products, and all pertinent information concerning the condition and wholesomeness thereof;

(3) Each export certificate shall show the respective names of the exporter and the consignee, the destination, the shipping marks, the numbers of the export stamps attached to the edible products to be exported and covered by the certificate, and the names of such products and the total net weight thereof.

(c) *Advance information.* Upon the request of an applicant, all or part of the contents of any grading certificate or inspection certificate issued to such applicant may be telephoned or telegraphed to him, or to any person designated by him, at his expense.

§ 70.11 *Identifying and marking products*—(a) *Approval of official identification.* (1) Any label or packaging material which bears any official identification shall be used only in such manner as the Administrator may prescribe. No label or packaging material bearing official identification may be used unless finished copies or samples of such labels and packaging material have been approved by the Administrator. No label bearing the official identification shall be printed for use until the printer's final proof has been approved by the Administrator; and no label, other than labels for shipping containers or containers for institutional packs, bearing any official identification shall be used until finished copies or samples of such labels have been approved by the Administrator. Final approval may be given to printer's final proof or photostatic copies of labels for shipping containers or containers for institutional packs, and no such labels shall be used until such proofs or copies have been approved by the Administrator. A label which bears official identification shall not bear any statement that is false or misleading, and if labels in the name of the same packer or distributor, or bearing the same brand name, are used on the same or similar products which are prepared from products which are not inspected, the diameter of the inspection mark, or combination inspection and grading mark, used on labels for inspected products shall be equal to at least one-tenth of the length of the label, plus at least one-tenth of the width of the label. If the labeling is printed or otherwise applied directly on the container, the principal display panel of such container shall, for this purpose, be considered as the label.

(b) *Products that may be individually identified; information required on grade mark.* Only the following products may be individually identified with a grade mark if the respective product is of A Quality or B Quality: Dressed poultry, and ready-to-cook poultry. Except as otherwise authorized each grade mark which is to be used shall conspicuously indicate the U. S. grade of the product which it identifies, and shall indicate whether the bird is "young" or "mature" or "old," and shall include one of the following phrases: "Federal-State Graded," "Government Graded," or a phrase of similar import. Such grade mark shall be contained within the outline of a shield of such design as may be prescribed or approved by the Administrator.

(c) *Use of grade mark and inspection mark with respect to the same product.* The Administrator is authorized to prescribe and approve the form of the grade mark and inspection mark that may be used individually or in combination with respect to the same product.

(d) *Marking inspected products*—(1) *Wording and form of the inspection mark.* Except as otherwise authorized, the inspection mark permitted to be used with respect to inspected and certified edible products shall include wording as follows: "Inspected for wholesomeness by U. S. Department of Agriculture." This wording, in such form as the Administrator may prescribe or approve, shall be contained within a circle. The Administrator may approve the use of abbreviations of such inspection mark; and such approved abbreviations shall have the same force and effect as the inspection mark. The inspection mark or approved abbreviation thereof, as the case may be, may be applied to the inspected and certified edible product or to the packaging material of such product. The inspection mark, or the approved abbreviation thereof, shall, when used on packaging material, be printed on such material or on a label to be affixed to the packaging material, and the name of the packer or distributor of such product must be legibly printed on the packaging material or label, as the case may be, excepting that on shipping containers and containers for institutional packs the inspection mark may be stenciled on the container and when the inspection mark is so stenciled, the name and address of the packer or distributor may be applied by the use of a stencil or a rubber stamp.

(2) *Wording on labels.* Each trade label to be approved for use pursuant to this section with respect to any inspected and certified edible product shall bear the true name of the edible product, the name and address of the packer or distributor thereof, and, in prominent letters and figures of uniform size, the inspection mark, as aforesaid; and the label shall also bear, in such manner as may be prescribed or approved by the Administrator, the plant number, if any, of the official plant in which such product was inspected and certified.

(3) *Formulas required.* Copies of each trade label submitted for approval pursuant to this section shall, when the Administrator requires, be accompanied by a statement showing the kinds and percentages of the ingredients comprising the edible product with respect to which the label is to be used. Approximate percentages may be given in cases where the percentages of ingredients may vary from time to time, if the limits of variation are stated.

(4) *Wording permitted on food products containing poultry products.* Any trade label which is to be affixed to a container of any food product containing poultry product which is packed under the supervision of an inspector in any official plant may bear the phrase: "The poultry product contained herein has been inspected and certified at a plant where Federal inspection is maintained." Each such trade label shall also be subject to the applicable provisions of this section.

(5) *Labels in foreign languages.* Any trade label to be affixed to a container of any edible products for foreign commerce may be printed in a foreign language. However, the inspection mark shall appear on the label in English, but, in addition, may be literally translated into such foreign language. Each such trade label which is to be printed in a foreign language must be approved pursuant to this section.

(6) *Use of approved labels.* Trade labels approved for use pursuant to this section shall be used only for the purpose for which approved.

(e) *Marking dressed poultry which was certified as having been produced under sanitary requirements.* The Administrator is authorized to prescribe and approve the manner in which dressed poultry which was processed in accordance with minimum standards for sanitation, facilities, and operating procedures in official plants may be marked for identification purposes.

§ 70.12 *Supervision of marking and packaging*—(a) *Evidence of label approval.* No grader or inspector shall authorize the use of official identification for any graded or inspected product unless he has on file evidence that such official identification or packaging material bearing such official identification has been approved in accordance with the provisions of § 70.11.

(b) *Affixing of official identification.* (1) No official identification or any abbreviation, copy or representation thereof may be affixed to or placed on or caused to be affixed to or placed on any product or container thereof except by a grader or an inspector or under the supervision of a grader or an inspector or other person authorized by the Administrator. All such products shall have been inspected and certified or graded or both. The grader or inspector shall have supervision over the use and handling of all material bearing any official identification.

(2) Each container of inspected and certified edible products to be shipped from one official plant to another official plant for further processing shall be marked for identification and shall show the following information:

(i) The name of the inspected and certified edible products in the container;

(ii) The name and address of the packer or distributor of such product;

(iii) The net weight of the container;

(iv) The inspection mark permitted to be used pursuant to the regulations in this part, unless the containers are sealed or otherwise identified in such manner as may be approved by the Administrator; and

(v) The plant number of the official plant where the products were packed.

(c) *Packaging.* No container which bears or may bear any official identification or any abbreviation or copy or representation thereof may be filled in whole or in part except with edible products which were inspected and certified or graded or both and are at the time of such filling, sound, wholesome and fit for human food. All such filling of containers shall be under the supervision of an inspector or grader.

§ 70.13 *Retention labels.* An inspector or grader may use such labels, devices and methods as may be approved by the Administrator for the identification (a) of products which are held for further examination, and (b) all equipment and utensils which are to be held for proper cleaning.

§ 70.14 *Prerequisites to grading and inspection.* Grading and inspection of products shall be rendered pursuant to the regulations in this part and under such conditions and in accordance with such methods as may be prescribed or approved by the Administrator.

§ 70.15 *Accessibility of products.* Each product for which grading service or inspection service is requested shall be so placed as to disclose fully its class, quality, quantity, and conditions as the circumstances may warrant.

§ 70.16 *Time of grading or inspection in an official plant.* The grader or inspector who is to perform the grading or inspection in an official plant shall be informed, in advance, of the hours when such grading or inspection will be required. Graders and inspectors shall have access at all times to every part of any official plant to which they are assigned.

§ 70.17 *Report of inspection work and grading work.* Reports of the work of inspection and grading carried on within official plants shall be forwarded to the Administrator by the inspector and grader in such manner as may be specified by the Administrator.

(a) *Information to be furnished to inspectors and graders.* When inspection service or grading service is performed within an official plant, the applicant for such inspection or grading shall furnish to the inspector or grader rendering such service such information as may be required for the purposes of this section.

(b) *Reports of violations.* Each inspector and each grader shall report, in the manner prescribed by the Administrator, all violations of and noncompliance with the act and the regulations in this part of which he has knowledge.

§ 70.18 *Fees and charges*—(a) *Payment of fees and charges.* (1) Fees and charges for any grading or inspection shall be paid by the applicant for the service in accordance with the applicable provisions of this section and, if so required by the Administrator, such fees and charges shall be paid in advance.

(2) Fees and charges for any grading or inspection performed by any grader or inspector who is a salaried employee of the Department shall, unless otherwise required pursuant to subparagraph (3) of this paragraph, be paid by check, draft, or money order payable to the Treasurer of the United States and remitted promptly to the Administration.

(3) Fees and charges for any grading or inspection pursuant to a cooperative agreement with any State or person shall be paid in accordance with the terms of such cooperative agreement.

(b) *Grading service on a fee basis.* (1) Unless otherwise provided in this section, the fees to be charged and collected for any grading service (other than for an appeal grading) on a fee basis shall be based on the applicable rates specified in paragraph (d) of this section.

(2) In the event the aforesaid applicable rates specified in paragraph (d) of this section are deemed by the Administrator to be inadequate fully to reimburse the Administration for all costs and other items paid or incurred by the Administration in connection with such service, the fees for such service shall not be based on the rates specified in paragraph (d) of this section, but shall be based on the time required to perform such service and the travel of each grader at the rate of $3.00 per hour for the time actually required.

(3) If an applicant requests that any grading service be performed on a holiday or a non-work day, he may be charged for such service at a rate one and one-half times the rate which would be applicable for such service if performed on a day other than a holiday or a non-work day.

(c) *Fees for appeal grading.* The fees to be charged for any appeal grading shall be double the fee specified in the grading certificate from which the appeal is taken: *Provided*, That the fee for any appeal grading requested by the United States, or any agency or instrumentality thereof, shall be not more than that set forth in the grading certificate from which the appeal is taken. If the fee on the certificate from which the appeal is taken is based on a contract, then the fee for such appeal grading shall be double the amount specified in paragraph (d) of this section for the applicable volume of product appeal graded. If the result of any appeal grading discloses that a material error was made in the grading appealed from, no fee shall be required.

(d) *Poultry grading fees.* For each grading of any lot of poultry, whether live, dressed, or ready-to-cook, the following fees shall be applicable:

For 500 pounds or less	$1.50
For 501 to 1,500 pounds, inclusive	2.25
For 1,501 to 3,000 pounds, inclusive	3.00
For 3,001 to 6,000 pounds, inclusive	4.00
For 6,001 to 10,000 pounds, inclusive	6.00
For 10,001 to 20,000 pounds, inclusive	10.00
For each additional 10,000 pounds or fraction thereof, in excess of 20,000 pounds	3.00

(e) *Inspection service on a fee basis.* Fees to be charged and collected for inspection services furnished on a fee basis shall be based on the time required to render such services including, but not being limited to, the time required for the travel of the inspector or inspectors in connection therewith, at the rate of $3.25 per hour for each inspector for the time actually required.

(f) *Fees for additional copies of grading certificates and inspection certificates.* Additional copies, other than those provided for in § 70.30 and § 70.35, of any grading certificates or inspection certificates may be supplied to any interested party upon payment of a fee of $1.00 for each set of five or fewer copies.

(g) *Traveling expenses and other charges.* Charges may be made to cover the cost of traveling and other expenses incurred by the Administration in connection with the performance of any grading service or inspection service.

(h) *Additional charges.* With respect to any grading service performed in a freight or express car or any other place where the entire lot of the product is not readily accessible to the grader, a charge of $5.00 shall be made in addition to the applicable rates specified in paragraph (d) of this section.

(i) *On a contract basis.* Fees to be charged and collected for any grading service or inspection service, other than for an appeal grading, on a contract basis shall be those provided for in such contract. The fees to be charged for any appeal grading shall be as provided in paragraph (c) of this section.

(j) *Fees for grading service or inspection service performed under cooperative agreement.* The fees to be charged and collected for any grading service or inspection service performed under cooperative agreement shall be those provided for by such agreement.

(k) *Disposition of fees for inspections made under cooperative agreement.* Fees for inspection under a cooperative agreement with any State or person shall be disposed of in accordance with the terms of such agreement. Such portion of the fees collected under a cooperative agreement as may be due the United States shall be remitted to the Administration.

INSPECTION

§ 70.19 *Manner of handling products in an official plant.* Unless otherwise specified in the regulations in this part or by the Administrator, products which are to be further processed under inspection in an official plant shall be prepared and handled in such official plant only in such manner as may be prescribed or approved by the Administrator and under the supervision of an inspector.

§ 70.20 *Ante-mortem inspection.* Ante-mortem examination of poultry may be required by the Administrator as a prerequisite to any inspection; and such ante-mortem examination shall be carried out under such conditions and in accordance with such methods as may be prescribed or approved by the Administrator.

§ 70.21 *Evisceration.* No viscera or any part thereof shall be removed from any dressed poultry which is to be processed under inspection in any official plant, except at the time of evisceration and inspection. Each carcass to be eviscerated shall be opened so as to expose the organs and the body cavity for proper examination by the inspector and shall be prepared immediately after inspection as eviscerated poultry. If a carcass is frozen, it shall be thoroughly thawed before being opened for examination by the inspector. Each carcass, or all parts comprising such carcass, shall be examined by the inspector: *Provided*, That the Administrator may, whenever he deems it advisable and under such conditions as he may prescribe, authorize the removal from such carcass or parts as aforesaid, of any part thereof prior to such inspection if such part will not be used in the preparation of any edible product.

§ 70.22 *Carcasses held for further examination.* Each carcass, including all parts thereof, in which there is any lesion of disease, or other condition, which might render such carcass or any part thereof unfit for human food, and with respect to which a final decision cannot be made on first examination by the inspector, shall be held for further examination. The identity of each such carcass, including all parts thereof, shall be maintained until a final examination has been completed.

§ 70.23 *Condemnation and treatment of carcasses.* Each carcass, or any part thereof, which is found to be unsound, unwholesome, or otherwise unfit for human food shall be condemned by the inspector and shall receive such treatment, under the supervision of the inspector as will prevent its use for human food and preclude dissemination of disease through consumption by animals.

§ 70.24 *Certification of carcasses.* Each carcass and all parts and organs thereof which are found by the inspector to be sound, wholesome, and fit for human food shall be certified as provided in this part.

§ 70.25 *Reinspection of edible products.* (a) Any inspected and certified edible product may be brought into an official plant only if the container of such product is marked for identification in the manner prescribed in § 70.12 (b) (2) and the product is reinspected by an inspector at the time it is brought into such plant. Upon reinspection, if any such product or portion thereof is found to be unsound, unwholesome, or otherwise unfit for human food, such product, or portion thereof, shall be condemned and shall receive such treatment as that provided in § 70.23.

(b) Any product which is prepared under inspection in an official plant shall be inspected in such plant as often as the inspector deems it necessary in order to ascertain whether such product is sound, wholesome, and fit for human food at the time such product leaves such plant. Upon any such inspection, if any such product or portion thereof is found to be unsound, unwholesome, or otherwise unfit for human food, such product or portion thereof shall be condemned and shall receive such treatment as that provided in § 70.23.

(c) All substances and ingredients used in the manufacture or preparation of any edible product shall be clean, sound, wholesome, and fit for human food.

§ 70.26 *Edible products for canning.* Only inspected and certified edible products may be canned in an official plant; and such edible products shall be processed and handled in compliance with the following requirements:

(a) Immediate containers (whether of metal, glass, or other material) shall be cleaned thoroughly by washing in an inverted position with running water of a temperature of at least 180° F. prior to filling with edible products; and precaution shall be taken to avoid any subsequent soiling of the inner surfaces of such containers.

(b) Only perfect closure is acceptable for hermetically sealed containers; and heat processing of the products in such containers shall follow immediately after closing.

(1) Except as provided in paragraph (c) of this section, such products shall be so processed at such temperature and for such period of time as will insure preservation of the products under usual conditions of storage and transportation.

(2) Immediately after closing, and again after the containers have cooled sufficiently for handling after heat processing, careful examination shall be made by competent plant employees of all containers to ascertain whether such containers are perfectly sealed. The edible products in such containers as are defectively closed or sealed shall, as promptly as practicable, be filled into other containers, hermetically sealed, and heat processed unless the containers are promptly placed in a cooler at a temperature not exceeding 36° F. under conditions that will promptly and effectively chill them. Such chilled containers of products shall be opened and the contents removed and reprocessed immediately after removal from the cooler: *Provided*, That if such containers remained in the cooler for a period of 24 hours or longer, the contents shall be inspected by an inspector prior to the reprocessing thereof. Failure to comply with the provisions of this paragraph shall subject the edible products to condemnation.

(c) After heat processing, and after the containers have cooled sufficiently for handling, the containers shall be examined by competent plant employees and shall not be passed unless showing the external characteristics of sound containers, that is, there is no bulging or slack or loose tin.

(d) After heat processing, any containers of edible products showing characteristics of short vacuum or overstuffed containers shall, when an inspector deems it necessary in order to determine whether spoilage of the product has taken place, be incubated under the supervision of an inspector, after which the containers shall be opened and sound products passed for food and spoiled products condemned.

(e) Edible products may, when authorized by the national supervisor, and under such conditions as he may prescribe or approve, be canned without steam-pressure cooking, and such products shall be labeled "Perishable, keep under refrigeration."

(f) Each lot of canned edible products shall be identified, during the handling preparatory to heat processing, by tagging the baskets, cases, or containers with a tag which will change color on going through the heat processing or by other effective means which will positively prevent failure to heat process.

(g) Facilities shall be provided to incubate at least representative samples of fully processed canned edible products. The incubation shall consist of holding the samples for at least 10 days at about 98° F. The extent to which incubation tests shall be required will depend on conditions such as the efficiency of the plant in conducting canning operations, the kind of equipment used, and the degree of efficiency at which such equipment is maintained.

(1) In the event the official plant fails to provide suitable facilities for incubation of test samples of any lot of fully processed canned edible products, the inspector in charge may require holding of the entire lot under such conditions and for such period of time as will, in his discretion, be necessary to ascertain the stability of the product.

(2) The inspector in charge may, prior to completion of any required incubation of a representative sample, permit lots of fully processed canned edible products to be shipped from the official plant when he has no reason to suspect unsoundness of such products; however, such shipments shall be made under circumstances which will assure the return of the products to the plant for reinspection should such action be indicated by the incubation results.

(h) All canned products, excepting those in glass, shall be plainly and permanently marked, by code or otherwise, on the containers, with the identity of the contents and date of canning. If the marking is by code, its meaning shall be on record in the office of the inspector in charge.

§ 70.27 *Products contaminated by polluted water; procedure for handling.* (a) In the event there is polluted water (including, but not being limited to, flood water and harbor water) in an official plant, all edible products that have been contaminated by the water shall be condemned.

(b) After the polluted water has receded, all walls, ceilings, posts, and floors of the rooms and compartments involved, including the equipment therein, shall, under the supervision of an inspector, be cleansed thoroughly. An adequate supply of hot water, under pressure, is essential for effective cleansing. After cleansing, a solution of sodium hypochlorite containing approximately ½ of 1 percent of available chlorine (5,000 parts per million), or other disinfectant approved by the national supervisor, shall be applied; and all metal surfaces shall be rinsed thoroughly with water to prevent corrosion. Any such equipment that will afterwards be used in connection with any edible product shall be rinsed thoroughly with clean water before being used.

(c) Hermetically sealed containers of edible products which have been submerged in, or otherwise contaminated by, the polluted water shall be rehandled promptly under supervision of an inspector as follows:

(1) Such of the containers as are swollen or leaky or otherwise do not show the external characteristics of sound containers shall be segregated and the contents thereof condemned.

(2) Paper labels, if any, attached or affixed to the remaining containers shall be removed and the containers washed in warm soapy water; and, if necessary to remove rust and other foreign material, a brush shall be used.

(3) Thereafter, such containers shall be immersed in a solution of sodium hypochlorite containing not less than 100 parts per million of available chlorine, or other disinfectant approved specifically for this purpose by the national supervisor, and rinsed in clean fresh water and dried thoroughly. Any such containers which show extensive rusting or corrosion, such as might materially weaken the container, shall be opened under the supervision of an inspector. The edible products from such containers that are found by the inspector to be sound and wholesome shall be passed for human food.

(4) The remaining containers may be relacquered, if necessary, and then relabeled with approved labels applicable to the edible products therein.

(5) The identity of the canned edible products shall be maintained throughout all stages of the rehandling operation to insure correct labeling of the containers.

§ 70.28 *Preparation of animal food or similar uninspected articles in an official plant.* (a) When an article (including, but not being limited to, animal food) that will not be prepared for use as human food is prepared in any room or compartment in an official plant where edible products are prepared or handled (such room or compartments being herein referred to as "edible products department"), there shall be sufficient space allotted, and adequate equipment provided, so that the preparation of the article in no way interferes with the preparation or handling of the edible products. Where necessary, separate equipment shall be provided for the preparation of the article. To assure the maintenance of the requisite sanitary conditions in the edible products department, the operations incident to the preparation of the article shall be subject to the same sanitary requirements as apply to the edible products department. Preparation of the article shall be limited to those hours during which the official plant operates under the supervision of an inspector. The ingredients used in the preparation of the article shall, unless otherwise approved by the national supervisor, be such as may be used in the preparation of an edible product. The article may be stored in, and distributed from, the edible products department if the article is properly identified.

(b) When any article (including, but not being limited to, animal food) that will not be prepared for use as human food, is prepared in any part of an official plant other than an edible products department (such part of the plant being herein referred to as "inedible products department"), the area in which such article is prepared shall be distinctly separated from all edible products departments. Edible products and inedible products may be brought from any edible products department into any inedible products department, but no edible product or inedible product from an inedible products department may be brought into an edible products department except under such conditions as may be prescribed or approved by the national supervisor. Any such articles as are in sealed containers or are handled in the manner prescribed or approved by the national supervisor may be brought into an edible products department. Diseased carcasses or diseased parts of any carcass shall not be used in the preparation of any animal food. Trucks or containers used for the transportation of edible products or inedible products into an inedible products department shall be cleaned before being returned to or brought into an edible products department. Sufficient space shall be allotted and adequate equipment and facilities provided so that the preparation of the article does not interfere with the preparation of edible products in the plant or the maintenance of the requisite sanitary conditions in the official plant. The preparation of any article shall be subject to supervision by an inspector.

(c) The immediate container of any such article that is prepared in an official plant shall be conspicuously labeled so as to distinguish it from human food.

§ 70.29 *Appeal inspections; how made.* Any interested party may, if dissatisfied with any decision of an inspector relating to any inspection, file an appeal from such decision. Any such appeal from a decision of an inspector shall be made to his immediate superior having jurisdiction over the subject matter of the appeal. Review of such appeal findings, when requested, shall be made by the immediate superior of the employee of the Department making the appeal inspection.

§ 70.30 *Inspection certificates; issuance and disposition*—(a) *Issuance and disposition of dressed poultry inspection certificates.* (1) Upon the request of an interested party, any inspector is authorized to issue a dressed poultry inspection certificate with respect to any lot of dressed poultry inspected by him. Each certificate shall be signed by the inspector who made the inspection covered by the certificate, and if more than one inspector participated in the inspection of the lot of poultry, each such inspector shall sign the certificate with respect to such lot.

(2) The original of each inspection certificate, issued pursuant to this section, and not to exceed three copies thereof, shall, immediately upon issuance, be delivered or mailed to the applicant or person designated by him. One copy shall be filed in the office of the regional supervisor serving the area in which the inspection was performed, and the remaining copies to be disposed of in such manner as the Administrator may approve. Additional copies of any such certificate may be furnished to any interested party as provided in § 70.18 (f).

(b) *Food product inspection certificates; issuance and disposition.* (1) Upon the request of an interested party, any inspector is authorized to issue a food product inspection certificate with respect to any inspected and certified edible product after suitable examination of the product has been made by the inspector.

(2) The original of each food product inspection certificate, and not to exceed two copies thereof, if requested, shall, immediately upon issuance, be delivered or mailed to the applicant or person designated by him. Another copy shall be filed in the office of the regional supervisor serving the area in which such certificate was issued, and one copy shall be forwarded to the Administrator. The last named two copies shall be retained until otherwise ordered by the Administrator.

(c) *Export certificates; issuance and disposition.* (1) Upon the request of an exporter, any inspector is authorized to issue an export certificate with respect to the shipment to any foreign country of any inspected and certified edible product after suitable examination of the product has been made by the inspector.

(2) Each export certificate shall be issued in quintuplicate; the original shall be delivered to the exporter who requested such certificate; and the duplicate copy shall be delivered to the agent of the railroad or other carrier transporting such products from the United States. The triplicate copy of such export certificate shall be forwarded to the Administrator; the quadruplicate copy shall be filed in the office of the regional supervisor serving the area in which such export certificate was issued; and the memorandum copy shall be retained by the inspector for filing. The last named three copies shall be retained until otherwise ordered by the Administrator.

GRADING

§ 70.31 *General.* Grading service performed with respect to any quantity of product shall, as the case may require, be on the basis of an examination, pursuant to the regulations in this part, of each unit thereof or of each unit in the representative sample thereof drawn by a grader. Whenever the grading service is performed on a representative sample basis, such sample shall be drawn and

consist of not less than the minimum number of containers as indicated in the following table:

[Minimum number of containers comprising a representative sample]

Containers in lot:	*Containers in sample*
3 containers, or less	(1)
4 to 10, inclusive	3
11 to 20, inclusive	4
21 to 50, inclusive	7
51 to 100, inclusive	10
In excess of 100 containers	(2)

[1] All containers.

[2] Ten percent of the number of containers in the lot.

§ 70.32 *Live poultry.* Grading service performed with respect to any quantity of live poultry shall, as the case may require, be on the basis of an examination, pursuant to regulations in this part, of each unit thereof or of each unit in the representative sample thereof drawn by a grader. Such poultry may be identified with official identification on a lot basis only.

§ 70.33 *Dressed poultry and ready-to-cook poultry*—(a) *In an official plant.* Grading service performed in an official plant with respect to dressed poultry or ready-to-cook poultry shall, as the case may require, be on the basis of each individual carcass or on a representative sample basis.

(1) Only such ready-to-cook poultry which has been inspected and certified, pursuant to the regulations in this part, or has been inspected and passed by any other official inspection system which is acceptable to the Administrator, may be graded.

(2) Only such dressed poultry or ready-to-cook poultry which has been graded, on an individual carcass basis, as A Quality or B Quality may be individually identified with the appropriate grade mark, and any container of such dressed poultry or ready-to-cook poultry may also be so identified. The grading of ready-to-cook poultry shall be performed prior to the disjointing or cutting up of the respective carcass.

(3) If the dressed poultry or ready-to-cook poultry is of C Quality only the bulk container of such dressed poultry or ready-to-cook poultry may be identified with the appropriate grade mark even though the grading may have been performed on an individual carcass basis.

(b) *At terminal markets and other receiving points.* Grading service performed with respect to dressed poultry or ready-to-cook poultry at terminal markets and other receiving points may be on a representative sample basis. Only such dressed poultry which was processed in an official plant and is graded on an individual carcass basis may be individually identified with a grade mark. Only ready-to-cook poultry which was inspected and certified and is marked with the inspection mark or in accordance with the provisions of § 70.12 (b) (2) may be graded..

§ 70.34 *Basis of acceptability of other official inspection systems*—(a) *General.* Any poultry inspection system may be deemed to be acceptable to the Administrator which (1) is conducted under the authority of laws, ordinances, or similar enactments of the State, county, city, or other political subdivision in which is located the official plant at which the ready-to-cook poultry is prepared and submitted for grading service; and (2) imposes at least the requirements set forth in paragraph (b) of this section: *Provided*, That no such inspection system shall be deemed acceptable to the Administrator with respect to any official plant in which ready-to-cook poultry is prepared if he finds at any time that such requirements are not adequately enforced.

(b) *Requirements as to manner of inspection.* (1) The inspection shall be made by a State, county or city inspector who is a qualified veterinarian or under the supervision of a qualified veterinarian. All such inspectors shall be employed by the State, county, city, or other political subdivision in which the official plant is located.

(2) The inspection shall include post-mortem examination of each poultry carcass during the evisceration operation.

(3) All carcasses which show evidence of disease or any other condition which may render them unwholesome or unfit for food shall be condemned and shall be destroyed for food purposes under the supervision of an inspector. Each carcass and part thereof which has been inspected and passed or containers of carcasses or parts thereof shall bear the identifying inspection symbol of the other official inspection system and the marking devices or labels shall be in the custody of the inspector at all times.

(c) *Determining compliance with paragraph (b) of this section.* A qualified veterinary supervisor of the poultry grading service of the Administration shall investigate the manner of operation of the inspection system to determine the adequacy of the post-mortem examination and the compliance with the requirements contained in this section prior to approving the official plant for the grading of ready-to-cook poultry. This supervisor as well as any official graders who may be stationed in the official plant shall periodically observe the inspection operations in the official plant to determine whether the requirements of this section are being met. If at any time the inspector fails to enforce the requirements as set forth in the inspection system, grading service may be withdrawn from the official plant.

§ 70.35 *Certificates* — (a) *Issuance.* Each grader shall issue a grading certificate covering each product graded.

(b) *Disposition.* The original of each grading certificate, issued pursuant to this section, and not to exceed three of the copies thereof, shall, immediately upon issuance, be delivered or mailed to the applicant or person designated by him. One copy shall be filed in the office of grading which serves the area in which the grading service was performed, and the remaining copies shall be disposed of in such manner as the Administrator may approve. Additional copies of any such certificate may be furnished to any interested party as provided in § 70.18 (f).

§ 70.36 *Application for regrading of a graded product; regrading certificates*—(a) *Application for regrading of a graded product.* An application for a regrading of any previously graded product may be made at any time by any interested party, and such application shall clearly state the reasons for requesting the regrading. The provisions of the regulations relative to grading service shall apply to regrading service.

(b) *Regrading certificates.* Immediately after a regrading has been completed, a regrading certificate shall be issued showing the results of such regrading; and such certificate shall thereupon supersede, as of the time of issuance of the regrading certificate, the grading certificate previously issued for the product involved. Each regrading certificate shall clearly set forth the number and date of the grading certificate which it supersedes. The provisions of §§ 70.10 and 70.35 shall, whenever applicable, also apply to regrading certificates except that copies of such regrading certificates shall be furnished each interested party of record.

§ 70.37 *Appeal grading*—(a) *Application for appeal grading.* An application for an appeal grading may be made by any interested party who is dissatisfied with any determination stated in any grading or regrading certificate only if the indentity of the product, or representative sample thereof, on the basis of which a determination was made has not been lost, and such application for the appeal grading is made within two days following the day on which the grading was performed. Upon approval by the Administrator, the time within which an application for an appeal grading may be made may be extended.

(b) *How to obtain appeal grading.* Appeal grading may be obtained by filing a request therefor (1) with the Administrator, (2) with the grader who issued the grading certificate with respect to which the appeal grading is requested, (3) with the immediate superior of such grader, or (4) with the officer in charge of any office of grading. The application for appeal grading shall clearly state the reasons therefor and may be accompanied by a copy of the aforesaid grading certificate or any other information the applicant may have secured regarding the product, at the time of grading, from which the appeal is requested. Such application may be made orally (in person or by telephone), in writing, or by telegraph. If made orally, written confirmation may be required.

(c) *Record of filing time.* A record showing the date and hour when each such application for appeal grading is received shall be maintained in such manner as the Administrator may prescribe.

(d) *When an application for an appeal grading may be refused.* Notwithstanding the provisions of paragraph (a) of this section, if it appears to the Administrator that the reasons for an appeal grading are frivolous or not substantial, or that the quality or condition of the products has undergone a material change since the grading from which the appeal is made, or the identical products that were examined to ascertain the grade thereof cannot be made accessible for reexamination, or the act or regulations in this part have not been complied with, the Administrator may refuse the applicant's request for the appeal grading; and such applicant shall be promptly notified of the reason for such refusal.

(e) *When an application for appeal grading may be withdrawn.* An application for appeal grading may be withdrawn by the applicant at any time before the appeal grading is made upon payment, by the applicant, of all expenses incurred by the Administration in connection with such application.

(f) *Who shall perform the appeal grading.* An appeal grading of any graded product shall be made by any grader (other than the one from whose grading the appeal is made) designated for this purpose by the Administrator; and, whenever practicable, such appeal grading shall be conducted jointly by two such graders.

(g) *Appeal grading by immediate superior.* Notwithstanding the provisions of this section, whenever the immediate superior of a grader has evidence that such grader incorrectly graded a product, such superior shall immediately make a regrading of the product.

(h) *Order of performance of appeal gradings.* Appeal gradings shall be performed, insofar as practicable, in the order in which applications therefor are received; and any such application may be given precedence pursuant to § 70.4.

(i) *Appeal grading certificates.* Immediately after an appeal grading has been completed, an appeal grading certificate shall be issued showing the results of such appeal grading. Such certificate shall thereupon supersede the grading certificate for the product involved and such supersedure shall be effective as of the time of issuance of the grading certificate with respect to which the appeal is made. Each appeal grading certificate shall clearly set forth the number and date of the grading certificate which it supersedes. The provisions of §§ 70.10 and 70.35 shall, whenever applicable, also apply to appeal grading certificates except that copies of such appeal grading certificates shall be furnished each interested party of record.

§ 70.38 *Superseded certificates.* Whenever any grading certificate is superseded in accordance with the regulations in this part such certificate shall become null and void as of the effective time of supersedure. If the original and all copies of such superseded certificate are not delivered to the person issuing the regrading certificate or appeal grading certificate, he shall notify such persons as he considers necessary to prevent fraudulent use of the superseded certificate.

SANITARY REQUIREMENTS

§ 70.39 *Minimum standards for sanitation, facilities, and operating procedures in official plants.* Except as otherwise provided herein the provisions of this section shall apply with respect to grading service and inspection service in all official plants other than with respect to the grading of live poultry. The table set forth in this section indicates some of the types of material which may be used in the construction of equipment, utensils and facilities for use in the plant.

BUILDING AND PLANT FACILITIES

(a) *Construction and repair of buildings.* The buildings shall be of sound construction and kept in good repair, and shall be of such construction as to prevent the entrance or harboring of rodents.

(1) *Outside openings.* (i) The doors, windows, skylights and other outside openings of the plant, except receiving rooms and feeding rooms shall be protected by properly fitted screens and other suitable devices, against the entrance of flies and other insects.

(ii) Outside doors, except in receiving rooms and feeding rooms shall be self-closing and so hung that not over ¼ inch clearance remains when closed. Screen doors shall open toward the outside of the building.

(b) *Rooms and compartments.* Rooms and compartments used for edible products shall be separate and distinct from inedible products departments and from rooms where live poultry is held or slaughtered. Separate rooms shall be provided when required for conducting processing operations in a sanitary manner; and all rooms shall be of sufficient size to permit the installation of the necessary equipment for processing operations and the conduct of such operations in a sanitary manner.

(1) *Separate rooms for various types of operations conducted.* The official plant should have separate rooms for each of the following operations depending upon the various types of operations conducted; but in no case shall the receiving or feeding of live poultry or killing operations be permitted in rooms in which eviscerating operations are performed:

(i) The receiving and feeding of live poultry.

(ii) Killing, scalding, and roughing operations.

(iii) Pinning, finishing, and chilling and packing operations for dressed poultry.

(iv) Evisceration operations. Final pinning of dressed poultry and chilling and packaging of edible products may be performed in this room. Openings in walls for conveyor lines are permissible.

(v) Inedible products departments.

(vi) Refuse room.

(2) *Rooms and compartments for inspection of carcasses, or parts thereof.* Rooms and compartments in which carcasses or parts thereof are held for further inspection shall be in such numbers and such locations as the needs of the inspection in the plant may require. These rooms and compartments shall be equipped with locks and keys and the keys shall not leave the custody of the inspector in charge of the plant. All such rooms and compartments shall be marked conspicuously with the word "retained" in letters not less than 2 inches high.

(3) *Coolers and freezers.* Coolers and freezers of adequate size and capacity shall be provided to reduce the internal temperature of dressed poultry and ready-to-cook poultry prepared and otherwise handled in the plant to 36° F. within 24 hours unless other cooling facilities are available.

(4) *Refuse rooms.* Refuse rooms shall be entirely separate from other rooms in the plant, shall have tight fitting doors and be properly ventilated.

(5) *Storage and supply rooms.* The storage and supply rooms shall be in good repair, kept dry, and maintained in a sanitary condition.

(6) *Boiler room.* The boiler room shall be a separate room, if necessary, to prevent its being a source of dirt and objectionable odors entering any room where dressed poultry or edible products are prepared, processed, handled, and stored.

(7) *Inspector's office.* Furnished office space, including but not being limited to light, heat, and janitor service shall be provided rent free in the official plant, for the exclusive use for official purposes of the inspector or grader and the Administration. The room or rooms set apart for this purpose must meet with the approval of the regional supervisor and be conveniently located, properly ventilated and provided with lockers or cabinets suitable for the protection and storage of supplies and with facilities suitable or inspectors and graders to change clothing.

(8) *Toilet rooms.* No toilet rooms shall open directly into any room where poultry products are exposed and each such room shall be provided with self-closing doors.

(c) *The floors, walls, ceiling, partitions, posts, doors, and other parts of all compartments shall be of such material, construction, and finish as will make them susceptible of being readily and thoroughly cleaned*—(1) *Floors.* (i) All floors, except those in receiving rooms and feeding rooms and floors which are kept dry, shall be constructed of hardened concrete, or of tile laid closely together with impervious joint material, or of other similar impervious material and kept in good repair.

(ii) The floors in killing, ice-cooling, ice-packing and eviscerating rooms shall be graded to permit run-off with no standing water and in new construction and renovated plants the pitch shall be not less than ¼ inch per foot to drains.

(2) *Ceilings and walls.* (i) Ceilings and walls in rooms and compartments where exposed edible products are processed, handled or stored shall have tiled, enameled, or other smooth surface impervious to moisture.

(ii) Cooler and freezer rooms shall have interior surfaces impervious to moisture so as to permit thorough cleaning.

(3) *Blood disposal.* (i) Adequate facilities shall be provided for the disposal of blood in a sanitary manner.

(ii) When bleeding troughs are used they shall be long enough to catch the blood during the bleeding process and shall be cleaned daily. Such troughs shall be installed so as to pitch at least ½ inch per foot toward a smooth metal

catch basin or basins, of sufficient capacity for a day's operation at peak production, or shall be flushed continuously.

(d) *There shall be an efficient drainage and plumbing system for the plant and premises*—(1) *Drains and gutters.* All drains and gutters shall be properly installed with approved traps and vents. The drainage and plumbing system must permit the quick run-off of all water from plant buildings, and surface water around the plant and on the premises; and all such water shall be disposed of in such a manner as to prevent a nuisance or health hazard.

(2) *Sewerage and plant wastes.* (i) The sewerage system shall have adequate slope and capacity to remove readily all waste from the various processing operations and to minimize, and if possible to prevent stoppage and surcharging of the system.

(ii) Catch basins which are connected with the sewerage system shall be suitably located but not near any edible products department or in any area where products are unloaded from, or loaded into, vehicles. To facilitate cleaning such basins shall have inclined bottoms and be provided with suitable covers.

(iii) Toilet soil lines shall be separate from house drainage lines to a point outside the buildings; and drainage from toilet bowls and urinals shall not be discharged into a grease catch basin.

(iv) All floor drains shall be equipped with traps, constructed so as to minimize clogging; and the plumbing shall be installed so as to prevent sewage from backing up and from flooding the floor.

(v) Floor drainage lines should be of metal and at least 4 inches in diameter and open into main drains of at least 8 inches in diameter and shall be properly vented to the outside air.

(vi) Where refrigerators are equipped with drains, such drains should be properly trapped and should discharge through an air gap into the sewer system. All new installations, and all replacements, of refrigerators equipped with drains shall meet these requirements.

(e) *The water supply shall be ample, clean, and potable with adequate facilities for its distribution in the plant, and its protection against contamination and pollution.* (1) Hot water at a temperature not less than 180° F. shall be available for sanitation purposes.

(2) Hose connections with steam and water mixing valves or hot water hose connections shall be provided at convenient locations throughout the plant for cleaning purposes.

(3) The refuse rooms shall be provided with a hot water supply and adequate facilities for washing refuse cans and other equipment in the rooms; and the rooms, cans, and equipment shall be cleaned after each day's use.

(f) *Modern lavatory accommodations, and properly located facilities for cleaning utensils and hands shall be provided.* (1) Adequate lavatory and toilet accommodations, including, but not being limited to, running hot water and cold water, soap, and towels, shall be provided. Such accommodations shall be in or near toilet and locker rooms and also at such other places in the plant as may be essential to the cleanliness of all personnel handling products.

(2) Sufficient metal containers shall be provided for used towels and other wastes.

(3) The water supply in all hand washing facilities shall be operated by foot pedal or knee control or shall be of a continuous-flow type.

(4) Durable signs shall be posted conspicuously in each toilet room and locker room directing employees to wash their hands before returning to work.

(5) Toilet facilities shall be provided according to the following formula.

Persons of same sex:	*Toilet bowls required*
1 to 15, inclusive	1
16 to 35, inclusive	2
36 to 55, inclusive	[1] 3
56 to 80, inclusive	[1] 4
For each additional 30 persons in excess of 80	[1] 1

[1] Urinals may be substituted for toilet bowls but only to the extent of ⅓ of the total number of bowls stated.

(g) *Lighting and ventilation.* There shall be ample light, either natural or artificial or both, of good quality and well distributed, and sufficient ventilation for all rooms and compartments to insure sanitary conditions.

(1) All rooms in which poultry is killed, eviscerated, or otherwise processed shall have at least 10 foot candles of light intensity on all working surfaces except that at the grading and inspection stations such light intensity shall be of 50 foot candles. In all other rooms there shall be provided at least 4 foot candles of light intensity when measured at a distance of 30 inches from the floor.

(2) All rooms shall be adequately ventilated to eliminate objectionable odors and minimize moisture condensation.

EQUIPMENT AND UTENSILS

(h) *Equipment and utensils used for the preparation, processing, or otherwise handling any product in the plant shall be suitable for the purpose intended and shall be of such material and construction as will facilitate their thorough cleaning and insure cleanliness in the preparation and handling of products*—(1) *Material.* Insofar as it is practical, equipment and utensils shall be made of metal or other impervious material. Trucks and receptacles used for handling inedible products shall be of similar construction and shall be conspicuously and distinctly marked and shall not be used for handling any edible products.

(2) *Batteries.* Batteries should be constructed entirely of metal and have metal dropping pans so as to permit proper and complete washing and cleaning. Batteries that are not made entirely of metal shall be replaced with metal batteries whenever replacement becomes necessary.

(3) *Metal refuse containers.* Metal refuse containers with covers shall be provided; and such containers shall be kept covered.

(4) *Scalding equipment.* (i) Scalding equipment, tank or spray type, shall be made of metal and have smooth surfaces, and be of such construction as to permit proper and complete washing and cleaning.

(ii) The scalding tanks, when used, shall be so constructed (including, but not being limited to, the use of a back flow preventer) as to permit water to enter continuously at the rate of ¼ gallon per bird per minute and to flow out through an overflow near the top.

(iii) The overflow outlets in scalding equipment shall be of sufficient size to permit feathers and water to be carried off.

(iv) The overflow, draw-off valves, and sediment basin drain shall discharge into a floor or valley drain.

(5) *Mechanical pickers.* When necessary, safety guards shall be installed around moving machine parts of mechanical pickers, and such guards shall be of such construction as not to be difficult or laborious to remove or to keep clean. Sheet metal or metal grills fastened down with sufficient bolts and wing nuts are preferable.

(6) *Wax finishing.* When wax dipping is used, metal troughs shall be provided to catch the wax removed from the dipped poultry. Acceptable facilities and methods shall be employed in reclaiming the wax.

(7) *Ice chilling vats.* (i) Chilling vats or tanks used for chilling dressed poultry should be, and all replacements thereof and all chilling vats or tanks used for chilling ready-to-cook poultry shall be, made of metal or other hard-surfaced impervious material.

(ii) Ice shovels shall be smooth surfaced and made of metal.

(8) *Grading and packing bins.* Where grading bins are used for dressed poultry, they shall be of sufficient number and capacity to handle the grading adequately without the use of makeshift bins; and all dressed poultry shall be kept off the floor. Grading bins may be made of metal or enameled wood and shall be constructed and maintained in such a manner as to allow easy and thorough cleaning. All replacements of such bins shall, however, be of metal.

(9) All equipment and utensils used in the killing, roughing, pinning, chilling and packing rooms shall be of metal or other impervious material and constructed so as to permit proper and complete cleaning.

(10) *Conveyors.* (i) Conveyors used in the preparation of ready-to-cook poultry shall be of metal and of such construction as to permit thorough and ready cleaning and easy identification of viscera with its carcass and so designed as will present each carcass or all parts thereof in a way that will permit adequate and efficient inspection.

(ii) Overhead conveyors shall be so constructed and maintained that they will not allow grease, oil, or dirt to accumulate on the drop chain or shackle which shall be of non-corrosive metal.

(iii) Non-metallic belt-type conveyors used in moving edible products shall be of water-proof composition.

(iv) When individual trays or other acceptable equipment are not used during eviscerating operations, each carcass shall be suspended and a metal trough shall be provided beneath the conveyor to extend from the point where the carcass is opened to the point where the viscera has been completely removed, and such troughs shall be flushed continuously by a water spray.

(11) Inspection, eviscerating, and cutting tables shall be made of metal and have coved corners and be so constructed and placed to permit thorough cleaning.

(12) In plants where no conveyors are used, each carcass shall be eviscerated in an individual metal tray of seamless construction.

(13) Water spray washing equipment with sufficient water pressure to thoroughly and efficiently wash carcasses shall be used for washing carcasses inside and out.

(14) Watertight metal receptacles shall be used for entrails and other waste resulting from preparation of eviscerated poultry.

(15) Watertight trucks and receptacles for holding or handling diseased carcasses and diseased parts of carcasses shall be so constructed as to be readily and thoroughly cleaned; such trucks and receptacles shall be marked in a conspicuous manner with the word "condemned" in letters not less than 2 inches high and, when required by the inspector in charge, shall be equipped with facilities for locking and sealing.

(16) Freezing rooms shall be adequately equipped to freeze ready-to-cook poultry solid in less than 60 hours. Freezing rooms shall be equipped with floor racks or pallets and fans to insure air circulation.

(17) Cooling racks should be made of metal and be readily accessible for thorough washing and cleaning. All replacements of cooling racks shall be made of metal.

(18) Trucks and receptacles in which carcasses or parts thereof are held for further inspection shall be in such numbers and in such locations as the needs of the inspection in the plant may require. They shall be equipped for locking by means of lock and key and the key shall not leave the custody of the inspector in charge of the plant. Such trucks and receptacles shall be marked conspicuously with the word "retained" in letters not less than 2 inches high.

(i) *All equipment shall be so placed as to be readily accessible for all processing and cleaning operations*—(1) *Mechanical pickers.* When used in the plant, mechanical pickers shall be so installed as to be accessible for thorough cleaning and removal of the accumulation of feathers.

(j) *Equipment and utensils used in official plant.* Equipment and utensils used in the official plant shall not be used outside the official plant except under such conditions as may be prescribed or approved by the national supervisor, and equipment used in the preparation of any article (including, but not being limited to animal, food), from inedible material shall not be used outside of the inedible products department except under such conditions as may be prescribed or approved by the national supervisor.

MAINTENANCE OF SANITARY CONDITIONS AND PRECAUTIONS AGAINST CONTAMINATION OF PRODUCTS

(k) *The premises shall be kept free from refuse, waste materials, and all other sources of objectionable odors.*

(l) *Rooms, compartments, or other parts of the official plant in which products are handled and kept shall be kept clean and in sanitary condition.* (1) All feathers, blood, offal, birds or parts of birds too severely damaged to be salvaged, and all discarded containers and other materials shall be completely disposed of daily.

(2) All windows, doors, and light fixtures in the official plant shall be kept clean.

(3) All docks and rooms shall be kept clean and free from debris and unused equipment and utensils.

(4) Live poultry receiving docks and receiving rooms shall be of such construction as readily to permit their thorough cleaning.

(5) Floors in feeding rooms shall be thoroughly cleaned and with such regularity as may be necessary to maintain them in a sanitary condition.

(6) The killing, roughing, and pinning room shall be kept clean and free from offensive odors at all times.

(7) The walls, floors, and all equipment and utensils used in the killing, roughing and pinning room shall be thoroughly cleaned after each day's operation.

(8) The floors in the killing, roughing, and pinning room shall be cleaned frequently during roughing and finishing operations and be kept reasonably free from accumulated blood, feathers, manure, water, and dirt.

(9) All equipment in the toilet room and locker room, as well as the room itself, shall be kept clean, sanitary, and in good repair.

(10) Cooler and freezer rooms shall be free from objectionable odors of any kind and shall be maintained in a sanitary condition (including, but not being limited to, the prevention of drippings from refrigerating coils onto products).

(m) *Equipment and utensils used for preparing or otherwise handling any product shall be kept clean and in a sanitary condition and in good repair.* (1) Batteries and dropping pans shall be cleaned regularly and the manure removed from the plant daily.

(2) The feed mixer shall be cleaned daily.

(3) Scalding tanks shall be completely emptied and thoroughly cleaned as often as may be necessary but not less frequently than once a day.

(4) Ice shovels shall be kept clean, free of corrosion, and shall be stored off the floor.

(5) All equipment and utensils used in the killing, roughing, and pinning rooms shall be thoroughly washed and cleaned after each day's operation. The chilling and packing room and equipment and utensils used therein shall be maintained in a clean and sanitary condition.

(6) Graders' and packers' gloves and grading bins shall be washed daily and used only for grading or packing, as the case may be.

(7) Chilling vats or tanks, if practicable, shall be emptied after each use. They shall be thoroughly cleaned once daily, and after each cleaning operation they shall be sanitized with such compounds or by such methods as may be approved or prescribed by the Administrator.

(8) Thawing: When frozen or chilled poultry is to be eviscerated, adequate tanks or vats shall be provided with running tap water or air-circulated water for thawing such poultry. Such poultry shall not be thawed in still water and the water used for thawing shall be changed after each lot of poultry is thawed. If water is heated it shall not be heated above 70° F. The tanks or vats shall be equipped with properly installed overflow pipes to discharge the water over floor drains or a valley drain. Where mechanical devices are not used for removing thawed carcasses from the tanks or vats, the tanks or vats, as the case may be, shall be of such size as to enable employees to remove poultry without getting inside the tanks or vats.

(9) When synchronized overhead conveyors and tray conveyors are used, the trays shall be completely washed and sanitized after being automatically emptied of inedible viscera.

(10) When a conveyor tray operation is used, such trays shall be of metal of seamless construction and shall be completely washed and sanitized after each use.

(11) Tables, shelves, bins, trays, pans, knives, and all other tools and equipment used in the preparation of eviscerated or ready-to-cook poultry shall be kept clean and sanitary at all times. Cleaned equipment and utensils shall be drained on racks and shall not be nested.

(12) Drums, cans, tanks, vats, and other receptacles used to hold or transport dressed poultry, or eviscerated poultry, shall be kept in a clean and sanitary condition.

(n) *Operations and procedures involving the preparation, storing, or handling of any product shall be strictly in accord with clean and sanitary methods.* (1) There shall be no handling or storing of materials which create an objectionable condition in rooms, compartments, or other places in the plant where any product is prepared, stored, or otherwise handled.

(2) The pinning and finishing operations shall be performed in a part of the room that is away from the killing and roughing operations.

(3) Blood from the killing operation shall be confined to a relatively small area and kept from being splashed about the room.

(4) In finishing and cleaning dressed poultry, feed shall be removed from the crop and the fecal material in the cloaca shall be removed by venting and such operations shall be completed prior to the final washing, chilling, and packaging of dressed poultry.

(5) The head of each dressed poultry carcass shall be washed thoroughly to

remove feed from the mouth and blood from the head and mouth.

(6) In the final washing, the carcass shall be passed through a system of sprays providing an abundant supply of fresh clean water either under pressure or scrubbing action.

(7) Grading and packaging: Dressed poultry may be graded and packaged in the killing, roughing, pinning, chilling, and packing room; however, such poultry shall be graded and packed in an area of the room which is well isolated from the killing and roughing operation.

(8) The floors in the eviscerating room shall be kept clean and reasonably dry during eviscerating operations and free of all refuse.

(9) Conveyors shall be operated at such speeds as will permit a sanitary eviscerating operation and will permit adequate inspection for condition and wholesomeness.

(10) Mechanized packaging equipment shall be maintained in good sanitary condition.

(11) All offal resulting from the eviscerating operation shall be removed as often as necessary to prevent the development of a nuisance.

(12) Paper and other material used for lining barrels or other containers in which products are packaged shall be of such kinds as do not tear readily during use, but remain intact when moistened by the product.

(13) Protective coverings shall be used for the product, as it is distributed from the plant, as will afford adequate protection for the product against contamination by any foreign substance (including, but not being limited to, dust, dirt, and insects), considering the means intended to be employed in transporting the product from the plant.

(14) Refuse may be moved directly to loading docks only for prompt removal.

(15) Cleanliness and hygiene of personnel: (i) All employees coming in contact with exposed edible products or edible products handling equipment shall wear clean garments and shall keep their hands clean at all times while thus engaged.

(ii) Hands of employees handling dressed poultry or edible products or edible products handling equipment shall be free of infected cuts, boils, and open sores at all times while thus engaged.

(iii) Every person after each use of toilet or change of garments shall wash his hands thoroughly before returning to duties that require the handling of dressed poultry or edible products, or containers therefor, or edible products handling equipment.

(iv) Neither smoking nor chewing of tobacco shall be permitted in any room where exposed edible products are prepared, processed, or otherwise handled.

(o) *Temperatures and procedures necessary for cooling and freezing of poultry.* Temperatures and procedures which are necessary for cooling and freezing of poultry in accordance with sound commercial practice shall be maintained in the coolers and freezers, and ice chilling temperatures and procedures shall also be in accordance with sound commercial practice.

(1) *Ice chilling.* (i) Only ice manufactured or produced from potable water may be used for ice chilling. The ice shall be handled and stored in a sanitary manner. If of block-type, the ice shall be washed by spraying with clean water before crushing. Metal ice crushers shall be washed at least once daily.

(ii) Enough clean crushed ice shall be used to maintain a temperature in vats or tanks under 40° F. at all times during chilling. Any dressed poultry carcass weighing less than 8 pounds shall not be permitted to remain in a chilling vat or tank for longer than six hours unless the water is drained. Any dressed poultry carcass weighing 8 pounds or more shall not be permitted to remain in a chilling vat or tank for longer than eight hours unless the water is drained. Any such poultry carcass, however, shall not be allowed to remain in a chilling vat or tank after the internal temperature of the carcass has been lowered to 36° F. unless the water is drained.

(2) *Air chilling.* In air chilling, dressed poultry shall be passed through a spray of clean water immediately following the removal of the feathers, and then hung on racks. Thereupon the racks of dressed poultry shall be placed in a refrigerated room with moderate air movements and a temperature which will reduce the internal temperature of the carcass to from 36° F. to 40° F., both inclusive, within 24 hours.

(3) *Freezing.* (i) When dressed poultry is packaged in bulk or shipping containers, the carcasses should be individually wrapped or packaged in water-vapor resistant cartons or the containers should be lined with heavy water-vapor resistant paper so as to assure adequate overlapping of the lining to completely surround the carcasses and to permit unsealed closure or sealing in such a manner that water-vapor loss from the product is considerably retarded or prevented. The dressed poultry should receive an initial rapid freezing under such packaging, temperature, air circulation, and stacking conditions which will result in freezing the carcasses solid in less than 60 hours. Any carcass weighing less than 8 pounds should freeze solid in from 30 to 40 hours, whereas a carcass weighing more than 8 pounds should freeze solid in from 48 to 60 hours. (The approximate highest temperatures which will attain this result under average to most favorable conditions, are −10° F. with circulated air and −20° F. with still air; however, freezing temperatures of −20° F. to −40° F. are desirable.)

(ii) Frozen dressed poultry should be stored at 0° F. or below, with temperatures maintained as constant as possible.

(4) Immediately after packaging, all dressed poultry and ready-to-cook poultry, other than that which is ice-packed or shipped from the plant in a refrigerated carrier, should be moved into the freezer; except, that a period not exceeding 72 hours shall be permitted for transportation and temporary holding before placing in the freezer provided such poultry is held at not above 36° F. The provisions in subparagraphs (1) and (3) of this paragraph, shall be applicable to ready-to-cook poultry.

(5) When poultry is packed in ice in barrels or other containers the barrels and containers shall be covered and shall have an adequate number of drain holes to permit water to drain out.

(p) *Precaution against flies, rats, mice, and other vermin.* Every practicable precaution shall be taken to exclude flies, rats, mice, and other vermin from the official plant.

(q) *Persons affected with communicable disease.* No person affected with any communicable disease (including, but not being limited to, tuberculosis) in a transmissible stage shall be permitted in any room or compartment where exposed or unpacked dressed poultry or edible products are prepared, processed, or otherwise handled.

(r) *Table showing types of materials.*

§ 70.40 *Authority of Administrator to amend minimum standards for sanitation, facilities, and operating procedures in official plants.* The Administrator is authorized to amend the provisions in § 70.39; and such amended provisions shall be applicable to official plants.

SUBPART B—UNITED STATES SPECIFICATIONS FOR CLASSES, STANDARDS, AND GRADES OF POULTRY AND EDIBLE PRODUCTS THEREOF

§ 70.101 *United States specifications for kinds and classes of live poultry, dressed poultry, and ready-to-cook poultry.* The specifications contained in this section apply to live poultry, dressed poultry, and individual carcasses of ready-to-cook poultry in determining the kind of poultry and its class. The kinds of poultry are as follows: Chickens, turkeys, ducks, geese, guineas, and pigeons.

(a) *Chickens.* For the purpose of this section, the following classes of chickens are specified:

(1) *Broiler or fryer.* A broiler or fryer is a young chicken (usually under 16 weeks of age), of either sex, that is tender-meated with soft, pliable, smooth-textured skin and flexible breastbone cartilage.

(2) *Roaster.* A roaster is a young chicken (usually under 8 months of age), of either sex, that is tender-meated with soft, pliable, smooth-textured skin and breastbone cartilage that is somewhat less flexible than that of a broiler or fryer.

(3) *Capon.* A capon is an unsexed male chicken (usually under 10 months of age) that is tender-meated with soft, pliable, smooth-textured skin.

(4) *Stag.* A stag is a male chicken (usually under 10 months of age) with coarse skin, somewhat toughened and darkened flesh, and considerable hardening of the breastbone cartilage. Stags show a condition of fleshing and a degree of maturity intermediate between that of a roaster and a cock or old rooster.

(5) *Hen or stewing chicken or fowl.* A hen or stewing chicken or fowl is a mature female chicken (usually more than 10 months old) with meat less tender than that of a roaster, and nonflexible breastbone.

(6) *Cock or old rooster.* A cock or old rooster is a mature male chicken with coarse skin, toughened and darkened meat, and hardened breastbone.

(b) *Turkeys.* For the purpose of this section, the following classes of turkeys are specified:

(1) *Fryer.* A fryer is a young turkey (usually under 14 weeks of age), of either sex, that is tender-meated with soft, pliable, smooth-textured skin, and flexible breastbone cartilage.

(2) *Young hen turkey.* A young hen turkey is a young female turkey (usually under 8 months of age) that is tender-meated with soft, pliable, smooth-textured skin, and breastbone cartilage that is somewhat less flexible than in a turkey fryer.

(3) *Young tom turkey.* A young tom turkey is a young male turkey (usually under 8 months of age) that is tender-meated with soft, pliable, smooth-textured skin and breastbone cartilage that is somewhat less flexible than in a turkey fryer.

(4) *Mature hen turkey or old hen turkey.* A mature hen turkey or old hen turkey is a mature female turkey (usually over 10 months of age) with toughened flesh and hardened breastbone that may have coarse or dry skin and patchy areas of surface fat.

(5) *Mature tom turkey or old tom turkey.* A mature tom turkey or old tom turkey is a mature male turkey (usually over 10 months of age) with coarse skin, toughened flesh, and hardened breastbone.

(c) *Ducks.* For the purpose of this section the following classes of ducks are specified:

(1) *Broiler duckling or fryer duckling.* A broiler duckling or fryer duckling is a young duck (usually under 8 weeks of age) of either sex, that is tender-meated and has a soft bill and soft windpipe.

(2) *Roasting duckling.* A young roasting duckling is a young duck (usually under 16 weeks of age), of either sex, that is tender-meated and has a bill that is not completely hardened and a windpipe that is easily dented.

(3) *Mature duck or old duck.* A mature duck or an old duck is a duck (usually over 6 months of age), of either sex, with toughened flesh, hardened bill, and hardened windpipe.

(d) *Geese.* For the purpose of this section, the following classes of geese are specified:

(1) *Young goose.* A young goose may be of either sex, is tender-meated, and has a windpipe that is easily dented.

(2) *Mature goose or old goose.* A mature goose or old goose may be of either sex and has toughened flesh and hardened windpipe.

(e) *Guineas.* For the purpose of this section, the following classes of guineas are specified:

(1) *Young guinea.* A young guinea may be of either sex and is tender-meated.

(2) *Mature guinea or old guinea.* A mature guinea or an old guinea may be of either sex and has toughened flesh.

(f) *Pigeons.* For the purpose of this section, the following classes of pigeons are specified:

(1) *Squab.* A squab is a young, immature pigeon of either sex, and is extra tender-meated.

(2) *Pigeon.* A pigeon is a mature pigeon of either sex, with coarse skin and toughened flesh.

§ 70.102 *United States specifications for standards of quality for live poultry on an individual bird basis—(a) General.* (1) The United States specifications for standards of quality for individual live birds contained in this section are applicable only to poultry of the kinds and classes set forth in § 70.101.

(2) Birds showing evidence of any disease or other condition which may render then unwholesome or unfit for human food shall not be included in any of the quality designations specified in this section.

(3) The following factors are considered in ascertaining the quality of an individual bird: (i) Health and vigor; (ii) feathering; (iii) conformation; (iv) fleshing; (v) fat covering; and (vi) the degree of freedom from defects.

(b) *Standards of quality—(1) A Quality or No. 1 Quality.* To be of A Quality or No. 1 Quality the live bird:

(i) Is alert, has bright eyes, and is of good health and vigor.

(ii) Is well feathered, with feathers showing luster or sheen and quite thoroughly covering all parts of the body; however, there may be a slight scattering of pinfeathers.

(iii) Is of normal physical conformation except that it may have a slightly curved breastbone or other slight abnormality in the shape of the breastbone which does not interfere with the normal distribution of the flesh. The bird may also have a slightly curved back. There may be a dent in the breastbone which does not exceed ⅛ inch in depth except that for turkeys the depth does not exceed ¼ inch.

(iv) Has a well developed, moderately broad and long breast that is well-fleshed throughout its entire length; and the thighs and back are well covered with flesh according to the age and sex of the bird.

(v) Has the breast, back, hips, and pin bones well covered with fat, except that a fryer (whether chicken or turkey) and a young tom turkey may have only a moderate amount of fat covering these parts, and a hen, stewing chicken, or fowl does not have excessive abdominal fat.

(vi) Is free from tears and broken bones; however, it may have slight scratches, slight skin bruises, and slight callouses (i. e., slightly thickened, hardened, and darkened areas of skin over the breastbone), if these conditions do not materially affect the appearance of the bird, especially the breast. It may also have slightly scaly shanks.

(2) *B Quality or No. 2 Quality.* To be of B Quality or No. 2 Quality the live bird:

(i) Is of good health and vigor.

(ii) Is fairly well feathered (i. e., some feathers may be lacking on some parts of the body); however, there may be a moderate number of pinfeathers.

(iii) Is of normal physical conformation except that it may have a slightly crooked breastbone which does not seriously interfere with the normal distribution of the flesh. It may also have a moderately crooked back and slightly misshapen legs and wings.

(iv) Is fairly well fleshed in relation to length and depth of body, with all parts fairly well covered with flesh according to the age and sex of the bird.

(v) Has sufficient coverage of fat on breast and legs to prevent a distinct appearance of the flesh through the skin; however, a hen, stewing chicken, or fowl may have excessive abdominal fat.

(vi) Is free from tears, broken bones, severe breast blisters, heavy callouses (i. e., thickened, hardened, and darkened areas of skin over the breastbone) and seriously scaly shanks; however, it may have moderate skin bruises and slight flesh bruises.

(3) *C Quality or No. 3 Quality.* A live bird that does not meet the requirements of B Quality or No. 2 Quality may be of C Quality or No. 3 Quality and such bird may:

(i) Be lacking in vigor.

(ii) Have a large number of pinfeathers over all parts of its body and complete lack of plumage feathers on the back.

(iii) Have definite deformities (including, but not being limited to, a crooked breastbone, hunchback, and slight crippling).

(iv) Have a poorly developed, narrow breast and thin covering of flesh over all parts of its body.

(v) Have only a small amount of fat in the feather tracts and is completely lacking in fat on back and thighs; and

(vi) Have skin bruises, small or moderate flesh bruises, and severe breast blisters; however, it has no broken bones.

The term "Reject" is not a standard of quality within the purview of this section; however, such term may be used

with respect to an individual live bird to indicate that it is affected by, or shows evidence of, any disease or condition (including, but not being limited to, large flesh bruises, severe discolorations, severe injury, and emaciation) which may render the bird unfit for human food.

§ 70.103 *United States specifications for standards of grades for live poultry*—(a) *General.* (1) The United States specifications for standards of grades for live poultry contained in this section are applicable to live poultry of the kinds and classes set forth in § 70.101 and are based upon United States specifications for standards of quality as set forth in § 70.102.

(2) Birds showing evidence of any disease or other condition which may render them unwholesome or unfit for human food shall not be included in any of the grade designations specified in this section.

(3) All terms in the United States specifications for standards of quality, as set forth in § 70.102, shall, when used in this section, have the same meaning as when used in the specifications.

(b) *Specifications for grades*—(1) *U. S. Grade A or U. S. No. 1.* Any lot of live poultry may be designated as U. S. Grade A or U. S. No. 1 if at least 90 percent, by count, of the birds are of A Quality or No. 1 Quality and the remainder are of B Quality or No. 2 Quality. When more than one container comprises the lot, no container shall have more birds of B Quality or No. 2 Quality than that specified in the following table:

[When lot consists of more than 1 container]

Grade	Number of birds in container	Maximum number of B quality or No. 2 quality birds
U. S. Grade A or U. S. No. 1.	Less than 10	1 bird.
	10 to 15, inclusive	2 birds.
	16 to 20, inclusive	3 birds.
	21 to 25, inclusive	4 birds.
	26 or more	5 birds.

(2) *U. S. Grade B or U. S. No. 2.* Any lot of live poultry may be designated as U. S. Grade B or U. S. No. 2 if at least 90 percent, by count, of the birds are of B Quality or No. 2 Quality, or better, and the remainder are of C Quality, or No. 3 Quality. When more than one container comprises the lot, no container shall have more birds of C Quality or No. 3 Quality than that specified in the following table:

[When lot consists of more than 1 container]

Grade	Number of birds in container	Maximum number of quality or No. 3 quality birds
U. S. Grade B or U. S. No. 2.	Less than 10	1 bird.
	10 to 15, inclusive	2 birds.
	16 to 20, inclusive	3 birds.
	21 to 25, inclusive	4 birds.
	26 or more	5 birds.

(3) *U. S. Grade C or U. S. No. 3.* Any lot of live poultry may be designated as U. S. Grade C or U. S. No. 3 if it consists of birds of not less than C quality or No. 3 Quality.

The term "No Grade" is not a grade within the meaning of this section. Such term may be applied to any lot of live poultry if such lot contains any birds of less than C Quality or No. 3 Quality or has not been graded in accordance with this section.

§ 70.104 *United States specifications for standards of quality for individual carcasses of dressed poultry and ready-to-cook poultry*—(a) *General.* (1) The United States specifications for standards of quality contained in this section are applicable to individual carcasses of dressed poultry and ready-to-cook poultry of the kinds and classes set forth in § 70.101.

(2) Carcasses found to be unsound, unwholesome, or unfit for food shall not be included in any of the quality designations specified in this section. If the carcass is dressed poultry, determination of unsoundness or unwholesomeness will be based on external characteristics only.

(3) The quality designations specified in this section may not be made applicable to dressed poultry that is not free from the following conditions: Dirty head; bloody head; dirty carcass; bloody carcass; dirty vent; dirty feet; fan feathers on the wing tips; garter feathers around the hock joints; neck feathers; and, if the crop is not removed, feed in the crop.

(4) The A Quality designation may not be made applicable to any poultry carcass if the poultry was wet picked in such a manner that the skin has been damaged by extended immersion in, or high temperature of, the water which resulted in immediate discoloration or may result in later objectionable discoloration.

(5) The following factors are considered in ascertaining, pursuant to this section, the quality of an individual carcass: (i) Conformation; (ii) fleshing; (iii) fat covering; (iv) the degree of freedom from pinfeathers and vestigial feathers (i. e., hair or down, as the case may be); (v) the degree of freedom from tears, cuts (including, but not being limited to, any cut for the removal of the crop), disjointed bones, and broken bones; (vi) the degree of freedom from discolorations of the skin and of the flesh and of blemishes and bruises of the skin and flesh; and (vii) the degree of freedom from freezer burn.

(6) In addition to the respective requirements specified in this section for A Quality, B Quality, and C Quality, the intensity, aggregate area involved, and locations of all (i) discolorations (whether or not caused by dressing operations), (ii) bruises, (iii) pinfeathers, and (iv) freezer burn, as such combination of defects detracts from the general appearance of the carcass, will also be considered in determining the particular quality of an individual carcass.

(b) *Standards of quality*—(1) *A Quality.* To be of A Quality the carcass:

(i) Is of normal physical conformation except that it may have a slightly curved breastbone or other slight abnormality in the shape of the breastbone which does not interfere with the normal distribution of the flesh. The carcass may also have a very slightly curved back. There may be a dent in the breastbone which does not exceed ⅛ inch in depth except that for turkeys the depth does not exceed ¼ inch.

(ii) Has a well-developed, moderately broad and long breast, well-fleshed throughout its entire length, with the flesh carrying sufficiently well up to the crest of the breastbone so that the breastbone is not prominent; and, with respect to young tom turkeys, there may be a slight thickening and slight pouchiness of the skin on the forepart of the breast. The legs are well covered with flesh.

(iii) Has the breast, back, hips, and pin bones well covered with fat except that chicken broilers or fryers, turkey fryers, and young tom turkeys may have only a moderate amount of fat covering these parts, but a hen, stewing chicken, or fowl does not have excessive abdominal fat.

(iv) Is practically free from pinfeathers, especially on the breast, and is free from vestigial feathers (i. e., hair or down, as the case may be) if the carcass is dressed poultry. If the carcass is ready-to-cook poultry, it is free from protruding pinfeathers, practically free from nonprotruding pinfeathers, especially on the breast, and free from vestigial feathers.

(v) Is free from skin tears and cuts on the breast and legs; however, elsewhere on the carcass there may be tears and cuts (exclusive of the cuts usually made to remove the neck and viscera in the production of eviscerated poultry) the aggregate length of which does not exceed 1½ inches except that, with respect to any turkey carcass or goose carcass, such aggregate length does not exceed 3 inches. There are no sewn tears or cuts. The carcass has no disjointed bones or broken bones except that it may have one disjointed bone in either a leg or wing but only if there is no evidence of a related bruise or blood clot; and, if the carcass is of a chicken broiler or fryer, it may have one nonprotruding broken bone in a wing in addition to such disjointed bone but only if there is no evidence of a related bruise or blood clot. The wing tips may have been removed.

(vi) Is free from bruises and discolorations of the flesh on the breast and legs; however, elsewhere on the carcass there may be bruises and discolorations of the flesh showing not more than a slightly reddened color the aggregate area of which does not exceed the area of a circle ½ inch in diameter, except that, with respect to any turkey or goose carcass, such aggregate area does not exceed the area of a circle 1 inch in diameter. The carcass is free from skin bruises, on the breast and legs, the aggregate area of which exceeds the area of a circle ½ inch in diameter, and from skin bruises, elsewhere on the carcass, the aggregate area of which exceeds the area of a circle ¾ inch in diameter. With respect to any turkey or goose carcass, such aggregate area on the breast and legs does not exceed the area of a circle ¾ inch in diameter; and elsewhere on the carcass such aggregate area does not exceed the area of a circle 1½ inches in diameter. Notwithstanding the foregoing, the total aggregate area, on the breast and legs, of all such

flesh bruises, skin bruises, and all other discolorations and blemishes of the skin, is not in excess of the area of a circle 1 inch in diameter; and elsewhere on the carcass such total aggregate area is not in excess of the area of a circle 1½ inches in diameter. Furthermore, with respect to any turkey or goose carcass, such total aggregate area on the breast and legs is not in excess of the area of a circle 2 inches in diameter; and elsewhere on the carcass such total aggregate area is not in excess of the area of a circle 3 inches in diameter. The skin may show only slight reddening in the feather follicles on the neck, near the head, and on the wings because of improper bleeding.

(vii) Shows only slight freezer burn, or evidence thereof (i. e., a few pockmarks, or evidence thereof, none of which exceeds the area of a circle ⅛ inch in diameter).

(2) *B Quality.* To be of B Quality the carcass:

(i) Is of at least practically normal physical conformation except that it may have a dented, curved, and slightly crooked breastbone which does not seriously interfere with the normal distribution of the flesh. The carcass may also have a moderately crooked back or misshapen legs or misshapen wings.

(ii) Is sufficiently well-fleshed on the breast and legs so as to prevent a thin appearance and a prominent breastbone; however, a young tom turkey may have a pouchy, thick, and somewhat flabby skin on the forepart of the breast.

(iii) Has a sufficient coverage of fat on the breast and legs to prevent a distinct appearance of the flesh through the skin.

(iv) Has not more than a slight scattering of pinfeathers over the entire carcass with only relatively few on the breast and is free from vestigial feathers (i. e., hair or down, as the case may be) if the carcass is dressed poultry. If the carcass is ready-to-cook poultry, it is free from protruding pinfeathers and vestigial feathers but may have not more than a few scattered, nonprotruding pinfeathers.

(v) Is free from tears and cuts, on the breast and legs, the aggregate length of which exceeds 1½ inches; however, elsewhere on the carcass there may be tears and cuts (exclusive of the cuts usually made to remove the neck and viscera in the production of eviscerated poultry), the aggregate length of which does not exceed 3 inches except that, with respect to any turkey or goose carcass, such aggregate lengths do not exceed 3 inches on the breast and legs and 6 inches elsewhere on the carcass. There are no sewn tears or cuts. The carcass may have not more than a total of 2 disjointed bones in either the legs or wings, or both, but only if there is no evidence of a related bruise or blood clot, and, in addition, 1 broken bone in a leg or wing, but only if it is nonprotruding and does not show an excessive related bruise or blood clot. The wing tips may have been removed.

(vi) Is free from bruises and discolorations, of the flesh on the breast and legs, showing not more than a slightly darkened color and which in the aggregate is in excess of the area of a circle ½ inch in diameter; however, elsewhere on the carcass there may be bruises and discolorations of the flesh the aggregate area of which does not exceed the area of a circle 1½ inches in diameter, except that, with respect to any turkey or goose carcass, such aggregate area on the breast and legs does not exceed the area of a circle 1 inch in diameter, and, elsewhere on the carcass, it does not exceed the area of a circle 3 inches in diameter. The carcass is free from skin bruises, on the breast and legs, the aggregate area of which exceeds the area of a circle ¾ inch in diameter, and from skin bruises, elsewhere on the carcass, the aggregate area of which exceeds the area of a circle 1½ inches in diameter. With respect to any turkey or goose carcass, such aggregate area on the breast and legs does not exceed the area of a circle 1½ inches in diameter, and, elsewhere on the carcass, such aggregate area does not exceed the area of a circle 3 inches in diameter. Notwithstanding the foregoing, the total aggregate area on the breast and legs of all such flesh bruises, skin bruises, and all other discolorations and blemishes of the skin is not in excess of the area of a circle 1½ inches in diameter; and elsewhere on the carcass such total aggregate area is not in excess of the area of a circle 3 inches in diameter. Furthermore, with respect to any turkey or goose carcass; such total aggregate area on the breast and legs is not in excess of the area of a circle 3 inches in diameter; and elsewhere on the carcass such total aggregate area is not in excess of the area of a circle 6 inches in diameter. The skin may show not more than moderate reddening in the feather follicles on the neck, near the head, and on the wings and thighs because of improper bleeding.

(vii) Shows no more than moderate freezer burn, or evidence thereof, on any part of the carcass and no dried area in excess of the area of a circle ½ inch in diameter.

(3) *C Quality.* A carcass that does not meet the requirements of B Quality may be of C Quality and such carcass may:

(i) Be of abnormal physical conformation (i. e., possess serious abnormal physical conditions, including, but not being limited to, a crooked back and crooked breastbone) if it is fairly well fleshed.

(ii) Be poorly fleshed and a young tom turkey may have a thick, coarse skin and extended breast that is pouchy or flabby.

(iii) Be lacking in fat covering, over all parts of the carcass.

(iv) Have numerous pinfeathers and vestigial feathers (i e., hair or down, as the case may be) scattered over the entire carcass if the carcass is dressed poultry; if ready-to-cook poultry, the carcass is free from protruding pinfeathers and vestigial feathers, but may have nonprotruding pinfeathers that do not seriously detract from the appearance of the carcass.

(v) Have torn skin, disjointed bones, and broken bones but only if there is no evidence of a related severe bruise or blood clot. There are no sewn tears or cuts. Wing tips may have been removed.

(vi) Have numerous and large discolored areas or blemishes of the skin which may be accompanied by some reddening and darkening of the flesh beneath, if such discolored areas and blemishes do not render any part of the carcass unfit for food.

(vii) Show more than moderate freezer burn or evidence thereof (including, but not being limited to, numerous pockmarks or large dried areas) on any part of the carcass.

§ 70.105 *United States specifications for standards of grades for dressed poultry and ready-to-cook poultry*—(a) *General.* (1) The United States specifications for standards of grades for dressed poultry and ready-to-cook poultry are applicable to dressed poultry and ready-to-cook poultry of the kinds and classes as set forth in § 70.101 when individual carcasses are not separately identified and are based upon the United States specifications for standards of quality set forth in § 70.104 except the provisions in subparagraph (3) of this paragraph.

(2) When any lot of dressed poultry is graded on the basis of an examination of each carcass in a representative sample thereof, any carcass that would be of A Quality if it did not possess any of the following conditions shall, for the purpose of this section, be considered as being of B Quality; dirty or bloody head or carcass, dirty feet or vent, fan feathers or neck feathers or garter feathers, or feed in the crop. Any carcass that would be of B Quality or C Quality if it did not possess any of the foregoing conditions shall, for the purpose of this section, be considered as being of C Quality.

(3) All terms in the United States specifications for standards for quality set forth in § 70.104 shall, when used in this section, have the same meaning as when used in the specifications.

(4) The suggested weight specifications for dressed poultry and ready-to-cook poultry contained in paragraph (c) of this section are not incorporated in the standards of grades for dressed poultry and ready-to-cook poultry since weight, as such, is not a factor of grade for the purpose of the standards in this section. It is recommended, however, that each container of dressed poultry and ready-to-cook poultry contain carcasses of the weights specified in paragraph (c) of this section.

(b) *Specifications for grades*—(1) *U. S. Grade A.* Any lot of dressed poultry or ready-to-cook poultry composed of one or more containers of carcasses of the same kind and class may be designated as U. S. Grade A if not less than 90 percent, by count, of the carcasses in such lot are of A Quality, the remainder is of B Quality, and no individual container in such lot contains more carcasses of B Quality than in the proportion of 2 to each 12 carcasses in the container.

(2) *U. S. Grade B.* Any lot of dressed poultry or ready-to-cook poultry composed of one or more containers of carcasses of the same kind and class may be designated as U. S. Grade B if not less than 90 percent, by count, of the car-

DRESSED POULTRY—Continued

TABLE III—DUCKS, GEESE, GUINEAS, SQUABS, AND PIGEONS

Kind and class	Weight range per carcass		Weight range per dozen carcasses	
	Minimum	Maximum	Minimum	Maximum
Ducks (all classes)	None	4 pounds	None	48 pounds.
	Over 4 pounds	5 pounds	Over 48 pounds	60 pounds.
	Over 5 pounds	None	Over 60 pounds	None.
Geese (all classes)	None	8 pounds	None	96 pounds.
	Over 8 pounds	10 pounds	Over 96 pounds	120 pounds.
	Over 10 pounds	None	Over 120 pounds	None.
Guineas (all classes)	None	1 pound 8 ounces	None	18 pounds.
	Over 1 pound 8 ounces	2 pounds 4 ounces	Over 18 pounds	27 pounds.
	Over 2 pounds 4 ounces	None	Over 27 pounds	None.
Squabs and pigeons	None	8 ounces	None	8 pounds 6 ounces.
	Over 8 ounces	14 ounces	Over 8 pounds 6 ounces	10 pounds 8 ounces.
	Over 14 ounces	None	Over 10 pounds 8 ounces	None.

TABLE IV—READY-TO-COOK POULTRY

Kinds and classes	Weight range per carcass	
	Minimum	Maximum
Broilers or fryers	None	1 pound 8 ounces.
	Over 1 pound 8 ounces	2 pounds.
	Over 2 pounds	2 pounds 8 ounces.
	Over 2 pounds 8 ounces	3 pounds.
	Over 3 pounds	3 pounds 8 ounces.
	Over 3 pounds 8 ounces	4 pounds.
	Over 4 pounds	4 pounds 8 ounces.
	Over 4 pounds 8 ounces	5 pounds.
Roasters	Over 1 pound 8 ounces	5 pounds 8 ounces.
	Over 5 pounds	None.
	None	2 pounds.
	Over 2 pounds	3 pounds.
	Over 3 pounds	4 pounds.
Hens or stewing chickens or fowl	Over 3 pounds 8 ounces	4 pounds 8 ounces.
	Over 4 pounds 8 ounces	5 pounds.
	Over 5 pounds	5 pounds 8 ounces.
	Over 5 pounds 8 ounces	None.
	None	2 pounds 8 ounces.
	Over 2 pounds 8 ounces	3 pounds 8 ounces.
	Over 3 pounds 8 ounces	4 pounds 8 ounces.
Cocks or old roosters	Over 4 pounds 8 ounces	5 pounds 8 ounces.
	Over 5 pounds 8 ounces	None.
	None	4 pounds.
	Over 4 pounds	8 pounds.
	Over 8 pounds	10 pounds.
	Over 10 pounds	12 pounds.
Turkeys and geese (all classes)	Over 12 pounds	14 pounds.
	Over 14 pounds	16 pounds.
	Over 16 pounds	18 pounds.
	Over 18 pounds	20 pounds.
	Over 20 pounds	None.
	None	3 pounds.
Ducks (all classes)	Over 3 pounds	3 pounds 8 ounces.
	Over 3 pounds 8 ounces	4 pounds.
	None	12 ounces.
	Over 12 ounces	1 pound.
Guineas (all classes)	Over 1 pound	1 pound 4 ounces.
	None	6 ounces.
Pigeons (all classes)	Over 6 ounces	10 ounces.
	Over 10 ounces	14 ounces.
	Over 14 ounces	None.

cases In such lot are of at least B Quality, the remainder is of C Quality, and no individual container in such lot contains more carcasses of C Quality than in the proportion of 2 to each 12 carcasses in the container.

(3) *U. S. Grade C.* Any lot of dressed poultry or ready-to-cook poultry may be designated as U. S. Grade C if it consists of carcasses of not less than C Quality.

(c) *Suggested weight specifications for dressed poultry and ready-to-cook poultry.* The suggested weight specifications for dressed poultry and ready-to-cook poultry are contained in Tables I, II, III, and IV in this paragraph.

DRESSED POULTRY

TABLE I—CHICKENS

Class of chickens	Weight range per carcass		Weight range per dozen carcasses	
	Minimum	Maximum	Minimum	Maximum
Broilers or fryers	None	1 pound 8 ounces	None	18 pounds.
	Over 1 pound 8 ounces	2 pounds	Over 18 pounds	24 pounds.
	Over 2 pounds	2 pounds 8 ounces	Over 24 pounds	30 pounds.
	Over 2 pounds 8 ounces	3 pounds	Over 30 pounds	36 pounds.
	Over 3 pounds	3 pounds 8 ounces	Over 36 pounds	42 pounds.
	Over 3 pounds 8 ounces	4 pounds	Over 42 pounds	48 pounds.
	Over 4 pounds	4 pounds 8 ounces	Over 48 pounds	54 pounds.
	Over 4 pounds 8 ounces	5 pounds	Over 54 pounds	60 pounds.
Roasters	Over 1 pound 8 ounces	5 pounds 8 ounces	Over 60 pounds	66 pounds.
	Over 5 pounds 8 ounces	None	Over 66 pounds	None.
	None	6 pounds	None	72 pounds.
	Over 6 pounds	7 pounds	Over 72 pounds	84 pounds.
	Over 7 pounds	8 pounds	Over 84 pounds	96 pounds.
Capons	Over 8 pounds	9 pounds	Over 96 pounds	108 pounds.
	Over 9 pounds	10 pounds	Over 108 pounds	120 pounds.
	Over 10 pounds	None	Over 120 pounds	None.
	None	3 pounds	None	36 pounds.
Stags	Over 3 pounds	4 pounds	Over 36 pounds	48 pounds.
	Over 4 pounds	5 pounds	Over 48 pounds	60 pounds.
	Over 5 pounds	6 pounds	Over 60 pounds	72 pounds.
	Over 6 pounds	None	Over 72 pounds	None.

CIVIL AERONAUTICS BOARD

[14 CFR, Parts 20, 21, 22, 24, 25, 26, 27, 33, 34, 35, and 51]

AIRMAN IDENTIFICATION CARD

NOTICE OF PROPOSED RULE MAKING

Pursuant to authority delegated by the Civil Aeronautics Board to the Bureau of Safety Regulation, notice is hereby given that the Bureau will propose to the Board amendments of Parts 20, 21, 22, 24, 25, 26, 27, 33, 34, 35, and 51 of the Civil Air Regulations in substance as hereinafter set forth.

Interested persons may participate in the making of the proposed rules by submitting such written data, views, or arguments as they may desire. Communications should be submitted in duplicate to the Civil Aeronautics Board, attention Bureau of Safety Regulation, Washington 25, D. C. All communications received by April 13, 1951, will be considered by the Board before taking further action on the proposed rules. Copies of such communications will be available after April 17, 1951, for examination by interested persons at the Docket Section of the Board, Room 5412, Commerce Building, Washington, D. C.

No provisions of our currently effective Civil Air Regulations require the possession of positive identification data by certificated airmen while exercising the privileges of their airman certificates. The proposed amendments will make provision for such identification and will require that each certificated airman, after September 1, 1951, have in his possession an airman identification card (Form ACA 2135), which the Administrator would be authorized to issue subsequent to April 15, 1951.

This airman identification card shall contain, among other data, the airman's signature, picture, and one fingerprint. It is contemplated that each certificated airman shall complete an application for identification card (Form ACA 2134) and shall furnish documentary evidence of his personal identification, citizenship, place and date of birth, and the type of airman certificate held. It should be noted that an expired airman identification card (Form ACA 935) issued during World War II may serve as sufficient evidence in these matters. An applicant who has once possessed this expired identification card but is unable to produce it at the time of application may substitute a letter from the Airman Records Branch, Civil Aeronautics Administration, Washington 25, D. C., which, in effect, attests to the issuance and contents of the expired card.

It is proposed to amend Parts 20, 21, 22, 24, 25, 26, 27, 33, 34, 35, and 51 of the Civil Air Regulations by adding new §§ 20.58, 21.45, 22.32 (g), 24.47, 25.86, 26.37, 27.23, 33.46, 34.20, 35.21, and 51.6, each to read as follows:

Identification. After September 1, 1951, the holder of a certificate issued under the provisions of this part shall not exercise the privileges conferred by the certificate unless he has in his possession a current airman identification card which duly describes him. This identification card may be obtained from the Administrator who shall prescribe its form and the manner of applying for it.

These amendments are proposed under the authority of Title VI of the Civil Aeronautics Act of 1938, as amended. The proposed amendments may be changed in view of comments received in response to this notice of proposed rule making.

(Sec. 205 (a), 52 Stat. 984; 49 U. S. C. 425 (a). Interpret or apply secs. 601-610, 52 Stat. 1007-1012, 62 Stat. 1216; 49 U. S. C. 551-560, act of July 1, 1948)

Dated: March 8, 1951, at Washington, D. C.

By the Bureau of Safety Regulation.

[SEAL] JOHN M. CHAMBERLAIN,
Director.

INTERSTATE COMMERCE COMMISSION

[49 CFR, Part 400]

CONTRACTS BETWEEN FREIGHT FORWARDERS AND MOTOR COMMON CARRIERS

NOTICE OF PROPOSED RULE MAKING

MARCH 5, 1951.

In the matter of rules and regulations for the filing of contracts covering service by motor common carriers for freight forwarders and the compensation to be paid therefor.

Notice is hereby given that the Commission has under consideration the prescription, under the authority of section 409 of the Interstate Commerce Act, as amended by Public Law 881 of the 81st Congress, of rules and regulations for the filing with the Commission of contracts between freight forwarders subject to part IV of that act and common carriers by motor vehicle subject to part II of that act, governing the utilization by such freight forwarders of the services and instrumentalities of such common carriers. The following suggested rules will be considered:

§ 400.1 *Filing.* All contracts, and amendments thereto, between freight forwarders and motor common carriers, entered into pursuant to section 409 of the Interstate Commerce Act, as amended December 20, 1950, and amendments to contracts continued, shall be in writing, and the freight forwarder party thereto shall file with the Interstate Commerce Commission three true copies thereof on paper of good quality, size 8½ x 11.

§ 400.2 *Specifications.* All such contracts and amendments shall show:

(a) In the upper right-hand corner a number in the consecutive series of the forwarder filing the same;

(b) The full and correct name and address of each party to the contract, and the ICC number, omitting subnumbers, identifying the operating authority of each;

(c) The points between which, or the territory from or to which, motor carrier service is to be performed under the contract, and the compensation to be paid therefor, stated in lawful moneys of the United States and separately as to each service or movement, and whether each service is assembling, distribution, or terminal-to-terminal service;

(d) The effective date of the contract; and

(e) All terms and conditions agreed upon between the parties to the contract.

§ 400.3 *Amendments.* Amendments to contracts shall show the same series number as the original contract, be consecutively numbered, and specifically indicate the provisions superseded; and where a contract is superseded by a new contract, the new contract shall specifically cancel the old contract.

§ 400.4 *Time of filing and notice of termination.* Contracts and amendments thereto shall be filed with the Commission within 10 days after the effective date thereof. Within 10 days after the effective date of termination of a contract, the forwarder party thereto shall file with the Commission three copies of a notice showing the effective date of such termination.

§ 400.5 *Contracts continued.* Evidence of agreements or amendments thereto, filed with the Commission prior to September 20, 1951, in accordance with the regulations heretofore proposed in Docket No. 29493, Freight forwarders, motor common carriers, agreements, 272 I. C. C. 413 (49 CFR Part 400), will be accepted as substantial compliance with the rules and regulations in this part, but any changes in such agreements with any carrier subsequent to September 20, 1951, shall be indicated by the filing, in conformity with the rules and regulations in this part, of complete new contracts covering service by that carrier, or of amendments completely covering the particular traffic involved, which amendments shall clearly indicate the portions of the schedules and evidence of concurrence superseded thereby; except that all such filings made prior to September 20, 1951, shall be superseded by new contracts complying with the rules and regulations in this part and filed with this Commission not later than December 31, 1952.

§ 400.6 *Public inspection.* All contracts and amendments thereto filed with the Commission under the rules and regulations in this part shall be open to public inspection.

§ 400.7 *Effective date.* The rules and regulations in this part shall become effective September 20, 1951.

Any interested party desiring to make representations in favor of or against the proposed rules and regulations or to suggest alternatives may do so through the submission of written data, views, or arguments. The original and 14 copies of such submission shall be filed with the Commission on or before April 12, 1951.

Notice will be given to the general public by posting copies hereof in the office of the Secretary of the Interstate Commerce Commission, Washington, D. C., and by filing with the Director of the Federal Register.

By the Commission.

[SEAL] W. P. BARTEL, *Secretary.*

[F. R. Doc. 51-3207; Filed, Mar. 12, 1951; 8:49 a. m.]

NOTICES

DEPARTMENT OF AGRICULTURE

Forest Service

MODOC NATIONAL FOREST

REMOVAL OF TRESPASSING HORSES

Whereas a number of horses are trespassing and grazing on portions of the Modoc National Forest in the State of California; and

Whereas these horses are consuming forage needed for permitted livestock, are causing extra expense to established permittees, and are injuring national-forest lands;

Now, therefore, by virtue of the authority vested in the Secretary of Agriculture by the act of June 4, 1897 (30 Stat., 35; 16 U. S. C. 551), and the act of February 1, 1905 (33 Stat., 628; 16 U. S. C. 472), the following order is issued for the occupancy, use, protection, and administration of the Happy Camp, Doublehead, and Goose Lake Districts of the Modoc National Forest, within the boundaries described below:

Temporary closure from livestock grazing. (a) The grazing allotments described below are hereby closed for the period from April 1, 1951, to December 31, 1951, to the grazing of horses excepting those which are lawfully grazing on or crossing land in such allotments pursuant to the regulations of the Secretary of Agriculture, or which are used in connection with operations authorized by such regulations, or which are used as riding, pack, or draft animals by persons traveling over such land. The boundaries of the allotments are more particularly described as follows:

Commencing at the intersection of the Modoc National Forest boundary with the Oregon-California State line at the NW corner, Sec. 13, T. 48 N., R. 6 E., M. D. M.;

Thence easterly along the Oregon-California State line to its intersection with the boundary of the Modoc National Forest in Sec. 21, T. 48 N., R. 13 E., M. D. M.;

Thence southerly along the boundary of the Modoc National Forest to the section corner common to Sections 15, 16, 21 and 22, T. 43 N., R. 13 E., M. D. M., approximately one mile east of Griener Reservoir;

Thence westerly and southerly along the boundary of Modoc National Forest to the section corner common to Sections 9, 10, 15, and 16, T. 41 N., R. 9 E., M. D. M.;

Thence northeasterly along the road intersecting Highway No. 299 adjacent to and north of Pit River; through Pit River Guard Station, Turner Creek, Cottonwood Flat, Craig Spring, McCay (cabin) to intersection with the Lookout road approximately one mile east of Upper Mud Lake;

Thence northerly along latter road to intersection with Canby-Tule Lake highway near Cannon Reservoir;

Thence northwest along Canby-Tule Lake highway to intersection near Elukey Spring (south of Perez) with main traveled road to Lava Beds National Monument;

Thence westerly along latter road via Mammoth Cave to south of Little Sand Butte to the survey corner common to Townships 44 and 45 North, Ranges 4 and 5 East, M. D. M., at the Siskiyou-Modoc County line;

Thence north along said county line approximately six miles to township line; east one-half mile; and north two miles between Sections 30, 31, 29, 32 to the survey corner common to Sections 19, 20, 29, and 30, T. 46 N., R. 5 E., M. D. M., at intersection with the boundary of Modoc National Forest;

Thence easterly and northerly along said Forest boundary to point of commencement at the Oregon-California State line.

(b) Forest officers are hereby authorized to dispose of, in the most humane manner, all horses found trespassing or grazing in violation of this order.

(c) Public notice of intention to dispose of such horses shall be given by posting notices in public places or advertising in a newspaper of general circulation in the locality in which the Modoc National Forest is located.

Done at Washington, D. C., this 7th day of March 1951.

[SEAL] K. T. HUTCHINSON, *Acting Secretary of Agriculture.*

Production and Marketing Administration

[P. & S. Docket No. 383]

ST. LOUIS NATIONAL STOCK YARDS

NOTICE OF PETITION FOR MODIFICATION

In re: Market Agencies at St. Louis National Stock Yards, respondents.

Pursuant to the provisions of the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 181 et seq.), an order was issued on March 23, 1949 (8 A. D. 254), authorizing assessment of the rates presently in effect for a period of one year beginning April 1, 1949. Subsequently, by an order dated February 9, 1950 (9 A. D. 202), the authorization was continued in effect to and including September 30, 1951.

On February 26, 1951, a petition was filed on behalf of respondents, requesting that an order be issued authorizing the market agencies (respondents) to assess the following selling and buying commissions:

SELLING CHARGES

	Per head
Cattle:	
Consignments of one head and one head only	$1.30
Consignments of more than one head:	
First 5 head in each consignment	1.10
Next 10 head in each consignment	1.00
Each head over 15 in each consignment	.95
Calves:	
Consignments of one head and one head only	.75
Consignments of more than one head:	
First 5 head in each consignment	.60
Next 10 head in each consignment	.50
Each head over 15 in each consignment	.40
Bulls:	
Bulls irrespective of the number in a consignment	1.65
TB or bangs reactor cattle and calves irrespective of weight	1.65
Suspects or condemned cattle and calves	1.65
Hogs:	
Consignments of one head and one head only	.55
Consignments of more than one head:	
First 10 head in each consignment	.39
Next 15 head in each consignment	.34
Each head over 25 in each consignment	.29
Sheep:	
Consignments of one head and one head only	.50
Consignments of more than one head:	
First 10 head in each 240 head in each consignment	.37
Next 50 head in each 240 head in each consignment	.24
Next 60 head in each 240 head in each consignment	.14
Next 120 head in each 240 heads in each consignment	.09

MAXIMUM CHARGES

The maximum selling charge on any one rail consignment of sheep shall not exceed an amount equal to $20 multiplied by the number of single-deck cars in the consignment plus an amount equal to $30 multiplied by the number of double-deck cars in the consignment.

SECTION C—RESALES

	Per head
Bulls	$1.65
Cattle	.90
Calves	.45
Hogs	.20
Sheep	.25

SECTION E—EXTRA SERVICE CHARGES

Each weight draft in excess of one necessary to handle sold livestock in the best interest of the owner, or requested by him $0.10

NOTE: On purchased livestock no draft charge applies.

MAXIMUM CHARGES—Continued

SECTION E—EXTRA SERVICE CHARGES—continued

Each additional check, each additional copy of account sales, each proceeds deposit or bank credit over 1	$0.10

BUYING

Cattle for immediate slaughter: Per head, same as selling rates.

MAXIMUM CHARGES

The maximum charge on any purchase order of cattle for immediate slaughter shipped out by rail shall not exceed an amount equal to $35 multiplied by the number of cars in which the order is shipped out.

If authorized, the modifications will produce additional revenues for respondents and increase the cost of marketing to shippers. Accordingly, it appears that this notice of the filing of the petition and its contents should be given to the public in order that all interested persons may have an opportunity to be heard in the matter.

All interested persons who desire to be heard in the matter shall notify the Hearing Clerk, United States Department of Agriculture, Washington 25, D. C., within 15 days from the date of publication of this notice.

Done at Washington, D. C., this 8th day of March 1951.

[SEAL] KATHERINE L. MASON, *Hearing Clerk.*

DEPARTMENT OF COMMERCE

Federal Maritime Board

[No. M-24]

COASTWISE LINE

NOTICE OF HEARING ON APPLICATION TO BAREBOAT CHARTER DRY-CARGO VESSELS

Pursuant to section 3, Public Law 591, 81st Congress, notice is hereby given that an informal public hearing will be held at Washington, D. C., on March 19, 1951, at 10 o'clock a. m., in Room 4821 Department of Commerce Building, before the Federal Maritime Board, upon the application of Coastwise Line, to bareboat charter two Liberty type vessels for use in its Pacific Coast-Alaska service (with privilege to call at British Columbia ports).

The purpose of the hearing is to receive evidence with respect to whether such service is required in the public interest and is not adequately served, and with respect to the availability of privately owned American-flag vessels on reasonable conditions and at reasonable rates for use in such service.

All persons having an interest in this application will be given an opportunity to be heard if present.

Dated: March 7, 1951.

By order of the Federal Maritime Board.

[SEAL] A. J. WILLIAMS, *Secretary.*

[F. R. Doc. 51-3236; Filed, Mar. 12, 1951; 8:55 a. m.]

[No. M-25]

ISTHMIAN STEAMSHIP CO.

NOTICE OF HEARING ON APPLICATION TO BAREBOAT CHARTER GOVERNMENT-OWNED, WAR-BUILT, DRY-CARGO VESSELS, FOR USE IN THE GULF INTERCOASTAL SERVICE

Pursuant to section 3, Public Law 591, 81st Congress, notice is hereby given that an informal public hearing will be held in Room 4821, Commerce Building, Washington, D. C., on March 29, 1951, at 10 o'clock a. m., before Examiner A. L. Jordan, upon the application of Isthmian Steamship Company to bareboat charter Government-owned, war-built, dry-cargo vessels, for use in the gulf intercoastal service.

The purpose of the hearing is to receive evidence with respect to whether the service for which such vessels are proposed to be chartered is required in the public interest and is not adequately served, and with respect to the availability of privately-owned American-flag vessels for charter on reasonable conditions and at reasonable rates for use in such service.

All persons having an interest in such application will be given an opportunity to be heard if present.

The parties may have oral argument before the examiner immediately following the close of the hearing in lieu of briefs, and the examiner will issue a recommended decision. Parties may have 7 days within which to file exceptions to or memoranda in support of the examiner's recommended decision, but the Board reserves the right to determine whether oral argument on exceptions will be granted or whether briefs in connection therewith will be received.

Dated: March 8, 1951.

By order of the Federal Maritime Board.

FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 9886]

DOWLANDER BROADCASTING CO. (WOOF)

ORDER CONTINUING HEARING

In re application of R. A. Dowling, tr/as Dowlander Broadcasting Company (WOOF), Dothan, Alabama, Docket No. 9886, File No. BP-7757, for construction permit.

The Commission having under consideration a petition filed February 26, 1951 by R. A. Dowling, tr/as Dowlander Broadcasting Company, Dothan, Alabama, requesting that the hearing herein be continued for a period of sixty days from its presently scheduled date of March 7, 1951, in order that applicant's newly hired consulting engineer may complete engineering work in connection with the hearing; and

It appearing that both Counsel for Station WQAM, Miami, Florida, party respondent to this proceeding, and the General Counsel have consented to immediate action on the petition and indicated no objection to a grant thereof, thereby meeting the requirements of § 1.745 of the Commission's rules, and that good cause has been shown for a grant thereof;

It is therefore ordered, This 2d day of March 1951, that the petition of Dowlander Broadcasting Company (WOOF) be and it is hereby granted and the hearing herein is hereby continued to May 7, 1951, at 10:00 a. m., in Washington, D. C.

FEDERAL COMMUNICATIONS COMMISSION,

[SEAL] T. J. SLOWIE, *Secretary.*

[F. R. Doc. 51-3209; Filed, Mar. 12, 1951; 8:50 a. m.]

[Docket Nos. 9615, 9616]

VALLEY BROADCASTING CO. (KLOK) AND CHARLES E. SALIK (KCBQ)

ORDER SCHEDULING HEARING AND AMENDING ISSUES

In re applications of E. L. Barker, Claribel Barker, T. H. Canfield and Opal A. Canfield, d/b as Valley Broadcasting Company (KLOK), San Jose, California, Docket No. 9615, File No. BP-7400, for construction permit; Charles E. Salik (KCBQ), San Diego, California, Docket No. 9616, File No. BML-1392, for modification of license.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 28th day of February 1951;

The Commission having under consideration a petition filed on November 6, 1950, by Valley Broadcasting Company requesting reconsideration and grant without hearing of its above-entitled application for construction permit as amended, to change power and hours of operation of Station KLOK, San Jose, California, from 5 kilowatts, daytime only to 1 kilowatt, 5 kilowatts-LS, unlimited time, and install directional antenna for night use only;

It appearing, that the said application originally requested power of 5 kilowatts, unlimited time employing directional antenna nights and was designated for hearing by Commission order of March 28, 1950, in a consolidated proceeding with the above-entitled application of Charles E. Salik for modification of license of Station KCBQ, San Diego, California, to increase nighttime power from 1 kilowatt to 5 kilowatts; and

It further appearing, that the petition of Valley Broadcasting Company filed on November 6, 1950, requesting leave to amend its above-entitled application to request power of 5 kilowatts day, 1 kilowatt night was granted on November 17, 1950, and that, as amended, the said application would not involve objectionable interference with any existing broadcast stations, but that objectionable interference may be involved nighttime with the above-entitled application of Charles E. Salik which would result in a nighttime limitation to petitioner's proposed operation greatly in excess of the 2.5

mv/m contour recommended in the Standards of Good Engineering Practice; and

It further appearing, that the operation of Station KLOK as proposed in the above-entitled application may not be in compliance with the Standards of Good Engineering Practice particularly with reference to nighttime service to the San Jose, California, metropolitan district and to the ratio of the population residing between the 2.5 mv/m normally protected and nighttime interference free contours to the population residing within the nighttime interference free contour and that nighttime service of Station KLOK operating as proposed may be degraded from the operation of Station KCBQ as proposed in the above-entitled application to increase nighttime power to an extent which in and of itself would prohibit a grant of both the above-entitled applications; and

It further appearing, that, in view of the above matters, the Commission cannot determine whether a grant of the said application of Valley Broadcasting Company would serve public interest, convenience, or necessity;

It is ordered, That the said petition is denied and that hearing on the above-entitled applications shall commence at 10:00 a. m. on April 30, 1951, at Washington, D. C.; and

It is further ordered, That, on the Commission's own motion, the order of March 28, 1950, designating the above-entitled applications for hearing in a consolidated proceeding is amended to renumber issues 3, 4, 5, and 6 as issues 4, 5, 6, and 7, respectively, and to include therein as issue 3 the following issue:

3. To determine the areas and populations which may be expected to gain or lose primary service from the operation of Stations KLOK and KCBQ as proposed, and the character of other broadcast service available to such areas and populations.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[Docket No. 9885]

LAWRENCE COUNTY BROADCASTING CO.

ORDER CONTINUING HEARING

In re application of James L. Harrison, J. E. Sowell, Harold Twitty and R. C. Wiley, d/b as Lawrence County Broadcasting Company, Lawrenceburg, Tennessee, Docket No. 9885, File No. BP-7756, for construction permit.

The Commission having under consideration a petition filed on February 23, 1951, by James L. Harrison, J. E. Sowell, Harold Twitty and R. C. Wiley, d/b as Lawrence County Broadcasting Company, Lawrenceburg, Tennessee, requesting that the hearing now scheduled to be held on March 2, 1951, be continued for a period of sixty days; and

It appearing, that no opposition has been filed to the above petition by any of the parties to this proceeding;

It is ordered, This 1st day of March 1951, that the petition be, and it is hereby granted; and that the hearing on the above-entitled application be, and it is hereby, continued to 10:00 a. m., Wednesday, May 2, 1951, at Washington, D. C.

[Docket No. 9891]

RADIOMARINE CORP. OF AMERICA

ORDER CONTINUING HEARING

In the matter of Radiomarine Corporation of America, Docket No. 9891; charges, classifications, regulations and practices, for and in connection with Ship/Shore Radiotelephone Service via foreign coastal stations.

The Commission having under consideration a motion filed February 28, 1951, by the Chief, Common Carrier Bureau, Federal Communications Commission, requesting indefinite continuance of the hearing on the above-entitled proceeding presently scheduled for March 12, 1951, pending action by the Commission upon application for special tariff permission filed by Radiomarine Corporation of America on February 26, 1951; and

It appearing, that said application requests authority to cancel the tariff schedules which are the subject of suspension and investigation in this proceeding; and if such application is granted and the tariff schedules are cancelled pursuant thereto the proceeding may become moot; and

It further appearing, that other counsel in the proceeding have informally consented to a waiver of § 1.745 of the Commission's rules to permit the early consideration and grant of the motion for continuance;

It is ordered, This 2d day of March 1951, that the petition be, and it is hereby, granted; and the hearing on the above-entitled application be, and it is hereby, continued until further order.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[Docket Nos. 9894-9896, 9912]

BOOTH RADIO & TELEVISION STATIONS, INC., ET AL.

ORDER CONTINUING HEARING

In re applications of Booth Radio & Television Stations, Inc., Lansing, Michigan, Docket No. 9894, File No. BP-7905; John C. Pomeroy, Pontiac, Michigan, Docket No. 9895, File No. BP-7811; Adelaide Lillian Carrell, Flint, Michigan, Docket No. 9896, File No. BP-7840; Oakland Broadcasting Company, Pontiac, Michigan, Docket No. 9912, File No. BP-7984, for construction permits.

The Commission having under consideration a petition filed February 23, 1951, by Booth Radio and Television Stations, Inc., Lansing, Michigan, requesting a continuance of the hearing from March 22, 1951, to May 14, 1951, in the proceeding upon the above-entitled applications for construction permits; and an opposition thereto filed on February 27, 1951, by Adelaide Lillian Carrell; and

It appearing, that the remaining parties in this proceeding have not objected to a continuance of the hearing; that this is the first request for a continuance in this proceeding; and that in view of the illness of the principal stockholder of Booth Radio and Television Stations, Inc. the continuance sought is reasonable;

It is ordered, This 2d day of March 1951, that the petition is granted; and that the hearing in the above-entitled proceeding is continued to 10:00 a. m., Monday, May 14, 1951, at Washington, D. C.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[Docket No. 9893]

WARNER BROS. (KWBR)

ORDER CONTINUING HEARING

In re application of S. W. Warner and E. N. Warner d/b as Warner Brothers (KWBR), Oakland, California, Docket No. 9893, File No. BP-7709, for construction permit.

The Commission having under consideration a petition filed February 27, 1951, by S. W. Warner and E. N. Warner d/b as Warner Brothers (KWBR), Oakland, California, requesting a 90-day continuance of the hearing presently scheduled for March 16, 1951, at Washington, D. C., in the proceeding upon its above-entitled application for construction permit;

It is ordered, This 2d day of March 1951, that the petition is granted; and that the hearing in the above-entitled proceeding is continued to 10:00 a. m., Monday, June 18, 1951, at Washington, D. C.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[Docket No. 9738]

WHARTON COUNTY BROADCASTING CO., INC. (KULP)

ORDER CONTINUING HEARING

In re application of Wharton County Broadcasting Company, Inc. (KULP), El Campo, Texas, Docket No. 9738, File No. BP-7644, for construction permit.

The Commission having under consideration a petition filed February 23, 1951, by Wharton County Broadcasting Company, Incorporated (KULP), El Campo, Texas, requesting reconsideration and rehearing of its above-entitled application; and

It appearing, that on January 29, 1951, the Commission denied a petition filed by Wharton County Broadcasting Company, Inc. (KULP) requesting a waiver of hearing pursuant to § 1.391 of the Commission's rules and regulations; and that the petitioner is apparently of the impression that the denial of its said petition for waiver of hearing has the effect of precluding hearing on its above-entitled application; and

It further appearing, that the Commission denied the said petition for rehearing inasmuch as it considered this to be an appropriate case for the presentation of oral testimony; that the petitioner is in effect only asking that it be afforded a hearing on its above-entitled application; that the petitioner is not seeking reconsideration or rehearing; and that, therefore, there is no need to act on this petition;

It is ordered, this 2d day of March 1951, that the petition for reconsideration and rehearing is dismissed; and that the hearing in the above-entitled proceeding is scheduled to be heard at 10:00 a. m., Friday, April 20, 1951, at Washington, D. C.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[Docket No. 9587]

PRATT BROADCASTING CO.

ORDER CONTINUING HEARING

In re application of Clem Morgan and Robert E. Schmidt, d/b as Pratt Broadcasting Company, Pratt, Kansas, Docket No. 9587, File No. BP-7395, for construction permit.

The Commission having under consideration a petition filed February 27, 1951, by KVGB, Inc. (KVGB), Great Bend, Kansas, party respondent in the above-entitled proceeding, for a continuance to April 5, 1951, of the hearing in the above-entitled matter now scheduled for March 9, 1951; and

It appearing, that party respondent's consulting engineer will be unable to participate in the hearing on the date presently scheduled, and that another witness who may be called to testify on behalf of KVGB, Inc., is now en route to the Mayo Clinic at Rochester, Minnesota, assisting in the care and transportation of an associate, and will be unable to be in Washington on the presently scheduled hearing date; and

It further appearing, that the time within which opposition to this petition for continuance might be filed has expired and no such opposition has been filed by any party or by Commission counsel, and that good cause has been shown for the requested continuance;

It is ordered, This 5th day of March 1951, that the petition is granted, and the hearing on the above-entitled matter now scheduled for March 9, 1951, is continued to 10 o'clock a. m., April 5, 1951, in Washington, D. C.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[Docket No. G-1612]

PANHANDLE EASTERN PIPE LINE CO.

NOTICE OF APPLICATION

MARCH 7, 1951.

Take notice that on February 15, 1951, Panhandle Eastern Pipe Line Company (Applicant), a Delaware corporation with its principal office at Kansas City, Missouri, filed an application in the alternative seeking (a) a disclaimer by the Commission of its jurisdiction or (b) a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of (1) approximately 400 feet of 6⅝-inch O. D. pipeline extending from Applicant's Quincy lateral in Marion County, Missouri, to a point of delivery on the property and with the facilities of the Northeast Missouri Electric Power Cooperative (Northeast Missouri) and (2) metering and regulating facilities for the direct sale of natural gas to Northeast Missouri.

Applicant proposes to construct and operate the described facilities for the purpose of selling natural gas to Northeast Missouri under the terms of a contract dated December 15, 1950, providing for the sale and delivery of natural gas in volumes not to exceed 1,200 Mcf daily on a "dump" basis, when Applicant has available gas in excess of its commitments to customers to whom gas is being sold on other than a temporary or dump basis.

Applicant states the facilities proposed are only incidental measuring facilities and, as such exempt from the jurisdiction of the Commission; that the proposed sale is not a sale for resale within the meaning of section 1 (b) of the Natural Gas Act.

The estimated cost of the facilities proposed to be constructed is approximately $5,000, which will be financed out of current funds.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.10) on or before the 27th day of March 1951. The application is on file with the Federal Power Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 51-3199; Filed, Mar. 12, 1951; 8:46 a. m.]

[Docket No. G-1619]

EL PASO NATURAL GAS CO.

NOTICE OF APPLICATION

MARCH 7, 1951.

Take notice that on February 23, 1951, El Paso Natural Gas Company (Applicant), a Delaware corporation, of El Paso, Texas, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the installation of a meter station, at a point on its main transmission system in Pinal County, Arizona. Applicant proposes by these facilities to sell and deliver natural

gas to Arizona Edison Company, Inc., for resale and distribution in the towns of Ray and Sonora, Arizona. These communities have no gas utility service at present.

Through the proposed facilities, Applicant expects to deliver a maximum of 68,000 Mcf per year with a daily maximum of about 585 Mcf of natural gas. The cost of these facilities is estimated to be $2,800, which will be paid from general funds of Applicant.

Applicant requests that its application be heard under the shortened procedure pursuant to § 1.32 (b) of the rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 27th day of March 1951. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 51-3200; Filed, Mar. 12, 1951; 8:46 a. m.]

FEDERAL RESERVE SYSTEM

VOLUNTARY CREDIT RESTRAINT

REQUEST TO FINANCING INSTITUTIONS

This "Request" is addressed to all financing institutions in the United States, including without limitation all individuals, firms, partnerships, corporations and other organizations of any kind which are engaged in the business of extending credit, making loans, or purchasing, discounting, selling, distributing, dealing in, or underwriting securities, any and all of such institutions being hereinafter referred to as "financing institutions".

Pursuant to the provisions of section 708 of the Defense Production Act of 1950 (hereinafter called the "act") and of section 701 of Executive Order No. 10161, the Board of Governors of the Federal Reserve System has consulted with representatives of financing with a view to encouraging the making of voluntary agreements and programs to further the objectives of the act. As a result of such consultations, such representatives have prepared a "Program for Voluntary Credit Restraint", including as a part thereof a Statement of Principles, the entire document being hereinafter referred to as the "Program". The Program is set forth below.

The Board of Governors of the Federal Reserve System hereby approves the Program and finds the Program to be in the public interest as contributing to the national defense. Under section 708 of the act and section 701 of the said order, acts or omissions to act pursuant to this Request and the Program which occur while said section 708 is in effect and before the withdrawal of this Request or of the finding of the Board in the preceding sentence are not construed to be within the prohibitions of the antitrust laws or the Federal Trade Commission Act of the United States.

The Board of Governors of the Federal Reserve System has consulted with the Attorney General and with the Chairman of the Federal Trade Commission on and before February 5, 1951, said date being not less than 10 days before the date of this Request, with regard to the provisions of the Program, the finding by the Board above mentioned and this Request; and the Attorney General has given his approval to the making of this Request.

Every financing institution in the United States is hereby requested by the Board of Governors of the Federal Reserve System to act, and to refrain from acting, pursuant to and in accordance with the provisions of the Program. The national committee which is to be set up pursuant to the provisions of the Program, each and every subcommittee set up pursuant to the provisions of the Program, and each and every individual who may become a member of said national committee or of any of said subcommittees are hereby requested by the Board of Governors of the Federal Reserve System to act, and to refrain from acting, pursuant to and in accordance with the provisions of the Program.

By order of the Board of Governors of the Federal Reserve System this 9th day of March 1951.

[SEAL] S. R. CARPENTER,
Secretary.

PROGRAM FOR VOLUNTARY CREDIT RESTRAINT

PREAMBLE

The task of restraining strong inflationary pressures is one of the most difficult and most important in the whole range of economic problems today.

One part of this task—the restraint of unnecessary credit expansion—presents a challenge to the financing institutions throughout the nation.

Section 708 of the Defense Production Act of 1950 authorizes the President to encourage financing institutions to enter into voluntary agreements and programs to restrain credit, which will further the objectives of that act. By executive order, the President has delegated to the Board of Governors of the Federal Reserve System his authority with respect to financing under this section of the act upon the required condition that it consult with the Attorney General and with the Chairman of the Federal Trade Commission, and that it obtain the approval of the Attorney General before requesting actions under such voluntary agreements and programs.

At the invitation of the Board, and in company with it, representatives of the American Bankers Association, the Life Insurance Association of America and the Investment Bankers Association of America have been examining the possibilities of this method of credit restraint.

While it is recognized that the proposed Program is addressed only to one limited source of inflationary pressure, the vital importance of this problem to the stability of the economy, and the necessity to extend credit only in such a way as to restrain inflationary pressures outside the financing of the defense program should be emphasized to all financing institutions.

It is appropriate to point out that this Program of voluntary credit restraint does not have to do with such factors as inflationary lending by federal agencies, unnecessary spending, federal, state or local, and the wage-price spiral and other much more seriously contributing factors. These should be vigorously dealt with at the proper places. It assumes that the proper governmental authorities will exercise the requisite fiscal and monetary controls.

DEFINITIONS

As used herein:

The terms "financing institution" or "financing institutions" mean banks, life insurance companies, investment bankers engaged in the underwriting, distribution, dealing or participating, as agents or otherwise, in the offering, purchase or sale of securities, and such other types or groups of financial institutions as the Board of Governors of the Federal Reserve System may invite to participate in the Program.

The terms "loan", "loans", "lending" and "credit", in addition to their ordinary connotations, mean the supplying of funds through the underwriting and distribution of securities (either on a firm commitment, agency or "best efforts" basis), the making or assisting in the making of direct placements, or otherwise participating in the offering or distribution of securities.

STATEMENT OF PRINCIPLES

Pursuant to the provisions of section 708 (a) of the Defense Production Act of 1950, and with the approval of the Board of Governors of the Federal Reserve System in accordance with the functions delegated to it by section 701 (a) (2) of Executive Order 10161, this Statement of Principles has been drafted to which all financing institutions are asked to conform.

It shall be the purpose of financing institutions to extend credit in such a way as to help maintain and increase the strength of the domestic economy through the restraint of inflationary tendencies and at the same time to help finance the defense program and the essential needs of agriculture, industry and commerce.

Inflation may be defined as a condition in which the effective demand for goods and services exceeds the available supply, thus exerting an upward pressure on prices.

Any increase in lending at a more rapid rate than production can be increased exerts an inflationary influence. Under present conditions of very high employment of labor, materials and equipment, the extension of loans to finance increased output will have an initial inflationary effect; but loans which ultimately result in a commensurate increase in production of an essential nature are not inflationary in the long run whatever their temporary effect may be. It is most important, however, that loans for nonessential purposes be curtailed in order to release some of the nation's resources for expansion in more vital areas of production.

Cooperation with this program of credit restraint makes it increasingly necessary for financing institutions to screen loan applications on the basis of their purpose, in addition to the usual tests of credit worthiness. The criterion for sound lending in a period of inflationary danger boils down to the following: Does it commensurately increase or maintain production, processing and distribution of essential goods and services?

In interpretation of the foregoing, the following types of loans would be classified as proper:

1. Loans for defense production, direct or indirect, including fuel, power, and transportation.

2. Loans for the production, processing and orderly distribution of agricultural and other staple products, including export and import as well as domestic, and of goods and services supplying the essential day-to-day needs of the country.

3. Loans to augment working capital where higher wages and prices of materials make such loans necessary to sustain essential production, processing or distribution services.

4. Loans to securities dealers in the normal conduct of their business or to them or others incidental to the flotation and distribution of securities where the money is being raised for any of the foregoing purposes.

This Program would not seek to restrict loans guaranteed or insured, or authorized as to purpose by a Government agency, on the theory that they should be restricted, in accordance with national policy, at the source of guaranty or authorization. Financing institutions would not be restricted in honoring previous commitments.

The following are types of loans which in general financing institutions should not make under present conditions, unless modified by the circumstances of the particular loan so as not to be inconsistent with the principles of this Program:

1. Loans to retire or acquire corporate equities in the hands of the public, including loans for the acquisition of existing companies or plants where no overall increase of production would result.

2. Loans for speculative investments or purchases. The first test of speculation is whether the purchase is for any purpose other than use or distribution in the normal course of the borrower's business. The second test is whether the amounts involved are disproportionate to the borrower's normal business operations.[1] This would include speculative expansion of real estate holdings or plant facilities as well as speculative accumulation of inventories in expectation of resale instead of use.

The foregoing principles should be applied in screening as to purpose on all loans on securities whether or not covered by Regulations U or T.

[1] Loans additional to those needed for a borrower's normal business may, of course, be regarded as proper when they are for the purpose of defense production or otherwise conform to the types of loans listed as proper in this Statement of Principles.

Recognizing that the maximum estimate of the percentage of our 1951 production which will be devoted directly or indirectly to national defense is between 20 percent and 30 percent, a very substantial proportion of the lending of the country will be devoted to the financing of the production and growth of our industrial and commercial community. In these circumstances, it is felt that each financing institution can help accomplish the objectives outlined above by careful screening of each application for credit extension.

In carrying out such screening, financing institutions should not only observe the letter of the existing regulations of the Board of Governors of the Federal Reserve System with respect to real estate credit, consumer credit, security loans, etc., but should also apply to all their lending the spirit of these and such other regulations and guiding principles as the Government may from time to time announce in the fight against inflation.

This Program is necessarily very general in nature. It is a voluntary Program to aid in the over-all efforts to restrain inflation. To be helpful, this Program must rely on the good will of all financing institutions and the over-all intention to comply with its spirit.

PROCEDURE FOR IMPLEMENTING THE PROGRAM

Pursuant to the provisions of section 708 (b) and (c) of the Defense Production Act of 1950, and upon full compliance with the terms and conditions thereof:

1. A "Voluntary Credit Restraint Committee" (hereinafter referred to as "the Committee") will be appointed by the Board of Governors of the Federal Reserve System (hereinafter referred to as "the Board"). Members shall be appointed for such terms as the Board may prescribe. Initially, the Committee will consist of twelve members, four representing the life insurance companies, four representing the investment bankers, and four representing the banks. The membership of the Committee may from time to time be expanded as deemed advisable or appropriate by the Board to insure adequate representation thereon of other types or groups of financing institutions which may participate in the Program. In selecting and appointing the members of the Committee, the Board shall have due regard to fair representation thereon for small, for medium and for large financing institutions, and for different geographical areas. The Committee will:

(a) With such assistance from the Board and the Federal Reserve Banks as may be necessary, distribute this statement of the Program, including the Statement of Principles, to financing institutions to such extent as may be deemed desirable in view of any distribution previously made;

(b) Appoint the subcommittees referred to below in 2;

(c) Meet for the purpose of considering the functioning of the Program, advising the Board with respect thereto, and suggesting for the consideration of the Board such changes in the Program, including the Statement of Principles, as may from time to time appear appropriate. Meetings of the Committee shall be held at the call of an official of the Federal Reserve System, designated by the Board; shall be under the chairmanship of such an official; and an agenda for such meetings shall be prepared by such an official. Full and complete minutes of each meeting shall be made by such an official and copies shall be kept in the files of the Board available for public inspection.

2. Subcommittees may be established for each type of financing institution participating in the Program. One of the members of each subcommittee located in any city in which there is a Federal Reserve Bank or branch thereof will be a Federal Reserve representative designated by the Board of Governors of the Federal Reserve System or by such Federal Reserve Bank or branch; and such member shall attend each meeting of the subcommittee. For the investment bankers, the life insurance companies, and the banks there may in each case be one or more subcommittees organized. All such subcommittees will meet only for the purposes specified in the Program; will maintain records of their actions; and will make reports directly to the Committee regarding the actions taken by them, including statements of the types of cases considered and the nature of the advice given. The subcommittees will be available for consultation with individual financing institutions to assist them in determining the application of the Statement of Principles with respect to specific loans for which application has been made to such financing institutions. In consulting with a subcommittee, a financing institution shall not be required to disclose the identity of the applicant for any loan. No financing institution shall be required to consult with any subcommittee with respect to any loan or loans, or any application or applications therefor. Consultation with a subcommittee shall be wholly within the individual and independent discretion of a financing institution. The final decision with respect to making or refusing to make any particular loan or loans shall likewise remain wholly within the individual and independent discretion of each financing institution, whether or not it has consulted with any of the subcommittees.

In setting up the subcommittees, the Committee shall have due regard for fair representation thereon for small, for medium and for large financing institutions, and for different geographical areas. It shall also inform the Board of all subcommittee appointments.

3. The Committee shall be furnished with such compilations of statistical data on extension of credit by financing institutions as may be required to show the amounts and direction of credit use and to watch the operation of the Program. Such statistics shall be compiled by the Board. To assist the Board in making such compilations, data shall be supplied for the investment bankers, jointly by the Investment Bankers Association and the National Association of Securities Dealers, and for the life insurance companies, jointly by the Life Insurance Association of America and the American

Life Convention. Compilations of data made by the Board shall not reveal the identity of individual financing institutions or borrowers. Such compilations shall be kept on file with the Board and shall be available for public inspection.

4. Financing institutions participating in the Program will keep records of individual loans, as to purpose, in such form as to be available for future analysis.

5. Any change in the Program, including the Statement of Principles, shall be passed upon by the Committee and shall be made in accordance with the requirements of section 708 of the Defense Production Act of 1950.

All actions pursuant to and under the Program will be automatically terminated by all participating financing institutions as of the termination of the authority conferred under section 708 of the Defense Production Act of 1950; or upon withdrawal by the Board of its request for action under the Program. If the Committee, after study of the operation of the Program, concludes that it is no longer necessary or is not making a substantial contribution to the solution of the problem for which the Program was established, it shall so advise the Board.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 25892]

SULPHURIC ACID FROM EAST ST. LOUIS, ILL., AND ST. LOUIS, MO., TO DAVIS, MISS.

APPLICATION FOR RELIEF

MARCH 8, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: D. Q. Marsh, Agent, for Missouri Pacific Railroad Company, St. Louis-San Francisco Railway Company and St. Louis Southwestern Railway Company pursuant to fourth section order No. 16101.

Commodities involved: Sulphuric acid, in tank-car loads.

From: East St. Louis, Ill., and St. Louis, Mo.

To: Davis, Miss.

Grounds for relief: Circuitous routes and operation through higher-rated territory.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

CLASS RATES BETWEEN OFFICIAL TERRITORY AND EASTERN CANADA

APPLICATION FOR RELIEF

MARCH 8, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: C. W. Boin and L. C. Schuldt, Agents, for carriers parties to Agent C. W. Boin's tariff I. C. C. No. A-721 and Agent L. C. Schuldt's tariff I. C. C. No. 3814.

Involving: Class rates.

Between: Points in official territory and points in eastern Canada generally north of Montreal and west of Megantic and Levis, Que.

Grounds for relief: Circuitous routes.

Schedules filed containing proposed rates: C. W. Boin's tariff I. C. C. No. A-721, Supp. 73; L. C. Schuldt's tariff I. C. C. No. 3814, Supp. 48.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

Filed by: D. Q. Marsh, Agent, for carriers parties to his tariff I. C. C. No. 3721.

Commodities involved: Ethylene glycol, in tank-car loads.

From: Port Neches, Tex.

To: Cleveland, Ohio, and Latrobe, Pa.

Grounds for relief: Competition with rail carriers and circuitous routes.

Schedules filed containing proposed rates: D. Q. Marsh's tariff I. C. C. No. 3721, Supp. 171.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[4th Sec. Application 25897]

MANGANESE FROM EMCO, ALA., TO HOUSTON, TEX.

APPLICATION FOR RELIEF

MARCH 8, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: D. Q. Marsh, Agent, for carriers parties to his tariff I. C. C. No. 3899.

Commodities involved: Ferro-manganese, ferro-silicon, silico-manganese and zirconium-ferro-silicon, carloads.

From: Emco, Ala.

To: Houston, Tex.

Grounds for relief: Circuitous routes.

Schedules filed containing proposed rates: D. Q. Marsh's tariff I. C. C. No. 3899, Supp. 37.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

SECURITIES AND EXCHANGE COMMISSION

[File No. 54-184]

UNITED CORP.

ORDER MAKING LIST OF STOCKHOLDERS AVAILABLE FOR INSPECTION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 5th day of March A. D. 1951.

Randolph Phillips, a common stockholder of the United Corporation and Chairman of the Committee for the Common Stockholders of the United Corporation, having filed a petition requesting that the Commission: (1) Direct United to include in its solicitation material for the 1951 annual stockholders' meeting the names of two nominees of the Committee among the seven nominees for directors for whom proxies are to be solicited; (2) find that any board of directors of United which includes directors originally nominated to represent the preferred stock would be unrepresentative and contrary to the standards of sections 11 (b) (2) and 12 (e) of the Public Utility Holding Company Act of 1935; (3) find that the incumbent board is unrepresentative since it excludes representatives of the 22,000 stockholders who voted against the board; (4) take steps for the enforcement of cumulative voting in time to be effective for the 1951 annual meeting; (5) direct United to mail proxy forms furnished by petitioner to United's common stockholders; (6) direct United to make available to petitioner stockholders' lists; (7) direct United to appoint as inspectors of election at the 1951 meeting one person designated by the management and one by opposition stockholders; (8) if it denies the relief requested to include two nominees of the Committee among the seven nominees for directors, prohibit United from expending any funds for proxy solicitation to elect the three nominees of the management opposed by petitioner and the Committee;

United having filed an answer to the petition opposing the granting of any of the relief requested by Phillips;

Phillips having filed certain solicitation material pursuant to Regulation X-14 promulgated under the Securities Exchange Act of 1934 under which regulation a procedure is available to petitioner pursuant to Rule X-14A-7 for securing the mailing of the material by the company;

A plan having been filed by United under section 11 (e) of the Holding Company Act, hearings thereon having been concluded, briefs filed and oral argument held, the Commission having taken the matter under advisement, and the said petition appearing in the main to request summary action, in advance of a determination of the issues in the section 11 (e) proceeding, granting relief of similar nature to that requested by petitioner in that proceeding;

The Commission having not as yet reached a determination of the issues in the section 11 (e) proceeding and being of the opinion, under all the circumstances, that such interim summary relief is not appropriate in the public interest;

It is ordered, That United make available at its New York office for inspection by petitioner and his representatives a list of all the common stockholders of record as of the close of business on the record date selected for voting at the 1951 annual meeting, including the address of and number of shares owned by each such holder; and

It is further ordered, That in all other respects the said petition be and it is hereby denied.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-2464]

NEW ENGLAND GAS & ELECTRIC ASSN. AND NEW HAMPSHIRE ELECTRIC CO.

ORDER GRANTING AND PERMITTING APPLICATION-DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 6th day of March A. D. 1951.

New England Gas & Electric Association ("Negea"), a registered holding company, and its public utility subsidiary, New Hampshire Electric Company ("New Hampshire"), having filed a joint application-declaration regarding the surrender by Negea to New Hampshire of all the common stock of New Hampshire in exchange for 14,000 shares of $4.50 preferred stock and 150,000 shares of common stock and the sale of the preferred stock to underwriters

and the underwritten offer of sale of the common stock to its stockholders, both pursuant to the competitive bidding requirements of Rule U-50, and the donation by Negea to New Hampshire of all the common stock of Kittery Electric Light Company ("Kittery"); and

New Hampshire having applied for an order pursuant to section 3 (a) (2) exempting it from the provisions of the act upon acquisition of all the common stock of Kittery; and

Public hearings having been held after appropriate notice, and the Commission having considered the record and filed its findings and opinion herein:

It is ordered, That said application-declaration be, and the same hereby is, granted and permitted to become effective forthwith, subject, however, to the terms and conditions prescribed in Rule U-24 and to the further condition that the proposed issuance and sale by New Hampshire of the preferred and common stocks of New Hampshire shall not be consummated until the results of competitive bidding, pursuant to Rule U-50, have been made a matter of record herein and a further order shall be entered with respect thereto, which order shall contain such further terms and conditions as may then be deemed appropriate, for which purpose jurisdiction be, and the same, hereby is, reserved.

It is further ordered, That jurisdiction be, and the same hereby is, reserved over all fees and expenses to be incurred in connection with the proposed transactions.

It is further ordered, Pursuant to section 3 (a) (2) of the act, that New Hampshire, upon acquisition of the common stock of Kittery, be, and the same hereby is, exempted as a holding company from all the provisions of the act.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

AUTHORITY: 40 Stat. 411, 55 Stat. 839, Pub. Laws 322, 671, 79th Cong., 60 Stat. 50, 925; 50 U. S. C. and Supp. App. 1, 616; E. O. 9193, July 6, 1942, 3 CFR, Cum. Supp., E. O. 9567, June 8, 1945, 3 CFR, 1945 Supp., E. O. 9788, Oct. 14, 1946, 11 F. R. 11981.

[Vesting Order 17452]

DR. HERZFELD-WUESTHOFF

In re: Debts owing to Dr. Herzfeld-Wuesthoff, also known as Dr. Ing. Frank Herzfeld-Wuesthoff, as Dr. Ing. F. Herzfeld-Wuesthoff and as Dr. F. Wuesthoff. F-28-22130; C-2, C-3.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Dr. Herzfeld-Wuesthoff, also known as Dr. Ing. Frank Herzfeld-Wuesthoff, as Dr. Ing. F. Herzfeld-Wuesthoff and as Dr. F. Wuesthoff, whose last known address is Unter der Linden 21, Berlin W8, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows:

a. That certain debt or other obligation owing to Dr. Herzfeld-Wuesthoff, also known as Dr. Ing. Frank Herzfeld-Wuesthoff, as Dr. Ing. F. Herzfeld-Wuesthoff and as Dr. F. Wuesthoff, by Behr-Manning Corporation, Troy, New York, arising out of an account resulting from legal services rendered to said Behr-Manning Corporation, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

b. That certain debt or other obligation owing to Dr. Herzfeld-Wuesthoff, also known as Dr. Ing. Frank Herzfeld-Wuesthoff, as Dr. Ing. F. Herzfeld-Wuesthoff and as Dr. F. Wuesthoff, by Whittemore, Hulbert & Belknap, 3053 Penobscot Building, Detroit 16, Michigan, arising out of an account resulting from legal services rendered to said Whittemore, Hulbert & Belknap, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

c. That certain debt or other obligation owing to Dr. Herzfeld-Wuesthoff also known as Dr. Ing. Frank Herzfeld-Wuesthoff, as Dr. Ing. F. Herzfeld-Wuesthoff and as Dr. F. Wuesthoff, by Pierce & Scheffler, 1319 F Street NW., Washington 4, D. C., arising out of a credit balance resulting from legal services rendered to said Pierce & Scheffler, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same, and

d. That certain debt or other obligation owing to Dr. Herzfeld-Wuesthoff also known as Dr. Ing. Frank Herzfeld-Wuesthoff, as Dr. Ing. F. Herzfeld-Wuesthoff and as Dr. F. Wuesthoff, by Haseltine, Lake & Co., 19 West 44th Street, New York 18, New York, arising out of an account resulting from legal services rendered to said Haseltine, Lake & Co., together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of, or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 26, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 17473]

CREDIT SUISSE

In re: Accounts maintained in the name of Credit Suisse, Neuchatel, Switzerland, and owned by persons whose names are unknown. F-63-60 (Neuchatel).

Under the authority of the Trading With the Enemy Act, as amended, Executive Orders 9193, as amended, 9788 and 9989, and pursuant to law, after investigation, it is hereby found:

1. That the property described as follows: All property, rights and interests in the accounts identified in Exhibit A attached hereto and by reference made a part hereof, together with

(a) Any other property, rights and interests which represent accumulations or accruals to, changes in form of, or substitutions for, any of the property, rights and interests in said identified accounts on October 2, 1950, and which are now held in other accounts being maintained as blocked or otherwise subject to the restrictions of Executive Order 8389, as amended, or regulations, rulings, orders or instructions issued thereunder, and

(b) Any and all rights in, to and under any securities (including, without limitation, bonds, coupons, mortgage participation certificates, shares of stock, scrip and warrants) and any and all declared and unpaid dividends on any shares of stock in any of said accounts,

excepting from the foregoing, however, all lawful liens and setoffs of the respective institutions in the United States with whom the aforesaid accounts are maintained,

is property within the United States;

2. That the property described in subparagraph 1 hereof is owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or is evidence of ownership or control by persons, names unknown, who, if individuals, there is reasonable cause to believe are residents of a designated enemy country and which, if partnerships, associations, corporations, or other organizations, there is reasonable cause to believe are organized under the laws of a designated enemy country or on or since the effective date of Executive Order 8389, as amended, have had their principal places of business in a designated enemy country;

3. That the persons referred to in subparagraph 2 hereof are nationals of a designated enemy country;

and it is hereby determined:

4. That to the extent that the persons referred to in subparagraph 2 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country.

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended, and the term "designated enemy country" has reference to Germany or Japan.

Executed at Washington, D. C., on February 28, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 17441]

JAPANESE CHINAWARE AND NOVELTY IMPORTERS' ASSN. OF NEW YORK

In re: Bank account owned by Japanese Chinaware and Novelty Importers' Association of New York. D-39-292.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation:

1. It is hereby found that Morimura Bros., Inc., the last known address of which is Japan, is a corporation, partnership, association, or other business organization, organized under the laws of Japan and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Japan and is a national of a designated enemy country (Japan);

2. It having been found and determined under the vesting orders, the numbers and dates of which are set forth below, that the following named companies are nationals of a designated enemy country (Japan);

Name	Vesting order	Date
Haruta & Co., Inc.	173	Sept. 8, 1942
Mogi, Mamonoi & Co.	92	Aug. 6, 1942
Nagoya Saito Kaisha, Ltd.	170	Sept. 28, 1942
	370	Nov. 18, 1942
Taiyo Trading Co., Inc.	147	Sept. 17, 1942
	387	Nov. 19, 1942

3. It is hereby found that Japanese Chinaware and Novelty Importers' Association of New York is a voluntary unincorporated association, whose principal place of business is in New York, New York, and is or, since the effective date of Executive Order 8389, as amended, has been controlled, directly or indirectly by the aforesaid Haruta and Company, Inc., Morimura Bros., Inc., Mogi, Mamonoi & Company, Nagoya Saito Kaisha, Ltd., and Taiyo Trading Company, Inc., and is a national of a designated enemy country (Japan);

4. It is hereby found that the property described as follows: That certain debt or other obligation owing to Japanese Chinaware and Novelty Importers' Association of New York, by Central Hanover Bank and Trust Company, 70 Broadway, New York, New York, arising out of a checking account, entitled Japanese Chinaware and Novelty Importers' Association of New York, maintained at the aforesaid company, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Japanese Chinaware and Novelty Importers' Association of New York, the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

5. That Japanese Chinaware and Novelty Importers' Association of New York is controlled by, or acting for or on behalf of, a designated enemy country (Japan), or persons within such country, and is a national of a designated enemy country (Japan); and

6. That to the extent that the persons named in subparagraphs 1, 2 and 3 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 26, 1951.

For the Attorney General.

CHARLOTTE SCHEPELMANN

In re: Stock owned by Charlotte Schepelmann. F-28-31225.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Charlotte Schepelmann, whose last known address is Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows:

a. Twenty-five (25) shares of $1.00 par value common capital stock of New Mexico Gold Producers Corporation, evidenced by a certificate numbered 531, registered in the name of Charlotte Schepelmann, and presently in the custody of the Department of State, Division of Protective Services, 515 Twenty-second Street NW., Washington, D. C., together with all declared and unpaid dividends thereon,

b. Two (2) shares of $20.00 par value common capital stock of American Commercial Alcohol Corporation, evidenced by a certificate numbered CO10257, registered in the name of Miss Charlotte Schepelmann, and presently in the custody of the Department of State, Division of Protective Services, 515 Twenty-second Street NW., Washington, D. C., together with all declared and unpaid dividends thereon, and

c. One (1) Scrip Certificate for four-fifths (4/5) share of $20.00 par value common capital stock of American Distilling Company, 247 Park Avenue, New York, New York, said certificate numbered SC680 and presently in the custody of the Department of State, Division of Protective Services, 515 Twenty-second Street NW., Washington, D. C., and any and all rights thereunder and thereto,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of, or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 13, 1951.

For the Attorney General.

HELEN KURZ ET AL.

In re: Rights of Helen Kurz et al., under insurance contracts. File Nos. F-28-28976-H-2, H-3.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Helen Kurz, whose last known address is Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the domiciliary personal representatives, heirs, next of kin, legatees and distributees, names unknown, of Helen Kurz, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country (Germany);

3. That the net proceeds due or to become due under contracts of insurance evidenced by policies numbered 66967565 and 84746865, issued by The Prudential Insurance Company of America, Newark, New Jersey, to Helen Kurz, and any and all other benefits and rights of any kind or character whatsoever under or arising out of said contracts of insurance except those of the aforesaid The Prudential Insurance Company of America, together with the right to demand, enforce, receive and collect the same is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Helen Kurz or the domiciliary personal representatives, heirs, next of kin, legatees and distributees, names unknown, of Helen Kurz, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

4. That to the extent that the person named in subparagraph 1 hereof, and the domiciliary personal representatives, heirs, next of kin, legatees and distributees, names unknown, of Helen Kurz, are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on March 1, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 51-3222; Filed, Mar. 12, 1951; 8:53 a. m.]

[Vesting Order 17486]

JAPAN

In re: Debt owing to Japan. F-39-4691-E-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

That the property described as follows: That certain debt or other obligation of The Northern Trust Company, 50 South LaSalle Street, Chicago 90, Illinois, in the amount of $10,043.00 as of December 31, 1945, representing a portion of a checking account entitled Kahachiro Omori, maintained at the aforesaid bank, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The term "designated enemy country" as used herein shall have the meaning prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on March 2, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 51-3224; Filed, Mar. 12, 1951; 8:53 a. m.]

[Vesting Order 17393]

AMALIE STOCKMANN ET AL.

In re: Stocks and bank account owned by Amalie Stockmann, Heinrich Borchers and Agnes Borchers. D-28-12969.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Amalie Stockmann, Heinrich Borchers and Agnes Borchers, whose last known addresses is Junkerstrasse 34, Oldenburg i/Oldenburg, Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the property described as follows:

a. Six and one-half (6½) shares of preferred stock of Pacific Steamship Lines, Lt., San Francisco, California, a corporation organized under the laws of the State of California, evidenced by certificate numbered P 703, in the name of Haydn P. Phennah, and endorsed by him in blank, and presently in the custody of H. Otto Giese, Hoge Building, Seattle, Washington, together with all declared and unpaid dividends thereon,

b. Twenty (20) shares Class A common stock of Pacific Steamship Lines, Ltd., San Francisco, California, a corporation organized under the laws of the State of California, evidenced by certificate numbered A 1535, in the name of Haydn P. Phennah, and endorsed by him in blank, and presently in the custody of H. Otto Giese, Hoge Building, Seattle, Washington, together with all declared and unpaid dividends thereon, and

c. That certain debt or other obligation of Seattle Trust and Savings Bank, Seattle, Washington, arising out of Blocked Account numbered 3282, designated "Estate of Louis S. Borchers, Deceased, by H. Otto Giese, Trustee," maintained at the aforesaid bank, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Amalie Stockmann, Heinrich Borchers and Agnes Borchers, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest.

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 15, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 17485]

GERMAN NATIONALS

In re: Debt owing to German nationals whose names are unknown. D-28-12526-E-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the property described in subparagraph 4 hereof was received by Upright Associates, 45 East 17th Street, New York, New York, for deposit in a safekeeping account at Manufacturers Trust Company, 221 4th Avenue, New York 4, New York, under the designation

Upright Associates Special Blocked Account;

2. That although the names of the owners of the property described in subparagraph 4 hereof are not available, such persons are within Germany;

3. That the owners of the property described in subparagraph 4 hereof who there is reasonable cause to believe are residents of Germany are nationals of a designated enemy country (Germany);

4. That the property described as follows: That certain debt or other obligation of Upright Associates, 45 East 17th Street, New York, New York, in the amount of $3,108.69, representing funds collected by said Upright Associates for and on behalf of the persons identified in subparagraph 3 hereof, deposited in an account with Manufacturers Trust Company, 221 Fourth Avenue, New York 4, New York, entitled Upright Associates Special Blocked Account, and thereafter withdrawn from said account by said Upright Associates, together with any and all accruals thereto and any and all rights to demand, enforce, and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by the persons referred to in subparagraph 3 hereof, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

5. That to the extent that the persons referred to in subparagraph 3 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on March 2, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 16424, Amdt.]

MRS. HERMANN ROESING ET AL.

In re: Rights of Mrs. Hermann Roesing et al., under insurance contracts. File Nos. F-28-30641 H-1, H-2.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

Vesting Order 16424 dated December 13, 1950, is hereby amended to read as follows:

1. That Mrs. Hermann Roesing, also known as Gabriele Paula Roesing, Mario Helm, Hermann Max Fritz Roesing, Gerd Udo Ellerbroek, Antje Kathrin Ellerbroek and Mrs. George (Georg) Hirschfeld, also known as Ada Hirschfeld, whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the net proceeds due or to become due under contracts of insurance evidenced by policies numbered 122552 and 124607, issued by The Equitable Life Assurance Society of the United States, New York, New York, to Phillip H. N. Wustendorfer, together with the right to demand, receive and collect said net proceeds,

is property within the United States, owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold, or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on March 1, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 51-3225; Filed, Mar. 12, 1951; 8:53 a. m.]

[Return Order 850]

ENRICO PHILIPPI

Having considered the claim set forth below and having issued a determination allowing the claim, which is incorporated by reference herein and filed herewith,

It is ordered, That the claimed property, described below and in the determination, be returned, subject to any increase or decrease resulting from the administration thereof prior to return, and after adequate provision for taxes and conservatory expenses:

Claimant, Claim No., Notice of Intention To Return Published, and Property

Enrico Philippi, New York, N. Y.; Claim No. 4392; September 30, 1950 (15 F. R. 6622); $1,870.87 in the Treasury of the United States.

Appropriate documents and papers effectuating this order will issue.

Executed at Washington, D. C., on March 6, 1951.

For the Attorney General.

HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 51-3226; Filed, Mar. 12, 1951; 8:54 a. m.]

[Return order 871]

N. V. NOURY & VAN DER LANDE'S EXPLOITATIEMAATSCHAPPIJ

Having considered the claim set forth below and having issued a determination allowing the claim, which is incorporated by reference herein and filed herewith,

It is ordered, That the claimed property, described below and in the determination, including all royalties accrued thereunder and all damages and profits recoverable for past infringement thereof, be returned after adequate provision for taxes and conservatory expenses:

Claimant, Claim Number, Notice of Intention To Return Published, and Property

N. V. Noury & Van der Lande's Exploitatiemaatschappij, Deventer, The Netherlands; Claim No. 6532; Dec. 22, 1950 (15 F. R. 9216); property described in Vesting Order No. 671 (8 F. R. 5004, April 17, 1943) relating to United States Letters Patent Nos. 1,866,412; 2,149,682 and 2,156,737. Property described in Vesting Order No. 1550 (8 F. R. 8564, June 22, 1943) as Transaction Control No. 312, relating to a disclosure of invention entitled "Improvement of the Baking Strength of Flour", inventor Hanns John. This return shall not be deemed to include the rights of any licensees under the above patents, or disclosure of invention.

Appropriate documents and papers effectuating this order will issue.

Executed at Washington, D. C., on March 7, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 51-3228; Filed, Mar. 12, 1951; 8:54 a. m.]

[Return Order 896]

PAUL GARNIER

Having considered the claim set forth below and having issued a determination allowing the claim, which is incorporated by reference herein and filed herewith,

It is ordered, That the claimed property, described below and in the determination, including all royalties accrued thereunder and all damages and profits recoverable for past infringement thereof, be returned after adequate provision for taxes and conservatory expenses:

Claimant, Claim No., Notice of Intention To Return Published, and Property

Paul Garnier, Lyon, France; Claim No. 29556; January 23, 1951 (16 F. R. 636); property described in Vesting Order No. 1028 (8 F. R. 4205, April 2, 1943) relating to United States Patent Application Serial No. 451,094. This return shall not be deemed to include the rights of any licensees under the above patent application.

Appropriate documents and papers effectuating this order will issue.

Executed at Washington, D. C., on March 7, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

MAR 16 '51

FEDERAL REGISTER

VOLUME 16 NUMBER 50

Washington, Wednesday, March 14, 1951

TITLE 3—THE PRESIDENT

PROCLAMATION 2918

"I AM AN AMERICAN DAY", 1951

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the United States of America, built by millions of devoted, faithful, and vigilant men and women of many races and creeds, carries high the Torch of Liberty, not only to guide our own people, but also to light the way for other freedom-loving peoples; and

WHEREAS in this tense period of world history our Nation must strengthen its unity of purpose through increased devotion to the fundamental principles of individual liberty, equal opportunity, and justice for all; and

WHEREAS it is especially fitting at this time that each and every citizen of the United States, whether native or naturalized, should renew his faith in the ideals that form the foundation upon which our country has been built into a mighty force for the advancement of freedom's cause:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, under and by virtue of the authority vested in me by the Congress through Public Resolution 67, approved May 3, 1940 (54 Stat. 178), do hereby designate Sunday, May 20, 1951, as "I Am An American Day", and do set aside that day as a public occasion for the recognition, observance, and commemoration of United States citizenship, and for the special recognition of those of our youth who have attained their majority and of those foreign-born who have become citizens through naturalization during the past year.

I also urge Federal, State, and local officials, as well as patriotic, civic, educational, and other interested organizations, to arrange for appropriate ceremonies on or about May 20 in which all our people may join, to the end that both old and new citizens may have a fuller understanding of their rights and privileges and of their obligations and responsibilities as citizens.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this eighth day of March in the year of our Lord nineteen hundred and fifty-one, and of the Independence of the United States of America the one hundred and seventy-fifth.

[SEAL]

HARRY S. TRUMAN

By the President:

JAMES E. WEBB,
Acting Secretary of State.

Chapter I:
Part 56 — 2398

ing was held at Philadelphia, Pennsylvania, on January 25, 26 and 27, 1950, pursuant to notice thereof which was issued January 18, 1950 (15 F. R. 366), on April 19, 20 and 21, 1950, pursuant to notice thereof which was issued on April 12, 1950 (15 F. R. 2146), on May 10, 11 and 12, 1950, pursuant to notice thereof issued on May 3, 1950 (15 F. R. 2687), and on November 21, 1950, pursuant to notice thereof issued on October 20, 1950 (15 F. R. 7139), upon a proposed amendment to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Philadelphia, Pennsylvania, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions of said order, as amended, and as hereby further amended, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply of and demand for milk in the marketing area, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

(b) *Additional findings.* It is necessary to make the present amendment to said order, as amended, effective April 1, 1951, to reflect current marketing conditions. Any further delay in the effective date of this order, amending the said order, as amended, will seriously disrupt the orderly marketing of milk for the Philadelphia, Pennsylvania, marketing area. The changes effected by this order, amending the order, as amended, do not require of persons affected substantial or extensive preparation prior to the effective date. In view of the foregoing, it is hereby found that good cause exists for making this order effective April 1, 1951 (see section 4 (c), Administrative Procedure Act, 5 U. S. C. 1003 (c)).

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing or shipping milk covered by this order, amending the order, as amended, which is marketed within the Philadelphia, Pennsylvania, marketing area) of more than 50 percent of the milk which is marketed within the said marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area, and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order amending the order, as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order amending the order, as amended, is approved or favored by at least two-thirds of the producers who participated in a referendum on the question of approval of this order amending the order, as amended, and who during the determined representative period (December 1950) were engaged in the production of milk for sale in the said marketing area.

ORDER RELATIVE TO HANDLING

It is therefore ordered, That on and after the effective date hereof the handling of milk in the Philadelphia, Pennsylvania, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order, as amended, is hereby further amended as follows:

Delete § 961.4 (a) (1) and substitute the following:

(1) *Class I milk.* The market administrator shall compute and announce on the 15th day of each month (or on the next business day if the 15th is a holiday) from the latest available data the index values computed pursuant to subdivisions (i) through (vi) of this subparagraph, the Class I price, and the utilization percentages computed pursuant to subdivisions (vii) and (viii) of this subparagraph.

(i) Compute an index of wholesale commodity prices by averaging the four latest weekly index figures of wholesale commodity prices published by the Bureau of Labor Statistics, United States Department of Labor, and convert the result to a 1936–1940 base period by dividing by 0.8023.

(ii) Compute an index of prices paid by Pennsylvania farmers per hundredweight for 20 percent protein mixed dairy feed, using a 1936–1940 base period, by dividing by 0.01776 the monthly price for such feed published by the Pennsylvania Federal-State Crop Reporting Service.

(iii) Compute an index of prices received by Pennsylvania farmers for farm products except dairy on a 1936–1940 base period by dividing the monthly index published by the Pennsylvania Federal-State Crop Reporting Service on a 1910–1914 base by 1.0915, and adjust the result for seasonal variation by dividing by the applicable figure indicated below for each month:

January, February, March	0.96
April, May, June	1.00
July, August, September	1.04
October, November, December	1.00

(iv) Compute an index of prices paid for milk by 18 Midwest condenseries, using a 1936–1940 base period, by dividing by 0.013945 the monthly average price paid at 18 Midwest condenseries as reported by the United States Department of Agriculture, and adjust the result for seasonal variation by dividing by the applicable figure indicated below for each month:

January	1.02	July	0.97
February	1.02	August	1.00
March	1.01	September	1.00
April	.99	October	1.00
May	.98	November	1.02
June	.96	December	1.03

(v) Compute an index of average daily pounds of Class I milk sold by all handlers during the previous month, except that milk which is moved to plants outside of New Jersey and Delaware from which no routes are operated in the marketing area, using a 1936–1940 base period, by dividing the monthly figure by 16,640, and adjust the result for seasonal variation by dividing by the applicable figure indicated below for each month:

January	0.98	July	0.99
February	.99	August	.99
March	1.00	September	1.04
April	.99	October	1.05
May	.98	November	1.02
June	.98	December	.99

(vi) Divide the sum of the indexes calculated in subdivisions (i) through (v) of this subparagraph by 5. This figure shall be the formula index, and shall determine the Class I price for each calendar quarter in accordance with the following table, subject to the provisions of subdivisions (vii) and (viii) of this subparagraph. The price for each calendar quarter shall be determined by the index value calculated and announced in the month preceding the calendar quarter, in accordance with the bracket shown in the following table in which such index value is included, or if such index value is not within a bracket, the price for the calendar quarter shall be determined by the adjacent index bracket which is the same as or nearest to the bracket equivalent to the price in the previous quarter.

CLASS I PRICE SCHEDULE

[Class I price per hundredweight]

Formula index	Jan., Feb., Mar., July, Aug., Sept.	Apr., May, June	Oct., Nov., Dec.
116.3–120.3	$3.44	$3.04	$3.84
124.1–128.1	3.64	3.24	4.04
131.9–135.9	3.84	3.44	4.24
139.6–143.6	4.04	3.64	4.44
147.4–151.4	4.24	3.84	4.64
155.2–159.2	4.44	4.04	4.84
163.0–167.0	4.64	4.24	5.04
170.8–174.8	4.84	4.44	5.24
178.5–182.5	5.04	4.64	5.44
186.3–190.3	5.24	4.84	5.64
194.1–198.1	5.44	5.04	5.84
201.9–205.9	5.64	5.24	6.04
209.7–213.7	5.84	5.44	6.24
217.5–221.5	6.04	5.64	6.44
225.2–229.2	6.24	5.84	6.64
233.0–237.0	6.44	6.04	6.84
240.8–244.8	6.64	6.24	7.04
248.6–252.6	6.84	6.44	7.24
256.4–260.4	7.01	6.64	7.44

If the formula index is more than 260.4, this table shall be extended at the same rate as in the three highest index brackets shown above.

(vii) For any calendar quarter the Class I price shall be 40 cents more than the price prescribed in subdivision (vi) of this subparagraph, if receipts of milk from producers during the 12-month period ending with the second preceding month, excluding receipts at plants which were not producer milk plants during 3 consecutive months, are less than 115 percent of total Class I sales by handlers in the same period; except that a price adjustment pursuant to this subdivision shall not exceed an amount which will result in a Class I price equal to the Class I price for the same quarter of the preceding year plus 80 cents: *And provided*, That the price adjustment described in this subparagraph shall not be effective until the calendar quarter following 12 calendar months after the effective date of this order amending the order as amended.

(viii) For any calendar quarter the Class I price shall be 40 cents less than the price prescribed in subdivision (vi) of this subparagraph, if receipts of milk from producers during the 12-month period ending with the second preceding month, excluding receipts at plants which were not producer milk plants during 3 consecutive months, are more than 137 percent of total Class I sales by handlers in the same period; except that a price adjustment pursuant to this subdivision shall not exceed an amount which will result in a Class I price equal to the Class I price for the same quarter of the preceding year minus 80 cents: *And provided*, That the price adjustment described in this subparagraph shall not be effective until the calendar quarter following 12 calendar months after the effective date of this order amending the order as amended.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

Issued at Washington, D. C., this 9th day of March 1951 to be effective on and after the 1st day of April 1951.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

[F. R. Doc. 51-3289; Filed, Mar. 13, 1951; 8:55 a. m.]

TITLE 24—HOUSING AND HOUSING CREDIT

Chapter VIII—Office of Housing Expediter

[Controlled Housing Rent Reg., Amdt. 358]

[Controlled Rooms in Rooming Houses and Other Establishments Rent Reg., Amdt. 353]

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

CERTAIN STATES, ALASKA, AND PUERTO RICO

Amendment 358 to the Controlled Housing Rent Regulation (§§ 825.1 to 825.12) and Amendment 353 to the Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments (§§ 825.81 to 825.92). Said regulations are amended in the following respects:

A. The following new items are incorporated in Schedule C:

Name of defense-rental area	State	Localities affected by declarations for continuation of rent control after Mar. 31, 1951
(175c) Missoula	Montana	In Missoula County, the city of Missoula.
(216) Goldsboro	North Carolina	In Wayne County, the city of Goldsboro.
(352) Puget Sound	Washington	In King County, the city of Renton.
(354) Walla Walla	do	In Walla Walla County, the city of Walla Walla, and all unincorporated localities.
		In Franklin County, all unincorporated localities.
		In Benton County, all unincorporated localities in the precincts of Finley, South Kennewick, Kennewick Valley, Kennewick, Kennewick Gardens, and Richland.

This adds to Schedule C (1) the City of Renton, Washington, as of December 12, 1950, (2) the City of Walla Walla, Washington, and all unincorporated localities in the Defense-Rental Area, said City of Walla Walla being the major portion of the Defense-Rental Area, as of December 13, 1950, (3) the City of Missoula, Montana, as of December 20, 1950, and (4) the City of Goldsboro, North Carolina, as of February 23, 1951.

B. In Schedule C, the description of localities affected by declarations for continuation of rent control after March 31, 1951 is amended with respect to certain Defense-Rental Areas to read as follows:

1. (34) Richmond-Vallejo, California, Defense-Rental Area:

In Contra Costa County, the Cities of Richmond and San Pablo; and in Solano County, the City of Benicia.

This adds to Schedule C the City of Richmond, California, as of February 13, 1951.

2. (47) Bridgeport, Connecticut, Defense-Rental Area:

In Fairfield County, the Cities of Bridgeport and Shelton, the Town of Stratford, and all unincorporated localities, if any, in the Towns of Easton, Fairfield, Trumbull and Westport.

In the remainder of Fairfield County, the Cities of Danbury and Stamford, the Towns of Darien and Greenwich, and all unincorporated localities.

This adds to Schedule C the City of Shelton, Connecticut, as of November 20, 1950, and the City of Danbury, Connecticut, as of December 5, 1950.

3. (170) Kansas City, Missouri, Defense-Rental Area:

In Clay County, the Cities of Liberty and North Kansas City, and in Platte County, the City of Parkville.

This adds to Schedule C the City of North Kansas City, Missouri, as of October 17, 1950, and the City of Parkville, Missouri, as of February 5, 1951.

4. (188a) Southern New Jersey Defense-Rental Area:

In Burlington County, the Cities of Bordentown and Burlington, the Boroughs of Fieldsboro and Palmyra, the Townships of Hainesport, Moorestown, Mount Holly, and North Hanover, and all unincorporated localities; in Camden County, the Cities of Camden and Gloucester City, the Boroughs of Audubon Park, Barrington, Berlin, Chesilhurst, Clementon, Collingswood, Gibbsboro, Haddon Heights, Lawnside, Lindenwold, Magnolia, Mouth Ephraim, Oaklyn, Pine Hill, Runnemede, Somerdale, and Woodlynne, the Townships of Berlin and Gloucester, and all unincorporated localities; and in Gloucester County, the City of Woodbury, the Boroughs of Glassboro, Paulsboro, Swedesboro, and Wenonah, the Townships of Monroe and West Deptford, and all unincorporated localities.

This adds to Schedule C the following localities in the State of New Jersey:

(1) Borough of Paulsboro, and the Township of West Deptford as of November 7, 1950.

(2) City of Bordentown as of November 28, 1950.

(3) City of Woodbury as of December 12, 1950.

(4) All unincorporated localities in the Defense-Rental Area, said City of Woodbury being the major portion of the Defense-Rental Area, as of December 12, 1950.

5. (190) Northeastern New Jersey Defense-Rental Area:

In Bergen County, the Cities of Garfield and North Arlington, the Boroughs of Bergenfield, Bogota, Cliffside Park, Closter, Dumont, East Paterson, East Rutherford, Edgewater, Fair Lawn, Fairview, Fort Lee, Harrington Park, Leonia, Little Ferry, Lodi, Maywood, Moonachie, Norwood, Palisades Park, Ridgefield, Teterboro, Wallington, and Wood-Ridge, the Villages of Ridgefield Park, the Township of Teaneck and all unincorporated localities.

In Essex County, the Cities of East Orange, Newark, and Orange, the Towns of Belleville, Bloomfield, Nutley, and West Orange, the Township of Millburn, and all unincorporated localities.

In Hudson County, the Cities of Bayonne, Hoboken, Jersey City, and Union City, the Towns of Harrison, Kearny, Secaucus and West New York, the Townships of North Bergen and Weehawken, and all unincorporated localities.

In Middlesex County, the Cities of New Brunswick and Perth Amboy, the Boroughs of Dunellen, Helmetta, Highland Park, Middlesex, South Plainfield and South River, the Townships of East Brunswick, North Brunswick, Piscataway, Raritan and Woodbridge, and all unincorporated localities.

In Monmouth County, the City of Long Branch, the Boroughs of Deal, Englishtown and Red Bank, and all unincorporated localities.

In Morris County, the Boroughs of Madison, Riverdale and Wharton, the Towns of Boonton, Dover and Morristown, the Townships of Denville, Hanover, Mine Hill and Passaic, and all unincorporated localities.

In Passaic County, the Cities of Clifton, Passaic and Paterson, and all unincorporated localities.

In Somerset County, the Boroughs of Manville, North Plainfield, Raritan, Somerville and South Bound Brook, the Township of Hillsborough, and all unincorporated localities.

In Union County, the Cities of Elizabeth, Linden, Plainfield, Rahway and Summit, the Boroughs of Garwood, Roselle and Roselle Park, the Townships of Cranford, Hillside and Union, and all unincorporated localities.

This adds to Schedule C the following localities in the State of New Jersey:

(1) Town of West Orange as of October 3, 1950.

(2) Borough of Fair Lawn as of October 10, 1950.

(3) Borough of Ridgefield as of February 20, 1951.

6. (197) Roswell, New Mexico, Defense-Rental Area:

In Chaves County, the City of Roswell, and all unincorporated localities.

In Otero County, the City of Alamogordo, and all unincorporated localities.

This adds to Schedule C the City of Roswell, New Mexico, and all unincorporated localities in the Defense-Rental Area, said City of Roswell being the major portion of the Defense-Rental Area as of February 19, 1951.

7. (229) Columbus, Ohio, Defense-Rental Area:

In Franklin County, the Cities of Columbus and Grandview Heights, the Village of Whitehall, and all unincorporated localities.

In Licking County, the City of Newark and all unincorporated localities, if any, in the Townships of Madison and Newark.

This adds to Schedule C the Village of Whitehall, Ohio, as of February 7, 1951.

8. (233) Lorain-Elyria, Ohio, Defense-Rental Area:

In Lorain County, the City of Lorain, and the Villages of Grafton and South Amherst.

This adds to Schedule C the City of Lorain, Ohio, as of November 20, 1950.

9. (257) Allentown-Bethlehem, Pennsylvania, Defense-Rental Area:

In Lehigh County (exclusive of the Townships of Heidelberg, Lowhill, Lower Macungie, Lower Milford, Lynn, Upper Macungie, Upper Milford, Washington and Weisenberg, and the Boroughs of Albertis, Macungie and Slatington), the City of Allentown, the Townships of Salisbury and Whitehall, and all unincorporated localities; and in Northampton County (exclusive of the Townships of Bushkill, Lehigh, Lower Mount Bethel, Moore, Plainfield, Upper Mount Bethel and Washington, and the Boroughs of Bangor, Chapman, East Bangor, Penn Argyl, Portland, Roseto, Walnutport and Wind Gap), the City of Easton, the Borough of Hellertown, the Township of Allen, and all unincorporated localities.

This adds to Schedule C the Borough of Hellertown, Pennsylvania, as of December 20, 1950.

10. (258) Altoona-Johnstown, Pennsylvania, Defense-Rental Area:

In Blair County, the unincorporated localities, if any, in the Townships of Allegheny, Antis, Blair, Frankstown, Logan and Snyder; in Cambria County, the City of Johnstown, the Boroughs of Barnesboro, Brownstown, Ebensburg, Franklin, Gallitzin, Geistown, Lorain, Nanty-Glo, Scalp Level and South Fork, and all unincorporated localities; and in Somerset County, the Boroughs of Boswell, Central City, Garrett, Hooversville, Meyersdale, Paint and Windber, and all unincorporated localities, if any, in the Townships of Black, Conemough, Jenner, Lincoln, Ogle, Paint, Shade, Somerset, Summit and Quemahoning.

This adds to Schedule C the Borough of Paint, Pennsylvania, as of September 18, 1950.

11. (266) Philadelphia, Pennsylvania, Defense-Rental Area:

In Bucks County, the Boroughs of Bristol, Quakertown and Riegelsville, and all unincorporated localities; in Chester County, the Boroughs of Kennett Square and Phoenixville, and all unincorporated localities; in Delaware County (exclusive of the Borough of Swarthmore), the Boroughs of Clifton Heights, Collingdale, Eddystone, Folcroft, Glenolden, Marcus Hook, Millbourne, Norwood and Sharon Hill, the Township of Ridley, and all unincorporated localities, including Upper Darby Township; in Montgomery County, the Boroughs of Ambler, Conshohocken, Jenkintown, Norristown, Pottstown and West Conshohocken, and all unincorporated localities; and the County and City of Philadelphia.

This adds to Schedule C the Borough of Norristown, Pennsylvania, as of November 8, 1950.

12. (267) Pittsburgh, Pennsylvania, Defense-Rental Area:

In Allegheny County (exclusive of Mount Lebanon Township), the Cities of Clairton, Duquesne, McKeesport and Pittsburgh, the Boroughs of Blawnox, Brackenridge, Braddock, Braddock Hills, Bridgeville, Carnegie, Castle Shannon, Cheswick, Coraopolis, Dravosburg, East McKeesport, East Pittsburgh, Eden Park, Etna, Glassport, Homestead, Leetsdale, Liberty, McKee's Rocks, Millvale, Munhall, North Braddock, Pitcairn, Rankin, Sharpsburg, Swissvale, Turtle Creek, Versailles, Wall, West Elizabeth, West Homestead, West Mifflin and Wilmerding, the Townships of Baldwin, Harrison, Jefferson, Leet, Neville, Reserve, Sewickley, South Versailles, Springdale, Stowe and West Deer, and all unincorporated localities.

In Armstrong County, the Boroughs of Ford City, Kittaning and Leechburg, and all unincorporated localities.

In Beaver County, the City of Beaver Falls, the Borough of Aliquippa, Ambridge, Baden, Bridgewater, Freedom, Koppell, Midland and Monaca, the Townships of Borough and Chippewa, and all unincorporated localities.

In Butler County, all unincorporated localities, if any, in the Townships of Adams, Butler, Jackson and Slippery Rock.

In Fayette County (exclusive of the Townships of Henry Clay, Stewart and Wharton), the City of Connellsville, the Boroughs of Belle Vernon, Everson, Masontown and South Connellsville, the Township of Franklin, and all unincorporated localities.

In Greene County, the Township of Jefferson and all unincorporated localities, if any, in the Townships of Cumberland, Dunkard, Franklin, Monongahela and Morgan.

In Lawrence County, the Borough of Elwood City and all unincorporated localities.

In Washington County (exclusive of the Townships of East Finley, Morris, South Franklin and West Finley), the City of Monongahela, the Boroughs of Allenport, Beallsville, Bentleyville, Burgettstown, California, Canonsburg, Charleroi, Coal Center, Donora, Dunlevy, Elco, New Eagle, North Charleroi, Roscoe, Stockdale and West Brownsville, the Township of North Strabane, and all unincorporated localities.

In Westmoreland County, the Cities of Arnold, Jeannette, Monessen and New Kensington, the Boroughs of East Vandergrift, Export, Manor, North Belle Vernon, Penn, South Greensburg, Southwest Greensburg, Trafford and West Newton, the Township of East Huntingdon, and all unincorporated localities.

This adds to Schedule C the Borough of Dunlevy, Pennsylvania, as of September 12, 1950 and the Borough of Trafford, Pennsylvania, as of February 5, 1951.

13. (269a) Scranton-Wilkes-Barre, Pennsylvania, Defense-Rental Area:

In Carbon County, the Boroughs of East Mauch Chunk, Lansford, Mauch Chunk and Weatherly; in Lackawanna County, the Boroughs of Dickson City, Jermyn, Mayfield, Olyphant, Vandling and Winton; in Luzerne County, the Cities of Hazleton, Nanticoke, Wilkes-Barre and the Boroughs of Dupont, Edwardsville, Exeter, Forty Fort, Hughestown, Kingston, Larksville, Luzerne, Plymouth, Pringle, Shickshinny, West Hazelton and West Wyoming; and in Schuylkill County, the City of Pottsville and the Boroughs of Ashland, Frackville, McAdoo, Shenandoah and Tamaqua.

This adds to Schedule C the following localities in the State of Pennsylvania:

(1) Borough of Frackville as of November 8, 1950.

(2) Borough of Vandling as of December 12, 1950.

(3) Borough of Olyphant as of December 18, 1950.

(4) City of Hazleton as of December 29, 1950.

(5) Borough of Larksville as of February 5, 1951.

14. (272) Williamsport, Pennsylvania, Defense-Rental Area:

In Lycoming County, the City of Williamsport and all unincorporated localities, if any, in the Townships of Armstrong, Loyalsock and Old Lycoming.

In Columbia County, all unincorporated localities, if any, in the Township of Scott and the Town of Bloomsburg; in Northumberland County, the Cities of Shamokin and Sunbury, and all unincorporated localities, if any, in the Townships of Coal, Upper Augusta, Point and Rockefeller; in Snyder County, the Borough of Selinsgrove, and all unincorporated localities, if any, in the townships of Monroe and Penn; and in Union County, the Borough of Lewisburg and all unincorporated localities, if any, in the Townships of Buffalo and East Buffalo.

In Clinton County, the City of Lock Haven, the Borough of Renova, and all unincorporated localities, if any, in the Townships of Bald Eagle, Castanea, Dunnstable, Allison, Pine Creek, Wayne and Woodward.

This adds to Schedule C the Borough of Selinsgrove, Pennsylvania, as of November 7, 1950.

15. (357) Morgantown, West Virginia, Defense-Rental Area:

In Marion County, the Towns of Grant Town and Monongah; and in Monongalia County, the Towns of Granville and Star City.

This adds to Schedule C the Town of Star City, West Virginia, as of January 30, 1951, and the Town of Granville, West Virginia, as of January 31, 1951.

16. (359) Wheeling-Steubenville, West Virginia, Defense-Rental Area:

In Belmont County, the Cities of Bellaire, Bethesda and Martins Ferry; in Columbiana County, the Cities of East Liverpool and East Palestine; and in Jefferson County the City

of Steubenville and the Villages of Brilliant, Tiltonsville, Wintersville, and Yorkville.

This adds to Schedule C the following localities in the State of Ohio:

(1) City of Martins Ferry as of August 5, 1950.

(2) City of Bellaire as of August 19, 1950.

(3) City of East Palestine as of October 2, 1950.

(4) Village of Brilliant as of October 13, 1950.

(5) City of East Liverpool as of November 7, 1950.

(6) Village of Wintersville as of December 7, 1950.

17. (370) Alaska Defense-Rental Area:

In the Territory of Alaska, the Cities of Anchorage, Fairbanks and Juneau, and the Town of Petersburg.

This adds to Schedule C the City of Anchorage, Alaska, as of January 26, 1951, and the City of Fairbanks, Alaska, as of February 5, 1951.

18. (371) Puerto Rico Defense-Rental Area:

In Puerto Rico, all unincorporated localities and the Municipalities of Adjuntas, Aguada, Aguadilla, Aguas Buenas, Aibonito, Anasco, Arecibo, Arroyo, Barceloneat, Barranquitas, Bayamon, Cabo Rojo, Caguas, Camuy, Carolina, Catano, Cayey, Ceiba, Ciales, Cidra, Coamo, Comerio, Corozal, Culebra, Dorado, Fajardo, Guanica, Guayama, Gueyanilla, Gurabo, Hatillo, Hormigueros, Humacao, Isabella, Jayuya, Juana Diaz, Juncos, Lajas, Lares, Las Marias, Las Piedras, Loiza, Luquillo, Manati, Maricao, Maunabo, Mayaguez, Moca, Morovis, Naguabo, Naranjito, Orocovis, Patillas, Penuelas, Ponce, Quebradillas, Rincon, Rio Grande, Rio Piedras, Sabana Grande, Salinas, San German, San Juan, San Lorenza, San Sebastian, Santa Isabel, Toa Alta, Toa Baja, Trujillo Alto, Utuado, Vega Alta, Vega Baja, Vieques, Villalba, Yabucoa and Yauco.

This adds to Schedule C the Municipality of Anasco, Puerto Rico, as of December 22, 1950.

All the foregoing additions to Schedule C are based on declarations made on the dates specified above in accordance with section 204 (f) (1) of the Housing and Rent Act of 1947, as amended.

(Sec. 204, 61 Stat. 197, as amended; 50 U. S. C. App. Sup. 1894.)

This amendment shall be effective with respect to each locality covered thereby as of the date on which the declaration affecting that locality was made.

Issued this 9th day of March 1951.

TIGHE E. WOODS,
Housing Expediter.

[F. R. Doc. 51-3270; Filed, Mar. 13, 1951; 8:51 a. m.]

TITLE 18—CONSERVATION OF POWER

Chapter I—Federal Power Commission

[Order No. 158; Docket No. R-116]

PART 35—FILING OF RATE SCHEDULES

CHANGES RELATING TO SUSPENDED RATE SCHEDULES OR PARTS THEREOF

MARCH 6, 1951.

In the matter of amendment of Part 35 of the general rules and regulations to govern the withdrawal of, and changes in, suspended rate schedules or parts thereof, and changes in rate schedules or parts thereof theretofore in effect proposed to be changed by the suspended filings; Docket No. R-116.

By this order, the Federal Power Commission is adding a new § 35.13 to Part 35, Filing of Rate Schedules, of Subchapter B, regulations under the Federal Power Act, of Chapter I, Federal Power Commission, Title 18, Conservation of Power, of the Code of Federal Regulations. The new section is designed to clarify the procedures available to "public utilities", as defined in Part II of the Federal Power Act, for the withdrawal of a suspended rate schedule, for filing changes in a suspended rate schedule, and for filing changes during the suspension period in rate schedules continued in effect by reason of the suspension of a proposed change. The Commission has been aware for some time that there is uncertainty on these matters among those interested.

Paragraph (a) of the new section provides that during the period of suspension suspended rate filings may not be withdrawn without Commission permission; paragraph (b) of the new section provides that changes may not be made in suspended rate filings during the period of suspension without Commission permission; and, similarly, paragraph (c) prohibits changes without Commission approval during the period of suspension in a rate filing continued in effect by reason of a Commission suspension of a proposed change thereto.

The provisions of the new § 35.13 effectuate the primary purpose for suspension of rate schedules, namely, the maintenance of the status quo until due inquiry has disclosed the propriety, or lack thereof, of the proposed change. Unrestrained filing of changes upon changes would preclude orderly determination of issues and would be productive of uncertainty regarding the effective rates and charges, nullifying the definiteness and certainty which filing requirements are intended to afford consumers and other interested parties.

Notice of the proposed rule making was given by mailing a copy thereof to each public utility and licensee subject to the Federal Power Act and to interested State and Federal agencies and by publication in the FEDERAL REGISTER on May 10, 1950 (15 F. R. 2783). In giving notice of the proposed amendment, the Commission invited all interested persons to submit data, views and comments in writing.

In the only response received objection was made to the provisions of paragraph (a) of § 35.13 permitting withdrawals only on 30 days' notice unless the Commission, upon application, permitted a withdrawal notice to take effect in less than 30 days. The objection was that such provision precluded concurrent filings of withdrawals of suspended rate schedules under paragraph (a) and of new proposals under paragraph (c). This objection is no longer applicable, since paragraph (a), as herein promulgated, prescribes no specific time period for effectiveness of withdrawals, all withdrawals requiring Commission approval. Thus, the conditions for withdrawals and filing of new proposals are the same under paragraphs (a) and (c).

No request has been made for a hearing on the proposed amendment or the suggestion or recommendation submitted with respect thereto, and hearing would not be of assistance to a determination by the Commission.

Upon consideration of the proposed amendment, the purpose thereof and the response referred to above, the Commission finds:

(1) The proposed amendment represents matters of practice or procedure which do not require a hearing under section 4 (a) of the Administrative Procedure Act.

(2) The proposed amendment is necessary or appropriate for purposes of administration of the Federal Power Act.

The Commission, acting pursuant to authority granted by the Federal Power Act, particularly sections 205 and 309 (49 Stat. 851, 858, 859; 16 U. S. C. 824d, 825h), orders:

(A) Part 35 of the general rules and regulations be amended by the addition thereto of a new section to read as follows:

§ 35.13 *Changes relating to suspended rate schedules or parts thereof*—(a) *Withdrawal of suspended rate schedules or parts thereof.* Where a rate schedule or part thereof has been suspended by the Commission, it may be withdrawn during the period of suspension only by special permission of the Commission upon application therefor and for good cause shown.

(b) *Changes in suspended rate schedules or parts thereof.* A public utility may not, within the period of suspension, file any change in a rate schedule or part thereof which has been suspended by order of the Commission except by special permission of the commission granted upon application therefor and for good cause shown.

(c) *Changes in rate schedules or parts thereof continued in effect and which were proposed to be changed by the suspended filing.* A public utility may not, within the period of suspension, file any change in a rate schedule or part thereof continued in effect by operation of an order of suspension and which was proposed to be changed by the suspended filing except by special permission of the Commission granted upon application therefor and for good cause shown.

(B) The amendments prescribed by this order shall become effective May 1, 1951.

(C) The Secretary of the Commission shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

(Sec. 309, 49 Stat. 858; 16 U. S. C. 825h. Interprets or applies secs. 10, 19, 20, 41 Stat. 1068, as amended, 1073, secs. 205, 206, 49 Stat. 851, 852; 16 U. S. C. 803, 812, 813, 824d, 824e)

Date of issuance: March 13, 1951.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 51-3251; Filed, Mar. 13, 1951; 8:47 a. m.]

[Order No. 159; Docket No. R-117]

PART 154—RATE SCHEDULES AND TARIFFS

CHANGES RELATING TO SUSPENDED TARIFFS, EXECUTED SERVICE AGREEMENTS OR PARTS THEREOF

MARCH 6, 1951.

In the matter of amendment of Part 154 of the general rules and regulations to govern the withdrawal of and changes in suspended rate schedules or parts thereof, and changes in rate schedules or parts thereof theretofore in effect proposed to be changed by the suspended filings; Docket No. R-117.

By this order, the Federal Power Commission is adding a new § 154.66 to Part 154, Rate Schedules and Tariffs, of Subchapter E—Regulations under Natural Gas Act, of Chapter I—Federal Power Commission, Title 18—Conservation of Power, of the Code of Federal Regulations. The new section is designed to clarify the procedures available to "natural-gas companies", as defined in the Natural Gas Act, for the withdrawal of a suspended rate schedule or tariff, for filing changes in a suspended rate schedule or tariff, and for filing changes during the suspension period in rate schedules or tariffs continued in effect by reason of the suspension of a proposed change. The Commission has been aware for some time that there is uncertainty on these matters among those interested.

Paragraph (a) of the new section provides that during the period of suspension rate filings may not be withdrawn without Commission permission; paragraph (b) of the new section provides that changes may not be made in suspended rate filings during the period of suspension without Commission permission; and, similarly, paragraph (c) prohibits changes, without Commission approval during the period of suspension, in a rate filing continued in effect by reason of a Commission suspension of a proposed change thereto.

Notice of the proposed rule making was given by mailing a copy thereof to each natural-gas company subject to the Natural Gas Act and to interested State and Federal agencies and by publication in the FEDERAL REGISTER on May 10, 1950 (15 F. R. 2783). In giving notice of the proposed amendment, the Commission invited all interested persons to submit data, views and comments in writing.

Responses were received from or on behalf of six natural-gas companies in which various objections were raised against the proposed rule. In substance, the objections are that the proposed rule is beyond the Commission's authority under the Natural Gas Act and is neither necessary nor desirable in that the proposed rule will permit withdrawals of suspended tariffs to be made only after the expiration of a specified period of time, will permit changes in suspended tariffs to be filed during the period of suspension only with Commission permission, and will preclude concurrent withdrawals of suspended tariffs and the filings of new tariffs. We find no merit in these objections.

As to the need for the rule, the fact that there is uncertainty among natural-gas companies respecting their rights in regard to suspended rate filings is ample reason for the clear enunciation in rule form of the conditions under which suspended filings may be withdrawn or new filings made during the period of suspension, both as to changes in the suspended tariff and changes in the tariff continued in effect by reason of the suspension.

As for the objections which argue lack of authority in the Commission and the right of natural-gas companies to file changes without restriction during the period of suspension, it seems sufficient to point out that the provisions of the new § 154.66 effectuate the primary purpose for suspension of changes in rate schedules or tariffs, namely, the maintenance of the status quo until due inquiry has disclosed the propriety, or lack thereof, of the proposed changes. Unrestrained filing of changes upon changes would preclude orderly determination of issues and would be productive of uncertainty regarding the effective rates and charges, nullifying the definiteness and certainty which filing requirements are intended to afford consumers and other interested parties. The exercise of the authority contemplated by the new § 154.66 is a necessary incident to the authority vested in the Commission by section 4 of the Natural Gas Act, and additionally finds ample support in section 16, which provides that the "Commission shall have power * * * to prescribe * * * such orders, rules, and regulations as it may find necessary or appropriate to carry out the provisions of this act." There can be no question that what is proposed in § 154.66 is necessary or appropriate to effectuate the provisions of section 4 and we so find. Moreover, referring specifically to the objection that the proposed rule would preclude concurrent filings of withdrawals of suspended tariffs and of new proposals, it may be noted that this objection is no longer applicable since paragraph (a), as herein promulgated, prescribes no specific time period for effectiveness of withdrawals, all withdrawals requiring Commission approval. Thus, the conditions for withdrawals and filing of new proposals have been made the same.

Only one request for a hearing on the proposed amendment on the suggestions or recommendations submitted with respect thereto was made by Northern Natural Gas Company. A hearing, however, is not necessary and would not aid a determination by the Commission.

Upon consideration of the proposed amendment, the purposes thereof and the responses referred to above, the Commission further finds:

(1) The proposed amendment represents matters of practice or procedure which do not require a hearing under section 4 (a) of the Administrative Procedure Act.

(2) The proposed amendment is necessary or appropriate for purposes of administration of the Natural Gas Act.

The Commission, acting pursuant to authority granted by the Natural Gas Act, particularly sections 4 and 16 (52 Stat. 821–833; 822, 830; 15 U. S. C. 717–717w; 717c, 717o), orders:

(A) Part 154 of the general rules and regulations be amended by the addition thereto of a new section to reads as follows:

§ 154.66 *Changes relating to suspended tariffs, executed service agreements or parts thereof*—(a) *Withdrawal of suspended tariffs, executed service agreements or parts thereof.* Where a tariff, executed service agreement or part thereof has been suspended by the Commission, it may be withdrawn during the period of suspension only by special permission of the Commission upon application therefor and for good cause shown.

(b) *Changes in suspended tariffs, executed service agreements or parts thereof.* A natural-gas company may not, within the period of suspension, file any change in a tariff, executed service agreement or part thereof which has been suspended by order of the Commission except by special permission of the Commission granted upon application therefor and for good cause shown.

(c) *Changes in tariffs, executed service agreement or parts thereof continued in effect, and which were to be changed by the suspended filing.* A natural-gas company may not, within the period of suspension, file any change in a tariff, executed service agreement or part thereof continued in effect by operation of the order of suspension, and which was proposed to be changed by the suspending filing, except by special permission of the Commission granted upon application therefor and for good cause shown.

(B) The amendments prescribed by this order shall become effect May 1, 1951.

(C) The Secretary of the Commission shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

(Sec. 16, 52 Stat. 830; 15 U. S. C. 717o. Interprets or applies sec. 4, 52 Stat. 822; 15 U. S. C. 717c)

Date of issuance: March 13, 1951.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter A—Income and Excess Profits Taxes

[T. D. 5832]

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

EXCLUSION FROM GROSS INCOME FOR MEMBERS OF ARMED FORCES SERVING IN COMBAT AREAS

On December 13, 1950, notice of proposed rule making, regarding amendments to the income tax regulations made

necessary by section 202 (a) of the Revenue Act of 1950, approved September 23, 1950, was published in the FEDERAL REGISTER (15 F. R. 8825). No objection to the rules proposed having been received, the amendments to Regulations 111 (26 CFR Part 29) set forth below are hereby adopted:

PARAGRAPH 1. There is inserted immediately preceding § 29.22 (b) (13)–1 the following:

SEC. 202. INCOME TAX EXEMPTIONS FOR MEMBERS OF THE ARMED FORCES SERVING IN COMBAT AREAS (REVENUE ACT OF 1950, APPROVED SEPTEMBER 23, 1950).

(a) *Exclusion from gross income.* Section 22 (b) (13) (relating to exclusions from gross income) is hereby amended to read as follows:

(13) *Additional allowance for certain members of the Armed Forces*—(A) *Enlisted personnel.* Compensation received for active service as a member below the grade of commissioned officer in the armed forces of the United States for any month during any part of which such member served in a combat zone after June 24, 1950, and prior to January 1, 1952.

(B) *Commissioned officers.* In the case of compensation received for active service as a commissioned officer in the armed forces of the United States for any month during any part of which such officer served in a combat zone after June 24, 1950, and prior to January 1, 1952, so much of such compensation as does not exceed $200.

(C) *Definitions.* For the purposes of this paragraph—

(i) The term "commissioned officer" does not include a commissioned warrant officer;

(ii) The term "combat zone" means any area which the President of the United States by Executive Order designates, for the purposes of this paragraph, as an area in which Armed Forces of the United States are or have (after June 24, 1950) engaged in combat;

(iii) Service is performed in a combat zone only if performed on or after the date designated by the President by Executive Order as the date of the commencing of combatant activities in such zone, and on or before the date designated by the President by Executive Order as the date of the termination of combatant activities in such zone; and

(iv) The term "compensation" does not include pensions and retirement pay.

* * * * * *

PAR. 2. Section 29.22 (b) (13)–1, as amended by Treasury Decision 5645, approved July 20, 1948, is hereby further amended by changing the heading thereof to read as follows: "*Compensation of members of military and naval forces received prior to January 1, 1949.*"

PAR. 3. There is inserted immediately after § 29.22 (b) (13)–1 the following:

§ 29.22 (b) (13)–2 *Compensation of members of the armed forces of the United States for service in a combat zone after June 24, 1950, and prior to January 1, 1952.* In addition to the exemptions and credits otherwise applicable, section 22 (b) (13) provides that there shall be excluded from gross income:

(a) Compensation received for active service as a member below the grade of commissioned officer in the armed forces of the United States for any month during any part of which such member served in a combat zone after June 24, 1950, and prior to January 1, 1952.

(b) In the case of compensation received for active service as a commissioned officer in the armed forces of the United States for any month during any part of which such officer served in a combat zone after June 24, 1950, and prior to January 1, 1952, so much of such compensation as does not exceed $200.

The exclusions under section 22 (b) (13) and this section are applicable only if active service is performed in a combat zone after June 24, 1950, and prior to January 1, 1952. Compensation is subject to exclusion whether or not it is received outside a combat zone or in a year (including a year after 1951) different from that in which such service is performed. Service is performed in a combat zone only if it is performed in an area which the President of the United States has designated by Executive order, for the purpose of section 22 (b) (13), as an area in which armed forces of the United States are or have (after June 24, 1950) engaged in combat, and only if it is performed on or after the date designated by the President by Executive order as the date of the commencing of combatant activities in such zone and on or before the date designated by the President by Executive order as the date of the termination of combatant activities in such zone. If a member of the armed forces serves in a combat zone for any part of a month, he is entitled to the exclusion for such month to the same extent as if he had served in such zone for the entire month.

The term "commissioned officer" does not include a commissioned warrant officer, and, accordingly, a commissioned warrant officer is entitled to the exclusion allowed to enlisted personnel under section 22 (b) (13) (A). The term "compensation", for the purpose of this section, does not include pensions and retirement pay. As to who are members of the armed forces, see § 29.3797–11.

These exclusions are applicable without regard to the marital status of the recipient of the compensation, and if a husband and wife both meet the requirements of the statute, then each is entitled to the benefit of an exclusion. In the case of a husband and wife domiciled in a State recognized for Federal income tax purposes as a community property State, any exclusion from gross income under section 22 (b) (13) operates before apportionment of the gross income of the spouses in accordance with community property law. For example, a man and his wife are domiciled in a community property State and he is entitled, as a commissioned officer, to the benefit of the exclusion of $200 for each month under section 22 (b) (13) (B). He receives $1,000 as compensation for active service for three months in a combat zone. Of such amount, $600 is excluded from gross income under section 22 (b) (13) (B) and only $400 is taken into account in determining the gross income of both husband and wife.

A member of the armed forces is in active service if he is actually serving in the armed forces. Periods during which a member of the armed forces is absent from duty on account of sickness, wounds, leave, internment by the enemy, or other lawful cause are periods of active service. A member of the armed forces in active service in a combat zone who there becomes a prisoner of war or missing in action is deemed, for the purpose of section 22 (b) (13) and this section, to continue in active service in the combat zone for the period for which he is entitled to such status for military pay purposes. These exclusions apply to compensation received by a member of the armed forces for services rendered while in active service even though payment is received subsequent to discharge or release from active service. Compensation credited to a decedent's account for a period subsequent to the established date of his death and received by his estate will be excluded under section 22 (b) (13) from the gross income of the estate to the same extent that it would have been excluded from the gross income of the decedent if he had lived and received such compensation.

PAR. 4. Section 29.3797–11 is hereby amended to read as follows:

§ 29.3797–11 *Military or naval forces and armed forces of the United States.* The term "military or naval forces of the United States" and the term "armed forces of the United States" each includes all regular and reserve components of the uniformed services which are subject to the jurisdiction of the Secretary of Defense, the Secretary of the Army, the Secretary of the Navy, or the Secretary of the Air Force. The terms also include the Coast Guard. The members of such forces include commissioned officers and the personnel below the grade of commissioned officer in such forces.

(53 Stat. 32, 467; 26 U. S. C. 62, 3791)

[SEAL] FRED S. MARTIN,
Acting Commissioner of Internal Revenue.

Approved: March 8, 1951.

THOMAS J. LYNCH,
Acting Secretary of the Treasury.

[F. R. Doc. 51–3242; Filed, Mar. 13, 1951; 8:45 a. m.]

[T. D. 5835]

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

TIME EXTENDED FOR FILING INCOME AND EXCESS PROFITS TAX RETURNS OF MEMBERS OF A GROUP OF AFFILIATED CORPORATIONS FOR TAXABLE YEARS ENDING AFTER JUNE 30, 1950, AND BEFORE MARCH 1, 1951

Pursuant to the authority contained in section 53 (a) (2) of the Internal Revenue Code, the time for filing the return for a taxable year ending after June 30, 1950, and before March 1, 1951, by a corporation having the privilege of making a consolidated return for such taxable year under section 141 of the Code (as amended by section 301 of the Excess Profits Tax Act of 1950, approved January 3, 1951) is hereby extended to and including June 15, 1951.

Inasmuch as this Treasury decision cannot effectuate its purpose unless it is promulgated immediately, it is found that it is impracticable to issue this Treasury decision with notice and public procedure thereon under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946, or subject to the effective date limitation of section 4 (c) of such act.

(53 Stat. 32, 467; 26 U. S. C. 62, 3791)

[SEAL] GEO. J. SCHOENEMAN,
Commissioner of Internal Revenue.

Approved: March 13, 1951.

THOMAS J. LYNCH,
Acting Secretary of the Treasury.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 11]

CPR 11—RESTAURANTS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Ceiling Price Regulation 11 is hereby issued.

STATEMENT OF CONSIDERATIONS

The General Ceiling Price Regulation was issued on January 26, 1951, essentially as a "stop-gap" measure, in order to bring under immediate control the prices of most goods and services at all levels of production and distribution. At the time of its issuance, it was recognized that its provisions were not well-suited to all classes of trade or business, and that it would have to be replaced by other regulations, tailored to meet the needs of individual commodities or levels of production or distribution.

The General Ceiling Price Regulation exempts many agricultural commodities from price control because they are selling below the minimum prices required to be reflected to producers by section 402 (d) (3) of the Defense Production Act of 1950. Other foods were exempted which, because of unusual marketing factors and seasonal and perishable characteristics, made them subject to such sharp and unforeseeable price fluctuations as to make a price freeze inequitable. Thus, the regulation was not well adapted to restaurants because while their selling prices were generally frozen at their base period ceiling, the cost of many foods purchased by them was permitted to increase.

This regulation is designed to eliminate this inequity and to provide a temporary method of controlling restaurant prices until food prices are stabilized. It replaces the General Ceiling Price Regulation in the restaurant field and provides for a different type of price control based primarily on controlling the mark-up over the cost of food. Technically the regulation does not refer to mark-up. This is because it is not the industry's custom to use this term. Instead, the industry customarily utilizes and understands the phrase "food cost per dollar of sales" and this ratio reflects the mark-up. Under the regulation every restaurant must fix its prices so as to maintain during each four month period, commencing April 1, 1951, a "food cost per dollar of sales" no lower than it had in its base period. Thus while restaurants generally will be permitted to reflect increases in the cost of food to the restaurant, the operator will not be allowed a higher percentage mark-up than he experienced in his base period. Where reports and records are kept for the sales of alcoholic beverages and for food, the restaurant must maintain its ratio in each category.

This regulation does not permit restaurants to establish prices which reflect a mark-up any higher than the mark-up used during the calendar year 1949 or the pre-Korean twelve month period July 1, 1949–June 30, 1950. Because of seasonal factors affecting the industry, only a twelve month period will generally provide the fairest basis for computing the base rates. The twelve month period prior to June 30, 1950, was chosen, because it represents the most recent twelve month period prior to the outbreak of the Korean war. The calendar year of 1949, was permitted as an alternative, because many establishments would readily have available their total figures for sales and costs for such 1949 calendar year and would not necessarily be forced to prepare a new set of figures embracing portions of two calendar years. This alternative was designed to be helpful to the small operator. In addition, seasonal operators are permitted to compute their mark-up on a month-to-month basis and to compare their current monthly mark-up with the same month in the base year.

Every restaurant must be in compliance at the end of each four months' period beginning April 1, 1951. The Director of Price Stabilization was advised by members of the industry that this period of time was sufficient to give restaurant operators a full chance to adjust prices to obtain complete compliance by the end of each period. If a restaurant at the end of any four months' period exceeds the mark-up limitations, it is not only subject to the penalties prescribed in the Defense Production Act of 1950 but it must during the next four months' period so adjust its prices so as to make up the excess charges. In addition, its prices are frozen at the level prevailing in the period when the violation occurred. Theoretically an out-of-balance restaurant could get in compliance by raising prices and increasing substantially the portions of food served. This would increase its ratio of "food cost per dollar of sales" and lower its mark-up. The freeze provision was deemed necessary to prevent a violator from getting in compliance by raising prices.

The regulation further requires that if a restaurant offered combination meals such as plate lunches during the period January 16, 1951, through January 25, 1951, and it continues to serve combination meals, it may not advance the price of any one combination meal by a greater percentage than any other. Thus, while restaurants are permitted to increase the prices of plate lunches, as long as overall they observe their base period "food cost per dollar of sales", they cannot merely increase the low-prices plate lunches. The increase in prices of plate lunches must be by a uniform percentage from the lowest to the highest plate lunch offered. The meals offered must at least be comparable in quantity and quality to those offered in the base period. In addition, certain restaurants' service charges are frozen at levels of the highest price charged during specified base periods.

Thus restaurant prices are controlled in three ways. (1) By requiring restaurants to at least maintain their base period ratio of "food cost per dollar of sales"; (2) by preserving the January relationship between low and high priced combination meals; and (3) by freezing restaurant service charges. The restaurant business is one of the few which has experienced a decline in dollar volume in 1950 as compared to 1949 and 1948. In this situation these three methods are believed to provide an effective method of controlling restaurant prices until food costs level off.

The reporting requirements are designed to secure sufficient information to determine whether the "food cost per dollar of sales" is computed in accordance with the regulation and to ascertain which base period option has been chosen. Restaurants are required to preserve sufficient records, including means and invoices, so that it can be determined whether the ceiling prices fixed under this regulation are being observed, whether the "food cost per dollar of sales" was accurately and consistently computed in the base and the current period, and whether there has been a violation.

Separate rules are provided for new establishments. A restaurant in operation between July 1, 1950, and April 1, 1951, uses as its base period, its experience ratio during the period prior to the effective date when it was in operation. A restaurant that opens after the effective date uses, during its first four months, the prices of its nearest comparable competitor and after that its "food cost per dollar of sales" experience ratio during the first four months of operation. These ratios must be reported promptly and the Director may disapprove or revise the ratios for new establishments at any time. Special reporting requirements are established for new establishments in order to check the validity of the ratio employed and also to prevent an existing restaurant operator from closing and opening a new one in order to establish a more favorable ratio.

Under certain conditions meals served by hospitals, educational institutions, or fraternal, charitable, religious or cultural organizations, and eating cooperatives formed by personnel of the Armed Forces, are exempt.

In formulating this regulation the Director of Price Stabilization has consulted extensively with industry representatives and has given full consideration to their recommendations. In his judgment the provisions of this regulation are generally fair and equitable

and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950.

So far as practicable the Director of Price Stabilization gave due consideration to the national effort to achieve maximum production in furtherance of the objective of the Defense Production Act of 1950; to prices prevailing during the period from May 24, 1950, to June 24, 1950, inclusive; and to relevant factors of general applicability.

REGULATORY PROVISIONS

Sec.
1. What this regulation does.
2. Applicability and prohibitions.
3. Ceiling prices for restaurants.
4. Reporting for restaurants in operation prior to July 1, 1950.
5. Records for restaurants in operation prior to July 1, 1950.
6. Rules for new restaurants.
7. Group of restaurants under common control.
8. Transfers of business.
9. Exempt sales.
10. Petitions for amendments.
11. Penalties.
12. Evasions.

AUTHORITY: Sections 1 to 12 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply Title IV, Pub. Law 774, 81st Cong., E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.

SECTION 1. *What this regulation does.* This regulation establishes a method of fixing ceiling prices for food and beverages served by restaurants. The term "Restaurant" when used in this regulation includes any place, establishment, or location, whether temporary or permanent, at or from which any meals or prepared food or beverages are sold and any place from which food items and beverages (whether prepared or not) are sold primarily for consumption on the premises. It includes, but is not limited to, establishments such as restaurants, hotels (including room service), taverns, cafes, cafeterias, delicatessens, soda fountains, boarding houses, catering establishments, athletic stadiums, field kitchens, lunch wagons, hot dog carts, etc. The words "you" and "your" in this regulation refer to any person who owns or operates such an establishment. These ceiling prices supersede those established by the General Ceiling Price Regulation.

SEC. 2. *Applicability and prohibitions*—(a) *Applicability.* The provisions of this regulation are applicable to the United States, its territories and possessions and the District of Columbia.

(b) *When to begin using this regulation.* Beginning April 1, 1951, you must fix your prices in accordance with this regulation.

(c) *Prohibitions.* After the effective date of this regulation, regardless of any contract or other obligation, you shall not sell any meals, food items, beverages or services at prices which reflect a lower "food cost per dollar of sales" than is permitted by this regulation and you shall not sell at prices higher than the ceiling prices established by this regulation. You shall not buy in the regular course of business or trade any commodity or service at a price exceeding that established by any ceiling price regulation now or hereafter issued.

SEC. 3. *Ceiling prices for restaurants*—(a) *Ceiling prices for sale of foods and beverages.* Your ceiling prices are those prices which reflect a current "food cost per dollar of sales" no lower than the "food cost per dollar of sales" which you had in the base period. You must fix your prices so as to maintain during each four month period, beginning April 1, 1951, no lower "food cost per dollar of sales" than you had in your base period. "Food cost per dollar of sales" means the ratio between the total cost of "food" and the total sales. In computing your current food cost and your total sales, you shall use the same methods as those used in the base period. In computing your current food cost and total sales, you must treat taxes in the same way as in the base period. You may not add any item of expense into your food cost that you did not include in your base period. However, if it was your custom to include in your food cost some nominal non-food items such as ice, straws and napkins, you may continue to do so. "Food" includes beverages, both alcoholic and non-alcoholic unless you kept separate records showing the cost and gross sales of alcoholic beverages. If you kept separate records, your prices must be fixed in accordance with paragraph (b) of this section.

Example 1: During your base period your total cost of food was $50,000 and your total gross sales were $100,000; your "food cost per dollar of sales" was 50 cents. During the four month period beginning April 1, 1951, and ending July 31, 1951, your cost of food was $12,000. You must fix your prices so that your total gross sales do not exceed $24,000, and, therefore, your "food cost per dollar of sales" is not below $0.50.

Example 2: During the base period the cost of food in a meal selling for $1.00 was $0.50. The cost of food has now gone up to $0.55. You run the risk of exceeding your four month overall ratio if you price the same meal at more than $1.10.

Example 3: Assume that under the facts in Example 1, the cost of food goes down to $0.45. You run the risk of pricing yourself out of balance if you price the meal at more than $0.90.

(b) *Ceiling prices for the separate sales of alcoholic beverages and of food.* If during the base period you kept separate records showing the cost and the gross sales of alcoholic beverages, you must compute separately your "food cost per dollar of sales" and you must conform to the requirements of paragraph (a) of this section both for sales of alcoholic beverages and for sales of all other items.

Example: During your base period you kept separate records and you had a "food cost per dollar of sales" for alcoholic beverages of $0.35 and for food alone of $0.45. If during the period April 1, 1951, through July 31, 1951, your "food cost per dollar of sales" on alcoholic beverages is $0.30, you are in violation even if the rate on food alone is in line. You are also in violation even if, by reason of a higher than $0.45 cost for food alone, the "food cost per dollar of sales" of alcoholic beverages and food combined is not in excess of the combined ratio during your base period. If either the ratio for alcoholic beverages or for food alone is below the identical ratio for the base period, you are in violation.

(c) *Duty to lower prices if in violation.* If your "food cost per dollar of sales" is too low at the end of any one four month period, you are in violation of this regulation and subject to the penalties prescribed in the Defense Production Act of 1950. Moreover, until you are in compliance you shall not charge a higher price for any food or beverage item than the price charged for that item during the period when the violation occurred. In order to be in compliance, you must adjust your prices during the next four month period so that the "food cost per dollar of sales" computed for that four month period and for the eight month period is in balance. If you are still out of balance, you must continue to adjust your prices during each succeeding four month period until you are in compliance for the full period.

Example: Your "food cost per dollar of sales" is $0.35. Your gross sales during the period beginning August 1, 1951, through November 30, 1951, are $100,000. Your cost for food for this four month period is $32,000 instead of the required $35,000. You are now in violation and you are out of balance by $3,000. You are still not in compliance even if for the period April 1, 1951, through July 31, 1951, your "food cost per dollar of sales" exceeded your base rates by $3,000. You may not charge a price for any food or beverage item higher than the highest price charged between August 1, 1951, through November 30, 1951, until you are in full compliance. During the total eight month period from August 1, 1951, through March 31, 1952, your total sales are $200,000. For this entire period your total food cost must be $70,000 or more, so that you will be operating under the proper food ratio. The mere fact that your food costs for the last four months may have been over $35,000 does not save you from violation or put you in compliance.

(d) *Seasonal operators.* If your "food cost per dollar of sales" varies seasonally, you may use a monthly basis for determining your "food cost per dollar of sales" using for each current month the corresponding month during the twelve month period selected by you as your base period. You must, however, still be in compliance at the end of each four month period commencing April 1, 1951.

(e) *Price ranges of combination meals.* (1) If, during the base period January 16, 1951, through January 25, 1951, you offered combination meals, such as table d'hote dinners, plate lunches, club breakfasts, or combination specials, and you continue to offer such combination meals, you may not advance the price of any combination by an amount percentagewise any greater than you do on any other combination.

Example: If you advance the price of one of your table d'hote dinners from $1.00 to $1.40, then you would be in violation if you advanced a $0.50 table d'hote dinner by more than five cents.

Example: If you advance the price of a $0.60 combination meal by six cents, you would be in violation if you raised a $1.00 combination meal by more than ten cents.

(2) Whenever a percentage computation falls below one-half cent you must take the next lowest figure. If it falls at one-half cent or above you may price at the next highest penny.

(3) If in your base period you always rounded out your combination meal prices in multiples of five cents, you may continue to do so, but when a percentage computation figure falls below two and one-half cents, you may not increase this item. However, if your percentage computation figure results in two and one-half cents or above, you may increase this item by five cents.

(4) The low priced meals offered in the current period must at least be comparable as to items of food and drink offered, number of items, quality and size of portions with those offered in the January period. If you serve combination meals, you may not make merely a token offering, that is, not prepare and offer enough to meet expected demand.

(f) *Ceiling prices for service charges.* You may not increase any cover, minimum, bread-and-butter, service, corkage, entertainment, checking, parking, or other special charges, or increase any extra charge for the sale of food item or meal to be eaten on or off the premises, or make any of these charges that were not in effect during your base period or during January 16, 1951, through January 25, 1951. However, a cover or minimum charge in effect during January 16, 1951, through January 25, 1951, may be increased where it was your practice to vary the charge in accordance with the type of entertainment offered, and the increase does not cause the charge to go above the highest charge made during your base period or during January 16, 1951, through January 25, 1951, under the same conditions. If during your base period or during January 16, 1951, through January 25, 1951, you had any of the above charges on one or several days of the week, or at certain times of the day, you may not make the charge on other days of the week or other times of the day.

(g) *Base-period.* Your base period is the calendar year 1949 or the twelve month period ending June 30, 1950. Once you have chosen your base period, you may not change it.

SEC. 4. *Reporting for restaurants in operation prior to July 1, 1950.* (a) On or before April 30, 1951, you must file the following statement with your OPS office:[1]

(1) Your name and address and the name and address of the restaurant.

(2) A statement whether you elect the entire calendar year 1949 on the entire twelve month period July 1, 1949, to June 30, 1950, as your base period, and whether you want to compute your ratio on a monthly basis. Once you have chosen your base period and whether to compute your rates on a monthly or an annual basis, you may not change your base period option.

(3) A statement of your gross sales for the base period; if you kept separate records showing sales of alcoholic beverages, show these separately.

(4) A statement of your total food cost during the base period; if you kept separate records showing cost of food, show these separately.

(5) A statement of those items, if any, other than food and beverage, which you have included in the food cost.

(6) A statement of special charges, such as cover, minimum, bread-and-butter, service, corkage, entertainment, parking, etc.

(b) If you are computing your "food cost per dollar of sale" on a seasonal basis, you must report your gross sales and food cost on a monthly basis for your base period.

SEC. 5. *Records for restaurants in operation prior to July 1, 1950.* You must preserve two copies of all menus and price lists used by you after January 15, 1951. In addition, if in 1950 you were in operation only during a particular season, you must preserve two copies of all menus and price lists used by you during the last ten day period of your 1950 season. You must preserve written records substantiating your "food cost per dollar of sales" and you must preserve your invoices on all items that you used to compute food cost during your base period and during any period after you started fixing your prices in accordance with this regulation.

SEC. 6. *Rules for new restaurants*—(a) *For restaurants in operation between July 1, 1950, and April 1, 1951.* If you did not operate an eating or drinking establishment prior to July 1, 1950, but you were in operation between July 1, 1950, and April 1, 1951, your base period for determining the "food cost per dollar of sales" is the total period of time prior to April 1, 1951, that you were in operation.

(b) *Rules for restaurants not in operation by April 1, 1951.* If you did not operate an eating or drinking establishment during any period prior to April 1, 1951, you shall compute your base period "food cost per dollar of sales" as follows:

(1) For the first four months of operation you shall use the prices of the nearest comparable restaurant of the same type, grade and class as the one that you are operating.

(2) After the first four months of operation your allowable "food cost per dollar of sales" ratio is the ratio experienced by you during the first four months of your operation.

(c) *Approval and revision.* The Director of Price Stabilization, or any officer to whom he delegates authority, may disapprove or revise your "food cost per dollar of sales" ratio.

(d) *Reporting and records requirements for new restaurants.* (1) If you were in operation between July 1, 1950, and April 1, 1951, you shall submit the reports required by section 4 for the period during which you were in operation. You must also preserve the records required by section 5 after January 15, 1951, or the date you opened, whichever date is later.

(2) If you were not in operation prior to April 1, 1951, within ten days after opening your restaurant you shall file with the OPS office a statement containing the following information:

(i) Your name and address and the name of your restaurant.

(ii) A brief description of the business you operate or plan to operate, giving such information as seating capacity, estimated number of people to be served, type of equipment and type of restaurant; also attach a copy of your proposed menu or price list.

(iii) The date on which you opened or plan to open.

(iv) The names and addresses of the two nearest comparable restaurants.

(v) Your proposed "food cost per dollar of sales."

(vi) A statement of whether you, or the principal owner of your business, are now or were during the past twelve months engaged in any capacity in the operation of any restaurant, and if so, the trade name and address of each such restaurant and its "food cost per dollar of sales." Within twenty-five days after the close of the first four months of operation you shall submit to your OPS office the information required in section 4 based on your experience during the first four months of operation. You shall preserve all of the records listed in section 5 from the time you started operation.

SEC. 7. *Group of restaurants under common control.* A group of restaurants under common ownership or control which had an established practice of centrally determining a uniform price or food cost during the base period for some or all meals, food items or beverages for some or all of its restaurants, may treat all the restaurants as one restaurant for the purpose of (a) computing the "food cost per dollar of sales" and the ceiling prices for meals, food items or beverages in the restaurant for which this practice existed, and (b) complying with the record-keeping, reporting and filing provisions of this regulation.

SEC. 8. *Transfers of business.* If after April 1, 1951, you lease or acquire the business, assets, or stock-in-trade of a restaurant, your duties under this regulation are the same as those of the previous proprietor. He must turn over to you all records which are necessary to enable you to comply with the records and filing provisions of this regulation.

SEC. 9. *Exempt sales.* Sales by the following restaurants or persons are specifically exempt from the provisions of this or any prior regulations:

(a) *Hospitals.* Except for food items and meals served to persons other than patients, where a separate charge is made for such meals and food items;

(b) *Educational and fraternal organizations.* Restaurants operated by a school, college, university or other educational institution or a student fraternity or other student organization or association primarily for the convenience or accommodation of students and faculty and not for profit as a commercial or business enterprise or undertaking;

(c) *Charitable, religious or cultural organizations.* Restaurants owned or operated by charitable, religious or cul-

[1] Ordinarily your OPS office is the district office having jurisdiction over the area in which your business is located. If, however, you operate a group of restaurants doing business in more than one district, you may file all required records and reports in the regional office having jurisdiction over the area. A group of restaurants doing business in more than one region may file all required reports with the Restaurant Branch, Office of Price Stabilization, Washington 25, D. C.

tural organizations, recognized as such by the Bureau of Internal Revenue and exempt from payment of income tax by reason thereof, where no part of the net earnings inures to the benefit of any private shareholder or individual, and the net profits, if any, are devoted to religious, charitable, or cultural purposes;

(d) *Armed Forces eating cooperatives.* Eating cooperatives formed by personnel in the Armed Forces (as, for example, officers' mess, non-com and enlisted men's mess) operated without profit;

SEC. 10. *Petitions for amendments.* If you wish to have this regulation amended you may file a petition for amendment in accordance with the provisions of Price Procedural Regulation 1 (15 F. R. 9055).

SEC. 11. *Penalties.* Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided by the Defense Production Act of 1950.

SEC. 12. *Evasion.* You shall not evade or circumvent the provisions of this regulation by direct or indirect methods.

Effective date. This regulation is effective April 1, 1951.

NOTE: The record-keeping and reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

MICHAEL V. DISALLE,
Director of Price Stabilization.

MARCH 13, 1951.

[F. R. Doc. 51-3380; Filed, Mar. 13, 1951; 1:00 p. m.]

Chapter VI—National Production Authority, Department of Commerce

[NPA Order M-46]

M-46—PRIORITIES ASSISTANCE FOR THE PETROLEUM AND GAS INDUSTRIES

This order is found necessary and appropriate to promote the national defense and is issued pursuant to the authority granted by section 101 of the Defense Production Act of 1950. Consultation with industry representatives in advance of the issuance of this order has been rendered impracticable due to the fact that it applies to all branches of the petroleum and gas industries.

PURPOSES AND DEFINITIONS

Sec.
1. What this order does.
2. Definitions.

MRO MATERIAL—MAINTENANCE AND REPAIR, OPERATING SUPPLIES AND LABRATORY EQUIPMENT

3. The rating for MRO material.
4. How to use rating for MRO material.
5. Emergency MRO material.
6. Limitation on use of MRO rating.

MATERIAL FOR USE IN PRODUCTION

7. Material covered.
8. The rating for oil country tubular goods.
9. How to use the rating for normal requirements.
10. Time for filing for normal requirements.
11. Filing and rating for emergency requirements.
12. Prompt use of ratings.

MATERIAL OTHER THAN MRO MATERIAL OR OIL COUNTRY TUBULAR GOODS

13. Other material.

GENERAL PROVISIONS

14. Certification.
15. Inventory information.
16. Other regulations.
17. Need for rating or symbol.
18. Additional priorities restrictions.
19. Records, reports, and forms.
20. Communications.
21. Violations.

AUTHORITY: Sections 1 to 21 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp., sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 01.

PURPOSES AND DEFINITIONS

SECTION 1. *What this order does.* This order sets out the rules by which priorities assistance is made available to petroleum and gas operators to obtain material for maintenance and repair purposes, as operating supplies, or laboratory equipment. It also tells operators how to get assistance in obtaining materials for use in production. The order does not apply to foreign operations.

SEC. 2. *Definitions.* (a) "Operator" means any person to the extent he is engaged in the petroleum and gas industries.

(b) "Petroleum" means crude oil and associated hydrocarbons, including the products thereof.

(c) "Gas" means natural gas, manufactured gas or mixtures thereof.

(d) "Petroleum and gas industries" includes any of the following activities and any operations directly incident to these activities as they pertain to petroleum or gas:

(1) The discovery, development or depletion of petroleum or gas (production);

(2) The extraction or recovery of natural gasoline or associated hydrocarbons (natural gasoline recovery);

(3) The movement, loading or unloading of petroleum (transportation);

(4) The transportation of gas (gas transmission);

(5) The processing, reprocessing or alteration of petroleum, including but not limited to compounding or blending (refining);

(6) The processing of material for the production of manufactured gas (manufactured gas production);

(7) The distribution or dispensing of petroleum, gas, or the products thereof, and the storage incident thereto (distribution), and shall include for each of the above listed branches of the industries, to the extent applicable, the control of, or the investigation into more effective methods of conducting, petroleum or gas operations by means of research, technical or control laboratories.

(e) "Material" means any raw, in-process, or manufactured commodity, equipment, component, accessory, part, assembly or product of any kind.

(f) "Maintenance and repair" means (without regard to accounting practice):

(1) The upkeep of any structure, equipment, or material in a sound working condition or the restoration or fixing of any structure, equipment, or material which has broken down or is worn out, damaged or destroyed;

(2) Any other use of material not exceeding in material cost $1,000 for any one complete operation which has not been subdivided for the purpose of coming within this definition.

(3) Maintenance and repair does not include: (a) The deepening, redrilling, or plugging back of any well or the initial installation on any well of pumping or other artificial lifting equipment, or (b) any use of material in connection with a service station or retail outlet other than for upkeep or restoration purposes or the replacement of equipment worn out and beyond repair.

(g) "Operating supplies" means any material other than material used for maintenance and repair which is essential to and consumed in the petroleum and gas industries and which is normally carried by an operator as operating supplies or which is normally chargeable to operating expense, including, among other items, chemicals, additives, and blending agents.

(h) "Laboratory equipment" means material or equipment used exclusively for the purpose of controlling, or investigating more effective methods of conducting, petroleum and gas industries operations by means of research, technical or control laboratories. This material or equipment shall not, however, include material for use in the construction of laboratory buildings or other structures.

(i) "Oil country tubular goods" means those basic forms of steel produced in the United States as itemized on Schedule A of this order.

(j) "PAD District" means any one of the five areas designated as a PAD District on Schedule B of this order.

(k) "Delivery order" means any purchase order, contract, release, or shipping instruction which constitutes a definite and complete instruction from a purchaser to a seller calling for delivery of any material or product. The term does not include any contract, purchase order, or other arrangement which, although specifying the total amount to be delivered, contemplates that further instructions are to be given before delivery is made.

(l) "Administrative operations" means the supervisory, fiscal, administrative or clerical activities necessary to the operation of plants, units or facilities involved in and a part of the petroleum and gas industries.

MRO MATERIAL—MAINTENANCE AND REPAIR, OPERATING SUPPLIES AND LABORATORY EQUIPMENT

SEC. 3. *The rating for MRO material.* To secure material for maintenance and repair, operating supplies, or laboratory equipment (all known as MRO material) an operator may use and apply the rating DO-97.

SEC. 4. *How to use rating for MRO material.* (a) To use the rating DO-97 for MRO material, other than MRO material to be used for administrative operations, an operator must:

(1) Place the rating on each delivery order for material together with the words set forth in section 14.

(2) Prior to placing the order with the supplier, if it is for a total amount of $2,000 or more or if any single item costs more than $1,000, submit for approval two copies of the order to the Petroleum Administration for Defense (PAD), Washington 25, D. C., Att: Materials Division. A delivery order of this kind required to be submitted to PAD for approval may not be placed until there has been returned to the operator one approved copy of the order.

(3) Prior to placing the order with the supplier, if it is for a total amount of $100 or more but less than $2,000 and contains no single item which costs more than $1,000, submit for information one copy of the order to the Petroleum Administration for Defense, Washington 25, D. C., Att: Materials Division. A delivery order of this kind required to be submitted to PAD for information may be placed with the supplier as soon as the information copy is submitted.

(b) To use the rating DO-97 for MRO material to be used for administrative operations an operator must:

(1) Establish a quota in accordance with the provisions of Schedule C.

(2) Place the rating on each delivery order for material together with the words set forth in section 14 of this order.

An operator may not use the rating DO-97 for MRO material to be used for administrative operations in excess of a quota applicable to him established pursuant to the provisions of Schedule C.

SEC. 5. *Emergency MRO material.* (a) Where there has been an actual breakdown or suspension of operations and where the methods specified in section 4 of this order will not get the material on the date and in the quantity required, an operator may request priorities assistance to secure emergency MRO material by letter, telegram or telephone to the Washington office of the Petroleum Administration for Defense advising the date of the actual breakdown or suspension of operations and the operations affected, the equipment to be repaired and its function in maintaining continuous operation, the price, quantity, and a detailed description of the material required including the number and the date of delivery orders therefor, and the supplier or suppliers from whom the material is to be obtained.

(b) If information is supplied by telephone, it must be confirmed within 3 days by letter or telegram.

(c) No delivery order for emergency MRO material need be submitted for approval to PAD, but an operator may not place a delivery order bearing the rating DO-97 with the supplier for emergency MRO material until approval to do so has been received and a delivery order has been certified in accordance with section 14 of this order.

SEC. 6. *Limitation on use of MRO rating.* The rating DO-97 authorized herein for MRO material may be used to secure services to the extent provided for in NPA Reg. 2 as amended from time to time. The rating DO-97 authorized herein may not be applied to secure items upon List A of such NPA Reg. 2 as amended from time to time.

MATERIAL FOR USE IN PRODUCTION

SEC. 7. *Material covered.* (a) At the present time a rating is assigned by this order to obtain only MRO material (covered in sections 3 to 6 of this order) and oil country tubular goods. Material other than MRO material or oil country tubular goods will have to be obtained without rating unless special provision is made in accordance with section 13 of this order.

(b) Needs for oil country tubular goods are divided into two classes: (1) Normal requirements, and (2) emergency requirements. Separate rules apply to each. Normal requirements are the quantities of oil country tubular goods necessary to meet an operator's projected quarterly drilling program, including exploratory wells. Emergency requirements are those quantities of oil country tubular goods found necessary to carry out exploratory operations, drilling obligations, or the like, in circumstances where sufficient materials are not on hand, readily available or otherwise obtainable without use of a DO rating. The PAD will review applications for requirements and will authorize, on the basis of information submitted by the operator, quantities of oil country tubular goods based on the needs of the operator and the availability of material.

SEC. 8. *The rating for oil country tubular goods.* To secure oil country tubular goods for normal requirements an operator may use and apply the rating DO-48; for emergency requirements an operator may use and apply the rating DO-48E. An operator may not use either of these ratings until he has complied with the rules set out in section 9 of this order and he has been informed by PAD that a rating may be applied to a quantity of oil country tubular goods authorized by the Petroleum Administration for Defense.

SEC. 9. *How to use the rating for normal requirements.* (a) The rating DO-48 may be used by an operator only to obtain those quantities of oil country tubular goods which have been approved by PAD. In order to obtain PAD approval, an operator must:

(1) File with PAD four copies of Form PAD-16 (Petroleum and Gas Operator's Inventory of Unused Oil Country Tubular Goods) for each PAD District in which operations are being or are to be conducted; and

(2) File with PAD four copies of Form PAD-17 (Petroleum and Gas Operator's Quarterly Requirements Statement) for each PAD District in which operations are to be conducted during the calendar quarter when delivery of the material requested on the form is required.

(b) PAD will return to the operator one copy of Form PAD-17 together with an authorization giving the quantities of oil country tubular goods which the operator may obtain by use of the rating DO-48. To use the rating to obtain deliveries of these quantities, an operator must place the rating on each delivery order for such material, together with the words set forth in section 14 of this order.

(c) The times for filing applications for normal requirements on Form PAD-17 are set forth in section 10 of this order. The rules on filing Form PAD-16, covering inventories, are set forth in section 15 of this order. Operators should remember that PAD will not authorize quantities of material on Form PAD-17 until an operator has reported his inventory on Form PAD 16.

SEC. 10. *Time for filing for normal requirements.* (a) It is not possible to bring into effect the assistance program for normal requirements during the second quarter of 1951. Accordingly, normal requirements for oil country tubular goods cannot be delivered with priorities assistance until the beginning of the third quarter, that is, July 1, 1951. For deliveries of normal requirements before that date, operators will have to look to usual commercial sources without rating assistance.

(b) In order to authorize quantities far enough in advance to permit deliveries on and after July 1 through use of rating DO-48, it will be necessary for operators to file Form PAD-17 at the earliest practicable time. In any event, Form PAD-17 must be filed for deliveries for the third quarter (July, August, September) not later than March 31, 1951. Four copies of Form PAD-17 should be filed, addressed to the Petroleum Administration for Defense, Washington 25, D. C., Att: Materials Division.

(c) For the quarters following (that is, for deliveries during the fourth quarter of 1951, the first quarter of 1952, and so on), an operator must file Form PAD-17 at least 3 months prior to the quarter in which delivery of the materials is to be made. Thus for deliveries to be made in October, November, or December of 1951, an operator must file with PAD Form PAD-17 not later than June 30, 1951.

(d) After Form PAD-17 has been returned to an operator, he may find that the quantities authorized are inadequate for his normal requirements during the ensuing calendar quarter. In that event the operator may file a supplemental request for oil country tubular goods. This filing should be by Form PAD-17 (four copies), accompanied by an explanatory letter in duplicate, both addressed to the Petroleum Administration for Defense, Washington 25, D. C., Att: Materials Division. The filing should be within 2 weeks of the time that the operator receives his original authorization. In the event that additional quantities are authorized by PAD, the operator will be appropriately notified and may then apply rating DO-48 to his delivery orders for these quantities in the manner specified in section 9 of this order.

SEC. 11. *Filing and rating for emergency requirements.* (a) Use of rating DO-48E to obtain quantities of oil coun-

try tubular goods for emergency requirements will be permitted for deliveries to be made after April 1, 1951. Before the rating may be used for this purpose, an operator must file with PAD four copies of Form PAD–15 (Emergency Requirements Application). Form PAD–15 may be filed either before or during the month in which deliveries of oil country tubular goods for emergency purposes are required. When the operator has not filed Form PAD–16 for the quarter preceding the emergency application, he must accompany his Form PAD–15 request with the inventory report called for on Form PAD–16.

(b) PAD will notify the operator of the quantities for which he is authorized to use a DO–48E rating. The operator may not use the rating until he has been authorized to apply it to a specific quantity of oil country tubular goods, and may use the rating to obtain no more than that quantity unless specially authorized to do so under this or other provisions of this order. The operator may use the rating DO–48E by placing the rating on each delivery order for the materials authorized, together with the words set forth in section 14 of this order.

SEC. 12. *Prompt use of ratings.* (a) After an operator has been authorized to use a rating on a quantity of oil country tubular goods, he must do so promptly. An operator who receives authorization for a quantity of oil country tubular goods on a quarterly basis must place his rated delivery orders for this quantity within 15 days after the beginning of the quarter in which the material is to be delivered. An operator who receives authorization for a quantity of oil country tubular goods pursuant to either an emergency application or a supplementary application must place his rated delivery orders for the quantity authorized within 30 days after the authorization is received. If orders are not placed within the appropriate period or when an order is canceled in whole or in part, the operator must promptly notify the PAD in Washington the extent to which rated orders have not been placed or have been canceled.

(b) Within 48 hours after rated orders are placed by an operator and accepted by the supplier for quantities of material authorized on Form PAD–17, one copy of each delivery order so placed shall be sent to the Petroleum Administration for Defense, Washington 25, D. C., Att: Materials Division.

MATERIALS OTHER THAN MRO MATERIAL OR OIL COUNTRY TUBULAR GOODS

SEC. 13. *Other material.* Priorities assistance is authorized in this order only for MRO material and oil country tubular goods. Operators in all branches of the petroleum and gas industries may have need of assistance from time to time to obtain other material for their operations. At present, the extent of this assistance will be limited. To request assistance when an operator is not able to obtain material to meet an immediate and pressing need, an operator should prepare a statement of the reasons why assistance is required, containing the following information: The price, quantity, and a detailed description of the material required, the number and date of delivery orders therefor, the supplier or suppliers with whom the delivery orders have been placed, the reasons why timely delivery cannot be effected without the assistance requested, the relationship of the materials to operations, and the circumstances which justify assistance in the interests of national defense. This statement in four copies should be sent to the Petroleum Administration for Defense, Washington 25, D. C., Ref: M–46. Where possible a copy of the delivery order should accompany the application.

GENERAL PROVISIONS

SEC. 14. *Certification.* The certificate which an operator must use in applying the preference rating is:

The undersigned certifies that the rating hereby applied is authorized by and is properly used pursuant to the provisions of NPA Order M–46.

SEC. 15. *Inventory information.* (a) An operator must file Form PAD–16 prior to receiving authorization of quantities of oil country tubular goods. The first filing date is March 17, 1951. Inventory information shall be current as of March 10, 1951.

(b) A second inventory report is to be made to PAD prior to July 1, 1951. The information on the form shall be current as of June 20, 1951. A third inventory report shall be made on or before October 1, 1951. The information on this report shall be current as of September 20, 1951. Thereafter, unless additional instructions are given, inventory reports will not be required.

(c) Where an operator fails to file with PAD a Form PAD–16, and subsequently files either a Form PAD–15 or 17, he must attach a Form PAD–16, containing information current as of the inventory date nearest the date of filing. Thus a Form PAD–15, filed May 30, 1951, should contain inventory information current as of March 10, 1951, or any later date; a Form PAD–15 filed June 30, 1951, should contain information current as of June 20, 1951, or any later date. Where a Form PAD–16 is on file there is no need to duplicate the information by additional filings covering the same period.

(d) Four copies of Form PAD–16 must be submitted. The copies must be sent to the Petroleum Administration for Defense, Washington 25, D. C., Attention: Materials Division. If an operator has not filed his inventory report (Form PAD–16) along with his regular requirements (Form PAD–17), he must file the report with his request for emergency requirements (Form PAD–15).

SEC. 16. *Other regulations.* This order and all transactions affected hereby, except as herein otherwise provided, are subject to all orders and regulations of the National Production Authority, as amended from time to time. In particular and without limiting the foregoing, the inventory limitations set forth in NPA Reg. 1 as amended from time to time, shall apply, and nothing herein shall authorize an operator to secure material in excess of the inventory limitations provided therein. The rating authorized by this order may be extended and shall be governed by the general priorities procedure set forth in NPA Reg. 2, as amended from time to time. An operator using the rating DO–97 pursuant to this order is not bound by the provisions of NPA Reg. 4.

SEC. 17. *Need for rating or symbol.* An operator may not use any rating authorized under this order to obtain material:

(a) For any purpose other than a purpose authorized under this order or in greater amounts or on earlier dates than required for any authorized purpose.

(b) Which can be secured without the use of a rating.

(c) The use of which could be eliminated without serious loss of efficiency by substitution of less scarce material, or by change of design.

SEC. 18. *Additional priorities restrictions.* (a) The PAD may issue in its own name further restrictions or limitations on the use of the priorities assistance by operators.

(b) Rating DO–97 for MRO material may not be used until March 15, 1951. An operator who has outstanding nonrated orders for MRO material on the effective date of this order or who thereafter places such orders without rating them, may on or after March 15, 1951, apply DO–97 to them.

SEC. 19. *Records, reports, and forms.* (a) Each person participating in any transaction covered by this order shall retain in his files, for at least 2 years, records of receipts, deliveries, inventory and use, in sufficient detail to permit an audit that determines for each transaction that the provisions of this order have been met. This does not specify any particular accounting method, nor does it require alteration of the system of records customarily maintained, provided the system provides an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copy instead of the original.

(b) All records required by this order shall be made available at the usual place of business where maintained for the inspection and audit by duly authorized representatives of the National Production Authority or the Petroleum Administration for Defense.

(c) Persons subject to this order shall make such records and submit such reports to the Petroleum Administration for Defense and the National Production Authority as they shall require, subject to the terms of the Federal Reports Act (Pub. Law 831, 77th Cong., 5 U. S. C. 139–139F).

SEC. 20. *Communications.* All communications concerning this order shall be addressed to the Petroleum Administration for Defense, New Interior Building, Washington 25, D. C., Attention: Materials Division.

SEC. 21. *Violations.* Any person who wilfully violates any provision of this order or any other order or regulation of NPA or wilfully conceals a material fact or furnishes false information in the course of operation under this order is guilty of a crime and upon conviction may be punished by fine or imprisonment or both. In addition, administrative action may be taken against such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: The reporting requirements and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This order shall take effect on March 12, 1951.

NATIONAL PRODUCTION AUTHORITY,
[SEAL] MANLY FLEISCHMANN,
Administrator.

SCHEDULE A—MATERIALS FOR USE IN PRODUCTION

Casing—Tubing—Drill pipe.

SCHEDULE B—PETROLEUM ADMINISTRATION FOR DEFENSE DISTRICTS

District 1: Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Delaware, Pennsylvania, Maryland, Virginia, West Virginia, North Carolina, South Carolina, Georgia, Florida, District of Columbia.

District 2: Ohio, Kentucky, Tennessee, Indiana, Michigan, Illinois, Wisconsin, Minnesota, Iowa, Missouri, Oklahoma, Kansas, Nebraska, South Dakota, North Dakota.

District 3: Alabama, Mississippi, Louisiana, Arkansas, Texas, New Mexico.

District 4: Montana, Wyoming, Colorado, Utah, Idaho.

District 5: Arizona, California, Nevada, Oregon, Washington, Territory of Alaska.

SCHEDULE C

Schedule C is applicable to the use of the rating DO–97 for the procurement by an operator of material to be used for administrative operations. Such material consists of office supplies, office equipment and machinery, and the like, to the extent that these materials come within the definitions of maintenance and repair and operating supplies set forth in the order.

The rating DO–97 for material to be used for administrative purposes may be used pursuant to the provisions of section 4 (b) only if the operator has a quota as established through this schedule.

TYPES OF QUOTA

An operator may elect one of the three types of quotas described below. If an operator elects or obtains permission to use any one of the three quotas, he may not change to either of the other two without obtaining the permission of the PAD.

(a) *Standard Quota:* The Standard Quota is one-fourth of the dollar amount which the operator spent during the calendar year 1950 for MRO material for administrative operations. If he operated on a fiscal year basis, it is one-fourth of the dollar amount spent for MRO material for administrative operations during the fiscal year ending nearest December 31, 1950.

(b) *Seasonal Quota:* The Seasonal Quota is the dollar amount which the operator spent during the corresponding calendar quarter of the calendar year 1950 for MRO material for administrative operations. If he operated on a fiscal year basis, it is the dollar amount spent for MRO material for administrative operations during the corresponding quarter of the fiscal year ending nearest December 31, 1950.

(c) *Administrative Quota:* The Administrative Quota is the quota determined by PAD which the operator may use in lieu of either the Standard Quota or Seasonal Quota.

HOW TO OBTAIN AN ADMINISTRATIVE QUOTA

The Administrative Quota must be applied for. It is designed to provide relief where an operator was only in partial operation in 1950, did not operate at all in 1950, or has had such expansion of operations since 1950 that neither the Standard Quota nor Seasonal Quota properly represents the operator's demands for MRO material to be used for administrative purposes. To procure an Administrative Quota, an operator must file with the Petroleum Administration for Defense, Att: Materials Division, four copies of a letter setting forth in full the circumstances as to his operations which make inappropriate the use of either the Standard Quota or the Seasonal Quota. An operator may use only a Standard Quota or Seasonal Quota until he has received from the Petroleum Administration for Defense authority to use the Administrative Quota.

Chapter VIII—Defense Transport Administration

LIMITED TEMPORARY GRAIN PORT HANDLING PERMIT REGARDING STORAGE AND HANDLING OF BULK GRAIN FOR DOMESTIC SALE OR USE; GRAIN ON HAND OR LOADED FOR MOVEMENT ON OR BEFORE MARCH 24, 1951.

Pursuant to authority vested in me by DTA Delegation 3 (16 F. R. 2104) under General Order DTA 2 (16 F. R. 2046):

This limited temporary grain port handling permit is hereby issued authorizing the operator of any port terminal warehouse to store and handle at such warehouse grain intended for domestic sale or use, but not in excess of the quantity of such grain normally stored or handled thereat during 1950: *Provided, however,* That this permit shall be applicable only to grain intended for domestic sale or use received at, or loaded for movement to, such warehouse on or before March 24, 1951.

Grain intended for domestic sale or use not so received or loaded for movement on or before such date may not, under said General Order DTA 2, be stored or handled under this permit at any port terminal warehouse without a permit therefor issued to each operator upon his application.

This limited temporary permit shall become effective immediately.

(Sec. 704, Pub. Law 774, 81st Cong. Interprets or applies Title I, Pub. Law 774, 81st Cong.; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR 1950 Supp., E. O. 10200, Jan. 3, 1951, 16 F. R. 61, E. O. 10219, Feb. 28, 1951, 16 F. R. 1983)

Issued at Washington, D. C., this 12th day of March 1951.

H. K. OSGOOD,
Director Warehousing and Storage Division, Defense Transport Administration.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter II—Corps of Engineers, Department of the Army

PART 204—DANGER ZONE REGULATIONS

PART 207—NAVIGATION REGULATIONS

MISCELLANEOUS AMENDMENTS

1. Pursuant to the provisions of section 7 of the River and Harbor Act of August 8, 1917 (40 Stat. 266; 33 U. S. C. 1), and Chapter XIX of the Army Appropriations Act of July 9, 1918 (40 Stat. 892; 33 U. S. C. 3), § 204.160 is hereby revoked and the note following § 204.25 (a) and § 204.81 (a) (1) are hereby amended as follows:

§ 204.25 *Atlantic Ocean off Delaware coast; antiaircraft artillery firing areas, Second Army.* (a) • • •

NOTE: The danger zones will be marked by buoys.

§ 204.81 *Atlantic Ocean off Georgia coast; air-to-air and air-to-water gunnery and bombing ranges for fighter and bombardment aircraft, United States Air Force*—(a) *The danger zones*—(1) *For fighter aircraft.* • • •; thence 270° to longitude 80°51'00"; and thence northeasterly to the point of beginning.

§ 204.160 *Laguna Madre and Corpus Christi Bay, Texas; restricted area, Naval Air Training Bases, Corpus Christi, Texas.* [Revoked.]

(Sec. 4, 28 Stat. 362, as amended; 33 U. S. C. 1. Interpret or apply 40 Stat. 892; 33 U. S. C. 3)

2. Pursuant to the provisions of section 7 of the River and Harbor Act of August 8, 1917 (40 Stat. 266; 33 U. S. C. 1), § 207.188 is hereby prescribed establishing and governing the use of a seaplane restricted area in Laguna Madre and Corpus Christi Bay, Texas, as follows:

§ 207.188 *Corpus Christi Bay and Laguna Madre; seaplane restricted area, Naval Air Station, Corpus Christi, Tex.*—(a) *The area.* Beginning at a point on the south shore of Corpus Christi Bay at the "North Gate" of the Naval Air Station (at approximate longitude 97°17'15"); thence 312°20' true, 6,500 yards, to latitude 27°44'30", longitude 97°20'00"; thence due north, 4,100 yards, to latitude 27°46'30"; thence 126°20' true, 7,665 yards, to a beacon located in Corpus Christi Bay at latitude 27°44'12",

longitude 97°16'31''; thence 111°22' true, 6,250 yards, to latitude 27°43'04'', longitude 97°13'12''; thence 201° true, 5,000 yards, to latitude 27°40'44'', longitude 97°14'12''; thence 245° true to a point on the east shore of Encinal Peninsula at latitude 27°40'00''; thence generally northerly along the shore to Flour Bluff Point; and thence westerly along the south shore of Corpus Christi Bay to the point of beginning.

(b) *The regulations.* (1) No vessel or watercraft of any type shall enter or remain in the area at any time, day or night, except as provided in this paragraph.

(2) Clearance for watercraft operating in the area on set schedules and on prescribed routes may be granted upon written application to the enforcing agency.

(3) Changes in schedules and routes may be made upon written application to the enforcing agency.

(4) Off schedule operations of craft or operation over unprescribed routes may be authorized, in cases of necessity, upon special application in each case. These applications shall be made in writing to the enforcing agency, except as provided in subparagraph (5) of this paragraph.

(5) Commercial fishermen, geophysical exploration crews, and personnel of oil companies holding leases within the area will not be required to operate on set schedules or over prescribed routes but, in order to enter the area, either day or night, they shall have proper identification and the approval of the enforcing agency.

(6) The regulations in this section shall be enforced by the Chief of Naval Air Advanced Training, United States Naval Air Station, Corpus Christi, Texas, and such agencies as he may designate.

(Sec. 4, 28 Stat. 362, as amended; 33 U. S. C. 1)

[SEAL] EDWARD F. WITSELL,
Major General, U. S. Army,
The Adjutant General.

[F. R. Doc. 51-3268; Filed, Mar 13, 1951; 8:51 a. m.]

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

PART 3—MISCELLANEOUS PROVISIONS RELATING TO THE DEPARTMENT AND THE POSTAL SERVICE

PART 6—SUPPLY CONTRACTS: SERVICE PROPERTY: TELEGRAMS

PART 18—SETTLEMENT OF ACCOUNTS: LEGAL PROCEEDINGS: COMPROMISES

PART 36—NONMAILABLE MATTER

MISCELLANEOUS AMENDMENTS

a. In § 3.5 *Damage to person or property by postal operations* (39 CFR 3.5; 15 F. R. 2875) rescind paragraph (d).

b. In § 6.3 *Advertisements for proposals* (39 CFR 6.3) amend paragraph (e) to read as follows:

(e) *Rates for advertising.* All advertisements, notices, proposals for contracts, and all forms of advertising required by law for the several departments of the Government may be paid for at a price not to exceed the commercial rates charged to private individuals, with the usual discounts. But the heads of the several departments may secure low terms at special rates whenever the public interest requires it. (Sec. 1, 20 Stat. 216, as amended; 44 U. S. C. 322; sec. 5, Pub. Law 830, approved Sept. 23, 1950)

c. In § 18.55 *When claimant is indebted to United States* (39 CFS 18.55) rescind paragraph (g).

d. Amend § 36.6 *Lottery and related matter* (39 CFR 36.6) by the addition of a paragraph (c) to read as follows:

(c) *Fishing contest.* The provisions of this chapter (paragraphs (a) and (b) of this section) shall not apply with respect to any fishing contest not conducted for profit wherein prizes are awarded for the specie, size, weight, or quality of fish caught by contestants in any bona fide fishing or recreational event. (18 U. S. C. 1305)

(R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369)

[SEAL] V. C. BURKE,
Acting Postmaster General.

TITLE 49—TRANSPORTATION

Chapter I—Interstate Commerce Commission

PART 56—ISSUANCE OF SECURITIES, ASSUMPTION OF OBLIGATIONS, AND FILING OF CERTIFICATES AND REPORTS

EDITORIAL NOTE: Section 56.25, contained in the order of June 1, 1944, 9 F. R. 7205; 49 CFR, 1944 Supp., 56.25, was inadvertently omitted from the Code of Federal Regulations, 1949 Edition, and is hereby reinstated therein.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 39]

NONFAT DRY MILK SOLIDS

U. S. STANDARDS FOR GRADES

Notice is hereby given that the United States Department of Agriculture is considering the issuance, as hereinafter proposed, of United States Standards for Grades of Nonfat Dry Milk Solids, pursuant to the authority contained in the Department of Agriculture Appropriation Act, 1951 (Pub. Law 759, 81st Cong., approved September 6, 1950).

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed standards should file the same, in duplicate, with the Director, Dairy Branch, Production and Marketing Administration, U. S. Department of Agriculture, Washington 25, D. C., not later than the close of business on the 30th day after publication of this notice in the FEDERAL REGISTER.

The proposed standards are as follows:

DEFINITION

§ 39.1 *Nonfat dry milk solids.* "Nonfat dry milk solids," or "defatted milk solids" (made by the spray process or the atmospheric roller process) is the product resulting from the removal of fat and water from milk, and contains the lactose, milk proteins, and milk minerals in the same relative proportions as in the fresh milk from which made. It contains not over 5 percent by weight of moisture. The fat content is not over 1½ percent by weight. The term "milk", when used in this part, means milk produced by healthy cows that has been pasteurized before or during the manufacture of the nonfat dry milk solids.

U. S. GRADES

§ 39.2 *Nomenclature of U. S. grades*—(a) *Nomenclature.* The nomenclature of U. S. grades is U. S. Extra and U. S. Standard.

§ 39.3 *Basis for determination of U. S. grades.* The U. S. grades of nonfat dry milk solids are determined hereunder on the basis of flavor and odor, physical appearance, bacterial estimate, butterfat content, moisture content, scorched particle content, solubility index, and titratable acidity.

§ 39.4 *U. S. grades*—(a) *U. S. Extra.* The requirements of the U. S. Extra grade differ for nonfat dry milk solids made by the spray process from that made by the atmospheric roller process.

(1) *U. S. Extra; spray process.* Nonfat dry milk solids manufactured by the spray process conform to the following requirements:

(i) Flavor and odor (applies equally to the reliquefied form): Sweet, and has not more than slight feed flavors and odors.

(ii) Physical appearance: Is white or light cream color; free from lumps that do not break up under slight pressure; and practically free from brown and black scorched particles.

(iii) Bacterial estimate: not more than 50,000 per gram.

(iv) Butterfat content: not more than 1.25 percent.

(v) Moisture content: not more than 4.00 percent.

(vi) Scorched particle content: not more than 15.00 mg.

(vii) Solubility index: not more than 1.25 ml.

(viii) Titratable acidity: not more than 0.15 percent.

(2) *U. S. Extra; roller process.* Nonfat dry milk solids manufactured by the roller process conform to the requirements in subparagraph (1) of this paragraph, except that the solubility index is not more than 15.0 ml., and the scorched particle content is not more than 22.5 mg.

(b) *U. S. Standard.* The requirements of the U. S. Standard grade differ for nonfat dry milk solids manufactured by the spray process from that manufactured by the atmospheric roller process.

(1) *U. S. Standard; spray process.* Nonfat dry milk solids manufactured by the spray process conform to the following requirements:

(i) Flavor and odor (applies equally to the reliquefied form): Has not more than moderate feed flavors and odors and other unnatural, but not offensive, flavors and odors (including, but not being limited to storage and scorched) to not more than a slight degree.

(ii) Physical appearance: Is white or light cream color; free from lumps that do not break up under slight pressure; and contains brown and black scorched particles to not more than a moderate degree.

(iii) Bacterial estimate: not more than 100,000 per gram.

(iv) Butterfat content: not more than 1.5 percent.

(v) Moisture content: not more than 5.00 percent.

(vi) Scorched particle content: not more than 22.5 mg.

(vii) Solubility index: not more than 2.00 ml.

(viii) Titratable acidity: not more than .17 percent.

(2) *U. S. Standard; roller process.* Nonfat dry milk solids manufactured by the roller process conform to the requirements prescribed in subparagraph (1) of this paragraph, except that the solubility index is not more than 15.0 ml., and the scorched particle content is not more than 32.5 mg.

§ 39.5 *Test methods.* The test methods contained in this section are used to determine bacterial estimate, butterfat content, moisture content, scorched particle content, solubility index, and titratable acidity.

(a) *Bacterial estimate.* Bacterial estimate is determined in accordance with paragraphs 6.21–6.27, pages 176 through 179, of the publication "Standard Methods for the Examination of Dairy Products," 9th edition, 1948, published by the American Public Health Association, 1790 Broadway, New York, New York.

(b) *Butterfat content.* Butterfat content is determined in accordance with paragraph 22.102, page 329, of the publication "Official and Tentative Methods of Analysis of the Association of Official Agricultural Chemists" 6th edition, 1945, published by the Association of Agricultural Chemists, P. O. Box 540, Benjamin Franklin Station, Washington 4, D. C.

(c) *Moisture determination.* Moisture determination is by the toluene distillation method or by the Karl Fischer method in accordance with the procedures outlined on pages 16 through 22 of the publication "The Grading of Nonfat Dry Milk Solids and Sanitary and Quality Standards" (Bulletin 911, revised, 1948) published by the American Dry Milk Institute, 221 North LaSalle Street, Chicago 1, Illinois.

(d) *Scorched particle content.* Scorched particle content is determined as follows:

(1) *Spray process nonfat dry milk solids.* (i) Reliquefy 25 grams of spray process nonfat dry milk solids in approximately 250 ml. of warm sediment-free water. Mix thoroughly until the product is uniformly dispersed. Filter the entire solution through a standard 1¼'' lintine disc (1⅛'' filtering surface). Rinse the mixing container with sediment-free water and pass the rinse through the disc.

(ii) The scorched particle content of the nonfat dry milk solids is determined by visually comparing the discs obtained in subdivision (i) of this subparagraph with the United States Scorched Particle Standards for Dry Milks (16 F. R. 923).

(2) *Roller process nonfat dry milk solids.* (i) Prepare a sample solution by mixing 25 grams of roller process nonfat dry milk solids with 100 ml. of pepsin-hydrochloric acid solution.[1] Mix thoroughly until the product is uniformly dispersed. Place in a 45° C. water bath for 20 minutes. Add approximately 0.5 ml. of caprylic alcohol or diglycol laurate (defoaming agents). Bring to a boil within 5 to 8 minutes and filter immediately through a 1¼'' lintine disc (1⅛'' filtering surface). Rinse mixing container with boiling or near boiling water, and pass all rinsings through the filter disc. The temperature of the sample solution is not allowed to drop prior to boiling or prior to filtering.

(ii) The scorched particle content of the nonfat dry milk solids is determined by visually comparing the discs obtained in subdivision (i) of this subparagraph with the United States Scorched Particle Standards for Dry Milks (16 F. R. 923).

(e) *Solubility index.* Solubility index is determined in accordance with the procedure outlined on pages 24 through 26 of the said publication "The Grading of Nonfat Dry Milk Solids and Sanitary and Quality Standards."

(f) *Titratable acidity.* Titratable acidity is determined by using 10 grams of nonfat dry milk solids reliquefied with 100 ml. of distilled water. Allow the reliquefied product to stand for approximately one hour, stir gently, and thereupon proceed in accordance with paragraph 22.4, page 303, of the said publication "Official and Tentative Methods of Analysis of the Association of Official Agricultural Chemists."

Done at Washington, D. C., this 9th day of March 1951.

[SEAL] JOHN I. THOMPSON,
Assistant Administrator, Production and Marketing Administration.

[F. R. Doc. 51-3288; Filed, Mar. 13, 1951; 8:55 a. m.]

[1] 10 grams of pepsin (powder—1:3000) dissolved in approximately 500 ml. of distilled water; 30 ml. of CP. HCl, 37 percent, specific gravity 1.18–1.19 added; and solution made up to 1000 ml. with distilled water. Solution filtered.

[7 CFR, Part 932]

[Docket No. AO-33-A16]

HANDLING OF MILK IN FORT WAYNE, INDIANA, MARKETING AREA

NOTICE OF RECOMMENDED DECISION AND OPPORTUNITY TO FILE WRITTEN EXCEPTIONS WITH RESPECT TO PROPOSED AMENDMENT TO TENTATIVE MARKETING AGREEMENT, AND TO ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of the filing with the Hearing Clerk of the recommended decision of the Assistant Administrator, Production and Marketing Administration, United States Department of Agriculture, with respect to a proposed amendment to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Fort Wayne, Indiana, marketing area. Interested parties may file written exceptions to this decision with the Hearing Clerk, United States Department of Agriculture, Washington 25, D. C., not later than the close of business the 7th day after publication of this decision in the FEDERAL REGISTER. Exceptions should be filed in quadruplicate.

Preliminary statement. A hearing to consider a proposed amendment to the tentative marketing agreement and to the order, as amended, was conducted at Fort Wayne, Indiana, on January 3, 1951, pursuant to notice thereof which was issued on December 30, 1950 (15 F. R. 9522).

The only material issue on the record related to a proposal to increase the differentials (over basic formula prices) in the prices of Class I and Class II milk for the period January–March 1951.

Findings and conclusions. The following finding and conclusion on this issue is based upon the evidence introduced at the hearing and the record relating thereto.

The differentials (over basic formula prices) in the prices of Class I and Class II milk during the period, January–March 1951, should not be increased.

The record shows that under prevailing conditions Class I and II prices during the first quarter of 1951 should not take the usual seasonal drop below previous November levels. But, to increase differentials to the level of those of the last quarter of 1950 would not be advisable; for it would leave out of account what is most likely to occur in basic prices. Producers proposed that, for the first quarter of 1951, the price differentials for Class I and II milk be raised to the level of the differentials applicable during the preceding quarter—the last quarter of 1950. This would be an increase of 15 cents per hundredweight in each differential. This increase in the differentials would forestall seasonal reduction in the Class I and Class II prices in the first quarter of 1951 if basic formula prices during the period equal or exceed those in the preceding period. Monthly data were not available for the

record respecting basic prices later than November 1950.

The record does not furnish sufficient data for a reexamination of the relation of Class prices to basic prices. The basic price in November is normally at the top for the year; in January, February and March of the following year basic prices usually are lower. If basic prices after the first of the year should decline as usual, raising the differentials to the November level would not assure prices as high as those of November. If need be this could better be done by a simple "floor" price provision. On the other hand, if the annual level of basic prices should rise, increasing the differentials might make Class I and Class II prices for the period too high. From the middle of last summer through November, basic prices increased from 10 to 12 cents per month. This is hardly a normal seasonal increase. By November it was clear that basic prices were not keeping pace with the rising costs of milk production. The results showed up in declining production and receipts of milk for manufacturing as well as for fluid purposes throughout the whole central dairy region. In the Fort Wayne area with receipts from 3 to 4 percent below a year ago and sales about 9 percent above a year ago market utilization reduced Class III disposition to only a token of an adequate reserve. Producer testimony attributed this tight supply situation in part to the loss of producers to other markets with higher prices. But since other markets in the region were equally short of supplies in relation to sales the shifting of producers from one market to another was only a symptom of the underlying condition of slackening production and increasing demand throughout the whole central dairy region. This condition cannot be corrected by increasing the prices in one area in relation to prices of other areas. Nor is the remedy necessarily an increase of fluid prices in relation to basic prices when, as now, basic prices may, it would seem, be relied upon to reflect changes taking place in production and marketing conditions. If despite a counter-seasonal increase in basic prices Class I and Class II prices still appear to be low in relation to prevailing supply and demand conditions differentials can be reexamined by further hearings. This would bring under review their year around pattern in order to determine for what seasonal periods and in what amounts changes may be advisable.

Basic prices appear to be responding to the forces that have tended to reduce supplies and to increase the demand for milk and its products. As noted above data later than November were not available at time of hearing. But notice may be taken of more recently published data for December and January which show that since December 1 there has been a marked advance in the prices of all dairy products and in the prices paid for milk at manufacturing plants. The December basic formula price in the Fort Wayne marketing area was $3.64—16 cents per hundredweight above that for November. For January the counter-seasonal advance brought the basic price to $3.86 per hundredweight—22 cents above December and 38 cents above November. With such prospects for basic prices in the January–March 1951 period there appears to be no grounds in this record for amendment of the Class I and Class II price provisions as proposed by producers or for any other amendment to these provisions.

Filed at Washington, D. C., this 8th day of March 1951.

[SEAL] JOHN I. THOMPSON,
Assistant Administrator.

[F. R. Doc. 51-3261; Filed, Mar. 13, 1951; 8:48 a. m.]

FEDERAL POWER COMMISSION

[18 CFR, Part 157]

[Docket No. R-120]

APPLICATIONS FOR CERTIFICATES OF PUBLIC CONVENIENCE AND NECESSITY

NOTICE OF PROPOSED RULE MAKING

MARCH 6, 1951.

Amendment of Part 157 of Subchapter E, regulations under the Natural Gas Act, to prescribe requirements for form and filing of applications for certificates of public convenience and necessity under section 7 of the Natural Gas Act.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. It is proposed to amend Part 157, entitled "Applications for Certificates of Public Convenience and Necessity Under Section 7 of the Natural Gas Act As Amended" of Subchapter E, regulations under the Natural Gas Act, Chapter I of Title 18, Code of Federal Regulations to prescribe therein (in lieu of existing §§ 157.5 through 157.10, and §§ 157.12 and 157.14) amended, or new §§ 157.5 through 157.8, 157.11, and 157.20 through 157.22, to read as provided in the accompanying attachment, which is made a part hereof by reference.

3. Experience in the operation and administration of the present rules for the filing of applications for certificates of public convenience and necessity, which were adopted under the Commission's Order No. 99, dated August 26, 1942, effective September 15, 1942, indicates a need for extensive revision of the rules. Among the ends sought in the proposed revision are: (a) Elimination of sketchy and incomplete applications requiring extensive correspondence to supply deficiencies by placing upon the applicant the burden of adequate presentation of certificate applications in intelligible form; (b) provision for the filing of abbreviated applications in the case of relatively minor operations, sales, service, construction, extension of acquisitions; and (c) general improvement in the form and content of applications.

4. The accompanying proposed amendments to the Commission's rules are proposed to be issued under authority granted the Federal Power Commission by the Natural Gas Act, as amended, particularly sections 7 and 16 thereof (52 Stat. 824, 830; 15 U. S. C. 717f and 717o).

5. Any interested person may submit to the Federal Power Commission, Washington 25, D. C., not later than sixty days from date of publication, data, views and comments in writing concerning the proposed amendments. An original and nine copies should be filed of any such submittals.

The Commission will consider these written submittals before acting upon the proposed amendments.

[SEAL] LEON M. FUQUAY,
Secretary.

Subchapter E—Regulations Under the Natural Gas Act

PART 157—APPLICATIONS FOR CERTIFICATES OF PUBLIC CONVENIENCE AND NECESSITY UNDER SECTION 7 OF THE NATURAL GAS ACT

APPLICATIONS FOR NON-"GRANDFATHER" CLAUSE CERTIFICATES OF PUBLIC CONVENIENCE AND NECESSITY

Sec.
157.5 Abbreviated applications.
157.6 General requirements for applications.
157.7 Detail requirements for applications.
157.8 Requirements for applications covering acquisitions.

APPLICATIONS FOR TEMPORARY CERTIFICATES IN CASES OF EMERGENCY

157.11 Requirements for temporary certificate applications.

MISCELLANEOUS REGULATIONS UNDER CERTIFICATE PROVISIONS OF THE NATURAL GAS ACT

157.20 Reports to be filed.
157.21 Transferability and temporary continuance of certificate authorizations.
157.22 Exemption of temporary acts and operations.

APPLICATIONS FOR NON-"GRANDFATHER" CLAUSE CERTIFICATES OF PUBLIC CONVENIENCE AND NECESSITY

§ 157.5 *Abbreviated applications.* (a) When relatively minor operations, sales, service, construction, extensions or acquisitions are involved, applicant may omit the data and information required by §§ 157.6 through 157.8 as provided by paragraph (c) of this section.

(b) An application filed under this section shall conform closely to the applicable requirements of §§ 157.6 through 157.8 regarding form, manner of presentation, and filing, and shall contain all necessary information and supporting data to explain fully the proposed project, and its effect upon applicant's present and future operations, and upon the public proposed to be served.

(c) An application filed under this section shall contain a request that it be accepted for filing, and that submission of all data required by §§ 157.6 through 157.8 be not required for reasons which applicant shall set forth therein.

§ 157.6 *General requirements for applications*—(a) *Compliance with rules.* Applications for certificates of public convenience and necessity under section 7 (c) of the Natural Gas Act, as amended, shall conform to the requirements of § 157.7 and applicable requirements of the rules of practice and procedure, particularly §§ 1.5, 1.14, 1.15, 1.16 and 1.17 of this chapter. Amendments to or withdrawals of applications shall conform to the requirements of § 1.11 of this chapter. If the application involves an acquisition of facilities, it shall conform to the additional requirements prescribed by § 157.8.

(b) *Rejection of applications.* The burden of adequate presentation of certificate applications in intelligible form and compliance with these rules is entirely upon the applicant. All applications tendered under this part will be filed as of the date of their receipt by the Office of the Secretary of the Commission in Washington, D. C. Applications which are not in substantial conformity with this part will be rejected by the Secretary (§ 1.14 of this chapter).

(c) *General contents.* An application filed under this and the next following section shall include:

(1) The exact legal name of applicant, its principal place of business, and the name, title and mailing address of the person to whom communications concerning the application are to be addressed.

(2) A concise description of applicant's existing operations.

(3) A concise general description of the operation, sale, service, construction, extension or acquisition proposed in the application, including the estimated beginning and completion dates of construction, the estimated date of acquisition, and the estimated date of commencement of operations.

(4) A statement of whether any other application with respect to applicant's proposals is required to be filed by applicant or any other person with any other Federal, State or other regulatory body; and if so, the nature and status of such applications.

(5) A table of contents which shall list all exhibits and documents filed in compliance with §§ 157.7 and 157.8, identifying them by their appropriate titles and alphabetical letter designations.

(d) *Requests for temporary authorization.* In cases of emergency, a request for temporary authorization to proceed with a particular operation, sale, service, construction, extension or acquisition may be included in the application, or may be submitted separately, in accordance with § 157.11.

(e) *Requests for shortened procedure.* A request for the shortened procedure in conformity with § 1.32 (b) of this chapter may be included in a certificate application, or may be filed separately.

(f) *Application processing procedure*—(1) *Notice.* Upon the filing of a certificate application, notice thereof will be published in the FEDERAL REGISTER and copies of such notice mailed to persons, States or other governmental authorities deemed by the Commission to have sufficient interest in the proceeding to be entitled to notice, and to other persons requesting copies. Persons desiring to receive notice of applications for certificates in all cases shall so advise the Secretary.

(2) *Protests and interventions.* (i) Notices of applications will fix a time within which any person desiring to participate in the proceeding or to protest regarding the application, may file a petition to intervene or protest, or within which any interested state commission desiring to intervene may file its notice of intervention. Notices of applications will provide ordinarily that protests, petitions or notices must be filed not later than ten days next preceding the commencement of hearings.

(ii) Petitions to intervene and notices of intervention shall be filed within the time provided in the notice of application, or of amendments thereto, if any; failure to make timely filing will be grounds for denial of participation in the absence of extraordinary circumstances and good cause shown for the untimely filing. (See §§ 1.7, 1.8, 1.10 and 1.37 (f) of this chapter.)

(3) *Hearings.* Upon the filing of a complete application, including such supplemental information as the Commission may require:

(i) *General.* The Commission will schedule the application for public hearing, and will give notice thereof as provided by §§ 1.14 (c) (2), 1.19 (b) and 1.20 (a) and (b) of this chapter: *Provided,* That the Commission will not schedule for hearing an application filed later than fifteen days prior to the commencement of the hearing of the application of another person for service by such other person directly to some or all of the same markets until the Commission has rendered its final decision on the first filed application.

(ii) *Shortened procedure.* If no protest or petition to intervene raises an issue of substance, the Commission may dispose of the application in accordance with the provisions of § 1.32 (b) of this chapter.

(4) *Dismissal of application.* Failure of an applicant promptly to present full proof in support of its application will constitute grounds for the Commission forthwith to dismiss the application and terminate the proceedings.

§ 157.7 *Detailed requirements for applications*—(a) *General.* Except as otherwise permitted by § 157.5, exhibits listed in paragraph (d) of this section shall be submitted, if applicable, at the time the application is filed. Each shall contain:

(1) A title page which will show: Applicant's name, docket number (to be filled in by the Secretary), title of the exhibit, and applicant's letter designation of the exhibit.

(2) If of ten or more pages, an appropriate table of contents, citing by page, section number or subdivision, the component elements or matters therein contained.

(b) *Reference to previous applications.* Applicant may refer to previous applications provided the portions thereof referred to are specified with particularity and the exact page or exhibit numbers are stated (including page numbers in any exhibits).

(c) *Measurement base.* All gas volumes shall be stated upon a uniform pressure of 14.73 psia, at 60° F. temperature.

(d) *Exhibits*—(1) *Exhibit A—Articles of incorporation and bylaws.* If applicant is not an individual, a certified copy or photostat of its articles of incorporation and bylaws, or other similar instruments.

(2) *Exhibit B—State authorization.* A certified copy or photostat of evidence of applicant's authorization to do business in each State affected.

(3) *Exhibit C—Company officials.* A list of the names and business addresses of applicant's officers and directors or similar officials.

(4) *Exhibit D—Subsidiaries and affiliation.* If applicant or any of its officers or directors or similar officials, directly or indirectly, owns, controls, or holds with power to vote, 5 percent or more of the outstanding voting securities of any other person or organized group of persons engaged in production, transportation, distribution, or sale of natural gas, or of any person or organized group of persons engaged in the financing of such enterprises or operations—a detailed specification of such relationship, including the percentage of voting strength represented by such ownership of securities. If any person or organized group of persons, directly or indirectly, owns, controls, or holds with power to vote, 5 percent or more of the outstanding voting securities of applicant—a detailed specification of such relationship.

(5) *Exhibit E—Corporate authorization.* A certified copy or photostat of the resolution or other instrument of the board of directors authorizing the proposed project and the filing of the application.

(6) *Exhibit F—Location of facilities.* A geographical map of suitable scale showing and appropriately differentiating between all of the facilities proposed to be constructed or acquired and those existing facilities of applicant which are related thereto, including:

(i) Location, length and size of pipe lines.

(ii) Location and size (rated horsepower) of compressor stations.

(iii) Location and designation of each point of connection of existing and proposed facilities with main line industrial customers, gas pipeline or distribution systems, gas producing and storage fields, or other sources of gas supply.

(7) *Exhibit G—Design and operation of proposed facilities.* (i) A flow diagram under proposed operating conditions showing the following, together with the effect upon existing facilities of those proposed:

(*a*) Diameter, wall thickness and length of pipe to be installed.

(*b*) For each compressor station proposed or for which changes are proposed in existing stations, the size, type and number of compressor units, horsepower required, horsepower to be installed, volume of gas to be used as fuel, suction and discharge pressures, and compression ratio.

(*c*) Pressures and volumes of gas at the main-line inlet and outlet connections of each compressor station.

(*d*) Pressures and volumes of gas at the beginning and terminus of the proposed facilities, and at each intake and take-off point.

(ii) If the flow diagram submitted in compliance with the next preceding subdivision does not reflect the maximum capacities or deliveries of which applicant's existing and proposed facilities would be capable of achieving under most favorable operating conditions, then include an additional diagram or diagrams to depict the maximum capabilities of the facilities.

(iii) The flow diagram or diagrams submitted in compliance with the next preceding two subdivisions shall be accompanied by a statement of engineering design data in explanation and support of the diagrams and the proposed project, setting forth:

(*a*) Assumptions, bases, formulae and methods used in the development and preparation of such diagrams and accompanying data.

(*b*) A detailed description of the proposed facilities, specifying particularly the diameter, wall thickness, yield and tensile strength and method of fabrication of the pipe to be used.

(*c*) The location and installed horsepower of each compressor station.

(*d*) Type, capacity and location of each natural gas storage field or facility, and of each dehydration, desulphurization, natural gas liquefaction or other similar plant or facility.

(8) *Exhibit H—Gas supply data.* A statement of the gas supply committed to, controlled, or possessed by applicant which is available to it for the acts and the services proposed in the application. The statement shall show:

(i) The estimated total of proven reserves in place.

(ii) The volumes of reserves, held in fee or under lease, by each gas field and horizons or zones thereof, giving names and locations of fields (state and county or parish).

(iii) The names and addresses of persons from whom applicant has contractual commitments and proposes to purchase gas, together with the effective dates and remaining terms in years of its gas purchase contracts; and the estimated volumes of gas reserves applicant has available for purchase under each contract, segrated by gas fields and horizons or zones thereof, giving names and locations of fields (state and county or parish).

(iv) A deliverability study showing the daily volumes of natural gas which can and are proposed to be obtained each year from each source of supply.

(v) A conformed copy of each principal agreement, contract or other instrument, not on file with the Commission, which applicant proposes to rely upon for showing its gas supply. Contracts already filed shall be designated with particularity.

(vi) A map or maps showing: Location of each gas field; acreage committed and dedicated to applicant's project; and pipelines and other facilities to be utilized to deliver gas to applicant's main pipeline system, indicating identity of ownership of said facilities if other than by applicant.

(9) *Exhibit I—Market data*—(i) *New markets.* An estimate of the volumes of gas to be delivered during each of the first five years of operation of the proposed facilities, and historical data for each of the five years next preceding the filing of the application, in the proposed market area, which estimate and data shall state the B. t. u. content. The estimate and data shall show:

(*a*) Names and locations of gas companies and municipalities to which gas is to be sold, and, also, the names and locations of firm direct industrial and interruptible direct industrial customers each of whose estimated consumption totals 100,000 Mcf or more per year. The number of residential, commercial, firm industrial, interruptible industrial, residential space-heating, commercial space-heating, and other types of customers for each distribution system to be served at retail or wholesale.

(*b*) Total annual requirements and the annual requirements of each customer and classification of service listed in subdivision (*a*) of this subparagraph. Include also company use and unaccounted for gas.

(*c*) Total past and expected curtailments of service and the past and expected curtailments for each customer and classification of service listed in subdivision (*a*) of this subparagraph.

(*d*) Total peak day and the peak day requirements for each customer listed in subdivision (*a*) of this subparagraph.

(*e*) Explanation of basic factors used in estimating future requirements, including, for example: Peak day and annual degree-day deficiencies, annual load factors of applicant's system and of its deliveries to its proposed customers; individual consumer peak day and annual consumption factors for each class of consumers, with supporting historical data; and forecasted saturation of space-heating as related to past experience.

(*f*) Conformed copy of each contract, not on file with the Commission, for sale or transportation of natural gas by means of the proposed facilities. Contracts already filed shall be designated with particularity.

(*g*) Copies of all recent market surveys.

(ii) *System markets.* Where a major project is proposed, the estimates and data required by subdivision (i) of this subparagraph shall also be stated for applicant's entire system, including the proposed new markets.

(10) *Exhibit J—Conversion to natural gas.* If manufactured gas service exists in a community proposed to be served, submit with respect to each such community:

(i) Description of existing gas manufacturing facilities and their physical condition, including the type, size, daily output capacity, and installation date of each gas generating unit; daily sendout capacity of plant; capacity of storage holders; heating value of gas distributed.

(ii) Statement of kind and heating value of gas proposed to be distributed; and use proposed to be made of gas manufacturing facilities in connection with such service; estimated cost of converting gas manufacturing facilities to high Btu gas production, if such conversion is planned, and estimated daily capacity upon conversion.

(iii) Study showing estimated cost of converting consumers' appliances to natural gas and a statement as to the accounting proposed for such cost.

(iv) Description, location, and estimated cost of new facilities, if any, to be constructed for the receipt and distribution of natural gas to be purchased.

(v) Detailed estimates of savings, if any, for the first five years of proposed natural gas operation which each resale customer will be able to realize with the use of natural gas.

(vi) Effect of natural gas service upon the ultimate consumers served by each resale customer, including expected reductions in rates and improvements in service.

(vii) Plans for continued use, if any, of manufactured-gas plants.

(11) *Exhibit K—Cost of facilities.* A detailed estimate of total capital cost of the proposed facilities showing the cost of construction by operating units such as compressor stations, main pipe lines, laterals, measuring and regulating stations, and separately stating the cost of right-of-way, damages, surveys, materials, labor, engineering and inspection, overhead, interest during construction, and contingencies.

(12) *Exhibit L—Financing.* Proposed plan of financing applicant's proposal, including:

(i) A full description of the securities applicant has outstanding and those it proposes to issue or the liabilities it proposes to assume in connection with the proposed project, and the purposes therefor, showing the amount (face value and number), interest or dividend rate, dates of issue and of maturity, voting privileges, and terms and conditions applicable to each issue.

(ii) The manner in which applicant proposes to sell or issue the necessary securities, and the persons, if known, to whom they will be sold or issued, and if not known, the class or classes of such persons.

(iii) A statement showing for each proposed issue, by total amount and by unit, the estimated price to the public and estimated net proceeds to the applicant.

(iv) An itemized statement of estimated expenses, fees and commissions to be paid by applicant in connection with each proposed issue.

(v) Whether the consent of any holder of any security of applicant is required in order to permit the issuance of additional securities proposed by applicant; and whether any such restriction upon the future issuance of securities is being included in any securities proposed to be issued presently by applicant.

(vi) Statement of anticipated cash flow, including provision for interest requirements and capital retirements, for the first five years of operation of proposed facilities.

(vii) Statement showing over the life of each issue the annual amount of securities which applicant expects to retire through operation of a sinking fund or other extinguishment of the obligation.

(viii) A balance sheet and income statement of most recent date available.

(ix) Comparative, pro forma balance sheets and income statements for each of the first five years of operation, giving effect to the proposed construction and proposed financing of the project.

(x) Certified or photostatic copies of all agreements, contracts, mortgages, deeds of trust, indentures, agreements to advance materials or supplies or render services in return for applicant's securities, underwriting agreements and other agreements and documents of a similar nature.

(xi) Certified or photostatic copies of all reports submitted by applicant to underwriters or others regarding financing, including business studies, forecasts of earnings and other similar financial or accounting reports, statements or documents.

(xii) Certified or photostatic copies of all applications and supporting exhibits, registration statements or other similar submittals, if any, to the United States Securities and Exchange Commission.

(xiii) Any additional data and information upon which applicant proposes to rely for showing the adequacy and availability to it of resources for financing its proposed project.

(13) *Exhibit M—Construction, operation and management.* Concise statement setting forth arrangements for supervision, management, engineering or other similar services to be rendered in connection with the construction or operation of the project, if not done by employees of applicant, including reference to any existing or contemplated agreements therefor, together with:

(i) A statement showing such affiliation as may exist between applicant and any parties to such agreements or arrangements.

(ii) Certified or photostatic copies of all construction, engineering, management and other similar service agreements or contracts.

(14) *Exhibit N—Revenues; expenses; income.* Pro forma statements for each of the first five years of operation of the proposed facilities, showing in detail:

(i) Gas system annual revenues and volumes of natural gas related thereto, subdivided by classes of service, and further subdivided by sales to main line industrial customers, sales to other gas utilities, and other sales, indicating billing quantities used for computing charges, e. g., actual demands, billing demands, volumes, heat content adjustment or other determinants; in addition, if enlargement of extension of facilities is involved, the revenues attributable solely to the proposed facilities shall be stated separately.

(ii) Gas system annual operating expenses subdivided by functions, depreciation, depletion, taxes, utility income and rate of return on net investment in gas plant and working capital; in addition, if enlargement or extension of facilities is involved, the costs of service attributable solely to the proposed facilities shall be stated separately.

(15) *Exhibit O—Depreciation and depletion.* Depreciation and depletion rates to be established, the method of determination and the basis therefor.

(16) *Exhibit P—Tariff.* (Need not be submitted by applicants that propose no new or different rates than those currently effective and on file with the Commission.) A pro forma gas tariff or appropriate sections thereof, together with basic data showing:

(i) System cost of service for the first calendar year of operation of the completed proposed facilities.

(ii) A classification of such costs by "demand" and "commodity" components, and the allocation thereof to each particular service classification for which a two-part rate is proposed and a tariff submitted.

(iii) The rate base and rate of return claimed.

(iv) Gas operating expenses segregated functionally by accounts.

(v) Depletion and depreciation.

(vi) Taxes.

(17) *Other exhibits.* Applicant may submit additional exhibits that it considers essential for consideration of the application, or as may be necessary in supplying any additional information that the Commission may require. Such exhibits may be identified and designated with subnumbers of the appropriate single-letter designations referred to in the preceding subparagraphs of this paragraph.

(18) *Additional information.* Upon request in writing by the Commission, applicant shall submit additional data, information, exhibits, or other detail prior to or during the hearing upon any application.

§ 157.8 *Requirements for applications covering acquisitions*—(a) *General contents.* Except as otherwise permitted by § 157.5, applications under section 7 (c) of the Natural Gas Act, as amended, for certificates of public convenience and necessity authorizing acquisition of facilities, in addition to complying with the applicable provisions of §§ 157.6 and 157.7, shall include a statement showing:

(1) The exact legal name of the vendor, lessor, or other party in interest (hereinafter referred to as "vendor"), the state or other jurisdiction under the laws of which vendor was organized, if not an individual, location of vendor's principal place of business, and a description of any existing business, operation or property of vendor covered by the application.

(2) Any certificate held by vendor from the Commission relating directly to the facilities which applicant seeks to acquire, citing the order, date thereof, docket designation and title of the proceeding.

(3) The manner in which the facilities are to be acquired, the consideration to be paid and the method of arriving at the amount thereof, including a statement of all anticipated expenditures to be incurred in the acquisition.

(4) A description of the acquisition, showing the present use of the facilities, their proposed use after acquisition, and whether such facilities constitute all the operating facilities of the parties in interest to the transaction.

(5) Any franchise, license or permit held and applicable to the facilities covered by the application, showing date of expiration, if not perpetual, and including a statement as to the effect of the proposed acquisition thereon.

(6) Whether any application relating to the transaction is required to be filed with any other Federal, state or other regulatory body; if so, set forth the nature and status of such applications.

(b) *Exhibits.* In addition to complying with the applicable requirements of § 157.7, every application involving acquisition of facilities shall include in exhibit form:

(1) *Exhibit Q—Effect on existing contracts and tariffs.* A statement showing the effect of the proposed transaction upon any agreements for the purchase, sale, or interchange of natural gas, and upon any rate schedules or tariffs on file with this Commission or any other regulatory body, together with pro forma rate schedule sheets, notices of cancellation or other gas rate schedule or tariff filings that applicant will need to file with this Commission or with other regulatory bodies.

(2) *Exhibit R—Acquisition contracts.* A statement of, including:

(i) A certified copy or photostat of each contract or other agreement covering the acquisition of the facilities or related thereto.

(ii) Any intermediaries employed in consummating the transaction, including engineering or other service companies or organizations whose services were employed, and estimated compensation and fees of such intermediaries.

(iii) Any affiliation existing between applicant and vendor, or any other party in interest in the proposed acquisition.

(3) *Exhibit S—Accounting.* A statement:

(i) Showing the amounts recorded upon the books of the vendor as being applicable to the facilities to be acquired, and the depreciation, depletion and amortization reserves relating thereto as recorded upon such books.

(ii) Showing original cost of the facilities to be acquired, by accounts prescribed in the Commission's Uniform System of Accounts for Natural Gas Companies. Said statement shall set forth the method by which the original cost was determined, and shall specify whether same has been approved by any regulatory body having jurisdiction over the vendor or applicant.

(iii) If the original cost has not been determined, an estimate thereof, based upon records or data of the vendor or its predecessors, together with an explanation of the manner in which such estimate was made and a statement of the present custodian of all existing pertinent data and records.

(iv) Showing depreciation, depletion and amortization reserve requirements applicable to the original cost of the facilities to be acquired, including a statement of the estimated service lives and the approximate average age of the facilities to which the depreciation reserve applies, the amortization period with respect to the amortization reserves, and the depletion rates and estimated gas reserves upon which accruals to the depletion reserve are to be based.

(v) Showing amount at which the applicant proposes to record the facilities upon its books, setting forth the amount of the original cost to be recorded, the depreciation, depletion, and amortization reserves, and the acquisition adjustments, if any, together with a brief statement showing the manner in which applicant proposes to dispose of such adjustments.

(vi) Showing any duplicate facilities to be acquired which will be retired, or of property which must be extensively rehabilitated, including the estimated amounts of such property, the additional costs to be incurred, and the accounting proposed therefor.

(vii) If acquisition involved is by purchase of capital stock and liquidation of the acquired company, a balance sheet of the company to be acquired as of the most recent date available.

(viii) If acquisition involved is by merger, a pro forma consolidating balance sheet showing the merging of the accounts of vender and applicant and the adjustments relating thereto.

(4) *Other exhibits.* Applicant may submit additional exhibits that it considers essential for consideration of the application or as may be necessary in supplying any additional information that the Commission may require.

APPLICATIONS FOR TEMPORARY CERTIFICATES IN CASES OF EMERGENCY

§ 157.11 *Requirements for temporary certificate applications* (a) Pending the determination of an application for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, as amended, application may be made in cases of emergency for a temporary certificate authorizing the construction and operation of such minor extensions of existing facilities and such interconnections of pipeline systems as may be required to assure maintenance of adequate service, or to serve particular customers.

(b) Such application for temporary certificate shall be submitted in writing and shall state clearly and specifically the exact character of the emergency, the proposed method of meeting it, and the facts warranting the issuance of a temporary certificate.

MISCELLANEOUS REGULATIONS UNDER THE CERTIFICATE PROVISIONS OF THE NATURAL GAS ACT

§ 157.20 *Reports to be filed.* Every natural gas company constructing facilities pursuant to a certificate issued under Section 7 of the Natural Gas Act shall file (a) notice of the date on which construction begins, (b) each three months after the date on which a certificate is issued, a progress report showing the exact status of the construction authorized, (c) the date on which operation begins, and (d) within 90 days after facilities constructed pursuant to a certificate under section 7 (c) have been placed in service, a detailed statement showing the actual cost of such facilities by operating units and separately the cost of labor, materials, and other costs, as well as the cost of rights-of-way, damages, surveys, engineering, inspection, overhead, interest during construction, and contingencies. An original and four conformed copies of such reports shall be filed in lieu of the original and 14 conformed copies required by § 1.17 (f) of the rules of practice and procedure.

§ 157.21 *Transferability and temporary continuance of certificate—Authorizations.* Certificates of public convenience and necessity issued under section 7 of the Natural Gas Act, as amended, are not transferable. However, authorizations thereunder may continue in effect for a period not to exceed two years, in the event of the involuntary transfers by operation of law (including such transfers to receivers or trustees) of the facilities operated thereunder.

§ 157.22 *Exemption of temporary acts and operations*—(a) *General.* Public interest does not require the issuance of a certificate for the construction and operation of facilities necessary to assure maintenance of adequate natural-gas service where interruption or serious curtailment of service exists or is threatened because of failure of facilities or failure or curtailment of supply or unusual and unexpected demand on such facilities or supply, and where such acts and operations are limited to a single period of not more than sixty days.

(b) *Statement showing purpose.* Any company undertaking any such construction or operation shall immediately advise the Commission and within ten days file a full statement in writing and under oath setting forth the purpose and character thereof and a description of the operation and specific facilities constructed therefor.

(c) *Discontinuance and removal.* Except as provided herein, emergency operations undertaken under authority of paragraph (a) of this section shall be discontinued upon expiration of the sixty-day period, and all facilities installed for such temporary acts or operations shall be removed promptly and the Commission shall be so advised under oath within 10 days of such discontinuance and within 10 days of such removal. If appropriate application is made pursuant to section 7 (c) of the Natural Gas Act, as amended, for a certificate authorizing such facilities and operation thereof and such application also contains a request for a temporary certificate, the emergency operations may be continued until action by the Commission on the request for a temporary certificate.

[F. R. Doc. 51-3253; Filed, Mar. 13, 1951; 8:47 a. m.]

PART I—ORGANIZATION

GENERAL

SECTION 1. *Creation and authority.* The Atomic Energy Commission was established by the Atomic Energy Act of 1946 (60 Stat. 755; 42 U. S. C. 1801 et seq.), approved August 1, 1946. Pursuant to section 9 (a) of the act, certain interests, property, and facilities of the Government, including interests, property, and facilities of the Manhattan Engineer District, were transferred to the Commission as of Midnight, December 31, 1946, by Executive Order 9816 of the same date.

SEC. 2. *Purpose.* It is the purpose of the Atomic Energy Act to effectuate the declared policy of the people of the United States that, subject at all times to the paramount objective of assuring the common defense and security, the development and utilization of atomic energy shall, so far as practicable, be directed toward improving the public welfare, increasing the standard of living, strengthening free competition in private enterprise, and promoting world peace.

SEC. 3. *Programs.* The act provides for the following major programs relating to atomic energy:

(a) A program of assisting and fostering private research and development to encourage maximum scientific progress;

(b) A program for the control of scientific and technical information which will permit the dissemination of such information to encourage scientific progress, and for the sharing on a reciprocal basis of information concerning the practical industrial application of atomic energy as soon as effective and enforceable safeguards against its use for destructive purposes can be devised;

(c) A program of federally conducted research and development to assure the Government of adequate scientific and technical accomplishment;

(d) A program for Government control of the production, ownership, and use of fissionable material to assure the common defense and security and to insure the broadest possible exploitation of the fields; and

(e) A program of administration which will be consistent with the foregoing policies and with international arrangements made by the United States, and which will enable the Congress to be currently informed so as to take further legislative action as may hereafter be appropriate.

SEC. 4. *Operations.* The operations of the Commission are carried out largely by industrial concerns and by private and public institutions under contract with the Commission, in accordance with the requirements and policies established by the Commission pursuant to the Atomic Energy Act. Some of the principal production and research and development activities are conducted by contractors in facilities owned by the Commission. Major production facilities owned by the Commission are located at Oak Ridge, Tennessee, and Hanford, Washington. Production facilities at sites near Paducah, Kentucky, and Augusta, Georgia, are under construction. Major research and development facilities owned by the Commission are the Oak Ridge National Laboratory at Oak Ridge, Tennessee; the Los Alamos Scientific Laboratory at Los Alamos, New Mexico; the Argonne National Laboratory at Chicago, Illinois; the Brookhaven National Laboratory at Upton, Long Island, New York; and the Knolls Atomic Power Laboatory at Schenectady, New York.

SEC. 11. *General outline of organization.* This section outlines the principal elements of the Commission's organization, which is described in greater detail in sections 21 to 49, inclusive.

(a) The Commission is composed of five members, one designated as Chairman, all appointed by the President by and with the advice and consent of the Senate. The Commissioners confer and act as a body on important matters of policy, programs, and administration.

(b) The General Manager, appointed by the Commission, is the principal executive and administrative officer of the Commission.

(1) The General Manager is responsible to the Commission for the formulation of policies and programs by the Commission's divisions. Four of the six program divisions—the Divisions of Research, Production, Engineering, and Military Application—were expressly established by the Atomic Energy Act. The Division of Reactor Development and the Division of Biology and Medicine have been established by the Commission.

(2) The General Manager is also assisted in his executive and administrative duties by the Deputy General Manager, by the Office of the General Counsel, by the Director of Intelligence, by the Director of Classification, and by the Divisions of Finance, Organization and Personnel, Information Services, and Security.

(c) Certain executive and administrative functions have been delegated by the General Manager to the division directors, particularly to the Directors of Production, Military Application, and Reactor Development. The Director of Production is responsible for the Operations Offices at New York, N. Y.; Oak Ridge, Tennessee; Hanford, Washington; and Augusta, Georgia; and the Raw Materials Operations Office in Washington, D. C. The Director of Military Application is responsible for the Operations Office at Santa Fe, New Mexico. The Director of Reactor Development is responsible for the Operations Offices at Chicago, Illinois; Schenectady, New York; and Idaho Falls, Idaho; and for the Division of Engineering in Washington, D. C. These division directors have in turn delegated a large measure of executive and administrative authority to the managers of the Operations Offices. The managers of operations are authorized, within stated limits, to enter into contracts on behalf of the Commission, to act as representatives of the Commission for the administration of contracts executed under their authority or assigned to their offices, and to perform other special functions.

SEC. 12. *Committees.* The Atomic Energy Act provides for three permanent committees. The General Advisory Committee, composed of nine members appointed from civilian life by the President, advises the Commission on scientific and technical matters relating to materials, production, and research and development. The Military Liaison Committee consists of representatives of the Department of Defense, and at the present time has seven members. The Commission advises and consults with the Military Liaison Committee on all atomic energy matters which the Committee deems to relate to military applications, including the development, manufacture, use, and storage of bombs, the allocation of fissionable material for military research, and the control of information relating to the manufacture or utilization of atomic weapons. The Commission keeps the Committee fully informed of all such matters before it, and the Committee keeps the Commission fully informed of all atomic energy activities of the Armed Forces. The Joint Committee on Atomic Energy, composed of nine members of the Senate and nine members of the House of Representatives, makes continuing studies of the activities of the Atomic Energy Commission and of problems relating to the development, use, and control of atomic energy. The Commission keeps the Joint Committee fully and currently informed on the activities of the Commission.

COMMISSION HEADQUARTERS

SEC. 21. *The Commission.* The five Commissioners are appointed by the President, by and with the advice and consent of the Senate. One member is designated by the President as Chairman. The Commissioners establish policies and programs pursuant to the provisions of the Atomic Energy Act, direct the administrative and executive functions of the Commission to be discharged by the General Manager, appoint the principal officers of the Commission's organization, and take such other action as may be required to effectuate the purposes and policies of the Atomic Energy Act.

SEC. 22. *Office of the General Manager.* The General Manager is appointed by the Commission. The Commission has authorized and directed the General Manager to discharge those executive and administrative functions of the Commission which may be necessary to carry out the provisions of the Atomic Energy Act of 1946. The General Manager is authorized to redelegate such authority in writing, with or without authority to make successive redelegations, and under such terms, conditions, and limitations as he may deem appropriate. He is assisted in discharging his responsibilities by a Deputy General Manager, who is authorized to take action for the General Manager on all matters falling within the authority of the General Manager.

SEC. 23. *Office of the General Counsel.* The General Counsel advises the Commission directly regarding the interpretation of the Atomic Energy Act of 1946 and other sources of legal powers, and the authority for and legal implications of all activities of the Commission. The Office of the General Counsel advises and assists the General Manager, the division directors, and the Managers of Operations in all matters of law and legal policy. The Office of the General Counsel has supervision of the Patent Branch, which administers matters relating to patents and inventions.

SEC. 24. *Office of the Director of Intelligence.* The Director of Intelligence advises on intelligence matters.

SEC. 25. *Office of Classification.* The Director of Classification administers and effectuates the Commission's programs for the classification and declassification of information.

SEC. 26. *Division of Research.* The Division of Research develops and supervises programs of research in or involving the physical sciences, including the isotopes program, the transfer of peculiar materials and equipment among research installations, the dissemination and use of technical information in the atomic energy program, and research projects requested by other divisions. The Division also administers the program of cooperation with the Office of Naval Research and the contracts with the National Research Council and the Oak Ridge Institute of Nuclear Studies, Inc. for a fellowship program.

SEC. 27. *Division of Reactor Development.* The Division of Reactor Develop-

ment develops and directs the program for the development of reactors, including the equipment and processes which will make possible their effective and safe use; and integrates into this program the special needs of other divisions. The Director of the Reactor Development Division is authorized to make and administer contracts and to redelegate this authority, except that new or unusual types of transactions are subject to prior consideration of the General Manager.

SEC. 28. *Division of Engineering.* The Division of Engineering handles special engineering and related problems for the Division of Reactor Development.

SEC. 29. *Division of Production.* The Division of Production develops and directs programs of raw materials, production of fissionable materials, and procurement of special materials; supervises construction and related engineering and community activities; maintains accountability records of source and fissionable materials; coordinates mobilization plans, coordinates the use of priorities and allocations powers delegated by control agencies; and administers programs for equipment export control and for source materials and production facilities licensing. The Director of Production is authorized to make and administer contracts, and to redelegate this authority, except that new or unusual types of transactions are subject to prior consideration of the General Manager.

SEC. 30. *Division of Military Application.* The Division of Military Application directs the research, development, production and testing of atomic weapons; manages related AEC installations and communities; and assists in maintaining liaison between the Atomic Energy Commission and the Department of Defense. The Director of Military Application is authorized to make and administer contracts, and to redelegate this authority, except that new or unusual types of transactions are subject to prior consideration of the General Manager.

SEC. 31. *Division of Biology and Medicine.* The Division of Biology and Medicine develops and supervises programs of research in biology, medicine, and biophysics at AEC facilities and through direct contacts with private institutions; supervises measures to guard the health of atomic energy employees and the public; maintains liaison with Federal Civil Defense Administration and other Federal agencies on civil defense matters; coordinates the procurement of radiation detection instruments; supervises fellowship and special training programs in the life sciences.

SEC. 32. *Division of Security.* The Division of Security develops and maintains policies, standards, and procedures to assure the safekeeping of restricted data and other classified matter and to assure the protection of installations and materials of AEC; maintains liaison with the Federal Bureau of Investigation, the National Military Establishment, and other agencies as required for the protection of restricted data and for the clearance of personnel; and operates the security program for the Washington Area.

SEC. 33. *Division of Organization and Personnel.* The Division of Organization and Personnel develops and maintains the independent AEC employee personnel policy and related procedures; provides staff assistance in all matters of organization, management methods, contractor personnel administration, and safety and fire protection; and operates personnel services for the Washington Office.

SEC. 34. *Division of Finance.* The Controller has direct responsibility to the Commission to report the financial status of the agency and the results of its operations in conformity with generally accepted accounting principles; to detect fraud and improper diversion of assets and to prevent such occurrences to the extent possible by the maintenance of reasonable accounting and business-management controls; and to advise on financial implications of proposed courses of action. He is responsible to the General Manager for the performance of the functions assigned to the Division of Finance. The Division of Finance plans, develops, and maintains over-all policies and standards for accounting, auditing, budgeting, insurance, traffic management, records, motor vehicle operation, communications, and the procurement, custody, and disposal of materials, equipment, supplies and real estate; plans, develops, and maintains procedures for program authorization and progress reporting; performs financial and business management services for the Washington Office.

SEC. 35. *Division of Information Services.* The Division of Information Services advises and assists the Commission, General Manager, and Washington principal staff in disseminating scientific, technical and general information arising from policy determinations and program developments in accordance with provisions of the Atomic Energy Act of 1946 and other statutes. The Division assists Managers of Operations in complying with the requirements of the Commission, General Manager, and Directors of Program Divisions for coordination of public and technical information programs through advice to their public and technical information staffs.

SEC. 36. *Secretary to the Commission.* The Secretary to the Commission maintains official minutes and records of the Commission; reviews and processes documents to be presented to the Commission; advises the staff on behalf of the General Manager, of Commission decisions and requests; and provides related services.

OPERATIONS OFFICES

SEC. 41. *Chicago Operations Office.* The Chicago Operations Office, under the direction of a Manager of Operations responsible to the Director of Reactor Development, administers contracts for research and development programs, including those at the Argonne National Laboratory; administers related engineering and construction programs; provides management for the execution of programs at the University of California at Berkeley, Ames Laboratory of Iowa State College at Ames, Iowa, and the Westinghouse Company at Pittsburgh; and makes or approves purchases, contracts and subcontracts, except that each purchase, contract, subcontract, extension or modification in excess of $2 million is subject to the approval of the Director of Reactor Development.

SEC. 42. *Hanford Operations Office.* The Hanford Operations Office, under the direction of a Manager of Operations responsible to the Director of Production, is responsible for the production of fissionable materials and other special materials and fabricated items; manages Richland Village; related engineering and construction programs; and makes or approves purchases, contracts, and subcontracts, except that each purchase, contract, subcontract, extension or modification in excess of $5 million is subject to the approval of the Director of Production.

SEC. 43. *Idaho Operations Office.* The Idaho Operations Office, under the direction of a Manager of Operations responsible to the Director of Reactor Development, provides for the design, construction and operation of nuclear reactors and facilities and services as necessary; manages the Reactor Testing Station and performs other special assigned functions; and makes or approves purchases, contracts, and subcontracts, except that each purchase, contract, subcontract, extension or modification in excess of $2 million is subject to the approval of the Director of Reactor Development.

SEC. 44. *New York Operations Office.* The New York Operations Office, under the direction of a Manager of Operations responsible to the Director of Production, provides for receiving and warehousing source and other raw materials, processing source materials and other raw materials; administers the contract for a research and development program at the Brookhaven National Laboratory; is responsible for source material licensing; supervises the St. Louis and Cleveland Area Offices; administers contracts for research programs in the field of biology and medicine at Rochester, Western Reserve, and Columbia Universities; and makes or approves purchases, contracts, and subcontracts, except that each purchase, contract, subcontract, extension, or modification in excess of $2 million is subject to the approval of the Director of Production.

SEC. 45. *Oak Ridge Operations Office.* The Oak Ridge Operations Office, under the direction of a Manager of Operations responsible to the Director of Production, is responsible for the production of fissionable materials and certain special materials and fabricated items; administers contracts for research programs at Oak Ridge National Laboratory and other AEC installations administered by the Oak Ridge Operations Office; manages the community of Oak Ridge; administers related engineering and construction work; administers the AEC isotope-production and distribution program in accordance with policies of the Division of Research; supervises the Dayton Area Office, and the Kentucky Area Office; and makes or approves purchases, contracts, and subcontracts, except that each purchase, contract, subcontract, extension, or modification in excess of $5 million is subject to the approval of the Director of Production.

SEC. 46. *Raw Materials Operations Office.* Under the direction of a Manager of Operations responsible to the Director of Production, is responsible for the functions of exploration for, and acquisition and production of, raw materials and the procurement of certain special materials; administers related research, development, engineering, and construction work; supervises the Colorado Raw Materials Office; and makes or approves purchases, contracts, and subcontracts, except that each purchase, contract, subcontract, extension, or modification in excess of $2 million is subject to the approval of the Director of Production.

SEC. 47. *Santa Fe Operations Office.* Under the direction of a Manager of Operations responsible to the Director of Military Application, is responsible for research, development, production, and testing in the field of atomic weapons; supervises facilities at Sandia, New Mexico; manages the community at Los Alamos, New Mexico; and makes or approves purchases, contracts, and subcontracts, except that each purchase, contract, subcontract, extension, or modification in excess of $3 million is subject to the approval of the Director of Military Application.

SEC. 48. *Savannah River Operations Office.* The Savannah River Operations Office, under the direction of a Manager of Operations responsible to the Director of Production, administers assigned programs for the production of fissionable materials, special materials, and fabricated items; administers related engineering and construction programs; supervises the Dana Area Office; and makes or approves purchases, contracts, and subcontracts, except that each purchase, contract, subcontract, extension, or modification in excess of $5 million is subject to the approval of the Director of Production.

SEC. 49. *Schenectady Operations Office.* The Schenectady Operations Office, under the direction of a Manager of Operations responsible to the Director of Reactor Development, carries out the policies of the Commission for development of nuclear reactors in the Schenectady area, including the Knolls Atomic Power Laboratory; administers related research and development contracts and engineering contracts; supervises work in the Schenectady area performed as assistance to the Hanford Operations Office; and makes or approves contracts and subcontracts, except that each purchase, contract, subcontract, extension, or modification in excess of $1 million is subject to the approval of the Director of Reactor Development.

PART II—PROCEDURES

SECTION 1. *Research assistance—(a) Research and development contracts.* The Commission has entered into many contracts with public and private institutions for the prosecution of research and development work in various branches of atomic science and technology. These contracts are negotiated and supervised on behalf of the Commission by the General Manager, the Division of Biology and Medicine, the Managers of Operations and their authorized representatives. The Division of Research is responsible for the development and supervision of the research program involving the physical sciences in AEC installations and outside organizations, including the isotope program, and inquiries regarding participation in this program may be addressed to the Director of the Division of Research in Washington. The Division of Biology and Medicine is responsible for administration of the program for the support of basic research relating to atomic energy in the fields of biology and medicine, and inquiries regarding participation in this program may be addressed to the Director of the Division of Biology and Medicine in Washington.

(b) *Distribution of isotopes.* The Commission assists and fosters research and development by a program for the sale and distribution of various radioactive and stable isotopes, including deuterium, and for the irradiation in an operating nuclear reactor of various samples. Because radioisotopes are at present available only in limited amounts, and because they may present a distinct health hazard unless used with proper care, the Commission desires to insure that they are distributed in a manner that will assure effective use and safe handling. Any scientist working in a recognized academic, medical, or industrial research institution in the United States may address his specific request for isotopes or irradiation service to the United States Atomic Energy Commission, P. O. Box E, Oak Ridge, Tennessee. The Oak Ridge Operations Office processes applications for necessary approvals. The approved application is returned to the applicant for transmittal to the contractor serving as distributor. The contractor, on receipt of the approved application, fills the order and bills the applicant according to a price schedule approved by the Commission.

(c) *Fellowship program.* The Division of Research is responsible for the administration of contracts with the National Research Council and the Oak Ridge Institute of Nuclear Studies for a fellowship program. The fellowship program for the 1951–1952 academic year will be administered for the Commission by the Oak Ridge Institute. Predoctoral fellowships will be given in the physical and biological sciences; postdoctoral fellowships in the physical, biological, and medical sciences. Applications may be submitted to the Oak Ridge Institute of Nuclear Studies, Inc., University Relations Division, P. O. Box 117, Oak Ridge, Tennessee.

SEC. 2. *Information services.* Writers or speakers may submit material to the AEC for security review and for assistance in determining if the material is free of restricted data (as defined in the Atomic Energy Act). Review and assistance will be given insofar as national security permits. Such submission of material, as well as any requests for publicly releasable information concerning the Commission's organization and activities, should be directed to the Division of Information Services, U. S. Atomic Energy Commission, Washington 25, D. C.

SEC. 3. *Material and equipment control.* (a) Pursuant to section 5 (b) of the Atomic Energy Act of 1946, a regulation for licensing the transfer of source materials (uranium and thorium) has been published as Code of Federal Regulations, Title 10, Part 40 (14 F. R. 1156), which sets forth necessary procedures. Correspondence and other inquiries concerning possession, transfer, and use of source materials should be addressed to the U. S. Atomic Energy Commission, New York Operations Office, P. O. Box 30, Ansonia Station, New York 23, New York.

(b) Pursuant to section 4 (e) of the Atomic Energy Act of 1946, a regulation for licensing the manufacture and transfer of facilities for the production of fissionable material has been published as Code of Federal Regulations, Title 10, Part 50 (14 F. R. 3492 as amended), July 1, 1949, which sets forth necessary procedures. Correspondence and other inquiries in this connection should be addressed to the Division of Production, U. S. Atomic Energy Commission, Washington 25, D. C.

SEC. 4. *Patents, inventions, and awards.* (a) Rules and regulations with respect to applications for awards, just compensation or the fixing of reasonable royalty fees in connection with patents and inventions under the provisions of section 11 of the Atomic Energy Act of 1946 have been published as Code of Federal Regulations, Title 10, Part 80 (13 F. R. 3457). Inquiries with respect to such matters should be addressed to the Clerk, Patent Compensation Board, U. S. Atomic Energy Commission, Washington 25, D. C.

(b) Patents and Patent Applications Owned by the Commission Available for Licensing: The Commission grants nonexclusive, royalty-free licenses on Commission-owned patents and declassified patent applications as part of its program to make non-secret technological information available for use by industry. Periodic listings of such patents and patent applications are released in press releases and published in various journals including the U. S. Patent Office, Official Gazette, and the Atomic Energy Commission Nuclear Science Abstracts. Applicants for licenses should apply to the Chief, Patent Branch, Office of the General Counsel, U. S. Atomic Energy Commission, Washington 25, D. C.

SEC. 5. *Domestic uranium program.* The domestic uranium program of the

Commission, under the direction of Raw Materials Operations Office, was put into effect in April 1948. The details of this program have been explained in Domestic Uranium Circulars Nos. 1, 2, 3, and 5 which were published as Code of Federal Regulations, Title 10, Part 60 (13 F. R. 2089; 13 F. R. 2090; 14 F. R. 731). The Raw Materials Operations Office has developed a booklet entitled "Prospecting for Uranium" which provides valuable information and assistance to those interested in prospecting for radioactive materials. This booklet may be obtained from the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C., for 30 cents a copy.

(60 Stat. 755–775; 42 U. S. C. 1801–1819)

Dated: March 7, 1951.

WALTER J. WILLIAMS,
Deputy General Manager.

CIVIL AERONAUTICS BOARD

[Docket No. SA–229]

ACCIDENT OCCURRING AT SIOUX CITY, AIRPORT, SIOUX CITY, IOWA

NOTICE OF HEARING

In the matter of investigation of accident involving aircraft of United States Registry NC–19928, which occurred at Sioux City Airport, Sioux City, Iowa, on March 2, 1951.

Notice is hereby given, pursuant to the Civil Aeronautics Act of 1938, as amended, particularly section 702 of said act, in the above-entitled proceeding that hearing is hereby assigned to be held on Thursday, March 15, 1951, at 9 a. m. (local time) in the Courtroom, United States Post Office Building, Sioux City, Iowa.

Dated at Washington, D. C., March 8, 1951.

[SEAL] RUSSELL A. POTTER,
Presiding Officer.

[F. R. Doc. 51–3259; Filed, Mar. 13, 1951; 8:48 a. m.]

ECONOMIC STABILIZATION AGENCY

Office of Price Stabilization

[Administrative Order 22, Supp. 1]

REDELEGATION OF AUTHORITY WITH RESPECT TO ENFORCEMENT FUNCTIONS

By virtue of the authority vested in me as Assistant Director of Price Stabilization for Enforcement (Director of Enforcement), pursuant to Administrative Order No. 22, Executive Order No. 10161 (15 F. R. 6105), Economic Stabilization Agency General Order No. 2 (16 F. R. 738), and Economic Stabilization Agency General Order No. 5 (16 F. R. 1273), and in order to further define the internal organization of the Office of Price Stabilization, particularly the enforcement functions of the several Regional Enforcement Directors and District Enforcement Directors, *It is hereby ordered:*

SECTION 1. Those functions relating to the enforcement of price stabilization which were delegated to the Assistant Director of Price Stabilization for Enforcement (Director of Enforcement) by Administrative Order 22 are hereby redelegated to the several Regional Enforcement Directors and District Enforcement Directors subject to such rules, regulations and orders as may hereafter be issued by the Assistant Director of Price Stabilization for Enforcement (Director of Enforcement), and further subject to such general supervision, direction and control as the Assistant Director of Price Stabilization for Enforcement (Director of Enforcement) deems necessary and expedient.

SEC. 2. This order shall become effective March 13, 1951.

Issued this 13th day of March 1951.

E. P. MORGAN,
Assistant Director of Price Stabilization for Enforcement (Director of Enforcement).

[F. R. Doc. 51–3379; Filed, Mar. 13, 1951; 11:49 a. m.]

DEPARTMENT OF AGRICULTURE

Commodity Credit Corporation

SALES OF CERTAIN COMMODITIES AT FIXED PRICES

Pursuant to the Pricing Policy of Commodity Credit Corporation issued March 22, 1950 (15 F. R. 1583), and subject to the conditions stated therein, the following commodities are available for sale in the quantities and at the prices stated:

MARCH DOMESTIC PRICE LIST

Commodity and approximate quantity available (subject to prior sale)	Domestic sales price
Dried whole eggs 1950 pack (packed in barrels and drums) in carload lots only, 1,000,000 pounds.[1]	$1.03 per pound f. o. b. cars or trucks at warehouses in Illinois, Indiana, Iowa, Michigan, Ohio, Minnesota, Oklahoma, Texas, Kansas, Missouri, Nebraska, Wisconsin, Pennsylvania, New York, and Delaware.
Nonfat dry milk solids, in carload lots only:	
Spray process, 35,000,000 pounds.[1]	14 cents per pound, f. o. b. location of stock in any State.
Roller process, 15,000,000 pounds.[1]	12 cents per pound, f. o. b. location of stock in any State.
Linseed oil, raw, 216,000,000 pounds	Market price on date of sale.
Dry edible beans	On all beans, for areas other than those shown below, adjust prices upward or downward by an amount equal to the price support program differential between areas. Where no price differential occurs, the prices listed will apply. For other grades of all beans, adjust by market differentials. Prices listed below, on all beans, are at point of production. Amount of any paid-in freight to be added.
Pinto, bagged, 1,760,000 hundredweight.	No. 1 Grade, 1948[1] and 1949 crops: $8.10 per 100 pounds, basis f. o. b. Denver area and California area; $7.70 per 100 pounds, basis f. o. b. Idaho.
Pea, bagged, 955,000 hundredweight.	No. 1 Grade 1948[1] and 1949 crops: $7.85 per 100 pounds, basis f. o. b. Michigan area.
Red kidney, bagged, 543,000 hundredweight.	No. 1 Grade 1948 and 1949 crops: $9.30 per 100 pounds, basis f. o. b. New York area.
Great Northern, bagged, 1,950,000 hundredweight.	No. 1 Grade 1948[1] and 1949 crops: $7.15 per 100 pounds, basis f. o. b. Twin Falls, Idaho, area; $7.55 per 100 pounds, basis f. o. b. Morrill, Nebr., area.
Baby lima, bagged, 700,000 hundredweight.	No. 1 Grade 1948[1] and 1949 crops: $7.95 per 100 pounds, basis f. o. b. California area.
Cranberry beans, bagged, 80,000 hundredweight.	No. 1 Grade 1949 crops: $8.60 per 100 pounds, basis f. o. b. California or Michigan area.
Austrian Winter pea seed, bagged, 145,000 hundredweight.[1]	$5.26 per 100 pounds, f. o. b. point of production; amount of any paid-in freight to be added.
Blue lupine seed, bagged, 400,000 hundredweight	$5.26 per 100 pounds, f. o. b. point of production; amount of any paid-in freight to be added.
Kobe Lespedeza seed, bagged, 3,600 hundredweight.	$13.49 per 100 pounds, f. o. b. point of production; amount of any paid-in freight to be added.
Weeping Lovegrass seed, bagged, 1,300 hundredweight.	$54.33 per 100 pounds f. o. b. point of production; amount of any paid-in freight to be added.
Wheat, bulk, 5,000,000 bushels	This wheat is available only when premium wheat is required or when emergency situations exist. Basis in store, the market price but not in no event less than the applicable 1950 loan rate for the class, grade, quality, and location, plus: (1) 30 cents per bushel if received by truck, or 12 cents per bushel if received by rail or barge. Examples of minimum prices, per bushel: Kansas City, No. 1 HW, ex rail or barge, $2.41; Minneapolis, No. 1 DNS, ex rail or barge $2.52; Chicago, No. 1 RW, ex rail or barge, $2.56. NOTE: No wheat will be for sale in the Portland, Oreg., area until further notice.
Oats, bulk, 11,120,000 bushels	At points of production, basis in store, the market price but not less than the applicable 1950 county loan rate plus 15 cents per bushel; at other points, the foregoing plus average paid-in freight. Examples of minimum prices, per bushel: Chicago, No. 3 or better, 98 cents; Minneapolis, No. 3 or better, 94 cents.
Barley, bulk, 19,975,000 bushels	Basis in store, the market price but in no event less than the applicable 1950 loan rate for the class, grade, quality, and location, plus: (1) 22 cents per bushel if received by truck, or (2) 18 cents per bushel if received by rail or barge. Examples of minimum prices per bushel: Minneapolis, No. 3 barley, ex rail or barge, $1.50; San Francisco, No. 1 Western barley, rail or barge, $1.57.
Corn, bulk, 50,000,000 bushels	1950 commercial corn-producing area: At points of production, basis in store, the market price but not less than the applicable 1950 county loan rate for No. 3 yellow, plus 20 cents per bushel, but market differentials for other grades, quality, and classes. At other delivery points: (1) The foregoing, plus average paid-in freight; (2) basis the following fixed minimum terminal prices, with market differentials for grade, quality, and class, and freight differentials for location. Fixed minimum prices, per bushel: Chicago, No. 3 yellow, $1.82; St. Louis, No. 3 yellow, $1.82; Minneapolis, No. 3 yellow, $1.75; Omaha, No. 3 yellow, $1.74; Kansas City, No. 3 yellow, $1.78. Market differentials for other grades, quality, and classes. 1950 non-commercial corn-producing area: At points of production originating in a non-commercial county, basis in store, the market price but not less than 133 percent of the applicable 1950 county loan rate for No. 3, plus 20 cents per bushel; at other points, the foregoing plus average paid-in freight. If originating in a commercial county, the county loan rate for No. 3 plus 20 cents, plus average paid-in freight. Example of minimum price, per bushel: 1950 county loan rate for Brown County, Ill., $1.10 per bushel, No. 3 corn, 133 percent of $1.10, plus 20 cents equals $1.67 per bushel the minimum sales price.

[1] These same lots also are available at export sales prices announced concurrently.

MARCH EXPORT PRICE LIST

Commodity and approximate quantity available (subject to prior sale)	Export sales price
Dried whole eggs: 1950 pack (packed in barrels and drums) in carload lots only. 10,000,000 pounds.	(1) 60 cents per pound, f. a. s. vessel any U. S. Gulf or East Coast port; or (2) 60 cents per pound f. o. b. cars or trucks at warehouse locations, less freight based on the average gross shipping weight calculated at the lowest export freight rate.
Nonfat dry milk solids, in carload lots only:	For export to all countries except those listed below: Spray process—12½ cents per pound f. o. b. location of stock in any State. Roller process—10½ cents per pound f. o. b. location of stock in any State.
Spray process 35,000,000 pounds[1]	For export to Western Hemisphere countries except Canada and Colonial possessions of foreign countries, and territories and possessions of the U. S.: Spray process—9½ cents per pound f. o. b. location of stock in any State, less freight based on the average gross shipping weight, at the lowest export freight rate from that location to nearest port of export. Roller process—7½ cents per pound f. o. b. location of stock in any State, less freight based on the average gross shipping weight, at the lowest export freight rate from that location to nearest port of export.
Roller process, 15,000,000 pounds[1]	
Dry edible beans	No. 1 Grade 1948 Crop, f. a. s. vessel at locations shown below:
Pinto, bagged, 930,000 hundredweight[1]	$5.90 per 100 pounds, San Francisco and Portland, Oreg.; $6 per 100 pounds, U. S. Gulf ports. (See note below.)
Pea, bagged, 245,000 hundredweight[1]	$5.50 per 100 pounds, East Coast ports.
Great Northern, bagged, 715,000 hundredweight.[1]	$6 per 100 pounds, Portland, Oreg.; $6.10 per 100 pounds, U. S. Gulf ports. (See note below.)
Baby lima, bagged, 230,000 hundredweight.[1]	$5 per 100 pounds, San Francisco.
	NOTE: "U. S. Gulf ports" means ports with freight rates not greater than to New Orleans. Any excess freight will be for account of the buyer. Discounts for grades on all beans: No. 2, 25 cents less than No. 1; No. 3, 50 cents less than No. 1.
	Purchasers of beans for export to Canada must provide proof of re-export from Canada and the beans must not be re-exported to the U. S.
	At CCC's option, 1949 crop beans may be furnished in place of 1948 beans in instances where stocks of 1948 beans of the type and grade desired are exhausted.
Austrian winter pea seed, bagged, 145,000 hundredweight.[1]	Market price on date of sale at place of delivery, provided delivery takes place within 15 days unless otherwise agreed upon.
Fresh Irish potatoes, packed in usual 100-pound burlap sacks, in carload or truckload lots only. Substantial quantities as available in Aroostook County, Maine.	U. S. No. 1 Grade when loaded at CCC's point of purchase—60 cents per sack, f. o. b. cars at country shipping point, for export to areas other than U. S. possessions, Canada, Cuba, Mexico, or the Caribbean area. Consideration will be given to offers to purchase potatoes packed in crates at above price, plus additional costs to CCC. Consideration also will be given to purchases of certified seed potatoes packed in usual 100-pound burlap sacks or crates at the above price plus additional costs to CCC. Communicate with the Director, PMA Commodity Office, 139 Center St., New York 13, N. Y. Tel. REctor 2-5100.
Fresh Irish potatoes, for processing into potato food products for export. Quantities as available in the late potato producing States.	Basis 1 cent per hundredweight bulk ungraded at farm, plus reimbursement for approved marketing services required to be performed.

[1] These same lots also are available at domestic sales prices announced concurrently.

FEDERAL POWER COMMISSION

[Docket No. E-6343]

GULF STATES UTILITIES CO.

NOTICE OF APPLICATION

MARCH 7, 1951.

Take notice that on March 7, 1951, an application was filed with the Federal Power Commission, pursuant to section 204 of the Federal Power Act, by Gulf States Utilities Company, a corporation organized under the laws of the State of Texas and doing business in the States of Texas and Louisiana, with its principal business office at Beaumont, Texas, seeking an order authorizing the issuance of such number of whole shares of its presently authorized but unissued common stock as will yield an aggregate price to Applicant of $3,500,000 before payment of expenses of issuance, at competitive bidding to underwriters who will agree to make a public offering of all of such shares. Applicant proposes to issue such shares on or about May 1, 1951; all as more fully appears in the application on file with the Commission.

Any person desiring to be heard or to make any protest with reference to said application should, on or before the 28th day of March 1951, file with the Federal Power Commission, Washington, 25, D. C., a petition or protest in accordance with the Commission's rules of practice and procedure. The application is on file with the Commission for public inspection.

[Docket No. E-6344]

MOUNTAIN STATES POWER CO.

NOTICE OF APPLICATION

MARCH 8, 1951.

Take notice that on March 7, 1951, an application was filed with the Federal Power Commission, pursuant to section 204 of the Federal Power Act, by Mountain States Power Company, a corporation organized under the laws of the State of Delaware and doing business in the States of Idaho, Oregon, Montana, and Wyoming, with its principal business office at Albany, Oregon, seeking an order authorizing the issuance of $5,500,000 Principal Amount of First Mortgage Bonds, Series due April 1, 1981, bearing interest at a rate to be determined later, to be issued April 1, 1951, and to mature April 1, 1981, and 150,000 shares of common stock, par value $7.25 per share, to be issued approximately seven days after acceptable bid therefor. Applicant proposes to issue and sell the bonds and common stock at competitive bidding; all as more fully appears in the application on file with the Commission.

Any person desiring to be heard, or to make any protest with reference to said application should, on or before the 27th day of March 1951, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in

accordance with the Commission's rules of practice and procedure. The application is on file with the Commission for public inspection.

[Docket No. G-1565]

EQUITABLE GAS CO.

ORDER FIXING DATE OF HEARING

MARCH 7, 1951.

On December 19, 1950, Equitable Gas Company (Applicant), a Pennsylvania corporation having its principal place of business at Pittsburgh, Pennsylvania, filed an application for a certificate of public convenience and necessity and an amendment thereto January 30, 1951, pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of certain natural gas facilities replacing the existing Denniston Compressor Station, subject to the jurisdiction of the Commission, as described in the application on file with the Commission and open to public inspection.

The Commission finds: This proceeding is a proper one for disposition under the provisions of § 1.32 (b) (18 CFR 1.32 b) of the Commission's rules of practice and procedure, Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for non-contested proceedings, and no request to be heard, protest or petition having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on January 4, 1951 (16 F. R. 101).

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a hearing be held on March 20, 1951, at 9:45 a. m., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Date of issuance: March 8, 1951.

[SEAL] LEON M. FUQUAY, *Secretary.*

[F. R. Doc. 51-3243; Filed, Mar. 13, 1951; 8:45 a. m.]

ORDER FIXING DATE OF HEARING

MARCH 7, 1951.

On December 22, 1950, Penn-York Natural Gas Corporation (Applicant), a Pennsylvania corporation having its principal place of business at Buffalo, New York, filed an application and amendments thereto on January 22 and February 21, 1951, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural gas facilities and the sale of natural gas, subject to the jurisdiction of the Commission as fully described in the application on file with the Commission and open to public inspection.

The Commission finds:

(1) This proceeding is a proper one for disposition under the provisions of § 1.32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure, Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for non-contested proceedings, and no request to be heard, protest or petition presenting any issue of substance having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on January 11, 1951 (16 F. R. 290).

(2) Good cause exists for the setting of a hearing hereof for March 15, 1951, under the abridged procedure rule without 15 days notice being given.

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a hearing be held on March 15, 1951, at 9:30 a. m., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's Rules of Practice and Procedure.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Date of issuance: March 8, 1951.

By the Commission.

[SEAL] LEON M. FUQUAY, *Secretary.*

[Docket No. G-1617]

PIEDMONT GAS CO., INC.

NOTICE OF APPLICATION

MARCH 9, 1951.

Take notice that Piedmont Gas Company, Inc. (Applicant), a North Carolina corporation having its principal place of business at Hickory, North Carolina, filed on February 19, 1951, an application for (1) a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, authorizing the construction and operation of certain natural gas transmission pipe line facilities hereinafter described, and (2) for an order under section 7 (a) of the act directing Transcontinental Gas Pipe Line Corporation (Transcontinental) a natural gas company subject to the jurisdiction of the Commission to establish a physical connection of its transportation facilities with the proposed facilities of Applicant and to sell natural gas to it.

Applicant proposes to construct an interconnecting pipeline system between Transcontinental's pipeline project and the various communities Applicant proposes to serve. The proposed interconnecting system will consist of 6-inch pipe, approximately 28 miles in length.

The communities proposed to be served include the cities of Lincolnton, Maiden, Newton, Conover, Hickory, Granite Falls, Lenoir, Valdese, Morganton, and other intermediate points.

The Applicant estimates that its natural gas requirements on the maximum day in the first year of operation will be 1,203 Mcf, increasing to 4,963 Mcf in the fifth year.

Applicant proposes to finance the project by the sale of first mortgage bonds and common stock.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 28th day of March 1951. The application is on file with the Commission for public inspection.

[Docket No. G-1620]

PENNSYLVANIA GAS CO.

NOTICE OF APPLICATION

MARCH 9, 1951.

Take notice that on February 23, 1951, Pennsylvania Gas Company (Applicant), a Pennsylvania corporation having its principal place of business in the Borough of Warren, Pennsylvania, filed an application for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, authorizing the construction and operation of certain natural gas transmission pipeline facilities in order to enable Applicant to meet present and future demands of its customers.

Applicant proposes to construct approximately 52 miles of 12¾-inch O. D. pipeline, paralleling its existing transmission lines between Warren and Erie, Pennsylvania. Applicant also proposes to install 3 new gas compressor units totaling 990 horsepower at its Roystone Compressing Station in Warren County, Pennsylvania; 2 compressor units totaling 440 horsepower at its Sackett Compressing Station in Elk County, Pennsylvania; and approximately 3,090 feet of 10¾-inch pipe from its Sackett Station to the point of connection with the lines of United Natural Gas Company. The proposed construction is expected to be completed over a period of three years as materials become available.

The estimated over-all capital cost of the proposed facilities is approximately $2,200,000. The Applicant proposed to finance the cost of construction by selling long term installment promissory notes to National Fuel Gas Company, Applicants' majority stockholder.

The application is on file with the Commission for public inspection. Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) before the 28th day of March 1951.

[Docket No. G-1624]

ALABAMA-TENNESSEE NATURAL GAS CO.

NOTICE OF APPLICATION

MARCH 9, 1951.

Take notice that on February 28, 1951, Alabama-Tennessee Natural Gas Company (Applicant), a Delaware corporation of Florence, Alabama, filed an application for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, authorizing the construction of meter and regulator stations at points in its transmission system near Austinville, Barton, Belle Mina, Flint, Greenbrier, Margerum, Pride School, Pryor, and Tanner, Alabama. Applicant proposes by these facilities to sell natural gas to Muscle Shoals Natural Gas Corporation for resale in these communities, which have no gas utility service at present.

Through these facilities Applicant proposes to sell and deliver a maximum of 91,250 Mcf per year with a daily maximum of 400 Mcf of natural gas. The cost of these facilities is estimated to be $7,470, which will be paid from general funds of Applicant.

Applicant requests that its application be heard under the shortened procedure pursuant to § 1.32 (b) of the rules of practice and procedure.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 28th day of March 1951. The application is on file with the Commission for public inspection.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-2564]

OHIO EDISON CO. AND PENNSYLVANIA POWER CO.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 7th day of March A. D. 1951.

Ohio Edison Company ("Ohio"), a registered holding company and a public utility company, and its subsidiary Pennsylvania Power Company ("Pennsylvania"), a public utility company, having filed a joint application-declaration pursuant to sections 6, 7, 9, 10, and 12 of the Public Utility Holding Company Act of 1935 (the "act") and Rules U-43 and U-50 promulgated thereunder with respect to the following transactions:

Ohio, the holder of all the issued and outstanding shares of common stock of Pennsylvania, par value $30 per share, proposes to purchase from Pennsylvania and Pennsylvania proposes to issue and sell to Ohio 40,000 additional shares of common stock of Pennsylvania for a total cash consideration of $1,200,000.

In addition to the issuance and sale of the above described common stock, Pennsylvania also proposes to issue and sell, at competitive bidding pursuant to the requirements of Rule U-50, 40,000 shares of $100 par value preferred stock of a new series or class ranking equally with the shares of Pennsylvania's 4.25 percent preferred stock now outstanding. The new preferred stock is to be sold for the lowest actual cost of money obtainable which, however, is to be not more than 4.50 percent per annum. It is represented in the filing that the proceeds from the sale of these securities will be used to assist Pennsylvania in its contemplated construction program for the years 1951 and 1952.

Notice of the filing of this joint application-declaration having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to the act and the Commission not having received a request for a hearing and not having ordered a hearing thereon; and

The Commission finding with respect to this joint application-declaration that all of the applicable statutory standards are satisfied and that there is no basis for any adverse findings and

deeming it appropriate in the public interest and in the interest of investors and consumers that said joint application-declaration be granted and permitted to become effective;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of the act, that said joint application-declaration be and the same is hereby granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24 and to the following terms and conditions:

(1) That the proposed issuance and sale of the 40,000 shares of $100 par value preferred stock of Pennsylvania shall not be consummated until the results of competitive bidding held with respect thereto have been made a matter of record in this proceeding and a further order shall have been entered by this Commission in the light of the record so completed, which order shall contain such further terms and conditions, if any, as may then be deemed appropriate;

(2) That jurisdiction be reserved with respect to the payment of any and all fees and expenses incurred or to be incurred in connection with the consummation of the proposed transactions.

It is further ordered, That the granting and permitting of the said application-declaration to become effective forthwith is further subject to the following terms and conditions proposed by applicants-declarants:

(1) So long as any shares of the 4.25 percent and the new preferred stock (collectively referred to herein as "Preferred Stock") are outstanding, the payment of dividends on the Common Stock (other than (i) dividends payable in Common Stock or (ii) dividends paid in cash if immediately thereafter there shall be paid to the Company in cash an amount equal to such dividends for shares of or as a capital contribution with respect to Common Stock) and the making of any distribution of assets to holders of Common Stock by purchase of shares or otherwise (each of such actions being herein embraced within the term "payment of Common Stock dividends") shall be subject to the following limitations (except as such payments may be approved or permitted by subsequent order of the Securities and Exchange Commission or any successor thereto or except as such payments may be permitted in accordance with a waiver of such limitations which shall have been approved by the affirmative vote in favor thereof of the holders of at least 66⅔ percent of the shares of Preferred Stock at the time outstanding):

(a) If and so long as the ratio of the aggregate of the par value of, or stated capital represented by, the outstanding shares of Common Stock and of the surplus of the Company, paid-in, earned or other, (including premiums on Common Stock but excluding premiums on the Preferred Stock) to the aggregate of the total capitalization (which shall mean the aggregate of the principal amount of all outstanding indebtedness of the Company maturing more than twelve months after the date of determination of total capitalization, plus the par value of, or stated capital represented by, the outstanding shares of all kinds and classes of stock of the Company, including any premiums on capital stock) and surplus of the Company at the end of the calendar month immediately preceding the calendar month in which the proposed Common Stock dividend is to be declared, adjusted in each case to reflect the proposed payment of Common Stock dividends, (which ratio is hereinafter referred to as the "capitalization ratio") is less than 20 percent, the payment of Common Stock dividends, including the proposed payment, during the twelve calendar months period ending with and including the date on which the proposed payment is to be made shall not exceed 50 percent of the net income of the Company available for the payment of dividends on the Common Stock for the twelve full calendar months immediately preceding the month in which such dividend is declared;

(b) If and so long as the capitalization ratio is 20 percent or more but less than 25 percent, the payment of Common Stock dividends, including the proposed payment, during the twelve calendar months period ending with and including the date on which the proposed payment is to be made shall not exceed 75 percent of the net income of the Company available for the payment of dividends on the Common Stock for the twelve full calendar months immediately preceding the month in which such dividend is declared;

(c) Except to the extent permitted under paragraphs (a) and (b) above, the Company shall not make any payment of Common Stock dividends which would reduce the capitalization ratio to less than 25 percent.

(2) So long as any shares of the Preferred Stock are outstanding, the Company shall not, without the affirmative vote in favor thereof of the holders of at least 66⅔ percent of the shares of Preferred Stock at the time outstanding, create, authorize or, except within 180 days after such a vote of the Preferred Stock, issue any kind or class of stock preferred as to dividends or assets over the Preferred Stock or any security convertible into shares of any such kind or class of stock.

(3) So long as any shares of the Preferred Stock are outstanding, the Company shall not, without the affirmative vote in favor thereof of the holders of at least a majority of the shares of Preferred Stock at the time outstanding,

(a) Sell, lease or exchange all or substantially all of its property, unless such sale, lease or exchange or the issuance and assumption of all securities to be issued or assumed in connection therewith, shall have been ordered, approved or permitted by a regulatory authority of the Commonwealth of Pennsylvania or of the United States of America having jurisdiction in the premises;

(b) Issue, sell or otherwise dispose of any shares of Preferred Stock (other than the disposition heretofore made of the 41,049 shares of 4.25 percent preferred stock now outstanding and the presently proposed disposition of the 40,000 shares of new preferred stock) or of any shares of any kind or class of stock ranking on a parity with the Preferred Stock as to dividends or as to assets, unless (i) the gross income of the Company available for the payment of interest (determined in accordance with generally accepted accounting practices but in any event after deducting the amount charged by the Company on its books for all taxes and for retirement or depreciation reserve) for a period of twelve consecutive calendar months within the fifteen calendar months immediately preceding the issuance, sale or disposition of such a stock (including, in any case in which such stock is to be issued, sold or otherwise disposed of in connection with the acquisition of new property, the gross income of the property to be so acquired, computed on the same basis as the gross income of the Company available for the payment of interest) is at least equal to one and one-half (1½) times the aggregate of the annual interest requirements (adjusted by provision for amortization of debt discount and expense or of premium on debt, as the case may be) on all indebtedness of the Company and the annual dividend requirements (adjusted by provision for amortization of Preferred Stock premium and expense) on all shares of Preferred Stock and of all kinds of stock over which the Preferred Stock does not have preference as to the payment of dividends and as to assets, including the shares proposed to be issued, to be outstanding immediately following such issuance, sale or disposition and (ii) the aggregate of the par value of, or stated capital represented by, the outstanding shares of Common Stock and of the surplus of the Company (paid-in, earned and other, if any, including any premium on Common Stock but excluding any premium on Preferred Stock) shall be not less than the aggregate amount payable in the event of involuntary liquidation upon all outstanding shares of Preferred Stock and of all kinds of stock over which the Preferred Stock does not have preference as to the payment of dividends and as to assets, including the shares proposed to be issued, and provided further that no portion of the surplus of the Company utilized to satisfy such requirement shall thereafter be available for dividends or other distributions of assets, by purchase of shares or otherwise, on Common Stock or on any other kinds of stock over which the Preferred Stock has preference as to the payment of dividends and as to assets until and to the extent that shares of Preferred Stock are retired or until and to the extent that the par value of, or stated capital represented by, the outstanding shares of Common Stock shall have been increased.

It is further ordered, That the condition in the Commission's order dated October 17, 1945, restricting the payment of common stock dividends by Pennsylvania shall cease to be effective upon the taking effect of the proposed dividend restriction embodied in this instant order.

By the Commission.

[File No. 70-2566]

GENTILLY DEVELOPMENT CO., INC., AND MIDDLE SOUTH UTILITIES, INC.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 8th day of March A. D. 1951.

Middle South Utilities, Inc. ("Middle South"), a registered holding company and its wholly owned non-utility subsidiary, Gentilly Development Company, Inc. ("Gentilly"), having filed an application-declaration pursuant to the Public Utility Holding Company Act of 1935, particularly sections 11 (b) (1), 11 (b) (2), 12 (c), and 12 (f) thereof, and Rule U-46 of the rules and regulations promulgated thereunder with respect to the following proposed transactions:

Gentilly's principal assets consist of two first mortgage notes in the aggregate principal amount of $810,000, maturing January 12, 1953, which notes were received in connection with Gentilly's sale of land which it owned in the City of New Orleans (Holding Company Act Release No. 10328). Pursuant to such mortgages the mortgagors may obtain release of specific parcels of property from time to time upon payment of specified amounts per unit of property to be released. As such property is released Gentilly proposes to pay liquidating dividends to Middle South of such amounts as are received in excess of Gentilly's corporate needs. Such payments will be made as a return of capital out of unearned surplus and will be charged to capital surplus created as a result of the reduction of capital stock authorized by the Commission in 1948 (Holding Company Act Release No. 8452). It is proposed that payments received by Middle South will be credited to the carrying value of its investment in the common stock of Gentilly. It is further proposed that Middle South maintain the corporate existence of Gentilly until such time as the mortgage notes shall have been paid, at which time it is contemplated that appropriate action will be taken for complete liquidation of Gentilly.

The application-declaration states that the sale of the real property of Gentilly and the transactions described herein are in pursuance of the program of Middle South and its subsidiaries to dispose of properties not properly constituting a part of the Middle South system.

Said application-declaration having been filed on February 6, 1951, notice of said filing having been given in the form and manner required by Rule U-23 promulgated pursuant to said act, the Commission not having received a request for hearing within the time specified in said notice, or otherwise, and the Commission not having ordered a hearing thereon; and

The Commission finding that the proposed transactions are in compliance with the applicable sections of the act and that no adverse findings are necessary thereunder, the Commission deeming it appropriate to grant the application and permit the declaration to become effective, and also deeming it appropriate to grant the request of the applicants-declarants that the order herein contain the recitals required by section 1808 (f) and Supplement R of the Internal Revenue Code, as amended:

It is ordered, Pursuant to the applicable provisions of the act and subject to the terms and conditions contained in Rule U-24 that the said application-declaration be, and the same hereby is, granted and permitted to become effective forthwith; and

It is further ordered and recited, That the transactions proposed herein are necessary or appropriate to the integration or simplification of the holding company system of which Gentilly and Middle South are members, and necessary or appropriate to effectuate the provisions of sub-section (b) of section 11 of the act.

By the Commission.

[File No. 70-2568]

UTAH POWER & LIGHT CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 8th day of March A. D. 1951.

Utah Power & Light Company ("Utah"), a registered holding company having filed a declaration pursuant to the Public Utility Holding Company Act of 1935, particularly sections 6 (a) and 7 thereof with respect to the following proposed transactions:

Utah proposes, during the year 1951, to borrow from certain banks amounts not to exceed in the aggregate $12,000,000. Such loans will be evidenced by promissory notes payable December 15, 1951, and bearing interest at the rate of 2½ percent per annum.

The declaration states that the proceeds from the proposed borrowings are to be used in connection with Utah's construction program. It is further stated that during the year 1951 Utah proposes to issue and sell 200,000 shares of common stock and to issue and sell first mortgage bonds in an amount presently estimated at not to exceed $10,000,000. Proceeds from such later financing will be used to repay the loans herein proposed and to provide additional funds for Utah's construction program, which, it is estimated, will entail the expenditure of approximately $44,000,000 in the years 1951-53, inclusive, of which the estimated expenditures for the year 1951 are approximately $18,000,000.

Said declaration having been filed on February 9, 1951, notice of said filing having been given in the form and manner required by Rule U-23 promulgated pursuant to said act, the Commission not having received a request for hearing within the time specified in said notice, or otherwise, and the Commission not having ordered a hearing thereon; and

The Commission finding that the proposed transactions are in accordance with the applicable standards of the act, the Commission observing no basis for the imposition of terms and conditions in connection therewith, and the Commission deeming it appropriate to permit said declaration to become effective:

It is ordered, Pursuant to the applicable provisions of the act and subject to the terms and conditions stated in Rule U-24 that said declaration be, and the same hereby is, permitted to become effective forthwith.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-2576]

WEST PENN ELECTRIC CO. AND POTOMAC EDISON CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 8th day of March A. D. 1951.

Notice is hereby given that a joint application-declaration has been filed with this Commission by the West Penn Electric Company ("West Penn Electric"), a registered holding company, and the Potomac Edison Company ("Potomac"), which is an operating public utility company, a registered holding company, and a direct subsidiary of West Penn Electric. The filing designates sections 6, 7, 9, 10, and 12 of the act and Rules U-43, U-44 and U-50 promulgated thereunder as being applicable to the proposed transactions.

Notice is further given that any interested person may, not later than March 20, 1951, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time thereafter, this application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 and P-100 thereof.

All interested persons are referred to said joint application-declaration which is on file in the office of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

Potomac proposes to issue and sell, pursuant to the competitive bidding requirements of Rule U-50, $10,000,000 principal amount of its First Mortgage

and Collateral Trust Bonds, ___ percent series, due 1981. The bonds are to be issued under and secured by Potomac's present indenture dated as of October 1, 1944, as supplemented by an indenture to be dated as of April 1, 1951.

Potomac also proposes to issue and sell 200,000 shares of common stock, without par value, to West Penn Electric and West Penn Electric proposes to acquire such shares for a total cash consideration of $4,000,000. West Penn Electric will pledge the new shares of common stock to be acquired by it from Potomac as additional collateral security for West Penn Electric's 3½ percent Sinking Fund Collateral Trust Bonds, this pledge being pursuant to the terms of the trust indenture dated as of September 1, 1949. West Penn Electric now owns all of the 450,000 outstanding shares of common stock of Potomac.

The filing indicates that Potomac and its subsidiaries anticipate making expenditures of about $23,850,000 during 1951 and 1952 for the construction of property additions. In order to finance such construction program the companies will utilize the proceeds from the sale of the said securities and cash on hand and estimated to be received from operations. Potomac estimates that, based on the present level of earnings and current expectations as to the progress of the construction program, approximately $5,000,000 of additional cash will have to be provided before the end of 1952 through the sale of additional securities of a type not yet determined.

The joint application-declaration requests that any order of this Commission authorizing the proposed transactions become effective forthwith upon issuance.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[Vesting Order 17414]

GRACE H. VON OERTZEN

In re: Bonds owned by Grace H. Von Oertzen. F-28-23533-A-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Grace H. Von Oertzen, whose last known address is Adolf Hitler Str. 20, Mecklenburg, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows: Ten (10) New Netherland Bond and Mortgage Company 6 percent Deb. Stpd. Bonds, due February 1, 1938, of $1,000.00 face value each, bearing the numbers 194/203 inclusive, registered in the name of Grace H. Von Oertzen, presently in the custody of The New York Trust Company, 100 Broadway, New York 15, New York, in account number A837, and all rights thereunder and thereto subject, however to any and all lawful liens of the aforesaid company,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Grace H. Von Oertzen, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 21, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 17445]

HEINRICH VON DER NEUSTADT ET AL.

In re: Cash owned by Heinrich von der Neustadt and others. D-28-5428, F-28-12518, F-28-12519, F-28-12520.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the persons whose names and addresses are as follows: Herman von der Neustadt, Fladderlohausen, Uber Damme, Oldenburg, Germany, Wilhelmine von der Neustadt, Fladderlohausen, Uber Damme, Oldenburg, Germany and Heinrich von der Neustadt, Bad Schwartan, Lubeck, Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the property described as follows:

a. Cash in the sum of $831.27 presently held by the Alameda County Treasurer, Alameda County Court House, Oakland, California in a blocked account entitled "Estate of George V. Neustadt No. 60941, Heinrich von der Neustadt, German Heir," and any and all rights to demand, enforce and collect the same,

b. Cash in the sum of $831.27 presently held by the Alameda County Treasurer, Alameda County Court House, Oakland, California in a blocked account entitled "Estate of George V. Neustadt No. 60941, Herman von der Neustadt, German Heir," and any and all rights to demand, enforce and collect the same, and

c. Cash in the sum of $831.27 presently held by the Alameda County Treasurer, Alameda County Court House, Oakland, California in a blocked account entitled "Estate of George V. Neustadt No. 60941 Wilhelmine von der Neustadt, German Heir," and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Heinrich von der Neustadt, Herman von der Neustadt and Wilhelmine von der Neustadt, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 26, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

HELENE SCHOENESHOEFER ET AL.

In re: Real property and insurance policies owned by Helene Schoeneshoefer, also known as Helene Schoneshoefer and others. F-28-31255.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Helene Schoeneshoefer, also known as Helene Schoneshoefer, whose last known address is Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the personal representatives, heirs, next of kin, legatees and distributees of William Schoeneshoefer, deceased, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country (Germany);

3. That the property described as follows:

a. Real property situated in the County of Marshall, State of Kansas, particularly described as the South one-half (S½) of Lots One (1) and Two (2) Block "A", Yaussi's Addition to the City of Marysville, Kansas, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits and other payments arising from the ownership of such property, and

b. All right, title, interest and claim in and to all insurance policies covering the premises described in subparagraph 3-a hereof and any and all extensions or renewals thereof,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of, or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

4. That to the extent that the persons named in subparagraph 1 hereof and referred to in subparagraph 2 hereof, are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described in subparagraph 3-a hereof, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designated enemy countries, but not subject to that certain purported deed from Helene Schoeneshoefer, also known as Helene Schoneshoefer, to W. A. Kraemer of Marshall County, Kansas, dated December 30, 1949, and recorded in the Office of the Register of Deeds of Marshall County, Kansas, on the first day of February 1950, in Book 260, at page 211, and

There is hereby vested in the Attorney General of the United States the property described in subparagraph 3-b hereof,

All such property so vested to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on March 8, 1951.

For the Attorney General.

VOLUME 16 NUMBER 51

Washington, Thursday, March 15, 1951

TITLE 7—AGRICULTURE

Chapter VII—Production and Marketing Administration (Agricultural Adjustment), Department of Agriculture

[1023 (Peanuts—51) 1]

PART 729—PEANUTS

MARKETING QUOTA REGULATIONS FOR 1951 CROP

The amendments herein are based on the peanut marketing quota provisions of the Agricultural Adjustment Act of 1938, as amended (7 U. S. C. 1357-1359), and are made for the purpose of amending §§ 729.219 and 729.226 of the peanut marketing quota regulations for the 1951 crop relating to the establishment of farm acreage allotments. The first amendment corrects a typographical error by changing the year "1947" appearing in § 729.219 (c) to the year "1946". The other amendment clarifies the last sentence of § 729.226 relating to the procedure to be followed in apportioning the acreage reserve for new farm allotments in the event the total acreage approved for new farms by the county and State committees exceeds such reserve.

Farmers in the southernmost areas of the United States have already begun the planting of their 1951 crops of peanuts, and farmers in the other peanut-producing areas of the Nation are completing their plans for the production of peanuts in 1951. In order that peanut farmers who are affected by the amendments set forth below may make the necessary changes in their plans and operations, it is essential that the amendments be made effective as soon as possible. Accordingly, it is hereby determined and found that compliance with the notice, procedure, and effective date requirements of the Administrative Procedure Act (5 U. S. C. 1003) is impracticable and contrary to the public interest, and the amendments contained herein shall be effective upon filing of this document with the Director, Division of the Federal Register.

The marketing quota regulations for the 1951 crop of peanuts (15 F. R. 7292) are hereby amended as follows:

1. Section 729.219 (c) is amended by changing the year "1947" appearing therein to "1946".

2. The last paragraph of § 729.226 is amended by striking out the last sentence and adding the following new sentences: "If the total of the acreage allotments for new farms as determined by the county and State committees pursuant to this section exceeds the acreage reserved for new farm allotments, such acreage shall be made available to the States for establishing new farm allotments as follows: (1) For any State for which the total of the new farm allotments determined by the county and State committees does not exceed one percent of the State's share of the 1951 national peanut acreage allotment, no adjustment will be made in the new farm allotments determined by the county and State committees; (2) for any State for which the total of the new farm allotments determined by the county and State committees exceeds one percent of the State's share of the national acreage allotment, there shall be made available for new farm allotments in each such State an acreage equal to one percent of the State's share of the national acreage allotment; and (3) the acreage remaining after making the apportionments under subparagraphs (1) and (2) of this paragraph shall be apportioned pro rata among the States receiving acreage under subparagraph (2) of this paragraph on the basis of the total acreage determined for new farm allotments by the county and State committees that is in excess of the acreage made available under subparagraph (2) of this paragraph. The acreage allotments determined by the county and State committees for new farms in States which receive acreage under subparagraphs (2) and (3) of this paragraph shall be adjusted downward so that the total of the acreage allotments for such farms shall not exceed the acreage made available to the State for establishing allotments for such farms. For purposes of the provisions of this paragraph, each State's share in the national acreage allotment shall be determined by applying to the 1950 State acreage allotment calculated prior to the enactment of Public Law 471, 81st Congress, approved March 31,

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

PART 960—HANDLING OF IRISH POTATOES GROWN IN MICHIGAN, WISCONSIN, MINNESOTA, NORTH DAKOTA, AND IN CERTAIN COUNTIES OF IOWA AND OF INDIANA

REPORTS FROM HANDLERS

A notice of proposed rule making relevant to reports from handlers, to be made effective under Order No. 60, as amended (15 F. R. 6956), regulating the handling of Irish potatoes grown in Michigan, Wisconsin, Minnesota, North Dakota, and in certain counties of Iowa and of Indiana, was published in the FEDERAL REGISTER (16 F. R. 1603). This regulatory program is effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.). After consideration of all relevant matters presented, including the rule set forth in the aforesaid notice, which rule was adopted and submitted for approval by the North Central Potato Committee, established pursuant to said order, it is hereby determined that the following rule will tend to effectuate the declared policy of the act and it is, therefore, hereby approved.

§ 960.105 *Inspection reports*—(a) *Policy.* The North Central Potato Committee should have, for effective and efficient administration of the order, a record of the Federal-State Inspection Certificate applicable to each shipment of potatoes during any period in which inspection is required pursuant to § 960.65. A copy of the Federal-State Inspection Certificate shall be accepted as sufficient and adequate record for the committee when such certificate covers only the potatoes included within such shipment. If an inspection certificate covers more than one shipment of potatoes, the handler who obtained inspection on the whole lot from which each such shipment is a part should report each such shipment to the committee in such manner as to identify such shipment as part of the whole lot which was covered by an inspection certificate and to enable the committee to determine if each shipment has been inspected. Such reports should set forth appropriate and adequate information to serve the committee's requirements, including the name and address of the person to whom each such shipment is made, the hundredweight of potatoes in each such shipment, the type of pack, the number of units, the inspection certificate number applicable to the lot from which such shipment is made, and such other necessary information as the committee may require.

(b) *Rule.* Each handler shall report inspections on potatoes which he ships by requesting the Federal-State Inspection Service to forward to the committee a copy of each certificate issued to such handler. If an inspection certificate covers more than one shipment of potatoes the handler who obtained such inspection shall report to the committee, on forms obtainable from the committee, the name and address of the person to whom each such shipment is made, the hundredweight of potatoes involved in each such shipment, the mode of transportation (if any) utilized in effecting each such shipment, the type of pack and the number of units in each such shipment, and the inspection certificate number applicable to such shipment: *Provided*, That a report other than a copy of the inspection certificate shall not be required hereunder for a potato shipment if (1) the applicable inspection certificate required by § 960.65 covers only the specific potatoes involved in such shipment, or (2) each potato container in such shipment is appropriately identified by tag or label supplied for such purposes by the inspection agency: *Provided further*, That a report shall not be required hereunder if shipments of such potatoes are made pursuant to regulations issued under § 960.54.

It is hereby further found that it is impracticable and contrary to the public interest to give 30-day notice of the effective date of this section in that (a) shipments of potatoes from the production area are now being made and have been taking place since the beginning of harvest for the 1950 crop year; (b) more orderly marketing in the public interest than would otherwise prevail will be promoted by effectuating the aforesaid rule on and after the effective date of this section; (c) compliance with the rule will require no preparation on the part of handlers which cannot be completed by the effective date of this section; (d) notice has been given of the proposed rule by publication thereof as required by law (16 F. R. 1603); and (e) the rule should be approved upon publication of this section in order to effectuate the declared policy of the act.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 12th day of March 1951, to be effective on publication in the FEDERAL REGISTER.

[SEAL] CHARLES F. BRANNON, *Secretary of Agriculture.*

SUBPART—1950 TOBACCO LOAN PROGRAM

Correction

In Federal Register Document 51-3132, appearing on page 2182 of the issue for Friday, March 9, 1951, the advance rate for Grade B1F 37 in the table under § 664.233 should read "110".

TITLE 15—COMMERCE AND FOREIGN TRADE

Chapter II—National Bureau of Standards, Department of Commerce

Subchapter A—Test Fee Schedules

PART 202—METROLOGY

PART 203—HEAT AND POWER

PART 206—MECHANICS

MISCELLANEOUS AMENDMENTS

In accordance with the provisions of section 4 (a) and (c) of the Administrative Procedure Act, it has been found that notice and hearing on these schedules of fees are unnecessary for the reason that such procedure, because of the nature of these rules, serves no useful purpose. These schedules are effective from April 1, 1951.

1. Section 202.401 *Volumetric apparatus* is amended by the revision of items

b, c, and g, and the addition of item cc to read as follows:

Item	Description	Fee
202.401b.....	Flasks, capacities exceeding 250 ml, testing and stamping, each flask. NOTE: When flasks bearing one capacity mark are calibrated "to contain" or "to deliver," each determination will constitute a separate calibration.	$2.00
	Flasks, of any capacity, when bearing more than one capacity mark:	
202.401c.....	Calibration of the primary capacity.	2.00
202.401cc.....	Calibration of each additional capacity.	1.00
. . . . .		
202.401g.....	Certificates of capacity for test items (a) to (d) inclusive, when requested, each.	1.00
. . . . .		

2. Section 202.402 *Metal capacity standards* is amended by the revision of item f, and the addition of item i to read as follows:

Item	Description	Fee
202.402f.....	Field standards of capacity less than 5 gallons (seraphin neck type), testing, sealing, and certifying or reporting, each. NOTE: When any of the above types of standards are calibrated "to contain" or "to deliver," each determination will constitute a separate calibration.	$8.50
. . . . .		
202.402i.....	Adjusting and sealing the zero index or gage scales on any of the above standards to give correct capacity	1.50
. . . . .		

3. Section 202.403 *Hydrometers and thermo-hydrometers* is amended by the addition of item g to read as follows:

Item	Description	Fee
202.403g.....	Hydrometers—general inspection when instruments fail to qualify for calibration, each.	$1.25

4. Section 202.404 *Density of solids and liquids* is amended by the revision of item a to read as follows:

Item	Description	Fee
202.404a.....	Density of solids—determination at room temperature, each.	$5.50
. . . . .		

(Sec. 9, 31 Stat. 1450, as amended; 15 U. S. C. 277. Interpret or apply sec. 8, 31 Stat. 1450, as amended; 15 U. S. C. 276)

5. Section 203.501 *Internal combustion engine fuels* is amended by the revision of item e to read as follows:

Item	Description	Fee
203.501e.....	Measurements of physical properties of primary reference fuels, isooctane (2, 2,4—trimethylpentane) and n-heptane, and comparison with the national standards, including check measurements on a representative sample of the packaged product.	$653

(Sec. 9, 31 Stat. 1450, as amended; 15 U. S. C. 277. Interprets or applies sec. 8, 31 Stat. 1450, as amended; 15 U. S. C. 276)

6. Section 206.202 *Mercurial barometers and manometers* is revised to read as follows:

Item	Description	Fee
206.202a.....	Barometers, range 28-31 inches of mercury, calibration test at 25° C.	$22.00
	Barometers, altitude type, not requiring filling with mercury and evacuation, calibration test at 25° C., 10 test points:	
206.202b.....	For first barometer	27.00
206.202c.....	For each additional barometer when all are tested as a unit.	17.00
20 .202d.....	For each additional test point	2.00
	Barometers, when requiring filling with mercury and evacuation, calibration test at 25° C., 10 test points:	
206.202e.....	For first barometer	72.00
206.202f.....	For each additional barometer when all are tested as a unit.	47.00
206.202g.....	For each additional test point	2.00
	Mercury manometers, for use as standards, calibration test at 25° C., 10 test points:	
206.202h.....	Range up to 300 mm. of mercury.	15.00
206.202i.....	Range above 300 mm. of mercury.	24.00
206.202j.....	For each additional test point	1.00
206.202Z.....	For special tests not covered by above schedule, fees will be charged dependent upon the nature of the test.	

(Sec. 9, 31 Stat. 1450, as amended; 15 U. S. C. 277. Interprets or applies sec. 8, 31 Stat. 1450, as amended; 15 U. S. C. 276)

[SEAL] E. U. CONDON,
Director,
National Bureau of Standards.

Approved: March 8, 1951.

THOMAS W. S. DAVIS,
Acting Secretary of Commerce.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter B—Estate and Gift Taxes

[Regulations 105, T. D. 5834]

PART 81—REGULATIONS RELATING TO ESTATE TAX

MISCELLANEOUS AMENDMENTS

On November 18, 1950, notice of proposed rule making, regarding the estate tax provisions of Public Law 378 (81st Cong., 1st Sess.), approved October 25, 1949, and Public Law 761 (81st Cong., 2d Sess.), approved September 6, 1950, was published in the FEDERAL REGISTER (15 F. R. 7880). After consideration of all such relevant matter as was presented by interested persons regarding the rules proposed, the amendments set forth below are hereby adopted. Such amendments are necessary in order to conform Regulations 105 (26 CFR Part 81), relating to the estate tax, to Public Laws 378 and 761, 81st Congress.

PARAGRAPH 1. There is inserted immediately before § 81.2 the following:

PUBLIC LAW 378 (81st Cong., 1st Sess.), approved October 25, 1949

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

• • • • •

SEC. 10. EXEMPTION FROM THE ADDITIONAL ESTATE TAX FOR CERTAIN MEMBERS OF ARMED FORCES.

(a) Subchapter B of chapter 3 of the Internal Revenue Code (relating to additional estate tax) is amended by adding at the end thereof the following new section:

SEC. 939. CERTAIN MEMBERS OF ARMED FORCES.

The tax imposed by section 935 shall not apply to the transfer of the net estate of a citizen or resident of the United States dying on or after December 7, 1941, and before January 1, 1947, while in active service as a member of the military or naval forces of the United States or of any of the other United Nations if such decedent—

(1) Was killed in action; or

(2) Died as a result of wounds or other injuries, or of disease, suffered while in line of duty by reason of a hazard to which he was subjected as an incident of military or naval service.

(b) If the refund of any overpayment resulting from the application of this section is prevented on the date of the enactment of this Act, or within one year from such date, by the operation of any law or rule of law (other than section 3761 of the Internal Revenue Code, relating to compromises), refund of such overpayment may, nevertheless, be made if claim therefor is filed within one year from the date of the enactment of this Act. No interest shall be paid on any overpayment resulting from the application of this section.

PAR. 2. Section 81.2, as amended by Treasury Decision 5699, approved May 13, 1949, is further amended (A) by striking the heading thereof which reads as follows: "*General description.*", by inserting in lieu thereof the following: "*Description of tax*—(a) *In general.*", by redesignating paragraphs (a) through (f) to be subparagraphs (1) through (6); and (B) by adding at the end of such section the following:

(b) *Exemption from additional estate tax for certain members of the armed forces.* Section 939 of the Internal Revenue Code, as added by section 10 of Public Law 378 (81st Congress), provides that the additional estate tax does not apply to the transfer of the net estate of a citizen or resident of the United States dying after December 6, 1941, and before January 1, 1947, while in active service as a member of the military or naval forces of the United States or of any of the other United Nations if the decedent was either (1) killed in action or (2) died as result of wounds or other injuries, or of disease suffered while in line of duty by reason of a hazard to which he was subjected as an incident of military or naval service.

If the official record of the military force of which the decedent was a member at the time of his death states that death resulted from wounds or injuries received or disease contracted while in line of duty, such fact shall, in the absence of evidence establishing the contrary, be presumed to be established for the purposes of the exemption. Moreover, wounds, injuries or disease suffered while in line of duty will be considered to have been caused by a hazard to which the decedent was subjected as an incident of military or naval service unless the hazard which caused such wounds, injuries or disease was clearly unrelated to such service.

A person was in active service as a member of the military or naval forces of the United States or of any of the other United Nations if he was at the time of his death actually serving in such forces, not necessarily in the field or in the theater of war. Personnel in the inactive reserves or on retirement are not in active service. Periods during which a person is absent from duty on account of sickness, wounds, leave, internment by the enemy, or other lawful cause are periods of active service.

For the purposes of this section the military and naval forces of the United States include (but are not necessarily limited to) the Army, the Navy, the Marine Corps, the Coast Guard, the Army Nurse Corps, Female, the Navy Nurse Corps, Female, the Women's Army Auxiliary Corps or the Women's Army Corps, the Women's Reserve branch of the Naval Reserve, the Marine Corps Women's Reserve, and the Coast Guard Reserve, including the Coast Guard Women's Reserve. However, the exemption is not allowed to the estate of a decedent whose only military status was of a limited character, such as that of a member of the Army Specialist Corps or of certain temporary members of the Coast Guard Reserve. For the purposes of this section the term "member of the military or naval forces • • • of any of the other United Nations" includes any decedent whose duties and status in the service of any of the United Nations other than the United States corresponded to those of any member of the military or naval forces of the United States as defined in this section.

If refund of the additional estate tax paid by an estate entitled to the exemption provided by section 939 is prevented on October 25, 1949, the date of enactment of Public Law 378 (81st Congress), or within one year from such date by the operation of any law or rule of law (including a prior judicial determination) other than section 3761, of the Internal Revenue Code, relating to compromises, refund of such tax may nevertheless be made if claim therefor is filed within one year from October 25, 1949.

No interest shall be paid on any overpayment resulting from the application of section 10 of Public Law 378.

PAR. 3. The heading of section 811 (c) of the Internal Revenue Code, which section of the Code is set forth immediately after § 81.14, is amended to read as follows: "(c) Transfers in Contemplation of, or Taking Effect at Death [as originally enacted; see the amendments, set forth below, made by section 7, Public Law 378, approved October 25, 1949].".

PAR. 4. There is inserted immediately after section 351 of the Revenue Act of 1948 (inserted by Treasury Decision 5699, approved May 13, 1949) and preceding section 302 (c) of the Revenue Act of 1926 (as originally enacted), which precede § 81.15, the following:

PUBLIC LAW 378 (81st Cong., 1st Sess.), approved October 25, 1949

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

• • • • •

SEC. 6. RELINQUISHMENT OF POWERS IN CASE OF RECIPROCAL TRUSTS.

• • • • •

(c) In the case of a decedent who relinquished on or before December 31, 1950, a power described in section 1000 (g) of the Internal Revenue Code, such relinquishment shall, for the purposes of section 811 (d) of such code, be deemed not to have been made in contemplation of the death of such decedent if such relinquishment, by virtue of the enactment of this section, is not deemed a trarsfer of property for the purposes of the gift tax. The provisions of this subsection shall be applicable with respect to estates of decedents dying after February 10, 1939.

SEC. 7. TRANSFERS TAKING EFFECT AT DEATH.

(a Section 811 (c) of the Internal Revenue Code (relating to transfers in contemplation of or taking effect at death) is hereby amended to read as follows:

(c) *Transfers in contemplation of, or taking effect at, death.*—(1) *General rule.* To the extent of any interest therein of which the decedent has at any time made a transfer (except in case of a bona fide sale for an adequate and full consideration in money or money's worth), by trust or otherwise—

(A) In contemplation of his death. Any transfer of a material part of his property in the nature of a final disposition or distribution thereof, made by the decedent within two years prior to his death without such consideration, shall, unless shown to the contrary, be deemed to have been made in contemplation of death within the meaning of this subchapter; or

(B) Under which he has retained for his life or for any period not ascertainable without reference to his death or for any period which does not in fact end before his death (i) the possession or enjoyment of, or the right to the income from, the property, or (ii) the right, either alone or in conjunction with any person, to designate the persons who shall possess or enjoy the property or the income therefrom; or

(C) Intended to take effect in possession or enjoyment at or after his death.

(2) *Transfers taking effect at death; transfers prior to October 8, 1949.* An interest in property of which the decedent made a transfer, on or before October 7, 1949, intended to take effect in possession or enjoyment at or after his death shall not be included in his gross estate under paragraph (1) (C) of this subsection unless the decedent has retained a reversionary interest in the property, arising by the express terms of the instrument of transfer and not by operation of law, and the value of such reversionary interest immediately before the death of the decedent exceeds 5 per centum of the value of such property. For the purposes of this paragraph, the term "reversionary interest" includes a possibility that property transferred by the decedent (A) may return to him or his estate, or (B) may be subject to a power of disposition by him, but such term does not include a possibility that the income alone from such property may return to him or become subject to a power of disposition by him. The value of a reversionary interest immediately before the death of the decedent shall be determined (without regard to the fact of the decedent's death) by usual methods of valuation, including the use of tables of mortality and actuarial principles, pursuant to regulations prescribed by the Commissioner with the approval of the Secretary. In determining the value of a possibility that property may be subject to a power of disposition by the decedent, such possibility shall be valued as if it were a possibility that such property may return to the decedent or his estate.

(3) *Transfers taking effect at death; transfers after October 7, 1949.* An interest in property transferred by the decedent after October 7, 1949, shall be included in his gross estate under paragraph (1) (C) of this subsection (whether or not the decedent retained any right or interest in the property transferred) if and only if—

(A) possession or enjoyment of the property can, through ownership of such interest, be obtained only by surviving the decedent; or

(B) under alternative contingencies provided by the terms of the transfer, possession or enjoyment of the property can, through ownership of such interest, be obtained only by surviving the earlier to occur of (i) the decedent's death or (ii) some other event; and such other event did not in fact occur during the decedent's life.

Notwithstanding the foregoing sentence, an interest so transferred shall not be included in the decedent's gross estate under paragraph (1) (C) of this subsection if possession or enjoyment of the property could have been obtained by any beneficiary during the decedent's life through the exercise of a power of appointment (as defined in section 811 (f) (2)) which in fact was exercisable immediately prior to the decedent's death.

(b) The amendment made by subsection (a) shall be applicable with respect to estates of decedents dying after February 10, 1939. The provisions of section 811 (c) of the Internal Revenue Code, as amended by subsection (a), shall (except as otherwise specifically provided in such section or in the following sentence) apply to transfers made on, before, or after February 26, 1926. The provisions of section 811 (c) (1) (B) of such code shall not, in the case of a decedent dying prior to January 1, 1950, apply to—

(1) A transfer made prior to March 4, 1931; or

(2) A transfer made after March 3, 1931, and prior to June 7, 1932, unless the property transferred would have been includible in the decedent's gross estate by reason of the amendatory language of the joint resolution of March 3, 1931 (46 Stat. 1516).

No interest shall be allowed or paid on any overpayment resulting from the application of subsection (a) with respect to any payment made prior to the date of the enactment of this Act.

(c) [As amended by Public Law 761, 81st Congress, approved September 6, 1950] If refund or credit of any overpayment resulting from the application of subsections (a) and (b) is prevented on the date of the enactment of this Act, or within one year from such date, by the operation of any law or rule of law (other than section 3760 of the Internal Revenue Code, relating to closing agreements, and other than section 3761 of such code, relating to compromises), refund or credit of such overpayment may, nevertheless, be made or allowed if claim therefor is filed within one year from the date of the enactment of this Act. This subsection shall not apply with respect to a transfer of property in case (1) the decedent retained for his life or for any period not ascertainable without reference to his death or for any period which did not in fact end before his death (A) the possession or enjoyment of, or the right to the income from, the property, or (B) the right, either alone or in conjunction with any person, to designate the persons who should possess or enjoy the property or the income therefrom, and (2) refund or credit of any overpayment resulting from the application of subsections (a) and (b) was prevented on or before January 16, 1949, by the operation of any law or rule of law.

SEC. 8. TAX FREE RELEASE OF CERTAIN LIFE ESTATES.

In the case of a transfer of property made prior to June 7, 1932, under which the grantor retained (1) the possession or en-

joyment of, or the right to the income from, the property, or (2) the right, either alone or in conjunction with any person, to designate the persons who shall possess or enjoy the property or the income therefrom, then an assignment by the grantor of such possession, enjoyment, or right to income, or a relinquishment by him of such right of designation, shall, if made in 1949 or 1950, not be deemed a transfer of property for the purposes of chapter 4 of the Internal Revenue Code, and shall, if made prior to 1951, not be deemed to have been made in contemplation of death within the meaning of chapter 3 of such code. The foregoing provisions shall not apply—

(A) If the transfer was made after March 3, 1931, and prior to June 7, 1932, and if the property transferred would have been includible in the grantor's gross estate upon his death by reason of the amendatory language of the joint resolution of March 3, 1931 (45 Stat. 1516); or

(B) If the property transferred would have been includible in the grantor's gross estate under section 811 (d) of the Internal Revenue Code had he died on October 7, 1949.

PAR. 5. Section 81.15, as amended by Treasury Decision 5699, is further amended by changing paragraph (a) (2) to read: "(2) transfers intended to take effect in possession or enjoyment at or after the decedent's death (see § 81.17);".

PAR. 6. Section 81.16, as amended by Treasury Decision 5248, approved March 19, 1943, is further amended by inserting at the end thereof the following:

(e) Section 8 of Public Law 378 (81st Congress) provides that in the case of property transferred by the decedent prior to June 7, 1932, with retention or reservation of the possession or enjoyment of, or the right, either alone or in conjunction with any person, to designate the person or persons who shall possess or enjoy the property or the income therefrom, an assignment by the decedent of such possession, enjoyment, or right to income, or relinquishment by him of such right of designation, shall, if made during his lifetime and prior to 1951, not be deemed to have been made in contemplation of death. This provision of section 8 does not apply—

(1) To any transfer made after March 3, 1931, and before June 7, 1932, which, had the decedent died immediately prior to the time of the assignment or relinquishment, would have been considered a transfer described in § 81.18 (b) (1) or § 81.19 (b) (1); or

(2) If the property transferred would have been includible in the decedent's gross estate under section 811 (d) had he died on October 7, 1949.

PAR. 7. Section 81.17, as amended by Treasury Decision 5741, approved September 6, 1949, is amended to read as follows:

§ 81.17 *Transfers intended to take effect at or after the decedent's death*—(a) *Introductory.* Except in the case of a bona fide sale for an adequate and full consideration in money or money's worth and except as otherwise provided in section 811 (c) (2) (applicable to transfers made prior to October 8, 1949) section 811 (c) (1) (C) requires the inclusion in the gross estate of a decedent of the value of an interest in property of which he has made a transfer "intended to take effect in possession or enjoyment at or after his death". The rules applicable to transfers made after October 7, 1949 are set forth in paragraph (b) of this section and those applicable to transfers made prior to October 8, 1949 are set forth in paragraph (c) of this section.

(b) *Transfers made after October 7, 1949.* A transfer of an interest in property by the decedent during his life if made after October 7, 1949 is "intended to take effect in possession or enjoyment at or after his death" if and only if—

(1) Possession or enjoyment of the property can, through ownership of such interest, be obtained only by surviving the decedent (section 811 (c) (3) (A)); or

(2) Under alternative contingencies provided by the terms of the transfer, possession or enjoyment of the property can, through ownership of such interest, be obtained only by surviving the earlier to occur of (i) the decedent's death or (ii) some other event; and such other event did not in fact occur during the decedent's life (section 811 (c) (3) (B)). Notwithstanding the foregoing rules, an interest in property transferred by the decedent is not includible in the gross estate under this paragraph if possession or enjoyment of the property was obtainable by any beneficiary during the decedent's life through the exercise of a power of appointment, as defined in section 811 (f) (2), which was in fact exercisable immediately prior to the decedent's death.

The foregoing rules are to be applied in the light of circumstances existing immediately prior to the decedent's death. For the purpose of subparagraph (2) of this paragraph, the expression "some other event" includes the expiration of a term of years or the happening or failure to happen of a certain or uncertain event (including the possible exercise of a power which is not a taxable power of appointment as defined in section 811 (f) (2).

Where separate interests are transferred to each of several beneficiaries, the above rules are to be separately applied to each interest. Thus, if beneficiary A receives an interest which enables him to obtain possession or enjoyment of the property only by surviving the decedent and beneficiary B obtains an interest which enables him to obtain possession or enjoyment of the property only on the occurrence of some event unrelated to the decedent's death, it is only the transfer of the interest to beneficiary A which is intended to take effect in possession or enjoyment at or after the decedent's death. See also examples (2) and (4) of this paragraph. Likewise, if the decedent gave his son the immediate right to receive the income from the property until five years after the decedent's death, and the right to the corpus upon the expiration of such term, it is only the transfer of the latter interest which is intended to take effect in possession or enjoyment at or after the decedent's death.

The following examples illustrate the application of the foregoing principles. It is assumed that in each case the transfer is made after October 7, 1949.

Example (1). The decedent transferred property in trust, providing for an estate for life in his daughter, and a remainder to the children of the daughter. No part of the property is includible under this section. The daughter can possess and enjoy the property through ownership of the life estate without surviving the decedent. The same is true of the daughter's children with respect to their remainder interest.

Example (2). The decedent transferred property in trust, to pay the income to his wife during her life, and at her death to pay the corpus to the decedent if living, and if not, to his children. The decedent was survived by his wife. The value of the transferred property, less the outstanding life estate in the wife, is includible in the decedent's gross estate since the children cannot obtain possession or enjoyment of the property, through ownership of their interest, except by surviving the decedent.

Example (3). The decedent transferred property in trust to accumulate the income during his life and at his death to distribute the principal and accumulated income to his son or the son's estate. While the decedent retained no right or interest in the property, the transfer is taxable since possession or enjoyment of the property cannot be obtained except by surviving the decedent.

Example (4). The decedent transferred property in trust providing for payment of the income to his wife until her death, at which time the son was to receive the corpus. If the son predeceased the wife the corpus was to revert to the decedent if living at his wife's death; and if the decedent was not then living, it was to pass to X or X's estate. The decedent was survived by his wife, his son, and X. Neither the interest transferred to the wife nor to the son is includible in the decedent's gross estate under this section since each could, through ownership of his interest, obtain possession or enjoyment of the property even though the decedent was living. The interest transferred to X, however, is includible under section 811 (c) (3) (A) (to the extent of the value of X's interest immediately after the decedent's death) since X's possession or enjoyment of the property, if it materializes, could be obtained only by surviving the decedent. Section 811 (c) (3) (B) has no application to this example.

Example (5). The decedent transferred property in trust, to accumulate the income until his son reached the age of 30, or until the decedent's prior death. Upon the first to occur of these events the son was to receive the corpus. The decedent's death in fact occurred before his son attained the age of 30. The transfer is taxable under section 811 (c) (3) (B) since the son could obtain possession or enjoyment only by surviving the earlier to occur of the decedent's death or the son's attaining age 30, and since the decedent's death in fact occurred first.

Example (6). The decedent transferred property in trust providing for accumulation of the income during his life, and at his death to pay the entire fund to his children or their issue. His wife was given the unrestricted power to alter, amend, or revoke the trust. The wife survived the decedent and did not in fact exercise her power during the decedent's life. Under the last sentence of section 811 (c) (3) the transfer is not taxable since possession or enjoyment of the property was obtainable during the decedent's life through the exercise of the wife's power, which was a power of appointment as defined in section 811 (f) (2) of the Internal Revenue Code, and was in fact exercisable immediately prior to the decedent's death.

(c) *Transfers made prior to October 8, 1949*—(1) *In general.* A transfer of an interest in property made by the decedent prior to October 8, 1949, (whether made before or after the enactment of the Revenue Act of 1916) is not "intended to take effect in possession or enjoyment at or after his death" unless possession or enjoyment of the transferred property can, through ownership of such interest, be obtained only by surviving the decedent. For the purpose of determining whether this requirement is satisfied, the principles illustrated in examples (1) to (4) of paragraph (b) of this section are applicable. Where possession or enjoyment of the transferred property can be obtained either by surviving the decedent or through the occurrence of some other event (as, for example, the exercise of a power), the transfer shall not be considered as intended to take effect in possession or enjoyment at or after the decedent's death unless, from a consideration of its terms and circumstances as a whole, the other event is deemed to be unreal, in which case such other event shall be disregarded.

However, not every interest in property of which the decedent made a transfer before October 8, 1949, intended to take effect in possession or enjoyment at or after his death, is includible in his gross estate under section 811 (c) (1) (C). Section 811 (c) (2) provides that an interest so transferred shall be included in the gross estate under section 811 (c) (1) (C) only if the decedent has retained a reversionary interest in the transferred property arising by the express terms of the instrument of transfer and not by operation of law, and the value of such reversionary interest immediately before the death of the decedent exceeds five percent of the value of the transferred property. For example, where a decedent, prior to October 8, 1949, transferred property in trust, reserving the income to himself for life and providing that at his death the corpus should be distributed to his niece if living and, if not, to his estate, and the decedent's niece in fact survived him, the transfer is "intended to take effect in possession or enjoyment at or after his death". However, the transferred property is includible in the gross estate under section 811 (c) (1) (C) if and only if the value of the decedent's reversionary interest immediately before his death exceeded five percent of the value of the transferred property. (Even though not includible under section 811 (c) (1) (C), the transferred property may, depending upon the date of transfer and the date of the decedent's death, be includible under section 811 (c) (1) (B); in this connection, see § 81.18.)

The term "reversionary interest" includes a possibility that property transferred by the decedent may return to him or his estate and a possibility that property transferred by the decedent may become subject to a power of disposition by him. The term "reversionary interest" is not used in a technical sense; it includes any reserved right under which the transferred property shall or may be returned to the grantor. The term does not, however, include rights to income only, such as the right to receive the income from a trust after the death of another person. (For regulations concerning the effect of reservation of rights over income from the transferred property, see §§ 81.18 and 81.19.)

A reversionary interest will be considered to arise by the express terms of the instrument of transfer if the instrument contains an express disposition which affirmatively creates a reversionary interest, even though the terms of the disposition do not refer to the decedent or his estate, as such. For example, where a disposition which, in terms, is to the next of kin of the decedent constitutes, under the applicable local law, a reversionary interest in the decedent's estate, such reserved reversionary interest will be considered to arise by the express terms of the instrument and not by operation of law.

The value of the decedent's reversionary interest shall be computed as of the moment immediately before his death without regard to whether the executor elects to have the gross estate valued as provided under section 811 (j) and without regard to the fact of the decedent's death. Such value shall be ascertained according to recognized valuation principles applicable in determining the value for estate and gift tax purposes of future or conditional interests in property. See § 81.10 (i) (3). A possibility that the decedent may be able to dispose of property under certain conditions shall be deemed to be as valuable as a right to the return of the property to him under those conditions.

The value of the reversionary interest shall be ascertained as though the decedent were, immediately before his death, making a gift of the property and retaining the reversionary interest. See, for example, § 86.19 (g) of this chapter, pertaining to the gift tax. If a reversionary interest does not have an ascertainable value under the applicable valuation principles, it is considered to have a value of zero. Thus, if a reversionary interest consisting of a right enforceable in equity to compel a trustee to apply trust corpus for the support and maintenance of the grantor would be considered to have a value of zero for gift tax purposes were it being retained under a transfer by gift, it is to be similarly valued for the purposes of this section.

In determining whether the value of a reversionary interest exceeds five percent, it is to be compared with the entire value of the transferred property, including interests which are not dependent upon survivorship of the decedent. Thus, if A transferred property in trust with the income payable to B for B's life and with the remainder payable to X unless B predeceases A, in which event the property shall return to A, and A dies during B's life, the value of A's reversionary interest immediately before his death shall be compared with the entire value of the trust corpus, without deduction of the value of B's outstanding life estate.

A reversionary interest which, for instance, exists in only one-half of the corpus of a trust shall be compared with the value of such one-half. Assume, for example, that the decedent transferred property in trust prior to October 8, 1949, providing that the income should be paid to himself for life and that, upon his death, the property should be distributed to his children. The trust instrument further provided that the decedent should have the right, upon the prior death of his wife, to request the return of one-half of the property. The decedent was survived by his wife. If the value of the decedent's reversionary interest exceeded five percent of the value of the one-half of the corpus in which it existed, such one-half is includible in the decedent's gross estate under section 811 (c) (1) (C); but the other one-half is not includible under that section. (Such other one-half may, however, depending upon the date of transfer and the date of the decedent's death, be includible under section 811 (c) (1) (B).)

(2) *Retroactive operation.* The rule (set forth in subparagraph (1) of this paragraph) that an interest in property of which the decedent, prior to October 8, 1949, made a transfer "intended to take effect in possession or enjoyment at or after his death" is to be included in his gross estate only if he expressly reserved a reversionary interest having a value in excess of five percent of the value of the transferred property results from the addition of section 811 (c) (2) of the Internal Revenue Code made by section 7 (a) of Public Law 378 (81st Congress), approved October 25, 1949, and is applicable with respect to estates of decedents dying after February 10, 1939, the date of enactment of the Internal Revenue Code.

Section 7 (b) of Public Law 378 provides that no interest shall be allowed or paid on any overpayment resulting from the application of section 7 (a) of such Public Law with respect to any payment made prior to October 25, 1949.

Where refund or credit of any overpayment resulting from the application of section 7 (a) of Public Law 378 is prevented on or before October 25, 1950, by the operation of any law or rule of law (including a judicial determination but not including section 3760, relating to closing agreements, and not including section 3761, relating to compromises), section 7 (c) of such Public Law provides that refund or credit of such overpayment may, nevertheless, be made or allowed if claim therefor is filed on or before October 25, 1950: *Provided, however,* That in case such overpayment relates to a transfer of property under which the decedent retained for his life or for any period not ascertainable without reference to his death or for any period which did not in fact end before his death (i) the possession or enjoyment of, or the right to the income from, the transferred property, or (ii) the right, either alone or in conjunction with any person, to designate the persons who should possess or enjoy such property or the income therefrom, the following condition is also met: Such refund or credit was not prevented on or before January 16, 1949, by the operation of any law or rule of law.

(3) *Certain transfers between November 11, 1935, and January 29, 1940.* Where the transfer was made during the period between November 11, 1935 (that being the date upon which the Supreme Court of the United States rendered its decisions in the cases of Helvering v.

St. Louis Union Trust Co. (296 U. S. 39) and Becker v. St. Louis Union Trust Co. (296 U. S. 48)), and January 29, 1940 (that being the date upon which such Court rendered its decisions in Helvering v. Hallock and companion cases) 309 U. S. 106)), and the Commissioner, whose determination therein shall be conclusive, determines that such transfer is classifiable with the transfers involved in such two cases decided on November 11, 1935, rather than with the transfer involved in the case of Klein v. United States (283 U. S. 231), previously decided by such Court, then the property so transferred shall not be included in the decedent's gross estate under the provisions of this section, if the following condition is also met: Such transfer shall have been finally treated for all gift tax purposes, both as to the calendar year of such transfer and subsequent calendar years, as a gift in an amount measured by the value of the property undiminished by reason of a provision in the instrument of transfer by which the property, in whole or in part, is to revert to the decedent should he survive the donee or another person, or the reverting thereof is conditioned upon some other contingency terminable by decedent's death.

PAR. 8. Section 81.18, as amended by Treasury Decision 5741, is further amended as follows:

(A) By amending the heading, by redesignating paragraphs (a), (b) and (c) as (a) (1), (2), and (3), by adding a headnote for paragraph (a), and by amending subparagraph (1) to read as follows:

§ 81.18 *Transfers with possession or enjoyment retained*—(a) *General rule.* (1) Except in the case of a bona fide sale for an adequate and full consideration in money or money's worth, section 811 (c) (1) (B) requires the inclusion in the gross estate of the value of all property transferred by the decedent, whether in trust or otherwise, if the decedent retained or reserved the use, possession, right to the income, or other enjoyment of the transferred property (i) for his life; or (ii) for any period not ascertainable without reference to his death; or (iii) for such a period as to evidence his intention that it should extend at least for the duration of his life and his death occurs before the expiration of such period. Except as provided in paragraph (b) of this section, such property is includible without regard to the date when the transfer was made, whether before or after the enactment of the Revenue Act of 1916.

A reservation for a "period not ascertainable without reference to his death" may be illustrated by a reservation of the right to receive, in quarterly payments, the income of the transferred property where none of the income between the last quarterly payment and the decedent's death was to be received by him or his estate. This expression also includes a reservation of the right to receive the income from transferred property after the death of another person who in fact survived the decedent; but in such a case the amount to be included in the gross estate under this section does not include the value of the outstanding income interest in such other person. However, if such other person predeceased the decedent, the reservation may be considered to be for the decedent's life or for such a period as to evidence his intention that it should extend at least for the duration of his life.

(B) By inserting at the end of such section the following:

(b) *Estates of decedents dying before January 1, 1950.* In the case of a decedent who died before January 1, 1950, property shall not be included in the gross estate under this section unless transferred—

(1) After March 3, 1931, and before June 7, 1932, and the retention or reservation by the decedent was (i) for his life or (ii) for such a period as to evidence his intention that it should extend at least for the duration of his life, and his death occurs before the expiration of such period; or

(2) On or after June 7, 1932.

PAR. 9. Section 81.19, as amended by Treasury Decision 5741, is amended to read as follows:

§ 81.19 *Transfers with right retained to designate who shall possess or enjoy*—(a) *General rule.* (1) Except in the case of a bona fide sale for an adequate and full consideration in money or money's worth, section 811 (c) (1) (B) requires the inclusion in the gross estate of the value of all property transferred by the decedent, whether in trust or otherwise, if there is retained by or reserved to him (1) for his life, or (2) for any period not ascertainable without reference to his death, or (3) for such a period as to evidence his intention that it should extend at least for the duration of his life and his death occurs before the expiration of such period, the right either alone or in conjunction with any other person or persons to designate the person or persons who shall possess or enjoy the transferred property or the income therefrom. Except as provided in paragraph (b) of this section, such property is includible without regard to the date when the transfer was made, whether before or after the enactment of the Revenue Act of 1916.

(2) The rights of designation described in section 811 (c) (1) (B) include a reserved power to designate the person or persons who shall, during the decedent's life or during any lesser period described in such section, receive the income from the transferred property or who shall, during any such period, possess or enjoy non-income-producing property. Such rights of designation do not, however, include powers over the transferred property itself not affecting the enjoyment of the income during the decedent's life. (See, however, § 81.20.)

(3) If the retention or reservation of the right described pertains to a part only of the transferred property, or to a part only of the income therefrom, then only a corresponding proportion of the value of the transferred property is includible in determining the value of the gross estate.

(4) The right to so designate will be treated as having been retained or reserved if at the time of the transfer there was an understanding, either expressed or implied, that such right would later be created or conferred. (See § 81.15.)

(b) *Estates of decedents dying before January 1, 1950.* In the case of a decedent who died before January 1, 1950, property shall not be included in the gross estate under this section unless transferred—

(1) After March 3, 1931, and before June 7, 1932, and the right of designation was retained by or reserved to the decedent alone (i) for his life or (ii) for such a period as to evidence his intention that it should extend at least for the duration of his life and his death occurs before the expiration of such period; or

(2) On or after June 7, 1932.

PAR. 10. Section 81.21 is amended (A) by changing the heading to read: "*Power relinquished in contemplation of death*—(a) *In general.*", and redesignating paragraphs (a) and (b) as (1) and (2) of (a); and (B) by adding at the end thereof the following:

(b) *Certain reciprocal trusts.* Section 6 (c) of Public Law 378 (81st Congress) provides a special rule applicable in the case of property transferred in trust prior to January 1, 1940, if and to the extent that such property may be deemed to have been transferred in trust by the decedent instead of by the nominal grantor of such property (by reason of the fact that the decedent made a reciprocal transfer of property in trust). Under this section, a relinquishment by the decedent, during his lifetime and prior to 1951, of a power (as described in § 81.20) or right of designation (as described in § 81.19) with respect to such property shall not be deemed to have been made in contemplation of death. This section shall not apply unless a gift tax was paid with respect to the reciprocal transfer by the decedent and was not credited or refunded. This section also does not apply to the assignment by the decedent of a reserved life estate or other interest (as distinguished from a power or right of designation) in the property which may be so deemed to have been transferred by him. (See, however, § 81.16.)

[Regulations 79, 1936 Edition]

PART 85—GIFT TAX UNDER THE REVENUE ACT OF 1932, AS AMENDED

[Regulations 108]

PART 86—GIFT TAX UNDER CHAPTER 4 OF THE INTERNAL REVENUE CODE, AS AMENDED

MISCELLANEOUS AMENDMENTS

On November 18, 1950, notice of proposed rule making, regarding the gift tax provisions of Public Law 378 (81st Cong., 1st Sess.), approved October 25, 1949, was published in the FEDERAL REGISTER (15 F. R. 7884). No objection to the rules proposed having been received, the amendments set forth below are hereby adopted. Such amendments are necessary in order to conform Regulations 108 (26 CFR Part 86) and Regulations 79, 1936 edition (26 CFR, 1938 ed., Part 85), relating to the gift tax, to Public Law 378.

PARAGRAPH 1. There is inserted immediately preceding § 86.1 the following:

PUBLIC LAW 378 (81st Cong., 1st sess.), approved October 25, 1949

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

* * * * *

SEC. 6. RELINQUISHMENT OF POWERS IN CASE OF RECIPROCAL TRUSTS.

(a) Section 1000 of the Internal Revenue Code (relating to imposition of gift tax) is hereby amended by adding at the end thereof the following new subsection:

(g) *Certain reciprocal trusts.* In the case of property in a trust created prior to January 1, 1940, if and to the extent that such property may be deemed to have been transferred to such trust by a person other than the nominal grantor of such property (by reason of the fact that such person has made a reciprocal transfer of property in trust), then a relinquishment by such person on or before December 31, 1950, of any power over such property or over the income therefrom shall not be deemed a transfer of property for the purposes of this chapter. In the event of such relinquishment, the reciprocal transfer made by the person relinquishing such power shall be deemed, for the purposes of this chapter, to have been a completed gift at the time such reciprocal transfer was made. This subsection shall apply only if, at the time such person made the aforesaid reciprocal transfer of property, a law was in effect imposing a tax upon the transfer of property by gift and a gift tax was paid with respect to such reciprocal transfer, and not credited or refunded.

* * * * *

SEC. 8. TAX FREE RELEASE OF CERTAIN LIFE ESTATES.

In the case of a transfer of property made prior to June 7, 1932, under which the grantor retained (1) the possession or enjoyment of, or the right to the income from, the property, or (2) the right, either alone or in conjunction with any person, to designate the persons who shall possess or enjoy the property or the income therefrom, then an assignment by the grantor of such possession, enjoyment, or right to income, or a relinquishment by him of such right of designation, shall, if made in 1949 or 1950, not be deemed a transfer of property for the purposes of chapter 4 of the Internal Revenue Code. * * *. The foregoing provisions shall not apply—

(A) If the transfer was made after March 3, 1931, and prior to June 7, 1932, and if the property transferred would have been includible in the grantor's gross estate upon his death by reason of the amendatory language of the joint resolution of March 3, 1931 (45 Stat. 1516); or

(B) If the property transferred would have been includible in the grantor's gross estate under section 811 (d) of the Internal Revenue Code had he died on October 7, 1949.

PAR. 2. Section 86.1, as amended by Treasury Decision 5811, approved October 5, 1950, is further amended by striking therefrom the second sentence and inserting in lieu thereof the following: "The statute taxes all such transfers of property (to the extent that they exceed the deductions authorized by section 1004) other than the following: Gifts specified in section 1003 (b) (2) and (3); releases before July 1, 1951 of powers to appoint created on or before October 21, 1942, the date of enactment of the Revenue Act of 1942; certain relinquishments of powers over discretionary trusts described in section 1000 (e) and over reciprocal trusts described in section 1000 (g); and, as described in § 86.2 (d), the assignment or relinquishment in 1949 or 1950 of certain reserved rights over income from property transferred before March 4, 1931 and, in certain cases, before June 7, 1932."

PAR. 3. Section 86.2, as amended by Treasury Decision 5811, is further amended as follows:

(A) By striking the seventh sentence of paragraph (a) (including the parentheses enclosing such sentence) and inserting in lieu thereof the following: "(However, for special provisions with respect to the exercise or release of powers of appointment, see paragraph (b) of this section and for special provisions with respect to the assignment or relinquishment of certain reserved rights over income from property transferred before March 4, 1931 or June 7, 1932, see paragraph (d) of this section.)"

(B) By adding at the end of such section the following:

(d) *Transfers of certain life estates and other rights over income.* Section 8 of Public Law 378 (81st Congress) provides that in the case of property transferred prior to June 7, 1932, with retention or reservation by the transferor of the possession of, or the right to the income from, the property, or the right, either alone or in conjunction with any person, to designate the person or persons who shall possess or enjoy the property or the income therefrom, an assignment by the transferor of such possession, enjoyment, or right to income, or relinquishment by him of such right of designation, shall, if made during 1949 or 1950, not be deemed a transfer of property subject to gift tax. This provision of section 8 does not apply—

(1) To any transfer made after March 3, 1931, and before June 7, 1932, which, had the transferor died immediately prior to the time of the assignment or relinquishment, would have been considered a transfer described in § 81.18 (b) (1) or § 81.19 (b) (1) of this chapter; or

(2) If the property transferred would have been includible in the transferor's gross estate under section 811 (d) had he died on October 7, 1949.

PAR. 4. Section 86.3, as amended by Treasury Decision 5606, approved March 4, 1948, is further amended as follows:

(A) By striking therefrom the section heading, which reads "*Cessation of donor's dominion and control.*", and inserting in lieu thereof, the following: "*Cessation of donor's dominion and control*—(a) *In general*", and by redesignating paragraph (a) through (g) to be subparagraphs (1) through (7).

(B) By redesignating paragraph (h) as paragraph (b) and adding the headnote: "(b) *Relinquishment of powers over certain discretionary trusts.*"

(C) By adding at the end thereof the following:

(c) *Relinquishment of powers over certain reciprocal trusts.* Section 1000 (g), as added by section 6 of Public Law 378 (81st Congress), provides in the case of property in a trust created before January 1, 1940, to the extent that such property may be deemed to have been transferred to such trust by a person other than the nominal grantor (by reason of the fact that such person made a reciprocal transfer of property in trust), that a relinquishment by such person (that is, by the constructive grantor) on or before December 31, 1950, of any power over such property or over the income therefrom shall not be treated as a gift for the purposes of the gift tax statute. In the event of such relinquishment, the reciprocal transfer made by the person relinquishing the power shall be deemed, for the purposes of gift tax, to have been a completed gift at the time such reciprocal transfer was made.

The provisions of section 1000 (g) are applicable only if, at the time the reciprocal transfer was made by the person relinquishing the power, a gift tax law was in effect and a gift tax was paid with respect to such reciprocal transfer, and not credited or refunded. Section 1000 (g) also does not apply to the assignment of a life estate or other interest in property (as distinguished from the relinquishment of a power) which has been created in a reciprocal trust. See, however, § 86.2 (d).

PAR. 5. There is inserted immediately preceding article 1 (26 CFR, 1938 ed., 85.1) the following:

PUBLIC LAW 378 (81st Cong., 1st session), approved October 25, 1949

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

* * * * *

SEC. 6. RELINQUISHMENT OF POWERS IN CASE OF RECIPROCAL TRUSTS.

* * * * *

(b) Section 501 of the Revenue Act of 1932 (imposing a gift tax) is hereby amended by adding at the end thereof the following new subsection:

(d) *Certain reciprocal trusts.* In the case of property transferred in trust prior to January 1, 1940, if and to the extent that such property may be deemed to have been so transferred by a person other than the nominal grantor of such property (by reason of the fact that such person has made a reciprocal transfer of property in trust), then a relinquishment by such person of any power over such property or over the income therefrom shall not be deemed a transfer of property for the purposes of this title. In the event of such relinquishment on or before December 31, 1950, the reciprocal transfer made by the person relinquishing such power shall be deemed, for the purposes of this title, to have been a completed gift at the time such reciprocal transfer was made. This subsection shall apply only if, at the time such person made the aforesaid reciprocal transfer of property, a law was in effect imposing a tax upon the transfer of property by gift and a gift tax was paid with respect to such reciprocal transfer, and not credited or refunded.

PAR. 6. Article 3, as amended by Treasury Decision 5469, approved August 14, 1945 (26 CFR, 1938 ed., 85.3), is further amended by adding at the end thereof the following:

Section 501 (d), as added by section 6 of Public Law 378 (81st Congress), provides in the case of property transferred in trust prior to January 1, 1940, to the extent that such property may be deemed to have been transferred by a person other than the nominal grantor (by reason of the fact that such other person made a reciprocal transfer of property in trust), that a relinquishment by such person (that is, by the constructive grantor) of any power over such property or over the income therefrom shall not be treated as a gift for the purposes of the gift tax provisions. In the event of such relinquishment before January 1, 1951, the reciprocal transfer made by the person relinquishing such power shall be deemed, for the purposes of the gift tax provisions, to have been a completed gift at the time such reciprocal transfer was made.

The provisions of section 501 (d) are applicable only if, at the time the reciprocal transfer was made by the person relinquishing the power, a gift tax law was in effect and a gift tax was paid with respect to such reciprocal transfer, and not credited or refunded. Section 501 (d) also does not apply to the assignment of a life estate or other interest in property (as distinguished from the relinquishment of a power) which has been created in a reciprocal trust.

(53 Stat. 157, 467; 26 U. S. C. 1029, 3791)

[SEAL] FRED S. MARTIN,
Acting Commissioner of Internal Revenue.

Approved: March 8, 1951.

THOMAS J. LYNCH,
Acting Secretary of the Treasury.

[F. R. Doc. 51-3348; Filed, Mar. 14, 1951; 8:54 a. m.]

TITLE 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

PART 702—HANDICRAFT PRODUCTS INDUSTRY IN PUERTO RICO

MINIMUM WAGE ORDER

Pursuant to the Administrative Procedure Act (60 Stat. 237; 5 U. S. C., Sup., 1001) notice was published in the FEDERAL REGISTER on February 13, 1951 (16 F. R. 1480), of my decision to approve the minimum wage recommendation of Special Industry Committee No. 8 for Puerto Rico for the Handicraft Products Industry in Puerto Rico, and the wage order which I proposed to issue to carry such recommendation into effect was published therewith. Interested parties were given an opportunity to submit exceptions within 15 days of the date of publication of the notice.

An exception was filed by the American Veneer Package Association, Inc. This petition has been considered and I find that the exceptions contained therein present no new matters which would require any modification of my previous decision, as set forth in my findings and opinion entitled "In the Matter of the Recommendation of Special Industry Committee No. 8 for Puerto Rico for a Minimum Wage Rate in the Handicraft Products Industry in Puerto Rico."

Accordingly, pursuant to authority under the Fair Labor Standards Act of 1938, as amended (52 Stat. 1060; 29 U. S. C. 201), the said decision is hereby affirmed and made final, and the said wage order is hereby issued, to become effective April 16, 1951.

Sec.
702.1 Approval of recommendation of industry committee.
702.2 Wage rate.
702.3 Notices of order.
702.4 Definition of the handicraft products industry in Puerto Rico.

AUTHORITY: §§ 702.1 to 702.4 issued under sec. 8, 52 Stat. 1064; 29 U. S. C. 208. Interpret or apply sec. 5, 63 Stat. 911; 29 U. S. C. Sup., 205.

§ 702.1 *Approval of recommendation of industry committee.* The Committee's recommendation is hereby approved.

§ 702.2 *Wage rate.* Wages at a rate of not less than 26 cents per hour shall be paid under section 6 of the Fair Labor Standards Act of 1938, as amended, by every employer to each of his employees in the handicraft products industry in Puerto Rico who is engaged in commerce or in the production of goods for commerce.

§ 702.3 *Notices of order.* Every employer employing any employees so engaged in commerce or in the production of goods for commerce in the handicraft products industry in Puerto Rico shall post and keep posted in a conspicuous place in each department of his establishment where such employees are working such notices of this order as shall be prescribed from time to time by the Wage and Hour Division of the United States Department of Labor and shall give such other notice as the Division may prescribe.

§ 702.4 *Definition of the handicraft products industry in Puerto Rico.* The handicraft products industry, to which this part shall apply, is hereby defined as follows:

(a) The manufacture of hand-made or hand-woven products (including, but without limitation, handbags, belts, hats, rugs, baskets, mats, coasters, lamp and window shades, blinds, and fans) made wholly or chiefly of straw, raffia, sisal, maguey, palm leaves, rushes, grasses, hair bristles, feathers, excelsior, cork, bamboo, rattan, willow, seeds, native shells, pebbles, esponga, or similar materials: *Provided, however,* That this definition shall not include any product or activity included in the button, buckle, and jewelry industry or the textile and textile products industry, as those industries in Puerto Rico are defined in the wage orders for such industries (Parts 697 and 699 of this chapter).

(b) This definition supersedes the definitions contained in any and all wage orders heretofore issued for other industries in Puerto Rico to the extent that such definitions include products or operations covered by the definition of this industry.

Signed at Washington, D. C., this 9th day of March 1951.

WM. R. MCCOMB,
Administrator, Wage and Hour Division.

[F. R. Doc. 51-3317; Filed, Mar. 14, 1951; 8:46 a. m.]

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 12]

CPR 12—MILLED RICE

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Ceiling Price Regulation 12 is hereby issued.

STATEMENT OF CONSIDERATIONS

The issuance of the General Ceiling Price Regulation on January 26, 1951, resulted in many disparities in the prices of milled rice throughout the industry. This Ceiling Price Regulation No. 12 is designed primarily to correct these disparities by establishing specific dollars and cents prices for milled rice containing not less than 96 percent of whole kernels and grading U. S. No. 2, and for classes of broken milled rice grading U. S. No. 2, packed in 100-pound customary containers sold f. o. b. mill by the processor or rice mill.

The regulation, although establishing specific prices only for this particular quality of all milled rice varieties in this type of packaging, does by reference to the enumerated prices establish ceiling prices for sales of all other grades, varieties and container types and sizes of the product. Specific prices are established for milled rice containing not less than 96 percent of whole kernels and grading U. S. No. 2, because that quality is the most representative and most widely traded in quality in the continental United States.

It is expected that the normal marketing of rice which was disrupted by the freeze technique used in the General Ceiling Price Regulation will be restored by the establishment of uniform dollars and cents ceilings for milled rice. Time limitations have prevented the Director of Price Stabilization from conducting comprehensive surveys and developing the specific schedules so necessary to the determination of precise differentials for the numerous mill locations, classes and grades of rice and types and sizes of packaging containers. Processors and rice mills will, however, establish their prices for the other varieties, grades, lower degree of milling, types and sizes by adjusting the applicable ceiling price in accordance with customary differentials which obtained during the base period of the General Ceiling Price Regulation.

Data made available to the Director of Price Stabilization by the United States Department of Agriculture, members of the rice industry and trade sources justify the adequacy of the ceiling prices established by this regulation. These ceiling prices represent a roll back from the highest, and an increase from the lower, individual ceilings at which rice mills and processors were frozen under the General Ceiling Price Regulation. Thus, the prices distributors pay for milled rice are not on the average increased and no over-all reduction of distributive margins is involved in the issuance of this regulation. All distributive margins remain frozen under the provisions of the General Ceiling Price Regulation and therefore prices paid by consumers for milled rice products are not altered or affected by the provisions of this regulation.

The provisions and prices of this regulation have been considered and approved by the Rice Industry Advisory Committee, which was organized in accordance with the requirements of PPR 2. Extensive consultation has been had with the duly constituted Industry Advisory Committee, and representatives of the rice industry trade associations. The Director of Price Stabilization has determined after careful study of the data supplied by the industry and other Government agencies and after consultation with, and the agreement of, the Industry Committees, that the prices established by this regulation satisfy all the minimum requirements of the Defense Production Act of 1950 and, under existing circumstances, provide generally fair and equitable processing margins. The Industry Advisory Committee has confirmed the adequacy of the processing margins established until such time as the compilation and analyses of current industry-wide cost data indicates the necessity for adjustment of these margins to satisfy statutory requirements.

In the judgment of the Director of Price Stabilization, the ceiling prices established by this Regulation are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950.

So far as practicable the Director of Price Stabilization gave due consideration to the national effort to achieve maximum production in furtherance of the objectives of the Defense Production Act of 1950; to parity prices and the other minimum requirements of the law including prices prevailing during the period from May 24, 1950, to June 24, 1950, inclusive; and to relevant factors of general applicability.

REGULATORY PROVISIONS

Sec.
1. What this regulation does.
2. Applicability, effective date and prohibitions.
3. Definitions.
4. Ceiling prices for sales of milled rice by the processor.
5. Evasion.
6. Enforcement.
7. Records.
8. Petitions for amendment.

AUTHORITY: Sections 1 to 8 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply Title IV, Pub. Law 774, 81st Cong.; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.

SECTION 1. *What this regulation does.* The purpose of this regulation is to establish specific ceiling prices for milled rice at the processor or mill levels. These ceiling prices supersede those established for sales of the product at the processor or mill level by the General Ceiling Price Regulation. The General Ceiling Price Regulation will, however, continue to be applicable to sales of milled rice at all other levels of distribution.

SEC. 2. *Applicability, effective date and prohibitions.* (a) *Applicability.* The provisions of this regulation are applicable to the United States, its territories and possessions, and the District of Columbia.

(b) *Prohibitions.* After the effective date of this Regulation, you shall not sell, and you shall not buy, in the regular course of business or trade, at a price exceeding the ceiling price established by this Regulation, any milled rice item for which a ceiling price or a method for computing a ceiling price is established by this Regulation.

SEC. 3. *Definitions.* (a) "Rice mill" means a plant at which is performed the normal process of removing the hull and bran from rice and classifying it for packaging and distribution.

(b) "Rice miller" means the processor, individual or firm, who performs the above described functions.

(c) "F. o. b. mill" means free on board the carrier at the mill at which the rice was processed and from which the shipment was made.

(d) "Milled rice" means whole or broken kernels of rice from which the hulls, and practically all of the germs and bran layers have been removed.

SEC. 4. *Ceiling prices for sales of milled rice by the processor.* (a) If you are a rice miller or processor of rough rice, your ceiling prices for sales of milled rice f. o. b. mill, per 100 pounds, packed in customary 100 pound bulk containers are as follows:

(1) For varieties of milled rice containing not less than 96 percent of whole kernels and grading U. S. No. 2, your ceiling prices are as follows:

Varieties	*Price per 100 pounds*
Rexora, Rexark, Patna, and Blue Bonnet	$12.00
Nira and Rex Nira, sometimes known as RN	11.50
Fortuna and Edith	11.00
Blue Rose, Kamrose, Arkrose, Calrose, and Lady Wright	10.75
Magnolia, Zenith, and Prelude	10.50
Pearl, Early Prolific, and all other varieties not specifically named	9.50

(2) For classes of broken milled rice grading U. S. No. 2, your ceiling prices are as follows:

Classes	*Price per 100 pounds*
Second heads—Rexoro, Rexark, Patna, Blue Bonnet, Nira, Rex Nira, Fortuna, Edith, Lady Wright, and Prelude	$8.50
Second heads—Any other variety	8.00
Screenings	7.00
Brewers	7.00

Your ceiling prices for all other grades and qualities, and for mixtures of varieties and grades, are determined under the provisions of paragraphs (d) and (e), respectively, of this section.

(b) *Differential for delivered sales.* You may quote and charge delivered prices by adding to the above price for the applicable variety of rice, the actual freight incurred from the rice mill to the point of destination at the current tariff rates.

(c) *Differentials for other types of containers.* Your differentials which you customarily used during the base period established by the General Ceiling Price Regulation for other types of containers shall continue to prevail and to apply.

(d) *Differentials for grade and quality.* Your differentials, above or below the prices listed in paragraph (a) of this section for grade, quality and lower degree of milling, which you customarily used during the base period established by the GCPR, shall continue to prevail and apply.

(e) *Mixtures of varieties and grades of milled rice.* Your ceiling price for sales of a mixture of rice consisting of combinations of two or more of the varieties, grades and classes of milled rice shall be determined by multiplying the percentage of each variety, class and grade by the applicable ceiling price for each.

(f) *Adjustment of f. o. b. price for mill location.* If, because of mill location, it is customary for you to quote and charge a higher f. o. b. price than is generally applicable to your industry, you may apply to the Director of Price Stabilization, Washington 25, D. C., for an adjustment in your f. o. b. ceiling price. Complete data justifying the requested adjustment must be submitted with your application. Your f. o. b. ceiling price may be raised by the amount of any such adjustment approved in writing by the Director.

SEC. 5. *Evasion.* You shall not evade or circumvent the provisions of this regulation by direct or indirect methods in connection with the purchase, sale, delivery, or transfer of milled rice or by way of premium, commission, service, transportation, or other charge, or by tie-in agreement, trade understanding, or otherwise.

SEC. 6. *Enforcement.* If you violate any provision of this regulation, you are subject to the criminal penalties, civil enforcement actions, and suits for damages provided for by the Defense Production Act of 1950.

SEC. 7. *Records.* If you sell milled rice for which ceiling prices are established by this regulation, you must preserve and keep available for examination by the Director of Price Stabilization for a period of two years, accurate records of each sale.

These records must include:
(a) The date of the sale;
(b) The name of the purchaser;
(c) The price paid or received;
(d) The grade, quality, and amount sold.

SEC. 8. *Petitions for amendment.* If you wish to have this regulation amended, you may file a petition for amendment in accordance with the pro-

visions of Price Procedural Regulation 1, 15 F. R. 9055.

Effective date. This regulation is effective March 15, 1951.

NOTE: The record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

EDWARD F. PHELPS, Jr.,
Acting Director of Price Stabilization.

MARCH 13, 1951.

[F. R. Doc. 51-3408; Filed, Mar. 14, 1951; 11:06 a. m.]

[General Ceiling Price Regulation, Supplementary Regulation 12]

GCPR, SR 12—DOMESTIC GREAT LAKES CONTRACT WATER CARRIERS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738) this Supplementary Regulation No. 12 to the General Ceiling Price Regulation (16 F. R. 809) is hereby issued.

STATEMENT OF CONSIDERATIONS

This supplementary regulation is issued to enable contract water carriers trading on the Great Lakes between United States ports to establish their ceiling rates within the framework of the General Ceiling Price Regulation, but departing from the General Ceiling Price Regulation requirements as to base period delivery or offer for base period delivery of their transportation services.

Transportation on the Great Lakes is seasonal, usually between March and November when the Great Lakes are sufficiently free from ice to be open to navigation, with the "closed season" extending from December into March. Hence, these carriers could not deliver their services or offer such services for delivery during the base period.

It is customary in this trade to negotiate with shippers at the close of the navigation season but not later than January of the ensuing year for seasonal contracts on principal bulk lake cargo such as iron ore, limestone and coal. Accordingly, for the most part, contracts were fixed for the 1951 season before and during the base period, but due to the aforementioned "closed season" no deliveries under these contracts could be made during the base period.

This presents a condition unforeseen at the time the General Ceiling Price Regulation was issued and, therefore, it is deemed desirable and proper to remedy the difficulty which confronts these carriers through the medium of this supplementary regulation which establishes as ceiling the rates agreed upon in any such contract for the 1951 season which was entered into on or before January 25, 1951.

In addition to the foregoing condition, there are also spot cargo offerings in this trade and the practice is to fix during the season contracts for these spot cargoes when offerings are made. Many Great Lakes contract carriers compete for this tonnage, including some few carriers which do not negotiate seasonal contracts on the principal basic cargoes referred to above. A procedure for determining ceiling rates for contract carriers engaging in this "spot cargo" trade is established in section 3 (c) of this supplementary regulation by reference to the 1951 season contract rates and basic cargoes of the carrier or its closest competitor.

FINDINGS OF THE DIRECTOR OF PRICE STABILIZATION

In the judgment of the Director of Price Stabilization the provisions of Supplementary Regulation 12 to General Ceiling Price Regulation are generally fair and equitable and are necessary to effectuate the purpose of Title IV of the Defense Production Act of 1950.

So far as practicable the Director of Price Stabilization gave due consideration to the national effort to achieve maximum production in furtherance of the objectives of the Defense Production Act of 1950; to other minimum requirements of the law; and to relevant factors of general applicability.

In formulating this supplementary regulation the Director has consulted with representatives of the industry to the extent practicable under the circumstances and has given consideration to their recommendations.

REGULATORY PROVISIONS

Sec.
1. Purpose.
2. Applicability.
3. Maximum rates.
4. Keeping of records.

AUTHORITY: Sections 1 to 4 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply Title IV, Pub. Law 774, 81st Cong.; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.

SECTION 1. *Purpose.* The purpose of this supplementary regulation is to establish ceiling rates for certain contract water carriers engaged in the transportation between United States ports on the Great Lakes of commodities in bulk (other than liquid cargoes in bulk) falling within the meaning of the exclusion contained in section 303 (b) and (c) of the Interstate Commerce Act, as amended.

SEC. 2. *Applicability.* The provisions of this supplementary regulation shall apply to any carrier, other than a common carrier, as defined in section 302 (d), Interstate Commerce Act, as amended, in the transportation, under individual contract or agreement, of commodities in bulk between United States ports on the Great Lakes, their connecting and tributary waters.

SEC. 3. *Maximum rates.* The maximum rate of any carrier subject to this supplementary regulation for such transportation service shall be:

(a) The highest rate agreed with any shipper on or before January 25, 1951, for the same service or for the service most nearly like it to be performed during the Great Lakes navigation season of 1951; or,

(b) If any carrier's maximum rate cannot be determined under paragraph (a) of this section, such carrier's maximum rate shall be the highest rate agreed, as provided in paragraph (a) of this section, by such carrier's closest competitor for the same service or service most nearly like it.

(c) (1) If any carrier's maximum rate cannot be determined under paragraph (a) or (b) of this section, such carrier's maximum rate shall be the highest rate charged for the same or similar service performed during the 1950 season plus the same percentage increase, if any, by which 1951 rates determined under paragraph (a) of this section were increased over 1950 rates.

(2) If the same or similar service was not performed in 1950, such carrier's maximum rate shall be the highest rate charged for service of a different class performed during 1950, adjusted to reflect such carrier's customary differential between the two classes of service, increased by the same method indicated in subparagraph (1) of this paragraph.

(d) Any carrier who cannot establish a ceiling rate for any such transportation service may apply to the Director of Price Stabilization for establishment of a ceiling rate as provided in section 7 of the General Ceiling Price Regulation.

SEC. 4. *Keeping of records.* Carriers subject to this supplementary regulation are not required to comply with the record-keeping provisions of the General Ceiling Price Regulation, but must prepare and keep available for inspection by the Director of Price Stabilization for a period of two years, records customarily kept by such carriers and all records used in the determination of ceiling rates for services performed under this supplementary regulation.

Effective date. This supplementary regulation to the General Ceiling Price Regulation shall become effective on the 14th day of March, 1951.

NOTE: The record-keeping and reporting requirements of this supplementary regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

EDWARD F. PHELPS, JR.,
Acting Director of Price Stabilization.

MARCH 13, 1951.

[F. R. Doc. 51-3407; Filed, Mar. 14, 1951; 11:05 a. m.]

[Ceiling Price Regulation 11]

CPR 11—RESTAURANTS

NOTE: In Federal Register Document 51-3380, appearing in the issue for Wednesday, March 14, 1951, at page 2391, the word "on" in the second line of section 4 (a) (2) has been changed to read "or" so that subparagraph (2) reads as follows:

(2) A statement whether you elect the entire calendar year 1949 or the entire twelve month period July 1, 1949, to June 30, 1950, as your base period, and whether you want to compute your ratio on a monthly basis. Once you have chosen your base period and whether to compute your rates on a monthly or an annual basis, you may not change your base period option.

Chapter VI—National Production Authority, Department of Commerce

[NPA Order M-8, as Amended Mar. 12, 1951]

M-8—TIN

This order which amends and supersedes NPA Order M-8, dated Jan. 27, 1951, is found necessary and appropriate to promote the national defense and is issued pursuant to the authority of section 101 of the Defense Production Act of 1950. In the formulation of this order, there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations. However, consultation with representatives of all trades and industries affected in advance of the issuance of this order, has been rendered impracticable by the fact that the order affects a very substantial number of different trades and industries.

This amendment affects order M-8 as follows: It redesignates §§ 27.1 through 27.6 as sections 1 to 6; it adds a new section 7; it redesignates §§ 27.7 through 27.11 as sections 8 through 12; it adds a new section 13; it redesignates §§ 27.12 through 27.15 as sections 14 through 17; it adds a new sentence to section 1; adds a new paragraph (b) to section 5; adds a new item (7) to section 8 (b); and effects other minor changes in wording. As so amended NPA Order M-8 reads as follows:

Sec.
1. What this order does.
2. Definitions.
3. Application of order.
4. Restrictions on use of pig tin and alloys and other materials containing tin.
5. Limitations on use of pig tin.
6. Maintenance, repair, and operating supplies.
7. Allocation of pig tin.
8. Certification.
9. Defense orders for items containing tin.
10. Exemption.
11. Inventories.
12. Export certificates.
13. Importation of pig tin.
14. Reports and records.
15. Application for adjustments.
16. Communications.
17. Violations.

AUTHORITY: Sections 1 to 17 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong.; sec 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. *What this order does.* This order amends and supersedes NPA Order M-8. The purpose of this order is to describe how tin remaining after allowing for the requirements of national defense may be distributed and used in the civilian economy. It restricts the use of pig tin in manufacture, processing and construction. It prohibits all uses of pig tin, secondary tin and certain tin-bearing products not expressly set forth in the attached Schedules I through VII. In addition, many of the permissible uses included in the Schedules I through VII are prohibited in connection with the manufacture of the items or for the purposes set forth in List A. The order also sets forth limitations on inventories or pig tin and alloys and other materials containing tin and explains the conditions under which reports are required in connection with the production, distribution, importation, use, and inventories of pig tin. In addition, it covers the conditions under which reporting is required in connection with the customs entry of tin importation. It is the intent of this order that other materials which are not in short supply will be substituted for tin and alloys and other materials containing tin wherever possible. It prohibits the private importation of pig tin after a specified date and places pig tin under allocation by prohibiting, subject to limited exceptions, any deliveries not covered by allocation authorizations to be issued monthly by the National Production Authority.

SEC. 2 *Definitions.* As used in this order:

(a) "Person" means any individual, corporation, partnership, association or any other organized group of persons and includes any agency of the United States or any other government.

(b) "Base period" means the 6-month period ending June 30, 1950.

(c) "Manufacture" means to melt, put into process, machine, fabricate, cast, roll, turn, spin, coat, extrude, or otherwise alter pig tin, alloys containing tin, or other materials containing tin, by physical or chemical means and includes the use of tin and alloys and other materials containing tin in plating, and in chemical compounding and processing. It does not include the use of tin contained in any "in process" materials or any other materials not actually to be incorporated into the items to be manufactured, such "in process" materials and other materials being included under paragraphs (d) and (e) of this section.

(d) "Maintenance" means the minimum upkeep necessary to continue a building, machine, piece of equipment, or facility in sound working condition, and "repair" means the restoration of a building, piece of equipment, or facility to sound working condition when the same has been rendered unsafe or unfit for service by wear and tear, damage, failure of parts, or the like; *Provided, however,* Neither maintenance nor repair includes the improvement of any such item with material of a better kind, quality or design.

(e) "Operating supplies" means any tin or alloy or other material containing tin normally carried by a person as operating supplies according to established accounting practice and not included in his finished product, except that materials included in such product which are normally chargeable to operating expense may be treated as operating supplies.

(f) "Import" means to transport in any manner into the continental United States from any foreign country or from any territory or possession of the United States. It includes shipments into a U. S. foreign trade zone, or bonded custody of any United States Collector of Customs (bonded warehouse) in the continental United States and shipments into the continental United States for processing or manufacture in bond for exportation. "Import" does not include shipments in transit in bond through the continental United States without processing or manufacture to Canada, Mexico or any other foreign country, or shipments through U. S. foreign trade zones to a foreign country without processing or manufacture. However, if any material in such shipments in transit in bond is, because of a change in plans, to be sold or used in the continental United States, or subjected to processing or manufacture in the continental United States, it becomes an "import" for the purposes of this order and requires the reports specified in section 14.

(g) "Pig tin" means metal containing 95 percent or more by weight of the element tin, in shapes current in the trade, including anodes, small bars, and ingots, but excluding the products specifically listed in Section IV of report Form NPAF-7.

(h) "Secondary tin" means any alloy, produced from scrap, which contains less than 95 percent but not less than 1.5 percent by weight of the element tin.

(i) For the purpose of the reporting requirements relating to imports stated in section 14 (b): "Tin" means pig tin and tin in any raw, semi-finished, or scrap form, and any alloys, compounds, or other materials containing tin (where tin is of chief value) in any raw, semi-finished or scrap form. This includes, but is not limited to, the following:

Babbitt metal and solder	6506.100
Alloys and combinations of lead, not in chief value lead (including lead, antimony, and white metal)	6506.900
Type metal	6507.000
Tin bars, blocks, pigs, grained or granulated	6551.300
Tin metallic scrap (except alloyed scrap)	6551.500
Tin alloys, chief value tin n. s. p. f. (including alloyed scrap)	6551.900
Tin dross, skimmings and residues	6740.170
Tin foil less than 0.006 inch thick	6790.710
Tin powder, flitters and metallics	6790.720
Tin bichloride, tin tetrachloride and other chemical compounds, mixtures, and salts, tin chief value (including tin oxide)	8380.920

NOTE: The numbers listed in the second column are commodity numbers taken from Schedule A, Statistical Classification of Imports into the United States, issued by the U. S. Department of Commerce (August 1, 1950 edition).

(j) "Copper-base alloy" for the purpose of this order means any alloy containing tin in the composition of which the percentage of copper metal by weight equals or exceeds 40 percent of the total weight of the alloy.

(k) "Scrap" means all materials or objects which are the waste or by-products of industrial fabrication or which have been discarded for obsolescence, failure, or other reason, and which contain tin or alloys or other materials containing tin in a form making such scrap suitable for industrial use.

(l) "Soldering" means joining with solder. This term does not include dipping or solder coating in which the joining operation is not performed simultaneously with such dipping or coating.

(For dipping or coating see Schedule IV and Schedule VII, item 13).

(m) "Low grade" secondary tin-bearing drosses, residues and scrap metal means such material having a tin content not over 10 percent and an impurity content too high for use in the production of other items for which secondary low grade tin-bearing materials are permitted in the attached schedules.

(n) "Implements of war" means combat end products, complete for tactical operations (including, but not limited to aircraft, ammunition, armaments, weapons, ships, tanks, military vehicles and radio and radar equipment), and any parts, assemblies or materials to be incorporated in any of these items. This term does not include facilities or equipment used to manufacture the items described above nor does it include any "in process" or any other materials not actually to be incorporated into the items described above.

SEC. 3. *Application of order.* Subject to the exemptions stated in section 10 this order applies to all persons who produce tin or alloys or other materials containing tin, or who use tin or alloys or other materials containing tin, in manufacture, processing, or construction, or for maintenance, repair, or operating supplies. In addition, the reporting provisons stated in section 14 apply to persons who produce, distribute, or hold in their possession pig tin, or who import tin.

SEC. 4. *Restrictions on use of pig tin and alloys and other materials containing tin.* Subject to the exemption in section 10, or unless specifically directed by the National Production Authority:

(a) No person shall use pig tin for any purpose where secondary tin can be used.

(b) Commencing on March 1, 1951, no person shall use any pig tin, secondary tin, solder, babbitt, copper-base alloy, or other alloy containing 1.5 percent or more tin, or other materials containing 1.5 percent or more tin in the manufacture, treatment, installation, construction of any item or product, or in any process, or for any purpose, except those set forth in the attached schedules and to the extent permitted thereby. Uses not expressly authorized by said schedules are prohibited.

(c) During February 1951, no person shall use in the manufacture of any item or in any process set forth in the attached List A a total quantity by weight of tin in any form specified in paragraph (b) in excess of 80 percent of his average monthly use of such materials for said purposes during the base period. Commencing on March 1, 1951, no person shall use tin in any form specified in paragraph (b) in the manufacture of any item or in any process set forth in List A, even though such use might otherwise be permissible under paragraph (b): *Provided, however,* That this prohibition will not apply to the use of solder for joining purposes to the extent permitted in attached Schedule II.

(d) In addition to the restrictions set forth in the attached schedules, commencing on March 1, 1951, no person shall use: (1) In the manufacture of any product or for any purpose as to which the attached schedules limit tin content, any alloys or other materials having a tin content greater than that being used by such person in such manufacture or for such purpose on January 27, 1951; (2) in the coating of any item, a heavier coating in terms of tin content than that being used by such person for such purpose on January 27, 1951; or (3) any metal to which pig tin has been added to produce any product or perform any process for which the use of pig tin is not permitted in the schedules.

(e) Paragraphs (b) and (c) of this section do not apply to the use of tin in any form specified in paragraph (b) of this section prior to May 1, 1951, in the completion of any item that was in the process of manufacture or production on March 1, 1951.

SEC. 5. *Limitations on use of pig tin.* Subject to the restrictions of section 4 and to the exemption in section 10, or unless specifically directed by the National Production Authority:

(a) No person shall put into process or otherwise use in the manufacturing, treating, installation or construction during the following months, a total quantity by weight of pig tin in excess of the percentages specified with respect to each month of his average monthly use of such forms of tin during the base period:

	Percent
January 1951	100
February 1951	80
March 1951	80

(b) No person shall put into process or otherwise use in manufacturing tin plate or terneplate during each of the months of April, May, and June, 1951 a total quantity by weight of pig tin in excess of 95 percent of his average monthly use of pig tin for this purpose during the base period; and no person shall put into process or otherwise use in manufacturing, treating, installation or construction during each of these months for any other purpose or purposes, a total quantity by weight of pig tin in excess of 90 percent of his average monthly use of pig tin for such other purposes during the base period.

SEC. 6. *Maintenance, repair and operating supplies.* Unless specifically directed by the National Production Authority during the calendar quarter commencing January 1, 1951, no person shall use for maintenance, repair and operating supplies a quantity by weight of pig tin in excess of 100 percent of his average quarterly use of pig tin for such purposes during the base period: *Provided, however,* That such use is permissible only in connection with items, products or processes included in the attached schedules and to the extent permitted thereby. No pig tin shall be used for such purposes where secondary tin can be used.

SEC. 7. *Allocation of pig tin.* (a) Commencing on May 1, 1951, no person shall deliver pig tin or accept delivery of pig tin for any purpose in any month except in accordance with the terms of an allocation authorization issued for such month by the National Production Authority. An allocation authorization will be sent by the National Production Authority to the appropriate supplier and the purchaser will be notified of the issuance thereof. The authorization will permit the supplier to make delivery pursuant to the purchaser's order within the limits of the authorization. The National Production Authority may specifically direct the purposes for which a person may process pig tin or otherwise use it in manufacturing, treating, installation or construction, whether or not directly allocated to him.

(b) An application for an allocation authorization must be filed with the National Production Authority by the proposed purchaser on Form NPAF-7 not later than the 20th day of the month preceding the month in which delivery is sought.

(c) No person shall deliver any pig tin if he knows, or has reason to believe, that the person requesting delivery is not permitted to receive it under this order or will use it for purposes not permitted by this order.

(d) The provisions of paragraph (a) of this section shall not apply to any: (1) Delivery of pig tin to the Reconstruction Finance Corporation or the General Services Administration for the stockpile of strategic materials; (2) delivery of pig tin pursuant to specific directives of the National Production Authority; (3) delivery of pig tin to any person whose total receipts during the month in which such delivery occurs are and by such delivery will remain less than 5 long tons, and who has not received an allocation authorization for pig tin for that month, and who furnishes to the supplier a signed certification in substantially the following form:

The undersigned hereby certifies, subject to statutory penalties, that receipt of this shipment of pig tin in the month requested is permitted by NPA Order M-8, that no allocation authorization for pig tin for that month has been issued to the undersigned by the National Production Authority, and that the pig tin received pursuant to this order will be used only for resale as permitted by NPA Order M-8 or for (*specify end use*) in accordance with that order.

(Schedule --------, item --------)

Any person who furnishes the foregoing certification shall not be required to furnish with respect to pig tin the certification required by section 8.

SEC 8. *Certification.* (a) No person shall sell or deliver and no person shall purchase or accept delivery of any pig tin, secondary tin, solder, babbitt containing more than 10 percent of tin, copper-base alloys containing 3.5 percent or more tin, or other alloys containing 1.5 percent or more tin, or other materials containing 1.5 percent or more tin unless the purchaser furnishes a signed certification as follows:

The undersigned certifies, subject to the penalties of Title 18, U. S. Code (Criminal), section 1001, that the tin or tin product herein ordered will be used only for the purposes permitted by NPA Order M-8 (Schedule ----, item----) as follows:[1]

(Specify end use)

[1] In cases coming within the exemption stated in section 10, substitute the phrase "implements of war" for the reference to Schedule and item.

This certification constitutes a representation by the purchaser to the seller and to the National Production Authority that the tin or tin-bearing products or materials delivered will be used either for the purpose or purposes set forth in the attached schedules or for "implements of war," and that such use is not prohibited by other applicable orders or regulations of the National Production Authority.

(b) This certification shall not be required in connection with the delivery of: (1) Tin to the General Services Administration for the stockpile of strategic materials; (2) tin or tin-bearing items or products pursuant to a specific authorization of the National Production Authority; (3) solder in lots not exceeding 2 pounds, if in wire form, solid or cored, not over $\frac{5}{32}$" in diameter, and containing no more than 40 percent tin by weight; (4) solder in lots not exceeding 5 pounds, if in any other form and containing not more than 35 percent tin by weight; (5) babbitt in lots not exceeding 5 pounds; (6) printing plates and type metal containing tin for use by the printing, publishing and related services industries; or (7) liquor-finished wire.

(c) No person giving a certification under this section may receive, use or dispose of the materials obtained upon such certification contrary to its terms.

SEC. 9. *Defense orders for items containing tin.* Notwithstanding the provisions of NPA Reg. 2 which establishes a priorities system, rated orders calling for items containing tin are subject to the provisions of sections 4, 5, 6, and 8, unless within the exemption provided in section 10 or unless otherwise directed by the National Production Authority.

SEC. 10. *Exemption.* The restrictions of sections 4 and 5 shall not apply to the manufacture of "implements of war" produced for the Department of Defense, Atomic Energy Commission, United States Coast Guard, and the National Advisory Committee for Aeronautics, provided that the use of tin contrary to these restrictions is required either by the latest applicable specifications or drawings, or by letter or contract issued by any such government agency for which the "implements of war" are being produced.

SEC. 11. *Inventories.* In addition to the inventory provisions of NPA Reg. 1, it is considered that a more exact requirement applying to users of pig tin or alloys or other materials containing tin (excluding ores and concentrates) is necessary.

(a) No person obtaining any such materials for use in manufacture, processing, or construction, or for maintenance, repair, or operating supplies, shall receive or accept delivery of a quantity of the materials listed in Column A below from domestic sources, if his inventory of such materials is, or by such receipt would become, more than the smallest quantity which will be required by his scheduled method and rate of operation to be put into use for such purposes during the next succeeding period specified in the corresponding section of Column B below, or (except for pig tin) in excess of a "practicable minimum working inventory" as defined in NPA Reg. 1, whichever is less:

Column A	*Column B*
1. Pig tin.	1. 120 days (for manufacture of tin plate); 60 days (for any other use).
2. Copper-base alloys (containing 1.5 percent or more tin).	2. 60 days.
3. Solder, babbitt, and other alloys containing 1.5 percent or more tin (except copper-base alloys).	3. 60 days.
4. All other materials containing tin.	4. 60 days.

For the purpose of this section, any such materials in which only minor changes or alterations have been effected shall be included in inventory.

(b) Section 10.11 of NPA Reg. 1, entitled "Imported materials" will continue to apply. The other provisions of this regulation will continue to apply except as modified by this section.

(c) No scrap dealer shall accept delivery of any form of scrap defined in section 2 of this order, unless, during the 60 days immediately preceding the date of such acceptance, he shall have made delivery or otherwise disposed of scrap to an amount at least equal in weight to his scrap inventory on the date of such acceptance, exclusive of the delivery to be accepted.

SEC. 12. *Export certificates.* Any purchaser of an item included in the attached schedules who intends to export such item from the United States, its territories or possessions, or from Canada, shall include in the certification required under section 8 the words "for export" as well as the number of the export license applicable to such item. No item may be produced for export unless its manufacture is permitted under the provisions of section 4.

SEC. 13. *Importation of pig tin.* Commencing on the effective date of this order, no person other than the Reconstruction Finance Corporation, acting for and in behalf of the General Services Administration, shall import into the United States, its territories or possessions any quantity of pig tin in bars, blocks, pigs, grain or granulated (Item 6551.300 Statistical Classification of Imports into the United States, dated August 1, 1950) except as specifically authorized in writing by the National Production Authority: *Provided, however,* That this prohibition shall not apply to any private importation pursuant to a contract executed prior to the effective date of this order, which is reported to and approved by the National Production Authority on or before March 23, 1951. The report of such contracts shall be by letter in duplicate addressed to the National Production Authority, Washington 25, D. C. (Ref: M-8), stating the date of execution of the contract, the parties thereto, the approximate date or dates of arrival, the quantity and brand or brands of the material to be imported.

SEC. 14. *Reports and records.* (a) Reports on pig tin:

(1) Any person using 1,000 lbs. or more of pig tin in any calendar month must complete and file report Form NPAF-7 with the National Production Authority on or before the 20th day of November 1950, and on or before the 20th day of each succeeding month with respect to such use during the preceding month.

(2) Any person who on any day of any calendar month has in his possession or under his control 1,000 lbs. or more of pig tin must complete and file report Form NPAF-7 with the National Production Authority on or before the 20th day of November 1950, and on or before the 20th day of each succeeding month with respect to such possession or control on the last day of the preceding month.

(3) Any person who produces, imports, or distributes any pig tin must report his production, entries, receipts, deliveries, inventories, balance of entries, and all other transactions in pig tin either by completing and filing report Form NPAF-7, or by letter in triplicate with the National Production Authority, on or before the 20th day of November 1950, with respect to all such operations and transactions during October 1950, and on or before the 10th of December and on or before the 10th day of each succeeding month with respect to all such operations and transactions during the preceding month.

(b) Reports on Customs Entry: No tin including, without limitation, tin imported by or for the account of the Reconstruction Finance Corporation, U. S. Commercial Company, or any other United States governmental department, agency or corporation, shall be entered through the United States Collectors of Customs unless the person making the entry shall complete and file with the Collector of Customs Form NPAF-8. The filing of such form a second time shall not be required upon any subsequent entry of the same material through the United States Collectors of Customs; nor shall the filing of such form a second time be required upon the withdrawal of such material from bonded custody of the United States Collectors of Customs, regardless of the date when such material was first transported into the continental United States. Form NPAF-8 will be transmitted by the Collectors of Customs to the National Production Authority.

(c) Records: (1) Each person participating in any transaction covered by this order shall retain in his possession

for at least 2 years records of receipts, deliveries, inventories and use, in sufficient detail to permit an audit that determines for each transaction that the provisions of this order have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

(2) All records required by this order shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of the National Production Authority.

(3) Persons subject to this order shall make such records and submit such other reports to the National Production Authority as it shall require, subject to the terms of the Federal Reports Act (Pub. Law 831, 77th Cong., 5 U. S. C. 139–139F).

(d) All reports required by this order shall be addressed to the National Production Authority, Washington 25, D. C., Ref: M–8, together with such number of copies as may be specified in the report form.

SEC. 15. *Application for adjustments.* Any person affected by any provision of this order may file a request for adjustment or exception upon the ground that his business operation was commenced during or after the base period, or because any provision otherwise works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or its enforcement against him would not be in the interest of the national defense or in the public interest. In examining requests for adjustment claiming that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing and shall set forth all pertinent facts and the nature of the relief sought, and shall state the justification therefor.

SEC. 16. *Communications.* All communications concerning this order shall be addressed to the National Production Authority, Washington 25, D. C., Ref: M–8.

SEC. 17. *Violations.* Any person who wilfully violates any provision of this order or any other order or regulation of the National Production Authority or wilfully conceals a material fact or furnishes false information in the course of operation under this order is guilty of a crime and, upon conviction, may be punished by a fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act.

This order, as amended, shall take effect, except as otherwise specifically stated, on March 12, 1951.

NATIONAL PRODUCTION AUTHORITY,
[SEAL] MANLY FLEISCHMANN,
Administrator.

SCHEDULES

(See section 4)

SCHEDULE I—BRASS AND BRONZE

A. CAST COPPER-BASE ALLOYS

Alloys containing 3.5 percent or more by weight of tin may be cast for the following purposes only	*Maximum permissible tin content of alloys (percent by weight)*
(1) Piston rings for locomotives and for airbrake equipment	(1) 20.
(2) Bridge trunnion bearings, bridge bearing plates, railroad and bridge turntable bearing discs, mill stand screw down nuts	(2) 18.
(3) High ratio worm gears, fire engine pump gears, jack nuts, feed nuts, elevating nuts, thrust washers or discs, machine tool spindle bearings	(3) 12.
(4) Hydraulic pump bodies and ends for gear pumps, grinder spindle sleeve bearings, step bearings, internal parts of industrial centrifugal pumps and injectors, collector rings, bearings and bushings	(4) 10.
(5) Bearings produced by the process of powder metallurgy	(5) 10.
(6) Steam industrial and aircraft valves, fittings and specialties	(6) 9.
(7) Tablets, markers, and memorials	(7) 3.5.
(8) All other castings	(8) 6.

B. WROUGHT ALLOYS

Pig or secondary tin may be used to make wrought alloys, but the tin content of such alloys must be limited to the amount essential for the particular purpose.

C. COPPER NICKEL ALLOYS

(1) Seats, discs, and bearing surfaces of steam and industrial valves	(1) 12.

SCHEDULE II—SOLDERS

Pig or secondary tin may be used to make solder to be used for the following purposes only. (See definition of "soldering" in section 2. Solder coating is covered by Schedule IV, and item 13, Schedule VII.)	*Maximum permissible tin content of solder (percent by weight)*
(1) For soldering side seams in the manufacture of cans made with either lock or lap side seams with a combination of lock or lap seams.	(1) 5.
(2) For soldering end seams of all solder seam cans	(2) 26.
(3) For the sealing of milk cans	(3) 21.
Pig or secondary tin may be used to make solder to be used for the following purposes only. (See definition of "soldering" in section 2. Solder coating is covered by Schedule IV, and item 13, Schedule VII.)	*Maximum permissible tin content of solder (percent by weight)*
(4) For a filler or smoother for automobile or truck bodies or fenders or for similar purposes.	(4) 20.
(5) Radiators	(5)
(i) All cellular type radiators (average per radiator)	(i) 21.
(ii) All fin and tube type radiators for military and civilian use (average per radiator).	(ii) 30.
(6) For all soldering on the following: railroad car and truck refrigeration; refrigeration equipment inside refrigeration compartments; aluminum refrigeration condensers; aircraft motors; diesel and electric generators; electric-traction motors; generators for railroads, street cars, mine locomotives, railway locomotives and busses (including the dipping of commutator segments); electrical precision instruments, meters, recording and indicating; dairy equipment; food processing equipment; and hospital and sterilizing equipment.	(6) Unlimited.
(7) For other hand soldering operations done either with a soldering iron or with a torch and wiping.	(7) 40.
(8) For any other soldering operations	(8) 35.

SCHEDULE III—BABBITT

Pig or secondary tin may be used to make babbit metal or alloys used as babbit for the following purposes only	*Maximum permissible tin content of babbit (percent by weight)*
(1) For manufacture, repair, maintenance or replacement of multivane crosshead things in locomotives or for lining aluminum crossheads and for bonding of precision bearings and all bearings included under items (2) and (3) below.	(1) Unlimited.
(2) For manufacture, repair, maintenance or replacement of connecting rods or main engine bearings for trucks, tractors, bulldozers or busses.	(2) 90.
(3) For manufacture, repair, maintenance or replacement of Diesel engines; turbines; locomotive connecting rod or coupling rod bearings; irrigation water pumping engines and equipment; industrial engines, generators, and motors; compressors; pumps; vessels or other ship facilities; electric locomotives; electric traction motor and generator bearings; stone crusher bearings; saw mill, planing mill, and paper mill machinery.	(3) 90.
(4) For any other bearing purpose	(4) 10.

SCHEDULE IV—PLATING AND COATING

Pig tin or alloys containing tin may be used to plate or coat solely for protective or functional purposes in the following items only	*Permitted use of pig tin or alloys containing tin*
(1) Dairy equipment, including fluid milk shipping containers, ice cream cans, strainers, pails, and other dairy equipment.	(1) Plate, coat or retin.
(2) Equipment for preparing and handling food, including kitchen utensils, gulley and mess equipment.	(2) Coat or retin only such parts as are designed to come in actual contact with food.
(3) Cutlery and flatware.	(3) Plate or coat.
(4) Copper or brass pipe and fittings:	(4)
(i) Tubing or fittings to dispense beverages or distilled water.	(i) Coat.
(ii) Tubing or fittings used as refrigeration tubing or in contact with beverages or drinking water in beverage or drinking water equipment.	(ii) Electro tin or chemically tin.
(5) Snap fasteners and hooks and eyes	(5) Tin or tin chemicals may be used for barrel plating or chemical plating.
(6) Copper and copper-base alloy wire and strip:	(6)
(i) Wire—0.032" nominal diameter or finer.	(i) Coat.
(ii) Wire—larger than 0.032" nominal diameter.	(ii) Coat with alloy containing not more than 12 percent tin by weight.
(iii) Strip—0.0250" thick or thinner where solderable coating is required for electrical connection.	(iii) Coat. Coating limited to .0004" in thickness.
(iv) Strip—where solderable coating is required for radiators and heat exchangers.	(iv) Coat with an alloy containing not more than 15 percent tin by weight.
(7) Steel wire, for following purposes:	(7) Coat for purposes indicated.
(i) Liquor finishing process of fine steel bright wire.	
(ii) Armature binding wire and wire for all electrical equipment and aircraft parts including aircraft wire and cable.	
(iii) Wire having ultimate tensile strength of 100,000 lbs. per sq. in. for manufacture of stranded cable (not including picture wire, fishing leaders and like items) but including musical instrument strings.	
(iv) Spring steel wire for use as springs where prime function of the wire is a spring and alternative coatings cannot be used (this does not include wire for spiral binding and like applications).	
(v) Wire for use in manufacture of equipment for the production of textiles.	
(vi) Wire for manufacture of pin tickets and tag wire in direct contact with garments and other textiles and including dry cleaning and laundry tag use, for pin type card holders and brake strand.	
(vii) Beekeepers' wire for comb construction.	
(viii) Wire for packaging or marking food where wire comes into actual contact with edible portions of the food.	
(ix) Bookbinders' wire or preformed staple wire to be used in foot or power operated stitching machines using wire in coils or spools or preformed staples for the following:	
(a) Stitching of magazines, books, booklets and pamphlets, other than those used solely for advertising purposes.	
(b) Preformed containers for dairy products and other foods and for pull-up tabs for bottles and tubs only where the wire comes into direct contact with the food.	
(x) Stitching wire and wire for staples to be used in hand, foot or power operated stitching machines using wire in coils or spools or preformed staples for the following:	
(a) Attaching tabs and tickets to garments, other textiles, leather and imitation leather, and sheet plastics, and for attaching these items to other items or materials:	
(b) Stitching and stapling in industrial manufacturing operations where tinned stitching wire or staples are required for penetration and alternative coatings cannot be used (this does not include wire for office staples, staples for tea bags, book matches or box and carton construction).	
(8) Tin plate and terne plate	(8) Pig or secondary tin may be used to coat tin plate, and terne metal containing not more than 15 percent tin may be used to coat short ternes and roofing ternes, and terne metal containing not more than 10 percent tin may be used to coat all other long ternes in accordance with the specification limits stated in CPA Order M–24.

SCHEDULE VII—MISCELLANEOUS—Continued

Items	Permitted use
(3) Tin pipe or tubes	(3) Where required for conducting chemically pure distilled water.
(4) Bolster metal	(4) In the manufacture of surgical instruments if the tin content of the bolster metal does not exceed 35 percent of tin by weight.
(5) Pipe organs for religious and educational institutions.	(5) May be manufactured, rebuilt or repaired with secondary tin taken from the inventories of organ builders or acquired from old organs.
(6) Dental amalgam alloys	(6) No restriction on tin content.
(7) Detonators and blasting caps (including electric blasting caps).	(7) Pig or secondary tin may be used to make the detonators and blasting caps and all necessary parts and accessories.
(8) Collapsible tubes	(8) Pig or secondary tin may be used in accordance with the specification limits stated in NPA Order M-27.
(9) Printing plates and type metal containing tin.	(9) May be made for use by the printing, publishing and related services industries without certification.
(10) Terne metal	(10) Terne metal containing not more than 15 percent of tin may be produced if made from secondary tin only.
(11) Fusible alloys and dry pipe seat rings	(11) —
(i) Dry pipe seat rings	(i) Pig or secondary tin may be used to the extent required to meet performance specifications.
(ii) Fusible alloys for safety purposes only.	(ii) Pig or secondary tin may be used to the extent required to meet minimum code requirements with respect to the operation of the product in which the alloy is to be contained.
(12) Linings for chromium plating tanks and lead anodes for chromium plating.	(12) Lead base alloys containing not more than 4 percent tin may be used if the alloys are derived from secondary tin only.
(13) Secondary tin bearing drosses, residues, and scrap metal containing not more than 10 percent tin.	(13) May be used for any purpose except to make items included in List "A."
(14) Bismuth alloys. Pig tin may not be used to make bismuth alloys except when, and to the extent, specifically authorized in writing by the National Production Authority.	(14) No restriction in tin content when subject to use in accordance with order M-88.
(15) Clutch and brake facings when produced by the process of powder metallurgy wholly from metals.	(15) Not more than 10 percent by weight of tin powder.

LIST A
(See Section 4)

1. Advertising specialties.
2. Art objects.
3. Britannia metal, pewter metal, or other similar tin bearing alloys.
4. Buckles.
5. Buttons.
6. Chimes and bells.
7. Coated paper.
8. Emblems and insignia.
9. Fasteners as follows: book match clips and staples, paper clips, spiral binders, office staples, and paper fasteners.
10. Jewelry.
11. Novelty souvenirs and trophies.
12. Ornaments and ornamental fittings.
13. Hollowware.
14. Plating and coating for decorative purposes.
15. Powder for decorative purposes.
16. Refrigerator trays or shelves (all types).
17. Seals and labels.
18. Slot, game and vending machines.
19. Tin oxide (except for the purposes and to the extent set forth in Schedule VI).
20. Toys and games.
21. Zinc galvanizing.
22. All other ornamental or decorative purposes.

[F. R. Doc. 51-3410; Filed, Mar. 12, 1951; 11:14 a. m.]

SCHEDULE IV—PLATING AND COATING

Pig tin or alloys containing tin may be used to plate or coat solely for protective or functional purposes in the following items only	Permitted use of pig tin or alloys containing tin
(1) Electrotypers foil	(1) 30.
(2) Soft babbitt for the preparation of industrial metallic packing.	(2) 1½.
(3) Condenser foil of dimensions .00035" by 1 inch or less	(3) 50.
(4) Condenser foil for all other condensers	(4) 15.
(5) Foil for aircraft magnetos	(5) 50.
(6) Capliner foil for packing medicinal, pharmaceutical, and biological preparations containing chloroform or other highly volatile chemicals; and preparations containing an equivalent alcohol content in excess of 50%, and for which other types of liners cannot be used.	(6) Unlimited.
(7) Dental foil	(7) Unlimited.
(8) Lead-base foil for burglar alarm systems	(8) 4½.

SCHEDULE V—FOIL

Pig or secondary tin may be used to make foil for the following purposes only	Maximum permissible tin content of foil (percent by weight)
(1) Electrotypers foil	(1) 30.
(2) Soft babbitt for the preparation of industrial metallic packing.	(2) 1½.
(3) Condenser foil of dimensions .00035" by 1 inch or less	(3) 50.
(4) Condenser foil for all other condensers	(4) 15.
(5) Foil for aircraft magnetos	(5) 50.
(6) Capliner foil for packing medicinal, pharmaceutical, and biological preparations containing chloroform or other highly volatile chemicals; and preparations containing an equivalent alcohol content in excess of 50%, and for which other types of liners cannot be used.	(6) Unlimited.
(7) Dental foil	(7) Unlimited.
(8) Lead-base foil for burglar alarm systems	(8) 4½.
(9) Electrotype shells	(9) Pig or secondary tin may be used to electro-plate, electrotype shells only where such installations were operating on or before January 27, 1951.
(10) Steel bearing shells	(10) Pig or secondary tin may be used to electro-tin to a thickness not exceeding .00006".
(11) Electrotype shells	(11) Pig or secondary tin may be used to electro-plate, electrotype shells only where such installations were operating on or before January 27, 1951.

SCHEDULE VI—TIN CHEMICALS AND TIN OXIDE

A. TIN CHEMICALS

Types of tin chemicals	Permitted use
(1) Pig tin or tin chemicals (excluding tin oxide).	(1) May be used only as or for: Laboratory reagents, medicinals, or plating (to the extent permitted in other Schedules).
(2) Tin chemicals (excluding tin oxide) produced from "low-grade" secondary tin-bearing drosses, residues, or scrap metal (See definition in Section 2).	(2) May be used for any purpose except to make items included in List A.

B. TIN OXIDE

Production	Permitted use
Pig tin cannot be used to make tin oxide except when and to the extent that manufacture is specifically authorized in writing by NPA.	(1) Commencing on March 1, 1951, for the production of green, pink, yellow and red colors in amounts in any one month not in excess of 50 percent of the average monthly use for such purposes during the base period. (2) For the production of earthenware plumbing fixtures. (3) Laboratory agents and medicinals.

SCHEDULE VII—MISCELLANEOUS

Items	Permitted use
(1) Aluminum alloys containing tin where tin content does not exceed 7 percent by weight.	(1) For any purpose except to make items included in List A.
(2) Tin pipe, sheet tin and fittings to repair or maintain brew-, dairy-, and refrigerating units and their parts, including cold-cathode carbon dioxide tanks.	(2) May be made from pig or secondary tin provided the purchaser returns to the supplier a quantity of scrap tin with the same tin content as that supplied.

[NPA Order M-12, as Amended March 9, 1951, Direction 1]

M-12—USE OF COPPER AND COPPER-BASE ALLOYS

DIR. 1—BASE PERIOD; APPLICATIONS FOR ADJUSTMENT; USE DURING THE FIRST CALENDAR QUARTER OF 1951

The following direction is issued under NPA Order M-12 as amended March 9, 1951. This direction relates to the permitted use of the forms and products of copper which are specified in section 3 of the order during the first calendar quarter of 1951.

This amendment affects Dir. 1 to M-12 as follows: It adds the word "production" to the first sentence of the paragraph entitled *"Direction."*

As so amended, Dir. 1 to NPA Order M-12 reads as follows:

SECTION 1. (a) Paragraph (b) of section 6 of the order states that no person shall manufacture (as defined) or use in installation or construction "During the following months a total quantity by weight of the forms and products of copper defined in paragraphs (a), (b), (c) and (d) of section 3 in excess of the percentages specified with respect to each month of his average monthly use of such material during the base period:

	Percent
January 1951	85
February 1951	85
March 1951	80

(b) Paragraph (d) of section 6 states that no person shall manufacture or use in installation or construction "During each of the calendar quarters commencing on January 1, 1951, and April 1, 1951, a total quantity by weight of foundry products in excess of 100 percent of his average quarterly use of such products during the base period."

(c) Section 8 of the order states: "Unless specifically directed by the National Production Authority, during the calendar quarter commencing on January 1, 1951, and each calendar quarter thereafter, no person shall use for maintenance, repair and operating supplies a quantity by weight of the forms and products of copper defined in paragraphs (a), (b), (c), (d) and (e) of section 3 in excess of 100 percent of his average quarterly use for such purposes during the base period."

(d) "Base period" is defined by section 2 (b) as the six-month period ending June 30, 1950.

(e) Section 12 states, in part, that "any person affected by any provision of this order may file a request for adjustment or exception upon the ground that his business operation was commenced during or after the base period, or because any provision otherwise works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry. * * *"

(f) A number of requests for adjustment have been filed with the National Production Authority upon the ground that the application of the base period to the applicants' business operations caused undue hardship upon the applicants by reason of the fact that their business operations were substantially interrupted during the base period. This direction will constitute a determination of adjustment with respect to the limitations stated in section 6 (b) and (c) and section 8 of the order in such cases, whether or not applications for adjustment have been filed with the National Production Authority under section 12 thereof. This determination is subject, however, to the conditions hereinafter stated.

Direction. In any case in which production, manufacturing operations, or construction was shut down or suspended for more than 15 consecutive calendar days, the applicant in determining its average monthly use during the base period may exclude from the base period specified in the order the month or months in which the shut-down or suspension existed. In determining its average quarterly use during the base period, it may calculate the same to be three times its average monthly use during the base period as above determined.

Illustration 1: The A company was shut down from March 16 through April 5, 1950. Its base period will comprise the months of January, February, May and June 1950. Its average monthly use will be one-fourth of its total use during these months, and its average quarterly use will be three times this average monthly use.

SEC. 2. (a) The above determination of adjustment is subject to the following conditions: (1) That every person relying on this determination will, promptly after the date of the issuance of this direction, prepare a detailed written record of the facts relating to the application of the determination to his operations which will be signed by such person or by an authorized officer or representative; and (2) that such record shall be retained for at least 2 years and will be made available at his usual place of business for inspection and audit by duly authorized representatives of the National Production Authority.

(b) The National Production Authority reserves the right to modify or revoke adjustments made pursuant to this Direction No. 1. Any person affected by such a modification or revocation will be notified in writing of the nature of the action taken and the reasons therefor. Such actions will be effective upon such date or dates subsequent to the date of the notification as are specified therein.

NOTE: All reporting requirements of this direction have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This direction, as amended, shall take effect on March 14, 1951.

NATIONAL PRODUCTION AUTHORITY,
[SEAL] MANLY FLEISCHMANN,
Administrator.

[F. R. Doc. 51-3410; Filed, Mar. 14, 1951; 11:14 a. m.]

[NPA Order M-25, Direction 1]

M-25—CANS

DIR. 1—DETERMINATION OF ADJUSTMENT

The following direction is issued under NPA Order M-25, as amended February 23, 1951. This direction relates only to the restrictions which are specified (1) in section 5 (b) of the order, on the amount of any particular product, which is listed in Schedules I and II and preceded by a double asterisk, which may be packed in cans made in whole of tin plate or terneplate, or a combination of tin plate and black plate, or a combination of terneplate and black plate, and (2) in section 5 (c) of the order, on the amount of any particular product, which is listed in Schedules I and II and not preceded by either a single or double asterisk, which may be packed in cans made in whole of tin plate or terneplate, or a combination of tin plate and black plate, or a combination of terneplate and black plate.

Section 1 of the order specifically provides that cans made wholly of black plate are not restricted by the order. Consequently, cans made wholly of black plate in the base period should be excluded in computing the restrictions on the amount of any particular product which may be packed in cans made in whole of tin plate or terneplate, or a combination of tin plate and black plate, or a combination of terneplate and black plate.

However, cans made in whole of tin plate or terneplate, or a combination of tin plate and black plate, or a combination of terneplate and black plate during the base period should be included in computing the restrictions, as provided in section 5 (b) and (c) of the order, on the amount of any particular product which may be packed in cans made in whole of tin plate or terneplate, or a combination of tin plate and black plate, or a combination of terneplate and black plate.

1. Section 5 (b) provides as follows:

(b) During the first quarter of the calendar year 1951 and each quarter thereafter, until otherwise ordered by NPA, no packer may accept delivery of or use for packing any particular product which is listed in Schedules I and II and preceded by a double asterisk any cans, made in whole or in part of tin plate or terneplate, requiring more than 100 percent of the quantity by area of measurement of tin plate, terneplate and black plate which he used for packing that particular product during the corresponding quarter of 1949 or 1950. The amounts packed during each quarter shall be spread as equally as possible over each of the three months of such quarter, but no packer shall be required to take delivery of cans in less than carload lots to meet this provision.

Section 5 (c) provides as follows:

(c) During the first quarter of the calendar year 1951 and each quarter thereafter, until otherwise ordered by NPA, no packer may accept delivery of or use for packing any other product which is listed in Schedules I and II any cans, made in whole or in part of tin plate or terneplate, by area of measurement requiring more than 90 percent of the quantity by area of measurement of tin plate, terneplate and black plate which he used for packing such product during the corresponding quarter of 1949 or 1950. The amounts packed during each quarter shall be spread as equally as possible over each of the three months of such quarter, but no packer shall be required to take delivery of cans in less than carload lots to meet this provision.

In section 5 (b) and (c) the base period for these restrictions in the first

quarter of the calendar year 1951 is the first quarter of the calendar years 1949 or 1950. The base period for these restrictions in subsequent quarters of the calendar year 1951, until otherwise ordered by NPA, is the corresponding quarter of the calendar years 1949 or 1950.

Section 8 of the order states, in part, that "any person affected by any provision of this order may file a request for adjustment or exception upon the ground that his business operation was commenced during or after the base period, or because any provision otherwise works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry."

A number of requests for adjustment have been filed with the National Production Authority upon the ground that the applicants commenced packing a particular product in cans made in whole or in part of tin plate or terneplate during or after the first quarter of the calendar years 1949 or 1950, or upon the ground that the application of the base period otherwise caused undue hardship upon the applicants not suffered generally by others in the same trade or business. Since many of these applications present common problems, this direction will constitute a determination of adjustment with respect to the restrictions stated in section 5 (b) and (c) of the order to the classes of cases described below, whether or not applications for adjustment have been filed with the National Production Authority under section 8 of the order. This determination is subject, however, to the conditions hereinafter stated:

(a) Cases in which it is claimed that the first quarter of the calendar years 1949 or 1950, the base period specified in the order, is inapplicable because the applicants commenced packing a particular product in cans made in whole of tin plate or terneplate, or a combination of tin plate and black plate, or a combination of terneplate and black plate, during or after that base period.

(1) *Direction:* In any such case the applicant may substitute for the first quarter of the calendar years 1949 or 1950, the base period specified in the order, the following alternative base period:

(i) The average monthly quantity of cans, by area of measurement of tin plate, terneplate and black plate, which the packer accepted delivery of and used for packing that particular product during each month of either the calendar year 1949 or 1950 in which that particular product was actually packed, multiplied three times to determine the quantity of cans, by area of measurement of tin plate, terneplate and black plate, which he may accept delivery of and use for packing that particular product during the first quarter of the calendar year 1951 and each succeeding quarter, until otherwise ordered by NPA.

Illustration 1: A packer commenced packing product Y on August 1, 1950, and accepted delivery of and used 15,000 base boxes during the remaining 5 months of the calendar year 1950. His average monthly use was 3,000 base boxes. When multiplied by 3, this average monthly use results in a quarterly use of 9,000 base boxes.

If product Y is preceded by a double asterisk in Schedules I or II, during the first quarter of 1951 and each succeeding quarter, until otherwise ordered by NPA, the packer may accept delivery of and use 100 percent of 9,000 base boxes.

If product Y is not preceded by either a single or a double asterisk in Schedules I or II, during the first quarter of 1951 and each succeeding quarter, until otherwise ordered by NPA, the packer may accept delivery of and use 8,100 base boxes, which is 90 percent of 9,000 base boxes.

(b) Cases in which it is claimed that the first quarter of the calendar years 1949 or 1950, the base period specified in the order, is inapplicable because the applicants, although they were packing a particular product in cans made in whole of tin plate or terneplate, or a combination of tin plate and black plate, or a combination of terneplate and black plate, before that base period and continued packing that product in such cans during the base period, were packing that particular product in such cans during the base period at less than the customary volume of packing of that particular product in such cans during the first quarter of a calendar year, but without shutting down or suspending the packing of that particular product in cans for more than 15 consecutive calendar days during the base period.

(1) *Direction:* In any such case the applicant may substitute for the first quarter of the calendar years 1949 or 1950, the base period specified in the order, the following alternative base period:

(i) The average monthly quantity of cans, by area of measurement of tin plate, terneplate and black plate, which the packer accepted delivery of and used for packing that particular product during the entire calendar year 1949 or 1950, multiplied three times to determine the quantity of cans, by area of measurement of tin plate, terneplate and black plate, which he may accept delivery of and use for packing that particular product during the first quarter of the calendar years 1951 and each succeeding quarter, until otherwise ordered by NPA.

Illustration 1: During the calendar year 1950 a packer accepted delivery of and used a total of 24,000 base boxes for packing product X. His average monthly use was 2,000 base boxes. When multiplied by 3, this average monthly use results in a quarterly use of 6,000 base boxes.

If product X is preceded by a double asterisk in Schedules I or II, during the first quarter of 1951 and each succeeding quarter, until otherwise ordered by NPA, the packer may accept delivery of and use 100 percent of 6,000 base boxes.

If product X is not preceded by either a single or a double asterisk in Schedules I or II, during the first quarter of 1951 and each succeeding quarter, until otherwise ordered by NPA, the packer may accept delivery of and use 5,400 base boxes, which is 90 percent of 6,000 base boxes.

(c) Cases in which it is claimed that the applicants' packing of a particular product in cans was substantially interrupted during the first quarter of the calendar year 1949 or 1950.

(1) *Direction:* In any such case in which the packing of a particular product in cans was shut down or suspended for more than fifteen consecutive calendar days during the calendar years 1949 or 1950, the applicant may substitute for the first quarter of the calendar years 1949 or 1950 a base period determined by excluding that quantity of cans, by area of measurement of tin plate, terneplate and black plate, which he accepted delivery of and used for packing that particular product during the month or months in which the shut-down or suspension existed and then determining the average monthly quantity of cans by area of measurement of tin plate, terneplate and black plate, which he accepted delivery of and used for packing that particular product during the remaining months of that same calendar year 1949 or 1950, multiplied three times to determine the quantity of cans, by area of measurement of tin plate, terneplate and black plate, which he may use for packing that particular product during the first quarter of the calendar year 1951 and each succeeding quarter, until otherwise ordered by NPA.

Illustration 1: During the calendar year 1950 a packer was shut down or suspended packing from March 5 to March 22, 1950, a period of 17 consecutive days. During the entire month of March 1950 he used 1,000 base boxes for packing product Z. During the entire calendar year 1950 he used a total of 45,000 base boxes. Excluding the 1,000 base boxes he used in the month of March 1950, he therefore used 44,000 base boxes during the other 11 months of the calendar year 1950 for packing product Z. Accordingly, his average monthly use was 4,000 base boxes. When multiplied by 3, this average monthly use results in a quarterly use of 12,000 base boxes.

If product Z is preceded by a double asterisk in Schedules I or II, during the first quarter of 1951 and each succeeding quarter, until otherwise ordered by NPA, the packer may accept delivery of and use 100 percent of 12,000 base boxes.

If product Z is not preceded by either a single or a double asterisk in Schedules I or II, during the first quarter of 1951 and each succeeding quarter, until otherwise ordered by NPA, the packer may accept delivery of and use 10,800 base boxes, which is 90 percent of 12,000 base boxes.

2. The above determination of adjustment with respect to the classes of cases described are subject to the following conditions:

(a) That the quantity of cans, by area of measurement of tin plate, terneplate and black plate, as adjusted by any one of the above determinations, which the packer determines to accept delivery of and use during the first quarter of the calendar year 1951 and each succeeding quarter, until otherwise ordered by NPA, shall not exceed 100 percent of that quantity of cans for packing that particular product which is listed in Schedules I and II and preceded by a double asterisk, and shall not exceed 90 percent of that quantity of cans for packing that particular product which is listed in Schedules I and II and not preceded by either a single or a double asterisk; (b) that every packer relying on such determinations shall continue to use during succeeding quarters of the calendar year 1951, until otherwise ordered by NPA, whichever one of the adjustments he elects to use during the first quarter of the calendar year 1951; (c) that every person relying on such determination will, before March 31, 1951, prepare a detailed written record of the facts relating to the application of the determination to his operations and preserve same; (d) that a copy of such record be promptly transmitted to the National Production Authority upon its request; and (e) that such record and all other records relating to the use of cans made in whole of tin plate and terneplate, or a combination of tin plate and black plate, or a combination of terneplate and black plate, during the calendar year 1951 will be made available at his usual place of business for inspection and audit by duly authorized representatives of the National Production Authority.

The National Production Authority reserves the right to modify or revoke adjustments made pursuant to this Direction No. 1.

3. Section 8 of NPA Order M–25 permits any person affected by any provision of the order to file an application for adjustment or exception upon the grounds stated in section 8. A number of such applications have heretofore been filed with the National Production Authority. If the application is not within the classes of cases determinable by this Direction 1, rulings upon the application will be issued by the National Production Authority to the applicants.

Any person affected by any provision of the order who has not heretofore filed such a request, and who wishes to file an application for adjustment or exception with the National Production Authority, pursuant to the provisions of section 8 of NPA Order M–25, shall do so by submitting Form NPAF–38, "Cans: Users Application for Adjustment or Exception," in accordance with the instructions thereon. Copies of Form NPAF–38 may be obtained from any Field Office of the Department of Commerce.

From the effective date of this direction any person affected by the provision of NPA Order M–25 in the classes of cases determinable by this Direction 1 may forthwith make the adjustment applicable to his case, subject to the specified conditions, whether or not he has filed an application for adjustment or exception.

This direction shall take effect on March 12, 1951.

NATIONAL PRODUCTION AUTHORITY,
[SEAL] MANLY FLEISCHMANN,
Administrator.

[F. R. Doc. 51–3351; Filed, Mar. 12, 1951; 5:01 p. m.]

Chapter XV—Federal Reserve System

[Reg. W, Interpretations]

REG. W—CONSUMER CREDIT

INT. 32—EVAPORATIVE AIR COOLERS

Evaporative air coolers. Evaporative air coolers which do not incorporate a refrigerating unit are not "air conditioners, room unit," within meaning of Group B, Item 7 of section 9 of Regulation W.

INT. 33—LEASING ARRANGEMENTS

Leasing arrangements—(a) *Certain transactions exempt.* Three different classes of leasing or rental arrangements are exempt from Regulation W. These are outlined in summary form as follows:

(1) Single-payment arrangements are exempt. This exempts the usual drive-it-yourself arrangement that contemplates a rental of a car for merely a day or a week or so, with the car to be returned, the arrangement terminated, and the single-payment made, at the end of the brief period.

(2) Auto leasing contracts that exceed the ceiling figure of $5,000 (the ceiling figure for listed articles other than autos is $2,500) are exempt if there is a single obligation rather than a number of separate obligations. This exempts a number of large scale "fleet operations." It also exempts over-$5,000 leases covering both trucks and automobiles in combination even if the auto portion would be less than $5,000.

(3) Certain temporary short-term, nonrenewable rentals are exempt under section 7 (1) of the regulation if they do not extend beyond 3 months and, briefly, also are not related to any subsequent leasing or sale arrangements.

(b) *Other leasing or rental arrangements.* Other types of rentals or leases of listed articles should be considered subject to the regulation. With the exception of those indicated above, there is no appreciable difference between leases that were in use before Regulation W and those proposed for use now in an effort to avoid the regulation.

The absence of an option to purchase or of an obligation to pay substantially the value of the article does not exempt a contract from the regulation. Regardless of whether or not the lease contains an option to purchase and regardless of the amount the customer undertakes to pay, leasing contracts can supply a person with the continuous use of an automobile in substantially the same way as a conditional sale contract. Banks or finance companies also can finance them in substantially the same way as conditional sale contracts.

(c) *Leases can comply with Regulation W.* Regulation W does not prohibit leasing or rental arrangements — it merely requires that specified payments (or deposits) be obtained. When arrangements are subject to the regulation, the lessor can comply with the regulation by obtaining the required down-payment and monthly payments (or deposits in equal amounts). He can return to the customer any portion of such payments or deposits when the article is returned and the lease terminated. The lease can even provide in advance for such refunds.

(d) *Determining whether contract exceeds $5,000 (or $2,500) ceiling.* In determining whether leasing arrangements exceed the $5,000 (or $2,500) ceiling, and also in determining the size of payments or deposits required on contracts that are subject to the regulation, it is helpful to consider the analogy of leasing contracts to chattel purchase-money mortgages.

For example, suppose that A sells B three $2,000 automobiles, getting a total down payment of $600, and a $5,400 purchase-money mortgage that is payable in 15 monthly installments of $360 each. Assuming that there is a single obligation for all three cars rather than a separate one for each car, the contract would obviously be exempt from the regulation because it would be over the $5,000 ceiling.

Suppose that the contract were slightly different. Instead of paying the $5,400 purchase-money mortgage in fifteen monthly installments of $360 each, B is to pay fifteen monthly installments of $300 each, and at the end of the 15-month period is to reconvey the three cars to A. The contract would still be exempt as over $5,000, because the proper test of the amount of credit would still be the $6,000 value of the cars minus the $600 down payment, rather than merely the $4,500 of cash monthly payments.

Similarly, a lease of the three $2,000 cars for 15 months with a $600 payment (or deposit) in advance and 15 monthly payments of $300 each would be considered exempt from the regulation as an over-$5,000 contract rather than subject as a $4,500 contract.

(e) *Payments that comply.* If the instalment contract referred to in paragraph (d) of this interpretation were for only two $2,000 cars instead of three, it would lose the benefit of the over-$5,000 exemption and would be subject to the regulation. The similarity between a lease and a chattel purchase-money mortgage also is helpful in showing the amounts of payments required in such cases.

For example, suppose A sells B two $2,000 cars and takes a chattel purchase-money mortgage payable in instalments. He must get a down payment of $1,334 and the remaining $2,666, plus any insurance and finance charges, must be paid in 15 monthly instalments.

Suppose that the contract were changed slightly. The down payment and monthly payments are to be as before, but at the end of the 15-month period B is to reconvey the car to A and receive $600 from A in return. That payment of $600 to B when the car is reconveyed to A at the conclusion of the transaction would not conflict with Regulation W. On the other hand, the provision for reconveyance of the car at the end of the period would not exclude the arrangement from the operation of the regulation, nor would it reduce the amount of the down payment or monthly payments that must be obtained.

Similarly, if the contract were for a lease—rather than a chattel purchase-money mortgage followed by a reconveyance—the payments (or deposits) made

initially and each month of the 15-month period would have to be the same as in the cases indicated above.

In some cases, the parties might wish to set up the arrangement so that the car would be reconveyed (or returned) to A in some reasonable period shorter than 15 months, say twelve months or six months. In such a case, the dollar payments (or deposits) initially and for each month of the period would not have to be increased above those applicable on a 15-month basis.

(Sec. 5, 40 Stat. 415, as amended, sec. 601, Pub. Law 774, 81st Cong.; 50 U. S. C. App. 5, E. O. 8843, Aug. 9, 1941, 6 F. R. 4035; 3 CFR, 1941 Supp.)

BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM,
[SEAL] S. R. CARPENTER,
Secretary.

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

PART 1—ESTABLISHMENT AND ORGANIZATION OF THE POST OFFICE DEPARTMENT

PART 18—SETTLEMENT OF ACCOUNTS: LEGAL PROCEEDINGS: COMPROMISES

PART 26—LEASES, ALLOWANCES AND SUPPLIES FOR POST OFFICES

MISCELLANEOUS AMENDMENTS

a. Amend § 1.6 *General duties of Postmaster General* (39 CFR 1.6; 15 F. R. 4682) to read as follows:

§ 1.6 *General duties of Postmaster General—(a) Authorization.* It shall be the duty of the Postmaster General:

(1) To establish and discontinue post offices.

(2) To instruct all persons in the Postal Service with reference to their duties.

(3) To decide on the forms of all official papers, except as otherwise provided by law.

(4) To enforce the prompt rendition of returns relative to accounts.

(5) To control, according to law, and subject to the settlement of the General Accounting Office, all expenses incident to the service of the department.

(6) To superintend the disposal of the moneys of the department.

(7) To * * * issue warrants to cover money into the Treasury; and to pay out the same.

(8) To superintend generally the business of the department and execute all laws relative to the Postal Service. (R. S. 396, as amended; 5 U. S. C. 369.)

NOTE: As to other duties of the Postmaster General, see 39 U. S. C. 751, et seq. (as member of board of trustees, Postal Savings System); 5 U. S. C. 124–132 (as to administration of post office buildings); 40 U. S. C. 267, 341, 344 (as to the approval of plans and the selection of sites for public buildings); 5 U. S. C. 134 (as to joint authority with Secretary of the Treasury to make regulations governing shipments of valuables by executive departments, etc.); 17 U. S. C. 33 (as to authority respecting enforcing regulations to prevent certain importations); 20 U. S. C. 41, 45 (as member of Smithsonian Institution); 3 U. S. C. 21 (as to succession to Presidency).

(b) *Authority with respect to leases, gifts, and rewards.* In the performance of, and with respect to, the functions, powers, and duties vested in him, the Postmaster General may—

(1) Enter into such leases of real property as may be necessary in the conduct of the affairs of the Department on such terms as he may deem appropriate, without regard to the provisions of any law, except those provisions of law specifically applicable to the Department;

(2) Accept gifts and donations of services, and of property (whether real, personal, or mixed, and whether tangible or intangible), in aid of any of the activities of the Department;

(3) Offer and pay rewards in connection with violations of the postal laws. (Sec. 8, Public Law 712, approved August 17, 1950.)

NOTE: See §§ 6.19 (a) and 6.19a of this chapter with respect to acceptance of gifts by Postmaster General.

(c) *Functions of the Postmaster General.* (1) There are hereby transferred to the Postmaster General the functions of all subordinate officers and agencies of the Post Office Department, including the functions of each Assistant Postmaster General, the Purchasing Agent for the Post Office Department, the Comptroller, and the Bureau of Accounts (sec. 1, Reorganization Plan No. 3 of 1949).

(2) The Postmaster General is hereby authorized to delegate to any officer, employee, or agency of the Post Office Department designated by him such of his functions as he deems appropriate (sec. 1, Reorganization Plan No. 3 of 1949).

(d) *Delegation of authority.* The head of any department may delegate to subordinate officials (1) the power vested in him by law to take final action on matters pertaining to the employment, direction, and general administration of personnel under his department; * * * (Sec. 12, 60 Stat. 809; 5 U. S. C. 22a.)

(R. S. 161, secs. 304, 309, 42 Stat. 24, 25; Reorg. Plan No. 3 of 1949, 14 FR 5225, 63 Stat. 1066; 5 U. S. C. 22, 133z–15, 369)

b. § 18.3 *Accounts of Post Office Department* (39 CFR 18.3) is rescinded.

(R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369)

c. In § 26.2 *Leasing of premises.* (39 CFR 26.2) rescind paragraph (d).

(R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369)

[SEAL] J. M. DONALDSON,
Postmaster General.

[F. R. Doc. 51-3321; Filed, Mar. 14, 1951; 8:48 a. m.]

PART 151—PROCEDURES BEFORE THE SOLICITOR

COMPLAINTS

In Part 151 (39 CFR Part 151; 15 F. R. 6081) amend § 151.8 to read as follows:

§ 151.8 *Complaints.* Whenever the Assistant Solicitor, Litigation Division or in his absence the Chief of the Fraud Section of the Office of the Solicitor shall have reasonable cause to believe that any person, partnership, corporation, or association is using the mails in the operation of an enterprise which is in violation of the provisions of any of the statutes referred to in § 151.1, he shall prepare and file with the Chief Trial Examiner a complaint naming the party or parties accused, specifying the alleged violations in such manner as to enable the accused to make answer thereto, and recommending that an order be issued against such party by the Postmaster General pursuant to the provisions of the statutes under which the proceedings are brought. The party accused shall be known as the respondent.

(R. S. 161, 396, secs. 304, 309, 42 Stat. 24; 5 U. S. C. 22, 369)

[SEAL] V. C. BURKE,
Acting Postmaster General.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 703]

NEW MEXICO

WITHDRAWING PUBLIC LANDS FROM PROSPECTING, LOCATION, ENTRY, AND PURCHASE UNDER THE MINING LAWS AND RESERVING THEM FOR THE USE OF THE DEPARTMENT OF THE ARMY FOR MILITARY PURPOSES

By virtue of the authority vested in the President and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Subject to valid existing rights, the public lands within the following-described areas in New Mexico are hereby withdrawn from prospecting, location, entry, and purchase under the mining laws of the United States and reserved for the use of the Department of the Army for military purposes:

NEW MEXICO PRINCIPAL MERIDIAN

Tps. 6 to 16 S., R. 2 E.,
Secs. 1 to 4, 9 to 16, 21 to 28, and 33 to 36 inclusive in each township.
T. 17 S., R. 2 E.,
Secs. 1 to 4, 9 to 16, 22 to 27, and 34 to 36 inclusive.
T. 18 S., R. 2 E.,
Secs. 1, 2, 11 to 14, 24, 25, and 36.
Tps. 11 to 18 S., inclusive R. 3 E.
T. 19 S., R. 3 E.,
Secs. 1 to 18, 20 to 29, and 32 to 36 inclusive.
T. 20 S., R. 3 E.,
Secs. 1 to 4, 9 to 16, 22 to 27 inclusive, 35 and 36.
T. 21 S., R. 3 E.,
Secs. 1, 2, 11, 12, 13, 24, and 25.
Tps. 17 to 23 S., inclusive R. 4 E.
Tps. 17 to 25 S., inclusive Rs. 5 and 6 E.
Tps. 17 to 23 S., R. 7 E.
Tps. 24 and 25 S., R. 7 E., those portions west of the Southern Pacific Railroad right-of-way.

T. 6 S., R. 8 E.,
Sec. 18 lots 5, 6, 10 to 16 inclusive, SW¼SE¼.
Sec. 19;
Sec. 20, SW¼NW¼, SW¼, and SW¼SE¼;
Sec. 28, SW¼NW¼, SW¼, and SW¼SE¼;

[Public Land Order 704]

NEBRASKA

TRANSFERRING JURISDICTION OVER THE OIL AND GAS DEPOSITS IN CERTAIN LANDS OWNED BY THE UNITED STATES

Whereas the hereinafter-described lands, title to which has been acquired by the United States, comprising the site of the Sioux Ordnance Depot, Cheyenne County, Nebraska, are reported to be subject to drainage of their oil and gas deposits by wells on adjacent lands in private ownership; and

Whereas it is necessary in the public interest that such protective action be taken as will prevent loss to the United States by reason of the drainage or threatened drainage from the said lands; and

Whereas, in order to facilitate such action, it is considered advisable that jurisdiction over the oil and gas deposits in such lands be transferred from the Department of the Army to the Department of the Interior; and

Whereas such transfer has the concurrence of the Secretary of the Army:

Now, therefore, by virtue of the authority vested in the President and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

1. The jurisdiction over the oil and gas deposits in the following-described lands is hereby transferred from the Department of the Army to the Department of the Interior:

SIXTH PRINCIPAL MERIDIAN

T. 15 N., R. 49 W.,
Sec. 31, S½, that part west of the Chicago, Burlington and Quincy R. R. right-of-way.
T. 14 N., R. 50 W.,
Sec. 3, N½;
Sec. 4, N½;
Sec. 5, N½;
Sec. 6;
Sec. 7, W½;
Sec. 18, NW¼, N½SW¼, that part north of the Union Pacific R. R. right-of-way.
T. 15 N., R. 50 W.,
Secs. 8 to 17 inclusive;
Secs 20 to 36 inclusive.
T. 14 N., R. 51 W.,
Sec. 1, that part of the NE¼ described as follows:
Beginning at the corner for Tps. 14 and 15 N., Rs. 50 and 51 W., thence by metes and bounds:
N. 89°15' W., 2,087.50 feet,
S. 46°13' E., 2,885.01 feet,
N. 0°07' W., 1,968.87 feet to point of beginning.

The tracts described aggregate 19,771.22 acres.

2. The Secretary of the Interior shall take such action as may be necessary to protect the United States from loss on account of drainage or threatened drainage of oil and gas from such land.

3. The jurisdiction of the Department of the Interior over such lands shall be subject to the primary jurisdiction of the Department of the Army over the lands for military purposes.

4. Prior to execution of any lease or development authorized by the Department of the Interior the approval of the Department of the Army shall be obtained to assure that there is no interference with the primary use of the land.

5. All moneys received as royalties under leases, or otherwise, on account of oil and gas extracted from such land shall be paid into the Treasury of the United States and credited to miscellaneous receipts.

OSCAR L. CHAPMAN,
Secretary of the Interior.

[Public Land Order 705]

UTAH

AMENDING PUBLIC LAND ORDERS NO. 15 OF JULY 21, 1942, AND NO. 66 OF NOVEMBER 30, 1942

By virtue of the authority vested in the President and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Public Land Orders No. 15 of July 21, 1942, and No. 66 of November 30, 1942, as amended by Public Land Orders No. 104 and No. 452, reserving public lands in T. 6 S., Rs. 4 and 5 W., Salt Lake Meridian, Utah, for the use of the War Department, are hereby amended by deleting therefrom the following paragraph added to such orders by Executive Order No. 9526 of February 28, 1945:

The jurisdiction granted by this order shall cease at the expiration of the six months' period following the termination of the unlimited national emergency declared by Proclamation No. 2487 of May 27, 1941 (55 Stat. 1647). Thereupon, jurisdiction over the lands hereby reserved shall be vested in the Department of the Interior, and any other department or agency of the Federal Government according to their respective interests then of record. The lands, however, shall remain withdrawn from appropriation as herein provided until otherwise ordered.

Both of such orders are also amended by substituting the words "Department of the Army" for the words "War Department," occurring in the orders and the titles thereof, and Public Land Order No. 15 is further amended so that the withdrawal made thereby shall expressly include withdrawal from appropriation under the mineral-leasing laws.

OSCAR L. CHAPMAN,
Secretary of the Interior.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 962]

HANDLING OF FRESH PEACHES GROWN IN GEORGIA

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that the Department is considering a proposed revision, as hereinafter set forth, of the rules and regulations (7 CFR 962.100 et seq.; Subpart—Rules and Regulations) currently in effect pursuant to the amended marketing agreement and Order No. 62 (7 CFR Part 962; 15 F. R. 4105), regulating the handling of fresh peaches grown in the State of Georgia, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

All persons who desire to submit written data, views, or arguments for consideration in connection with such proposed revision of the rules and regulations should do so by forwarding the same to the Director, Fruit and Vegetable Branch, Production and Marketing Administration, Room 2077, South Building, Washington 25, D. C., not later than the fifteenth day after the publication of this notice in the FEDERAL REGISTER.

The proposed revision of the rules and regulations has been recommended by the Industry Committee, established pursuant to the provisions of the afore-

said marketing agreement and order, and would effect, among others, the following changes in accordance with the recent amendment (15 F. R. 4105) of said marketing agreement and order: (a) Prescribe the manner in which adjacent market peaches may be shipped; and (b) prescribe the reporting requirements with respect to (1) shipments of such peaches to adjacent markets, and (2) shipments of peaches not subject to regulation.

The proposed revision is as follows:

SUBPART—INDUSTRY COMMITTEE REGULATIONS [REVISED]

DEFINITIONS

Sec.
962.100 Terms.
962.101 Order.
962.102 Marketing agreement.
962.103 Adjacent market peaches.

COMMUNICATIONS AND NOTICES

962.105 Communications.
962.106 Notices.

DISTRICT REPRESENTATION

962.110 Change in representation by districts on Industry Committee.

REGULATION OF SHIPMENTS

962.120 Adjacent market peaches, shipments of.
962.121 Exemption certificates.
962.122 Shipments by truck.

REPORTS AND SAFEGUARDS

962.130 Peaches shipped to adjacent markets.
962.131 Peaches not subject to regulation.

SUBPART—MATURITY REGULATIONS

962.400 Maturity regulations.

AUTHORITY: §§ 962.100 to 962.400, inclusive, issued under Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c.

SUBPART—INDUSTRY COMMITTEE REGULATIONS [REVISED]

DEFINITIONS

§ 962.100 *Terms.* Terms used in this subpart, shall have the same meaning as when used in the marketing agreement and order.

§ 962.101 *Order.* "Order" means Order No. 62, as amended (7 CFR Part 962; 15 F. R. 4105), regulating the handling of fresh peaches grown in the State of Georgia.

§ 962.102 *Marketing agreement.* "Marketing agreement" means Marketing Agreement No. 99, as amended, regulating the handling of fresh peaches grown in the State of Georgia.

§ 962.103 *Adjacent market peaches.* "Adjacent market peaches" means peaches which, in accordance with a regulation issued pursuant to § 962.60 (b) of the marketing agreement and order, are permitted to be shipped only to destinations in adjacent markets.

COMMUNICATIONS AND NOTICES

§ 962.105 *Communications.* Unless otherwise provided in the marketing agreement and order or by specific direction of the Industry Committee, all communications (including, but not being limited to, reports, applications, submittals, and requests) in connection with the marketing agreement and order shall be addressed to Industry Committee, P. O. Box 1239, Macon, Georgia.

§ 962.106 *Notices.* The following newspapers are designated for the giving of notice as required by the marketing agreement and order:

Atlanta Journal, Atlanta, Ga.
Atlanta Constitution, Atlanta, Ga.
Macon News, Macon, Ga.
Albany Herald, Albany, Ga.

DISTRICT REPRESENTATION

§ 962.110 *Change in representation by districts on Industry Committee.* The representation or membership on the Industry Committee is changed to provide for:

(a) Four (4) members to represent the South Georgia District;

(b) Three (3) members to represent the Central Georgia District; and

(c) One (1) member to represent the North Georgia District. [14 F. R. 408, Jan. 29, 1949]

REGULATION OF SHIPMENTS

§ 962.120 *Adjacent market peaches, shipments of.* During each period when a grade or size regulation is in effect pursuant to § 962.60 (b) and prescribes separate requirements for shipments of adjacent market peaches, such shipments may be effected only if the adjacent market peaches are shipped in bulk (i. e. loose in the body of a truck, trailer, or other conveyance, or loose in containers, without being place-packed or ring-faced, and without liners or cushions).

§ 962.121 *Exemption certificates*—(a) *Application.* Each application (pursuant to § 962.62 *Exemption certificates*) for an exemption certificate to ship peaches of a particular variety shall be submitted to the Industry Committee on form "Grower Application for Exemption Certificate." Such form may be obtained from the Industry Committee; and the completed application shall contain the following information:

(1) Name and address of the applicant; and date;

(2) Variety of peaches for which exemption is requested;

(3) District in which the orchard where such peaches are grown is located;

(4) Location (by county, highway, rural route, distance from nearest town, etc.) of each of applicant's orchards of such varieties in such district;

(5) Number and age of trees of the stated variety;

(6) Regulations from which exemption is requested;

(7) Estimated current crop (of both harvested and unharvested) of such variety of peaches in such detail as required by the form of application for an exemption certificate;

(8) Estimated percentage of the aforesaid crop not meeting the requirements of the grade regulation then in effect and the reasons therefor;

(9) Estimated percentage of the aforesaid crop not meeting the minimum size requirements of the size regulation then in effect and the reasons therefor; and

(10) The aggregate number of bushels of the aforesaid crop which the applicant already (i) has shipped, and (ii) has had shipped for him.

(b) *Issuance of exemption certificate; non-issuance.* In the event the Industry Committee finds and determines, from proof satisfactory to the committee, that the applicant is entitled to an exemption certificate, the committee shall issue, or authorize the issuance of, an exemption certificate which shall permit the applicant to ship or have shipped the requisite quantity, as provided in § 962.62, of the particular variety of peaches. If the committee finds and determines that the applicant is not entitled to an exemption certificate, it shall so advise the applicant in writing, and give the reasons therefor.

(c) *Shipments pursuant to an exemption certificate.* Each grower who ships, or has shipped, any portion of his crop of such variety pursuant to an exemption certificate shall report the respective shipment promptly to the Industry Committee.

§ 962.122 *Shipments by truck.* Each handler who ships peaches in a truck during any period in which a regulation is in effect pursuant to § 962.54, § 962.55, § 962.60, or § 962.61 shall keep and maintain in the truck, until the shipment has been completed, a copy of the certificate or memorandum issued by the Federal Inspection Service or the Federal-State Inspection Service or any other inspection service designated by the Secretary, as the case may be, with regard to the respective shipment of peaches. Each such handler shall upon demand by an authorized agent or employee of the Industry Committee or any authorized agent or employee of the United States Department of Agriculture, make such copy of the certificate or memorandum available for examination by such agent or employee.

REPORTS AND SAFEGUARDS

§ 962.130 *Peaches shipped to adjacent markets.* Each handler who ships adjacent market peaches shall report daily to the Industry Committee, in such manner and on such forms as prescribed by that committee, the following information with respect to each such shipment:

(a) Name and address of the handler; and date;

(b) Originating point;

(c) Destination in adjacent markets;

(d) Truck license number, trailer license number, or other identification of the conveyance in which shipment was made;

(e) Number of bushels so shipped;

(f) The number of the inspection certificate or memorandum issued with respect to the shipment; and

(g) A certification that the information is complete and accurate.

§ 962.131 *Peaches not subject to regulation.* Each handler who ships peaches (except peaches shipped by express or parcel post, or peaches included in shipments of peaches to any person during any day by any handler if such shipments do not aggregate more than the equivalent of five (5) bushels) pursuant to § 962.71 shall report promptly to the Industry Committee, on forms provided by that committee, the following information with respect to each such shipment:

(a) Names and address of the handler; date;

(b) Shipping point;

(c) Name and address of consignee; destination;

(d) Truck license number, trailer license number, car initials and number; or other identification of the conveyance in which shipment was made;

(e) Signature of truck driver;

(f) Number and kind of containers;

(g) Total net weight of, or total number of bushels in, the shipment;

(h) Purpose for which shipped; and

(i) A certification that the information is complete and accurate.

SUBPART—MATURITY REGULATIONS

§ 962.400 *Maturity regulation.* (a) Unless otherwise indicated, terms used in this subpart shall have the same meaning as when used in the aforesaid marketing agreement and order.

(b) The regulatory provisions in § 962.54 are modified as follows:

No handler shall ship peaches which do not meet the requirements for maturity set forth and defined in the U. S. Standards for Peaches (7 CFR 51.312) or as such standards may be modified, revised, or new standards promulgated: *Provided*, That not more than an average of 10 percent, by count, of the peaches contained in any bulk lot or in any lot of packages may fail to meet the said requirements for maturity, but not more than 15 percent, by count, of the peaches contained in any individual package in any lot may fail to meet the said requirements for maturity.

Issued at Washington, D. C., this 12th day of March 1951.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[7 CFR, Part 965]

[Docket No. AO 166-A13]

HANDLING OF MILK IN CINCINNATI, OHIO, MARKETING AREA

DECISION WITH RESPECT TO A PROPOSED MARKETING AGREEMENT AND A PROPOSED ORDER AMENDING THE ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted at Cincinnati, Ohio, on January 8, 1951, pursuant to notice thereof which was issued on January 2, 1951 (16 F. R. 98).

Upon the basis of the evidence introduced at the hearing and the record thereof the Assistant Administrator, Production and Marketing Administration, on February 21, 1951, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision and opportunity to file written exceptions thereto (hereinafter referred to as "the recommended decision"), which was published in the FEDERAL REGISTER on February 27, 1951 (16 F. R. 1832).

The material issues of record related to (1) the level of Class I and Class II prices in relation to the basic formula price, and (2) the pricing of Class III milk in such a manner as to discourage handlers from using producer milk in Class III when outlets are available for such milk in Class I or Class II.

Findings and conclusions. The following findings and conclusions are based upon evidence contained in the record:

(1) The level of Class I and Class II prices in relation to the basic formula price.

The amounts to be added to the basic formula price in computing Class I and Class II prices should not be changed; however, Class I and Class II prices should not be allowed to decline prior to May 1, 1951.

In November 1950, the last month for which the record contains data, the amount of emergency milk classified in Classes I and II was only one percent of total Class I and Class II milk and was only 7 percent of the amount of producer milk classified in Class III. No emergency milk was received by handlers from January 1949 to October 1950. Even though the weather in the latter part of November was more severe and more unfavorable to milk production than in most winters, only a very small amount of emergency milk was needed. On some days deliveries of milk from farms to plants and from plants to wholesale or retail outlets were curtailed because of weather and road conditions. The unfavorable weather continued into December and early January, but the supply of producer milk is usually lowest in November, so that the extent of usage of emergency milk in Classes I and II was probably not significantly greater in December or January than in November.

Conclusions set forth hereinafter concerning the pricing of Class III milk should make more producer milk available for use in Class I and Class II in the short supply season.

The basic formula price, and accordingly Class I and Class II prices, increased 24 cents from November to December and further increases appear likely.

In view of the above, it is concluded that no permanent increase in Class I and Class II price differentials is necessary.

Any condition unfavorable to the milk production of an individual cow will be reflected to some extent throughout the lactation period in which that condition exists. A relatively large number of cows in producers' herds freshen in December and January. Thus, the severe weather this winter will have some unfavorable effect on the volume of producer milk throughout most of 1951. Establishment of some incentive to encourage producers to maintain their herds at a high level of production to assure an adequate supply for the short season of 1951 appears desirable. It is therefore concluded that Class I and Class II prices should not be allowed to decline prior to May 1, 1951. By May 1 production is nearing the seasonal high point and pastures are supplying a large amount of nutrients.

(2) The pricing of Class III milk in such a manner as to discourage handlers from using producer milk in Class III when outlets are available for such milk in Class I or Class II.

The Class III price should be increased 30 cents per hundredweight above the price presently applicable in each of the months of October through February.

Considerable quantities of producer milk have been used in Class III in the recent short milk production season by some handlers while other handlers have had considerable difficulty obtaining milk to satisfy their needs for Class I and Class II. Attempts have been made by a cooperative association to channel producer milk into the Class I and Class II outlets available, but some handlers using substantial amounts of producer milk in Class III have not been willing to release such milk.

Ice cream constitutes the major portion of Class III usage in the short supply season. Regulations of marketing area health authorities require that butterfat used in ice cream must be from milk produced under their supervision, but nonfat milk solids used in ice cream can be obtained from other sources if certain temperature requirements are met in processing. Ice cream sold ouside the marketing area need not be made from producer milk.

Butterfat can be stored during the season of flush milk production for use in the short season. Apparently the seasonal variation in the Class III price is not presently great enough to encourage such storage. On the basis of estimated costs of storage of such butterfat, a seasonal differential of 30 cents plus the seasonal variation in the Class III formula factors should encourage storage of butterfat for use in ice cream. This should result in making more producer milk available for Class I and Class II requirements in the season of short milk production.

A proposal considered at the hearing would add 30 cents to the Class III price in any of the months of October through February if a prescribed relationship between volume of Class I and Class II milk and volume of producer milk was exceeded. Such a provision would provide less incentive for handlers to store butterfat than the change herein concluded to be necessary and desirable.

It is therefore concluded that the Class III price should be increased 30 cents above the present formula level in each of the months of October through February.

General findings. (a) The proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, and all of the terms and conditions thereof will tend to effectuate the declared policy of the act;

(b) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which

affect market supply of and demand for milk, in the marketing area and the minimum prices specified in the proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(c) The proposed order, as amended, and as hereby proposed to be further amended, will regulate the handling of milk in the same manner as, and will be applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Rulings. Exception was taken to some of the findings and conclusions and to certain provisions of the recommended marketing agreement and amendment to the order contained in the recommended decision. These exceptions were all fully considered in making the findings and reaching the conclusions contained herein and in deciding upon the appropriate and detailed provisions to be included in the marketing agreement and order to effectuate such conclusions. To the extent that the findings and conclusions or the marketing agreement and order contained herein are at variance with the exceptions pertaining thereto, such exceptions are denied for the reasons set forth in the findings and conclusions on the issue to which the exceptions relate.

Rulings contained in the recommended decision on proposed findings and conclusions are hereby confirmed, and any proposed finding or proposed conclusion not previously ruled upon which is inconsistent with the findings and conclusions contained herein is denied on the basis of facts found and stated in connection with the conclusions herein set forth.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled respectively "Marketing Agreement Regulating the Handling of Milk in the Cincinnati, Ohio, Marketing Area," and "Order Amending the Order, as Amended, Regulating the Handling of Milk in the Cincinnati, Ohio, Marketing Area," which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

It is hereby ordered, That all of this decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the order, as amended, and as hereby proposed to be further amended by the attached order which will be published with this decision.

This decision filed at Washington, D. C., this 12th day of March 1951.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

Order[1] Amending the Order, as Amended, Regulating the Handling of Milk in the Cincinnati, Ohio, Marketing Area

§ 965.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of each of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Cincinnati, Ohio, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk produced for sale in the said marketing area as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supplies of and demand for such milk, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

ORDER RELATIVE TO HANDLING

It is therefore ordered, That on and after the effective date hereof the handling of milk in the Cincinnati, Ohio, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended; and the aforesaid order, as amended, is hereby further amended as follows:

1. Amend § 965.51 (a) by adding thereto the following: "*Provided,* That from the effective date of this proviso through April 1951 the Class I price for any month shall not be lower than in the immediately preceding month."

2. Amend § 965.51 (b) by adding thereto the following: "*Provided,* That from the effective date of this proviso through April 1951 the Class II price for any month shall not be lower than in the immediately preceding month."

3. Amend that portion of § 965.51 (c) which precedes subparagraph (1) thereof to read as follows:

(c) The price for Class III milk during each of the months of March through September shall be the higher of the prices computed pursuant to subparagraphs (1) and (2) of this paragraph; and the price for Class III milk during each of the months of October through February shall be the higher of the prices computed pursuant to subparagraphs (1) and (2) of this paragraph, plus 30 cents.

[F. R. Doc. 51-3354; Filed, Mar. 14, 1951; 8:55 a. m.]

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

[7 CFR, Part 965]

[Docket No. AO 166-A13]

HANDLING OF MILK IN CINCINNATI, OHIO, MARKETING AREA

ORDER DIRECTING THAT A REFERENDUM BE CONDUCTED AMONG PRODUCERS; DETERMINATION OF A REPRESENTATIVE PERIOD; AND DESIGNATION OF AN AGENT TO CONDUCT SUCH REFERENDUM

Pursuant to section 8c (19) of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 608c (19)), it is hereby directed that a referendum be conducted among producers (as defined in the order, as amended, regulating the handling of milk in the Cincinnati, Ohio, marketing area) who, during the month of January 1951, were engaged in production of milk for sale in the marketing area specified in the aforesaid order to determine whether such producers favor the issuance of the order amending the aforesaid order which is a part of the decision of the Secretary of Agriculture filed simultaneously herewith.[1]

The month of January 1951 is hereby determined to be a representative period for the conduct of such referendum.

Fred W. Issler is hereby designated agent of the Secretary to conduct such referendum in accordance with the procedure for the conduct of referenda to determine producer approval of milk marketing orders as published in the FEDERAL REGISTER on August 10, 1950 (15 F. R. 5177).

Done at Washington, D. C., this 12th day of March 1951.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

NATIONAL UNION FIRE INSURANCE CO. OF PITTSBURGH, PA.

SURETY COMPANY ACCEPTABLE ON FEDERAL BONDS

MARCH 9, 1951.

A Certificate of Authority has been issued by the Secretary of the Treasury to the above company under the act of Congress approved July 30, 1947 (6 U. S. C. 6–13), as an acceptable surety on Federal bonds. An underwriting limitation of $1,325,000.00 has been established for the company. Further details as to the extent and localities with respect to which the company is acceptable as surety on Federal bonds will appear in the next issue of Treasury Department Form 356, copies of which, when issued, may be obtained from the Treasury Department, Bureau of Accounts, Section of Surety Bonds, Washington 25, D. C.

[SEAL] E. H. FOLEY,
Acting Secretary of the Treasury.

FOREIGN TRADE AND FINANCIAL INVESTMENTS IN JAPAN

The following material, promulgated by the Supreme Commander for the Allied Powers, Japan, contains regulations of interest to American citizens. Included is SCAP Circular No. 1, January 8, 1951, which amends SCAP Circular No. 3, February 3, 1950, as published in 15 F. R. 1697, March 28, 1950.

[Circular No. 1, Jan. 8, 1951]

CONTROL OF ENTRY AND EXIT OF INDIVIDUALS, CARGO, AIRCRAFT, AND SURFACE VESSELS INTO AND FROM JAPAN

Paragraph 26, Circular 3, General Headquarters, Supreme Commander for the Allied Powers, 1950, is amended by adding the following:

g. With respect to shipments of cargo originating in Japan which are designated from time to time as "Subject to special provisions of paragraph 26g, Circular 3, General Headquarters, Supreme Commander for the Allied Powers, 1950" which designation will appear on the approved export license no carrier thereof, or any other person on behalf of any carrier, shall issue a bill of lading which provides for delivery of cargo so designated at any foreign port except a port located in the country of destination of the ultimate consignee or the intermediate consignee named in the approved export license. No carrier shall deliver any such cargo in any other country of destination at the request or option of the shipper, consignor, exporter, or purchaser or ultimate consignee or their agents or any other person having custody or control of the shipment without the prior written authorization of the Supreme Commander for the Allied Powers authorities to the carrier or its agent. These regulations shall not be deemed to prohibit a carrier from unloading cargo at a port in any other than the intermediate or ultimate country of destination shown on the approved export license where, by reason of an act of God, perils of the sea, damage to the carrier, strikes, war, political disturbances, insurrection, or other causes beyond the control of the carrier set forth as standard provisions in the carrier's bill of lading, it is not feasible to deliver the cargo at the licensed port of destination: *Provided, however,* That when, because of the existence of any said causes cargo is unloaded at other than the approved port of destination, the carrier will promptly, and not later than 10 days from the date of unloading said cargo, report the facts with respect thereto to the Supreme Commander for the Allied Powers authorities. The carrier shall take all necessary steps to assure that such cargo is placed in custody under bond or other guarantee not to enter the commerce of said country or any other country other than the country of destination named in the export license.

h. With respect to vessels arriving in Japanese ports having cargo on board manifested for or consigned to Japan (including those instances where Japanese ports are listed as one of several optional destinations), the master of the vessel may be required to discharge such cargo before clearance for departure is granted, unless such cargo is properly licensed for exit from Japan.

By Command of General MacArthur.

DOYLE C. HICKEY,
Major General, General Staff Corps
Acting Chief of Staff.

[SEAL] EDWARD F. WITSELL,
Major General, U. S. Army,
The Adjutant General.

Department of the Navy

[No. 11 (a)]

OCEAN TUGS, AUXILIARY (ATA–121 CLASS)

NAVIGATION LIGHTS

Whereas, section 360, Title 33, United States Code provides that any requirement as to the number, position, range of visibility or arc of visibility of navigation lights, required to be displayed by naval vessels under acts of Congress, as enumerated in said section 360, Title 33, United States Code, shall not apply to any vessel of the Navy where the Secretary of the Navy shall find or certify that, by reason of special construction, it is not possible with respect to such vessel or class of vessels to comply with statutory requirements as to the number, position, range of visibility or arc of visibility of navigation lights; and

Whereas, a study of the arrangement and position of the navigation lights of that type of naval vessels, known as Ocean Tugs, Auxiliary, ATA–121 Class, has been made in the Navy Department and, as a result of such study, it has been determined that because of their special construction it is not possible for Ocean Tugs, Auxiliary, ATA–121 Class, to comply with the requirements of the statutes enumerated in said section 360, Title 33, United States Code; and

Whereas, on the 26th day of June 1950, the Secretary of the Navy duly executed, with respect to the type of naval vessels, known as Ocean Tugs, Auxiliary, ATA–121 Class, a certificate and therein set forth that it was feasible to locate the additional white light (commonly termed the range light), if such light were installed, forward of the masthead light in such position that the said additional white light and the masthead light would be in line with the keel and the after light would be at least fifteen (15) feet higher than the forward light and further directed that the aforesaid additional white light, if such light were installed, should be located in the designated manner;

Now, therefore, I, Francis P. Matthews, Secretary of the Navy, do hereby rescind, revoke, and render of no effect the aforesaid certificate, dated 26 June 1950, with respect to the class of vessels, known as Ocean Tugs, Auxiliary, ATA–121 Class; and

Further, I, Francis P. Matthews, Secretary of the Navy, do hereby find and certify that the type of naval vessels, known as Ocean Tugs, Auxiliary, ATA–121 Class, are naval vessels of special construction and that on such vessels with respect to the position of the masthead light, it is not possible to comply with the requirements of the statutes enumerated in section 360 of Title 33, United States Code; and

Further, as a result of additional study, I do find and certify that it is feasible to locate the said masthead light on said class of vessels at a distance of not less than twenty (20) feet above the

hull, without reference to or compliance with any requirement that said light be located at a height determined by the breadth of the vessel; and

Further, I do find and certify that the additional white light (commonly termed the range light), if such light is installed, shall be in line with the keel and that the after light shall be at least fifteen (15) feet higher than the forward light and the vertical distance between the two lights shall be less than the horizontal distance and that the location of the said lights shall be without any reference to or compliance with any statutory requirement relating to the breadth of the vessel.

I further direct that the masthead light and the aforesaid additional white light, if such light is installed, shall be located in the manner above described and I further certify that such location of the respective lights constitutes compliance as closely with the applicable statutes as I hereby find feasible.

Dated at Washington, D. C., this 28th day of February A. D. 1951.

FRANCIS P. MATTHEWS,
Secretary of the Navy.

Office of the Secretary

PRODUCTION AND MARKETING ADMINISTRATION

DELEGATION OF AUTHORITY TO ADMINISTRATOR WITH RESPECT TO PROGRAMS RELATED TO FACILITATION OF NATIONAL DEFENSE

1. Pursuant to the authority contained in Executive Order 10216, dated February 23, 1951, the Administrator of the Production and Marketing Administration is authorized to utilize the authority set forth in Title II of the First War Powers Act, 1941, as amended and extended by the act of January 12, 1951 (Public Law 921, 81st Congress), in connection with programs now or hereafter assigned to the Production and Marketing Administration related to the facilitation of the national defense. The Administrator shall designate in writing any program to which he determines this authority shall apply.

2. The authority hereby delegated does not include the authority to amend or modify contracts without consideration, or to settle claims or release accrued obligations.

3. The Administrator of the Production and Marketing Administration may make provision for the use by Production and Marketing Administration of the authority hereby delegated. These provisions shall include regulations showing the uses to which the authority will be put and the methods by which control will be exercised.

4. In the exercise of the authority hereby delegated all of the applicable terms and conditions of Executive Order 10216 dated February 23, 1951 (16 F. R. 1815), and of Part I of Executive Order 10210 dated February 2, 1951 (16 F. R. 1049), shall be followed.

Done at Washington, D. C., this 12th day of March 1951.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

[F. R. Doc. 51-3355; Filed, Mar. 14, 1951; 8:56 a. m.]

[Secretary's Memorandum 1270, Amdt. 1]

DELEGATION OF FUNCTIONS UNDER THE DEFENSE PRODUCTION ACT OF 1950

The delegation of functions effected by Secretary's Memorandum No. 1270 (15 F. R. 6424), issued September 15, 1950, pursuant to Executive Order No. 10161 (15 F. R. 6105), is hereby approved, confirmed, and adopted as a delegation of functions pursuant to Executive Order No. 10161, Executive Order No. 10200 (16 F. R. 61), and Defense Production Administration Delegation No. 1 (16 F. R. 738), subject to the following amendments:

(a) The words "except in respect to lumber" are deleted from paragraph (1) of Secretary's Memorandum No. 1270.

(b) Paragraph (2) of said memorandum is amended to read as follows:

(2) The Chief of the Forest Service shall have, with respect to timber and timber products, the functions of maintenance of liaison and coordination with, and advice to, other governmental agencies concerned with functions under the provisions of the Defense Production Act of 1950 (except Title VI) or other phases of the nation's defense production program.

All action heretofore taken pursuant to Secretary's Memorandum No. 1270 is hereby approved, ratified, and confirmed.

Issued this 9th day of March 1951.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

DEPARTMENT OF COMMERCE

National Production Authority

DEL. 7—DELEGATION OF AUTHORITY TO ADMINISTER NPA ORDER M-4

NPA Delegation 7 is amended by substituting a new List A for the tables as previously printed.

Delegation 7 as amended reads as follows:

Pursuant to the authority of section 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61; Defense Production Administration Delegation 1, January 24, 1951; and U. S. Department of Commerce Order 123 as amended, the following administrative functions to be performed pursuant to NPA Order M-4 are delegated to the Directors of the Regional Offices of the U. S. Department of Commerce, and the Managers of the District Offices of the U. S. Department of Commerce, specified in List A:

1. To receive, consider, pass upon and take action for and in the name of the National Production Authority upon applications for an authorization to commence construction pursuant to section 6 of NPA Order M-4.

2. To receive, consider, pass upon, and take action for and in the name of the National Production Authority upon, applications for adjustment and exception based upon unreasonable hardship pursuant to section 11 of NPA Order M-4.

3. To receive, consider, pass upon and take action for and in the name of the National Production Authority upon, applications for exemption where the prohibition of such construction would not be in the interest of the national defense pursuant to section 11 of NPA Order M-4.

Actions taken by a Regional Director or District Manager pursuant to this delegation shall be signed as follows:

National Production Authority
By _____
(Name and Title)

This delegation as amended shall take effect on March 14, 1951.

NATIONAL PRODUCTION AUTHORITY,
[SEAL] MANLY FLEISCHMANN,

ECONOMIC STABILIZATION AGENCY

Office of Price Stabilization

[Administrative Order 22, Supplement 2]

DELEGATION OF AUTHORITY TO ISSUE SUBPENAS, INSPECTION AUTHORIZATIONS AND REQUEST LETTERS

By virtue of the authority vested in me as the Director of Price Stabilization pursuant to Executive Order No. 10161 (15 F. R. 6105), Economic Stabilization Agency General Order No. 2 (16 F. R. 738), and Economic Stabilization Agency General Order No. 5 (16 F. R. 1273), and in order to further define the internal organization of the Office of Price Stabilization, particularly the duties, powers, and authority of the Assistant Director of Price Stabilization for Enforcement (Director of Enforcement), *It is hereby ordered:*

Those functions relating to the signing and issuance of Subpenas; Subpenas Duces Tecum; Inspection Authorizations; and, letters requesting inspection and interviews relating to investigations, are hereby redelegated to the Assistant Director of Price Stabilization for Enforcement (Director of Enforcement), who shall have the authority to make and authorize successive redelegations.

This order shall become effective March 15, 1951.

Issued this 14th day of March 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

FEDERAL POWER COMMISSION

[Docket No. E-6345]

DUKE POWER CO.

NOTICE OF APPLICATION

MARCH 9, 1951.

Take notice that on March 8, 1951, an application was filed with the Federal Power Commission, pursuant to section 204 of the Federal Power Act, by Duke Power Company, a corporation organized under the laws of the State of New Jersey, and doing business in the States of North Carolina and South Carolina, with its principal business office at Charlotte, North Carolina, seeking an order authorizing the issuance of $35,000,000 principal amount of First and Refunding Mortgage Bonds, ____% Series due 1981, to be dated April 1, 1951, to mature April 1, 1981, bearing interest at a rate to be determined later, and 126,255 shares of Common Stock without par value to be dated as of actual date of issue. Applicant proposes to issue and sell the proposed Bonds at competitive bidding. The 126,255 shares of additional Common Stock will be offered for subscription to the holders of shares of outstanding Common Stock at the ratio of one share for each ten shares of Common Stock. Each Common Stockholder will be accorded an Additional Subscription Privilege pursuant to which he may subscribe pro rata for such of the 126,255 additional shares of Common Stock as are not subscribed for through exercise of the right to subscribe specified above; all as more fully appears in the application on file with the Commission.

Any person desiring to be heard, or to make any protest with reference to said application should, on or before the 29th day of March, 1951, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's rules of practice and procedure. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 25899]

PULPWOOD FROM ASHFORD AND SPRUCE PINE, N. C., TO YORK HAVEN, PA.

APPLICATION FOR RELIEF

MARCH 12, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for Carolina, Clinchfield and Ohio Railway and other carriers named in the application.

Commodities involved: Pulpwood, hemlock, carloads.

From: Ashford and Spruce Pine, N. C.

To: York Haven, Pa.

Grounds for relief: Competition with rail carriers and circuitous routes.

Schedules filed containing proposed rates: C. A. Spaninger's tariff I. C. C. No. 1214, Supp. 4.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[SEAL] W. P. BARTEL,
Secretary.

[F. R. Doc. 51-3331; Filed, Mar. 14, 1951; 8:50 a. m.]

[4th Sec. Application 25898]

BENZENE HEXACHLORIDE FROM TERRE HAUTE, IND., TO CHICAGO, ILL.

APPLICATION FOR RELIEF

MARCH 12, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: L. C. Schuldt, Agent, for carriers parties to C&EI RR. tariff I. C. C. No. 85, CMStP&P RR. tariff I. C. C. No. B-7644 and P RR. tariff I. C. C. No. 3108, pursuant to fourth-section order No. 9800.

Commodities involved: Benzene hexachloride, carloads.

From: Terre Haute, Ind.

To: Chicago, Ill.

Grounds for relief: Circuitous routes.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[No. 30767]

ATCHISON, TOPEKA AND SANTA FE RAILWAY CO. ET AL.

IOWA INTRASTATE RATES AND CHARGES

At a session of the Interstate Commerce Commission, Division 1, held at its office in Washington, D. C., on the 7th day of March A. D. 1951.

It appearing, that in Ex Parte No. 162, Increased Railway Rates, Fares, and Charges, 1946, and Ex Parte No. 148, Increased Railway Rates, Fares, and Charges, 1942, 264 I. C. C. 695, and 266 I. C. C. 537; Ex Parte No. 166, Increased Freight Rates, 1947, 269 I. C. C. 33, 270 I. C. C 81, 93, and 403; and Ex Parte No.

168, Increased Freight Rates, 1948, 272 I. C. C. 695, and 276 I. C. C. 9, the Commission authorized carriers subject to the Interstate Commerce Act parties thereto to make certain increases in their freight rates and charges for interstate application throughout the United States, and that increases under such authorizations have been made;

It further appearing, that a petition dated January 12, 1951, has been filed on behalf of The Atchison, Topeka and Santa Fe Railway Company and other common carriers by railroad operating to, from, and between points in the State of Iowa, averring that the Iowa State Commerce Commission, by various orders, has refused to authorize or permit petitioners to establish, for intrastate transportation upon their railroads in Iowa, for application on certain commodities and as to certain services, increases in freight rates and charges corresponding to those authorized by this Commission and made by petitioners for application on interstate traffic in the proceedings cited; such refusal being alleged in the manner and to the extent as stated in the said petition dated January 12, 1951, which petition so filed is referred to for greater certainty;

It further appearing, that petitioners allege that the refusal of the said Iowa State Commerce Commission to permit the increases on intrastate traffic referred to in the preceding paragraph causes and results in undue and unreasonable advantage, preference, and prejudice as between persons and localities in intrastate commerce, on the one hand, and interstate commerce on the other hand, and undue or unreasonable and unjust discrimination against interstate commerce, in violation of sections 3, 13 and 15 (a) of the Interstate Commerce Act;

It further appearing, that there have been brought in issue by the said petition rates and charges made or imposed by authority of the State of Iowa;

And it further appearing, that the investigation hereinafter instituted responsive to the requirements of section 13 is without prejudice to subsequent appropriate consideration on their merits of the arguments made by the Iowa State Commerce Commission in its answer to the petition:

It is ordered, That in response to the said petition, an investigation be, and it is hereby, instituted, and that a hearing be held therein for the purpose of receiving evidence from the respondents hereinafter designated and any other persons interested, to determine whether the rates and charges of the common carriers by railroad or any of them operating in the State of Iowa for the intrastate transportation of property made or imposed by authority of the State of Iowa, cause or will cause, by reason of the failure of such rates and charges to include increases corresponding to those permitted by this Commission for interstate traffic in the proceedings listed above, any undue or unreasonable advantage, preference, or prejudice as between persons or localities in intrastate commerce, on the one hand, and interstate or foreign commerce, on the other hand, or any undue, unreasonable or unjust discrimination against interstate or foreign commerce; and to determine what rates and charges, if any, or what maximum, or minimum, or maximum and minimum rates and charges, shall be prescribed to remove the unlawful advantage, preference, prejudice, or discrimination, if any, that may be found to exist;

It is further ordered, That all common carriers by railroad operating within the State of Iowa subject to the jurisdiction of this Commission be, and they are, hereby, made respondents to this proceeding; that a copy of this order be served upon each of the said respondents; and that the State of Iowa be notified of this proceeding by sending copies of this order and of said petition by registered mail to the Governor of the said State and to the Iowa State Commerce Commission at Des Moines, Iowa;

It is further ordered, That notice of this proceeding be given to the public by depositing a copy of this order in the office of the Secretary of the Commission, at Washington, D. C., and by filing a copy with the Director, Division of the Federal Register, Washington, D. C.;

And it is further ordered, That this proceeding be assigned for hearing at a time and place hereafter to be fixed.

By the Commission, Division 1.

[SEAL] W. P. BARTEL, *Secretary.*

[F. R. Doc. 51-3333; Filed, Mar. 14, 1951; 8:51 a. m.]

SECURITIES AND EXCHANGE COMMISSION

[File No. 812-713]

UNITED FUNDS, INC.

NOTICE OF APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C. on the 9th day of March A. D. 1951.

Notice is hereby given that United Funds, Inc. has filed an application and an amendment thereto pursuant to section 6 (c) of the Investment Company Act of 1940 for an order of the Commission granting leave to appoint Wilmington Trust Company as Custodian of the assets of United Science Fund.

It appears from the application, as amended, that United Funds, Inc. now has a custodian of the assets of its several Funds and is of the opinion that it will be to the advantage of the company and its stockholders, and will not result in any appreciably greater expense to the applicant to appoint Wilmington Trust Company as custodian of the assets of United Science Fund; the present custodian, Commerce Trust Company, will continue to act as custodian for all the other Funds of United Funds, Inc.

For a more detailed statement of the matters of fact and law asserted, all persons are referred to said application as amended which is on file in the offices of the Commission in Washington, D. C.

Notice is further given that an order granting the application, in whole or in part and upon such conditions as the Commission may see fit to impose, may be issued by the Commission at any time after March 27, 1951, unless prior thereto a hearing upon the application is ordered by the Commission, as provided in Rule N-5 of the rules and regulations promulgated under the act. Any interested person may, not later than March 23, 1951, at 5:30 p. m., in writing submit to the Commission his views or any additional facts bearing upon this application or the desirability of a hearing thereon, or request the Commission in writing that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., and should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request, and the issues of fact or law raised by the application which he desires to controvert.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 51-3323; Filed, Mar. 14, 1951; 8:49 a. m.]

[File No. 70-2584]

OHIO EDISON CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C. on the 9th day of March A. D. 1951.

Notice is hereby given that a declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 (the "act") by Ohio Edison Company ("Ohio"), a registered holding company and a public utility company. The filing has designated sections 6 and 12 of the act and Rule U-62 thereunder as being applicable to the transactions described therein.

Notice is further given that any interested person may, not later than March 19, 1951 at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter stating the nature of his interest, the reason for such request, and the issues, if any, of fact or law proposed to be controverted; or he may request that he be notified if the Commission should order a hearing thereon. At any time after said date, said declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rules U-20 and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C.

All interested persons are referred to said declaration which is on file in the offices of this Commission for a statement of the transactions therein proposed which are summarized as follows:

Ohio proposes to solicit the holders of its common stock for proxies to be voted at the annual meeting to be held on April 26, 1951, in favor of certain proposed amendments to its Articles of Incorporation. These amendments are being proposed at this time in contemplation of the subsequent issuance by Ohio of additional preferred stock and common stock, which security issuances are not embraced in the instant filing. The amendments, generally speaking, relate to, among other things, certain limitations on the payment of common stock dividends and limitations on the issuance of unsecured indebtedness and additional preferred stock. Ohio requests that the Commission's order contain a provision that upon the taking effect of these proposed amendments, the conditions limiting common stock dividends contained in the Commission's orders of September 14, 1944, September 26, 1944, March 31, 1945, September 9, 1948, March 29, 1950, and May 4, 1950, shall cease to be effective.

The declaration states that the approval of two-thirds of the outstanding common stock is necessary to adopt the proposed amendment.

The filing requests that any order of this Commission authorizing the proposed transaction become effective forthwith upon issuance.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

CENTRAL LOUISIANA ELECTRIC CO., INC., ET AL.

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 8th day of March A. D. 1951.

In the matter of Central Louisiana Electric Co., Inc., Forrest C. Lattner; Frances H. Lattner; File No. 70-2548.

Central Louisiana Electric Company, Inc. ("Central Louisiana"), an electric utility company and a holding company, and Forrest C. Lattner and Frances H. Lattner (the "Lattners") stockholders of Gulf Public Service Co., Inc. ("Gulf"), a non-affiliated public utility company, having filed a joint application pursuant to sections 9 (a) (2) and 10 of the Public Utility Holding Company Act of 1935, with respect to the acquisition by Central Louisiana of 80 percent or more of the common stock of Gulf, and the acquisition by the Lattners of over 5 percent of the common and preferred stocks of Central Louisiana, such acquisitions to be made pursuant to an offer of shares of the common stock and preferred stock of Central Louisiana in exchange for shares of the common stock of Gulf; and

A public hearing having been held on such joint application after appropriate notice, and the Commission having considered the record and having this day issued its Findings and Opinion herein:

It is ordered, That said joint application be, and it hereby is, granted forthwith, subject to the reservation of the Commission's jurisdiction with respect to fees and expenses subject to the following terms and conditions:

(1) Central Louisiana shall give the Commission at least 60 days' notice of any proposed merger or consolidation of Central Louisiana and Gulf;

(2) Unless and until Central Louisiana shall have ceased to be a holding company with respect to Gulf, Central Louisiana shall give the Commission at least 40 days' notice of any proposed transaction either by Central Louisiana or by Gulf that would, apart from the exemption provided by Rule U-2, require the filing of a declaration or application pursuant to section 6 (a) or 6 (b) of the act; and

(3) The conditions specified in Rule U-24, Conditions numbered (1) and (2) above are subject to termination or modification upon application to the Commission, and the notice periods may be waived or shortened by notice from the Commission to Central Louisiana.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-2563]

WEST PENN ELECTRIC CO.

SUPPLEMENTAL ORDER GRANTING AND PERMITTING APPLICATION-DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 8th day of March A. D. 1951.

The West Penn Electric Company ("West Penn Electric"), a registered holding company, having filed with this Commission an application-declaration pursuant to the Public Utility Holding Company Act of 1935 (the "act") and certain rules and regulations promulgated thereunder, proposing, among other things, the offier to its stockholders of the right to subscribe for the purchase of 320,000 additional shares of its no par value common stock on the basis of one additional share for each ten shares of common stock now held, with certain privileges to be accorded to regular full time employees of the company and its subsidiary companies to subscribe, at the subscription price, for shares of the new common stock not issued upon the exercise by stockholders of rights to subscribe; and West Penn Electric also proposing to offer such shares as are not subscribed for by stockholders and employees to underwriters who pursuant to the competitive bidding requirements of Rule U-50, have been publicly invited to submit bids for the purchase of such common stock at the subscription price which shall be determined by West Penn Electric, such bids to include the compensation to be paid for their services; and

The Commission by order dated February 21, 1951, having granted the application and permitted the declaration to become effective subject to the condition, among others, that the proposed issuance and sale of stock shall not be consummated until the results of the competitive bidding, pursuant to Rule U-50, shall have been made a matter of record in this proceeding and a further order shall have been entered with respect thereto, and jurisdiction having been reserved therein over the payment of fees and expenses to be incurred in connection with the proposed transaction; and

West Penn Electric having, on March 8, 1951, filed an amendment to said application-declaration in which it is stated that West Penn Electric has designated a subscription price of $27 per share for the additional shares of its common stock and his invited bids, pursuant to the competitive bidding requirements of Rule U-50, with respect to the compensation to be paid the underwriters for purchasing, at the subscription price of $27 per share, the common stock not taken by subscription and has received the following bids:

Bidding group headed by—	Amount of compensation bid	Aggregate net proceeds
Harriman Ripley & Co. Inc.	$89,600	$8,550,400
W. C. Langley & Co. and the First Boston Corp.	127,608	8,512,092
Lehman Bros. and Goldman, Sachs & Co.	136,000	8,504,000

The amendment having further stated that West Penn Electric has accepted the bid of Harriman Ripley & Co. Inc. for the common stock as set forth above; and

The Commission having examined said amendment and having considered the record herein and finding no basis for imposing terms and conditions with respect to the price to be received for said stock or the compensation to be paid the underwriters for their purchase of said stock, but finding that the record is incomplete with respect to the details of certain fees and expenses incurred in connection with the proposed transactions:

It is hereby ordered, That the application-declaration, as amended, be granted and permitted to become effective forthwith, subject to the condition that the jurisdiction heretofore reserved with respect of the payment of all fees and expenses, be, and the same hereby is, continued, all other reservations of jurisdiction being released, and subject, further, to the terms and conditions prescribed in Rule U-24.

By the Commission.

VETERANS' ADMINISTRATION

ORGANIZATION

The Veterans' Administration statement of organization (15 F. R. 7851) is amended as follows:

1. In section 1, paragraph (a) is amended to read as follows:

SECTION 1. *General*—(a) *Authority and functions.* (1) The Veterans' Administration administers laws authorizing benefits for former members of the Armed Forces and for the dependents and other beneficiaries of deceased former members of such forces. The Veterans' Administration benefits available under various acts of Congress include: Compensation for service-connected disability or death; pension for non-service-connected disability or death; emergency officers' retirement pay; vocational rehabilitation for service-connected disability; education and training; guaranty or insurance of home, farm, and business loans, and, under certain conditions, direct home loans; readjustment allowances for unemployment or self-employment; U. S. Government and National Service Life Insurance; hospitalization; domiciliary care; outpatient medical and dental care for service-connected disability; prosthetic and other appliances; special housing for certain seriously disabled veterans; automobiles or other conveyances for certain disabled veterans; World War I adjusted service certificates; a guardianship program for the protection of estates derived from Veterans' Administration benefits paid to incompetent or minor beneficiaries; burial allowances; and burial flags. In addition, the Veterans' Administration administers the insurance section of the Soldiers' and Sailors' Civil Relief Act for persons in the active military service.

(2) The Veterans' Administration was established as an independent agency under the President by Executive Order 5398, July 21, 1930, in accordance with the act of July 3, 1930 (46 Stat. 1016; 38 U. S. C. 11). This act authorized the President to consolidate and coordinate Federal agencies especially created for or concerned in the administration of laws providing benefits for veterans.

* * * * *

2. In section 2, paragraph (n) is amended to read as follows:

SEC. 2. *Central Office.* * * *

(n) *Office of the assistant administrator for vocational rehabilitation and education*—(1) *Mission.* Formulates policies, plans, and procedures for the vocational rehabilitation and education or training programs of the Veterans' Administration under the provisions of Part VII and Part VIII, Veterans Regulation 1 (a), as amended (38 U. S. C. ch. 12 note); exercises staff supervision over activities located in field stations.

(2) *Major functions.* The office of the assistant administrator for vocational rehabilitation and education performs the following major functions:

(i) Develops a program for the determination of eligibility and the extent of entitlement to education or training benefits, including the authorization of subsistence allowance payments under both Part VII and Part VIII, as amended.

(ii) Develops a program for securing from the appropriate agency of each State a list of approved education and training institutions and for conducting the business relationships with institutions for the purpose of establishing the basis for payment for tuition fees and other allowable charges for training of veterans under Public Laws 16, as amended, and 346, as amended, 78th Congress, and with the States for services rendered in connection with the inspection, approval, and supervision of establishments and institutions under the provisions of Public Laws 679, 79th Congress, and 610, 81st Congress.

(iii) Develops a program for advisement and guidance of veterans in vocational rehabilitation and for those veterans eligible for education or training who desire guidance.

(iv) Develops a program for prescribing courses of vocational rehabilitation to restore employability lost by reason of service-incurred disabilities, and for supervising the training of disabled veterans under Part VII, as amended, and veterans enrolled in a course of education or training under Part VIII, as amended.

(3) *Organization.* The office of the assistant administrator for vocational rehabilitation and education consists of the executive assistant, registration and research service, training facilities service, advisement and guidance service, and education and training service.

3. In section 4, paragraph (a) is amended to read as follows (in this revision of section 4, changes have been made only in the following: Arizona, Arkansas, California, Indiana, Iowa, Kentucky, Louisiana, Massachusetts, Missouri, Nebraska, New York, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, Philippines, Texas, Utah, and Wisconsin):

SEC. 4. *Addresses of Veterans' Administration installations and jurisdictional areas of district offices*—(a) *Addresses of Veterans' Administration installations.* This is a guide to the location of Veterans' Administration field stations in each State (also Alaska, Canal Zone, Hawaii, and Philippines), where information may be obtained by personal contact or correspondence concerning benefits to veterans and their dependents and beneficiaries. The parent regional offices and centers having regional office activities are listed with the VA Offices (formerly subregional and contact offices) indented thereunder. VA Offices having Managers are italicized.

[Vesting Order 17488]

MARY ALICE GRZESIAK AND BERTA MARGARET LISSNER

In re: Interest in real property owned by Mary Alice Grzesiak and Berta Margaret Lissner, also known as Bertha Margaret Lissner. D–28–12971.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Mary Alice Grzesiak and Berta Margaret Lissner, also known as Bertha Margaret Lissner, each of whose last known address is Heidelberg, Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the property described as follows:

a. An undivided one-sixth (1/6th) interest in real property consisting of One Hundred and Forty-one and Eighty-three One Hundredths (141 83/100ths) acres of land situated in the County of Hardin, State of Texas, being that certain property granted to S. B. Turner and Wm. Von Rosenberg, Jr., by Letter Patent No. 620, Volume 9, by the State of Texas, on August 15, 1884, and purchased under the Act of July 14, 1879, and recorded in Volume L, page 411 of the Deed Records of said Hardin County, Texas, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, royalties, refunds, benefits or other payments, arising from the ownership of such property, and

b. An undivided one-twelfth (1/12th) interest in real property consisting of twenty-eight (28) acres of land situated in the County of Liberty, State of Texas, more particularly described in Abstract 429, Survey 34, I&GN RR, being that certain property recorded in the names of Goeth, Bachman, Giesen and Creighton, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, royalties, refunds, benefits or other payments, arising from the ownership of such property,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany);

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described in subparagraphs 2–a and 2–b hereof, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designed enemy countries, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on March 8, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 51–3280; Filed, Mar. 13, 1951; 8:53 a. m.]

[Vesting Order 17483]

UNION BANK OF SWITZERLAND

In re: Accounts maintained in the name of Union Bank of Switzerland or Union de Banques Suisse, Lugano, Switzerland, and owned by persons whose names are unknown. F–63–139 (Lugano).

Under the authority of the Trading With the Enemy Act, as amended, Exec-

utive Orders 9193, as amended, 9788 and 9989, and pursuant to law, after investigation, it is hereby found:

1. That the property described as follows: All property, rights and interests in the accounts identified in Exhibit A attached hereto and by reference made a part hereof, together with

(a) Any other property, rights and interests which represent accumulations or accruals to, changes in form of, or substitutions for, any of the property, rights and interests in said identified accounts on October 2, 1950, and which are now held in other accounts being maintained as blocked or otherwise subject to the restrictions of Executive Order 8389, as amended, or regulations, rulings, orders or instructions issued thereunder, and

(b) Any and all rights in, to and under any securities (including, without limitation, bonds, coupons, mortgage participation certificates, shares of stock, scrip and warrants) and any and all declared and unpaid dividends on any shares of stock in any of said accounts,

excepting from the foregoing, however, all lawful liens and setoffs of the respective institutions in the United States with whom the aforesaid accounts are maintained,

is property within the United States;

2. That the property described in subpargaraph 1 hereof is owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or is evidence of ownership or control by persons, names unknown, who, if individuals, there is reasonable cause to believe are residents of a designated enemy country and which, if partnerships, associations, corporations, or other organizations, there is reasonable cause to believe are organized under the laws of a designated enemy country or on or since the effective date of Executive Order 8389, as amended, have had their principal places of business in a designated enemy country;

3. That the persons referred to in subparagraph 2 hereof are nationals of a designated enemy country;

and it is hereby determined:

4. That to the extent that the persons referred to in subparagraph 2 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country.

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended, and the term "designated enemy country" has reference to Germany or Japan.

Executed at Washington, D. C., on March 1, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

UNION BANK OF SWITZERLAND

In re: Accounts maintained in the name of Union Bank of Switzerland, Berne, Switzerland, and owned by persons whose names are unknown. F-63-139 (Berne).

Under the authority of the Trading With the Enemy Act, as amended, Executive Orders 9193, as amended, 9788 and 9989, and pursuant to law, after investigation, it is hereby found:

1. That the property described as follows: All property, rights and interests in the accounts identified in Exhibit A attached hereto and by reference made a part hereof, together with

(a) Any other property, rights and interests which represent accumulations or accruals to, changes in form of, or substitutions for, any of the property, rights and interests in said identified accounts on October 2, 1950, and which are now held in other accounts being maintained as blocked or otherwise subject to the restrictions of Executive Order 8389, as amended, or regulations, rulings, orders or instructions issued thereunder, and

(b) Any and all rights in, to and under any securities (including, without limitation, bonds, coupons, mortgage participation certificates, shares of stock, scrip and warrants) and any and all declared and unpaid dividends on any shares of stock in any of said accounts,

excepting from the foregoing, however, all lawful liens and setoffs of the respective institutions in the United States with whom the aforesaid accounts are maintained,

is property within the United States;

2. That the property described in subparagraph 1 hereof is owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or is evidence of ownership or control by persons, names unknown, who, if individuals, there is reasonable cause to believe are residents of a designated enemy country and which, if partnerships, associations, corporations, or other organizations, there is reasonable cause to believe are organized under the laws of a designated enemy country or on or since the effective date of Executive Order 8389, as amended, have had their principal places of business in a designated enemy country;

3. That the persons referred to in subparagraph 2 hereof are nationals of a designated enemy country;

and it is hereby determined:

4. That to the extent that the persons referred to in subparagraph 2 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country.

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended, and the term "designated enemy country" has reference to Germany or Japan.

Executed at Washington, D. C., on March 1, 1951.

For the Attorney General.

SCHILLING ESTATE CO. AND GRETCHEN KOTZENBERG

In re: Annuity under agreement of Schilling Estate Company, a corporation, payable to Gretchen Kotzenberg. File No. F-28-11710-C-1.

Vesting Order 12198, dated October 15, 1948, is hereby amended to read as follows:

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the domiciliary personal representatives, heirs, next of kin, legatees and distributees, names unknown, of Gretchen Gotzenberg, deceased, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country (Germany);

2. That the property described as follows: All those certain debts or other obligations, matured or unmatured, owing to Gretchen Kotzenberg by Schilling Estate Company, 225 Bush Street, San Francisco, California, including particularly but not limited to those debts or other obligations payable to said Gretchen Kotzenberg by said Schilling Estate Company pursuant to its resolution of March 6, 1934 whereby the sum of $900.00 per year is payable to said Gretchen Kotzenberg for life,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of, or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the domiciliary personal representatives, heirs, next of kin, legatees and distributees, names unknown, of Gretchen Kotzenberg, deceased, are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on March 2, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 17435]

HILMAR H. WEBER

In re: Estate of Hilmar H. Weber, deceased. File No. D-66-719; E. T. sec. 4118.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Hanna Duncker, Emma Hansen, Anna Lorenzen-Rojer, Emma Goedel, Käthe Laubinger, Otto Hansen, Walter Hansen, Margarete Delfs Hansen, Renate Schläger, Reinhard Schläger, Helene V. Schroder, Nanna Strauss, Ludwig Duncker and Ilse Duncker, whose last known address is Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the domiciliary personal representatives, heirs at law, next of kin, legatees and distributees, names unknown, of Hanna Duncker; the grandchildren, names unknown, of Hinrich Tietjens, and the heirs, names unknown, of Renate Schläger, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country (Germany);

3. That the Stadtbibliothek in Worms a Rhein, Germany; the Ratsgymnasium in Osnabrück, Germany; the Gelehrtenschule des Johanneums in Hamburg, Germany; the Universitätsbibliothek der Rheinischen-Friedrich - Wilhelms - Universitat in Bonn a./Rh Germany; the Universitätsbibliothek der Friendrich-Wilhelms-Universität in Berlin, Germany; the Preussische Staats-Bibliothek (ehemals Kënigliche) iin Berlin, Germany; the Museum für Völkerkunde in Hamburg, Germany; the Altonaer Museum für Schleswig-Holsteinische Landeskunde in Altona, Germany, and the Kunsthalle in Hamburg, Germany, are corporations, partnerships, associations or other organizations organized under the laws of Germany, which have or on or since the effective date of Executive Order 8389, as amended, have had their principal places of business in Germany and are nationals of a designated enemy country (Germany);

4. That the Village of Badbergen, Kreis Bersenbrück, Regierungsbezirk Osnabrück, Provinz Hannover, Germany, and the City of Bramsche, Kreis Bersenbrück, Regierungsbezirk, Osnabrück, Provinz Hannover, Germany, are political subdivisions of a designated enemy country (Germany);

5. That all right, title, interest and claim of any kind or character whatsoever of the persons identified in subparagraphs 1, 2 and 3 hereof, and the political subdivisions of a designated enemy country (Germany) identified in subparagraph 4 hereof in and to the Estate of Hilmar H. Weber, deceased and in and to the trust created under the will of Hilmar H. Weber, deceased, is property payable or distributable to, or claimed by, the nationals of a designated enemy country (Germany) identified in subparagraphs 1, 2 and 3 hereof and the political subdivisions of a designated enemy country (Germany) identified in subparagraph 4 hereof;

6. That such property is in the process of administration by Harvard Trust Company, as trustee, acting under the judicial supervision of the Probate Court of Middlesex County, Massachusetts;

and it is hereby determined:

7. That to the extent that the persons identified in subparagraphs 1, 2 and 3 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 26, 1951.

For the Attorney General.

[Vesting Order 17442]

JAPANESE NATIONALS

In re: Checks owned by Japanese nationals whose names are unknown.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the property described in subparagraph 3 hereof was received by the Civil Property Custodian, Tokyo, Japan, acting for the Supreme Commander for the Allied Powers (S. C. A. P.) Japan, from the Government of Japan;

2. That although the names of the owners of the property described in subparagraph 3 hereof are not available, such persons, who, if individuals, there is reasonable cause to believe are residents of Japan and, if partnerships, corporations, associations, or other organizations, there is reasonable cause to believe are organized under the laws of, or have or, on or since the effective date of Executive Order 8389, as amended, have had their principal places of business in Japan, are nationals of a designated enemy country (Japan);

3. That the property described as follows: Those certain checks described in Exhibit A, attached hereto and by reference made a part hereof, and any and all rights in, to and under including particularly the right to possession and presentation for payment of the aforesaid checks,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by the

persons referred to in subparagraph 2 hereof, the aforesaid nationals of a designated enemy country (Japan);

and it is hereby determined:

4. That to the extent that the persons referred to in subparagraph 2 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 26, 1951.

For the Attorney General.

MARIA SCHROEDER

In re: Stock owned by and debt owing to the personal representatives, heirs, next of kin, legatees and distributees of Maria Schroeder, also known as Marie Schroeder and as Marie Harms Schroeder, deceased. F-28-31208.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the personal representatives, heirs, next of kin, legatees and distributees of Maria Schroeder, also known as Marie Schroeder and as Marie Harms Schroeder, deceased, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country (Germany);

2. That the property described as follows:

a. Five hundred (500) shares of $1.00 capital stock of Independent Coal & Coke Company, Salt Lake City, Utah, a corporation organized under the laws of the State of Wyoming, evidenced by a certificate numbered 1070, registered in the name of Marie Harms Schroeder, together with all declared and unpaid dividends thereon, and

b. That certain debt or other obligation evidenced by an outstanding check, numbered 56900, in the amount of $51.84, dated May 25, 1950, issued by the Trust Department of the Zion's Savings Bank and Trust Company, Salt Lake City, Utah, Trust No. 940, and payable to the order of Marie Harms Schroeder, and any and all rights to demand, enforce and collect the aforesaid debt or other obligation and any and all accruals thereto, together with any and all rights in, to and under the aforesaid check,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the personal representatives, heirs, next of kin, legatees and distributees of Maria Schroeder, also known as Marie Schroeder and as Marie Harms Schroeder, deceased, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the personal representatives, heirs, next of kin, legatees and distributees of Maria Schroeder, also known as Marie Schroeder and as Marie Harms Schroeder, deceased, are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 26, 1951.

For the Attorney General.

[Vesting Order 17477]

A. DRIESSEN

In re: Bonds owned by A. Driessen, also known as Andre Simon Driessen. F-28-31281.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That A. Driessen, also known as Andre Simon Driessen, whose last known address is 101 Adrian Stoopstrasse, Bad Wiessee, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows:

a. Those certain debts or other obligations, matured or unmatured, evidenced by two (2) The Atchison, Topeka and Santa Fe Railway Company 4% General Mortgage One Hundred Year Bonds, due 1995, of $1,000 face value each, bearing the numbers 125364 and 16346, and any and all rights to demand, enforce and collect the aforesaid debts or other obligations, together with any and all rights in, to and under the said bonds, and

b. Twenty-two (22) coupons, each of $20.00 face value, detached from two (2) The Atchison, Topeka and Santa Fe Railway Company 4% General Mortgage One Hundred Year Bonds, due 1995, each of $1,000 face value, bearing the Numbers 125364 and 16346, said coupons presently in the custody of The Chase National Bank of the City of New York, 18 Pine Street, New York, New York, together with any and all rights thereunder and thereto,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, A. Driessen, also known as Andre Simon Driessen, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on March 1, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

KATHARINE SCHOTT

In re: Stock owned by and a debt owing to the personal representatives, heirs, next of kin, legatees and distributees of Katharine Schott, deceased. D-28-12970.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the personal representatives, heirs, next of kin, legatees and distributees of Katharine Schott, deceased, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country (Germany);

2. That the property described as follows:

a. Fifty-three (53) shares of $100 par value common capital stock of Northern Pacific Railway Company, 176 East Fifth Street, St. Paul 1, Minnesota, a corporation organized under the laws of the State of Wisconsin, evidenced by a certificate bearing the number C292851, registered in the name of Katharine Schott, presently in the custody of William H. Voehl, 11-11 Beach Channel Drive, Far Rockaway, New York, together with any and all declared and unpaid dividends thereon, and

b. That certain debt or other obligation of William H. Voehl, 11-11 Beach Channel Drive, Far Rockaway, New York, arising out of the receipt, on and after June 14, 1941, of cash dividends derived from the shares of stock described in subparagraph 2-a hereof, with any and all accruals thereto and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the personal representatives, heirs, next of kin, legatees and distributees of Katharine Schott, deceased, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the personal representatives, heirs, next of kin, legatees and distributees of Katherine Schott, deceased, are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 26, 1951.

For the Attorney General.

FEDERAL REGISTER

VOLUME 16 NUMBER 52

Washington, Friday, March 16, 1951

TITLE 7—AGRICULTURE

Chapter I—Production and Marketing Administration (Standards, Inspections, Marketing Practices), Department of Agriculture

PART 52—PROCESSED FRUITS AND VEGETABLES, PROCESSED PRODUCTS THEREOF, AND CERTAIN OTHER PROCESSED FOOD PRODUCTS

SUBPART B—UNITED STATES STANDARDS FOR GRADES OF PROCESSED FRUITS, VEGETABLES, AND OTHER PRODUCTS [1]

UNITED STATES STANDARDS FOR GRADES OF EXTRACTED HONEY

On May 18, 1950, a notice of proposed rule making was published in the FEDERAL REGISTER (15 F. R. 3036) regarding a proposed revision of the United States Standards for Grades of Extracted Honey. After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice, the following revised United States Standards for Grades of Extracted Honey are hereby promulgated under the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U. S. C. 1621 et seq.) and the Department of Agriculture Appropriation Act, 1951 (Pub. Law 759, 81st Cong., approved September 6, 1950):

§ 52.403 *Extracted honey; honey.* "Extracted honey" or "honey" is honey that has been separated from the comb by centrifugal force, gravity, straining, or by other means, and is prepared and packed under sanitary conditions in accordance with good commercial practice.

(a) *Types of extracted honey.* The type of extracted honey is not incorporated in the grades of the finished product since the type of extracted honey, as such, is dependent upon the method of preparation and processing, and therefore is not a factor of quality for the purpose of these grades. Extracted honey may be prepared and processed as one of the following types:

(1) *Liquid honey.* "Liquid honey" is honey that is free from visible crystals.

(2) *Crystallized honey.* "Crystallized honey" is honey that is solidly granulated or crystallized, irrespective of whether "Candied," "Fondant," "Creamed," or "Spread" types of crystallized honey.

(3) *Partially crystallized honey.* "Partially crystallized honey" is honey that is a mixture of liquid honey and crystallized honey.

(b) *Color of honey.* The color of honey is not a factor of quality for the purpose of these grades.

(1) The color classification of honey is determined by means of the U. S. D. A. permanent glass color standards for honey.[2]

(2) The respective color designation, applicable range of each color, and color range on the Pfund scale are shown in Table No. 1 of this section, together with spectrophotometric specifications for freshly prepared caramel-glycerin solutions which in thickness of 3.15 centimeters (1.24 inch) closely match the colors of the U. S. D. A. permanent glass color standards.

(3) Crystallized honey and partially crystallized honey are liquefied by heating to approximately 54.4° C. (130° F.) and cooled to approximately 20° C. (68° F.) before ascertaining the color of the honey by means of the U. S. D. A. permanent glass color standards for honey.

(c) *Application of U. S. D. A. permanent glass color standards in classifying the color of honey*—(1) *Sample containers.* The sample containers for use in making the visual color determination as set forth in paragraph (d) of this section are square bottles of colorless transparent glass, having an internal width at the center of 3.15 centimeters (1.24 inch), with outside base dimensions of approximately $1\frac{7}{16}$ inches by $1\frac{7}{16}$ inches, and having a capacity of approximately 2 ounces.

(2) *Comparator; viewing box.* Two comparators or viewing boxes are re-

[1] The requirements of these standards shall not [illegible] failure to comply with the provi[illegible] of the Federal Food, Drug, and Cosmetic A[illegible].

[2] An approximate color classification may be made by means of the Pfund color grader and the color designated in terms of the aforesaid U. S. D. A. color standards.

Part 71 2475

quired for the entire color range in the visual comparison test. Each comparator is divided into five compartments approximately 1½ inches square, with each compartment provided with openings approximately $1^{3}/_{16}$ inches square in two parallel sides. The U. S. D. A. permanent glass color standards are mounted in a fixed position in the front openings of compartments 1, 3, and 5 of the two comparators, compartments 2 and 4 being adapted to receive the sample containers.

(3) *Clear blanks.* Six clear blanks of distilled water in capped sample containers are required. The clear blanks are placed in the compartments provided behind each permanent glass color standard.

(4) *Cloudy suspensions.* Three cloudy suspensions of bentonite in distilled water, each in a capped sample container, are required. These are referred to as "Cloudy No. 1," "Cloudy No. 2," and "Cloudy No. 3," corresponding to varying degrees of cloudiness within the range of the different grades of honey. The cloudy suspensions replace the clear blanks when cloudy honey is to be classified for color.

(5) *Visual comparison test.* The color of a sample of honey is compared with the U. S. D. A. permanent glass color standards in the following manner to determine its color classification:

(i) Place the sample of honey in a clean dry sample container.

(ii) Place the clear blanks behind each permanent glass color standard.

(iii) Place the container filled with the sample of honey successively in compartments 2 and 4 of the comparator, and visually compare the color of the sample with that of each of the glass color standards by looking through them at a diffuse source of natural or artificial daylight. The color is classified in accordance with the color range as given in Table No. I of this section.

(iv) If the sample is appreciably cloudy in appearance, the clear blanks are replaced by the cloudy suspensions, "Cloudy No. 1," "Cloudy No. 2," or "Cloudy No. 3," respectively, to facilitate color classification.

(d) *Tolerance for certification of color of officially drawn samples.* When certifying the color of samples that have been officially drawn and which represent a specific lot of honey, the lot shall be considered as of one color if not more than one-sixth of the containers comprising the sample contains honey of a different color: *Provided, however,* That the honey in none of the containers falls below the next darker color designation.

TABLE No. I—COLOR DESIGNATION OF HONEY AND RANGE FOR EACH COLOR

U. S. D. A. color standards	Color range U. S. D. A. color standards	Color range Pfund scales	Optical density[1]
		Millimeters	
Water White	Honey that is Water White or lighter in color than Water White Color Standard.	8 or less	0.060
Extra White	Honey that is darker than Water White but not darker than Extra White Color Standard.	Over 8 to and including 17.	.180
White	Honey that is darker than Extra White but not darker than White Color Standard.	Over 17 to and including 34.	.378
Extra Light Amber	Honey that is darker than White but not darker than Extra Light Amber or Golden Color Standard.	Over 34 to and including 50.	.565
Light Amber	Honey that is darker than Extra Light Amber but not darker than Light Amber Color Standard.	Over 50 to and including 85.	1.380
Amber	Honey that is darker than Light Amber but not darker than Amber Color Standard.	Over 85 to and including 114.	3.068
Dark Amber	Honey that is darker than Amber Color Standard.	Over 114	

[1] Optical density (absorbance) = log 10 (100/percent transmittance), at 560 mu for 3.15 centimeter thickness for caramel-glycerin solutions measured versus an equal cell containing glycerin.

(e) *Recommended fill of container.* The recommended fill of container is not incorporated in the grades of the finished product since fill of container, as such, is not a factor of quality for the purpose of these grades. It is recommended that each container be filled with honey as full as practicable, and with respect to containers of one gallon or less the honey shall occupy not less than 95 percent of the total capacity of the container.

(f) *Grades of honey.* (1) "U. S. Grade A" or "U. S. Fancy" is the quality of honey that contains not less than 81.4 percent soluble solids,[2] possesses a good flavor for the predominant floral source or, when blended, a good flavor for the blend of floral sources, is free from defects, and is of such quality with respect to clarity as to score not less than 90 points when scored in accordance with the scoring system outlined herein.

(2) "U. S. Grade B" or "U. S. Choice" is the quality of honey that contains not less than 81.4 percent soluble solids,[2] possesses a reasonably good flavor for the predominant floral source or, when blended, a reasonably good flavor for the blend of floral sources, is reasonably free from defects, is reasonably clear, and scores not less than 80 points when scored in accordance with the scoring system outlined herein.

(3) "U. S. Grade C" or "U. S. Standard" is honey for reprocessing that contains not less than 80 percent soluble solids,[2] possesses a fairly good flavor for the predominant floral source or, when blended, a fairly good flavor for the blend of floral sources, is fairly free from defects, and is of such quality with respect to clarity as to score not less than 70 points when scored in accordance with the scoring system outlined herein.

(4) "U. S. Grade D" or "Substandard" is the quality of honey that fails to meet the requirements of "U. S. Grade C" or "U. S. Standard."

(g) *Ascertaining the grade.* (1) The grade of honey may be ascertained by considering in conjunction with the requirements of the various grades the respective ratings for the factors of flavor, absence of defects, and clarity.

(2) The soluble solids content of honey may be determined by means of the refractometer at 20° C. (68° F.). The refractive indices and corresponding percent soluble solids and equivalent specific gravity and percent of moisture may be ascertained from Table No. II of this section. The soluble solids content of honey and equivalent values may be determined by any other method which gives equivalent results.

(3) The relative importance of each factor is expressed numerically on the scale of 100. The maximum number of points that may be given each factor is:

Factors:	*Points*
(i) Flavor	50
(ii) Absence of defects	40
(iii) Clarity	10
Total score	100

(4) Crystallized honey and partially crystallized honey shall be liquefied by heating to approximately 54.4° C. (130° F.) and cooled to approximately 20° C. (68° F.) before ascertaining the grade of the product.

(h) *Ascertaining the rating for each factor.* The essential variations within each factor are so described that the value may be ascertained for each factor and expressed numerically. The numerical range for the rating of each factor is inclusive (for example, "27 to 30 points" means 27, 28, 29, or 30 points).

(i) *Flavor.* The factor of flavor refers to the prominence of the honey flavor and aroma and to its conformity to the flavor and aroma of the predominant floral source or blend of floral sources:

(i) Honey that possesses a good flavor for the predominant floral source may be given a score of 45 to 50 points. "Good flavor for the predominant floral source" means that the product has a good, normal flavor and aroma for the predominant floral source or, when blended, a good flavor for the blend of floral sources and that the honey is free from caramelized flavor or objectionable flavor caused by fermentation, smoke, chemicals or other causes with the exception of the predominant floral source.

[2] Percent moisture and other equivalents may be ascertained from Table No. II of this section.

(ii) If the honey possesses a reasonably good flavor for the predominant floral source, a score of 40 to 44 points may be given. Honey that falls into this classification shall not be graded above "U. S. Grade B" or "U. S. Choice" regardless of the total score for the product (this is a limiting rule). "Reasonably good flavor for the predominant floral source" means that the product has a reasonably good, normal flavor and aroma for the predominant floral source or, when blended, a reasonably good flavor for the blend of floral sources and that the honey is practically free from caramelized flavor and is free from objectionable flavor caused by fermentation, smoke, chemicals or other causes with the exception of the predominant floral source.

(iii) Honey that possesses a fairly good flavor for the predominant floral source may be given a score of 35 to 39 points. Honey that falls into this classification shall not be graded above "U. S. Grade C" or "U. S. Standard" regardless of the total score for the product (this is a limiting rule). "Fairly good flavor for the predominant floral source" means that the product has a fairly good, normal flavor and aroma for the predominant floral source or, when blended, a fairly good flavor for the blend of floral sources and that the honey may possess a slightly caramelized flavor, is free from objectionable flavor caused by fermentation, smoke, chemicals or other causes with the exception of the predominant floral source.

(iv) Honey that fails to meet the requirements of subdivision (iii) of this subparagraph or is off flavor for any reason may be given a score of 0 to 34 points and shall not be graded above "U. S. Grade D" or "Substandard" regardless of the total score for the product (this is a limiting rule).

(2) *Absence of defects.* The factor of absence of defects refers to the degree of cleanliness and to the degree of freedom from particles of comb, propolis, or other defects which may be in suspension or deposited as sediment in the container:

(i) Honey that is free from defects may be given a score of 37 to 40 points. "Free from defects" means that the honey contains no defects that affect the appearance or edibility of the product, and shall be at least as free from defects as honey that has been strained through a standard No. 80 sieve, at a temperature of not more than 130° F.

(ii) If the honey is reasonably free from defects, a score of 34 to 36 points may be given. Honey that falls into this classification shall not be graded above "U. S. Grade B" or "U. S. Choice" regardless of the total score for the product (this is a limiting rule). "Reasonably free from defects" means that the honey may contain defects which do not materially affect the appearance or edibility of the product, and shall be at least as free from defects as honey that has been strained through a standard No. 50 sieve, at a temperature of not more than 130° F.

(iii) Honey that is fairly free from defects may be given a score of 31 to 33 points. Honey that falls into this classification shall not be graded above "U. S. Grade C" or "U. S. Standard" regardless of the total score for the product (this is a limiting rule). "Fairly free from defects" means that the honey may contain defects which may be noticeable but shall be at least as free from defects as honey that has been strained through a standard No. 18 sieve, at a temperature of not more than 130° F.

(iv) Honey that fails to meet the requirements of subdivision (iii) of this subparagraph may be given a score of 0 to 29 points and shall not be graded above "U. S. Grade D" or "Substandard" regardless of the total score for the product (this is a limiting rule).

(3) *Clarity.* The factor of clarity has reference to the degree of freedom from air bubbles, pollen grains, or fine particles of any material which might be suspended in the product:

(i) Honey that is clear may be given a score of 8 to 10 points. "Clear" means that the honey may contain air bubbles which do not materially affect the appearance of the product and may contain a trace of pollen grains or other finely divided particles of suspended material which does not affect the appearance of the product.

(ii) If the honey is reasonably clear a score of 6 to 7 points may be given. "Reasonably clear" means that the honey may contain air bubbles, pollen grains, or other finely divided particles of suspended material which does not materially affect the appearance of the product.

(iii) Honey that is fairly clear may be given a score of 4 to 5 points. Honey that falls into this classification shall not be graded above "U. S. Grade C" or "U. S. Standard" regardless of the total score for the product (this is a limiting rule). "Fairly clear" means that the appearance of the honey may be materially but not seriously affected by the presence of air bubbles, pollen grains, or other finely divided particles of suspended material.

(iv) Honey that fails to meet the requirements of subdivision (iii) of this subparagraph may be given a score of 0 to 3 points and shall not be graded above "U. S. Grade C" or "U. S. Standard" regardless of the total score for the product (this is a limiting rule).

TABLE NO. II—REFRACTIVE INDICES AND CORRESPONDING PERCENT SOLUBLE SOLIDS, EQUIVALENT SPECIFIC GRAVITY AND PERCENT MOISTURE IN EXTRACTED HONEY[1]

Refractive index at 20° C.	Soluble solids (percent)	Specific gravity (20°/20° C.) at 20° C.	Moisture (percent)
1.3844	79.0	1.3966	21.0
1.3849	79.2	1.3979	20.8
1.3853	79.4	1.3992	20.6
1.3858	79.6	1.4006	20.4

[1] Temperature corrections: If refractometer reading is made at temperatures above 20° C. (68° F.), add 0.00023 to the refractive index for each degree C., or 0.00013 for each degree F. If made below 20° C. (68° F.), subtract correction. The moisture content of honey and equivalent values may be determined by any other method which gives equivalent results.

TABLE NO. II—REFRACTIVE INDICES AND CORRESPONDING PERCENT SOLUBLE SOLIDS, EQUIVALENT SPECIFIC GRAVITY AND PERCENT MOISTURE IN EXTRACTED HONEY[1]—Continued

Refractive index at 20° C.	Soluble solids (percent)	Specific gravity (20°/20° C.) at 20° C.	Moisture (percent)
1.4862	79.8	1.4020	20.2
1.4866	80.0	1.4033	20.0
1.4871	80.2	1.4046	19.8
1.4876	80.4	1.4060	19.6
1.4880	80.6	1.4074	19.4
1.4885	80.8	1.4087	19.2
1.4890	81.0	1.4101	19.0
1.4895	81.2	1.4115	18.8
1.4900	81.4	1.4129	18.6
1.4905	81.6	1.4143	18.4
1.4910	81.8	1.4156	18.2
1.4915	82.0	1.4171	18.0
1.4920	82.2	1.4184	17.8
1.4925	82.4	1.4197	17.6
1.4930	82.6	1.4212	17.4
1.4935	82.8	1.4225	17.2
1.4940	83.0	1.4240	17.0
1.4945	83.2	1.4254	16.8
1.4950	83.4	1.4267	16.6
1.4955	83.6	1.4282	16.4
1.4960	83.8	1.4295	16.2
1.4965	84.0	1.4310	16.0
1.4970	84.2	1.4324	15.8
1.4975	84.4	1.4338	15.6
1.4980	84.6	1.4352	15.4
1.4985	84.8	1.4367	15.2
1.4990	85.0	1.4381	15.0
1.4995	85.2	1.4395	14.8
1.5000	85.4	1.4409	14.6
1.5005	85.6	1.4424	14.4
1.5010	85.8	1.4438	14.2
1.5015	86.0	1.4453	14.0
1.5020	86.2	1.4466	13.8
1.5025	86.4	1.4481	13.6
1.5030	86.6	1.4495	13.4
1.5035	86.8	1.4510	13.2
1.5041	87.0	1.4525	13.0

(i) *Tolerances for certification of officially drawn samples.* When certifying samples that have been officially drawn and which represent a specific lot of extracted honey, the grade for such lot will be determined by averaging the total scores of all the containers comprising the sample, if:

(1) Not more than one-sixth of such containers fails to meet all the requirements of the grade indicated by the average of such total scores, and with respect to such containers which fail to meet the requirements of the indicated grade by reason of a limiting rule, the average score of all containers in the sample for the factor subject to such limiting rule must be within the range for the grade indicated;

(2) None of the containers comprising the sample falls more than 4 points below the minimum score for the grade indicated by the average of the total scores; and

(3) All containers comprising the sample meet all applicable standards of quality promulgated under the Federal, Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification.

(j) *Score sheet for extracted honey.*

Factors		Score points	
I. Flavor	50	(A) 45-50 (B) 40-44 (C) 35-39 (D) 30-34	
II. Absence of defects	40	(A) 37-40 (B) 34-36 (C) 31-33 (D) 0-29	
III. Clarity	10	(A) 8-10 (B) 6-7 (C) 4-5 (D) 0-3	
Total score	100		
Grade			
Color			
Floral source or source			

[1] Indicates limiting rule.

(k) *Effective time and supersedure.* The revised United States Standards for Grades of Extracted Honey (which are the fourth issue) contained in this section will become effective 30 days after publication of these standards in the FEDERAL REGISTER and will thereupon supersede the United States Standards for Grades of Extracted Honey which have been in effect since March 15, 1943.

(Sec. 205, 60 Stat. 1090; 7 U. S. C. 1624. Interprets or applies sec. 203, 60 Stat. 1087, Pub. Law 759, 81st Cong., 7 U. S. C. 1622)

Issued at Washington, D. C., this 13th day of March 1951.

[SEAL] JOHN I. THOMPSON,
Assistant Administrator, Production and Marketing Administration.

[F. R. Doc. 51-3397; Filed, Mar. 15, 1951; 8:54 a. m.]

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

[Grapefruit Reg. 76]

PART 955—GRAPEFRUIT GROWN IN ARIZONA; IN IMPERIAL COUNTY, CALIFORNIA; AND IN THAT PART OF RIVERSIDE COUNTY, CALIFORNIA, SITUATED SOUTH AND EAST OF THE SAN GORGONIO PASS

LIMITATION OF SHIPMENTS

§955.337 *Grapefruit Regulation 76*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 55, as amended (7 CFR Part 955), regulating the handling of grapefruit grown in the State of Arizona; in Imperial County, California; and in that part of Riverside County, California, situated south and east of the San Gorgonio Pass, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Administrative Committee (established under the aforesaid amended marketing agreement and order), and upon other available information, it is hereby found that the limitation of shipments of grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective not later than March 18, 1951. Shipments of grapefruit, grown as aforesaid, have been subject to regulation by grades and sizes, pursuant to the amended marketing agreement and order, since October 15, 1950, and will so continue until March 18, 1951; the recommendation and supporting information for continued regulation subsequent to March 17, 1951, was promptly submitted to the Department after an open meeting of the Administrative Committee on March 8; such meeting was held to consider recommendations for regulation, after giving due notice of such meeting, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including the effective time thereof, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such grapefruit; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter set forth so as to provide for the continued regulation of the handling of grapefruit; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., March 18, 1951, and ending at 12:01 a. m., P. s. t., April 15, 1951, no handler shall ship:

(i) Any grapefruit of any variety grown in the State of Arizona; in Imperial County, California; or in that part of Riverside County, California, situated south and east of the San Gorgonio Pass unless such grapefruit are at least fairly well colored, and otherwise grade at least U. S. No. 2; or

(ii) From the State of California or the State of Arizona (*a*) to any point outside thereof in the United States, any grapefruit, grown as aforesaid, which are of a size smaller than $3^{11}/_{16}$ inches in diameter, or (*b*) to any point in Canada, any grapefruit, grown as aforesaid, which are of a size smaller than $3^{8}/_{16}$ inches in diameter ("diameter" in each case to be measured midway at a right angle to a straight line running from the stem to the blossom end of the fruit, except that a tolerance of 5 percent, by count, of grapefruit smaller than the foregoing minimum sizes shall be permitted which tolerance shall be applied in accordance with the provisions for the application of tolerance, specified in the revised United States Standards for Grapefruit (California and Arizona), 7 CFR 51.241: *Provided*, That, in determining the percentage of grapefruit in any lot which are smaller than $3^{11}/_{16}$ inches in diameter, such percentage shall be based only on the grapefruit in such lot which are of a size $4^{2}/_{16}$ inches in diameter and smaller; and in determining the percentage of grapefruit in any lot which are smaller than $3^{8}/_{16}$ inches in in diameter, such percentage shall be based only on the grapefruit in such lot which are of a size $3^{15}/_{16}$ inches in diameter and smaller.

(2) As used in this section, "handler," "variety," "grapefruit," and "ship" shall have the same meaning as when used in said amended marketing agreement and order; and the terms "U. S. No. 2" and "fairly well colored" shall each have the same meaning as when used in the revised United States Standards for Grapefruit (California and Arizona), 7 CFR 51.241.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 14th day of March 1951.

[SEAL] C. F. KUNKEL,
Acting Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[F. R. Doc. 51-3455; Filed, Mar. 15, 1951; 8:50 a. m.]

[Orange Reg. 362, Amdt. 1]

PART 966—ORANGES GROWN IN CALIFORNIA OR IN ARIZONA

LIMITATION OF SHIPMENTS

Findings. 1. Pursuant to the provisions of Order No. 66 (7 CFR Part 966; 14 F. R. 3614) regulating the handling of oranges grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Orange Administrative Committee, established under the said order, and upon other available information, it is hereby found that the limitation of the quantity of such oranges which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

2. It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the

Agricultural Marketing Agreement Act of 1937, as amended, is insufficient; and this amendment relieves restrictions on the handling of oranges grown in the State of California or in the State of Arizona.

Order, as amended. The provisions in paragraph (b) (1) (ii) (*b*) of § 966.508 (Orange Regulation 362, 16 F. R. 2215) are hereby amended to read as follows:

(ii) Oranges other than Valencia oranges • • •

(*b*) Prorate District No. 2: 1300 carloads;

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 14th day of March 1951.

[SEAL] C. F. KUNKEL,
Acting Director, Fruit and Vegetable Branch Production and Marketing Administration.

[F. R. Doc. 51-3454; Filed, Mar. 15, 1951; 8:50 a. m.]

TITLE 8—ALIENS AND NATIONALITY

Chapter I—Immigration and Naturalization Service, Department of Justice

PART 116—CIVIL AIR NAVIGATION

MISCELLANEOUS AMENDMENTS

The terms "airport of entry" and "customs airport" are changed to "international airport," and the term "airports of entry" is changed to "international airports" wherever they appear in Part 6 of Title 19, Code of Federal Regulations, also designated as Part 116, Title 8, and Part 71, Title 42.

The term "the Philippine Islands," is deleted from the last sentence of § 6.2 (c) of Title 19, Code of Federal Regulations, also designated as § 116.2 (c) of Title 8 and § 71.502 (c) of Title 42.

The second sentence of § 6.8 (b) (4) of Title 19, Code of Federal Regulations, also designated as § 116.8 (b) (4) of Title 8 and § 71.508 (b) (4) of Title 42, is amended to read as follows: "In case of aircraft arriving in the United States on a trip which started in noncontiguous foreign territory, the baggage declaration number, or, in the absence of such declaration, the number of pieces of accompanied baggage belonging to each passenger shall be shown opposite the name of each passenger on the air passenger manifest, or, if an air passenger manifest is not required, on a separate baggage list."

This order shall become effective on the date of its publication in the FEDERAL REGISTER. Compliance with the provisions of section 4 of the Administrative Procedure Act (60 Stat. 238, 5 U. S. C. 1003) as to notice of proposed rule making and delayed effective date is unnecessary because the first and second amendments prescribed by the order make no substantive changes and the third amendment relieves restrictions and is clearly advantageous to persons affected thereby.

(R. S. 161, sec. 23, 39 Stat. 892, as amended, sec. 24, 43 Stat. 166, R. S. 251, secs. 624, 644, 46 Stat. 759, 761, secs. 201, 367, 58 Stat. 683, 706, sec. 7, 44 Stat. 572, as amended; 5 U. S. C. 22, 8 U. S. C. 102, 222, 19 U. S. C. 66, 1624, 1644, 42 U. S. C. 202, 270, 49 U. S. C. 177, sec. 1, Reorg. Plan No. 5, 5 F. R. 2223, 3 CFR, 1940 Supp., 54 Stat. 1238, sec. 102, Reorg. TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Regs., Serial No. SR-361]

PART 4b—AIRPLANE AIRWORTHINESS; TRANSPORT CATEGORIES

POSITION LIGHT SYSTEM ON TRANSPORT CATEGORY AIRPLANES

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 9th day of March 1951.

Sections 4b.632 through 4b.635 of the current Civil Air Regulations prescribe requirements for the position light system on airplanes of the transport category. Experience has shown the need for improvements in the present system, and recent demonstrations conducted by the Civil Aeronautics Administration indicate that new systems, requiring material changes in design, are promising and warrant further experimentation. When, as a result of this experimentation, a more satisfactory position light system is decided upon, it is planned to adopt new requirements domestically and to solicit modification of current international standards.

One improvement, however, in the operation of the present system, involving only minor mechanical adjustments, is believed to be of immediate value. Accordingly, while further improvements or new systems are being developed, it is proposed to allow an increase in flash rates in the present dual circuit position light system.

This Special Civil Air Regulation is intended to authorize for a temporary period, subject to the approval of the Administrator, variations generally from the conventional position light system, and the use, in particular, of flash rates with frequencies of 80, plus or minus 10, cycles per minute in the present system. In the interest of safety, the public as well as the armed forces and the aviation industry must be kept fully apprised of the variations and with the practices resulting therefrom. For this reason the Administrator is authorized to require those conducting this program of development to assist the Civil Aeronautics Administration in making their actions in this respect widely known.

Interested persons have been afforded an opportunity to participate in the making of this rule, and due consideration has been given to all relevant matter submitted. Since this regulation imposes no additional burden on any person, it may be made effective immediately.

In consideration of the foregoing the Civil Aeronautics Board hereby makes and promulgates the following Special Civil Air Regulation, effective March 9, 1951:

Contrary provisions of the Civil Air Regulations notwithstanding, any air carrier may, subject to the approval of the Administrator, (1) utilize, while operating the present position light system as established in Part 4b of the Civil Air Regulations, a flashing sequence which provides flashing rates of 80, plus or minus 10, cycles per minutes for each forward position and fuselage light and flashing rates of 40, plus or minus 5, cycles per minute for each rear position light; and (2) engage, while operating aircraft in scheduled or other service, in similar projects which are designed to improve the present position light system and which are not likely to cause confusion in air navigation. The Administrator shall prescribe such conditions and limitations as may be necessary to assure safety and avoid confusion in air navigation and shall require each carrier to disclose publicly its deviations from the requirements of Part 4b at times and in a manner which he deems consistent with the best interests of safety.

This regulation shall terminate January 1, 1953, unless sooner superseded or rescinded.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1007, as amended, sec. 603, 52 Stat. 1008; 49 U. S. C. and Sup. 551, 553)

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

[F. R. Doc. 51-3382; Filed, Mar. 15, 1951; 8:50 a. m.]

[Supp. 7, Amdt. 66]

PART 60—AIR TRAFFIC RULES

DANGER AREA ALTERATIONS

The danger area alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and are adopted when indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the pubic interest, and therefore is not required. Title 14, § 60.13-1 is amended as follows:

The Oswego County, New York, area, published on April 11, 1950, in 15 F. R. 2036, and amended on August 18, 1950, in 15 F. R. 5497, is further amended by

changing the "Time of Designation" column to read: "Continuous, April 11, 1950, through June 30, 1951".

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective on March 16, 1951.

[SEAL] J. S. MARRIOTT,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 51-3439; Filed, Mar. 15, 1951; 9:43 a. m.]

TITLE 15—COMMERCE AND FOREIGN TRADE

Chapter III—Bureau of Foreign and Domestic Commerce, Department of Commerce

Subchapter C—Office of International Trade

[5th Gen. Rev. of Export Regs., Amdt. 49]

PART 371—GENERAL LICENSES

GIFT PARCELS

Part 371 is amended to add the following provisions under § 371.23.[1]

§ 371.23 *General license for gift parcels*—(a) *Scope of license.* A general license is hereby established authorizing the exportation of gift parcels as defined in paragraph (b) of this section, via mail, express, or freight addressed to individuals in all destinations except North Korea, Manchuria, and Mainland of China as described in this section: *Provided*, That such exportations are made in accordance with the following provisions of this section:

(b) *Definitions.* For the purpose of this general license a gift parcel is defined as a parcel containing commodities to be sent free of cost to the person ultimately receiving them and must be for the personal use of the addressee (donee) or his immediate family. In addition, the parcel must be homepacked by the individual donor and sent by the donor to an individual donee.

(c) *Commodity, weight, and other limitations*—(1) *Parcel post.* Gift parcels mailed by parcel post shall conform to the applicable Post Office regulations as to size and weight and permissible contents.

(2) *Weight limitations.* The weight of each gift parcel sent under this general license shall not exceed forty-four (44) pounds.

(3) *Dollar value limitations.* Combined total domestic retail value of all commodities included in a single parcel shall not exceed twenty-five (25) dollars.

(4) *Commodity limitations.* The commodities which may be included in each gift parcel sent under this general license are limited to those items which are normally sent as gifts, such as food, clothing, medicinals, and drugs.

(5) *Other limitations.* Not more than one gift parcel may be sent by the same donor to the same donee in any one calendar week.

(6) *Excluded destinations.* Exportations under the authority of this general license may not be made to destinations in North Korea,[2] Manchuria (including the Port Arthur Naval Base Area and Liaoning Province), and China (including the provinces of Suiyuan, Chahar, Ningsia, and Jehol, sometimes referred to as Inner Mongolia; the provinces of Chinghai (Tsinghai) and Sikang; Sinkiang; Tibet; and Outer Mongolia), as described in Schedule C of the Bureau of the Census.

(d) *General license designation.* All gift parcels presented for shipment under this general license must be individually addressed and have the word "Gift" written on the addressee side of the package and also entered on any required customs or shipper's export declarations.

(Sec. 3, 63 Stat. 7; 50 U. S. C. App. Sup. 2023. E. O. 9630, Sept. 27, 1945, 10 F. R. 12245, 3 CFR, 1945 Supp.; E. O. 9919, Jan. 3, 1948, 13 F. R. 59, 3 CFR, 1948 Supp.)

This amendment shall become effective as of March 12, 1951.

LORING K. MACY,
Deputy Director,
Office of International Trade.

[F. R. Doc. 51-3383; Filed, Mar. 15, 1951; 8:50 a. m.]

[5th Gen. Rev. of Export Regs., Amdt. 48[3]]

PART 373—LICENSING POLICIES AND RELATED SPECIAL PROVISIONS

SPECIAL PROVISIONS FOR CERTAIN COMMODITIES; EVIDENCE OF AVAILABILITY

Section 373.16 *Special provisions for certain commodities; evidence of availability, paragraph* (b) *Commodities* is amended by adding thereto the following commodities, to which the requirements of this section are applicable:

Ferroalloys: Schedule B Nos. 622096, 622050, 621303, 622085, and 622098 (ferrocolumbium).

Lead and manufactures: Schedule B Nos. 650500 through 651598.

Nickel and manufactures: Schedule B Nos. 654505 through 654998.

Tin and manufactures: Schedule B Nos. 656502 through 656598.

Other nonferrous ores, metals, and alloys, except precious (with processing code NONF): Schedule B Nos. 663600, 663700, 663800, 663900, 664515, 664525, 664530, 664560, 664580, 664915, 664917, 664920, 664925, 664930, 664945, 664960, 664990, 669103, 669108.

(Sec. 3, 63 Stat. 7; 50 U. S. C. App. Sup. 2023. E. O. 9630, Sept. 27, 1945, 10 F. R. 12245, 3 CFR, 1945 Supp.; E. O. 9919, Jan. 3, 1948, 13 F. R. 59, 3 CFR, 1948 Supp.)

This amendment shall become effective as of March 19, 1951.

LORING K. MACY,
Deputy Director,
Office of International Trade.

[F. R. Doc. 51-3365; Filed, Mar. 15, 1951; 8:46 a. m.]

[5th Gen. Rev. of Export Regs., Amdt. 47[4]]

PART 373—LICENSING POLICIES AND RELATED SPECIAL PROVISIONS

TIME SCHEDULES FOR SUBMISSION OF APPLICATION FOR LICENSES TO EXPORT CERTAIN POSITIVE LIST COMMODITIES

Section 373.51 *Supplement 1: time schedules for submission of applications for licenses to export certain Positive List commodities* is amended by adding thereto submission dates with respect to certain applications for the second calendar quarter, 1951, as follows:

Department of Commerce Schedule B No.	Commodity	Submission date, second quarter, 1951
	Hides and skins, raw, except furs	
020402	Calf skins, dry	The first month of the current calendar quarter.[1]
020404	Calf skins, wet (include slunk skins)	
020702	Kip skins, dry	
020704	Kip skins, wet	
	Nonferrous ores, metals, and alloys	
630000–630998	Aluminum and manufactures	Mar. 19–Apr. 2, 1951, inclusive.
641200–642900	Copper and manufactures	
708810	Building wire and cable	
708830	Weatherproof and slow-burning wire	
708850	Insulated copper wire, n. e. s., including rubber-covered lamp cord	
644000–645430; 645500, 647901; 647913.	Brass and bronze manufactures	
647906	Brass and bronze blanks and circles	
650500–651598	Lead and manufactures	
654505–654998	Nickel and manufactures	
657050–658501	Zinc and manufactures	
664515	Cadmium dross, fine dust, residues, and scrap	
664915–664917	Cadmium metals and alloys	
663600	Tungsten carbide, except tool blanks, tips and inserts	
663800	Other tungsten metals, stellite, wire, shapes and alloys	
629906	Ferrotungsten	
664580	Tungsten ores and concentrates	
656502–656598	Tin and manufactures	
664920	Chromium metal, anodes, chromium-bearing alloys and scrap	
629050	Ferrochrome	Until May 1, 1951.
664525	Cobalt metal-alloys, and cobalt-bearing scrap metal (cobalt alloys and scrap not in chief value of cobalt included).	

[1] Applications covering calf and kip skins, dry, imported, submitted in accordance with § 373.6 (a), may be submitted at any time.

[1] The former provisions of this section were deleted by Amdt. No. 1, 15 F. R. 2750; Current Export Bulletin No. 570, dated April 13, 1950.

[2] Includes any territory controlled by the Government of North Korea.

[3] This amendment was published in Current Export Bulletin No. 611, dated March 8, 1951.

[4] This amendment was published in Current Export Bulletin No. 610, dated March 6, 1951.

(Sec. 3, 63 Stat. 7; 50 U. S. C. App. Sup. 2023. E. O. 9630, Sept. 27, 1945, 10 F. R. 12245, 3 CFR, 1945 Supp.; E. O. 9919, Jan. 3, 1948, 13 F. R. 59, 3 CFR, 1948 Supp.)

This amendment shall become effective as of March 6, 1951.

LORING K. MACY,
Deputy Director,
Office of International Trade.

[F. R. Doc. 51-3363; Filed, Mar. 15, 1951; 8:46 a. m.]

[5th Gen. Rev. of Export Regs., Amdt. P. L. 40 [1]]

PART 399—POSITIVE LIST OF COMMODITIES AND RELATED MATTERS

MISCELLANEOUS AMENDMENTS

Section 399.1 *Appendix A—Positive List of Commodities* is amended in the following particulars:

The following revisions are made in commodity descriptions. The revisions include changes in validated license control.

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated license required
092000	Feathers, dressed, and manufactures of feathers: Down, and waterfowl feathers, three inches in length and under and the following manufactures of such feathers: down comforters, "down-filled coats and jackets, feather pillows, sleeping bags, and sleeping robes[1]	.....	TEXT	100	RO
697307	Zinc in other forms, n. e. s.: Zinc die castings, unfinished [1]	Lb.....	NONF	300	RO
703620	Transmission and distribution apparatus: Electric indicating instruments (including micro-ammeters), other than laboratory standards, except battery-testing voltmeters, battery testers, and cell testers (report laboratory standards in 941698) (report indicating instrument parts in 706668).[2]	No.....	ELME 2	None	RO
706668	Other electrical apparatus: Indicating instrument parts [4]	.....	ELME 1	None	RO
725010	Other conveying equipment, and parts: Parts for cranes included on the Positive List under Schedule B Nos. 725010 and 725510 for which validated license is required to R and O destinations.[3]	.....	CONS	100	RO
750809	Textile machinery: Spinning and twisting machinery, rayon yarn (report filament spinning machinery and spinnerettes for synthetic fibers in 754800).[5]	.....	GIEQ	None	R

[1] The effect of this revision is to add certain manufactures of down and waterfowl feathers to the Positive List of Commodities requiring validated licenses for exportation to all destinations in Country Groups R and O.

[2] The effect of this amendment is to clarify the commodity description without making substantive change. (See Census Bulletin PB No. 1778-I and -II dated Feb. 26, 1951.)

[3] The effect of this amendment is to correct the commodity classifications of (1) electric indicating instrument parts, which are properly classified under Schedule B No. 706668 (see footnote 4 below); and (2) micro-ammeters, which now appear under both Schedule B Nos. 703620 and 706668 (see Census Bulletin PB No. 1778-I and -II dated Feb. 26, 1951). The Positive List entry for micro-ammeters under Schedule B No. 703620 is accordingly deleted.

[4] By this amendment the Positive List entry for indicating instrument parts is revised to show RO instead of R control. No extension of controls is involved in this amendment, since RO controls have applied to these commodities under the previous classification under Schedule B No. 703620 (see footnote 3 above).

[5] The effect of this amendment is to add to the Positive List, subject to RO control, parts for cranes included in the Positive List under Schedule B No. 725510.

[6] By this amendment, which combines the two present entries under Schedule B No. 750800, rayon preparing machinery and filament spinning machinery, and parts, and spinnerettes for synthetic fibers, are reclassified under Schedule B No. 754800 (see Census Bulletin PB No. 1778-I and -II dated Feb. 26, 1951). These commodities will now be included in the Positive List entry "rayon filament and band forming machinery, and parts", which is unaffected by this amendment.

Shipments of any commodities removed from general license to Country Group R or Country Group O destinations, as a result of changes set forth in this amendment, which were on dock, on lighter, laden aboard an exporting carrier, or in transit to a port of exit pursuant to actual orders for export prior to 12:01 a. m., March 13, 1951, may be exported under the previous general license provisions up to and including April 7, 1951. Any such shipment not laden aboard the exporting carrier on or before April 7, 1951, requires a validated license for export. This saving clause is not applicable to any such shipments to Subgroup A destinations.

(Sec. 3, 63 Stat. 7; 50 U. S. C. App. Sup. 2023. E. O. 9630, Sept. 27, 1945, 10 F. R. 12245, 3 CFR, 1945 Supp.; E. O. 9919, Jan. 3, 1948, 13 F. R. 59, 3 CFR, 1948 Supp.)

This amendment shall become effective as of March 13, 1951, 12:01 a. m.

LORING K. MACY,
Deputy Director,
Office of International Trade.

[F. R. Doc. 51-3364; Filed, Mar. 15, 1951; 8:46 a. m.]

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 4484]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

ALVI CO. AND ALVI, INC.

Subpart—*Advertising falsely or misleadingly:* § 3.30 *Composition of goods;* § 3.135 *Nature—Product or service;* § 3.170 *Qualities or properties;* § 3.195 *Safety.* In connection with the offering for sale, sale or distribution of respondent's hair dye cosmetic variously designated as Vitale Instantaneous Hair Dye, Vitale Rapid Hair Coloring, Vitale Rapid, Vitale Hair Coloring, Vitale Hair Dye, and as Vitale, or any other hair dye cosmetic or product of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name, disseminating, etc., any advertisements by means of the United States mails, or in commerce, or by any means to induce, etc., directly or indirectly, the purchase in commerce, etc., of said preparation, which advertisements represent, directly or by implication, that said preparation is a safe or scientific cosmetic, free from harmful, injurious or dangerous chemicals; or that its use will end premature gray hair or produce a permanent, natural, uniform shade or give warmth, color, luster or glint of youth to the hair; prohibited.

(Sec. 6, 38 Stat. 722; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended 15 U. S. C. 45) [Modified cease and desist order, Casimiro Muojo trading as Alvi Co., etc., Docket 4484, December 29, 1950]

In the Matter of Casimiro Muojo, an Individual, Trading as Alvi Co., and as Alvi, Inc.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and the substitute answer of the respondent, in which answer the respondent admitted all of the material allegations of fact set forth in said complaint and stated that he waived all intervening procedure and further hearing as to said facts, the Commission, after having made its findings as to the facts and its conclusion that said respondent had violated the provisions of the Federal Trade Commission Act, on August 7, 1941, issued, and on August 8, 1941, served upon the respondent said findings as to the facts, conclusion, and its order to cease and desist; and this proceeding having been reopened and said findings as to the facts, conclusion, and order to cease and desist having been set aside:

It is ordered, That the respondent, Casimiro Muojo, an individual, trading as Alvi Co. and as Alvi, Inc., or trading under any other name or names, and his representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of his hair dye cosmetic variously designated as Vitale Instantaneous Hair Dye, Vitale Rapid Hair Coloring, Vitale Rapid, Vitale Hair Coloring, Vitale Hair Dye, and as Vitale, or any other hair dye cosmetic or product of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name, do forthwith cease and desist from directly or indirectly:

1. Disseminating, or causing to be disseminated, any advertisement (a) by means of the United States mails, or (b) by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly or by implication, that said preparation is a safe or scientific cosmetic, free from harmful, injurious or dangerous chemicals; or that its use will end premature gray hair or produce a permanent, natural, uniform shade or give warmth, color, luster or glint of youth to the hair.

2. Disseminating, or causing to be disseminated, any advertisement, by any means, for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of said preparation, which advertisement contains any of the representations prohibited in paragraph 1 hereof.

Issued: December 29, 1950.

By the Commission.

[SEAL] D. C. DANIEL,
Secretary.

[F. R. Doc. 51-3385; Filed, Mar. 15, 1951; 8:51 a. m.]

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

PART 6—AIR COMMERCE REGULATIONS

MISCELLANEOUS AMENDMENTS

CROSS REFERENCE: For amendments to Part 6 of this title, see Title 8, Chapter 1, Part 116, *supra.*

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Federal Security Agency

PART 141—TESTS AND METHODS OF ASSAY FOR ANTIBIOTIC AND ANTIBIOTIC-CONTAINING DRUGS

PART 146—CERTIFICATION OF BATCHES OF ANTIBIOTIC AND ANTIBIOTIC-CONTAINING DRUGS

MISCELLANEOUS AMENDMENTS

By virtue of the authority vested in the Federal Security Administrator by the provisions of section 507 of the Federal Food, Drug, and Cosmetic Act (52 Stat. 1040, 1055, as amended by 59 Stat. 463, 61 Stat. 11, 63 Stat. 409; 21 U. S. C. and Sup., 357), the regulations for tests and methods of assay for antibiotic and antibiotic-containing drugs (21 CFR 141.1 et seq., and 1949 Supp.; 15 F. R. 9446) and certification of batches of antibiotic and antibiotic-containing drugs (21 CFR 146.1 et seq., and 1949 Supp.; 15 F. R. 9464; 16 F. R. 714) are amended as indicated below:

1. Section 141.403 (a), first sentence, is amended to read as follows:

§ 141.403 *Bacitracin tablets*—(a) *Potency.* Proceed as directed in § 141.401 (a), except subparagraph (3) thereof, and in lieu of the directions in subparagraph (1) (iii) of § 141.401 (a), prepare sample as directed in § 141.9 (a), using 5 tablets. • • •

(Sec. 701, 52 Stat. 1055; 21 U. S. C. 371. Interprets or applies sec. 507, 59 Stat. 463, as amended; 21 U. S. C. and Sup., 357)

2. In § 146.47, paragraph (a) *Standards of identity, etc.*, is amended as follows:

a. In the first sentence, the phrase reading "with or without one or more suitable and harmless buffer substances," is changed to read: "with or without one or more suitable and harmless preservatives and buffer substances,".

b. Paragraph (a) (1) is changed to read:

(1) If it is an aqueous suspension of the drug, each container or each milliliter shall contain not less than 300,000 units;

3a. In § 146.102 *Streptomycin ointment* • • •, the first sentence of paragraph (a) *Standards of identity, etc.* is amended by eliminating the period at the end thereof and by adding the words "and preservatives."

b. In § 146.102, paragraph (c) *Labeling* is amended by deleting the word "and" at the end of subparagraph (1) (ii), by renumbering subdivision (iii) as (iv), and by inserting the following new subdivision (iii) between subdivision (ii) and renumbered subdivision (iv):

(iii) If the batch contains preservatives, the name and quantity of each such substance used; and

c. Section 146.102 (c) (1) (iv) (as renumbered) is amended by changing the figure "12" to "24".

4a. In § 146.104 *Streptomycin tablets, dihydrostreptomycin tablets,* paragraph (a) *Standards of identity, etc.* is amended by inserting a new sentence between the first and second sentences, to read: "If it is intended solely for veterinary use and is conspicuously so labeled, it may contain two or more suitable sulfonamides."

b. Section 146.104 (c) (1) (iv) is amended to read:

(c) *Labeling.* • • •
(1) • • •
(iv) If the batch contains sulfonamides or glucuronolactone, the quantity of each such ingredient in each tablet;

c. Section 146.104 (c) is further amended by renumbering subparagraph (3) as (4) and by inserting the following new subparagraph (3) between subparagraph (2) and renumbered subparagraph (4):

(3) On the label and labeling, if it contains sulfonamides or glucuronolactone, after the name "Streptomycin Tablets," wherever it appears, the words "with sulfonamides," "with sulfonamides and glucuronolactone," or "with glucuronolactone," as the case may be, in juxtaposition with such name.

5a. In § 146.402 *Bacitracin ointment,* paragraph (a) *Standards of identity, etc.* is amended by inserting the following new sentence between the first and second sentences: "It may contain a suitable local anesthetic."

b. Section 146.402 (c) (1) is amended by renumbering subdivisions (iii) and (iv) as (iv) and (v), respectively, and by inserting the following new subdivision (iii) between subdivision (ii) and renumbered subdivision (iv):

(iii) If the batch contains a local anesthetic, the name and quantity of such substance;

c. Section 146.402 (c) is amended by renumbering subparagraph (3) as (4) and by inserting the following new subparagraph between subparagraph (2) and renumbered subparagraph (4):

(3) On the label and labeling, if a local anesthetic is present, after the name "Bacitracin Ointment," wherever it appears, the words "with ---------" (the blank being filled in with the common or usual name of the local anesthetic), in juxtaposition with such name.

(Sec. 701, 52 Stat. 1055; 21 U. S. C. 371. Interpret or apply sec. 507, 59 Stat. 463, as amended; 21 U. S. C. and Sup., 357)

This order which provides for the optional use of a preservative in the dry mix of procaine penicillin for aqueous injection; for modifying the packaging requirements for an aqueous suspension of procaine penicillin; for the optional use of a preservative as an ingredient in streptomycin ointment and for a change in the expiration date of certification of this drug from 12 months to 24 months after the month during which it was certified; for the optional use of two or more suitable sulfonamides in the manufacture of streptomycin tablets and dihydrostreptomycin tablets intended solely for veterinary use; for the optional use of a suitable and harmless local anesthetic in the manufacture of bacitracin ointment; and a change in the method of preparing a sample of bacitracin tablets for assay, shall become effective upon publication in the FEDERAL REGISTER since both the public and the affected industries will benefit by the earliest effective date, and I so find.

Notice and public procedure are not necessary prerequisites to the promulgation of this order, and I so find, since it was drawn in collaboration with interested members of the affected industries and since it would be against public interest to delay providing for the optional use of a preservative in the dry mix of procaine penicillin for aqueous injection; for modifying the packaging requirements for an aqueous suspension of procaine penicillin; for the optional use of a preservative as an ingredient in streptomycin ointment and for a change in the expiration date of certification of this drug from 12 months to 24 months after the month during which it was certified; for the optional use of two or more suitable sulfonamides in the manufacture of streptomycin tablets and dihydrostreptomycin tablets intended solely for veterinary use; for the optional use of a suitable and harmless local anesthetic in the manufacture of bacitracin ointment; and a change in the method of preparing a sample of bacitracin tablets for assay.

Dated: March 12, 1951.

[SEAL] JOHN L. THURSTON,
Acting Administrator.

[F. R. Doc. 51-3384; Filed, Mar. 15, 1951; 8:51 a. m.]

TITLE 32—NATIONAL DEFENSE

Chapter VII—Department of the Air Force

Subchapter G—Personnel

PART 874—ENLISTMENT OF AVIATION CADETS

MISCELLANEOUS AMENDMENTS

Sections 874.1, 874.4, 874.5, 874.12, and 874.13 are changed as follows:

§ 874.1 *Requirements*—(a) *Eligibility.* Any United States male citizen residing

or stationed in the continental United States or one of its Territories, to include the Zone of the Interior, Hawaii, Alaska, Puerto Rico, and the Panama Canal Zone, is eligible to apply for appointment or enlistment as an aviation cadet.

(b) *Marital status and age.* Applicants must be unmarried United States male citizens between 20 and 26½ years of age at the time of making application. (Qualified applicants will not be entered into training after passing their 27th birthday.)

(c) *Educational.* Each applicant must have satisfactorily completed at least 60 semester hours or 90 quarter hours leading to a baccalaureate degree, or have been awarded a certificate of graduation from an accredited institution of higher education.

(d) *Examination.* Each applicant must accomplish the Aviation Cadet Qualifying Test.

(e) *Physical.* Each applicant must accomplish the physical examination for flying training in accordance with prescribed standards.

(f) *Personal interview.* Each applicant must appear before an Aviation Cadet-Officer Candidate Examining Board for the personal interview.

§ 874.4 *Examination—(a) Examining boards—(1) Appointment.* Commanding generals of major air commands, or such officers as they may designate, will appoint an Aviation Cadet-Officer Candidate examining board at all Air Force installations having adequate facilities. Additional examining boards may be appointed by the Chief of Staff, United States Air Force, or by such officers as he may direct.

(2) *Composition.* Examining boards will consist of the following personnel, if available, to insure the expeditious processing of aviation cadet applicants:

(i) At least five field grade officers.

(ii) At least five company grade officers, one of whom will be assigned the permanent duties of recorder of the board. (The use of the recorder will not be necessary except in cases of appeal to the decisions of one-officer boards.)

(iii) At least one medical officer (flight surgeon or aviation medical examiner, in all cases).

(3) *Convening of the board.* (i) Personnel detailed to conduct the personal interview examination will be available regularly for the purpose of administering the qualifying test to aviation cadet applicants. However, in conducting the personal interview of an applicant, the examining board need consist of but one rated officer of field grade.

(ii) In the case of an appeal to the decision of a one-officer board, a review board composed of at least three qualified officers, one of whom must be of field grade, will be convened. In no case will the membership of such board include the officer who acted as the board in the case under appeal. The findings of the review board will be final and conclusive.

* * * * *

§ 874.5 *Deferment from Selective Service.* In accordance with section 6 (e) of the Selective Service Act of 1948 (Pub. Law 759, 80th Cong.; 62 Stat. 611, 50 U. S. C., App., Sup., 456 (e)), fully qualified and accepted civilian aviation cadet applicants are eligible for four months' deferment from being ordered into active military service from the date of qualification for aviation cadet training.

§ 874.12 *Forms and information.* Detailed information, application blanks, instructions for making application, etc., regarding aviation cadet training (pilot) (navigator) may be obtained from:

PART 878—DECORATIONS AND AWARDS

INDIVIDUAL DECORATIONS; SERVICE MEDALS; BADGES; CERTIFICATES AND LAPEL BUTTONS

1. Sections 878.5, 878.14 (b), and 878.15 (b) are changed as follows:

§ 878.5 *Time Limitations—(a) Recommendations.* (1) Recommendations for award of decorations must be in official channels within two years of the date of heroism, achievement, or service.

(2) Recommendations placed in official channels, which have become lost or not acted upon may be resubmitted with supporting evidence.

(3) Recommendations based upon World War II acts or services performed between December 7, 1941, and September 2, 1945, must be made not later than May 2, 1951.

(b) *Requests for reconsideration.* A request for reconsideration of a recommendation for a decoration may be submitted only when the original recommendation was incomplete and did not present a true picture of the act or service rendered. Additional factual information must be presented to establish a basis for reconsideration. A request for reconsideration of a recommendation for a decoration must be in official channels within two years of the termination date of the act or service performed except that requests for reconsideration of recommendations based on wartime acts or services performed between December 7, 1941, and September 2, 1945, may be submitted not later than May 2, 1951.

(Interprets or applies 40 Stat. 871; Pub. Law 561, 81st Cong.; 10 U. S. C. 1409)

§ 878.14 *Distinguished Flying Cross.*

* * *

(b) The Distinguished Flying Cross, established by law, is awarded to any member of the Armed Forces of the United States including Reserve Forces and to any member of the Armed Forces of friendly foreign nations, who, while serving in any capacity with the Air Force, distinguishes himself by heroism or extraordinary achievement while participating in aerial flight. Both heroism and achievement must be entirely distinctive, involving operations that are not routine.

(Interprets or applies sec. 12, 44 Stat. 789, as amended; 10 U. S. C. 1429)

§ 878.15 *Soldier's Medal.* * * *

(b) The Soldier's Medal, established by law, is awarded to any member of the Armed Forces of the United States including Reserve Forces and to any member of the Armed Forces of friendly foreign nations, who, while serving in any capacity with the Air Force, distinguishes himself by heroism involving voluntary risk of life under conditions other than those of conflict with an armed enemy of the United States. The saving of a life or the success of the voluntary heroic act is not essential for consideration for an award.

[AFR 30-14A] (Interprets or applies sec. 11, 64 Stat. 789; 10 U. S. C. 1428)

2. Paragraph (c) (2) of § 878.52 is changed as follows:

§ 878.52 *Medal for Humane Action.* * * *

(c) *Boundaries of area of Berlin airlift operations.* * * *

(2) Eastern boundary—14th meridian east longitude.

* * * * *

[AFR 35-50D] (Interprets or applies sec. 1, 63 Stat. 447; 10 U. S. C., Sup., 1430d)

3. Section 878.75 of Part 878, carried under the centerhead of "Badges" is deleted.

[AFR 35-80A]

4. Section 878.88 is changed as follows, and a new § 878.91 is added to §§ 878.86 to 878.90, Certificates and Lapel Buttons:

§ 878.88 *Gold Star Lapel Button.* The Gold Star Lapel Button with pin or clutch consists of a gold-colored wreath surrounding a gold-colored star on purple enamel. It is awarded to widows, parents, and certain next of kin of members of the Armed Forces of the United States who lost their lives during World War II, December 7, 1941, through July 25, 1947. One button is furnished, without cost, to the widow or widower (remarried or not) and to each of the parents (includes the mother, father, stepmother, stepfather, mother by adoption or father by adoption). One Gold Star Lapel Button is furnished, at cost, to each child, stepchild, brother, sister, half-brother, and half-sister. Penalties are prescribed for the unauthorized manufacture, sale, or wearing of Gold Star Lapel Buttons. Gold Star Lapel Buttons may be obtained by writing direct to the Air Force Liaison Unit, Demobilized Personnel Records Branch, 4300 Goodfellow Boulevard, St. Louis 20, Missouri.

(Interprets or applies secs. 2, 3, 61 Stat. 710; 36 U. S. C. 182b, 182c)

§ 878.91 *Accolade.* An accolade signed by the President of the United States is presented to the next of kin of record of members of the Armed Forces of the United States who died in the line of duty during military operations and to the next of kin of civilians who died overseas or as a result of injury or disease contracted while serving in that capacity with the Armed Forces during periods of military operations.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter I—Office of Defense Mobilization

[Defense Mobilization Order 7, Amdt. 1]

DMO 7—CREATION OF COMMITTEE ON DEFENSE TRANSPORTATION AND STORAGE

PROVISION FOR REPRESENTATIVE OF DEPARTMENT OF AGRICULTURE AS MEMBER OF COMMITTEE

1. Defense Mobilization Order No. 7 (16 F. R. 2535), issued by this Office effective March 13, 1951, creating a Committee on Defense Transportation and Storage, is hereby amended, under paragraph 1, to provide that a representative designated by the Secretary of Agriculture shall be included in the regular membership of the committee.

2. This order shall take effect on March 16, 1951.

(E. O. 10193, Dec. 16, 1950, 15 F. R. 9031, 3 CFR, 1950 Supp.)

OFFICE OF DEFENSE MOBILIZATION,
CHARLES E. WILSON,
Director.

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[General Ceiling Price Regulation, Supplementary Regulation 13]

GCPR, SR 13—COKE, COAL CHEMICALS AND COKE OVEN GAS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Supplementary Regulation No. 13 to the General Ceiling Price Regulation (16 F. R. 809) is hereby issued.

STATEMENT OF CONSIDERATIONS

The production and distribution of coke, coal chemicals and coke oven gas is a highly competitive industry located principally east of the Mississippi River and north of the Ohio. These materials are directly used in practically all phases of the Defense Program and no reduction in the activity of the industry should be permitted. This is a temporary order which expires June 30, 1951.

Approximately 80 percent of the total operating costs of a coke plant is represented by the delivered cost of coal. One and one-half tons of coking coal are required to produce one ton of coke. Any increase in the cost of coal immediately places a crushing burden on the industry. Ceiling Price Regulation No. 3 issued February 1, 1951, permitted adjustment of bituminous coal prices caused by the recent wage increase granted to the miners. This increased price is being passed along to the coke industry, and, by extension, to the coal chemicals and coke oven gas derived from coal. After consultation with members representing all segments of this industry it is obvious that absorption of this increased cost by all companies generally would result in hardship and no doubt have a disturbing influence on the production of products vitally needed in the present emergency. Consequently, it is deemed advisable by the Director to maintain the status of the industry by permitting adjustment in ceiling prices equivalent to the increased delivered costs of the raw materials carbonized or processed where producer margins are decreased compared to margins realized in the period January 1, 1950, to December 31, 1950.

This supplementary regulation is issued by the Director on a temporary basis in order to obviate the need for processing exceptions to the CCPR in an industry whose full activity is necessary to the re-armament program. In general effect, the regulation imposes a ceiling on the margins earned by producers of coke, coal chemicals and coke oven gas at a level not exceeding that earned during the period January 1, 1950, to December 31, 1950. Consequently, all inflationary trends are effectively halted. At the same time, those producers whose financial position may have been drastically affected by the recent increases in the price of coking coal permitted under CPR 3, are allowed to increase their ceiling prices but not beyond their base period margins. The regulation recognizes the tandem relationship between bituminous prices and the products of the coke oven. This recognition simplifies the problem of control.

This supplementary regulation adopts the producer's operating margin for the calendar year 1950 as a measure of the increases permitted in order to alleviate the "squeeze" on producers resulting principally from higher coal costs. Before adopting that period, the Director considered and rejected other possible periods for reasons peculiar to each. The prolonged interruption of the coal supply, reduced production of coke, coal chemicals and gas, and abnormal raw material costs resulting therefrom adversely affected industry performance during the first and second quarters of 1950. The second and part of the third quarters were further adversely affected by the customary seasonal reduction in prices required to stimulate sales during non-fuel burning months. The third and fourth quarters witnessed a degree of recovery from the low levels of performance during the first half of 1950. The calendar year 1950 thus represents periods of lower-than-average as well as a period of above-average activity. As a base line for measuring the permissive price adjustments which are generally fair and equitable to both sellers and buyers of coke, coal chemicals, and coke-oven gas, the calendar year 1950 seems to conform substantially with the criteria set forth in the Defense Production Act of 1950.

This temporary regulation will, it is planned, be supplanted by a permanent one as soon as a comprehensive survey of the industry has been completed and interpreted. The industry is extremely complicated. It is believed, however, that this regulation will elimi-

nate any substantial injustice and give the Office of Price Stabilization the time needed to tailor a permanent regulation to fit the pricing problems of the producers of coke, coal chemicals and coke oven gas.

Supplementary Regulation 13 provides for the exemption of contracts of two years or longer, executed prior to December 19, 1950. In the marketing of coke oven gas, for instance, there is in the market normally only a single buyer and a single seller. The seller produces only what the buyer has contracted for; any surplus goes unmarketed. Consequently, coke oven gas is sold, typically, under long-term contracts to a single purchaser since only long-term contracts can provide for the amortization of the capital investment needed for the performance of the contract. In view of the structure of the industry and the stabilizing character of these long-term contracts, which are carefully negotiated, contain limited adjustment provisions and generally result in prices below spot market prices, they are exempted from control under this supplementary regulation.

Similarly, long-term contracts with respect to coke and coal chemicals are established business practices sanctioned by historical experience. Their essentially non-inflationary character is recognized since their prevailing prices are below ceiling prices.

Participating contracts, a time-honored business practice in the coal chemicals field, are also exempted. Such contracts should not be of great concern to the Director at this time since the ceiling prices of the derivatives of the material covered by the participating contract are themselves covered by ceilings. Participating contracts covering coal tar also were exempted from control by the Office of Price Administration. This supplementary regulation exempts all participating contracts from control since, because of their non-inflationary nature, regulation would serve no useful purpose.

The steel companies are by far the largest producers and sellers of crude coal tar. Both coal tar and many of the chemicals obtained therefrom are basically vital to our national economy and it is therefore important to keep coal tar in good supply in order that these much needed chemicals be obtained. The higher British thermal unit content of coal tar as compared with No. 6 fuel oil and its better luminosity make it a more advantageous fuel for open hearth use and increases ingot production. In evaluating coal tar the steel companies have customarily used the delivered cost of fuel oil adjusted for the differences in heat content, inherent value of coal tar, handling costs, etc., in arriving at the price. Consequently since the price on such sales is related to the price on fuel oil, it is deemed advisable to exempt coal tar from price control.

This supplementary regulation also prevents a seller from suffering any injustice as a result of compliance with an allocation order. The provision covers, it is believed, every situation under which a seller makes a sale pursuant to an allocation order, f. o. b. pricing, delivered pricing, and freight absorption. In the first case, he has the option of charging the price he would have normally obtained in the absence of the order or the price applicable on an ordinary sale to the person for whom the order was issued; in the latter two situations, he may charge a price which will yield him his average plant net margin during the base period.

In addition, this supplementary regulation spreads the increased costs of raw materials carbonized among coke, gas, and other products upon an approximate proportionate basis of output. Beehive coke producers apply the additional costs to coke only which is their single product. The oven coke producers distribute the increased costs over coke, gas and chemicals in the ratio of 70 percent to coke and 30 percent to the remaining output. Tar processors apply their increased costs to a variety of coal chemicals.

FINDINGS OF THE DIRECTOR OF PRICE STABILIZATION

In the judgment of the Director of Price Stabilization the provisions of Supplementary Regulation 13 to General Ceiling Price Regulation are generally fair and equitable and are necessary to effectuate the purpose of Title IV of the Defense Production Act of 1950.

So far as practicable the Director of Price Stabilization gave due consideration to the national effort to achieve maximum production in furtherance of the objectives of the Defense Production Act of 1950; to prices prevailing during the period from May 24, 1950, to June 24, 1950, inclusive; and to relevant factors of general applicability.

In formulating this supplementary regulation the Director has consulted with representatives of the industry to the extent practicable under the circumstances and has given consideration to their recommendations.

REGULATORY PROVISIONS

Sec.
1. Applicability of supplementary regulation.
2. Definitions.
3. Authority to increase ceiling prices.
4. Exemptions.
5. Pricing allocated commodities.
6. Records and reports.
7. Miscellaneous.

AUTHORITY: Sections 1 to 7 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply Title IV, Pub. Law 774, 81st Cong.; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.

SECTION 1. *Applicability of supplementary regulation.* This supplementary regulation authorizes producers of coke, coal chemicals and coke oven gas to increase the ceiling prices on such materials sold by them in the 48 States of the United States, the District of Columbia and the territories and possessions of the United States.

SEC. 2. *Definitions.* When used in this part, the term:

(a) "Producer" means any person in the business of manufacturing coke from coal, coal chemicals and coke oven gas, and any person acting as the agent of such producer in the sale of such material.

(b) "Coke" means all coke (made from coal, coal tar or coal tar pitch) and coke breeze made in beehive ovens, gas retorts, oven plants and stills.

(c) "Coal chemicals" means any material generally produced in and sold from (1) coke oven plants, except coke and gas, (2) coal tar distillation plants or (3) plants refining or upgrading materials obtained from coke oven or tar distillation plants; and, in addition, materials produced from water gas or residuum tar.

(d) "Coke oven gas" is gas produced in and sold from a coke-oven plant.

(e) "Base period" means the period January 1 to December 31, 1950, inclusive.

(f) A "long-term contract" is a bona fide written contract of two years or longer entered into prior to December 19, 1950.

(g) "Participating contract" means a contract under which the seller's price for the material varies under the terms of the contract according to the revenue obtained by the buyer thereof from the sale of the derivatives.

(h) "Operating margin" means the difference between (1) the total dollars of revenue derived from the sales of all the products of the raw material carbonized and (2) the total cost of the raw material carbonized plus the other manufacturing, selling and administration costs (in the base period), divided by (3) the number of net tons of raw material carbonized.

In computing a margin, products produced and consumed by the producer thereof shall be valued at the producer's ceiling prices and, in the absence of a ceiling price, at a sales value not in excess of the prices established in the producer's locality by the General Ceiling Price Regulation for the plant geographically closest to the plant consuming its own production.

All definitions used in the General Ceiling Price Regulation issued by the Director on January 26, 1951, which are pertinent to this supplementary regulation, are incorporated in this supplementary regulation by this reference, except those which are more particularly defined and used herein.

SEC. 3. *Authority to increase ceiling prices.* On and after March 16, 1951, regardless of any contract, agreement, lease or other obligation:

(a) Each producer of coke, coal chemicals and coke oven gas may increase his ceiling prices, determined under the provisions of the GCPR, by an amount sufficient to recover the increase or increases in delivered cost, incurred after January 25, 1951, and prior to June 30, 1951, of the raw materials carbonized or processed, provided such increase or increases in the delivered cost of such raw materials were authorized by a regulation or order of the Office of Price Stabilization or other Federal or State regulatory body or agency.

(b) The increase or increases in the delivered cost of the raw materials carbonized or processed, referred to in section 3 (a) of this supplementary regulation, may be applied as follows: (1) In the case of producers of coke in beehive ovens and of tar processors, not more than 100 percent of said increase or increases in delivered cost may be applied to the ceiling price or prices on their respective products; and (2) in the case of all other producers under this supplementary regulation, not more than 70 percent of said increase or increases in delivered cost may be applied to the ceiling price or prices of coke and not more than 30 percent of said increase or increases in delivered cost may be applied to the ceiling prices of coal chemicals and or coke oven gas: *Provided, however,* That the ceiling prices, or the application of increases in delivered cost thereto, of products sold under contracts exempted in section 4 of this supplementary regulation, shall not be subject to the foregoing percentage limitations but shall bear their full share of the increased delivered cost in accordance with such contracts, the remainder of said increase in delivered cost to be applied in accordance with the foregoing percentage formula.

(c) Nothing in this supplementary regulation shall authorize or permit a producer to increase his operating margin per ton of raw material carbonized for the period February 1, 1951, to June 30, 1951, inclusive, above his operating margin during the base period January 1 to December 31, 1950, inclusive.

SEC. 4. *Exemptions.* Nothing in this supplementary regulation, or in the GCPR, shall apply to sales or deliveries of coke, coal chemicals and coke-oven gas pursuant to a long-term contract, or to a participating contract, or to sales or deliveries of coal tar at prices determined by the formula customarily used by steel companies when evaluating tar in comparison with other fuels.

SEC. 5. *Pricing allocated commodities.* A sale made pursuant to an allocation order issued by a Department or Agency of the Federal Government shall, at the option of the seller, command a price not in excess of the ceiling price applicable to a sale made to the person for whom the allocation order was issued or a price not in excess of the ceiling price such sale would have commanded in the absence of the allocation order; and where the seller normally sells on a delivered or freight-absorption price basis he may sell at a price which will yield him his average plant net return during the base period.

SEC. 6. *Records and reports.* (a) Not later than 20 days after the effective date of this supplementary regulation each producer shall file, by letter, with the Office of Price Stabilization, attention Solid Fuels Branch, Washington 25, D. C., a statement setting forth: (1) The last price circular, list, or schedule issued by the seller and in effect at any time during the base period; (2) the charges, if any, made by the seller for any special service rendered during the base period, together with a description of the special service so rendered; (3) ceiling prices established under the GCPR; (4) ceiling prices established under the authority of this supplementary regulation; (5) the producer's (except tar processor's) operating margin during the base period, and (6) the prices specified in the contracts exempted by section 4 of this supplementary regulation.

(b) The producer, his sales agent or distributor shall furnish to each retail coal dealer to whom he sells coke a statement showing the exact dollar-and-cents amount the producer, sales agent or distributor has added to the price of his coke as authorized under this supplementary regulation.

(c) Notwithstanding any other provision of this supplementary regulation, each producer subject to this supplementary regulation shall continue to be subject to the record-keeping provisions of the General Ceiling Price Regulation.

SEC. 7. *Miscellaneous.* The producers of coke, coal chemicals and coke-oven gas subject to this supplementary regulation shall be subject to all other provisions of the General Ceiling Price Regulation which are not inconsistent with the provisions of this supplementary regulation, including, but not limited to, the enforcement and penalty provisions thereof, and the requirement of keeping on file for inspection a statement of his ceiling prices.

Effective date. This supplementary regulation to the General Ceiling Price Regulation shall become effective on the 16th day of March 1951.

Expiration date. This supplementary regulation to the General Ceiling Price Regulation shall expire at midnight June 30, 1951.

NOTE: The record-keeping and reporting requirements of this supplementary regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

EDWARD F. PHELPS, JR.,
Acting Director of Price Stabilization.

MARCH 13, 1951.

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

PART 78—POSTAL NOTES

WITHDRAWAL FROM SALE

Whereas it has been determined by the Postmaster General that a revision of the postal money order system is in the public interest; and

Whereas such revised postal money order system, to become effective July 1, 1951, does not and, in operation, cannot permit of the continued use of postal notes; and

Whereas it is necessary to withdraw postal notes from sale and remove them from the Postal Service at the earliest date practicable in order to expedite the work involved in the canceling of all postal note fixed credits and effect other necessary changes in the administrative and accounting systems of the Post Office Department; and

Whereas it has been determined by the Postmaster General that the issuance of postal notes, heretofore authorized by section 207, 62 Stat. 1264; 39 U. S. C. 738a, must be discontinued not later than March 31, 1951, and it having been found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (5 U. S. C. 1003) is impracticable for the reason that such compliance would impede the due and timely inauguration of the revised postal money order system and the proper execution of the functions of this Department:

Now, therefore, it is ordered, That Part 78 (39 CFR Part 78) be amended as follows: Rescind §§ 78.2 to 78.15, inclusive.

The foregoing amendment shall become effective April 1, 1951: *Provided, however,* That the payment and handling of any postal note issued prior to April 1, 1951, shall be made pursuant to the regulations in force and effect on the date of issuance: *Provided, further,* That the redemption of postal notes and postal note stamps remaining on hand in post offices after March 31, 1951, shall be made pursuant to the regulations in force and effect on March 31, 1951.

(R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25, sec. 207, 62 Stat. 1264; 5 U. S. C. 22, 369, 39 U. S. C. Sup. 738a)

[SEAL] J. M. DONALDSON,
Postmaster General.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 975]

[Docket No. AO-179-A8]

HANDLING OF MILK IN CLEVELAND, OHIO, MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENT TO TENTATIVE MARKETING AGREEMENT AND TO ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Carter Hotel, 1010 Prospect Avenue, Cleveland, Ohio, beginning at 10:00 a. m., e. s. t., March 21, 1951, for the purpose of receiving evidence with respect to proposed amendments hereinafter set forth or appropriate modification thereof, to the tentative marketing agreement as heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the Cleveland, Ohio, marketing area (7 CFR 975.0 et seq.). The amendment proposed has not received the approval of the Secretary of Agriculture.

The public hearing is for the purpose of receiving evidence with respect to economic and emergency conditions which relate to the proposed amendments hereinafter set forth:

The following amendment has been proposed by the Milk Producers Federation of Cleveland:

Delete § 975.51 (a) (1) and substitute therefor the following:

(1) Disposed of in fluid form as milk, skim milk or buttermilk (except for livestock feed); flavored milk or flavored milk drinks; concentrated milk disposed of for fluid consumption; or eggnog;

Proposed by the Dairy Branch, Production and Marketing Administration:

Delete § 975.72 (b) and substitute therefor the following:

(b) For each delivery period, the pool value pursuant to § 975.70 for each handler who operates a pool plant designated pursuant to paragraph (a) of § 975.30 which received within such delivery period less than 50 percent of its total receipts of skim milk and butterfat from producers or from other pool plants shall be increased by an amount computed by multiplying the amount of skim milk and butterfat in other source milk received which is classified as Class I milk by the difference between the price for skim milk and for butterfat in Class I milk and the highest price for skim milk and for butterfat in Class III milk.

Copies of this notice of hearing and of the tentatively approved marketing agreement, and the order, as amended, now in effect may be procured from the Market Administrator, 2163 East Second Street, Cleveland 15, Ohio, or from the Hearing Clerk, United States Department of Agriculture in Room 1353, South Building, Washington 25, D. C., or may be there inspected.

Dated: March 12, 1951, at Washington, D. C.

[SEAL] JOHN I. THOMPSON, *Assistant Administrator.*

[F. R. Doc. 51-3374; Filed, Mar. 15, 1951; 8:48 a. m.]

[7 CFR, Part 989]

[Docket No. AO 198-A 1]

HANDLING OF RAISINS PRODUCED FROM RAISIN VARIETY GRAPES GROWN IN CALIFORNIA

NOTICE OF RECOMMENDED DECISION AND OPPORTUNITY TO FILE WRITTEN EXCEPTIONS WITH RESPECT TO PROPOSED AMENDMENTS TO MARKETING AGREEMENT AND ORDER

Pursuant to the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of the filing with the Hearing Clerk of this recommended decision of the Assistant Administrator, Production and Marketing Administration, United States Department of Agriculture, with respect to proposed amendments to the marketing agreement and order (7 CFR Part 989) regulating the handling of raisins produced from raisin variety grapes grown in California, effective pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C., 601 et seq.). Interested parties may file written exceptions to this recommended decision with the Hearing Clerk, United States Department of Agriculture, Room 1353, South Building, Washington 25, D. C. Any exceptions must be filed in quadruplicate prior to the close of business on the tenth day after publication of this recommended decision in the FEDERAL REGISTER.

Preliminary statement. A hearing on proposed amendments to the marketing agreement and order was held at Fresno, California, during the period May 10 to 16, 1950, inclusive. Such hearing was held pursuant to a notice thereof which was published in the FEDERAL REGISTER (15 F. R. 2466) of May 2, 1950, as corrected in the FEDERAL REGISTER (15 F. R. 2687) of May 6, 1950.

The material issues presented on the record of the hearing were whether the proposed amendments, or appropriate modifications thereof, to the marketing agreement and order should be made effective.

Finding and conclusion. In view of the changed economic and marketing conditions affecting the raisin industry, which have accompanied changed domestic and world conditions since the public hearing on the proposed amendments to the marketing agreement and order, one group of proponents of the amendments has requested the Department to withhold action on them for the time being with the reservation, however, that it retained the right to request the Department's approval of the amendments at some subsequent time when conditions are more appropriate. Substantial changes have occurred in economic and marketing conditions affecting the raisin industry since the hearing was held in May 1950, and these changes raise a serious question as to whether the evidence in the record of that hearing is reflective of current conditions and as to whether any of the proposed amendments to the marketing agreement and order or any modifications thereof will effectuate the policy of the act upon the basis of current conditions. Moreover, since changes likely will continue to occur in the economic and marketing conditions affecting the raisin industry, there is no reason to assume that the evidence adduced at the hearing will reflect future conditions so that a sound basis will exist later for making such amendments effective. Therefore, it is concluded that no amendments shall be issued as a result of this proceeding and the proceeding is hereby terminated.

In view of the aforementioned conclusion, there appears to be no need to discuss the several issues which are presented on the record of the hearing. No suggested findings of fact, conclusions or briefs were filed.

Filed at Washington, D. C., this 15th day of March 1951.

[SEAL] JOHN I. THOMPSON, *Assistant Administrator.*

NOTICES

DEPARTMENT OF THE TREASURY

Bureau of Customs

[T. D. 52689]

COAL, COKE, AND BRIQUETS IMPORTED FROM CERTAIN COUNTRIES

TAXABLE STATUS

MARCH 12, 1951.

Coal, coke made from coal, and coal or coke briquets imported from the following countries and entered for consumption or withdrawn from warehouse for consumption during the period from January 1 to December 31, 1951, inclusive, will not be subject to the tax of 10 cents per 100 pounds prescribed in the Internal Revenue Code, section 3423:

Brazil, Canada, France, Germany, Italy, Jamaica, Mexico, United Kingdom.

Coal, coke made from coal, and coal or coke briquets produced in the following countries, imported into the United States directly or indirectly therefrom, and entered for consumption or withdrawn from warehouse for consumption during the calendar year 1951 will be exempt from the tax by virtue of the Internal Revenue Code, section 3420:

Greece, Netherlands, Peru.

Certain countries from which there have been no importations of coal or allied fuels since January 1, 1949, are not included in the above lists. Further information concerning the taxable status of such fuels imported during the calendar year 1951 will be furnished upon application therefor to the Bureau.

ALASKA

ORDER REVOKING PROCLAMATION OF NOVEMBER 30, 1949, OF SECRETARY OF THE INTERIOR ESTABLISHING RESERVE FOR INHABITANTS OF THE NATIVE VILLAGES OF SHUNGNAK AND KOBUK, ALASKA, AND VICINITY

Whereas by the proclamation of November 30, 1949 of the Secretary of the Interior, certain lands in Alaska were reserved for the exclusive use and occupancy of the native inhabitants of the villages of Shungnak and Kobuk, Alaska, and

Whereas such proclamation provided, among other things, that it should become effective only upon its approval by a majority of the natives residing in the area, voting in the manner prescribed in section 2 of the act of May 1, 1936 (49 Stat. 1250; 48 U. S. C. 358a), and

Whereas on April 24, 1950, the natives of the villages of Shungnak and Kobuk rejected the reservation;

Now, therefore, pursuant to the authority contained in the said section 2 of the act of May 1, 1936, the proclamation of November 30, 1949 is hereby revoked.

ALASKA

ORDER REVOKING PROCLAMATION OF NOVEMBER 30, 1949, OF SECRETARY OF THE INTERIOR ESTABLISHING RESERVE FOR NATIVE INHABITANTS OF THE VILLAGE OF BARROW, ALASKA

Whereas, by the Proclamation of November 30, 1949, of the Secretary of the Interior, certain lands in the vicinity of Barrow, Alaska, were withdrawn from settlement, location, sale or entry, and reserved to the native village of Barrow, Alaska, together with an area to be designated as the Barrow Coal Reserve, and

Whereas such proclamation provided, among other things, that it should become effective only upon its approval by a majority vote of the natives residing in the area, voting in the manner provided in section 2 of the act of May 1, 1936 (49 Stat. 1250; 48 U. S. C. 358a), and

Whereas, on February 6, 1950, the natives of the village of Barrow rejected the reservation;

Now, therefore, pursuant to the authority contained in the said Section 2 of the act of May 1, 1936, the proclamation of November 30, 1949, is hereby revoked.

OSCAR L. CHAPMAN, *Secretary of the Interior.*

[Docket No. 4855]

"AREA" AEROVIAS ECUATORIANAS, C. A.; SERVICE TO MIAMI

NOTICE OF HEARING

In the matter of the application of "Area" Aerovias Ecuatorianas, C. A., for a foreign air carrier permit authorizing the transportation of persons, property, and mail between the terminal point Quito or Guayaquil, Ecuador, the intermediate point Panama (Tocumen) and the terminal point Miami, Florida.

Notice is hereby given pursuant to the Civil Aeronautics Act of 1938, as amended, particularly sections 402 and 1001 of said act, that a hearing in the above-entitled proceeding is assigned to be held on March 27, 1951, at 10:00 a. m., e. s. t., in Room 5040, Commerce Building, Fourteenth Street and Constitution Avenue NW., Washington, D. C., before Examiner Curtis C. Henderson.

Without limiting the scope of the issues presented by said applicant, particular attention will be directed to the following matters and questions:

1. Whether the proposed air transportation will be in the public interest as defined in section 2 of the Civil Aeronautics Act of 1938, as amended.

2. Whether the applicant is fit, willing, and able to perform such transportation and to conform to the provisions

of the act and the rules, regulations, and requirements of the Board thereunder.

3. Whether the authorization of the proposed transportation is consistent with any obligation assumed by the United States in any treaty, convention or agreement in force between the United States of America and Ecuador.

Notice is further given that any person desiring to be heard in this proceeding must file with the Board, on or before March 27, 1951, a statement setting forth the issues of fact or law raised by said application which he desires to controvert.

For further details of the service proposed and authorization requested, interested parties are referred to the application on file with the Civil Aeronautics Board.

Dated at Washington, D. C., March 12, 1951.

By the Civil Aeronautics Board.

FEDERAL POWER COMMISSION

[Docket No. G-1566]

ARKANSAS LOUISIANA GAS CO.

ORDER FIXING DATE OF HEARING

MARCH 9, 1951.

On December 20, 1950, Arkansas Louisiana Gas Company (Applicant) filed an application, as supplemented on January 29, 1951, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act authorizing the construction and operation of certain natural gas pipe line facilities, all as more particularly described in the application on file with the Commission and open to public inspection.

Applicant has requested that its application be heard under the shortened procedure provided for by § 1.32 (b) of the Commission's rules of practice and procedure; and no request to be heard or protest has been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on January 18, 1951 (16 F. R. 476).

The Commission finds: This proceeding is a proper one for disposition under the provisions of § 1.32 (b) (18 CFR 1.32) of the Commission's rules of practice and procedure.

The Commission orders:

(A) Pursuant to the authority contained in, and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a hearing be held commencing on March 29, 1951 at 9:30 a. m., e. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(B) Interested State commissions may participate as provided for by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Date of issuance: March 12, 1951.

By the Commission.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 25900]

FINISHED PIECE GOODS FROM EAST TO BORDER TERRITORY

APPLICATION FOR RELIEF

MARCH 13, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: C. W. Boin and I. N. Doe, Agents, for carriers parties to Agent C. W. Boin's tariff I. C. C. No. A-887.

Commodities involved: Finished piece goods, cotton, rayon and hair, mixed, carloads.

From: Trunk-line (including Buffalo-Pittsburgh territory) and New England territories.

To: Points in North Carolina, southern Virginia, Kentucky and northeastern Tennessee.

Grounds for relief: Competition with rail carriers and analogous commodities.

Schedules filed containing proposed rates: C. W. Boin's tariff I. C. C. No. A-887, Supp. 10.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-2569]

UNION ELECTRIC CO. OF MISSOURI

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 12th day of March 1951.

Union Electric Company of Missouri ("Union Electric"), a registered holding company and a public utility company and a subsidiary of The North American Company, also a registered holding company, having filed an application, pursuant to sections 9 (a) and 10 of the Public Utility Holding Company Act of 1935 ("act"), with respect to the following proposed transactions:

Union Electric proposes to subscribe for and acquire 1,200 shares of common stock, of the par value of $1 per share, and $123,800 principal amount of income debentures of a corporation to be organized and known as Urban Redevelopment Corporation of St. Louis ("Redevelopment Corporation"). The cash consideration for the common stock will be $1,200 and the cash consideration for the income debentures will be $123,800, of which 10 percent will be paid upon subscription and the balance on or prior to April 15, 1956, upon call therefor from time to time by the Board of Directors of Redevelopment Corporation. Said income debentures will bear simple interest at 4 percent per annum, cumulative for not to exceed five successive years, and will mature in forty years or such other period as said Board of Directors shall determine.

Upon receipt by Union Electric of such common stock and income debentures it proposes to deposit the same under a voting trust agreement and to acquire in exchange therefor voting trust participation certificates.

It is stated that Redevelopment Corporation is being organized under the Urban Redevelopment Corporation Act of Missouri for the purpose of clearance, replanning, reconstruction or rehabilitation of blighted areas and the construction of such industrial, commercial, residential or public structures as may be appropriate. It is further stated that Redevelopment Corporation is being supported by subscriptions of leading newspapers, banks, department stores, manufacturers and merchants of the City of St. Louis, and Union Electric believes that it is its civic responsibility to participate in the project as one of the large business organizations of the city.

Applicant states that no state commission or regulatory body, other than this Commission, has jurisdiction over the proposed transactions. No fees, commissions or other remunerations are to be paid in connection with the proposed transactions.

Appropriate notice of said filing having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said application within the period specified, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said application that the requirements of the applicable provisions of the act and rules thereunder are satisfied, that no adverse findings are necessary thereunder, and deeming it appropriate in the public interest and in the interests of investors and consumers that the said application be granted:

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said act, that said application be, and the same hereby is, granted effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

MIDDLE SOUTH UTILITIES, INC.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 12th day of March A. D. 1951.

Middle South Utilities, Inc. ("Middle South"), a registered holding company, having filed a declaration, and amendment thereto, pursuant to the Public Utility Holding Company Act of 1935, particularly sections 6 (a) and 7 thereof, and Rule U-50 of the rules and regulations promulgated thereunder, with respect to the following proposed transactions:

Middle South proposes to issue and sell pursuant to the competitive bidding requirements of Rule U-50, 450,000 shares of common stock, without nominal or par value, to underwriters or investment bankers who shall agree promptly to make a public offering thereof.

The declaration states that the proceeds from the financing will be used to finance in part the construction program of the electric utility subsidiaries of Middle South, which program for the year 1951 is estimated to require expenditures of approximately $48,450,000 of which approximately $25,000,000 is to be raised from new financing.

The declaration further states that out of the proceeds from the presently proposed sale of stock and from funds on hand or which may become available, Middle South, upon obtaining requisite authorization from this Commission, will make an additional investment in the common stock of its subsidiary, Arkansas Power & Light Company in the amount of $8,000,000, during the year 1951.

Said declaration having been filed on February 21, 1951, an amendment thereto having been filed on March 9, 1951, notice of said filing having been given in the form and manner required by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing within the time specified in said notice, or otherwise; and

The Commission finding that the proposed transactions are in accordance with the applicable standards of the act, and that no adverse findings are necessary thereunder; the Commission deeming it appropriate to permit the declaration, as amended, to become effective, subject to the conditions and reservations stated below, and the Commission also deeming it appropriate to grant declarant's request that the 10-day period for publicly inviting bids as provided in Rule U-50 be shortened so that bids for the common stock may be received on March 20, 1951:

It is ordered, Pursuant to the applicable provisions of the act that said declaration be, and the same hereby is, permitted to become effective forthwith, subject to the terms and conditions stated in Rule U-24, and subject to the following further conditions:

(1) That the proposed sale of common stock shall not be consummated until the results of competitive bidding held with respect thereto shall have been made a matter of record in this proceeding and a further order shall have been entered by this Commission on the basis of the record so completed, which order may contain such further terms and conditions as may then be deemed appropriate;

(2) That jurisdiction be and is hereby reserved with respect to the payment of all fees and expenses to be incurred in connection with the proposed transactions;

It is further ordered, That for the purposes of this proceeding, the ten-day solicitation period required by Rule U-50 be shortened so that bids may be received on March 20, 1951.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-2578]

WORCESTER COUNTY ELECTRIC CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 12th day of March A. D. 1951.

Notice is hereby given that an application has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935, by Worcester County Electric Company ("Worcester County"), a subsidiary of New England Electric System ("NEES"), a registered holding company. The application designates the third sentence of section 6 (b) of the act and Rules U-42 (b) (2) and U-50 thereunder as applicable to the proposed transactions.

Notice is further given that any person may, not later than March 21, 1951, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held with respect to the application, stating the reasons for such request, the nature of his interest, and the issues of fact or law raised by the application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street, NW., Washington 25, D. C. At any time after 5:30 p. m., e. s. t., on March 21, 1951, said application, as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt the proposed transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to the application, which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized as follows:

Worcester County proposes to issue and sell $12,000,000 principal amount of First Mortgage Bonds, Series B, to be dated March 1, 1951, and to mature March 1, 1981. The interest rate (which shall be a multiple of ⅛ of 1 percent) and the price to be paid to Worcester County (which, excluding accrued interest, shall not be less than 100 percent nor more than 102.75 percent of the principal amount) are to be determined at competitive bidding pursuant to Rule U-50. Worcester County proposes to issue the bonds under an Indenture of Trust and First Mortgage dated July 1, 1947, as amended and supplemented by a supplemental Indenture dated March 1, 1951, which, it is stated, will secure the bonds to be issued by a direct first mortgage lien on substantially all the properties then owned by the company, with certain limited exceptions.

The application states that the proceeds from the sale of the bonds (exclusive of accrued interest and of expenses of issuance estimated by Worcester County at $90,400) will be applied by Worcester County to the payment of notes due May 31, 1951, issued to evidence bank borrowings aggregating $11,370,000; to the payment of notes and advances due NEES aggregating $505,000 and to the cost of additions to the plant and property of Worcester County.

In connection with the system program for financing the construction requirements of the subsidiaries of NEES, including, among other things, the maintenance by NEES of a reasonable equity base for the required senior financing, the application contains the same statement quoted in the order of this Commission dated October 27, 1950, in Beverly Gas and Electric Company, et al., Holding Company Act Release No. 10182.

The application states that a petition has been filed with the Massachusetts Department of Public Utilities for authorization of the proposed transactions.

Applicant requests that the Commission's order herein become effective upon issuance.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 51-3370; Filed, Mar. 15, 1951; 8:48 a. m.]

[File No. 70-2591]

UNITED GAS CORP. AND UNITED GAS PIPE LINE CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 12th day of March A. D. 1951.

Notice is hereby given that United Gas Corporation ("United"), a gas utility subsidiary of Electric Bond and Share Company, a registered holding company, and United's wholly owned subsidiary United Gas Pipe Line Company ("Pipe Line"), have filed a joint application-declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935, and have designated sections 6 (a), (7), 9 (a) (1), 10, 12 (c) and 12 (f) thereof as applicable to the proposed transactions which are summarized as follows:

United proposes to borrow from time to time within a period of sixty days from the date hereof, the aggregate amount of $25,000,000 from certain banks. Said loans will be evidenced by promissory notes, dated as of the date of the borrowing, payable on or before December 31, 1951, and bearing interest at the rate of 2½ percent per annum. Proceeds from the proposed loans will be used to purchase during the next twelve months, an aggregate of $25,000,000 principal amount of Pipe Line's First Mortgage Bonds, 4 percent Series due 1971, for cash at par. The bonds to be so acquired by United will be pledged under its existing Mortgage and Deed of Trust.

Pipe Line proposes the issuance of the $25,000,000 principal amount of its bonds to United under Pipe Line's existing Mortgage and Deed of Trust as supplemented and to be supplemented. Proceeds from the sale of the bonds by Pipe Line will be used in connection with its construction program and for general corporate purposes.

The application-declaration states that United and Pipe Line are engaged in a construction program estimated to require the expenditure of approximately $165,000,000 during the years 1951 and 1952 for improvements to existing facilities and construction of new facilities. This program, it is stated, will require the issuance and sale of securities by United to the public, in the 12-month period ending in March, 1952, in the aggregate amount of approximately $145,000,000, the nature and precise amounts of such securities to be the subject of further application to this Commission. The loans herein proposed will be repaid by United out of the issuance of such securities.

Notice is further given that any interested person may, not later than March 23, 1951, at 11:30 a. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application-declaration, which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after March 23, 1951, at 11:30 a. m., e. s. t., said application-declaration as filed, or as amended, may be granted and permitted to become effective as provided by Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof. All interested persons are referred to said application-declaration, as amended, which is on file with the Commission for a statement of the transactions therein proposed.

By the Commission.

[F. R. Doc. 51-3268; Filed, Mar. 15, 1951; 8:47 a. m.]

STEINAUER & CO., INC.

ORDER FOR PROCEEDINGS AND NOTICE OF HEARING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 9th day of March 1950.

In the matter of Steinauer & Co., Inc., First National Bank Bldg., Lincoln, Nebr.

I. The Commission's public official files disclose that Steinauer & Co., Inc., hereinafter referred to as registrant, is registered as a broker-dealer pursuant to section 15 (b) of the Securities Exchange Act of 1934.

II. The Records Officer of the Commission has filed with the Commission a statement, a copy of which is attached hereto and made a part hereof,[1] stating that registrant did not file with the Commission reports of his financial condition during the calendar years 1945, 1947, 1948, 1949, or 1950 as required by section 17 (a) of the Securities Exchange Act of 1934 and Rule X-17A-5 adopted thereunder.

III. The information reported to the Commission by its Records Officer as set forth in Paragraph II hereof tends, if true, to show that registrant violated section 17 (a) of the Securities Exchange Act of 1934 and Rule X-17A-5 adopted under said section.

IV. The Commission, having considered the aforesaid information, deems it necessary and appropriate in the public interest and for the protection of investors that proceedings be instituted to determine:

(a) Whether the statements set forth in Paragraph II hereof are true;

(b) Whether registrant has wilfully violated section 17 (a) of the Securities Exchange Act of 1934 and Rule X-17A-5 adopted under said section;

(c) Whether, pursuant to section 15 (b) of the Securities Exchange Act of 1934, it is in the public interest to revoke registration of registrant; and

(d) Whether, pursuant to section 15 (b) of the Securities Exchange Act of 1934, pending final determination, it is necessary or appropriate in the public interest or for the protection of investors to suspend the registration of registrant.

V. *It is ordered*, That registrant be given an opportunity for hearing as set forth in Paragraph IV hereof on the 9th day of April 1951 at the main office of the Securities and Exchange Commission, located at 425 2d Street, NW., Washington 25, D. C., before a Hearing Examiner to be designated by the Commission. On such date the Hearing Room Clerk in Room 101, North Building, will advise the parties and the Hearing Examiner as to the room in which such hearing will be held. The Commission will consider any motion with respect to a change of place of said hearing if said motion is filed with the Secretary of the Commission on or before April 2, 1951. Upon completion of any such hearing in this matter the Hearing Examiner shall prepare a recommended decision pursuant to Rule IX of the rules of practice unless such decision is waived.

It is further ordered, That in the event registrant does not appear personally or through a representative at the time and place herein set or as otherwise ordered, the Hearing Room Clerk shall file with the Records Officer of the Commission a written statement to that effect and thereupon the Commission will take the record under advisement for decision.

The order and notice shall be served on registrant personally or by registered mail forthwith, and published in the FEDERAL REGISTER not later than fifteen (15) days prior to April 9th, 1951.

In the absence of an appropriate waiver, no officer or employee of the Commission engaged in the performance of investigative or prosecuting functions in this or any factually related proceeding will be permitted to participate or advise in the decision upon the matter except as witness or counsel in proceedings held pursuant to notice. Since this proceeding is not "rule making" within the meaning of section 4 (c) of the Administrative Procedure Act, it is not deemed to be subject to the provision of the section delaying the effective date of any final Commission action.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[Vesting Order 17144]

GERMAN NATIONALS

In re: Interests of German nationals in patents standing of record in the United States Patent Office in the name of American Hyalsol Corporation and The Hydronapthene Corporation.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Henkel & Cie, G. m. b. H., whose principal place of business is Düsseldorf, Germany, is a business enterterprise organized under the laws of Germany and is a national of a designated enemy country (Germany);

2. That Deutsche Hydrierwerke Aktiengesellschaft and Böhme Fettchemie, G. m. b. H., wholly-owned subsidiaries of Henkel & Cie, G. m. b. H., are business enterprises organized under the laws of, and having their principal places of business in Germany and are nationals of a designated enemy country (Germany);

3. That "Patchem" (Aktiengesellschaft zur Beteiligung an Patenten und sonstigen Erfinderrechten auf chemische Verfahren) whose principal place of business is Zürich, Switzerland, is a corporation or other business organization

organized under the laws of Switzerland, is a national of a foreign country (Switzerland), is acting for the benefit of and on behalf of Deutsche Hydrierwerke Aktiengesellschaft and is a national of a designated enemy country (Germany);

4. That "Unichem" (Chemikalien Handelsgesellschaft, A. G.) whose principal place of business is Zürich, Switzerland, is a corporation or other organization organized under the laws of Switzerland, is a national of a foreign country (Switzerland), is acting for the benefit of and on behalf of Böhme Fettchemie, G. m. b. H., and is a national of a designated enemy country (Germany);

5. That each of the following persons whose last known address is Germany, is a citizen or resident and is a national of a designated enemy country (Germany): Walther Schrauth, Heinrich Bertsch, Ernst Alfred Mauersberger, Otto Schenck, Kurt Stickdorn, Karl Butz, Wilhelm Normann, Ernst Helft, Martha Normann, Wilhelm Rittmeister, Emil Schwabe, Friedrich Schmitt, Kurt Buredorf, Herbert Frotscher, Hubert Machon, Ernst Grotte, Carl Stiepel, Adolf Grün:

6. That the property described as follows: All right, title and interest, including all accrued royalties and all damages and profits recoverable at law or in equity from any person, firm, corporation or government for past infringements, to which the owners of such interests are entitled, of Deutsche Hydrierwerke Aktiengesellschaft, Böhme Fettchemie, G. m. b. H., Unichem (Chemikalien Handelsgesellschaft, A. G.), Patchem (Aktiengesellschaft zur Beteiligung an Patenten und sonstigen Erfinderrechten auf chemische Verfahren), and of the persons listed in subparagraph 5 hereof, respectively, in and to the United States Letters Patent which stand of record in the United States Patent Office in the name of American Hyalsol Corporation and The Hydronaphthene Corporation, respectively, and which are identified in Exhibit A, attached hereto and made a part hereof;

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of, or on account of, or owing to, or which is evidence of ownership or control by, one or more of the persons identified in subparagraphs 2, 3, 4 and 5 hereof, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

7. That to the extent that the persons mentioned under subparagraphs 2, 3, 4 and 5 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on January 19, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 17366]

OTTO SKORZENY

In re: Literary property in work by Otto Skorzeny.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Otto Skorzeny, whose last known address is Germany, is a resident of Germany, and is a national of a designated enemy country (Germany);

2. That the property described as follows:

(a) All right, title, interest and claim of whatsoever kind or nature, under the statutory and common law of the United States and of the several states thereof, in, to and under the following: Every right, copyright, claim of copyright and right to copyright in that certain work by Otto Skorzeny which purports to be an account of his assignments, deeds, adventures and experiences as head of the German Commandos during World War II and of which work the book entitled "Skorzeny's Secret Missions," published by E. P. Dutton & Co., Inc., New York, 1950, is an English language version translated from the French language version entitled "Missions Secretes," published by Flammarion & Cie, Editeurs, 26 rue Racine, Paris, France.

(b) All right, title, interest and claim of whatsoever kind or nature, under the statutory and common law of the United States and of the several States thereof, of Otto Skorzeny and also of all other persons (including individuals, partnerships, associations, corporations or other business organizations), whether or not named elsewhere in this order, who are residents of, or which are organized under the laws of or have their principal places of business in, Germany, and are nationals of such designated enemy country, in, to and under the following:

(i) Every right, copyright, claim of copyright and right to copyright in every issue, edition, publication, republication, version, translation, arrangement, dramatization and revision of the work described in subparagraph 2 (a) of this order

(ii) Every license, agreement, privilege, power and right of whatsoever nature arising under or with respect to property described in subparagraphs 2 (a) and 2 (b) (i) of this order

(iii) All monies and amounts, and all rights to receive monies and amounts, by way of damages, royalty, share of profits or other emolument, accrued or to accrue, whether arising pursuant to law, contract or otherwise, with respect to the property described in subparagraphs 2 (a), 2 (b) (i) and 2 (b) (ii) of this order,

(c) All rights of renewal, reversion or revesting, if any, in the property described in subparagraphs 2 (a) and 2 (b) of this order, and

(d) All causes of action, accrued or to accrue at law or in equity with respect to the property described in subparagraphs 2 (a), 2 (b) and 2 (c) of this order, including but not limited to the rights to sue for and recover all damages

and profits and to request and receive the benefits of all remedies provided by common law and by statute for the infringement of any copyright, for the violation of any right and for the breach of any obligation described in or affecting the aforesaid property,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the persons referred to in subparagraphs 1 and 2 (b) hereof, the aforesaid nationals of a designated enemy country (Germany) and is property payable or held with respect to copyrights or rights related thereto in which interests are held by, and such property itself constitutes interests therein held by, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that Otto Skorzeny is not within a designated enemy country, the national interest of the United States requires that he be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described in subparagraph 2 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 13, 1951.

For the Attorney General.

[SEAL] PAUL V. MYRON,
Deputy Director,
Office of Alien Property.

[Vesting Order 16885]

SIEGFRIED JUNGHANS

In re: Debt owing to Siegfried Junghans. F-28-289-C-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Siegfried Junghans, whose last known address is Schorndorf, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation owing to Siegfried Junghans by Irving Rossi, 40 Wall Street, New York, N. Y., representing payments due under an agreement dated January 4, 1939, between the aforesaid Siegfried Junghans and Irving Rossi, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on January 2, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 51-3388; Filed, Mar. 15, 1951; 8:52 a. m.]

[Vesting Order 17444]

HENRY KNEBEL

In re: Adjusted service bonds owned by Henry Knebel. F-28-30555.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Henry Knebel, whose last known address is Breitscheidstr. 28, Hanau, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows: Ten (10) Adjusted Service Bonds, of $50.00 face value each, bearing the numbers 35445022/31, inclusive, registered in the name of Henry Knebel, A-4,406,079 presently in the custody of the Treasury Department of the United States, together with any and all rights thereunder and thereto,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Henry Knebel, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on February 26, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.481 *Lemon Regulation 374*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 14 F. R. 3612), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on March 14, 1951, such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., March 18, 1951, and ending at 12:01 a. m., P. s. t., March 25, 1951, is hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 350 carloads;

(iii) District 3: Unlimited movement.

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Division of the Federal Register, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the Code of Federal Regulations, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended June 19, 1937.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15¢) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

[Orange Reg. 363]

PART 966—ORANGES GROWN IN CALIFORNIA OR IN ARIZONA

LIMITATION OF SHIPMENTS

§ 966.509 *Orange Regulation 363*—(a) *Findings.* (1) Pursuant to the provisions of Order No. 66, as amended (7 CFR Part 966; 14 F. R. 3614), regulating the handling of oranges grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Orange Administrative Committee, established under the said amended order, and upon other available information, it is hereby found that the limitation of the quantity of such oranges which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of oranges, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended order; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after an open meeting of the Orange Administrative Committee on March 15, 1951, such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) The quantity of oranges grown in the State of California or in the State of Arizona which may be handled during the period beginning 12:01 a. m., P. s. t., March 18, 1951, and ending at 12:01 a. m., P. s. t., March 25, 1951, is hereby fixed as follows:

(i) *Valencia oranges.* (a) Prorate District No. 1: No movement;

(b) Prorate District No. 2: No movement;

(c) Prorate District No. 3: 85 carloads;

(d) Prorate District No. 4: No movement.

(ii) *Oranges other than Valencia oranges.* (a) Prorate District No. 1: Unlimited movement;

(b) Prorate District No. 2: 1,300 carloads;

(c) Prorate District No. 3: Unlimited movement;

(d) Prorate District No. 4: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said amended order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference.

(3) As used in this section "handled," "handler," "varieties," "carloads," and "prorate base" shall have the same meaning as when used in the said amended order; and the terms "Prorate District No. 1," "Prorate District No. 2," "Prorate District No. 3," and "Prorate District No. 4" shall each have the same meaning as given to the respective terms in § 966.107, as amended (15 F. R. 8712), of the current rules and regulations (7 CFR 966.103 et seq.), as amended (15 F. R. 8712).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 16th day of March 1951.

[SEAL] C. F. KUNKEL,
Acting Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[Docket 5656]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

DABROL PRODUCTS CORP. ET AL.

Subpart—*Advertising falsely or misleadingly:* § 3.140 *Old, reclaimed or reused as new.* Subpart—*Furnishing means and instrumentalities of misrepresentation and deception:* § 3.1055 *Furnishing means and instrumentalities of misrepresentation and deception.* Subpart—*Misbranding or mislabeling:* § 3.1185 *Composition;* § 3.1325 *Source or origin—Place.* Subpart—*Misrepresenting oneself and goods—Goods:* § 3.1695 *Old, secondhand, reclaimed or reconstructed as new.* Subpart—*Neglecting, unfairly or deceptively, to make material disclosure:* § 3.1880 *Old, used, reclaimed, or reused as unused or new.* Subpart—*Using misleading name—Goods:* § 3.2280 *Composition:* § 3.2345 *Source or origin—Place.* In connection with the sale, offering for sale and distribution in commerce, of lubricating oil, (1) representing directly or by implication, abbreviation, or derivation that any lubricating oil is 100 percent Pennsylvania oil, or Pennsylvania oil, when any part of such oil is not, in fact, derived from crude oil extracted from that portion of western Pennsylvania and contiguous portions of New York, Ohio and West Virginia, generally known as the Pennsylvania Oil Field; (2) using the brand name "Cert-O-Penn" or "Pennolenne," or any other name of similar import, or any abbreviation, derivation, or simulation of the word "Pennsylvania," to designate or describe lubricating oil, any part of which is not derived from crude oil, extracted from that portion of western Pennsylvania, and contiguous portions of Ohio, New York and West Virginia, generally known as the Pennsylvania Oil Field; (3) packaging lubricating oil in cans or containers for others for resale to the purchasing public, which cans or containers violate in any way the prohibitions contained in Paragraphs 1 and 2 hereinabove; (4) advertising, selling or offering for sale any lubricating oil, previously used for lubricating purposes, without disclosing such prior use to the purchaser or potential purchaser, either directly or by appropriate statement to that effect on the container; or, (5) packaging previously used lubricating oil for others for resale to the purchasing public in containers which do not clearly and conspicuously disclose such prior use; prohibited.

(Sec. 6, 38 Stat. 722; 15 U. S. C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Dabrol Products Corporation et al., Docket 5656, Dec. 30, 1950]

In the Matter of Dabrol Products Corporation, a Corporation, and Andrew O'Blasney, Individually and as an Officer of Dabrol Products Corporation

This proceeding was heard by Frank Hier, theretofore duly designated by the Commission, upon the amended complaint of the Commission, the answer of the respondents, and testimony and other evidence in support of and in opposition to the allegations to said amended complaint, which were duly recorded and filed in the office of the Commission.

Thereafter the proceeding regularly came on for final consideration by said trial examiner on the amended complaint, answer thereto, testimony and other evidence, proposed findings as to the facts and conclusions presented by all counsel, and said trial examiner, having duly considered the record in said matter, and having found that the proceeding was in the interest of the public, made his initial decision, comprising certain findings as to the facts, conclusion drawn therefrom, and order to cease and desist.

No appeal having been filed from said initial decision of said trial examiner as provided for in Rule XXII, nor any other action taken as thereby provided to prevent said initial decision becoming the decision of the Commission thirty days from service thereof upon the parties, said initial decision, including said order to cease and desist, accordingly, under the provisions of said Rule XXII, became the decision of the Commission December 30, 1950.

The said order to cease and desist is as follows:

It is ordered, That Dabrol Products Corporation, a corporation, Tri-O-Lene Oil Company, a corporation, their officers, directors, employees and representatives, and Andrew O'Blasney, individually and as an officer of such corporations, his employees and representatives, through any corporate or other device, in connection with the sale, offering for sale and distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of lubricating oil, do forthwith cease and desist from:

1. Representing directly or by implication, abbreviation, or derivation, that any lubricating oil is 100 percent Pennsylvania oil, or Pennsylvania oil, when any part of such oil is not, in fact, derived from crude oil extracted from that portion of western Pennsylvania and contiguous portions of New York, Ohio and West Virginia, generally known as the Pennsylvania Oil Field.

2. Using the brand names "Cert-O-Penn" or "Pennolenne," or any other name of similar import, or any abbreviation, derivation, or simulation of the word "Pennsylvania," to designate or describe lubricating oil, any part of which is not derived from crude oil, extracted from that portion of western Pennsylvania, and contiguous portions of Ohio, New York and West Virginia, generally known as the Pennsylvania Oil Field.

3. Packaging lubricating oil in cans or containers for others for resale to the purchasing public, which cans or containers violate in any way the prohibitions contained in Paragraphs 1 and 2 hereinabove.

4. Advertising, selling or offering for sale any lubricating oil, previously used for lubricating purposes, without disclosing such prior use to the purchaser or potential purchaser, either directly or by appropriate statement to that effect on the container.

5. Packaging previously used lubricating oil for others for resale to the purchasing public in containers which do not clearly and conspicuously disclose such prior use.

By "Decision of the Commission and order to File Report of Compliance," Docket 5656, December 29, 1950, which announced that said initial decision would become the decision of the Commission on December 30, 1950, report of compliance with said cease and desist order was required as follows:

It is ordered, That the respondents, Dabrol Products Corporation, Andrew O'Blasney and Tri-O-Lene Oil Company shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: December 29, 1950.

By the Commission.

[SEAL] D. C. DANIEL, *Secretary.*

TITLE 24—HOUSING AND HOUSING CREDIT

Chapter VIII—Office of Housing Expediter

[Controlled Housing Rent Reg., Amdt 359]

[Controlled Rooms in Rooming Houses and Other Establishments Rent Reg., Amdt. 354]

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

CERTAIN STATES

Amendment 359 to the Controlled Housing Rent Regulation (§§ 825.1 to 825.12) and Amendment 354 to the Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments (§§ 825.81 to 825.92). Said regulations are amended in the following respects:

1. Schedule A, Item 38, is amended to describe the counties in the Defense-Rental Area as follows:

San Francisco County; San Mateo County, except the Cities of Belmont, Burlingame, Menlo Park, Millbrae, Redwood City, San Carlos, South San Francisco, San Mateo, San Bruno, the Community known as Lomita Park which is adjacent to said City of San Bruno, and the Town of Atherton; and Sonoma County, except (i) the Cities of Healdsburg, Santa Rosa and Sebastopol, (ii) the Judicial Townships of Redwood and Sonoma (including the City of Sonoma) and (iii) that portion of Analy Judicial Township lying west of the Monte Rio-Valley Ford Highway and lying between Redwood Judicial Township on the north and the northern line of Marin County on the South.

This decontrols the City of San Carlos in San Mateo County, California, and the City of Sebastopol in Sonoma County, California, portions of the San Francisco Bay, California, Defense-Rental Area.

2. Schedule A, Item 43, is amended to describe the counties in the Defense-Rental Area as follows:

Adams County; Arapahoe County, except the City of Englewood and the Town of Littleton; Denver County; and Jefferson County, except the City of Golden.

This decontrols the City of Golden in Jefferson County, Colorado, a portion of the Denver, Colorado, Defense-Rental Area.

3. Schedule A, Item 89, is amended to describe the counties in the Defense-Rental Area as follows:

Rock Island County.

Scott County, except the City of Davenport and the Towns of Buffalo, Le Claire and Long Grove.

This decontrols the Town of Long Grove in Scott County, Iowa, a portion of the Quad Cities, Illinois, Defense-Rental Area.

4. Schedule A, Item 142, is amended to describe the counties in the Defense-Rental Area as follows:

Montgomery County; and Prince Georges County, except the Town of Colmar Manor, and the Election Districts 3, 4, 5, 7, 8, 11, and 15.

This decontrols the Town of Colmar Manor in Prince Georges County, Maryland, a portion of the Montgomery-Prince Georges, Maryland, Defense-Rental Area.

5. Schedule A, Item 191, is amended to describe the counties in the Defense-Rental Area as follows:

Warren County, except the Borough of Washington, the Town of Belvidere, and the Townships of Oxford, Pahaquarry, Hardwick and Frelinghausen.

The Counties of Hunterdon and Mercer.

This decontrols the Township of Oxford in Warren County, New Jersey, a portion of the Trenton, New Jersey, Defense-Rental Area.

6. In Schedule A, all of Item 228 which relates to Lake County, Ohio, is deleted.

This decontrols, on the Housing Expediter's own initiative in accordance with section 204 (c) of the Housing and Rent Act of 1947, as amended, those portions of Lake County, Ohio, in the Cleveland, Ohio, Defense-Rental Area, which were under rent control immediately prior to the effective date of this amendment.

7. (a) Schedule A, Item 272, is amended to describe the counties in the Defense-Rental Area as follows:

In Lycoming County, the City of Williamsport, the Borough of South Williamsport, Duboistown and Montoursville, and the Townships of Armstrong, Loyalsock and Old Lycoming.

In Northumberland County, the Cities of Shamokin and Sunbury, the Borough of Northumberland, and the Townships of Coal, Upper Augusta, Point and Rockefeller; in Snyder County, the Borough of Selinsgrove, and the Townships of Monroe and Penn including Shamokin Dam; and in Union County, the Borough of Lewisburg and the Townships of Buffalo and East Buffalo.

In Clinton County, the City of Lock Haven, the Boroughs of Flemington, Mill Hall and Renovo, and the Townships of Bald Eagle, Castanea, Dunnstable, Allison, Pine Creek, Wayne and Woodward.

(b) Schedule C, Item 272, is amended to describe the localities in the Williamsport, Pennsylvania, Defense - Rental Area, effected by declarations for continuation of rent control after March 31, 1951, as follows:

In Lycoming County, the City of Williamsport and all unincorporated localities, if any, in the Townships of Armstrong, Loyalsock and Old Lycoming.

In Northumberland County, the Cities of Shamokin and Sunbury, and all unincorporated localities, if any, in the Townships of Coal, Upper Augusta, Point and Rockefeller; in Snyder County, the Borough of Selinsgrove, and all unincorporated localities, if any, in the Townships of Monroe and Penn; and in Union County, the Borough of Lewisburg and all unincorporated localities, if any, in the Townships of Buffalo and East Buffalo.

In Clinton County, the City of Lock Haven, the Borough of Renovo, and all unincorporated localities, if any, in the Townships of Bald Eagle, Castanea, Dunnstable, Allison, Pine Creek, Wayne and Woodward.

This decontrols in Columbia County, Pennsylvania, a portion of the Williamsport, Pennsylvania, Defense - Rental Area: (1) The Town of Bloomsburg, based on a resolution submitted in accordance with section 204 (j) (3) of the Housing and Rent Act of 1947, as amended; and (2) Scott Township on the Housing Expediter's own initiative under section 204 (c) of said act.

All decontrols effected by this amendment, except Items 6 and 7 thereof, are based on resolutions submitted in accordance with section 204 (j) (3) of the Housing and Rent Act of 1947, as amended.

(Sec. 204, 61 Stat. 197, as amended; 50 U. S. C. App. Sup., 1894)

This amendment shall become effective March 15, 1951.

Issued this 14th day of March 1951.

TIGHE E. WOODS,
Housing Expediter.

[F. R. Doc. 51-3441; Filed, Mar. 16, 1951; 8:54 a. m.]

[Controlled Housing Rent Reg., Amdt. 360]

[Controlled Rooms in Rooming Houses and Other Establishments Rent Reg., Amdt. 355]

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

MONTANA

Amendment 360 to the Controlled Housing Rent Regulation (§§ 825.1 to 825.12) and Amendment 355 to the Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments (§§ 825.81 to 825.92). Said regulations are amended in the following respects:

1. Schedule A, Item 175c, is amended to describe the counties in the Defense-Rental Area as follows:

Missoula County.

This recontrols Missoula County, Montana, except the City of Missoula, a portion of the Missoula, Montana, Defense-Rental Area. Said City of Missoula is and has been continuously under rent control, but the remainder of said Missoula County was heretofore decontrolled as of September 23, 1949.

2. A new item is hereby incorporated in Schedule B to read as follows:

82. Provisions relating to the County of Missoula, other than the City of Missoula, a portion of the Missoula, Montana, Defense-Rental Area.

Recontrol of Missoula County, other than the city of Missoula, a portion of the Missoula, Mont., defense-rental area. Effective March 15, 1951, the provisions of §§ 825.1 to 825.12 and 825.81 to 825.92 shall apply to housing accommodations in Missoula County, other than the City of Missoula, a portion of the Missoula, Montana, Defense-Rental Area (said County, other than the City of Missoula, having been heretofore decontrolled as of September 23, 1949), except as modified by the following provisions:

a. All orders in effect on September 22, 1949, in accordance with §§ 825.1 to 825.12 or 825.81 to 825.92, shall be in full force and effect.

b. If, on March 15, 1951, there was a ground for adjustment under § 825.5 (a) or § 825.85 (a) for which no order had previously been issued, and a petition for adjustment is filed on or before April 15, 1951, the adjustment shall be effective as of March 15, 1951.

c. If, on March 15, 1951, the services provided with any housing accommodations are less than the minimum required by § 825.3 or § 825.83, the landlord shall either restore and maintain such minimum services or file a petition on or before April 15, 1951, requesting approval of the decreased services. If, on March 15, 1951, the furniture, furnishings or equipment provided with any housing accommodations are less than the minimum required by § 825.3 or § 825.83, the landlord shall file, on or before April 15, 1951, a written report showing the decrease in furniture, furnishings or equipment. Except as modified by this paragraph "c", the provisions of §§ 825.5 (b) and 825.85 (b) shall be applicable to all such cases.

d. In the case of any action which, on March 15, 1951, was required or authorized by §§ 825.1 to 825.12 or 825.81 to 825.92 to be taken within a specified period of time, the same time period shall be applicable but such time period shall be counted from March 15, 1951.

e. The provisions of §§ 825.6 and 825.86 shall not apply to any case in which judgment was entered prior to March 15, 1951, by a court of competent jurisdiction for the eviction or removal of a tenant from housing accommodations.

(Sec. 204, 61 Stat. 197, as amended; 50 U. S. C. App. Sup., 1894)

This amendment shall become effective March 15, 1951.

Issued this 14th day of March 1951.

TIGHE E. WOODS,
Housing Expediter.

[F. R. Doc. 51-3442; Filed, Mar. 16, 1951; 8:54 a. m.]

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 2, Rev. 1]

CPR 2—CATTLEHIDES, KIPS AND CALFSKINS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this revised Ceiling Price Regulation 2 is hereby issued.

STATEMENT OF CONSIDERATIONS

This revised regulation on untanned domestic cattlehides, kips, and calfskins, including any cut up parts, supersedes CPR 2, issued January 25, 1951, and establishes "dollars and cents" ceiling prices for items to be sold and delivered on and after March 31, 1951, at the November 1950 average level of domestic sales. It provides a workable scale of prices for hides and skins sold according to commercial specifications and standards.

The general level of hide prices established in this regulation is, in the main, based on the average prices at which hides, kips, and calfskins sold during November 1950.

The general economic considerations which governed the issuance of CPR 2 and which are summarized in the Statement of Considerations accompanying that regulation are applicable to the present regulation. Moreover, clarification and simplification of ceiling prices have been demonstrated to be economically desirable in view of the obstructions to trade and production that have arisen in recent weeks through marked variations in prices.

This regulation establishes a sliding scale of prices for sales of hides and skins, based on the average weights of hides. The purpose of this provision is to insure, insofar as possible, that all hides will sell at their proper relative values for leather-making purposes. Heavy hides yield lesser amounts in leather than hides of lighter average weight.

Under the same general principles specific adjustments are established for hides which originate in the Pacific Coast area. The price differences between such hides and others are due primarily to variations in trade practices and transportation charges. Dry hides and skins, which are produced in small quantities, mostly in the Far West, have special prices established for them. Although they are usually of inferior quality and condition, they bring a higher price per pound because they are free from moisture and excessive salt and produce materially higher footage per pound than do green salted hides. Prices for certain kips and calfskins have been determined either by the pound or by the piece. Both methods of merchandising have long been normal practice in the trade.

The prices of hides sold in lots of less than 36,000 pounds are lower than those sold in larger lots. This tends to encourage the purchase of small lots by dealers, who collect and sort them into various weight and grade selections. The same principle is applicable to the sale of lots of less than 20,000 pounds of bullhides, and 20,000 pounds of kips, and 10,000 pounds of calfskins.

This revised regulation also provides a special method of pricing cut parts of hides and skins. It is impracticable to define dollars and cents prices for cut parts because they are sold in non-

standardized sizes, weights, and qualities. Green hides are also subject to separate treatment, and can be sold only at a price reduction. Green hides, when not cured by the producer, are customarily purchased by dealers who salt, select, and direct them to proper users.

This revised regulation permits two percent to be added to the ceiling price as a brokerage charge for any person who buys hides or skins for the account of tanners and physically inspects or receives them at the time they are shipped from a producer's plant or a dealer's warehouse. Brokers who act for tanners but do not actually receive the hides are limited to a maximum brokerage commission of 40 cents per hundredweight.

Provision has been made to alleviate hardships to dealers who, during the three-week period preceding January 29, 1951, the effective date of CPR 2, were curing hides and skins for delivery on and after that date, pursuant to bona fide contracts. Similar provision was not considered necessary, however, in the case of producers since their cost is the cost of the basic livestock and not the cost of the hides. Their ceiling prices under CPR 2 for hides and skins were adequate to take care of increased costs to them of cattle.

The provisions of this revised regulation and their effect upon business practices, cost practices, or methods, or means or aids to distribution in the industry have been carefully considered. It is believed that generally no changes in such practices or methods have been effected. To the extent, however, that the provisions of this regulation may operate to compel changes in such practices or methods, such provisions are necessary to prevent circumvention or evasion of the regulation and to effectuate the policies of the act.

In formulating this revised regulation the Director has consulted with representatives of the industry to the extent practicable under the circumstances and has given consideration to their recommendations.

He has also given due consideration to the national effort to achieve maximum production in furtherance of the objectives of the Defense Production Act of 1950; to prices prevailing during the period from May 24, 1950, to June 24, 1950, inclusive; and to relevant factors of general applicability.

In the judgment of the Director based upon an analysis of the presently available data, the provisions of this revised regulation and the ceiling prices established are generally fair and equitable and will effectuate the purposes of Title IV of the Defense Production Act of 1950. A more comprehensive analysis may indicate that lower prices also are generally fair and equitable and would more effectively accomplish the purposes of Title IV of the act. If this proves to be the case, the Director stands ready to make such revisions downward as appear warranted.

REGULATORY PROVISIONS

Sec.
1. What this revised regulation does.
2. Ceiling prices for hides (fully cured).
3. Ceiling prices for kips and calfskins (fully cured).
4. Ceiling prices for green or partially cured hides and skins.
5. Ceiling prices for cut parts.
6. Brokers and commissions.
7. Records and reports.
8. What acts are prohibited by this regulation.
9. Enforcement.
10. Petitions to amend this regulation.
11. Temporary adjustments for dealers.
12. Definitions.

AUTHORITY: Sections 1 to 12 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply Title IV, Pub. Law 774, 81st Cong.; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.

SECTION 1. *What this revised regulation does.* This revised regulation fixes ceiling prices and maximum brokerage commissions for all sales of untanned domestic cattlehides, kips and calfskins, including cut-up parts suitable for making leather. It applies in the 48 States and the District of Columbia. During the period between the effective date of this revised regulation and March 30, 1951, you may use either this regulation or CPR 2, which was issued on January 25, 1951. On and after March 31, 1951, you must use this revised regulation.

SEC. 2. *Ceiling prices for hides (fully cured).* Table I shows the basic ceiling prices for fully cured hides. Table II shows the special ceiling prices for standard packer hides based on standard packer selection. These prices must be adjusted in accordance with the directions contained in the notes following each table.

SEC. 3. *Ceiling prices for kips and calfskins (fully cured).* Table III shows the basic ceiling prices for fully cured kips and calfskins. Table IV shows the special ceiling prices for standard packer skins based on standard packer selection; Table V, the special ceiling prices for New York City trimmed skins. These prices must be adjusted in accordance with the directions contained in the notes following each table.

SEC. 4. *Ceiling prices for green or partially cured hides and skins.* If you sell green or partially cured hides, kips or calfskins, your ceiling price is computed as follows:

Step 1. Take the price shown in the appropriate table for fully cured hides and skins of the same average net weight (for slunks, the price per piece), and adjust it in accordance with the directions contained in the following notes:

Table I

Note 1 (except for tare allowance).
Note 3.
Note 4.
Note 5.
Note 6.

Table II

Note 1.
Note 3.
Note 5.

Table III

Note 2.

Table IV

Note 1.
Note 2.

Table V

Note 1.
Note 2.

If the table you use lists hides or skins by type and classification, your green or partially cured hide or skin must be the same type and classification. (For example, if Table II is the appropriate table you may use the price shown for heavy native steers only if your green hide is a heavy native steer hide.)

Step 2. Take the following percentage of the adjusted price:

For sales of hides or skins to tanners, 70 percent.

For sales of hides to dealers, 80 percent.

For sales of skins to dealers, 90 percent.

Example. If you sell a tanner 200 green hides, including 20 that are branded, and if the total net weight is 11,200 pounds, the average net weight is 56 pounds; and the unadjusted price is 32¢ (see Table I). You subtract $11.20 for the branded hides (see Note 5) and whatever other deductions may be required (33⅓ percent for =3's, etc.). After making these adjustments, you compute your ceiling price by taking 70 percent of the balance.

SEC. 5. *Ceiling prices for cut parts.* Your ceiling price for cut parts of hides, kips or calfskins is the highest price at which you sold or delivered the same type, weight, and grade of cut parts during November 1950. If the cut parts you are pricing are not the same as any you then sold or delivered, your ceiling price is a price in line with the price of the most closely related cut parts you sold or delivered during November 1950. You fix your in-line price by taking your selling price for the most closely related cut part you then sold or delivered, and making an adjustment to reflect your customary differentials in November 1950 for the difference between it and the cut part you are now pricing. If you had no customary differentials, make your adjustment on the basis of the customary trade differentials during November 1950. If you neither sold nor delivered any cut parts during November 1950, apply in writing to the Hides and Leather Section, Office of Price Stabilization, Washington 25, D. C., for a price based on the ceiling price of your most closely competitive seller. (In your application state your name and address and describe in detail the cut part you propose to sell, the terms of sale, and the price charged by your most closely competitive seller on such sales.) A cut part for which a ceiling price is thus requested may not be sold until the price has been approved by the Director of Price Stabilization, but the price you propose in the application shall be deemed approved 20 days after you mail the application (or all additional information which the Office of Price Stabilization may request) unless, within that time, you are notified that your proposed price has been disapproved.

SEC. 6. *Brokers and commissions.* If a broker is employed in the purchase of whole hides, kips or calfskins by or for the account of a tanner, not more than 2 percent of the ceiling price of the hides and skins purchased may be charged; but in no event may more than 40 cents per cwt. be charged by a broker who does not receive the hides or skins. Brokers who charge more than 40 cents per cwt. must physically inspect for quality, condition, cure, trim and grade,

in accordance with customary trade practices. They must also in their inspection determine that appropriate allowances have been granted, that the number of pieces in the shipment is correct by actual count, and that the weights shown on the invoice are correct.

A broker's commission is payable and may be added to the purchase price only if:

(a) It is shown as a separate charge in billing;

(b) The hides and skins are purchased at prices no higher than the ceiling prices; and

(c) No broker splits or divides the commission with the buyer or seller, or with an agent or employee of the buyer or seller.

No person may charge or receive a commission or fee on hides or skins sold for his own account, even though he may have performed the receiving service or any other service for the buyer. No person may charge, receive, pay or offer to pay a commission or fee on hides or skins sold green or partially cured. No commission or fee may be paid or received on hides or skins (except slunks) delivered in lots of less than 36,000 pounds of steer and cowhides, 20,000 pounds of bullhides, 20 000 pounds of kips, or 10,000 pounds of calfskins, except that the commission allowed by this section may be charged on the purchase of smaller lots of bullhides, kips or calfskins if they are received together with lots containing at least 36,000 pounds of steer and cowhides. (If, however, the quantity of bullhides or skins is less than the minimum required for top ceiling prices they must, of course, be invoiced at the appropriate discounts. For example, bullhides of less than 20,000 pounds must be sold at 2 cents less than the otherwise applicable ceiling price.)

SEC. 7. *Records and reports*—(a) *Records.* You must keep and make available for examination by the Office of Price Stabilization all records (the same kind as you customarily have maintained) relating to the prices you charge for hides, kips, calfskins and cut parts sold or delivered after the effective date of this regulation. You must also preserve all records relating to your sales and deliveries of cut parts in November 1950.

(b) *Reports.* Every person making sales of hides, kips, calfskins or cut parts to a tanner, or through a tanner's agent or broker, must mail, simultaneously with the commencement of the shipment, to the regional office of the Office of Price Stabilization nearest the consignee tanner, a copy of each invoice or similar document delivered in connection with any such sale. This invoice or document must contain all relevant details of the transaction, including (1) the quantity and price of each type, classification and grade of hides, skins or parts sold, the number of pieces and the gross weight, and (2) the tare and other allowances given or received, except that the number of pieces need not be reported on cut parts other than croupons, and the weight need not be reported on trimmed skins sold by the piece. If hides, skins or cut parts received by a tanner or by an agent or broker acting on his behalf differ in any material respect from the description thereof contained in the invoice or similar document delivered in connection with the purchase, the tanner, agent or broker must within 48 hours after inspection transmit to the nearest regional office of the Office of Price Stabilization a statement identifying the seller and the shipment, and setting forth such differences. The hides, skins or cut parts must be held segregated from other inventory, for a period of at least 8 days from inspection, to permit inspection by the Office of Price Stabilization.

SEC. 8. *What acts are prohibited by this regulation.* On and after March 31, 1951, regardless of any contract or other obligation, the following practices are forbidden:

(a) *Charging more than ceiling prices.* You are prohibited from selling, delivering or handling any hide, kip, calfskin or cut part at a price or commission higher than that permitted by this regulation. A lower price or commission may, of course, be charged.

(b) *Buying for more than ceiling price.* You are prohibited from buying or receiving, in the course of trade or business, any hide, kip, calfskin or cut part sold or delivered in violation of this regulation.

(c) *Evasion.* You must not evade or circumvent this regulation by any direct or indirect methods in connection with the sale, purchase, delivery or transfer of hides, kips, calfskins or cut parts, alone or in conjunction with any other commodity or material, or by way of commission, service or transportation charge, or other charge, or discount, premium, or other privilege, or by upgrading, tying-agreement, trade understanding, or otherwise.

(d) *Attempts to violate.* You are prohibited from agreeing, offering, soliciting, or attempting to do any of the acts prohibited by this regulation.

SEC. 9. *Enforcement.* If you violate any provision of this regulation, you are subject to the criminal penalties, civil enforcement actions, and suits for damages provided for by the Defense Production Act of 1950.

SEC. 10. *Petitions to amend this regulation.* Any person seeking an amendment of this regulation may file a petition for amendment in accordance with Price Procedural Regulation 1.

SEC. 11. *Temporary adjustments for dealers.* This section applies only to dealers. If, prior to January 25, 1951, you contracted in writing to make deliveries after January 28 of hides, kips or calfskins which, from January 8 to January 24, were delivered uncured at the premises where you cured them, you may apply for an adjusted ceiling price on those hides and skins.

(a) *How you apply.* On or before March 31, 1951, you must file the following documents with the Hides and Leather Section, Office of Price Stabilization, Washington 25, D. C.:

(1) A properly executed affidavit stating that you are a dealer, and showing your name and address and:

(i) The quantity, by type, classification, weight and grade, of the hides and skins remaining undelivered by you which, from January 8 to January 24, were delivered uncured at the premises where you cured them, and their actual cost to you (uncured);

(ii) Which of those hides and skins are covered by a written contract entered into prior to January 25, calling for delivery after January 28;

(iii) Your ceiling prices under section 2 or 3 of this regulation for the hides and skins covered by such contracts.

(2) A copy of each such contract, and of all the invoices or other documents evidencing delivery at the premises where you cured them of the hides and skins listed in subparagraph (1) (i) of this paragraph.

(b) *How your ceiling prices will be adjusted.* If you meet the requirements of this section, you will receive a special order authorizing you to sell at adjusted ceiling prices for a period of 20 days after the date of the order. The Office of Price Stabilization will first fix your proper costs and will then divide by 0.82 for hides, by 0.90 for skins. You may not charge more than the ceiling prices fixed by sections 2 and 3 of this regulation until you actually receive the special order.

SEC. 12. *Definitions.* (a) "Hides, kips and calfskins" includes all hides and skins of cattle of the bovine species originating in the 48 States and the District of Columbia.

(b) "Pacific Coast" includes California, Washington, Oregon, Arizona, Nevada, Idaho, Montana, Utah, and that part of Wyoming, Colorado and New Mexico west of Denver, Colorado.

(c) "Standard hide trim" means the standard head and tail trim prevailing on standard packer hides, in which the ears, ear butt fat and gristle, ox lips, snouts and lower lips are trimmed off in the green state, and the tails are cut off to not more than eight inches in length.

(d) "Pacific Coast trim" means the standard short trim used on kips and calfskins in the Pacific Coast area.

(e) "N. Y. City trimmed" describes the standard trim for kips and calfskins prevailing in and about New York City, in which the skin has had the head cut straight off behind the ears and the shanks cut off at the knees or above.

(f) "Producer" is a person engaged in the business of slaughtering.

(g) "Dealer" is a person other than a producer who sells to tanners.

(h) "Tanner" is a person who makes leather from hides, kips, calfskins or cut parts, or who has leather made for him. (Rawhide manufacturers are included.)

(i) "Point of shipment" means the place from which hides or skins are shipped to the purchaser, including the place from which a seller who has consolidated hides or skins into carload lots ships them to his purchaser.

(j) "Inspection" means examination of a representative selection of hides or skins in accordance with standard trade practice. In testing for grubs, standard practice may be followed at point of origin; and where hides or skins are sold unselected, a brand selection can be estimated from inspection of 100 hides or skins selected at random from each lot of 36,000 pounds or more.

(k) "Sell" includes sell, supply, dispose, barter, exchange, lease, transfer, and contracts and offers to do any of the foregoing. The terms "sale," "selling," "sold," "seller," "buy," "purchase," and "purchaser" shall be construed accordingly.

(l) "Delivered": A hide, kip, calfskin or cut part shall be deemed to have been delivered when it was received by the purchaser or by any carrier, including a carrier owned or controlled by the seller, for shipment to the purchaser.

(m) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons or legal successor or repesentative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

(n) All other trade terms used in this regulation have the meanings generally accepted in the trade.

Effective date. This revised regulation shall become effective on March 19, 1951, except that either this regulation or CPR 2 may be used between that date and March 30, 1951.

NOTE: The record-keeping and reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

MICHAEL V. DISALLE,
Director of Price Stabilization.

MARCH 15, 1951.

TABLE I—BASIC PRICES (HIDES)

Average net weight:	*Per pound f. o. b. point of shipment flat for No. 1's and No. 2's (cents)*
70 pounds and over	28½
69 pounds	28¾
68 pounds	29
67 pounds	29¼
66 pounds	29½
65 pounds	29¾
64 pounds	30
63 pounds	30¼
62 pounds	30½
61 pounds	30¾
60 pounds	31
59 pounds	31¼
58 pounds	31½
57 pounds	31¾
56 pounds	32
55 pounds	32¼
54 pounds	32½
53 pounds	32¾
52 pounds	33
51 pounds	33¼
50 pounds	33½
49 pounds	33¾
48 pounds	34
47 pounds	34¼
46 pounds	34½
45 pounds	34¾
44 pounds	35
43 pounds	35¼
42 pounds	35½
41 pounds	35¾
40 pounds	36
39 pounds	36¼
38 pounds	36½
37 pounds	36¾
36 pounds	37
35 to 30 pounds	37¼

NOTE 1. *Average net weight.* Before computing average net weight, separate your hides weighing 60 pounds and more from those weighing less than 60 pounds. (Invoice them separately, too.) You cannot include dry hides, bullhides weighing 58 pounds or more, or kips and calfskins when you are computing average net weight. (And they also must be invoiced separately.) The minimum tare allowance is 2 pounds for each Pacific Coast hide and 2 percent for other hides. (This does not apply to standard packer brine-cured hides or dry hides.) For manure and mud take the normal trade allowance. Make the normal trade adjustment for poor take-off or delivery, and inferior quality.

NOTE 2. *No. 1 hide selections.* If the following conditions are met, you may add 1¢ per pound for No. 1 hides having less than 5 grubholes:

(a) All hides in the lot are of packer quality, condition, takeoff and moisture content.

(b) Less than 20 percent show butcher damage that would make them No. 2's or No. 3's.

However, you may add this premium only when you deliver in lots of 36,000 pounds or more. After you once have charged the premium, all the lots you sell from the same point of shipment must meet the conditions described in (a) and (b). If the conditions are not met, and you therefore sell without adding the premium, you must wait 30 days before making another premium sale.

NOTE 3. *Bullhides.* Table I covers bullhides weighing less than 58 pounds. When they weigh 58 pounds or more the basic price is 23¢. (Neither this nor any other note applies when bullhides are sold to users, other than tanners, in quantities less than 100 hides per month. In such cases the ceiling price is 25¢ per pound, f. o. b. point of shipment.)

NOTE 4. *Pacific Coast hides.* Subtract 1½¢ per pound for hides weighing less than 68 pounds and for all bullhides. When Pacific Coast hides other than bullhides weigh 68 pounds or more the basic price is 28½¢.

NOTE 5. *Branded hides.* Subtract 1¢ per pound. (This does not apply to Pacific Coast hides, dry hides, or country hides.)

NOTE 6. *No. 3 and country hides.* Deduct 33⅓ percent for No. 3 hides; 10 percent for country hides (including renderer, abattoir and locker plant hides of inferior quality, take-off or pattern).

NOTE 7. *Dry hides.* The ceiling price for dry hides (and skins) weighing 15 pounds or more is 40¢ per pound; for those less than 15 pounds, 60¢. The former must be invoiced separately from the latter.

NOTE 8. *Trim.* Deduct 10 percent for hides not trimmed in accordance with standard hide trim. (This does not apply to dry hides.)

NOTE 9. *Inspection.* When hides are inspected at a tannery or warehouse within 14 days from the date of shipment, a tolerance of 3 percent is allowed on net invoice weights. For each additional 7-day period add 1 percent, but the total allowance cannot exceed 5 percent.

NOTE 10. *Small lots.* For lots less than 36,000 pounds subtract 3¢ per pound. But if you deliver 36,000 pounds or more to the same purchaser in more than one truckload, this 3¢ discount applies to the contents of each truck only when less than 36,000 pounds are delivered to the purchaser within a 3-day period. If you include bullhides weighing 58 pounds or more in your 36,000 pound lots, in an amount less than 20,000 pounds, subtract 2¢ per pound for each bullhide.

TABLE II—STANDARD PACKER SELECTIONS (HIDES)

You may not use this table for fully cured hides unless you deliver from the point of shipment in lots of 36,000 pounds or more. Moreover, producers may use this table only when they have not used Table I for any lots sold from the same point of shipment during the preceding 30 days. Not more than 20 percent of the hides may show butcher damage that would make them No. 2's or No. 3's. Not more than 4 selections may be included in the same shipment, and each must be identified separately on the invoice.

	Per pound f. o. b. point of shipment
Heavy native steers	33
Light native steers	36½
Ex light native steers	39
Heavy native cows	34
Light native cows:	
36/43 pound average	37
43/45 pound average	36½
Over 45 pound average	36
Native cows and ex light native steers (mixed):	
Not over 36 pound average	41
Not over 38 pound average	39
Branded cows	33
Butt branded and heavy Texas steers	30
Colorado steers	29½
Light branded steers	34½
Ex light branded steers	37
Native bulls (if branded, 1¢ less)	24

NOTE 1. *Pacific Coast hides.* Subtract ½¢ per pound.

NOTE 2. *Tare allowance.* The minimum tare allowance is 3 percent. (This does not apply to standard packer brine-cured hides.)

NOTE 3. *No. 2 and No. 3 hides.* Subtract 1¢ per pound for No. 2's. (Each No. 1 hide having 5 or more grubholes is classed as a No. 2.) Deduct 33⅓ percent for No. 3's.

NOTE 4. *Bullhides.* Subtract 2¢ per pound when less than 20,000 pounds are shipped.

NOTE 5. *Manure and mud.* Take the normal trade allowance.

TABLE III—BASIC PRICES (SKINS)

	Flat for No. 1's and No. 2's, f. o. b. point of shipment	
	Cents per pound	Per piece
Calf (under 15 pounds)	72	
Kip (15-30 pounds)	51	
Pacific Coast kip (15-30 pounds)	50	
Pacific Coast calf, 6-15 pounds	72½	
Pacific Coast calf under 6 pounds		$4.60
Pacific Coast slunks, regular		2.60
Other slunks, regular		3.25
Slunks, hairless		.90

NOTE 1. *Tare allowance.* When skins are sold by the pound, the minimum tare allowance is ½ pound for each Pacific Coast skin and 2% for other skins.

NOTE 2. *No. 3 and country skins.* Deduct 33⅓ percent for No. 3 skins. For country skins (including renderer, abattoir and locker plant skins of inferior quality, take-off or pattern), the basic price is 55¢ per pound for skins under 15 pounds and 45¢ for skins 15 to 30 pounds.

NOTE 3. *Trim.* For Pacific Coast calf 6 to 15 pounds, not trimmed in accordance with Pacific Coast trim, deduct 20 percent. For Pacific Coast kips not trimmed in accordance with either Pacific Coast or standard hide trim, and for skins other than Pacific Coast skins not trimmed in accordance with standard hide trim, deduct 10 percent.

NOTE 4. *Inspection.* When skins are inspected at a tannery or warehouse within 14 days from the date of shipment, a tolerance of 3 percent is allowed on net invoice weights. For each additional 7-day period add 1 percent, but the total allowance cannot exceed 5 percent.

NOTE 5. *Small lots.* For calf, subtract 5¢ per pound for lots less than 10,000 pounds; for kip, subtract 3¢ per pound for lots less than 20,000 pounds. (This does not apply

when the skins are to be used exclusively for rawhide.)

NOTE 6. *Invoicing.* Skunks and other skins sold by the piece must be invoiced separately from skins sold by the pound.

NOTE 7. *Dry skins.* The ceiling price for dry skins (and hides) weighing 15 pounds or more is 40¢ per pound; for those less than 15 pounds, 60¢. The former must be invoiced separately from the latter.

TABLE IV—STANDARD PACKER SELECTIONS (SKINS)

(This table does not apply to Pacific Coast skins)

	F. o. b. point of shipment	
	Cents per pound	Per piece
No. 1 Calf (under 15 pounds)	80	
No. 1 Kip, 15–25 pounds	60	
No. 1 Kip, 25–30 pounds	55	
Skunks, regular		$3.75
Skunks, large, hairless		1.10
Skunks, small, hairless		.75

NOTE 1. *No. 2 and No. 3 skins.* Deduct 10% for No. 2's (except on slunks); 33⅓% for No. 3's.

NOTE 2. *Branded kips.* Subtract 2½¢ per pound.

NOTE 3. *Tare allowance.* The minimum tare allowance is ½ pound per calfskin and ¾ pound per kip. (This does not apply to standard packer brine-cured skins or to slunks.)

TABLE V—N. Y. CITY TRIMMED SKINS

Weight	Per piece, f. o. b. point of shipment	
	Standard packer	Good collector
Under 4 pounds	$3.75	$3.65
4–5 pounds	4.75	4.65
5–7 pounds	6.00	5.85
7–9 pounds	7.15	6.70
9–12 pounds	9.60	9.10
12–17 pounds	10.85	10.00
17–25 pounds	13.50	13.15

NOTE 1. *Pacific Coast skins.* Subtract 15¢ for calfskins weighing less than 15 pounds. For kips (15–25 pounds), the ceiling price flat for No. 1's and No. 2's is 57½¢ per pound.

NOTE 2. *No. 2 and No. 3 skins.* Deduct 10 percent for No. 2 skins (except on Pacific Coast kips); 23⅓ percent for No. 3 skins.

NOTE 3. *Trim, take-off and delivery.* Deduct 10 percent for skins failing to meet established standards of trim, take-off and delivery for the type and grade sold.

NOTE 4. *Small lots.* Deduct 10 percent for lots less than 500 skins. (You must count skins weighing under 12 pounds and skins weighing 12 and over in separate lots.)

[Enforcement Procedure Reg. 1]

EP1—DEFINING THE SCOPE AND AUTHORITY FOR ISSUANCE AND USE OF INSPECTION AUTHORIZATIONS UNDER THE DEFENSE PRODUCTION ACT OF 1950

By virtue of the authority vested in me as Assistant Director of Price Stabilization for Enforcement (Director of Enforcement) by Administrative Order No. 22 and pursuant to Administrative Order 22, Supp. 1, 2, and 3, issued pursuant to Executive Order No. 10161 (15 F. R. 6105), Economic Stabilization Agency General Order No. 2 (16 F. R. 738), and Economic Stabilization Agency General Order No. 5 (16 F. R. 1273), and in order to define the manner in which Inspection Authorizations may be utilized by enforcement agents and employees of the Office of Price Stabilization under the Defense Production Act of 1950, this regulation is issued:

SECTION 1. An Inspection Authorization as used herein is an order which requires any person to permit a duly authorized representative of the Office of Price Stabilization to inspect books, records and other writings in the possession or control of said person at the place where such person usually keeps them; and to inspect the premises or property of said person.

SEC. 2. Inspection Authorizations may be signed and issued only by the Assistant Director of Price Stabilization for Enforcement (Director of Enforcement), Regional Enforcement Directors and District Enforcement Directors, and only in connection with any investigation or proceeding relating to the administration or enforcement of the Defense Production Act of 1950 or of any regulations or orders of the Office of Price Stabilization issued thereunder.

SEC. 3. Inspection Authorizations shall specify the person to be served, the title or official position of such person, the evidence sought to be adduced, its general relevancy, and the scope and purpose of the investigation, inspection or inquiry to be made. If books, records, and other writings, premises or property, are sought to be inspected, the request shall describe said books, records, and other writings, premises or property, with particularity. No Inspection Authorization shall be issued until it is assured that the information sought is not available at any Federal or other responsible agency.

SEC. 4. Service of an Inspection Authorization upon an individual shall be made by personally serving the Inspection Authorization upon the person named therein. Service upon other than an individual may be had by serving an officer, a managing or general agent, or any other agent authorized by appointment or by law to accept service of process. A duplicate original of any such Inspection Authorization shall be left with the person served. Any person eighteen years of age or over may serve an Inspection Authorization. The person making the service shall make an affidavit as to the manner in which service was made and forthwith return the original Inspection Authorization and affidavit to the issuing officer. In case of failure to make service, the reasons for the failure should be stated on the original Inspection Authorization.

SEC. 5. The terms herein shall have the same meaning as in the Defense Production Act of 1950.

(Sec. 704, Pub Law 774, 81st Cong. Interpret or apply Title IV, Pub. Law 774, 81st Cong.; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.)

This Regulation shall become effective March 17, 1951.

Issued this 16th day of March 1951.

E. B. MORGAN,
Assistant Director of Price Stabilization for Enforcement (Director of Enforcement).

[F. R. Doc. 51-3508; Filed, Mar. 16, 1951; 11:42 a. m.]

[Enforcement Procedure Reg. 2]

EP 2—DEFINING THE SCOPE AND AUTHORITY FOR ISSUANCE AND USE OF SUBPENAS UNDER THE DEFENSE PRODUCTION ACT OF 1950

By virtue of the authority vested in me as Assistant Director of Price Stabilization for Enforcement (Director of Enforcement), by Administrative Order No. 22 and pursuant to Administrative Order No. 22, Supp. 1, 2, and 3, issued pursuant to Executive Order No. 10161 (15 F. R. 6105), Economic Stabilization Agency General Order No. 2 (16 F. R. 738), and Economic Stabilization Agency General Order No. 5 (16 F. R. 1273), and in order to define the manner in which the power of subpena may be utilized by enforcement agents and employees of the Office of Price Stabilization of the Economic Stabilization Agency under the Defense Production Act of 1950, this regulation is issued:

SECTION 1. Subpenas may be issued in connection with any investigation or proceeding relating to the administration or enforcement of the Defense Production Act of 1950, or any regulation or order issued thereunder by the Office of Price Stabilization. Subpenas may require any person to appear and testify under oath or to appear and produce books, records and other writings at any designated place.

SEC. 2. Subpenas shall be issued only after the scope and purpose of the investigation, inspection, or inquiry to be made have been defined by the Assistant Director of Price Stabilization for Enforcement (Director of Enforcement), Regional Enforcemnt Director or District Enforcement Director of the Office of Price Stabilization having jurisdiction over such investigation, inspection, or inquiry, and it is assured that no adequate and authoritative data requested by such subpena are available from any Federal or other responsible agency. If books, papers, or documents are sought to be obtained, the subpena shall describe such books, papers, or documents with reasonable particularity.

SEC. 3. Service of a subpena upon an individual shall be made by personally serving the subpena upon the person named therein. Service upon other than an individual may be had by serving an officer, a managing or general agent, or any other agent authorized by appointment or by law to receive such service. A duplicate original of any such subpena shall be left with the person served. Any person eighteen years of age or over may serve a subpena. The person making the service shall make an affidavit as to the manner in which service was made and forthwith return the original subpena and affidavit to the issuing officer. In case of failure to make service, the reasons for the failure should be stated on the original subpena. Witnesses are entitled to be paid the same fees and mileage that are paid witnesses in the courts of the United States but such fees and mileage shall not be tendered at the time of service of the subpena.

(Sec. 704, Pub. Law 774, 81st Cong. Interpret or apply Title IV, Pub. Law 774; 81st Cong.; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.)

This regulation shall become effective March 17, 1951.

Issued this 16th day of March, 1951.

E. B. MORGAN,
Assistant Director of Price Stabilization for Enforcement (Director of Enforcement).

[F. R. Doc. 51-3509; Filed, Mar. 16, 1951; 11:42 a. m.]

Chapter VI—National Production Authority, Department of Commerce

[NPA Order M-3, as amended March 15, 1951]

M-3—COLUMBIUM- AND TANTALUM-BEARING STEELS—PRODUCTION AND USE

This order as amended is found necessary and appropriate to promote the national defense and is issued pursuant to the authority granted by section 101 of the Defense Production Act of 1950. In the formulation of this order as amended there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations.

This order as amended amends §§ 21.1, 21.2, 21.3, 21.4 and 21.8 of NPA Order M-3 of October 19, 1950; redesignates §§ 21.1 through 21.3 as sections 1 through 3; adds a new section designated as section 4; redesignates §§ 21.4 through 21.8 as sections 5 through 9; changes the word "part" to "order" wherever it appears; and changes the heading from "Columbium - Bearing Steel" to "Columbium- and Tantalum-Bearing Steels."

Sec
1. What this order does.
2. DO ratings required.
3. Use of substitutes.
4. Restrictions.
5. Exceptions.
6. Application for adjustment or exception.
7. Communications.
8. Records and reports.
9. Violations.

AUTHORITY: Sections 1 to 9 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp., sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. *What this order does.* This order applies to columbium- and tantalum-bearing steels and to the producers, dealers and users thereof. In view of the fact that columbium, ferro-columbium and ferro-columbium-tantalum are in short supply, it is essential that the production, distribution and use of columbium- and tantalum-bearing steels be limited to DO rated orders and NPA directives. This order, in addition, prohibits the use of columbium-bearing steels in any application or process where columbium - tantalum - bearing steels may be used as a substitute for Columbium-bearing steels; forbids the use of either if the use of any other substitute will meet the requirements of the use to be made of the material; and restricts the use of columbium and tantalum in the production of steel.

SEC. 2. *DO ratings required.* Except as may be otherwise ordered by NPA, no columbium- or tantalum-bearing steels shall be produced, sold, delivered or purchased except pursuant to DO rated orders or NPA directives.

SEC. 3. *Use of substitutes.* No columbium-bearing steel shall be used or incorporated in any product or material if columbium-tantalum-bearing steel will meet the requirements for the use to be made of the product or material. In no case shall any columbium or columbium-tantalum-bearing steel be used or incorporated in any product or material if any substitute therefor will meet the requirements for the use to be made of the product or material.

SEC. 4. *Restrictions.* No person shall produce any columbium or columbium-tantalum-bearing steel if the material specifications for the same require the ratio between columbium (or columbium-tantalum) and carbon to be greater than eight to one as a minimum.

SEC. 5. *Exceptions.* This order shall not prohibit the completion of the production and the delivery of materials or products containing columbium or tantalum in any form previously ordered and accepted, which by reason of the condition or nature of the materials or products cannot, without excessive loss of yield, be used in connection with DO rated orders, nor shall it prohibit the use, in filling DO rated orders, of columbium-bearing steel or columbium-tantalum-bearing steel held at the effective date of this order, as amended, in the inventory of a producer or fabricator of steel products.

SEC. 6. *Application for adjustment or exception.* Any person affected by any provision of this order may file an application for an adjustment or exception upon the ground that such provision works an exceptional hardship upon him not suffered generally by others, or that its enforcement against him would not be in the interest of the national defense program. All such applications should be addressed to National Production Authority, Washington 25, D. C., Ref: M-3.

SEC. 7. *Communications.* All communications concerning this order shall be addressed to National Production Authority, Washington 25, D. C., Ref: M-3.

SEC. 8. *Records and reports.* (a) Each person participating in any transaction covered by this order shall retain in his possession for at least 2 years records of receipts, deliveries, inventories, and use, in sufficient detail to permit an audit that determines for each transaction that the provisions of this order have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

(b) All records required by this order shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of the National Production Authority.

(c) Persons subject to this order shall make such records and submit such reports to the National Production Authority as it shall require, subject to the terms of the Federal Reports Act. (Pub. Law 831, 77th Cong., 5 U. S. C. 139–139F).

SEC. 9. *Violations.* Any person who wilfully violates any provision of this order or any other order or regulation of NPA or wilfully conceals a material fact or furnishes false information in the course of operation under this order is guilty of a crime and upon conviction may be punished by fine or imprisonment or both. In addition, administrative action may be taken against such person to suspend his privileges of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

This order as amended shall take effect on March 15, 1951.

NATIONAL PRODUCTION AUTHORITY,
[SEAL] MANLY FLEISCHMANN,
Administrator.

[F. R. Doc. 51-3482; Filed, Mar. 15, 1951; 4:56 p. m.]

[NPA Order M-49]

M-49—COLUMBIUM AND TANTALUM

This order is found necessary and appropriate to promote the national defense and is issued pursuant to the authority of section 101 of the Defense Production Act of 1950. In the formulation of this order, there has been consultation with industry representatives, and consideration has been given to their recommendations. However, consultation with representatives of all trades and industries affected in advance of the issuance of this order has been rendered impracticable by the fact that the order affects a large number of different trades and industries.

Sec.
1. What this order does.
2. Definitions.
3. Relation to other regulations and orders.
4. Substitution required.
5. Allocation authorization required.
6. Exceptions to allocation requirements.
7. Limitations on inventory.
8. Records to be kept.
9. Audit and inspection.

Sec.
10. Reports.
11. Adjustments and exceptions.
12. Communications.
13. Violations.

AUTHORITY: Sections 1 to 13 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp., sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. *What this order does.* The purpose of this order is to conserve and to provide for the distribution and use of "columbium and tantalum," as hereinafter defined, so as best to serve the interests of the national defense program and of defense supporting activities. It makes "columbium and tantalum" subject to allocation. It prohibits, subject to certain exceptions, deliveries of "columbium and tantalum," except by authorizations to be issued monthly by the National Production Authority (hereinafter called "NPA").

SEC. 2. *Definitions.* As used in this order: (a) "Person" means any individual, corporation, partnership, association, or any other organized group of persons and includes any agency of the United States or any other government.

(b) "Columbium and tantalum" means and includes ferrocolumbium, ferrotantalum, and ferrocolumbium-tantalum.

SEC. 3. *Relation to other regulations and orders.* The provisions of this order supersede NPA Order M–3 and all other NPA regulations and orders to the extent that they are in conflict herewith, but in all other respects, such regulations and orders continue in full force and effect. The NPA may, from time to time, issue directives as to deliveries or use of "columbium and tantalum" and, unless otherwise provided therein, such directives will prevail over the provisions of this order.

SEC. 4. *Substitution required.* No person, whether pursuant to a DO rated order or otherwise, shall incorporate any "columbium and tantalum" into any product or material in any case in which the incorporation of a substitute or substitutes will meet the requirements for use to be made of any such product or material.

SEC. 5. *Allocation authorization required.* (a) After April 1, 1951, no person shall deliver or accept delivery of or use "columbium and tantalum" in any month except in accordance with the terms of an allocation authorization issued for such month by NPA in accordance with this section. In the case of a person who keeps separate inventory records for any separate operating or producing units, each such separate operating or producing unit shall be deemed a person for purposes of this section.

(b) NPA may, from time to time, allocate the supply of "columbium and tantalum" and specifically direct the manner and quantities in which deliveries to particular persons or for particular uses may be made or withheld. Any person seeking to place a purchase order for "columbium and tantalum" may be required to place the same with one or more particular suppliers.

(c) An application for an allocation must be filed with NPA by the applicant on Form NPAF–15 and NPAF–41, not later than the 15th day of the month preceding the month in which delivery is sought (provided, that applications with respect to delivery in April, 1951, must be filed not later than March 21, 1951). Such application must furnish all information required by said forms.

(d) The authorization allocation (Form NPAF–41) issued will be sent by NPA to the appropriate supplier or suppliers and a copy furnished to the purchaser. The authorization will require a supplier to make delivery to the extent of the purchaser's orders within the limits of the authorization.

SEC. 6. *Exceptions to allocation requirements.* The provisions of section 5 of this order shall not apply to:

(a) Deliveries to the General Services Administration, or any other duly authorized governmental agency, for the purpose of stockpiling.

(b) Deliveries to any person whose total receipts from all sources during the current calendar month are not thereby made to exceed 10 pounds of contained "columbium and tantalum," and who delivers a signed certification to his supplier as follows:

Certified under M–49

Such certification constitutes a representation to the supplier and to the NPA that the purchaser is authorized under the provisions of this order to accept delivery of "columbium and tantalum" as permitted hereby, and that his receipt of the shipment in the amount requested, during the month of specified delivery, will not bring his total receipts of "columbium and tantalum" during that month above 10 pounds (columbium and tantalum content).

(c) Deliveries of columbium- and tantalum-bearing scrap: *Provided*, That any such scrap which is fit for re-melting must be disposed of in such a manner that it will be used in the production of columbium- and tantalum-bearing steel.

(d) Deliveries of columbium- and tantalum-bearing ores and concentrates by any producer, dealer, or processor.

(e) Deliveries of the pure metal tantalum or columbium in any amount.

SEC. 7. *Limitations on inventory.* No person shall place an order for "columbium and tantalum" calling for delivery, and no person shall accept delivery of "columbium and tantalum" at a time when his inventory exceeds, or by acceptance of such delivery, would be made to exceed 30 days' requirements at his then scheduled rate and method of operation. Any person who, on the effective date of this order or at any other time, has outstanding orders for "columbium and tantalum" calling for delivery earlier or in quantities greater than he would be permitted to receive under this section shall forthwith notify his supplier of the extent to which delivery cannot be accepted as scheduled, and such orders shall be adjusted accordingly. Imported as well as domestic "columbium and tantalum," except when such imported "columbium and tantalum" has been purchased for resale, is subject to this section and so is to be included in computing inventory as aforesaid "Columbium and tantalum" which has been subjected to minor processing, but has not yet been actually incorporated into a finished or partially finished product, is likewise to be included in computing inventory. This section is applicable irrespective of whether or not any such orders or deliveries are made in accordance with an allocation authority.

SEC. 8. *Records to be kept.* Each person participating in any transaction covered by this order shall retain in his possession for at least two years records of receipts, deliveries, inventories, and use, in sufficient detail to permit an audit that determines for each transaction that the provisions of this order have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

SEC. 9. *Audit and inspection.* All records required by this order shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of NPA.

SEC. 10. *Reports.* Persons subject to this order shall make such records and submit such reports to NPA as it shall require, subject to the terms of the Federal Reports Act (5 U. S. C. 139–139F).

SEC. 11. *Adjustments and exceptions.* Any person affected by any provision of this order may file a request for an adjustment or exception upon the ground that such provision works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interest of the national defense or in the public interest. In considering requests for adjustment claiming that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing and shall set forth all pertinent facts and the nature of the relief sought and shall state the justification therefor.

SEC. 12. *Communications.* All communications concerning this order shall be addressed to the National Production Authority, Washington 25, D. C. Ref: M–49.

SEC. 13. *Violations.* Any person who wilfully violates any provision of this order, or furnishes false information or conceals any material fact in the course of operation under it, is guilty of a crime and upon conviction may be punished by fine or imprisonment, or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All record-keeping and reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This order shall take effect on March 15, 1951.

NATIONAL PRODUCTION AUTHORITY,
[SEAL] MANLY FLEISCHMANN,
Administrator.

[F. R. Doc. 51-3479; Filed, Mar. 15, 1951; 4:52 p. m.]

[NPA Order M–1, as amended March 15, 1951]

M–1—IRON AND STEEL

This amendment to order M–1 is found necessary and appropriate to promote the national defense and is issued pursuant to authority granted by section 101 of the Defense Production Act of 1950. In the issuance of this amendment, consultation with industry representatives has been rendered impracticable due to the necessity for immediate action.

This amendment affects NPA Order M–1 as amended February 23, 1951, by making changes in Table I. As so amended, NPA Order M–1 reads as follows:

Sec.
1 What this order does.
2. Forms of iron and steel products to which this order applies.
3 Required shipment dates.
4 Rejection of rated orders (lead time).
5. Product limitation for acceptance of rated orders.
6. Conditions for acceptance of rated orders.
7. Changes in lead time.
8. Allotments for further conversion.
9. Extension of ratings for further conversion of steel products.
10 NPA assistance in placing rated orders.
11. Scheduled programs.
12. Minimum orders.
13. Inventories.
14. Application for adjustment or exception.
15. Communications.
16. Reports.
17 Records.
18. Audits and inspection.
19 Violations.

AUTHORITY: Sections 1 to 19 issued under sec. 704, Pub. Law 774, 81st Cong. Interprets or applies sec. 101, Pub. Law 774, 81st Cong., sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp., sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. *What this order does.* This order applies particularly to producers of iron and steel and provides rules for placing, accepting, and scheduling rated orders for iron and steel. Its purpose is to provide equitable distribution of rated orders among all iron and steel producers of the particular products in order to make possible maximum production and to reduce to a minimum disruption of normal distribution. It makes provision for required acceptance of rated orders based on a percentage of previous shipments, and provides for allotment, and maximum inventories. It supplements NPA Regs. 1 and 2, but only those provisions of Regs. 1 and 2 which are inconsistent with this order are superseded, and all other provisions of those regulations continue to apply to the iron and steel industry.

SEC. 2. *Forms of iron and steel products to which this order applies.* The iron and steel products to which this order applies are set out in Table I at the end of this order. Table I also sets out the lead time (days) and product limitation for acceptance of rated orders. This order also applies to all second quality materials and shearings and material sorted or salvaged from steel scrap and sold for other than remelting purposes.

SEC. 3. *Required shipment dates.* A rated order for iron or steel in any of the forms listed in Column A of Table I must specify shipment on a particular date or in a particular month, which, in no case, may be earlier than required by the person placing the order. The producer of iron or steel must schedule the order for shipment within the requested month as close to the requested shipment date as is practicable considering the need for maximum production.

SEC. 4. *Rejection of rated orders (lead time).* A producer of iron or steel in a form listed in Column A of Table I need not accept a rated order which is received by him less than the number of days (lead time) set forth in Column B of Table I prior to the first day of the month in which shipment is requested, unless specifically directed to accept such order by the National Production Authority.

SEC. 5. *Product limitation for acceptance of rated orders.* Unless specifically directed by NPA, no iron or steel producer shall be required to accept rated orders for shipment from any one producing unit regardless of location in any one month in excess of the percentages set forth in Column C of Table I, of his average monthly shipments of the products listed in said column, as made by him during the period from January 1, 1950, through August 31, 1950. Where no percentage limitation is set forth as to any product, it is expected that the amount of such product to be called for by rated orders will be relatively small.

SEC. 6. *Conditions for acceptance of rated orders.* Unless otherwise specifically directed by the National Production Authority, and subject to the provisions of NPA Reg. 2, each iron or steel producer shall be required to accept rated orders calling for shipment in any one month from any one of his producing units regardless of location, of products listed in Column A of Table I up to the amount of the percentages listed in Column C of Table I of his average monthly shipments of such products from that producing unit during the period from January 1, 1950, to August 31, 1950. Where no percentage is listed in Column C, in regard to any iron or steel product, each iron or steel producer shall be required to accept all rated orders served upon him, subject to the provisions of NPA Reg. 2, unless otherwise specifically directed by the National Production Authority.

SEC. 7. *Changes in lead time.* (a) If an iron or steel producer would have an open space on his production schedule created by the difference between the lead time of forty-five days as established by this order as originally issued or as subsequently amended, and a longer lead time as established by section 4, he shall continue to accept rated orders to fill such open space on his production schedule, on the basis of a lead time of forty-five days, before he applies the newly established longer lead time. In filling such open space on his production schedule, as above referred to, an iron or steel producer shall be governed by the product limitation percentage appearing in Column C of Table I.

Example: Under the previously established lead time of 45 days, a steel producer would, up to December 17, 1950, accept DO rated orders for shipment in February 1951. Where a lead time has been increased to 120 days, he would, up to January 31, 1951, accept DO rated orders for shipment in June 1951. In the application of this example, the steel producer would continue to accept DO rated orders for shipment in March and April 1951, on a 45-day lead time until he had arrived in any one month at the product limitation percentage of that product as set forth in Column C of Table I. Thereafter, he would conform to the new lead time of 120 days for shipment in the succeeding months.

(b) In the example in paragraph (a) of this section, if the product limitation percentage under Column C of Table I as to that particular iron or steel product has been increased from 5 percent to 10 percent, the iron or steel producer should accept DO rated orders up to the amount of the new product limitation percentage figure, commencing with shipments for the month of March, 1951, and should continue at that new figure thereafter.

SEC. 8. *Allotments for further conversion.* A steel producer who buys from another steel producer a steel product listed under the heading "Steel Mill Products" in Column A of Table I (herein called "steel mill products"), and by further processing converts, for resale, the purchased steel into another steel

mill product is engaged in further conversion. For the purpose of this section, the steel producer who sells a steel mill product for further conversion shall be called a producer supplier and the steel producer engaged in further conversion shall be called a converter. Each producer supplier shall make a monthly allotment of his production of each steel mill product that remains after shipments on DO ratings and NPA directives to each of his converter customers. Such monthly allotment shall be at least equal to that percentage of his available production so remaining, as the producer supplier's shipments to each converter customer bore to his total shipments, during the base period, from January 1, 1950, through September 30, 1950. A producer supplier must accept orders placed by his converter customer up to the limit of his allotment: *Provided, however*, That such orders are placed in accordance with the lead times in Column B of Table I. Shipments under such allotments shall be made in addition to shipments to the same converter customer pursuant to authorized extension of DO ratings. Orders placed under the provisions hereof must be for substantially the same product as was supplied to each such converter during such period, except for minor variations in size and design. In determining the amount of the monthly allotments, adjustments may be made by a producer supplier, with the consent of the converter involved, to provide for any abnormal situations which affect any steel products.

SEC. 9. *Extension of ratings for further conversion of steel products.* All DO ratings extended for the purpose of further conversion of steel products shall have the symbol FC added to the two-digit designation following the prefix DO on the order.

SEC. 10. *NPA assistance in placing rated orders.* Any person who is unable to place a rated order for iron or steel due to the limitations imposed by sections 5 and 6 should apply to the NPA, Iron and Steel Division, Ref.: M–1, specifying the producers who refused to accept the order. The NPA will arrange to assist him in locating other sources of supply.

SEC. 11. *Scheduled programs.* NPA will from time to time approve scheduled programs calling for the production and delivery of iron and steel products for stated purposes, over specified periods of time. Upon approval of major programs of this type, supplements to this order will be issued describing such programs and specifying the manner in which they are to be carried out by the iron and steel industry. Thereafter, directives will be issued to individual concerns establishing schedules for their participation in such programs. Such directives shall be complied with by the recipients in accordance with the terms thereof, unless otherwise directed by NPA.

SEC. 12. *Minimum orders.* The minimum orders that may be placed with DO ratings or under NPA directives are set out in Table II at the end of this order. The minimum quantity for each size and grade of any item for shipment at any time to any one destination is listed opposite the appropriate item. If all other requirements of this order have been met, orders for such minimum quantities shall be accepted.

SEC. 13. *Inventories.* In addition to the provisions of NPA Reg. 1, relating to Inventory Control, it is considered that a more exact requirement applying to users of iron or steel products is necessary. No person obtaining iron or steel products for use in manufacture, processing or construction, may receive or accept delivery of a quantity of iron or steel products if his inventory is, or by such receipt would become, in excess of that necessary to meet his deliveries or supply his services on the basis of his scheduled method and rate of operation pursuant to this order during the succeeding 45-day period, for steel products, gray and malleable iron castings, and 30-day period for pig iron, or in excess of a practicable minimum working inventory (as defined in NPA Reg. 1), whichever is less. For the purpose of this section, iron and steel products listed in Table I in which only minor changes or alterations have been effected shall be included in inventory. NPA Reg. 1 will apply to iron and steel products except as modified by this section. Said 45-day limitation does not apply to persons who order structural steel for use in construction (including buildings, bridges and other structures of a like type) and who order it delivered cut to the specifications required for a specific project and who normally keep such steel segregated for the specific project. Instead, no such person may accept delivery of such steel more than 45 days before it is scheduled to be fabricated or, if it is not to be further fabricated, before it is scheduled to be assembled.

SEC. 14. *Application for adjustment or exception.* Any person affected by any provision of this order may file a request for adjustment or exception upon the ground that his business operation was commenced during or after the base period, or because any provision otherwise works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or its enforcement against him would not be in the interest of the national defense or in the public interest. In considering requests for adjustment claiming that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing, shall set forth all pertinent facts and the nature of the relief sought, and shall state the justification therefor.

SEC. 15. *Communications.* All communications concerning this order shall be addressed to National Production Authority, Washington 25, D. C., Ref: M–1.

SEC. 16. *Reports.* Persons subject to this order shall make such records and submit such reports to the NPA as it shall require, subject to the terms of the Federal Reports Act (P. L. 831, 77 Cong., 5 U. S. C. 139–139F). All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942. In accordance with this section all steel producers are required to report on "NPAF–13—Steel Producers' Report of Orders Accepted for DO Ratings and Programs" the orders accepted bearing DO ratings and orders resulting from programs made effective by NPA directives; and on "NPAF–17—Steel Producers' Monthly Report of Shipments and Past Due Orders" the record of the shipments and past due orders by DO ratings and programs made effective by NPA directives.

SEC. 17. *Records.* Each person participating in any transaction covered by this order shall retain in his possession for at least two years records of receipts, deliveries, inventories, and use, in sufficient detail to permit an audit that determines for each transaction that the provisions of this order have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

SEC. 18. *Audit and inspection.* All records required by this order shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of the NPA.

SEC. 19. *Violations.* Any person who wilfully violates any provision of this order or any other order or regulation of NPA or wilfully conceals a material fact or furnishes false information in the course of operation under this order is guilty of a crime and upon conviction may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

This order as amended shall take effect on March 15, 1951.

NATIONAL PRODUCTION AUTHORITY,
[SEAL] MANLY FLEISCHMANN,
Administrator.

TABLE I—IRON AND STEEL PRODUCTS TO WHICH THIS ORDER APPLIES

Column A	Column B: Lead times (days)			Column C: Product limitation: required acceptance (percentage)		
Name of product	Carbon (including low alloy high strength) (1)	Stainless (2)	Full alloy (3)	Carbon (including low alloy high strength) (1)	Stainless (2)	Full alloy (3)
Steel mill products:						
Ingots	45	45	45	5	35	25
Billets, projectile and shell quality	45		45	[15]		[1]
Blooms, slabs, billets (except projectile and shell quality)	45	45	45	[12] 20	[12] 25	[12] 45
Tube rounds	45	45	45	30	[13] 0	60
Sheet bars	45	45	45	5	[13] 0	5
Skelp	45			5		
Wire rods	45	60	45	20		45
Structural shapes (heavy)	45	120	60	20		
Steel piling	45		[1]	15		[1]
Plates—Rolled armor		45	60	45	70	25
Plates—Other		45		10		
Rails—Standard (over 60 pounds)		45		10		
Rails—All other		45		10		
Joint bars		45		10		
Tie plates		45		10		
Track spikes		45		5		5
Wheels (rolled and forged)		45		5		5
Axles						
Bars—Hot rolled, projectile and shell quality (includes all projectile components such as fuzes, adapters and base plugs)		45	45	[14]		[14]
Bars—Hot rolled, other (including light shapes)	[6]		[6]	20	50	45
Bars—Reinforcing		45		20		
Bars—Cold finished	[7]	75	[7]	15	50	40
Bars—Tool steel	[8]		[8]			
Bars—Rounds for piercing			60			40
Standard pipe		45	90	10	25	
Oil-country goods		45				
Line pipe		45		10		
Mechanical tubing	[9]	90	90	25	50	40
Pressure tubing	[9]	90	90	10	50	25
Wire—Drawn		75	60	[16]	50	25
Wire—Nails and staples		45		10		
Wire—Barbed and twisted		45		10		
Wire—Woven wire fence		45		5		
Wire—Bale ties		45		5		
Tin mill black plate		45		5		
Tin- and terne-plate, hot dipped		45		5		
Tin plate, electrolytic		45		5		
Sheets—Hot rolled		45		5		
Sheets—Cold rolled		45		10		
Sheets—Galvanized		45		15		
Sheets—All other coated		45		5		
Sheets—Enameling		45		5		
Electrical sheets and strip		45	60	5		35
Strip—Hot rolled		45	60	15	45	5
Strip—Cold rolled		45	75	12	25	5
Steel castings:			60			
High alloy, rough as cast (heat and corrosion resisting)		[11] 60	[11] 60		20	20
Carbon and low alloy		[11] 60		20		
Steel products, fabricated:						
Forgings (rough, as forged)		90	90	30	20	30
Wire rope and strand						
Welded wire mesh						
Netting						
Iron products:						
Pig iron (not including iron with more than 6 percent silicon)		45				
Malleable casting (rough as cast)		[11] 60		20		
Gray iron, excluding pipes and fittings (rough as cast)		[11] 60		20		

[1] No "product limitation" or "lead time," whichever is applicable. Subject to direct negotiation by NPA if necessary.
[2] Of each item.
[3] Applies to special rolled shapes including angles and channels.
[4] In addition all hot-rolled sheet producers are to set aside for plates an amount equal to 5 percent of the average monthly shipments of hot-rolled carbon sheets in the base period January 1, 1950, through August 31, 1950.
[5] If annealed or heat-treated, 60 days; otherwise, 45 days.
[6] If annealed or heat-treated, 90 days; otherwise, 75 days.
[7] If cold finished, 75 days; otherwise, 60 days.
[8] If cold drawn or cold finished, 60 days; otherwise, 45 days.
[9] Wire drawn: Low carbon, 10 percent; high carbon, 15 percent.
[11] Lead times apply to unmachined castings after approval of patterns for production.
[12] Such percentage being the total for any combination of these products.
[13] An amount equal to 35 percent of the tonnage represented by hot-rolled carbon bar set aside. This is in addition to tonnage set aside for hot rolled bars.
[14] An amount equal to 35 percent of the tonnage represented by hot-rolled alloy bar set aside. This is in addition to tonnage set aside for hot-rolled bars.
[15] An amount equal to 25 percent of the tonnage represented by the carbon blooms, slabs, billets set aside. This is in addition to tonnage set aside for blooms, slabs, billets.

TABLE II—MINIMUM ORDERS THAT MAY BE PLACED ON STEEL MILLS, STEEL AND IRON FOUNDRIES, STEEL FORGE SHOPS AND MERCHANT PIG IRON PRODUCERS FOR THE PRODUCTS SPECIFIED

(Special grades, shapes, specifications, processes, and similar factors must be handled by negotiation)

Name of product	Minimum quantity for each size and grade of any item for shipment at any one time to any one destination
STEEL MILL PRODUCTS	
Carbon and low-alloy steel:	
Ingots, blooms, billets, slabs, and tube rounds, sheet bars, skelp, etc., rerolling quality	25 net tons.
Blooms, billets, and slabs, forging quality	Product of 1 ingot.
Wire rods, hot-rolled	5 net tons.
Structural shapes	5 net tons.
Plates:	
Rolled armor	By negotiation.[1]
Continuous strip mill production	10 net tons.
Sheared, universal, or bar mill production	3 net tons.
Rails	5 net tons.
Track accessories (joint bars, tie plates, track spikes)	5 net tons.
Bars, hot-rolled:	
Projectile and shell quality	Product of 1 heat.[2]
Round bars up to and including 3" and squares, hexagons, half rounds, ovals, etc., of approximately equivalent sectional area	5 net tons.
Round and square bars over 3" to but not including 8"	15 net tons.
Bar size shapes (angles, tees, channels and zees under 3")	5 net tons.
Bars, cold finished	3 net tons.
Bars, tool steel	500 pounds.
Pipe, published carload minimum (mixed sizes and grades)	
Tubing:	
Seamless cold-drawn (O. D. in inches):	
Up to ¾" inclusive	1,000 feet.
Over ¾" to 1½" inclusive	800 feet.
Over 1½" to 3" inclusive	600 feet.
Over 3" to 6" inclusive	400 feet.
Over 6"	250 feet.
Seamless hot-rolled	By negotiation.[1]
Welded	By negotiation.[1]
Wire rods. (See above.)	
Wire, drawn, for further fabrication and manufacturing:	
Low-carbon	1 net ton.
High-carbon (0.40 carbon and higher):	
0.0475" and heavier	1 net ton.
Under 0.0475" to 0.021" inclusive	1,000 pounds.
Under 0.021"	500 pounds.
Wire merchant trade products, assorted	5 net tons.
Tin mill products—any 1 gauge	5,000 pounds.
Sheet, hot- and cold-rolled	5 net tons.
Strip, hot- and cold-rolled	3 net tons.
Stainless steel: No minimum on standard grades and sizes. For unusual grades or sizes the minimum order is to be worked out by negotiation.[1]	
Full alloy steel:	
Ingots	Product of 1 heat.[2]
Billet, projectile and shell quality	By negotiation.[1]
STEEL MILL PRODUCTS—continued	
Full alloy steel—Continued	
Blooms, slabs, billets (except projectile and shell quality) tube rounds, sheet bars, etc.:	
7" square (or equivalent cross sectional area) and under	5 net tons.
Larger than 7" square (or equivalent cross sectional area)	10 net tons.
Both of the above may be modified because of a mill's ingot size and/or rolling schedules.	
Wire rods	5 net tons.
Structural shapes	By negotiation.[1]
Plates:	
Rolled armor	By negotiation.[1]
Other, whether rolled on continuous strip, sheared, universal or bar mill.	10 net tons.
(A steel producer need not accept an order unless the total quantity ordered is sufficient to make a heat of steel or unless ingots or slabs are available in stock or unless similar material is regularly being produced.)	
Rails	By negotiation.[1]
Wheels	By negotiation.[1]
Axles	By negotiation.[1]
Bars, hot-rolled, projectile and shell quality	By negotiation.[1]
Bars, hot-rolled, other:	
Rounds and squares 3½" and smaller	5 net tons
Rounds and squares larger than 3½"	By negotiation.[1]
Hexagons and flats	5 net tons.
Bars, cold-finished	3 net tons.
Bars, tool steel	500 pounds.
Oil-country goods	By negotiation.[1]
Mechanical tubing	5 net tons.
Pressure tubing	By negotiation.[1]
Sheet and strip	By negotiation.[1]
STEEL CASTINGS (UNMACHINED)	
High alloy and stainless (heat and corrosion resisting)	(3).
Carbon and low-alloy	(3).
STEEL PRODUCTS, FABRICATED	
Forgings (rough as forged)	By negotiation.[1]
Wire rope and strand	1,000-foot lengths.
Welded wire mesh	Full rolls of manufacturers' standard stock sizes.
Netting	Full rolls of manufacturers' standard stock sizes.
IRON PRODUCTS	
Pig iron	Car load.
Gray iron castings, excluding soil and pressure pipe and fittings (unmachined)	(3).
Malleable castings (unmachined)	(3).

[1] "By negotiation" means negotiation between the mill and its customer. If no acceptable arrangements are worked out, the NPA should be notified.

[2] "1 heat" means one batch of metal made in 1 furnace.

[3] 2,000 pounds or less from any 1 pattern or mold, or a minimum production run by the producing foundry even though the delivery from such minimum run may cause the consumers' inventory to exceed the 45-day minimum stated in section13.

[F. R. Doc. 51-3481; Filed, Mar. 15, 1951; 4:54 p. m.]

[NPA Order M-6 as amended March 15, 1951]

M-6—STEEL DISTRIBUTORS

This order as amended is found necessary and appropriate to promote the national defense and is issued pursuant to authority granted by section 101 of the Defense Production Act of 1950 and to further implement the provisions of the Statement of Principles for Economic Cooperation, dated October 26, 1950, issued by the Governments of the United States and Canada. In the formulation of this order and the amendments hereto, through December 15, 1950, there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations. In the formulation of the amendment of March 15, 1951, such consultation was impracticable due to the necessity for prompt action.

The amendment of March 15, 1951, to this order affects the order as follows:

It requires a minimum allotment for carbon steel products to steel distributors irrespective of the amount to which the distributor would be entitled on a percentage basis, and defines "base period." In effecting this amendment, § 22.4 (now section 4) is the only section in which there is a substantive change. This amendment also redesignates §§ 22.1 through 22.16 as sections 1 through 16, respectively, and the word "part" is changed to "order" throughout. As so amended NPA Order M-6 read as follows:

Sec.
1. What this order does.
2. Definitions.
3. Shipments during the current calendar quarter for 1950.
4. Allotments for steel distributors.
5. Rejection of orders issued pursuant to this order.
6. Tonnage limitation.
7. Item limitation for acceptance of rated orders.
8. Extension of DO ratings for industrial and merchant trade steel products.
9. Application for adjustment or exception.
10. Communications.
11. Reports.
12. Records.
13. Audit and inspection.
14. Violations.
15. List A—Industrial steel products.
16. List B—Merchant trade steel products.

AUTHORITY: Sections 1 to 16 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong., sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. *What this order does.* This order applies particularly to steel distributors, and provides rules to assist them in obtaining supplies of steel for the carrying out of their normal functions. It requires steel producers to establish regular allotments of steel for purchase by steel distributors based upon their average monthly purchases over an established base period. It provides special rules for the extension of DO rated orders by steel distributors and specifies a tonnage limitation and item limitation for required acceptance of rated orders by them.

SEC. 2. *Definitions.* As used in this order:

(a) "Steel distributor" means a person engaged in the business of maintaining facilities and equipment for the stocking and distribution of rolled or drawn steel products for sale or resale in the form as received or after performing such operations as cutting to length, shearing to size or shape, pipe threading or sorting and grading. A person who, in connection with any sale of such steel products from his stock, bends, punches or performs any fabricating or processing operation designed to prepare steel for final use or assembly is not a steel distributor with respect to such sale. The term "steel distributor" excludes any person who purchases steel products for resale but does not take physical delivery of the material into his own stock at a location regularly maintained for such purpose.

(b) "Industrial steel products" means all products shown on section 15 (List A).

(c) "Merchant steel products" means all products shown on section 16 (List B).

(d) "Item" shall mean any steel or iron product which is different from all other steel or iron products by reason of one or more of its specifications, such as width, thickness, temper, alloy, finish or method of manufacture.

(e) "Base period" means the period commencing January 1, 1950, and ending September 30, 1950.

SEC. 3. *Shipments during the current calendar quarter for 1950.* Producers of steel who have accepted orders from steel distributors, including the affiliates and subsidiaries of such producers, for steel products for shipment prior to or during the remainder of the current calendar quarter ending December 31, 1950, shall endeavor to make shipment of all such unfilled order not later than 45 days immediately following the end of said quarter.

SEC. 4. *Allotments for steel distributors*—(a) *Allotments from steel producers in the United States to their steel distributor customers in the United States.* In order to determine the monthly allotment for each steel distributor, each steel producer shall first determine the amount of each steel product which will be available for that particular month, after making provision for production under DO rated orders and other orders which such steel producer is required to accept by specific direction of NPA. The ratio of the tonnage thus remaining to the total average monthly shipments of each such product during the base period shall be applied to the average monthly shipment of each such product to each steel distributor customer during the base period. The result shall be the monthly allotment for each distributor customer: *Provided, however*, That the monthly allotment of each carbon steel mill product shall in no case be less than 85 percent of the average monthly tonnage of each carbon steel mill product shipped to each steel distributor customer during the base period. Any such allotment of a carbon steel mill product shall include the tonnage to be shipped on all DO rated orders for that particular product received by the steel producer from such steel distributor customer for shipment during the month for which the allotment has been made. Deliveries, except for carbon steel mill products, under such allotments shall be made in addition to shipments to the same steel distributor pursuant to authorized extension of DO ratings. A steel producer must accept orders placed by a steel distributor up to the limit of his allotment: *Provided, however*, That such orders are placed with the steel producers in accordance with the lead times for the various steel products established by Table I of Order M-1 as now or hereafter amended. Orders placed under the provisions of this order must be for substantially the same product as was supplied to each such steel distributor during such period, except for minor variations in size and design. In determining the amount of the monthly allotments, adjustments may be made by a steel producer with the consent of the steel distributors involved, to provide for any abnormal situations which affect any steel products.

(b) *Allotments from steel producers in the United States to their Canadian steel distributor customers.* In order to determine the monthly allotment for each Canadian steel distributor, each steel producer shall first determine the amount of each steel product which will be available for that particular month, after making provision for production under DO rated orders and other orders which such steel producer is required to accept by specific direction of NPA. The ratio of the tonnage thus remaining to the total average monthly shipments of each such product during the base period shall be applied to the average monthly shipment of each such product to each steel distributor customer during the base period. The result shall be the monthly allotment for each distributor customer: *Provided, however*, That the monthly allotment of each carbon steel mill product shall in no case be less than 85 percent of the average monthly tonnage of each carbon steel mill product shipped to each steel distributor customer during the base period. Any such allotment of a carbon steel mill product shall include the tonnage to be shipped on all DO rated orders for that particular product received by the steel producer from such Canadian steel distributor customer for shipment during the month for which the allotment has been made. Deliveries, except for carbon steel mill products, under such allotments shall be made in addition to shipments to the same steel distributor pursuant to authorized extension of DO ratings. A steel producer must accept orders placed by a Canadian steel distributor up to the limit of his allotment: *Provided, however*, That such orders are placed with the steel producer in accordance with the lead times for the various steel products established by Table I of Order M-1 as now or hereafter amended. Orders placed under the provisions of this order must be for substantially the same product as was supplied to each such Canadian steel distributor during such period, except for minor variations in size and design. In determining the amount of the monthly allotments, adjustments may be made by a steel producer with the consent of the Canadian steel distributors involved, to provide for any abnormal situations which affect any steel products.

SEC. 5. *Rejection of orders issued pursuant to this order.* Unless otherwise specifically directed by NPA, producers of steel need not accept an order issued pursuant to this order which is received by such steel producer less than the number of days set forth in Column B of TABLE I of NPA Order M-1 as amended prior to the first day of the month in which shipment is requested.

SEC. 6. *Tonnage limitation.* Unless specifically directed by the National Production Authority, no steel distributor shall be required to accept rated orders for shipment from inventory from any one location where he maintains a stock, in any one calendar quarter for a total tonnage of each product or grade in excess of 30 percent of his average quarterly shipments thereof from such locations during the period from January 1, 1950, through September 30, 1950.

SEC. 7. *Item limitation for acceptance of rated orders.* Unless otherwise specifically directed by the National Production Authority, no steel distributor shall be required to make delivery on a rated order from warehouse stock to any one customer to any one destination, at any one time, steel products in quantities in excess of the following:

Any item of carbon steel more than 8,000 lbs.

Any item of alloy steel (except stainless) more than 5,000 lbs.

Any item of stainless steel sheet more than 2,000 lbs.

Any item of stainless bars and plates more than 1,000 lbs.

Any item of stainless tubing or pipe more than 1,000 lbs. or feet whichever is less.

In no case shall a distributor be required to make such deliveries aggregating 40,000 pounds or more at one time unless the deliveries include ten or more different items with no item to weigh more than shown in the table above.

SEC. 8. *Extension of DO ratings for industrial and merchant trade steel products*—(a) *Extension of DO ratings for industrial and merchant trade steel products by a person located in Canada.* No person may extend a DO rating to secure industrial and/or merchant trade steel products for sale or resale in the form in which such steel is received, except to replace inventory carried regularly in stock which has been delivered by him from stock under DO rated orders. However, this provision shall not prevent the extension of a DO rating to effect delivery of those steel products

which are normally sold by steel producers through their own authorized steel distributors for direct shipment from the mill of such steel producers to steel consumers.

(b) *Extension of DO ratings for industrial and merchant trade steel products by a person located in Canada.* No person located in Canada may extend a DO rating to secure industrial and/or merchant trade steel products from steel producers located in the United States for sale or resale in the form in which such steel is received, except to replace inventory carried regularly in stock which has been delivered by him from stock under DO rated orders. However, this provision shall not prevent the extension of a DO rating to effect delivery of those steel products which are normally sold by steel producers located in the United States through their own authorized steel distributors located in Canada for direct shipment from the mills of such steel producers located in the United States to steel consumers.

SEC. 9. *Application for adjustment or exception.* Any person affected by any provision of this order may file a request for adjustment or exception upon the ground that his business operation was commenced during or after the base period, or because any provision otherwise works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or its enforcement against him would not be in the interest of the national defense or in the public interest. In considering requests for adjustment claiming that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing, shall set forth all pertinent facts and the nature of the relief sought, and shall state the justification therefor.

SEC. 10. *Communications.* All communications concerning this order shall be addressed to National Production Authority, Washington 25, D. C. Ref.: M-6.

SEC. 11. *Reports.* Persons subject to this order shall make such records and submit such reports to the NPA as it shall require, subject to the terms of the Federal Reports Act (P. L. 831, 77 Cong., 5 U. S. C. 139–139F).

SEC. 12. *Records.* Each person participating in any transaction covered by this order shall retain in his possession for at least 2 years records of receipts, deliveries, inventories, and use, in sufficient detail to permit an audit that determines for each transaction that the provisions of this order have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

SEC. 13. *Audit and inspection.* All records required by this order shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of the NPA.

SEC. 14. *Violations.* Any person who wilfully violates any provisions of this order or any other order or regulation of NPA or wilfully conceals a material fact or furnishes false information in the course of operation under this order is guilty of a crime and upon conviction may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

SEC. 15. *List A—Industrial steel products.*

Product groups	Types		
	Carbon	Stainless	Other alloy
1. Blooms, billets, slabs, tube rounds, die blocks, sheet and tin bars	X	X	X
2. Structural shapes and piling	X		X
3. Plates (universal and sheared) including skelp	X	X	X
4. Rails and track accessories	X		X
5. Hot rolled bars—except concrete reinforcing bars but including forged, galvanized and wrought iron bars	X	X	X
6. Concrete reinforcing bars (unfabricated)	X		
7. Cold finished bars	X	X	X
8. Sheets and strip, hot rolled	X	X	X
9. Sheet and strip, cold reduced	X	X	X
10. Tin mill black plate, tin plate and terneplate	X		
11. Sheets and strip, all other but not including items on List B	X	X	X
12. Welded tubing	X	X	X
13. Seamless tubing	X	X	X
14. Tool steel, including drill rod	X		X
15. Wire rope and strand	X		X

SEC. 16. *List B—Merchant trade steel products.*

CARBON AND LOW ALLOY ONLY

No.	Products
20.	Standard and line pipe, water well tubular products, and couplings[1] (includes steel and wrought iron pipe).
21.	Oil country casing, tubing, drill pipe and couplings[1]
22.	Galvanized, lead-coated, or painted sheet and strip purchased for the manufacture of roofing and siding, formed roofing and siding (painted, black, galvanized or lead-coated) valley ridge roll and flashing.
23.	Nails (cut and wire), fence and netting staples.
24.	Wire drawn.
25.	Wire bale ties.
26.	Wire (barbed and twisted) and wire fence (woven or welded).
27.	Wire netting.
28.	Fence posts.
29.	Welded wire concrete reinforcing mesh.

NOTE: All reporting and record-keeping requirements of this part have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

[1] Threaded couplings of the type normally supplied on threaded pipe by pipe producers.

This order, as amended, shall take effect on March 15, 1951.

NATIONAL PRODUCTION AUTHORITY,
[SEAL] MANLY FLEISCHMANN,
Administrator.

Chapter XV—Federal Reserve System

[Regulation X, Interpretations]

REG. X—REAL ESTATE CREDIT

In order to conform to the style and section references of Regulation X as contained in this Title 32A, all interpretations of Regulation X heretofore published under Part 225 of Title 12 which are still applicable have been edited and are republished below:

Int.
1. Statement of borrower where credit secured by mortgage collateral.
2. Necessity for statement of borrower for nonregulated credit.
3. Instruments evidencing exempt credit.
4. Registrant's records of nonregulated credit.
5. Firm commitment prior to effective date.
6. Painting, reroofing and repairs as "major improvement".
7. Sale of new residence subject to pre-effective date indebtedness.
8. Allowance for labor.
9. Mixed purpose loans.
10. House trailers.
11. Maximum maturity.
12. Short-term construction credits.
13. Exemptions for contemplated construction.
14. Modification of pre-effective date firm commitment.
15. Motels and tourist courts.
16. Allowance for builder's profit and costs of sale.
17. Preservation of records.
18. Fraternity house.
19. Maximum maturity of converted short-term construction credit.
20. Loan values computed on family unit basis.
21. Commodity Credit Corporation loans.
22. Maximum maturity.
23. Real estate brokers.

INT. 1—STATEMENT OF BORROWER WHERE CREDIT SECURED BY MORTGAGE COLLATERAL

A Registrant makes a loan to a mortgage company on a note secured by a pledge of collateral consisting of real estate mortgages, including some subject to Regulation X. May the Registrant rely upon a statement by the mortgage company that all of the pledged mortgages which are subject to Regulation X conform with the requirements of the regulation? Must the Registrant procure a copy of the Statement of the Borrower which the mortgagor signed, pursuant to section 4 (d) of Regulation X, with respect to each pledged mortgage which is subject to Regulation X?

Section 4 (a) (5) of Regulation X provides that no Registrant shall lend on any credit instrument evidencing real estate construction credit which is subject to and not exempt from the regulation, unless the terms of such credit conformed with the provisions of section 7 (the Supplement to the regulation) when such credit was originally extended, or conform at the time of such loan. In the case described, the Registrant may not rely upon the statement by the mortgage company to establish that the pledged mortgages which are subject to Regulation X conform with the requirements of the regulation. The Registrant, however, may rely upon a signed statement accepted in good faith in which the mortgage company states which of the pledged mortgages do, and which do not, evidence real estate construction credit subject to Regulation X; and in determining whether a mortgage which is subject to Regulation X conforms with the regulation, the Registrant may rely upon the facts stated in a copy of the Statement of the Borrower signed by the mortgagor and which the Registrant accepts in good faith.

INT. 2—NECESSITY FOR STATEMENT OF BORROWER FOR NONREGULATED CREDIT

A Registrant makes an unsecured loan to a mortgage company, the proceeds of which are to be used by the mortgage company to make real estate loans, including some subject to Regulation X. Must the Registrant obtain any Statement of the Borrower?

As described, the loan by the Registrant to the mortgage company is not an extension of real estate construction credit or a loan on credit instruments evidencing real estate construction credit. The Registrant is required only to be satisfied, and maintain records which reasonably demonstrate on their face, that the loan to the mortgage company is not real estate construction credit. This requirement may be met by the execution by the mortgage company of a Statement of the Borrower of the kind described in the first paragraph of section 4 (d) of Regulation X and the acceptance of the Statement by the Registrant in good faith.

INT. 3—INSTRUMENTS EVIDENCING EXEMPT CREDIT

The prohibitions of section 4 (a) (5) of Regulation X with respect to a Registrant purchasing, discounting, or lending on credit instruments evidencing real estate construction credit apply only to credit instruments evidencing credit which is subject to and not exempt from Regulation X. Under section 6 (b) of the regulation, credit extended pursuant to firm commitments made prior to the effective date of the regulation is exempt. Accordingly, there is no prohibition with respect to purchasing, discounting, or lending on credit instruments evidencing such credit.

INT. 4—REGISTRANT'S RECORDS OF NONREGULATED CREDIT

(This interpretation is obsolete as the subject is now included in section 4 (c) of Regulation X.)

INT. 5—FIRM COMMITMENT PRIOR TO EFFECTIVE DATE

Section 6 (b) of Regulation X provides that the provisions of the regulation shall not apply to or affect any credit extended pursuant to any firm commitment to extend credit made prior to the effective date of the regulation. Inquiries have been received concerning the application of this section to agreements entered into by a Registrant and a builder prior to the effective date of the regulation under which the Registrant agreed to lend a stated amount on stated terms to any purchaser of particular residences built or to be built by the builder if the purchaser has a credit standing satisfactory to the Registrant and if the residence has been constructed according to prescribed plans and specifications.

Section 6 (b) defines a firm commitment as "either (1) a written agreement under which the Registrant is required without option or discretion on his part to extend upon demand by the borrower or upon compliance by the borrower with one or more conditions referred to in such agreement; or (2) any other agreement to extend credit * * * which has been entered into in good faith by the parties and in reliance upon which the prospective borrower or builder has taken specific action prior to October 12, 1950, if the Registrant prior to January 1, 1951, shall have sent to the Federal Reserve Bank of the district in which he does business a letter or other statement reciting the facts with respect to such agreement and the specific action taken by the prospective borrower or builder prior to October 12, 1950;".

If an agreement of the kind described above is in writing, it consitutes a firm commitment within the meaning of clause (1) of the definition of that term and the fact that the borrower (purchaser) must have a credit standing satisfactory to the Registrant is merely one of the conditions with which the borrower must comply. If such an agreement is not in writing, it constitutes a firm commitment within the meaning of clause (2) of the definition if the builder has taken specific action in reliance upon the agreement prior to October 12, 1950, and the Registrant furnishes the required information to the appropriate Federal Reserve Bank prior to January 1, 1951.

INT. 6—PAINTING, REROOFING AND REPAIRS AS "MAJOR IMPROVEMENT"

It is the Board's view that painting, reroofing, and repairs to a single family residence constitute a "major improvement", within the meaning of section 2 (g) of Regulation X, if their cost exceeds $2,500.

INT. 7—SALE OF NEW RESIDENCE SUBJECT TO PRE-EFFECTIVE DATE INDEBTEDNESS

Inquiries have been received regarding the application of Regulation X to a sale of residential property on which there is new construction, where the vendee assumes, or takes the property subject to, indebtedness secured by a mortgage on the property and such indebtedness exceeds the maximum loan value of the property but evidences credit extended prior to October 12, 1950, the effective date of the regulation.

Regulation X does not prohibit such a sale or require that the indebtedness be reduced to the maximum loan value of the property. Under the definition contained in section 2 (d) of Regulation X, such a sale constitutes an extension of credit by the vendor of the property; but, even though the vendor may be a Registrant, the sale is not prohibited by Regulation X because the provisions of section 4 (a) (6) of the regulation, which deal specifically with such transactions, prohibit a sale only "if the amount of outstanding credit (including any credit exempt from, or not subject to the prohibitions of, this regulation) which was extended after October 12, 1950 * * * with respect to the property exceeds, or as a result of such sale or transfer would exceed, the applicable maximum loan value of such property, or if any outstanding real estate construction credit (subject to and not exempt from this regulation) with respect to such property does not conform with the provisions of this regulation." However, any additional extension of credit by a Registrant (including the vendor if he is a Registrant) in connection with such a sale would be prohibited by section 4 (a) (1) of Regulation X.

For example, in a sale of residential property on which there is new construction where the bona fide sale price is $12,000, and the vendee pays $2,000 for the equity of redemption and assumes, or takes such property subject to, a $10,000 mortgage which evidences credit extended prior to October 12, it is not necessary that the $10,000 mortgage be rewritten to conform with Regulation X. However, no part of the $2,000 paid by the vendee for the equity of redemption may be borrowed from a Registrant because the amount of credit outstanding with respect to the property already exceeds the maximum loan value of the property.

INT. 8—ALLOWANCE FOR LABOR

Inquiries have been received under section 2 (i) (2) (B) of Regulation X where the facts are these: A prospective borrower owns a vacant lot on which he, with the help of his family and friends, will perform the necessary labor to build a residence. He applies to a Registrant for credit to be secured by a mortgage upon the residential property, the proceeds of the loan to be used to pay for materials used in the new construction. The question is: How does a Registrant determine the "value" of the residential property?

If the entire cost of the property has been incurred by the prospective borrower not more than 12 months prior to the extension of credit or is to be incurred by him after such extension of credit, the "value" is the bona fide cost of the property to the borrower, including a bona fide estimate of the cost of completing the new construction. It is the view of the Board that a reasonable bona fide estimate of the value of the labor to be performed by the prospective borrower, his family, and friends may be included in the "bona fide estimate of the cost of completing new construction".

If the lot has been purchased or any other part of the cost of the property has been incurred by the prospective borrower more than 12 months prior to the extension of credit, or if any part of such property has been acquired by gift, exchange, or inheritance, the "value" shall

be the appraised value as determined in good faith by the Registrant.

INT. 9—MIXED PURPOSE LOANS

Inquiries have been received regarding the application of Regulation X to extensions of credit for mixed purposes. For example, a prospective borrower applies to a Registrant for a loan to be secured by a mortgage on residential property on which there is no new construction. A part of the loan is for the purpose of financing a major addition to the residence which will cost $8,000, and $2,000 of the loan will be used (a) to retire an existing mortgage on the property, or (b) to retire outstanding indebtedness not secured by a mortgage on the property, or (c) for some other purpose which would not make the loan subject to Regulation X. The question is: How much credit can the Registrant extend and on what terms?

It is the view of the Board that in such cases Regulation X requires that the amount and terms of the loan shall be such as would result if the loan were divided into two or more parts on the basis of the purposes of the loan and each part were treated as if it stood alone; and the amount and terms of the loan would comply with Regulation X if they satisfied the requirements of the regulation applicable to that part which is subject to Regulation X.

By way of illustration, in each of the examples set forth above, the maximum amount of credit permitted by Regulation X would be $8,450, that is, $6,450 (the maximum loan value of the $8,000 major addition) plus $2,000. The maturity and amortization of that part ($6,450) which is subject to Regulation X would have to conform with the provisions of section 7 (the Supplement); or, in other words, the payments on the loan would have to be such as to repay $6,450 of the loans within the time and at the rate required by section 7.

The same principles apply in the case of a loan secured by a mortgage on farm property where part of the loan is for the purpose of financing the construction of a residence on such property and the remainder of the loan is for purposes which would not make the loan subject to Regulation X.

INT. 10—HOUSE TRAILERS

The question has been raised whether Regulation X applies to extensions of credit in connection with sales of house trailers. It is the view of the Board that such extensions of credit are subject to the regulation where the trailers are to be used for dwelling purposes and the wheel assemblies are to be detached and the trailer placed on a foundation constructed on real property.

INT. 11—MAXIMUM MATURITY

(This interpretation has been superseded by Interpretation 22.)

INT. 12—SHORT-TERM CONSTRUCTION CREDITS

In answer to questions that have been raised concerning the exemption in the first sentence of section 5 (b) of Regulation X for short-term construction credits having a maturity of not more than 18 months, it is the opinion of the Board (1) that a demand note complies with the 18 months' maturity limitation if it is understood by the parties that payment will be demanded within a reasonable time and in any event within 18 months from the date the credit is extended; and (2) that a note having a maturity of less than 18 months may be renewed pending completion of construction if the date of maturity of the renewal is not more than 18 months after the date the credit originally was extended.

INT. 13—EXEMPTIONS FOR CONTEMPLATED CONSTRUCTION

It is the view of the Board that exemptions under section 5 (g) of Regulation X should not be granted unless there is a clear showing of substantial hardship. The mere fact that a builder or other person may have made substantial commitments or undertakings before August 3 is not sufficient basis for the granting of an exemption unless he is also able to show that he will suffer substantial hardship if he has to comply with Regulation X in obtaining credit rather than obtaining it on the basis previously contemplated by him and the Registrant. The builder or other person must also be able to show that he had contacts or negotiations with a Registrant prior to August 3, 1950, with a view to possible subsequent agreement for extension of credit to such builder or other person. Section 5 (g) relates only to the credit to finance new construction which is extended to the builder or other person who made substantial commitments or undertakings before August 3 and the provision does not apply to credit involved in a subsequent sale of the property by such builder or other person.

INT. 14—MODIFICATION OF PRE-EFFECTIVE DATE FIRM COMMITMENT

Section 6 (b) of Regulation X provides that the provisions of the regulation shall not apply to or affect any credit extended pursuant to any firm commitment to extend credit made prior to the effective date of the regulation. Questions have been raised concerning the application of this provision where firm commitments made prior to the effective date of the regulation are modified subsequent to that date by (1) substituting a new borrower for the one named in the commitment, (2) increasing the amount which the Registrant is committed to lend in order to cover increases in construction costs, or (3) extending the time within which the Registrant is committed to make the loan. It is the Board's opinion that credit extended pursuant to such a modification of a prior commitment is not exempt from Regulation X except in the case of reasonable extensions of time in accordance with customary practices where the closing of loans is delayed by title difficulties, unforeseen delays in the completion of construction, or comparable circumstances.

INT. 15—MOTELS AND TOURIST COURTS

(This interpretation is obsolete as the subject is now included in footnote 10 to section 2 (k) of Regulation X.)

INT. 16—ALLOWANCE FOR BUILDER'S PROFIT AND COSTS OF SALE

Section 2 (i) of Regulation X provides that, in certain circumstances, the "value" of residential property shall be "the bona fide cost of the property to the borrower, including a bona fide estimate of the cost of completing new construction on such property when the extension of credit is for the purpose of financing such new construction;". Questions have been raised concerning the inclusion of builder's profit and sales cost in determining "value" in cases where, in lieu of obtaining short-term construction credit which would be refinanced upon the sale of the houses, a builder constructing houses for sale seeks long-term mortgage loans for the purpose of financing the construction of the houses and with the expectation that the houses will be sold subject to such indebtedness. It is the Board's view that in such cases a reasonable builder's profit and a reasonable estimate of the cost of selling the houses may be included as a part of the cost to the borrower (builder) for the purposes of determining "value" under the above-mentioned provision of Regulation X. However, in connection with the sale of the houses, consideration must be given to the provisions of section 4 (a) (6) of Regulation X relating to the sale of property by a Registrant subject to indebtedness which exceeds, or as a result of such sale would exceed, the applicable maximum loan value of such property.

INT. 17—PRESERVATION OF RECORDS

(This interpretation is obsolete as the subject is now included in section 6 (d) of Regulation X.)

INT. 18—FRATERNITY HOUSE

(This interpretation is obsolete as the subject is now included in footnote 10 to section 2 (k) of Regulation X.)

INT. 19—MAXIMUM MATURITY OF CONVERTED SHORT-TERM CONSTRUCTION CREDIT

(This interpretation is obsolete as the subject is now included in section 5 (b) of Regulation X.)

INT. 20—LOAN VALUES COMPUTED ON FAMILY UNIT BASIS

(This interpretation is obsolete as the subject is now included in section 7 (the Supplement) of Regulation X.)

INT. 21—COMMODITY CREDIT CORPORATION LOANS

An inquiry has been received concerning the application of Regulation X to loans which are made by banks and other lending agencies pursuant to commodity loan programs of the Commodity Credit Corporation and which the Commodity Credit Corporation is committed to purchase. It is the Board's view that such loans should be regarded for this purpose as loans guaranteed by a wholly owned Government corporation and that, therefore, they do not constitute real estate construction credit as defined in section 2 (e) of Regulation X and are not subject to Regulation X.

INT. 22—MAXIMUM MATURITY

The maturity provision in section 7 (the Supplement to Regulation X) provides for maximum maturity of 20 years (or 25 years, in some cases) "from the date such credit is extended". In trade practice, provision often is made for the payment of the first instalment of an amortized loan on the first day of the second calendar month after the month in which the credit is extended. In order to permit this practice, the Board, in Interpretation 11, stated: * * * in calculating the maximum maturity of credit subject to the regulation, a Registrant may, at his option, use any date not more than 32 days subsequent to the date such credit is extended."

Regulation X provides in section 6 (i) that "In calculating the maximum maturity of credits which are subject to maximum maturity provisions in section 7, a Registrant may use, at his option, as 'the date such credit is extended', any date not more than 32 days subsequent to the actual date such credit is extended."

Neither Interpretation 11 nor section 6 (i) of the regulation means that the first instalment of an amortized loan must be paid within 32 days after the date the credit is extended. They do mean, in effect, that the maximum maturity of credit subject to Regulation X may be 20 years and 32 days (or, in some cases, 25 years and 32 days) from the actual date such credit is extended.

For example, if a 20-year loan payable monthly were closed on January 1, 1951, and the first payment is made on March 1, 1951, the last payment would be made on February 1, 1971. Here the Registrant would be using February 1, 1951, which is 31 days subsequent to the actual date such credit is extended, as "the date such credit is extended", and the loan would mature 20 years from such date. The loan, in effect, would have a maturity of 20 years and 31 days from January 1, 1951, the actual date such credit was extended.

The principles of Interpretation 11 and of section 6 (i) of the regulation are not limited to monthly payment loans. The amortization provision in section 7 (the Supplement to Regulation X) permits repayment through substantially equal monthly, quarterly, semiannual, or annual payments. As a further illustration, in the case of a 20-year loan payable annually in 20 instalments, where the loan is closed on February 1, 1951, the first payment could be made on March 1, 1952, because the last payment would be made and the loan would mature on March 1, 1971. Here the Registrant would be using March 1, 1951, which is 28 days subsequent to the actual date such credit is extended, as "the date such credit is extended", and the loan would mature 20 years from such date.

INT. 23—REAL ESTATE BROKERS

An inquiry has been received by the Board regarding the status under Regulation X of real estate brokers: When are they Registrants and, in cases where they are, does this affect sales of real property by non-Registrants, when the broker acts as the vendor's sales agent?

Section 1 (b) of the regulation provides that the regulation applies to any person who is engaged in the business of extending certain real estate credit, "including any person who acts as agent in arranging for such credit." The quoted phrase means that the regulation applies to persons who are engaged in the business of arranging for such credit as agents for lenders, not as agents for borrowers.

In a typical sale of real estate, where the real estate broker acts as sales agent for the vendor, the broker may also arrange the financing for the sale. In such cases, if the broker receives a fee from a lender for his services in arranging the financing, whether the lender is the vendor or a third party, the broker ordinarily would be considered an agent for the lender. However, if the broker does not receive such a fee, but merely contacts or otherwise negotiates with the lender on behalf of the vendor or vendee, he ordinarily would not be considered an agent for the lender.

It is the opinion of the Board that a real estate broker would be a Registrant under Regulation X if, in his own right or as agent for a lender or as a fiduciary, he either (1) extends or has extended such real estate credit more than three different times during the current calendar year or during the preceding calendar year, or (2) extends or has extended such real estate credit in an amount or amounts aggregating more than $50,000 during the current calendar year or during the preceding calendar year. For this purpose, a transaction in which a real estate broker acts as agent of the lender in arranging the financing as described above is to be considered an extension of credit by him.

The mere fact, however, that a real estate broker acting as sales agent in a sale of real property may be a Registrant does not affect a sale by a non-Registrant, unless the real estate broker extends or arranges as agent for an extension of real estate construction credit in connection with the sale.

Under section 4 (a) (6) of Regulation X, a sale in which the vendee assumes, or takes the property subject to, a mortgage is not permissible if the amount of outstanding credit (extended after October 12, 1950, January 12, 1951, or February 15, 1951, as the case may be) exceeds the maximum loan value. However, this restriction is applicable only to a Registrant who is acting as principal and, therefore, does not apply to a real estate broker who is acting as agent in connection either with the sale or the financing which may be involved. Of course, if additional real estate construction credit over and above the maximum loan value of the property were extended in connection with the sale, the other provisions of section 4 would apply to a real estate broker who acted as agent in arranging for the extension of such additional credit in the manner described above.

(Sec. 704, Pub. Law 774, 81st Cong., E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp. Interpret or apply sec. 602, Pub. Law 774, 81st Cong.)

BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM,
[SEAL] S. R. CARPENTER,
Secretary.

TITLE 37—PATENTS, TRADEMARKS, AND COPYRIGHTS

Chapter III—Government Patents Board

[Administrative Order No. 4]

PART 301—FOREIGN PATENT PROTECTION PROCEDURE

MARCH 12, 1951.

Sec.
301.1 Purpose.
301.2 Scope.
301.3 Reports and recommendations.
301.4 The Secretary of Commerce.
301.5 The Department of State.
301.6 Licensing of foreign patents.
301.7 Disclosure of inventions.
301.8 Foreign filing by inventor.

AUTHORITY: §§ 301.1 to 301.8 issued under E. O. 9865, 12 F. R. 3907, E. O. 10096, 15 F. R. 389.

§ 301.1 *Purpose.* The purpose of this part is to prescribe procedures for effectuating the policy of the Government, as set forth in Executive Order 9865, with respect to the administration of the program for patent protection abroad of inventions resulting from Government-financed research to which the Government has acquired title or the right to file foreign patent applications thereon.

§ 301.2 *Scope.* This part applies to any invention to which the Government has acquired or may acquire title or the right to seek patent protection abroad, except any invention officially classified for reasons of the national security and any invention within the jurisdiction of the Atomic Energy Commission which is not specifically authorized by said Commission for inclusion within the terms of this part.

§ 301.3 *Reports and recommendations.* (a) Immediately upon filing an application for United States patent and receiving from the Commissioner of Patents the serial number of such application on an invention in and to which the Government has obtained title or the right to file foreign patent applications thereon, or holds an option to obtain such right, the Government agency concerned shall inform the Office of Technical Services, Department of Commerce, and furnish the information specified in paragraph (b) of this section concerning each such invention.

(b) The Government agency concerned shall furnish the Office of Technical Services, through the use of Foreign Patent Protection Reporting Form TS12, the following information concerning each invention:

(1) Whether or not the reporting agency recommends that the invention should receive patent protection abroad by the United States and, if so, in what

foreign jurisdictions such patent protection should be sought, together with the reasons for the recommendation to file or not to file for foreign patent protection, or to cause disclosure of the invention in accordance with § 301.7, and an indication of the immediate or future industrial, commercial or other value of the invention, including its value to public health.

(2) The other information specified in Form TS12, including an abstract of the invention, which shall consist of a clear and concise summary of the invention, containing, in 100 words or less of simple language (non-technical where possible), information concerning the specific form or embodiment of the invention with special reference to its novel features and giving the permissible variations unless they are obvious. The abstract should cover:

(i) What the invention is or to what it relates;

(ii) Its construction, if a machine, apparatus, device or article; its identity, if a chemical compound, or its ingredients, if a mixture, including the production thereof if not obvious; or the procedure involved, if a process;

(iii) Its manner of operation (how it works), if a machine, apparatus, device or article; and

(iv) What it accomplishes or is intended to accomplish over the known prior art.

Unessential details and theoretical matters and discussions should be omitted, but the abstract should be sufficiently complete to serve as a disclosure of the invention.

§ 301.4 *The Secretary of Commerce.* Under Administrative Order No. 2, issued by the Chairman of the Government Patents Board on September 6, 1950 (15 F. R. 6131), which delegated to the Secretary of Commerce certain of the functions and duties transferred to the Chairman of the Government Patents Board under Executive Order 10096, it is the responsibility of the Secretary of Commerce, as represented by the Office of Technical Services, Department of Commerce, upon receipt of the information specified under § 301.3:

(a) To consult fully with United States industry and commerce, with the Chairman of the Government Patents Board, with the Department of State, and with other Government agencies familiar with technical, scientific, industrial, commercial or other economic or social factors affecting the invention involved;

(b) Upon the basis of such consultation and after consideration of the availability of valid patent protection in the countries determined to be immediate or potential markets for, or producers of, products, processes, or services covered by or relating to the invention, to determine whether or not and in what foreign jurisdictions the United States should seek patent protection of such inventions and, to the extent of available funds therefor, to procure foreign patent protection of such inventions, taking all action, consistent with existing law, necessary to acquire and maintain patent rights abroad on such inventions;

(c) To administer foreign patents acquired by the United States under the terms of this part, subject to the approval of the Chairman of the Government Patents Board on all matters of policy;

(d) To issue licenses under such patents as prescribed in § 301.6 and in accordance with law;

(e) To maintain adequate records, and other necessary files, to provide readily available information on all the inventions included under the program, with special reference to patent applications pending, patents issued, and licenses granted; and

(f) To submit to the Chairman of the Government Patents Board a written report quarterly, or otherwise as the Chairman may request, on all operations of this program during the preceding calendar quarter or other period designated.

§ 301.5 *The Department of State.* Pursuant to Executive Orders 9865 and 10096, it is the responsibility of the Department of State, in consultation with the Chairman of the Government Patents Board and the Secretary of Commerce, to seek arrangements among governments under which each government and its nationals shall have access to the foreign patents of the other participating governments.

§ 301.6 *Licensing of foreign patents.* (a) Licenses under foreign patents issued to the United States shall be granted by the Secretary of Commerce to nationals of the United States on a nonexclusive, revocable, royalty-free basis except in such cases as the Secretary of Commerce with the approval of the Chairman of the Government Patents Board shall determine it to be inconsistent with the public interest to issue such licenses on a nonexclusive, royalty-free basis.

(b) Licenses under foreign patents issued to the United States may be granted by the Secretary of Commerce to foreign countries or to nationals of foreign countries pursuant to any arrangements which may come into force with such countries as provided in § 301.5, or, in the absence of such arrangements, on such terms as the Secretary of Commerce, with the approval of the Chairman of the Government Patents Board, shall determine, in accordance with law and on the recommendation of the Secretary of State, would be in the public interest, subject to outstanding licenses.

(c) With respect to foreign patents relating to matters of public health, licenses under such patents issued to the United States may be granted by the Secretary of Commerce to foreign countries or to nationals of foreign countries on a nonexclusive, revocable, royalty-free basis unless the Chairman of the Government Patents Board, on the recommendation of the Secretary of State, shall determine otherwise, regardless of whether a country is a party to the arrangements specified in § 301.5.

§ 301.7 *Disclosure of inventions.* (a) The Secretary of Commerce may, in cooperation with the Government agency concerned and with the approval of the Chairman of the Government Patents Board, cause prompt disclosure of any invention falling within the scope of this part, with respect to which a patent application has been filed in the United States, and concerning which a secrecy order has not been issued by the United States Commissioner of Patents, in such manner as may be necessary, or useful and feasible, to insure maximum protection to the interest of the United States.

(b) The Secretary of Commerce may, in cooperation with the Government agency concerned and with the approval of the Chairman of the Government Patents Board, cause prompt disclosure of any invention falling within the scope of this part, with respect to which a determination has been made that a patent application will not be filed in the United States, in such manner as may be necessary, or useful and feasible, to insure maximum protection to the interest of the United States, upon determination by the Secretary of Commerce, after consultation with all interested departments and agencies and with the approval of the Chairman of the Government Patents Board, that such disclosure would not be contrary to the national interest or security and that the invention is of sufficient novelty and significance to require such protection.

§ 301.8 *Foreign filing by inventor.* When the foreign patent rights in an invention are not assigned to the Government but the Government may, at its option or on request, acquire such rights and the Secretary of Commerce, as represented by the Office of Technical Services, Department of Commerce, fails to cause an application to be filed in any particular foreign country on behalf of the Government, or determines not to seek a foreign patent in such country, within six months of the filing of an application for United States patent on the invention, such failure to cause an application to be filed, or determination not to seek a foreign patent, shall constitute a decision by the Government not to acquire the patent rights in such foreign country, subject to the provisions of paragraph 6 of Executive Order 9865. After the decision by the Government the inventor may apply for patent in such country, subject to the reservation to the Government of a nonexclusive, irrevocable, royalty-free license in the invention for all governmental purposes

ARCHIE M. PALMER,
Chairman.

[F. R. Doc. 51-3463; Filed, Mar. 16, 1951; 8:59 a. m.]

TITLE 50—WILDLIFE

Chapter II—Alaska Game Commission, Department of the Interior

MISCELLANEOUS AMENDMENTS TO REGULATIONS

Basis and purpose. Wildlife surveys during the past year have shown that mountain sheep require additional protection at the southern tip of their range south of Lake Clark and in the southern portion of the Chugach Mountains permit area, south of and including Eagle River. In the remainder of the Chugach Mountains permit area, and in the Talkeetna permit area, surveys have shown a substantial number of legal rams which could be taken by hunters. At the present time there is no way of knowing the extent of hunting pressure in any given area, nor the success of hunters, without the use of permits. For this reason hunters in the Talkeetna and Chugach areas will be required to have permits, but the number of permits issued will not be limited. This will then give a measurement of normal hunting pressure in these accessible areas, together with a report on the number of rams taken during the season. The resultant data will form a basis for deciding future regulations.

Field surveys and investigations have shown that only a limited number of surplus male elk are available, and that the number of surplus males is not large enough to justify an additional season at this time.

Surveys and investigations have shown that a limited number of surplus bison bulls (25) can be removed without harm to the herd. The experience of 1950 showed that the 25 bulls can be removed in a period of 10 days. The limitation on the number of applications will be accomplished by a non-discriminatory public drawing open only to those applicants who did not receive a permit during the 1950 bison hunt.

That portion of the Palmer area west of Knik Arm and the Matanuska River supports a winter moose population far in excess of the carrying capacity of the area. Studies have shown that wintering populations greater than five moose per square mile are excessive. Some parts of this area support more than fifty moose per square mile. The total moose population in this area is in excess of 1,200 animals. All the wintering locations near the Palmer area are at or above maximum carrying capacity and the moose have no other place to winter. This winter concentration is located in the Matanuska Valley where much farming is done and moose enter the farms and cause considerable damage in the hayfields and haystacks. Attempts have been made to drive the moose from farms with noisemakers, flares and smokepots without success. Roads completely cover this portion of the Palmer area and a general open season will make too many moose accessible to hunters and allow an excessive kill. Therefore, it is the opinion of the Commission that a permit moose hunt is the logical way to reduce the moose population in these concentrated areas.

Thallium and sodium floracetate are newly developed lethal compounds and their use must be prohibited.

Sec.
161.1 Employment of guides by nonresidents and aliens.
161.2 Qualifications for guide licenses and issuance thereof.

AUTHORITY: §§ 161.1 to 161.2 issued under sec. 10, 43 Stat. 744, as amended; 48 U. S. C. 199.

PART 161—GUIDES

§ 161.1 *Employment of guides by nonresidents and aliens.* (a) Nonresidents of the Territory or aliens taking big game animals for any purpose, or going afield to photograph large brown or grizzly bears, except nonresident Federal officials engaged in wildlife investigations in Alaska exempted by special permit of the Commission, are required to employ and be accompanied by a guide registered and licensed by the Commission: *Provided*, That one such guide may conduct a party of nonresident or alien hunters if he provides a resident, licensed hunter 21 years of age or more to accompany each hunter not personally accompanied in the field by the registered guide; but no such guide, or resident assistant under the supervision of a registered and licensed guide, shall accompany in the field more than one nonresident or alien, except husband and wife and minor child, all of whom are in possession of the required hunting license: *Provided further*, That the registered guide in charge of each party shall be held responsible by the Alaska Game Commission for observance of all conservation regulations by all members of his party including the provisions of section 5093 C. L. A. 1933 (Wanton Destruction of Game), which fully applies to all meat acquired on trophy hunts.

(b) No guide or resident assistant under the supervision of a registered and licensed guide may take any big game animal while guiding, except in cases of actual emergency when a bear is attacking or is about to escape after being wounded, it shall be the duty of the guide to take such action as he deems necessary.

§ 161.2 *Qualifications for guide licenses and issuance thereof.* (a) Only resident citizens who are 21 years of age or more and have resided in the Territory for the 5 years immediately preceding application for registration and a guide license, and who are in sound physical condition and have had practical field experience in the handling of firearms, hunting, judging trophies, first aid, field preparation of trophies, and photography, and who are familiar with the terrain and transportation problems involved in the district for which application for such license is made, and who have further successfully passed oral and written examination prepared by the Commission will be registered and licensed to act as guides for nonresidents and aliens taking big game animals for any purpose, or going afield to photograph large brown or grizzly bears.

(b) The Alaska Game Commission will establish guide districts and maintain a register of such persons as are duly qualified and licensed to act as guides in such districts.

(c) Applications for such registration and guide license shall be made to an enforcement agent employed in the guide district in which the applicant resides, on a form issued by the Commission and shall state applicant's citizenship and resident status, age, physical characteristics, permanent address, and district or districts in which he desires to operate, together with full information relative to his qualifications to act as guide, and shall be subscribed to and sworn to by the applicant before an officer authorized to administer oaths.

(d) Upon receipt of such application by the enforcement agent, he shall conduct such written and oral examinations and make such investigations as the Commission shall require to determine the qualifications of the applicant to act as a guide.

(e) The enforcement agent who conducts such examination shall promptly file his report thereof with the executive officer of the Commission, together with his recommendation thereon, which report and recommendation shall be attached to the application and considered and determined at a regular or special meeting of the Commission.

(f) The executive officer of the Commission may, after investigation and satisfying himself of an applicant's qualifications, issue a guide license to him upon payment of the required fee, authorizing him to act as a guide under the terms of the license, subject to approval of the Commission at its next meeting.

(g) A registered guide license must bear the signature of the executive officer of the Commission. Each license shall expire on June 30 next succeeding its issuance, shall be revocable at the discretion of the Commission, and shall not be transferable.

(h) Each licensed guide shall submit to the Commission, immediately upon completion of a hunting or photographing trip, a separate report on each hunter containing the name and address of the nonresident or alien hunter for whom he or any of his resident assistants acted as guide, period covered by his or his assistant's services, number and species of animals taken, wounded and not secured, numbers and locations of each species of big game animal observed on the trip, and such other information as the Commission may require.

PART 162—POISONS

§ 162.1 *Designation and use of poison.* (a) Pursuant to section 8 of the Alaska Game Law, the following substances are by the Commission designated poisons: Strychnine, arsenic, phosphorus, antimony, barium, the cyanides, corrosive sublimate, thallium, sodium floracetate, or any derivative or derivatives, compound or compounds thereof, which, by said section 8, are forbidden:

(1) To be used at any time to kill any game or fur animal or bird, except by Fish and Wildlife Service employees under direction of the Commission.

(2) To be put out where any game or fur animal or bird may come in contact with it,

(3) To be sold or given to any hunter or trapper, or

(4) To be possessed by any hunter or trapper.

(b) Any person selling or otherwise disposing of any of the aforesaid poisons is required by said section 8 of the Alaska Game Law to keep a record in a special book showing the name and address of

each person purchasing or otherwise procuring said poison, and the kind and amount thereof, such record to be, at all times, open to inspection by any enforcement agent or other officer authorized to enforce the Alaska Game Law and information thereof to be transmitted monthly to the Alaska Game Commission.

(Sec. 10, 43 Stat. 744, as amended; 48 U. S. C. 199)

PART 163—TRAPPING AND HUNTING LICENSES

§ 163.1 *Resident trapping, hunting and fishing licenses.* No resident of the Territory over 16 years of age, except a native-born Indian or Eskimo, shall take game animals, fur animals, birds, or game fishes in the Territory without first having obtained a resident hunting license for game animals or birds, a trapping license for fur animals, or a fishing license for game fishes, but a person who is the holder of such trapping license shall be entitled to the privilege of hunting game animals or birds or taking game fishes, and a person who is the holder of a resident hunting license shall be entitled to the privilege of taking game fishes during the respective open seasons.

(Sec. 10, 43 Stat. 744, as amended; 48 U. S. C. 199)

PART 164—FUR MANAGEMENT AREAS

Sec.
164.1 Koyukuk Fur Management Area.
164.2 Arctic Slope Fur Management Area.
164.3 Upper Tanana River Fur Management Area.

AUTHORITY: §§ 164.1 to 164.3 issued under sec. 10, 43 Stat. 744, as amended; 48 U. S. C. 199.

§ 164.1 *Koyukuk Fur Management Area.* (a) There is hereby set aside an area that hereafter, and for the purpose of this section, shall be known as the Koyukuk Fur Management Area, more particularly described as follows: The entire drainage of the Koyukuk River, beginning at the mouth of the Dalby Slough and extending upstream to and including the entire drainage of the Alatna River; thence crossing the Koyukuk River 10 statute airline miles up river from Alatna; thence crossing the Kanuti River 24 statute airline miles up river from the confluence of the Koyukuk and Kanuti Rivers; thence along the drainage of the Koyukuk River to the place of beginning.

(b) The seasons and limits on fur animals prescribed in the annual regulations of the Secretary of the Interior under the Alaska Game Law shall be effective on the Koyukuk Fur Management Area. In that part of the area located within Fur District 6 the seasons and limits as prescribed by the Secretary, and then in effect, for that district shall be applicable. In the remainder of the aforesaid area those seasons and limits as established for Fur District 7 shall prevail.

(c) No fur animals may be taken except by the methods, means, and numbers provided in the general regulations of the Secretary of the Interior:

(1) No person shall take any fur animal within the Koyukuk Fur Management Area without first having resided within the boundaries of this area continuously for not less than one year; and

(2) Except as to native Indians, Eskimos, and residents under 16 years of age, be in possession of a current resident license to take fur animals in the Territory of Alaska at large.

§ 164.2 *Arctic Slope Fur Management Area.* (a) There is hereby set aside an area that hereafter, and for the purpose of this section, shall be known as the Arctic Slope Fur Management Area, more particularly described as follows: Beginning at the Village of Sinaru and running due south to the divide between the Colville and Noatak Rivers; thence easterly along the divide separating the waters flowing into the Arctic Ocean from the waters flowing into the Noatak and Yukon River drainages to the International Boundary; thence north along the International Boundary to the Arctic Ocean; thence westerly along the shores of the Arctic Ocean to the Village of Sinaru, or place of beginning.

(b) The seasons and limits on fur animals as prescribed in the annual regulations of the Secretary of the Interior under the Alaska Game Law shall be effective on the Arctic Slope Fur Management Area. The seasons and limits as prescribed by the Secretary, and then in effect, for Fur District 8, shall be applicable.

(c) No fur animals may be taken except by the methods, means, and numbers provided in the general regulations of the Secretary of the Interior:

(1) No person shall take any fur animal within the Arctic Slope Fur Management Area without first having resided within the boundaries of this area continuously for not less than one year; and

(2) Except as to native Indians, Eskimos, and residents under 16 years of age, be in possession of a current resident license to take fur animals in the Territory of Alaska at large.

§ 164.3 *Upper Tanana River Fur Management Area.* (a) There is hereby set aside an area that hereafter, and for the purpose of this section, shall be known as the Upper Tanana River Fur Management Area, more particularly described as follows: To include the entire headwater drainage of the Tanana River from the Alaska-Canadian border to its confluence with the Robertson River below Tanana Crossing.

(b) The seasons and limits on fur animals as prescribed in the annual regulations of the Secretary of the Interior under the Alaska Game Law shall be effective on the Upper Tanana River Fur Management Area. The seasons and limits as prescribed by the Secretary, and then in effect, for Fur District 6, shall be applicable.

(c) No fur animals may be taken except by the methods, means, and numbers provided in the general regulations of the Secretary of the Interior:

(1) No person shall take any fur animal within the Upper Tanana River Fur Management Area without first having resided within the boundaries of this area continuously for not less than one year; and

(2) Except as to native Indians, Eskimos, and residents under 16 years of age, be in possession of a current resident license to take fur animals in the Territory of Alaska at large.

PART 165—SPECIAL PERMIT HUNTS

Sec.
165.1 Mountain sheep.
165.2 Bison.
165.3 Moose.

AUTHORITY: §§ 165.1 to 165.3 issued under sec. 10, 43 Stat. 744, as amended; 48 U. S. C. 199.

§ 165.1 *Mountain sheep.* In the Talkeetna area bounded by the Susitna River on the west and north, Tyone Creek and the Little Nelchina River to the Glenn Highway on the east, the Glenn Highway and the waters of Knik Arm to the mouth of the Susitna River on the south; and in the Chugach Mountains area bounded by Turnagain and Knik Arms on the west, the Glenn Highway to the Little Nelchina River on the north; thence south along Nelchina Glacier and following the summit of the Chugach Mountains to the head of Turnagain Arm, sheep hunting will be limited to holders of a special permit in addition to the 1952 fiscal year hunting license. Each hunter will be limited to one mature ram with three-fourths curl of horn or larger and will be required to furnish data on the hunt to the Commission. No permits will be issued for that portion of the Chugach Mountains area including all drainages into Knik and Turnagain Arms between and including Eagle River and Twenty-Mile River.

Permits will be issued upon application, by writing or in person, to the Fish and Wildlife Service, Anchorage, Alaska. Each application must include the kind and serial number of the applicant's 1952 fiscal year hunting license, his name and address, and must specify the location it is desired to hunt. Applications must be in the hands of the Fish and Wildlife Service prior to August 20.

§ 165.2 *Bison.* Bison hunting in the Big Delta area south of the Tanana River and including the Mount Hayes-Blair Lakes closed area will be limited to holders of a special permit in addition to the 1952 fiscal year hunting license. The Commission will issue not to exceed 25 such permits.

Applications must be made by letter to the Alaska Game Commission at Fairbanks, Alaska, stating name, address, and serial number and kind of 1952 fiscal year hunting license. Applications must be postmarked August 1 to August 10, inclusive. Should the number of applications exceed 25 a committee composed of the Governor of the Territory or his representative, and one disinterested citizen shall prescribe on August 25 a non-discriminatory method of issuing the limited number of permits to eligible applicants. Applicants who received permits during the 1950 bison hunt will not be eligible. Eligible applicants, after due notice, and upon submission of a money order, certified check, or bank draft for $25, payable to the Treasurer of the United States, will be issued said special permit by the Executive Officer of the Commission.

Permittees must register with agents of the Commission at the junction of the Richardson and Alaska highways, prior to and following the hunt, and must hunt only those animals as are designated by the agents.

Employees of the Alaska Game Commission and the Fish and Wildlife Service are not eligible for the above permits.

§ 165.3 *Moose.* In that portion of the Palmer area west of Knik Arm and the Matanuska River, moose hunting for 75 bull moose will be allowed by permit only from December 11 through December 23.

Applications must be made in writing to the Alaska Game Commission, Anchorage, Alaska, prior to November 1, 1951, stating name, address, serial number and kind of 1952 fiscal year hunting license. No fee will be charged for a permit. A public drawing will be held at the Alaska Game Commission office, Anchorage, Alaska, at 12:00 noon, November 15, 1951, and successful applicants will be notified immediately thereafter.

A checking station will be located at Palmer, Alaska, and all hunters will be required to check at this station both before and after hunting.

This section will in no way conflict with the provisions of § 46.104 of Chapter I of this title, which states the limit for moose is one male per year. In other words, successful hunters during the general open season will not be eligible to participate in the special permit hunt.

Employees of the Alaska Game Commission and the Fish and Wildlife Service are not eligible for the above permits.

The above enumerated regulations were adopted at a meeting of the Alaska Game Commission held for that purpose, at which a quorum of the members was present, in the City of Juneau, Alaska, on the 12th day of February 1951.

In testimony whereof, we have set our hands and have caused the official seal of the said Commission to be affixed in the City of Juneau, Alaska, this 17th day of February 1951.

[SEAL] EARL N. OHMER,
Commissioner, 1st Judicial Division, and Chairman.
HARRY O. BROWN,
Commissioner, 2d Judicial Division.
FORBES L. BAKER,
Commissioner, 4th Judicial Division.
CLARENCE J. RHODE,
Executive Officer.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 904]

[Docket No. AO-14-A20]

HANDLING OF MILK IN GREATER BOSTON, MASS., MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO THE TENTATIVELY APPROVED MARKETING AGREEMENT AND TO THE ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.) and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Fleming Museum, University of Vermont, Burlington, Vermont, beginning at 10:00 a. m., e. s. t., April 2, 1951, and in Courtroom No. 4 on the twelfth floor of the Federal Building, Post Office Square, Boston, Massachusetts, beginning at 10:00 a. m., e. s. t., April 5, 1951, for the purpose of receiving evidence with respect to proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentative marketing agreement heretofore approved by the Secretary of Agriculture, and to the order, as amended, regulating the handling of milk in the Greater Boston, Massachusetts, marketing area. The proposals to make certain revisions in the Class II pricing formula raise the question of the level of Class II prices and the components of a Class II pricing mechanism. Accordingly, evidence with respect to all phases of Class II pricing will be received at the hearing. These proposed amendments have not received the approval of the Secretary of Agriculture.

Proposed by United Farmers of New England, Inc., and Milton Cooperative Dairy Corporation:

1. Revise § 904.7 (b) to increase the rates of processing allowance in line with current operating costs, including the general price level and wage rates of plant labor.

2. Revise § 904.7 (b) to include provisions for automatic adjustment of the processing allowance to reflect changes in prices, labor cost, and volume of Class II milk.

Proposed by H. P. Hood and Sons:

3. Amend § 904.7 (b) to:

(a) Change the yield factors.

(b) Change the price quotations.

(c) Increase the allowances in § 904.7 (b) (3).

(d) Provide for adjusting price to nearest cent.

4. Amend § 904.7 (d) (3) to provide for an automatic change in the factor of 1.03 in the event the transportation tax is changed from 3 percent.

5. Amend § 904.9 (d) (2) to provide for multiplying the cream price by .98, then subtracting 26 cents, then dividing by 330 and then adjusting to the nearest one-tenth cent.

Proposed by New England Milk Producers' Association and Northern Farm Cooperative, Inc:

6. In § 904.9 (d) (2) delete 334.8 and substitute 330.

Proposed by:

Bellows Falls Cooperative Creamery, Inc.
Bethel Cooperative Creamery, Inc.
Cabot Farmers' Cooperative Creamery Co., Inc.
Connecticut Valley Dairy, Inc.
Grand Isle County Cooperative Creamery Association, Inc.
Granite City Cooperative Creamery Association, Inc.
Maine Dairymen's Association, Inc.
Milton Cooperative Dairy Corp.
Mount Mansfield Cooperative Creamery and Grain Association, Inc.
New England Milk Producers' Association,
Northern Farms Cooperative, Inc.
Richmond Cooperative Association, Inc.
St. Albans Cooperative Creamery, Inc.
Shelburne Cooperative Creamery Co.
United Farmers of New England, Inc.

7. Expand the marketing area to include the towns of Ayer, Bedford, Bourne, Falmouth and Sandwich, Massachusetts; or the military and governmental establishments known as Fort Devens, Camp Edwards, Bedford Airport, and Bedford Veterans' Hospital.

Proposed by:

Bethel Cooperative Creamery, Inc.
Cabot Farmers' Cooperative Creamery Co., Inc.
Grand Isle County Cooperative Creamery Association, Inc.
Milton Cooperative Dairy Corp.
Mount Mansfield Cooperative Creamery and Grain Association.
Richmond Cooperative Association, Inc.
St. Albans Cooperative Creamery, Inc.
United Farmers of New England, Inc.

8. Expand the marketing area to include the establishment of the Federal Government in the town of Framingham, Massachusetts, known as "Cushing Memorial Hospital."

Proposed by Independent Cooperative Association, Inc.:

9. Include Fort Devens, Ayer, Massachusetts, in the marketing area during the period of war effort.

Proposed by Northern Farms Cooperative, Inc.:

10. Delete § 904.9 (e).

Proposed by Dairy Branch, Production and Marketing Administration:

11. Delete § 904.7 (a) (3) (ii) and substitute:

(ii) Compute the index of the wage rates for each of the States named below by dividing the wage rate for the latest available month as reported by the United States Department of Agriculture by the applicable factor in the following table. Next compute a simple average of the indexes for each State and a weighted index by using the following

weights: Maine, 10; Massachusetts, 6; New Hampshire, 7; and Vermont, 77. Multiply the weighted index by 2.072 and then by 0.4.

	Maine	Massachusetts	New Hampshire	Vermont
Per month:				
With board and room..	$92 08	$104 25	$90 50	$101 08
With house	107.17	110.75	133.50	128.92
Per week:				
With board and room	25.396	27.292	26.708	25.823
Without board and room.	35.08	38.75	37.75	35.899
Per day:				
Without board and room.	6.108	6.667	6.692	6.392

12. Amend § 904.7 (f) to read as follows:

(f) *Use of equivalent prices in formulas.* If for any reason a price, index, or wage rate specified by this order for use in computing class prices and for other purposes is not reported or published in the manner described in this order, the market administrator shall use a price, index, or wage rate determined by the Secretary to be equivalent to or comparable with the factor which is specified.

13. Amend the applicable provisions of the order to provide that the operator of a milk plant shall be responsible, with respect to all milk and milk products received at the plant, for all payment, reporting, and other obligations imposed by the order upon a handler, with exceptions limited to milk temporarily diverted by a handler from its usual plant of receipt and milk of a dairy farmer's own production which is processed for him.

14. (a) In § 904.1 (b) (5) delete "one of the handlers nonpool plants" and substitute "another plant."

(b) Amend § 904.1 (b) (6) to provide that a dairy farmer whose milk is diverted to a Boston country pool plant from a Lowell-Lawrence, Springfield, or Worcester pool plant to which he ordinarily delivers is not a producer under the Boston order if his milk is reported as a producer receipt under the provisions of the other order.

15. Amend § 904.3 (c) to:

(a) Classify sales of pool milk to producer-handlers on an allocated basis rather than on a specific use basis.

(b) Remove restrictions which prevent buyer-handlers from moving milk to other plants on a Class II basis.

16. Delete § 904.5 (c) and substitute the following:

(c) *Receipt of skim milk from producer-handlers.* Skim milk received from a producer-handler shall be assigned to Class II up to the total quantity of fluid milk products other than cream used as Class II at the plant of receipt.

17. Delete § 904.1 (b) (3) and delete § 904.2 and substitute:

§ 904.2 *Market administrator—(a) Designation of market administrator.* The agency for the administration of this order shall be a market administrator, who shall be a person selected and subject to removal by the Secretary. The market administrator shall be entitled to such compensation as shall be determined by the Secretary.

(b) *Powers of market administrator.* The market administrator shall have the following powers with respect to this order:

(1) To administer its terms and provisions;

(2) To make rules and regulations to effectuate its terms and provisions;

(3) To receive, investigate, and report to the Secretary complaints of violations of its terms and provisions; and

(4) To recommend to the Secretary amendments to it.

(c) *Duties of market administrator.* The market administrator in addition to the duties described in other sections of this order shall:

(1) Within 45 days following the date upon which he enters upon his duties execute and deliver to the Secretary a bond conditioned upon the faithful performance of his duties, in an amount and with sureties thereon satisfactory to the Secretary;

(2) Pay, out of the funds provided by § 904.11, the cost of his bond, his own compensation, and all other expenses necessarily incurred in the maintenance and functioning of his office;

(3) Keep such books ad records as will clearly reflect the transactions provided for in this order and surrender the same to his successor, or to such other person as the Secretary may designate;

(4) Prepare and disseminate for the benefit of producers, consumers, and handlers, statistics and information concerning the operation of this order;

(5) Promptly verify the information contained in the reports submitted by the handlers; and

(6) Give each of the producers delivering to a plant, as reported by the handler, prompt written notice of their actual or potential loss of producer status for the first month in which the plant's status has changed or is changing to that of a nonpool plant.

18. Amend § 904.8 (c) (3) by deleting the period and adding thereto the following: "____ because of failure to make reports pursuant to § 904.6 or payment pursuant to § 904.9."

19. Delete § 904.12 (c) and substitute the following:

(c) *Continuing obligations.* If, upon the suspension or termination of any or all provisions of this order, there are any obligations arising under it, the final accrual or ascertainment of which requires further acts by any person, such further acts shall be performed notwithstanding such suspension or termination.

20. In § 904.14 delete all of the introductory language after "irrespective of when such obligation arose."

21. Amend § 904.8 (b) so as to provide for excluding from each current pool computation the milk of any nonpool handler who is not in compliance with the reporting and payment provisions of the order for any prior month since the effective date of the most recent amendment of the order.

22. Make such other changes as may be required to make the entire marketing agreement and order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing, the said order, as amended, now in effect, may be procured from the Market Administrator, Room 403, 230 Congress Street, Boston 10, Massachusetts, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated March 14, 1951, at Washington, D. C.

[SEAL] JOHN I. THOMPSON,
Assistant Administrator, Production and Marketing Administration.

[7 CFR, Part 905]

[Docket No. AO-209-A1]

HANDLING OF MILK IN OKLAHOMA CITY, OKLA., MARKETING AREA

DECISION WITH RESPECT TO A PROPOSED MARKETING AGREEMENT AND A PROPOSED ORDER AMENDING THE ORDER

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted at Oklahoma City, Oklahoma, on December 11-12, 1950, pursuant to notice thereof which was issued on November 27, 1950 (15 F. R. 8200).

Upon the basis of the evidence introduced at the hearing and the record thereof the Assistant Administrator, Production and Marketing Administration, on February 9, 1951, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision and opportunity to file written exceptions thereto was published in the FEDERAL REGISTER on February 15, 1951 (16 F. R. 1596).

The material issues, findings and conclusions of the recommended decision (F. R. Doc. 51-2235, 16 F. R. 1596) are hereby adopted as if set forth in full herein, subject to the following revision:

1. In the third sentence of the sixth paragraph beginning in the second column of 16 F. R. 1596 (F. R. Doc. 51-2235), delete the word "eight" and substitute therefor the word "nine", and also delete the word "four" and substitute therefor the word "three."

Ruling on exceptions. In arriving at the findings and conclusions included in this decision each of the exceptions received was carefully and fully considered in conjunction with the record evidence pertaining thereto. To the extent that the findings and conclusions herein are at variance with the exceptions, such exceptions are overruled.

General findings. (a) The proposed marketing agreement and the order, as hereby proposed to be amended, and all of the terms and conditions thereof will tend to effectuate the declared policy of the act;

(b) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply of and demand for milk in the marketing area and the minimum prices specified in the proposed marketing agreement and the order, as hereby proposed to be amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(c) The proposed marketing agreement and the order, as hereby proposed to be amended, will regulate the handling of milk in the same manner as, and are applicable only to persons in the respective classes of industrial and commercial activity specified in the said marketing agreement upon which a hearing has been held.

Determination of representative period. The month of December 1950 is hereby determined to be the representative period for the purpose of ascertaining whether the issuance of an order amending the order regulating the handling of milk in the Oklahoma City, Oklahoma, marketing area in the manner set forth in the attached amending order is approved or favored by producers who during such period were engaged in the production of milk for sale in the marketing area specified in such marketing order.

Annexed hereto and made a part hereof are two documents entitled respectively "Marketing Agreement Regulating the Handling of Milk in the Oklahoma City, Oklahoma, Marketing Area", and "Order Amending the Order Regulating the Handling of Milk in the Oklahoma City, Oklahoma, Marketing Area", which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements orders have been met.

It is hereby ordered, That all of this decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the order, as hereby proposed to be amended by the attached order which will be published with this decision.

This decision filed at Washington, D. C., this 13th day of March 1951.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

Order[1] Amending the Order Regulating the Handling of Milk in the Oklahoma City, Oklahoma, Marketing Area

§ 905.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order regulating the handling of milk in the Oklahoma City, Oklahoma, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as hereby amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supplies of and demand for milk in the marketing area, and the minimum prices specified in the order as hereby amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as hereby amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered that on and after the effective date hereof the handling of milk in the Oklahoma City, Oklahoma, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as hereby amended, and the aforesaid order, is hereby amended as follows:

1. Add the following as § 905.14:

§ 905.14 *Base milk.* "Base milk" means producer milk received by a handler during any of the months of April through June which is not in excess of such producer's daily average base computed pursuant to § 905.35 multiplied by the number of days in such month for which such producer delivered milk to such handler.

2. Add the following as § 905.15:

§ 905.15 *Excess milk.* "Excess milk" means producer milk received by a handler during any of the months of April through June which is in excess of base milk received from such producer during such month, and shall include all milk received from a producer for whom no daily average base can be computed pursuant to § 905.35.

3. Delete § 905.22 (j) (2) and substitute therefor the following:

(2) On or before the 12th day of each month the uniform price(s) computed pursuant to § 905.71 or § 905.72, as applicable, and the butterfat differential computed pursuant to § 905.81, both for the previous month; and

4. Delete § 905.30 (a) and substitute therefor the following:

(a) The quantities of skim milk and butterfat contained in milk received from producers, and, for the months of April through June, the aggregate quantities of base milk and excess milk;

5. Delete § 905.31 (a) and substitute therefor the following:

(a) The total pounds of milk received from each producer and cooperative association, the total pounds of butterfat contained in such milk and the number of days on which milk was received from such producer, including for the months of April through June such producer's deliveries of base milk and excess milk;

6. Delete § 905.51 (a) and (b) and substitute therefor the following:

(a) *Class I milk.* The basic formula price plus $1.45 during the months of April, May, and June and plus $1.85 during all other months: *Provided,* That for each of the months of September, October, November, and December, such price shall be not less than that for the preceding month, and that for each of the months of April, May, and June such price shall be not more than that for the preceding month.

(b) *Class II milk.* The average of the basic or field prices reported to have been paid or to be paid for ungraded milk of 4.0 percent butterfat content received from farmers during the month at the following plants or places for which prices have been reported to the market administrator or to the Department:

Present Operator and Location

Fairmont Foods Co., Guthrie, Okla.
Wilson & Co., Blackwell, Okla.
Kraft Cheese Co., Sulphur, Okla.
Hawk Dairy, Tulsa, Okla.

Provided, That such price shall be not less than the average of the basic or field prices paid or to be paid for such milk by the Gilt Edge Dairy, Norman, Okla.

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

7. Add the following as a center heading and §§ 905.65 and 905.66:

DETERMINATION OF BASE

§ 905.65 *Computation of daily average base for each producer.* For the months of April through June of each year the market administrator shall compute a daily average base for each producer as follows, subject to the rules set forth in § 905.66:

(a) Divide the total pounds of milk received by a handler(s) from such producer during the months of September through December immediately preceding by the number of days, not to be less than ninety, of such producer's delivery in such period: *Provided*, That for the months of April through June 1951, the total pounds of milk received by handlers from a producer in December 1950 and January 1951 shall be divided by 62 in order to determine such producer's daily average base.

§ 905.66 *Base rules.* The following rules shall apply in connection with the establishment of bases:

(a) A base shall apply to deliveries of milk by the producer for whose account that milk was delivered during the base forming period:

(b) Bases may be transferred only during the period of April through June by notifying the market administrator in writing before the last day of any month that such base is to be transferred to the person named in such notice only as follows:

(1) In the event of the death, retirement, or entry into military service of a producer, the entire base may be transferred to a member(s) of such producer's immediate family who carries on the dairy operations.

(2) If a base is held jointly and such joint holding is terminated, the entire base may be transferred to one of the joint holders.

(c) A producer who ceases to deliver milk to a handler for more than 45 consecutive days shall forfeit his base.

8. Amend § 905.71 by deleting from the first sentence thereof the words: "For each month" and substituting therefor the words "For each of the months of July through March."

9. Add the following as § 905.72:

§ 905.72 *Computation of uniform prices for base milk and excess milk.* For each of the months of April through June the market administrator shall compute the uniform prices per hundredweight for base milk and for excess milk, each of 4.0 percent butterfat content, as follows:

(a) Combine into one total the values computed pursuant to § 905.70 for all handlers who made the reports prescribed in § 905.30 and who made the payments pursuant to §§ 905.80 and 905.83 for the preceding month:

(b) Add not less than one-half of the cash balance in the producer-settlement fund less the total amount of the contingent obligations to handlers pursuant to § 905.85;

(c) Subtract if the average butterfat content of the milk included in these computations is greater than 4.0 percent, or add if such average butterfat content is less than 4.0 percent, an amount computed by multiplying the amount by which the average butterfat content of such milk varies from 4.0 percent by the butterfat differential computed pursuant to § 905.81 and multiplying the resulting figure by the total hundredweight of such milk;

(d) Compute the total value on a 4.0 percent butterfat basis of the excess milk included in these computations by multiplying the hundredweight of such milk not in excess of the total quantity of Class II milk included in these computations by the price for Class II milk of 4.0 percent butterfat content, multiplying the hundredweight of such milk in excess of the total hundredweight of such Class II milk by the price for Class I milk of 4.0 percent butterfat content, and adding together the resulting amounts;

(e) Divide the total value of excess milk obtained in paragraph (d) of this section by the total hundredweight of such milk, and adjust to the nearest cent. The resulting figure shall be the uniform price for excess milk of 4.0 percent butterfat content received from producers.

(f) Subtract the value of excess milk obtained in paragraph (d) of this section from the value of all milk obtained in paragraph (c) of this section and adjust by any amount involved in adjusting the uniform price for excess milk to the nearest cent;

(g) Divide the amount obtained in paragraph (f) of this section by the total hundredweight of base milk included in these computations;

(h) Subtract not less than 4 cents nor more than 5 cents from the amount computed pursuant to paragraph (g) of this section. The resulting figure shall be the uniform price for base milk of 4.0 percent butterfat content received from producers.

10. Delete § 905.80 (a) and substitute therefor the following:

(a) On or before the 15th day after the end of the month during which the milk was received, to each producer (1) at not less than the uniform price computed pursuant to § 905.71 for all milk received from such producer, if such preceding month was any of the months of July through March, or (2) at not less than the uniform price for base milk computed pursuant to § 905.72, with respect to base milk received from such producer, and at not less than the uniform price for excess milk computed pursuant to § 905.72 with respect to excess milk received from such producer, if such preceding month was any of the months of April through June, in each case adjusted by the butterfat differential computed pursuant to § 905.81, and less the amount of the payment made pursuant to paragraph (b) of this section: *Provided*, That with respect to producers whose milk was caused to be delivered to such handler by a cooperative association which is authorized to collect payment for such milk, the handler shall, if the cooperative association so requests, pay such cooperative association, on or before the 13th day after the end of the month, an amount equal to the sum of the individual payments otherwise payable to such producers in accordance with this paragraph.

11. In §§ 905.83 and 905.84 delete "§ 905.80 (a)" wherever it appears and substitute therefor "§ 905.80."

[F. R. Doc. 51-3431; Filed, Mar. 16, 1951, 8:52 a. m.]

[7 CFR, Part 905]

[Docket No. AO-209-A1]

HANDLING OF MILK IN OKLAHOMA CITY, OKLA., MARKETING AREA

ORDER OF THE SECRETARY DIRECTING THAT A REFERENDUM BE CONDUCTED AMONG THE PRODUCERS; DETERMINATION OF A REPRESENTATIVE PERIOD; AND DESIGNATION OF AN AGENT TO CONDUCT SUCH REFERENDUM

Pursuant to section 8c (19) of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 608c, (19)), it is hereby directed that a referendum be conducted among the producers (as defined in the order regulating the handling of milk in the Oklahoma City, Oklahoma, marketing area), who, during the month of December 1950, were engaged in the production of milk for sale in the marketing area specified in the aforesaid order to determine whether such producers favor the issuance of an order, amending the order, which is filed simultaneously herewith.[1]

The month of December 1950 is hereby determined to be the representative period for the conduct of such referendum.

Kenneth M. Fell is hereby designated agent of the Secretary to conduct such referendum in accordance with the procedure for conducting of referenda to determine producer approval of milk marketing orders as published in the FEDERAL REGISTER on August 10, 1950 (15 F. R. 5177), such referendum to be completed on or before the 20th day from the date this referendum order is issued.

Done at Washington, D. C., this 13th day of March 1951.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

[7 CFR, Part 906]

[Docket No. AO-210-A1]

HANDLING OF MILK IN TULSA, OKLA., MARKETING AREA

DECISION WITH RESPECT TO A PROPOSED MARKETING AGREEMENT AND A PROPOSED ORDER AMENDING THE ORDER

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted at Tulsa, Oklahoma, on December 13 and 14, 1950, pursuant to notice thereof which was issued on December 1, 1950 (14 F. R. 8221).

[1] See F. R. Doc. 51-3431, *supra*.

Upon the basis of the evidence introduced at the hearing and the record thereof the Assistant Administrator, Production and Marketing Administration, on February 9, 1951, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision and opportunity to file written exceptions thereto was published in the FEDERAL REGISTER on February 15, 1951 (16 F. R. 1599).

The material issues, findings and conclusions of the recommended decision (F. R. Doc. 51-2236, 16 F. R. 1599) are hereby adopted as if set forth in full herein.

Ruling on exceptions. In arriving at the findings and conclusions included in this decision each of the exceptions received was carefully and fully considered in conjunction with the record evidence pertaining thereto. To the extent that the findings and conclusions herein are at variance with the exceptions, such exceptions are overruled.

General findings. (a) The proposed marketing agreement and the order, as hereby proposed to be amended, and all of the terms and conditions thereof will tend to effectuate the declared policy of the act;

(b) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply of and demand for milk in the marketing area and the minimum prices specified in the proposed marketing agreement and in the order, as hereby proposed to be amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(c) The proposed marketing agreement and the order, as hereby proposed to be amended, will regulate the handling of milk in the same manner as, and are applicable only to persons in the respective classes of industrial and commercial activity specified in the said marketing agreement upon which a hearing has been held.

Determination of representative period. The month of December 1950 is hereby determined to be the representative period for the purpose of ascertaining whether the issuance of an order amending the order regulating the handling of milk in the Tulsa, Oklahoma, marketing area in the manner set forth in the attached amending order is approved or favored by producers who during such period were engaged in the production of milk for sale in the marketing area specified in such marketing order.

Annexed hereto and made a part hereof are two documents entitled respectively "Marketing Agreement Regulating the Handling of Milk in the Tulsa, Oklahoma, Marketing Area," and "Order Amending the Order Regulating the Handling of Milk in the Tulsa, Oklahoma, Marketing Area," which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

It is hereby ordered, That all of this decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the order, as hereby proposed to be amended by the attached order which will be published with this decision.

This decision filed at Washington, D. C., this 13th day of March 1951.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

Order[1] Amending the Order Regulating the Handling of Milk in the Tulsa, Oklahoma, Marketing Area

§ 906.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order regulating the handling of milk in the Tulsa, Oklahoma, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as hereby amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supplies of and demand for milk in the marketing area, and the minimum prices specified in the order, as hereby amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as hereby amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered that on and after the effective date hereof the handling of milk in the Tulsa, Oklahoma, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as hereby amended, and the aforesaid order is hereby amended as follows:

1. Delete § 906.10 and substitute therefor the following:

§ 906.10 *Producer.* "Producer" means any person, other than a producer-handler, who produces milk which is received at an approved plant: *Provided*, That such milk is produced under a dairy farm permit, permit authorization or rating issued by any health authority having jurisdiction in the marketing area for the production of milk to be disposed of for consumption as Grade A milk. This definition shall include any such person who is regularly classified as a producer but whose milk is caused to be diverted by a handler to an unapproved plant, and milk so diverted shall be deemed to have been received at an approved plant by the handler who causes it to be diverted. This definition shall not include a person with respect to milk produced by him which is received at a plant operated by a handler who is subject to another Federal marketing order and who is partially exempt from the provisions of this order pursuant to § 906.61.

2. Add the following as § 906.14:

§ 906.14 *Base milk.* "Base milk" means producer milk received by a handler during any of the months of April through June which is not in excess of each producer's daily average base computed pursuant to § 906.65 multiplied by the number of days in such month for which such producer delivered milk to such handler.

3. Add the following as § 906.15:

§ 906.15 *Excess milk.* "Excess milk" means producer milk received by a handler during any of the months of April through June which is in excess of base milk received from each producer during such month, and shall include all milk received from producers for whom no daily average base can be computed pursuant to § 906.65.

4. Delete § 906.22 (j) (2) and substitute therefor the following:

(2) On or before the 12th day of each month the uniform price(s) computed pursuant to § 906.71 or § 906.72, as applicable, and the butterfat differential computed pursuant to § 906.82, both for the previous month; and

5. Delete § 906.30 (a) and substitute therefore the following:

(a) The quantities of skim milk and butterfat contained in milk received from producers, and, for the months of

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

April through June, the aggregate quantities of base milk and excess milk;

6. Delete § 906.31 (a) and substitute therefor the following:

(a) The total pounds of milk received from each producer and cooperative association the total pounds of butterfat contained in such milk and the number of days on which milk was received from such producer including for the months of April through June such producer's deliveries of base milk and excess milk;

7. Delete § 906.51 (a) and substitute therefor the following:

(a) *Class I milk.* The basic formula price plus $1.45 during the months of April, May, and June and plus $1.85 during all other months: *Provided*, That for each of the months of September, October, November, and December, such price shall be not less than that for the preceding month, and that for each of the months of April, May, and June such price shall be not more than that for the preceding month.

8. Add the following as a center heading and §§ 906.65 and 906.66:

DETERMINATION OF BASE

§ 906.65 *Computation of daily average base for each producer.* For the months of April through June of each year the market administrator shall compute a daily average base for each producer as follows, subject to the rules set forth in § 906.66:

(a) Divide the total pounds of milk received by a handler(s) from such producer during the months of September through December immediately preceding by the number of days, not to be less than ninety, of such producer's delivery in such period: *Provided*, That for the months of April through June 1951, the total pounds of milk received by handlers from a producer in December 1950 and January 1951 shall be divided by 62 in order to determine such producer's daily average base.

§ 906.66 *Base rules.* (a) A base shall apply to deliveries of milk by the producer for whose account that milk was delivered during the base forming period;

(b) Bases may be transferred only during the period of April through June by notifying the market administrator in writing before the last day of any month that such base is to be transferred to the person named in such notice only as follows:

(1) In the event of the death, retirement, or entry into military service of a producer the entire base may be transferred to a member(s) of such producer's immediate family who carries on the dairy operations.

(2) If a base is held jointly and such joint holding is terminated, the entire base may be transferred to one of the joint holders.

(c) A producer who ceases to deliver milk to a handler for more than 45 consecutive days shall forfeit his base.

9. Amend § 906.71 by deleting from the first sentence thereof the words: "For each month" and substituting therefor the words "For each of the months of July through March."

10. Add the following as § 906.72:

§ 906.72 *Computation of uniform prices for base milk and excess milk.* For each of the months of April through June the market administrator shall compute the uniform prices per hundredweight for base milk and for excess milk, each of 4.0 percent butterfat content, as follows:

(a) Combine into one total the values computed pursuant to § 906.70 for all handlers who made the reports prescribed in § 906.30 and who made the payments pursuant to §§ 906.80 and 906.84 for the preceding month;

(b) Add the aggregate of the values of all allowable location adjustments to producers pursuant to § 906.81;

(c) Add not less than one-half of the cash balance in the producer-settlement fund less the total amount of the contingent obligations to handlers pursuant to § 906.85;

(d) Subtract if the average butterfat content of the milk included in these computations is greater than 4.0 percent, or, add if such average butterfat content is less than 4.0 percent, an amount computed by multiplying the amount by which the average butterfat content of such milk varies from 4.0 percent by the butterfat differential computed pursuant to § 906.82 and multiplying the resulting figure by the total hundredweight of such milk;

(e) Compute the total value on a 4.0 percent butterfat basis of excess milk included in these computations by multiplying the hundredweight of such milk not in excess of the total quantity of Class II milk included in these computations by the price for Class II milk of 4.0 percent butterfat content, multiplying the hundredweight of such milk in excess of the total hundredweight of such Class II milk by the price for Class I milk of 4.0 percent butterfat content, and adding together the resulting amounts;

(f) Divide the total value of excess milk obtained in paragraph (e) of this section by the total hundredweight of such milk, and adjust to the nearest cent. The resulting figure shall be the uniform price for excess milk of 4.0 percent butterfat received from producers.

(g) Subtract the value of excess milk obtained in paragraph (e) of this section from the value of all milk obtained in paragraph (d) of this section and adjust by any amount involved in adjusting the uniform price of excess milk to the nearest cent;

(h) Divide the amount obtained in paragraph (g) of this section by the total hundredweight of base milk included in these computations;

(i) Subtract not less than 4 cents nor more than 5 cents from the amount computed pursuant to paragraph (h) of this section. The resulting figure shall be the uniform price for base milk of 4.0 percent butterfat content received from producers.

11. Delete § 906.80 (a) and substitute therefor the following:

(a) On or before the 15th day after the end of the month during which the milk was received, to each producer (1) at not less than the uniform price computed pursuant to § 906.71 for all milk received from such producer if such preceding month was any of the months of July through March, or (2) at not less than the uniform price for base milk computed pursuant to § 906.72, with respect to base milk received from such producer, and at not less than the uniform price for excess milk computed pursuant to § 906.72, with respect to excess milk received from such producer, if such preceding month was any of the months of April through June, in each case adjusted by the butterfat differential computed pursuant to § 906.82, subject to location adjustments to producers pursuant to § 906.81, less the amount of the payment made pursuant to paragraph (b) of this section: *Provided*, That with respect to producers whose milk was caused to be delivered to such handler by a cooperative association which is authorized to collect payment for such milk, the handler shall, if the cooperative association so requests, pay such cooperative association, on or before the 13th day after the end of the month, an amount equal to the sum of the individual payments otherwise payable to such producers in accordance with this paragraph.

12. In §§ 906.84 and 906.85 delete "§ 906.80 (a)" wherever it appears and substitute therefor "§ 906.60."

13. Amend § 906.87 (b) by deleting the period at the end thereof, substituting therefor a comma, and adding thereto the following: "identified by a statement showing for each such producer the information required to be reported to the market administrator pursuant to § 906.31. In lieu of such statement a handler may authorize the market administrator to furnish such cooperative association the information with respect to such producers reported pursuant to § 906.31."

[F. R. Doc. 51-3433; Filed, Mar. 16, 1951; 8:53 a. m.]

[7 CFR, Part 906]

[Docket No. AO-210-A1]

HANDLING OF MILK IN TULSA, OKLA., MARKETING AREA

ORDER OF THE SECRETARY DIRECTING THAT A REFERENDUM BE CONDUCTED AMONG THE PRODUCERS; DETERMINATION OF A REPRESENTATIVE PERIOD; AND DESIGNATION OF AN AGENT TO CONDUCT SUCH REFERENDUM

Pursuant to section 8c (19) of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 608c (19)), it is hereby directed that a referendum be conducted among the producers (as defined in the order regulating the handling of milk in the Tulsa, Oklahoma, marketing area), who, during the month of December 1950, were engaged in the production of milk for sale in the marketing area specified in the aforesaid order to determine whether such producers favor the issuance of an order, amending such order, which is filed simultaneously herewith.[1]

[1] See F. R. Doc. 51-3433, *supra*.

The month of December 1950 is hereby determined to be the representative period for the conduct of such referendum.

Wendell M. Costello is hereby designated agent of the Secretary to conduct such referendum in accordance with the procedure for conducting of referenda to determine producer approval of milk marketing orders as published in the FEDERAL REGISTER on August 10, 1950 (15 F. R. 5177), such referendum to be completed on or before the 20th day from the date this referendum order is issued.

Done at Washington, D. C., this 13th day of March 1951.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

[F. R. Doc. 51-3434; Filed, Mar. 16, 1951; 8:54 a. m.]

[7 CFR, Part 934]

[Docket No. AO-83-A16]

HANDLING OF MILK IN LOWELL-LAWRENCE, MASS., MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO THE TENTATIVELY APPROVED MARKETING AGREEMENT AND TO THE ORDER

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.) and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Memorial Hall Library, Elm Square, Main Street, Andover, Massachusetts, beginning at 10 a. m., e. s. t., on April 11, 1951, for the purpose of receiving evidence with respect to proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentative marketing agreement heretofore approved by the Secretary of Agriculture, and to the order, as amended, regulating the handling of milk in the Lowell-Lawrence, Massachusetts, marketing area. The proposals to make certain revisions in the Class II pricing formula raise the question of the level of Class II prices and the components of a Class II pricing mechanism. Accordingly, evidence with respect to all phases of Class II pricing will be received at the hearing. These proposed amendments have not received the approval of the Secretary of Agriculture.

Proposed by New England Milk Producers' Association:

1. Amend the definition of the marketing area in § 934.1 (b) to add the City of Haverhill and Towns of Groveland, Merrimac and West Newbury, Massachusetts.

Proposed by Manchester Dairy System, Inc.:

2. Amend § 934.25 so as to provide that fluid milk products, other than cream and skim milk, which are received from the country pool plants of other handlers in containers of 8 quarts or less shall be assigned to Class I milk before receipts of milk directly from producers at the handler's city plant.

Proposed by New England Milk Producers' Association:

3. Make such changes in the Class II pricing provisions as may be needed to maintain the present relationship to the Boston Class II price.

Proposed by H. P. Hood and Sons:

4. Amend the Class II pricing provisions to adjust yield factors, allowances and price quotations in line with changes made in Federal Order No. 4.

Proposed by Findeisen's Farms:

5. Amend the order to provide that all Class II milk delivered directly to a city plant be priced 32 cents per hundredweight higher than under the present formula except for all milk manufactured into skim milk powder or delivered to a manufacturing plant for manufacture into skim milk powder. For milk delivered to a manufacturing plant not manufactured into skim milk powder, the price shall be 32 cents per hundredweight higher than under the present order. The pricing formula for country plants shall remain the same as at present.

Proposed by New England Milk Producers' Association; Northern Farms Cooperative, Inc.:

6. Substitute 33 for 33.48 in § 934.63.

Proposed by H. P. Hood and Sons:

7. Amend the butterfat differential provision in line with Boston.

Proposed by Northern Farms Cooperative, Inc.:

8. Delete § 934.64.

Proposed by H. P. Hood and Sons:

9. Amend § 934.65 to provide that payments on outside milk originating at plants outside the 6 New England States and New York shall not be required in respect to such milk received during a period when an emergency has been declared pursuant to Federal Order No. 4, as amended.

Proposed by Dairy Branch, Production and Marketing Administration:

10. Delete § 934.40 (c) (2) and substitute:

(2) Compute the index of the wage rates for each of the States named below by dividing the wage rate for the latest available month as reported by the United States Department of Agriculture by the applicable factor in the following table. Next compute a simple average of the indexes for each State and a weighted index by using the following weights: Maine, 10; Massachusetts, 6; New Hampshire, 7; and Vermont, 77. Multiply the weighted index by 2.072 and then by 0.4.

	Maine	Massachusetts	New Hampshire	Vermont
Per month:				
With board and room	$92.08	$104.25	$99.50	$101.08
With house	107.17	140.75	133.50	128.92
Per week:				
With board and room	25.300	27.292	26.708	25.833
Without board and room	35.08	38.75	37.75	35.800
Per day:				
Without board and room	6.108	6.667	6.692	6.392

11. Amend § 934.21 to provide: "In determining whether a city plant has disposed of the required 10 percent of its receipts as Class I milk in the marketing area, the total quantity of fluid milk products, other than cream, moved from that plant to another city plant which is a regulated plant shall be considered as a disposition of Class I milk in the marketing area up to the total quantity of Class I milk disposed of in the marketing area from the other plant."

12. Amend § 934.16 to remove the restrictions which prevent buyer-handlers from moving milk to other plants on a Class II basis.

13. In § 934.22 (b) delete the words "from the effective date of this order through February 1951 and any country plant which thereafter is a pool plant continuously."

14. In view of the proposal to amend Federal Order No. 4 to extend the Greater Boston marketing area consider the addition of the following paragraph to § 934.50:

(g) Subtract any amount which the handler is required to pay on such milk pursuant to § 904.9 (g) (2) of the Boston order.

15. Amend § 934.51 so as to provide for excluding from each current pool computation the milk of any handler who is not in compliance with the reporting and payment provisions of the order for any prior month since the effective date of the most recent amendment of the order.

16. Delete § 934.12 (d) and amend § 934.52 (c) by deleting the period and adding thereto the following: "because of failure to make reports or payments pursuant to this order."

17. Make such other changes as may be required to make the entire marketing agreement and order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and the said order now in effect, may be procured from the Market Administartor's Office, National Bank Building, 21 Main Street, Andover, Massachusetts, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated March 14, 1951, at Washington, D. C.

[SEAL] JOHN I. THOMPSON,
Assistant Administrator, Production and Marketing Administration.

[F. R. Doc. 51-3456; Filed, Mar. 16, 1951; 8:56 a. m.]

[7 CFR, Part 947]

[Docket No. AO-113-A13]

MILK IN FALL RIVER, MASS., MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO THE TENTATIVELY APPROVED MARKETING AGREEMENT AND TO THE ORDER REGULATING THE HANDLING

Pursuant to the provisions of the Agricultural Marketing Agreement Act of

1937, as amended (7 U. S. C. 601 et seq.) and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Knights of Pythias Hall, 103 Pleasant Street, Fall River, Massachusetts, beginning at 10 a. m., e. s. t., April 12, 1951, for the purpose of receiving evidence with respect to proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentative marketing agreement heretofore approved by the Secretary of Agriculture, and to the order, as amended, regulating the handling of milk in the Fall River, Massachusetts, marketing area. The proposals to make certain revisions in the Class II pricing formula raise the question of the level of Class II prices and the components of a Class II pricing mechanism. Accordingly, evidence with respect to all phases of Class II pricing will be received at the hearing. These proposed amendments have not received the approval of the Secretary of Agriculture.

Proposed by The Fall River Milk Producers' Association, Inc.:

1. Delete § 947.1 (c) and substitute therefor the following: "Fall River, Massachusetts marketing area" also referred to as the "marketing area", means the territory included within the boundary lines of the City of Fall River and the towns of Swansea, Somerset and that part of the town of Westport which lies west of the east branch of the Westport River, so-called, all within the Commonwealth of Massachusetts; and the towns of Tiverton and Little Compton in the State of Rhode Island.

2. Provide specifically that the plant operator is in fact the handler and is responsible for payment to producers for all producer milk received in his plant.

3. Amend § 947.1 (g) to provide that "producers" or "dairy farmers designated for other markets" once designated must remain in that category for a period of 12 months.

Proposed by Arthur Guimond:

4. Provide that a handler may divert his own farm production directly from the farm to another handler and have the diverted milk considered an interhandler transfer.

Proposed by The Nanaquaket Dairy Farm:

5. Delete § 947.1 (j) and substitute the following: "Producer-handler means a producer who is also a handler who receives no milk from producers; provided that such handler shall furnish to the market administrator for his verification, subject to review by the Secretary, evidence that the maintenance, care and management of the dairy animals and other resources necessary to the production of milk in his name are and continue to be the personal enterprise of and at the risk of such producer and the processing, packaging and distribution of the milk are and continue to be the personal enterprise of and at the personal risk of such producer in his capacity as a handler."

Proposed by The Fall River Milk Producers' Association, Inc.:

6. Amend § 947.2 (b) to provide that the market administrator shall establish and supervise a systematic check of the weight and butterfat test of milk received by producers from handlers.

Proposed by the New England Milk Producers' Association:

7. Authorize the market administrator to regulate the method of taking composite samples of producers' milk.

Proposed by The Fall River Milk Producers' Association, Inc.:

8. Delete § 947.3 (b) and substitute therefor the following:

(b) *Verification of reports.* For the purpose of ascertaining the correctness of any report made to the market administrator as required by this order or for the purpose of obtaining the information required in any such report where it has been requested and has not been furnished, each handler shall permit the market administrator or his agent, during the usual business hours, to:

(1) Verify the information contained in reports submitted in accordance with this order;

(2) Weigh, sample, and test milk and milk products; and

(3) Make such examination of records, operations, equipment, and facilities as the market administrator finds necessary for the purpose specified in this order.

9. Provide that to retain unregulated status a plant must have an amount of Federally-regulated Class I milk or New York order Class I–A or I–B equal to the sales from that plant to all Federal-regulated areas; not just to the Fall River market.

10. Provide that Class I milk sold on a route which has stops both within and outside the marketing area shall be considered as sold within the marketing area.

11. Amend § 947.5 to provide that in the event a handler shows other source receipts less than his total Class II disposition exclusive of Class II shrinkage, such other source milk shall first be considered Class II shrinkage and then applied to Class I.

12. Amend § 947.5 to provide for the quantity of milk and milk products received from other handlers who received milk from producers to have pro-rated to it its proportionate share of actual plant shrinkage and further provide for such shrinkage to be classified according to paragraph (c) (2) of § 947.5.

13. Amend § 947.5 (c) (2) to provide that if fluid milk products other than cream are moved to another plant from a regulated plant or from the city plant of an association of producers, such milk products shall be classified, if moved to a plant subject to the Boston, Worcester, Springfield, or Lowell-Lawrence orders, in the same class to which the receipt is assigned under such order.

14. Add a new section providing that receipts from New York order plants shall be assigned to Class II milk if classified in any class other than I–A or I–B under that order.

Proposed by Dairy Branch, Production and Marketing Administration:

15. Delete § 947.6 (a) (3) (ii) and substitute:

(ii) Compute the index of the wage rates for each of the States named below by dividing the wage rate for the latest available month as reported by the United States Department of Agriculture by the applicable factor in the following table. Next compute a simple average of the indexes for each State and a weighted index by using the following weights: Maine, 10; Massachusetts, 6; New Hampshire, 7; and Vermont, 77. Multiply the weighted index by 2.072 and then by 0.4.

	Maine	Massachusetts	New Hampshire	Vermont
Per month:				
With board and room	$92.08	$104.25	$99.50	[illegible]
With house	107.17	140.75	136.50	[illegible]
Per week:				
With board and room	25.396	27.292	26.708	[illegible]
Without board and room	35.08	38.75	37.75	[illegible]
Per day:				
Without board and room	6.108	6.667	6.602	[illegible]

Proposed by Arthur C. Guimond:

16. Delete the thirteen cents plant allowance on Class I received at country plants and substitute thirty-eight cents.

Proposed by New England Milk Producers' Association:

17. Make such changes in the Class II pricing provisions as may be needed to maintain the present relationship to the Boston Class II price.

Proposed by H. P. Hood and Sons:

18. Amend the Class II pricing provisions of the order to adjust the yield factors, allowances, and price quotations in line with changes made in Federal Order No. 4.

Proposed by Arthur C. Guimond:

19. Provide that for plants operating under the Fall River order and located more than one hundred miles from the City Hall in Fall River the price of Class II milk shall be the same as if the Fall River plant were subject to the Boston order.

20. Amend the provision for computation of the butterfat differential to substitute the factor of "33" for the present factor of 33.48.

Proposed by H. P. Hood and Sons:

21. Amend the butterfat differential provision of the order to provide for dividing by 33 rather than 33.48, for subtracting 2 percent for shrinkage and subtracting 0.8 cent in lieu of 1.5 cents as at present.

Proposed by the New England Milk Producers' Association:

22. Amend the provisions for computation of the butterfat differential to substitute the factor 33 for the present factor 33.48.

Proposed by The Fall River Milk Producers' Association, Inc:

23. Add a new section providing that each handler shall furnish each producer delivering milk to him with a daily statement of the milk received. This statement shall be returned to the producer on the day following receipt of the milk. In making payments to producers prescribed by § 947.8 each handler shall furnish each producer with a supporting statement, in such form that it may be retained by the producer, which shall show:

(a) The month and the identity of the handler and of the producer.

(b) The date on which such payment is made.

(c) The total pounds and average butterfat test of milk delivered by the producer.

(d) The minimum rate or rates at which payment to the producer is required under the provisions of § 947.8.

(e) The rate which is used in making the payment, if such rate is other than the applicable minimum rate.

(f) The amount or the rate per hundredweight of each deduction claimed by the handler, including any deductions claimed under § 947.8 and § 947.9, together with a description of the respective deductions, and

(g) The net amount of payment to the producer.

Proposed by the New England Milk Producers' Association:

24. Require handlers to provide daily weigh slips to producers.

Proposed by Arthur C. Guimond:

25. Compile the order with its amendments into a single amended order including therein the amendments which result from this hearing and bring up to date the Class I price schedule by reflecting the increases in freight rates since September 1947.

Proposed by Dairy Branch, Production and Marketing Administration:

26. Make such other changes as may be required to make the entire marketing agreement and order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and the said order now in effect, may be procured from the Market Administrator's Office, 103 Pleasant Street, Fall River, Massachusetts, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated at Washington, D. C., March 14, 1951.

[SEAL] JOHN I. THOMPSON,
Assistant Administrator, Production and Marketing Administration.

[7 CFR, Part 968]

[Docket No. AO-173-A4]

HANDLING OF MILK IN THE WICHITA, KANS., MARKETING AREA

DECISION WITH RESPECT TO A PROPOSED MARKETING AGREEMENT AND A PROPOSED ORDER AMENDING THE ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted at Wichita, Kansas, on October 24, 1950, pursuant to notice thereof which was issued on October 13, 1950 (15 F. R. 6970).

Upon the basis of the evidence introduced at the hearing and the record thereof the Assistant Administrator, Production and Marketing Administration, on February 5, 1951, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision and opportunity to file written exceptions thereto was published in the FEDERAL REGISTER on February 9, 1951 (16 F. R. 1242).

The material issues and the findings and conclusions of the recommended decision (F. R. Doc. 51–2056, 16 F. R. 1242) are hereby approved and adopted as the findings and conclusions of this decision as if set forth in full herein.

Ruling on exceptions. In arriving at the findings and conclusions included in this decision each of the exceptions received was carefully and fully considered in conjunction with the record evidence pertaining thereto. To the extent that the findings and conclusions herein are at variance with the exceptions, such exceptions are overruled.

General findings. (a) The proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, and all of the terms and conditions thereof will tend to effectuate the declared policy of the act;

(b) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply of and demand for milk in the marketing area, and the minimum prices specified in the proposed marketing agreement and in the order, as amended, and as hereby proposed to be further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(c) The proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, will regulate the handling of milk in the same manner as, and are applicable only to persons in the respective classes of industrial and commercial activity specified in the said marketing agreement upon which a hearing has been held.

Determination of representative period. The month of January 1951 is hereby determined to be the representative period for the purpose of ascertaining whether the issuance of an order amending the order, as amended, regulating the handling of milk in the Wichita, Kansas, marketing area in the manner set forth in the attached amending order is approved or favored by producers who during such period were engaged in the production of milk for sale in the marketing area specified in such marketing order, as amended.

Annexed hereto and made a part hereof are two documents entitled respectively "Marketing Agreement Regulating the Handling of Milk in the Wichita, Kansas, Marketing Area," and "Order Amending the Order, as Amended, Regulating the Handling of Milk in the Wichita, Kansas, Marketing Area," which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

It is hereby ordered, That all of this decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the order, as amended, and as hereby proposed to be further amended by the attached order which will be published with this decision.

This decision filed at Washington, D. C., this 14th day of March 1951.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

Order[1] Amending the Order, as Amended, Regulating the Handling of Milk in the Wichita, Kansas, Marketing Area

§ 968.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of each of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Wichita, Kansas, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supplies of and demand for milk in the said marketing area, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered that on and after the effective date hereof the handling of milk in the Wichita, Kansas, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order, as amended, is hereby further amended to read as follows:

DEFINITIONS

§ 968.1 *Act.* "Act" means Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended.

§ 968.2 *Secretary.* "Secretary" means the Secretary of Agriculture or any officer or employee of the United States who is authorized to exercise the powers and to perform the duties of the Secretary of Agriculture.

§ 968.3 *Wichita, Kansas, marketing area.* "Wichita, Kansas, marketing area" means all the territory within the corporate limits of the city of Wichita, Kansas, and the territory within Delano, Kechi, Minneha, Riverside, Waco, and Wichita Townships and the city of Eastborough, all in Sedgwick County, Kansas.

§ 968.4 *Person.* "Person" means any individual, partnership, corporation, association, or any other business unit.

§ 968.5 *Approved dairy farmer.* "Approved dairy farmer" means any person who holds a currently valid permit issued by the Health Department of the City of Wichita for the production of milk to be disposed of as Grade "A" milk.

§ 968.6 *Producer.* "Producer" means any approved dairy farmer, other than a producer-handler, whose milk is received at a pool plant or is diverted from a pool plant by the handler who operates such pool plant, or by a cooperative association, to a plant which is not a pool plant for the account of such handler or cooperative association.

§ 968.7 *Approved plant.* "Approved plant" means any plant approved by the health authorities of the city of Wichita, Kansas, for the handling of milk to be disposed of for fluid consumption as milk in the marketing area and currently used for any or all the functions of receiving, weighing (or measuring), sampling, cooling, pasteurizing or other preparation of milk for sale or disposition as milk or cream for fluid consumption in the marketing area.

§ 968.8 *Pool plant.* "Pool plant" means any approved plant other than that of a producer-handler, (a) during any delivery period of January, February, July, August, September, October, November, or December within which such plant disposes of as Class I or Class II milk in the marketing area, an amount of milk equal to 15 percent or more of such plant's receipts of milk from approved dairy farmers, and (b) during each of the delivery periods of March, April, May, and June, if during the preceding delivery periods of August, September, October, and November such plant (1) was a pool plant during each such delivery period, and (2) disposed of as Class I and Class II milk in the marketing area a total amount of milk equal to 50 percent or more of such plant's total receipts of milk from approved dairy farmers during such delivery periods: *Provided*, That an approved plant which was not an approved plant during each of the preceding delivery periods of August, September, October, and November shall be a pool plant during any of the delivery periods of March, April, May, and June within which such plant disposes of as Class I and Class II milk in the marketing area an amount of milk equal to 40 percent or more of such plant's receipts of milk from approved dairy farmers.

For the purposes of this definition, the following shall apply:

(1) Milk diverted from an approved plant for the account of the handler operating such approved plant shall be considered a receipt at the approved plant from which it was diverted; and

(2) Milk diverted from an approved plant to an unapproved plant for the account of a cooperative association which does not operate a plant shall be deemed to have been received by such cooperative association at a pool plant.

§ 968.9 *Handler.* "Handler" means any person who, on his own behalf or on behalf of others, disposes of as Class I or Class II milk in the marketing area all or a portion of the milk purchased or received by him at an approved plant from (a) approved dairy farmers, (b) his own production, and (c) other handlers. This definition shall include a cooperative association with respect to milk which it causes to be delivered from a producer to a plant from which no milk is disposed of as Class I milk or as Class II milk in the marketing area.

§ 968.10 *Cooperative association.* "Cooperative association" means any cooperative association of producers which the Secretary determines (a) to have its entire activities under the control of its members, and (b) to have and to be exercising full authority in the sale of milk of its members.

§ 968.11 *Producer-handler.* "Producer-handler" means any approved dairy farmer who operates an approved plant, but who receives no milk from other approved dairy farmers.

§ 968.12 *Delivery period.* "Delivery period" means the then current marketing period from the first to, and including, the last day of each month.

§ 968.13 *Milk product.* "Milk product" means any product manufactured from milk or milk ingredients except products which fall within the definition of Class III milk pursuant to paragraph (c) of § 968.41 and which are disposed of in the form in which received without further processing or packaging by the handler.

§ 968.14 *Market administrator.* "Market administrator" means the person designated pursuant to § 968.20 as the agency for the administration hereof.

MARKET ADMINISTRATOR

§ 968.20 *Designation.* The agency for the administration of this part shall be a market administrator who shall be a person selected by the Secretary. Such person shall be entitled to such compensation as may be determined by, and shall be subject to removal at, the discretion of the Secretary.

§ 968.21 *Powers.* The market administrator shall:

(a) Administer the terms and provisions of this part, and

(b) Report to the Secretary complaints of violations of the provisions of this part.

§ 968.22 *Duties.* The market administrator shall:

(a) Within 45 days following the date upon which he enters upon his duties execute and deliver to the Secretary a bond, conditioned upon the faithful performance of his duties, in the amount and with surety thereon satisfactory to the Secretary;

(b) Pay out of the funds provided by § 968.88 the cost of his bond, his own compensation, and all other expenses necessarily incurred by him in the maintenance and functioning of his office;

(c) Keep such books and records as will clearly reflect the transactions provided for in this part and surrender the same to his successor or to such other person as the Secretary may designate;

(d) Publicly disclose to handlers and producers, unless otherwise directed by the Secretary, the name of any person who within 10 days after the date upon which he is required to perform such acts, has not (1) made reports pursuant to §§ 968.30 through 968.32 or (2) made payments pursuant to §§ 968.80 through 968.86; and

(e) Promptly verify the information contained in the reports submitted by handlers.

REPORTS, RECORDS AND FACILITIES

§ 968.30 *Periodic reports.* On or before the 7th day after the end of each delivery period each handler, except a producer-handler, shall, with respect to milk or milk products which were purchased, received, or produced by such handler during such delivery period, report to the market administrator in the detail and form prescribed by the market administrator, as follows:

(a) The receipts at each plant of milk from each producer or approved dairy farmer, the butterfat content, and the number of days on which milk was received from each producer;

(b) The receipts of milk, cream, and milk products from handlers who purchase or receive milk from producers or approved dairy farmers and the butterfat content;

(c) The receipts of milk, cream, and milk products from any other source and the butterfat content;

(d) The respective quantities of milk and milk products and the butterfat content which were sold, distributed or used, including sales to other handlers for the purpose of classification pursuant to § 968.40; and

(e) Such other information with respect to the use of the milk as the market administrator may request, including a separate statement of Class I and Class II milk disposed of within the marketing area.

§ 968.31 *Reports of payments.* On or before the 20th day after the end of each delivery period, upon the request of the market administrator, each handler who purchased or received milk from producers or approved dairy farmers shall submit to the market administrator his producer payroll for such delivery period which shall show for each producer and each approved dairy farmer: (a) His total deliveries of base milk and total deliveries of milk in excess of base milk, (b) the average butterfat content of his milk, and (c) the net amount of such handler's payments to such producer or approved dairy farmer with the prices, deductions, and charges involved.

§ 968.32 *Reports of producer-handlers.* Each producer-handler shall make reports to the market administrator at such time and in such manner as the market administrator shall require.

§ 968.33 *Verification of reports and payments.* The market administrator shall verify all reports and payments of each handler by audit of such handler's records and of the records of any other handler or person upon whose disposition of milk the classification depends. Each handler shall keep adequate records of receipts and utilization of milk and milk products and shall, during the usual hours of business, make available to the market administrator or his representative such records and facilities as will enable the market administrator to:

(a) Verify the receipts and disposition of all milk and milk products, and in case of errors or omissions, ascertain the correct figures;

(b) Weigh, sample, and test for butterfat content the milk purchased or received from producers and any product of milk upon which classification depends; and

(c) Verify the payments to producers prescribed in § 968.80.

§ 968.34 *Retention of records.* All books and records required under this part to be made available to the market administrator shall be retained by the handler for a period of three years to begin at the end of the calendar month to which such books and records pertain: *Provided*, That if, within such three-year periods, the market administrator notifies the handler in writing that the retention of such books and records, or specified books and records, is necessary in connection with a proceeding under section 8c (15) (A) of the act or a court action specified in such notice, the handler shall retain such books and records, or specified books and records, until further written notification from the market administrator. In either case the market administrator shall give further written notification to the handler promptly, upon the termination of the litigation or when the records are no longer necessary in connection therewith.

CLASSIFICATION

§ 968.40 *Basis of classification.* All milk and milk products purchased, received or produced by each handler, including milk of a producer which a cooperative association causes to be delivered to a plant from which no milk is disposed of in the marketing area, shall be reported by the handler in the classes set forth in § 968.41 subject to the following conditions:

(a) Except as provided in paragraph (c) of this section, milk, skim milk, or cream moved in fluid form from an approved plant to an unapproved plant located more than 100 miles from the approved plant, shall be Class I if moved in the form of milk or skim milk and Class II if moved in the form of cream.

(b) Except as provided in paragraph (c) of this section, milk, skim milk, or cream moved in fluid form from an approved plant to an unapproved plant located not more than 100 miles from the approved plant and from which fluid milk and cream are distributed, shall be Class I if moved in the form of milk or skim milk and Class II if moved in the form of cream, unless the purchaser certifies that the market administrator may verify his records. If the market administrator is permitted to verify the necessary records such milk, skim milk, or cream, shall be classified as follows: (1) determine the classification of all milk received in the unapproved plant, and (2) allocate the milk, skim milk, or cream received from the approved plant to the highest use classification remaining after subtracting in series beginning with the highest use classification, the receipts of milk at such unapproved plant directly from dairy farmers who the market administrator determines constitute its regular source of milk for Class I and Class II use.

(c) Milk, skim milk, or cream, which is moved to an unapproved plant from an approved plant which regularly receives type C milk, and which is sold as "type C milk for manufacturing only" and is so tagged or labeled, may be classified as Class III milk up to the extent of the receipt of type C milk at the approved plant.

(d) Except as provided in paragraph (a) of this section, milk, skim milk, or cream, moved from an approved plant to an unapproved plant which does not distribute fluid milk or cream shall be classified as Class III milk.

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

(e) Milk or skim milk sold or disposed of by a handler who purchases or receives milk from producers to another handler shall be classified as Class I milk: *Provided*, That if such milk or skim milk, except milk or skim milk sold or disposed of by such handler to a producer-handler, is reported by the receiving handler or by the disposing handler as having been utilized as Class II milk or Class III milk, it shall be classified accordingly but in no event shall the amount classified in any class exceed the total use in such class by the receiving handler.

(f) Cream sold or disposed of as fluid cream by a handler who purchases or receives milk from producers to another handler shall be classified as Class II milk: *Provided*, That if such cream, except cream sold or disposed of by such handler to a producer-handler, is reported by the receiving handler or by the disposing handler as having been utilized as Class III milk, such cream shall be classified accordingly but in no event shall the amount classified in any class exceed the total use in such class by the receiving handler.

(g) Milk, skim milk, or cream sold or disposed of by a producer-handler to another handler who receives milk from producers shall be classified in the lowest use classification of the purchasing handler.

§ 968.41 *Classes of utilization.* Subject to the conditions set forth in § 968.40 the classes of utilization shall be as follows:

(a) Class I milk shall be all milk and skim milk disposed of for consumption as milk, skim milk, buttermilk, flavored milk and milk drinks, and all milk not classified as Class II milk or Class III pursuant to paragraphs (b) and (c) of this section.

(b) Class II milk shall be all milk used to produce cream which is disposed of in the form of cream (other than for use in products specified in paragraph (c) of this section), cottage cheese, products sold or disposed of in the form of cream testing less than 18 percent butterfat, aerated cream, and eggnog.

(c) Class III milk shall be all milk, used to produce butter, cheese (other than cottage cheese), evaporated milk, ice cream, ice cream mix and powdered milk; disposed of as livestock feed; used for starter churning, wholesale baking and candy making purposes; the milk equivalent of butterfat accounted for as loss in products where the salvage of fat is impossible; and the milk equivalent of unaccounted for butterfat not in excess of 3 percent of the total receipts of butterfat other than receipts from other handlers: *Provided*, That for the purpose of establishing such total receipts of butterfat, butterfat in milk diverted directly from producer's farms to another handler shall be included as receipts of the handler to whom such milk was diverted, and excluded from receipts of the diverting handler.

§ 968.42 *Responsibility of handlers in establishing the classification of milk.* In establishing the classification as required in § 968.41 of any milk received by a handler from producers, the burden rests upon the handler who receives the milk from producers to account for the milk and to prove to the market administrator that such milk should not be classified as Class I milk.

§ 968.43 *Computation of milk in each class.* For each delivery period each handler shall compute, in the manner and on forms prescribed by the market administrator, the amount of milk in each class as defined in § 968.41 as follows:

(a) Determine the total pounds of milk received as follows: Add together total pounds of milk received at approved plants from (1) producers, (2) other handlers, and (3) other sources.

(b) Determine the total pounds of butterfat received as follows: (1) Multiply by its average butterfat test the weight of the milk received at approved plants from (i) producers, (ii) other handlers, and (iii) other sources, and (2) add together the resulting amounts.

(c) Determine the total pounds of milk in Class I as follows: (1) Convert to pounds the quantity of Class I milk on the basis of 2.15 pounds per quart, and subtract the weight of any flavoring materials included, (2) multiply the result by the average butterfat test of such milk, and (3) if the quantity of butterfat so computed when added to the pounds of butterfat in Class II milk and Class III milk, computed pursuant to paragraphs (d) (2) and (e) (4) of this section is less than the total pounds of butterfat received computed in accordance with paragraph (b) of this section, an amount equal to the difference shall be divided by 3.8 percent and added to the quantity of milk determined pursuant to subparagraph (1) of this paragraph.

(d) Determine the total pounds of milk in Class II as follows: (1) Multiply the actual weight of each of the several products of Class II milk by its average butterfat test, (2) add together the resulting amounts, and (3) divide the result obtained in subparagraph (2) of this paragraph by 3.8 percent.

(e) Determine the total pounds of milk in Class III as follows: (1) Multiply the actual weight of each of the several products of Class III by its average butterfat test, (2) add together the resulting amounts, (3) subtract from the total pounds of butterfat computed pursuant to paragraph (b) of this section the total pounds of butterfat in Class I milk, computed pursuant to paragraph (c) (2) of this section, the total pounds of butterfat in Class II milk, computed pursuant to paragraph (d) (2) of this section and the total pounds of butterfat computed pursuant to subparagraph (2) of this paragraph which resulting quantity shall be allowed as plant shrinkage for the purposes of this paragraph (but in no event shall such plant shrinkage allowance exceed 3 percent of the total receipts as specified in § 968.41 (c) of butterfat other than receipts from other handlers, (4) add together the results obtained in subparagraphs (2) and (3) of this paragraph, and (5) divide the results obtained in subparagraph (4) of this paragraph by 3.8 percent.

§ 968.44 *Allocation of milk classified.* Determine the classification of milk received from producers as follows:

(a) Subtract from the total pounds of milk in each class the pounds of milk which were received from other handlers and used in each class.

(b) Subtract from the remaining pounds of milk in each class the pounds of milk which were received from sources other than producers, and other handlers in series beginning with the lowest class.

§ 968.45 *Reconciliation of utilization of milk by classes with receipts of milk from producers.* In the event of a difference between the total quantity of milk used in the several classes as computed pursuant to § 968.44 and the quantity of milk received from producers, except for excess milk or milk equivalent of butterfat pursuant to § 968.62, such difference shall be reconciled as follows:

(a) If the total utilization of milk in the various classes for any handler, as computed pursuant to § 968.44, is less than the receipts of milk from producers, the market administrator shall increase the total pounds of milk in Class III for such handler by an amount equal to the difference between the receipts of milk from producers and the total utilization of milk by classes for such handler.

(b) If the total utilization of milk in the various classes for any handler, as computed pursuant to § 968.44, is greater than the receipts of milk from producers, the market administrator shall decrease the total pounds of milk in Class III for such handler by an amount equal to the difference between the receipts from producers and the total utilization of milk by classes for such handler.

MINIMUM PRICES

§ 968.50 *Class prices.* Each handler shall pay at the time and in the manner set forth in this part not less than the following prices per hundredweight of milk received during each delivery period from producers:

(a) *Class I milk.* The price per hundredweight shall be the price determined pursuant to § 968.51 plus $1.00 during the months of April, May, and June of each year, and plus $1.45 during the remaining months of each year.

(b) *Class II milk.* The price per hundredweight shall be the price determined pursuant to § 968.51 plus 75 cents during the months of April, May, and June of each year and plus $1.20 during the remaining months of each year.

(c) *Class III milk.* The price per hundredweight shall be the average of the prices paid during each delivery period for ungraded milk containing 3.9 percent butterfat at the following plants now operated by the listed companies: at Wichita, Kansas, by the DeCoursey Cream Company; at Blackwell, Oklahoma, by Wilson and Company; and at Arkansas City, Kansas, by the Arkansas City Cooperative Milk Association, but in no event shall the price be less than that paid at the plant at Wichita, Kansas, operated by the DeCoursey Cream Company.

§ 968.51 *Basic formula price to be used in determining Class I and Class II prices.* The basic formula price to be used in determining the Class I and Class II prices set forth in § 968.50 shall be the average of the basic or field prices ascertained to have been paid for milk of 3.5 percent butterfat content received during the immediately preceding delivery period at the following places for which prices are reported to the market administrator by the listed companies or by the United States Department of Agriculture (or by such other Federal agency as may be authorized to perform this price reporting function):

Companies and Locations

Borden Co., Mount Pleasant, Mich.
Carnation Co., Sparta, Mich.
Pet Milk Co., Hudson, Mich.
Pet Milk Co., Wayland, Mich.
Pet Milk Co., Coopersville, Mich.
Borden Co., Greenville, Wis.
Borden Co., Black Creek, Wis.
Borden Co., Orfordville, Wis.
Carnation Co., Chilton, Wis.
Carnation Co., Berlin, Wis.
Carnation Co., Richland Center, Wis.
Carnation Co., Oconomowoc, Wis.
Carnation Co., Jefferson, Wis.
Pet Milk Co., New Glarus, Wis.
Pet Milk Co., Belleville, Wis.
Borden Co., New London, Wis.
White House Milk Co., Manitowoc, Wis.
White House Milk Co., West Bend, Wis.

divided by 3.5 and multiplied by 3.8 but in no event shall such basic price be less than the following: multiply by 3.8 the average price per pound of 92-score butter at wholesale in the Chicago market, as reported by the United States Department of Agriculture (or such other Federal agency as may be authorized to perform this price reporting function) for the immediately preceding delivery period, and add 20 percent: *Provided*, That such price shall be subject to the following adjustments: (a) add 3½ cents per hundredweight for each full one-half cent that the price of nonfat dry milk solids for human consumption is above 5½ cents per pound or (b) subtract 3½ cents per hundredweight for each full one-half cent that the price of such nonfat dry milk solids is below 5½ cents per pound. For purposes of determining this adjustment, the price of nonfat dry milk solids to be used shall be the average of carlot prices for nonfat dry milk solids for human consumption, f. o. b. manufacturing plant, as published by the United States Department of Agriculture (or such other Federal agency as may be authorized to perform this price reporting function) for the Chicago area during the immediately preceding delivery period, including in such average the quotations published for any fractional part of the previous delivery period which were not published and available for the price determination of such nonfat dry milk solids for the previous delivery period. In the event the United States Department of Agriculture (or such other Federal agency as may be authorized to perform this price reporting function) does not publish carlot prices for nonfat dry milk solids for human consumption, f. o. b. manufacturing plants, the average of the carlot prices for nonfat dry milk solids for human consumption, delivered at Chicago, shall be used. In the latter event, such price shall be subject to the following adjustments: (1) add 3½ cents per hundredweight for each full one-half cent that the price of nonfat dry milk solids for human consumption, delivered at Chicago, is above 7½ cents per pound, or (2) subtract 3½ per cents per hundredweight for each full one-half cent that such price of nonfat dry milk solids is below 7½ cents per pound.

§ 968.52 *Emergency provisions.* (a) Whenever the provisions of this part require the market administrator to use a specific price (or prices) for milk or any milk product for the purpose of determining class prices or for any other purpose, the market administrator shall add to the specified price the amount of any subsidy or other similar payments being made in connection with the milk or product associated with the price specified: *Provided*, That if for any reason the price specified is not reported or published as indicated, the market administrator shall use the applicable maximum uniform price established by regulations of any Federal agency plus the amount of any such subsidy or other similar payment: *Provided further*, That if the specified price is not reported or published and the Secretary determines that the market price is below the applicable maximum uniform price, the market administrator shall use a price determined by the Secretary to be equivalent to or comparable with the price specified.

(b) Whenever the Secretary finds and announces that the Class I and Class II prices computed for any delivery period pursuant to § 968.50 are not in the public interest, the Class I and Class II prices for such delivery period shall be the same as the Class I and Class II prices for the previous delivery period.

APPLICATION OF PROVISIONS

§ 968.60 *Producer-handlers.* Sections 968.40 through 968.45, 968.50 through 968.52, 968.61 through 968.63, 968.70, 968.71, 968.80 through 968.88, shall not apply to a producer-handler.

§ 968.61 *Other source milk.* If a handler has purchased or received milk or butterfat from a producer-handler, or from sources other than from producers or other handlers, and has sold or disposed of such milk for other than Class III purposes, the market administrator, in determining the net pool obligation of the handler pursuant to § 968.70, shall add an amount equal to the difference between (a) the value of such milk or the milk equivalent of such butterfat according to its utilization by the handler and (b) the value at the Class III price. The provisions of this section shall not apply if the handler can prove to the market administrator that such milk or butterfat was used only to the extent that milk of producers was not available, either directly from producers or at the plant of another handler at the class prices provided pursuant to § 968.50 (a) and (b).

§ 968.62 *Excess milk.* If a handler, after subtracting receipts from other handlers, and receipts from sources determined as other than producers, or other handlers, has disposed of milk or butterfat in excess of the milk or butterfat which, on the basis of his reports, has been credited to his producers as having been delivered by them, the market administrator, in determining the net pool obligation of the handler, pursuant to § 968.70, shall add an amount equal to the value of such milk or butterfat according to its utilization by the handler.

§ 968.63 *Handler operating an approved plant which is not a pool plant.* Each handler who operates an approved plant which is not a pool plant during a delivery period, shall in lieu of the payments required pursuant to §§ 968.60 through 968.85, pay to the market administrator, for the producer-settlement fund, on or before the 25th day after the end of such delivery period, the amount resulting from the computations of either paragraph (a) or paragraph (b) of this section, whichever is less.

(a) The sum of (1) the product of the quantity of milk received by such handler which was disposed of in the marketing area as Class I milk during the delivery period multiplied by the difference between the price for Class I milk pursuant to § 968.50 (c), and (2) the product of the quantity of milk received by such handler which was disposed of in the marketing area as Class II milk during the delivery period multiplied by the difference between the price for Class II milk pursuant to § 968.50 (b) and the price for Class III milk pursuant to § 968.50 (c).

(b) Any plus amount resulting from the following computation:

(1) To an amount equal to the net pool obligation which would be computed pursuant to § 968.70 for such handler for such delivery period if such handler operated a pool plant, add for each one-tenth by which the average butterfat content of milk received from approved dairy farmers by such handler is greater than 3.8 percent, or subtract for each one-tenth percent that such average butterfat content is less than 3.8 percent, an amount computed by multiplying the butterfat differential computed pursuant to § 968.82 by the total hundredweight of such milk; and

(2) Deduct the gross payments made by such handler to approved dairy farmers for milk received during such delivery period.

DETERMINATION OF UNIFORM PRICE TO PRODUCERS

§ 968.70 *Net pool obligations of handlers.* The net pool obligation of each handler for milk received from producers during each delivery period shall be a sum of money computed for such delivery period by the market administrator as follows: Multiply the pounds of milk in each class computed pursuant to § 968.44 by the class price pursuant to § 968.50, add together the resulting values, and add the value of any payments required to be made pursuant to §§ 968.61 and 968.62.

§ 968.71 *Computation and announcement of uniform prices.* For each delivery period the market administrator

shall compute and announce the uniform prices per hundredweight for base milk and excess milk as follows:

(a) Combine into one total the net pool obligations of all handlers computed pursuant to § 968.70 who made the reports prescribed by § 968.30 for such delivery period and who made the payments prescribed by §§ 968.80 and 968.84 for the preceding delivery period;

(b) Add an amount equal to one-half of the cash balance in the producer-settlement fund less the amount due handlers pursuant to § 968.86;

(c) Compute the total value of the milk included in these computations which is in excess of the delivered base of producers by assigning such milk first to Class III milk and then to each succeeding higher classification until all such milk has been classified, and then multiplying the total pounds of excess milk assigned to each class by the appropriate class price and adding together the resulting amounts;

(d) Divide the total value of excess milk obtained in paragraph (c) of this section by the total hundredweight of such milk and round to the nearest cent. This result shall be known as the uniform price for excess milk of 3.8 percent butterfat;

(e) Subtract the value of excess milk obtained in paragraph (c) of this section from the value of all milk obtained in paragraph (b) of this section and adjust by any amount involved in rounding the uniform price for excess milk to the nearest cent;

(f) Divide the result obtained in paragraph (e) of this section by the total hundredweight of milk represented by the delivered bases of producers;

(g) Subtract not less than 4 cents nor more than 5 cents; the result shall be known as the uniform price per hundredweight for such delivery period for base milk of producers containing 3.8 percent butterfat.

PAYMENTS

§ 968.80 *Time and method of payment.* On or before the 12th day after the end of each delivery period each handler shall make payment, after deducting the amount of the payment made pursuant to § 968.81, subject to the butterfat differential set forth in § 968.82 for milk purchased or received from producers by such handler during each delivery period as follows:

(a) To each producer, except as set forth in paragraph (c) of this section, not less than the uniform price per hundredweight computed pursuant to § 968.71 (g) for that quantity of milk received from such producer not in excess of such producer's base;

(b) To each producer, except as set forth in paragraph (c) of this section, not less than the excess price, computed pursuant to § 968.71 (d), for that quantity of milk received from such producer in excess of such producer's base; and

(c) To a cooperative association for milk which it caused to be delivered to a handler from producers and for which such cooperative association collects payments, a total amount equal to not less than the sum of the individual payments otherwise payable to such producers under paragraphs (a) and (b) of this section.

§ 968.81 *Half delivery period payments.* On or before the 27th day of each delivery period, each handler shall make payment to each producer for the approximate value of the milk of such producer which, during the first 15 days of such delivery period, was received by such handler.

§ 968.82 *Butterfat differential.* If, during the delivery period, any handler has purchased or received from any producer milk having an average butterfat content other than 3.8 percent, such handler in making the payments prescribed in § 968.80 shall add to the prices per hundredweight for such producers for each one-tenth of 1 percent of average butterfat content in milk above 3.8 percent not less than, or shall subtract from such prices for such producer for each one-tenth of 1 percent of average butterfat content in milk below 3.8 percent not more than, an amount computed as follows: to the average price of 92-score butter at wholesale in the Chicago market as reported by the United States Department of Agriculture (or such other Federal agency as may hereinafter be authorized to perform this price reporting function) for the delivery period during which such milk was received, add 20 percent and divide the resulting sum by 10.

§ 968.83 *Producer-settlement fund.* The market administrator shall establish and maintain a separate fund known as the "producer-settlement fund" into which he shall deposit all payments made by handlers pursuant to §§ 968.84, 968.86 and 968.63, and out of which he shall make all payments to handlers pursuant to §§ 968.85 and 968.86: *Provided*, That the market administrator shall offset any such payment due to any handler against payments due from such handler. Immediately after computing the uniform price for each delivery period, the market administrator shall compute the amount by which each handler's net pool obligation, including the payments to producers which are required to be made pursuant to §§ 968.61 and 968.62, is greater or less than the sum obtained by multiplying the hundredweight of milk of producers by the appropriate prices required to be paid producers by handlers pursuant to § 968.80 and adding together the resulting amounts, and shall enter such amount on each handler's account as such handler's pool debit or credit, as the case may be, and render such handler a transcript of his account.

§ 968.84 *Payments to the producer-settlement fund.* On or before the 12th day after the end of each delivery period, each handler shall pay to the market administrator for payment to producers through the producer-settlement fund, the amount by which the net pool obligation of such handler including the payments required to be made pursuant to §§ 968.61 and 968.62 is greater than the sum required to be paid producers by such handler pursuant to §§ 968.80 and 968.81.

§ 968.85 *Payments out of the producer-settlement fund.* (a) On or before the 12th day after the end of each delivery period, the market administrator shall pay to each handler for payment to producers the amount by which the sum required to be paid producers by such handler pursuant to §§ 968.80 and 968.81 is greater than the net pool obligation of such handler, including the payments required to be made pursuant to §§ 968.61 and 968.62.

(b) If the balance in the producer-settlement fund is insufficient to make all payments pursuant to this paragraph, the market administrator shall reduce uniformly such payments and shall complete such payments as soon as the necessary funds are available. No handler who, on the 12th day after the end of the delivery period, has not received the balance of such reduced payment from the market administrator, shall be deemed to be in violation of § 968.80 if he reduces his payments to producers by not more than the amount of the reduction in payment from the producer-settlement fund.

§ 968.86 *Adjustment of errors in payments.* Whenever verification by the market administrator of reports or payments of any handler discloses errors in payments to the producer-settlement fund made pursuant to § 968.84, the market administrator shall promptly bill such handler for any unpaid amount and such handler shall, within 5 days of such billing, make payment to the market administrator of the amount so billed. Whenever verification discloses that payment is due from the market administrator to any handler pursuant to § 968.85, the market administrator shall, within 5 days make payment to such handler. Whenever verification by the market administrator of the payment by a handler to any producer discloses payment to such producer of an amount which is less than is required by this section, the handler shall make up such payment to the producer not later than the time of making payment to producers next following the disclosure.

§ 968.87 *Marketing services.*—(a) *Deductions from marketing services.* Except as set forth in paragraph (b) of this section, each handler shall deduct 4 cents per hundredweight, or such lesser amount as the Secretary may prescribe, from the payments made to each producer other than himself pursuant to § 968.80 (a) and (b) with respect to all milk of such producer purchased or received by such handler during the delivery period and shall pay such deductions to the market administrator on or before the 12th day after the end of such delivery period. Such moneys shall be used by the market administrator to verify weights, samples and tests of milk received from, and to provide market information to such producers. The market administrator may contract with a cooperative association or cooperative associations for the furnishing of the whole or any part of such services.

(b) *Deductions with respect to members of a cooperative association.* In the case of producers for whom a cooperative association which the Secretary determines to be qualified under the provisions of the Act of Congress of February 18, 1922, as amended, known as the "Capper-Volstead Act," is actually performing, as determined by the Secretary, the services set forth in (a) of this section, each handler shall make the deductions from the payments to be made directly to producers pursuant to § 968.80 (a) and (b) which are authorized by such producers, and, on or before the 12th day after the end of each delivery period, pay over such deductions to the association of which such producers are members.

§ 968.88 *Expense of administration.* As his pro rata share of the expense of the administration of this part, each handler who purchased or received milk from producers, with respect to all milk received from approved dairy farmers during the delivery period, shall pay to the market administrator, on or before the 10th day after the end of such delivery period, an amount not exceeding 4 cents per hundredweight, which amount shall be determined by the market administrator subject to review by the Secretary.

§ 968.89 *Termination of obligation.* The provisions of this section shall apply to any obligation under this part for the payment of money.

(a) The obligation of any handler to pay money required to be paid under the terms of this part shall, except as provided in paragraphs (b) and (c) of this section, terminate two years after the last day of the calendar month during which the market administrator receives the handler's utilization report on the milk involved in such obligation, unless within such two-year period the market administrator notifies the handler in writing that such money is due and payable. Service of such notice shall contain but need not be limited to, the following information:

(1) The amount of the obligation;

(2) The month(s) during which the milk, with respect to which the obligation exists, was received or handled; and

(3) If the obligation is payable to one or more producers or to an association of producers, the name of such producer(s) or association of producers, or if the obligation is payable to the market administrator, the account for which it is to be paid.

(b) If a handler fails or refuses, with respect to any obligation under this part, to make available to the market administrator or his representative all books and records required by this part to be made available, the market administrator may, within the two-year period provided for in paragraph (a) of this section, notify the handler in writing of such failure or refusal. If the market administrator so notifies a handler, the said two-year period with respect to such obligation shall not begin to run until the first day of the calendar month following the month during which all such books and records pertaining to such obligation are made available to the market administrator or his representatives.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this section, a handler's obligation under this part to pay money shall not be terminated with respect to any transaction involving fraud or willful concealment of a fact, material to the obligation, on the part of the handler against whom the obligation is sought to be imposed.

(d) Any obligation on the part of the market administrator to pay a handler any money which such handler claims to be due him under the terms of this part shall terminate two years after the end of the calendar month during which the milk involved in the claim was received if an underpayment is claimed, or two years after the end of the calendar month during which the payment (including deduction or set-off by the market administrator) was made by the handler if a refund on such payment is claimed, unless such handler, within the applicable period of time, files, pursuant to section 8c (15) (A) of the act, a petition claiming such money.

BASE RATING

§ 968.90 *Determination of period base.* For each delivery period the base of each producer shall be a quantity of milk calculated by the market administrator in the following manner: Multiply the applicable figure computed pursuant to § 968.91 by the number of days during such delivery period on which milk was received from such producer.

§ 968.91 *Determination of daily base.* (a) Effective January 1, 1948, and for each subsequent year thereafter the daily base of each producer, who regularly delivered milk to a handler during the next previous delivery periods of August, September, October, and November shall be computed by the market administrator in the following manner: Determine for each such producer his average daily delivery of milk to a handler for the time he delivered during the period from the next previous August 1 to November 30.

(b) The daily base of each producer who did not regularly deliver milk to a handler during the next previous delivery periods of August, September, October, and November but who began deliveries of milk to a handler subsequent to August 31 shall be computed by the market administrator in the following manner: For each delivery period from the date upon which the producer first delivers milk to a handler until January 1 after he shall have established a base pursuant to paragraph (a) of this section, the market administrator shall multiply such producer's daily average deliveries of milk during such period by the percentage that total base deliveries are to total deliveries of all producers.

(c) In case of a producer-handler who disposes of all of his delivery routes to another handler who is not a producer, the market administrator shall determine the daily average of the total sales of Class I milk and Class II milk by such producer during the preceding three months. The figures so determined shall be such producer's base until his base may be established pursuant to paragraph (a) of this section.

§ 968.92 *Base rules.* (a) Any producer who ceases to deliver milk to a handler for a period of more than 30 consecutive days shall forfeit his base. In the event such producer thereafter commences to deliver milk to a handler he shall be allotted a daily base computed in the manner provided in § 968.91.

(b) A landlord who rents on a share basis shall be entitled to the entire daily base to the exclusion of the tenant if the landlord owns the entire herd. A tenant who rents on a share basis shall be entitled to the entire daily base to the exclusion of the landlord if the tenant owns the entire herd. If the cattle are jointly owned by the tenant and landlord, the daily base shall be divided between the joint owners according to ownership of the cattle when such share basis is terminated.

(c) A producer, whether landlord or tenant, may retain his base when moving his entire herd of cows from one farm to another: *Provided*, That at the beginning of a tenant and landlord relationship the base of each landlord and tenant may be combined and may be divided when such relationship is terminated.

(d) Base may be transferred only under the following conditions: (1) in case of the death of a producer, his base may be transferred to a surviving member or members of his family who carry on the dairy operations, and (2) on the retirement of a producer, his base may be transferred to an immediate member of his family who carries on the dairy operations.

(e) The base of two producers may be combined in the case of forming a partnership, or may be divided in the case of the dissolution of a partnership.

(f) For the purposes of this section only, the term "producer" shall include any person who has been a producer as defined in § 968.6 but whom the Wichita Board of Health has suspended temporarily for failure to produce milk in conformity with the applicable health regulations of the city of Wichita, Kansas.

EFFECTIVE TIME, SUSPENSION, OR TERMINATION

§ 968.100 *Effective time.* The provisions of this part, or any amendment to this part, shall become effective at such time as the Secretary may declare and shall continue in force until suspended, or terminated, pursuant to § 968.101.

§ 968.101 *Suspension or termination.* Any or all of the provisions of this part, or any amendment to this part, may be suspended or terminated as to any or all handlers after such reasonable notice as the Secretary shall give and shall, in any event, terminate whenever the provisions of the act cease to be in effect.

§ 968.102 *Continuing power and duty of the market administrator.* (a) If, upon the suspension or termination of any or all provisions of this part there are any obligations arising under this part the final accrual or ascertainment of which requires further acts by any handler, by the market administrator, or by any other person, the power and duty

to perform such further acts shall continue notwithstanding such suspension or termination: *Provided*, That any such acts required to be performed by the market administrator shall, if the Secretary so directs, be performed by such other person, persons, or agency as the Secretary may designate.

(b) The market administrator, or such other person as the Secretary may designate, shall (1) continue in such capacity until removed, (2) from time to time account for all receipts and disbursements and when so directed by the Secretary deliver all funds on hand, together with the books and records of the market administrator, or such person, to such person as the Secretary shall direct, and (3) if so directed by the Secretary execute assignments or other instruments necessary or appropriate to vest in such person full title to all funds, property, and claims vested in the market administrator or such person pursuant thereto.

§ 968.103 *Liquidation after suspension or termination.* Upon the suspension or termination of any or all provisions of this part the market administrator, or such person as the Secretary may designate, shall, if so directed by the Secretary, liquidate the business of the market administrator's office and dispose of all funds and property then in his possession or under his control, together with claims for any funds which are unpaid or owing at the time of such suspension or termination. Any funds collected pursuant to the provisions of this part, over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the market administrator or such person in liquidating such funds, shall be distributed to the contributing handlers and producers in an equitable manner.

AGENTS

§ 968.110 *Agents.* The Secretary may, by designation in writing name any officer or employee of the United States to act as his agent or representative in connection with any of the provisions of this part.

[7 CFR, Part 996]

[Docket No. AO-203-A2]

HANDLING OF MILK IN SPRINGFIELD, MASS., MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO THE TENTATIVELY APPROVED MARKETING AGREEMENT AND TO THE ORDER REGULATING THE HANDLING

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.) and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Hampden County Improvement League Building at 1499 Memorial Avenue, West Springfield, Massachusetts, beginning at 9:30 a. m., e. s. t., on April 9, 1951, for the purpose of receiving evidence with respect to proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentative marketing agreement heretofore approved by the Secretary of Agriculture, and to the order, as amended, regulating the handling of milk in the Springfield, Massachusetts, marketing area. The proposals to make certain revisions in the Class II pricing formula raise the question of the level of Class II prices and the components of a Class II pricing mechanism. Accordingly, evidence with respect to all phases of Class II pricing will be received at the hearing. These proposed amendments have not received the approval of the Secretary of Agriculture.

Proposed by New England Milk Producers' Association:

1. Amend the definition of outside milk to include receipts from New York order pool plants if classified other than in Classes I-A or I-B under the New York order.

2. Amend § 996.4 (c) to designate the Brattleboro, Vermont, plant of H. P. Hood & Sons, as a pool plant in each of the months in which milk is shipped from the plant to the marketing area.

3. Make such changes as are required to take account of the existence of a market pool in the Lowell-Lawrence market, and to provide for uniform classification of milk moved between Lowell-Lawrence, and Worcester or Springfield pool plants.

4. Amend § 996.4 (a) to include a provision as follows:

Each of a handler's plants which is a nonpool receiving plant during any of the months of October through February shall not be a pool plant in any of the following months of March through September in which it is operated by the same handler, an affiliate of the handler, or any person who controls or is controlled by the handler, unless its operation during October through February was in the handlers' capacity as a producer-handler.

Proposed by H. P. Hood & Sons:

5. Amend §§ 996.4 (a), 996.5 (c), and 996.9 (g) and such other sections as are necessary to provide reciprocal recognition and treatment of milk received from plants regulated by the Lowell-Lawrence order.

6. Amend § 996.5 (a) to renumber subparagraphs 3 to 9, inclusive, as 4 to 10, inclusive, and insert a new subparagraph (3) as follows:

(3) Receipts of milk from producers at a handler's country plant equal to the volume of fluid milk products disposed of directly from the country plant as Class I milk outside the marketing area without being received at a city plant.

7. Amend § 996.4 (c) (1) to change the 50 percent shipping requirements for country plants to 30 percent. Also amend § 996.4 (c) (3) to provide that any plant which has been a pool plant continuously from the effective date of this order and any country plant which has qualified as a pool plant pursuant to subparagraphs (1) and (2) of this paragraph for each month of the preceding 2 calendar years shall be a pool plant in each month in which milk is shipped from the plant to the marketing area if the handler's written request for pool plant status is received by the market administrator.

Proposed by New England Milk Producers' Association and H. P. Hood and Sons:

8. Make such changes in the Class II pricing provisions as may be needed to maintain the present relationship to the Boston Class II price.

Proposed by Northern Farms Cooperative, Inc., and New England Milk Producers' Association:

9. Substitute 33 for 33.48 in § 996.9 (d) (1).

Proposed by H. P. Hood & Sons:

10. Amend the butterfat differential provision in line with Boston.

11. Amend § 996.9 (f) to provide that payments on outside milk originating at plants outside the 6 New England States and New York shall not be required in respect to such milk received during a period when an emergency has been declared pursuant to Federal Order 4, as amended.

Proposed by Dairy Branch, Production and Marketing Administration:

12. Delete § 996.7 (a) (3) (ii) and substitute:

(ii) Compute the index of the wage rates for each of the States indicated below by dividing each of the individual wage rates for the latest available month as reported by the United States Department of Agriculture by the applicable factor from the schedule below. Compute a simple average of the resulting indexes for each State and then a weighted index by using the following weights: Maine, 10; Massachusetts, 6; New Hampshire, 7; and Vermont, 77. Multiply the weighted index by 2.072 and then by 0.4.

	Maine	Massachusetts	New Hampshire	Vermont
Per month:				
With board and room	$92.08	$104.25	$99.50	$[illegible]
With house	107.17	140.75	133.70	1[illegible]
Per week:				
With board and room	25.396	27.292	26.708	2[illegible]
Without board and room	35.08	38.75	37.77	3[illegible]
Per day:				
Without board and room	6.108	6.667	6.602	6[illegible]

13. Amend the applicable provisions of the order to provide that the operator of a milk plant shall be responsible, with respect to all milk and milk products received at the plant, for all payment, reporting, and other obligations imposed by the order upon a handler, with exceptions limited to milk temporarily diverted by a handler from its usual plant of receipt and milk of a dairy farmer's own production which is processed for him.

14. In § 996.1 (b) (5) delete the words "a nonpool plant" and substitute "another plant."

15. Amend § 996.1 (b) (5) so as to provide that a dairy farmer whose milk is diverted to a Springfield pool plant from the Boston, Lowell-Lawrence, or Worcester pool plant to which he ordinarily delivers is not a producer under the Springfield order if his milk is reported as a producer receipt under the provisions of the other order.

16. Amend § 996.1 (b) (10) to read as follows:

(10) "Buyer-handler" means any handler who operates a bottling or processing plant from which more than 10 percent of his total receipts of fluid milk products other than cream are disposed of by him as Class I milk in the marketing area, and whose entire supply of fluid milk products is received from other handlers.

17. Delete § 996.1 (c) (5).

18. Delete § 996.1 (d) (6) and substitute the following:

(6) "Outside milk" means:

(i) All milk received from dairy farmers for other markets.

(ii) All fluid milk products, other than cream, received at a regulated plant from an unregulated plant, up to the total quantity of nonpool milk received at the unregulated plant; except receipts from New York order pool plants which are assigned to Class I pursuant to § 996.5 (c) and from regulated plants under the Boston or Worcester orders.

(iii) All Class I milk, after subtracting receipts of Class I milk from regulated plants, which is disposed of to consumers in the marketing area from an unregulated plant, except a regulated plant under the Worcester order, without its intermediate movement to another plant.

19. Amend § 996.3 (b) to remove the restrictions which prevent buyer-handlers from moving milk to other plants on a Class II basis.

20. In § 996.4 (c) (2), delete the words "from the effective date of this order through February 1950 and any country plant which thereafter is a pool plant continuously."

21. Amend § 996.5 (a) to:

(a) Move receipts of skim milk down further in the assignment sequence.

(b) Add a new final subparagraph which will provide for assigning to Class I milk any receipts from sources not specified in the preceding subparagraphs.

22. In § 996.5 (c) (2), delete the final phrase "after deducting its receipts of outside milk."

23. Amend § 996.8 (b) so as to provide for excluding from each current pool computation the milk of any handler who is not in compliance with the reporting and payment provisions of the order for any prior month since the effective date of the most recent amendment of the order.

24. In view of the proposal to amend Federal Order No. 4 to extend the marketing area, consider the addition of the following subparagraph to § 996.8 (a):

(7) Subtract any amount which the handler is required to pay on such milk pursuant to § 904.9 (g) (2) of the Boston order.

25. Amend § 996.4 (b) to provide: "In determining whether a city plant has disposed of the required 10 percent of its receipts as Class I milk in the marketing area, the total quantity of fluid milk products, other than cream, moved from that plant to another city plant which is a regulated plant shall be considered as a disposition of Class I milk in the marketing area up to the quantity of Class I milk disposed of in the marketing area from the other plant."

26. Delete § 996.2 (c) (4) and amend § 996.3 (c) (3) by deleting the period and adding thereto the following: "because of failure to make reports or payments pursuant to this order."

27. Make such other changes as may be required to make the entire marketing agreement and order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and the said order now in effect, may be procured from the Market Administrator's Office, 145 State Street, Springfield, Massachusetts, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated at Washington, D. C., March 14, 1951.

[SEAL] JOHN I. THOMPSON,
Assistant Administrator, Production and Marketing Administration.

[7 CFR, Part 999]

[Docket No. AO-204-A2]

MILK IN THE WORCESTER, MASS., MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO TENTATIVELY APPROVED MARKETING AGREEMENT AND TO ORDER REGULATING THE HANDLING OF MILK

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.) and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Horticultural Hall, Elm and Chestnut Streets, Worcester, Massachusetts, beginning at 9:30 a. m., e. s. t., on April 10, 1951, for the purpose of receiving evidence with respect to proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentative marketing agreement heretofore approved by the Secretary of Agriculture, and to the order, as amended, regulating the handling of milk in the Worcester, Massachusetts, marketing area. The proposals to make certain revisions in the Class II pricing formula raise the question of the level of Class II prices and the components of a Class II pricing mechanism. Accordingly, evidence with respect to all phases of Class II pricing will be received at the hearing. These proposed amendments have not received the approval of the Secretary of Agriculture.

Proposed by New England Milk Producers' Association:

1. Amend the definition of the marketing area to add the towns of Marlboro and Northboro, Massachusetts.

Proposed by South Eastern Worcester County Dairymen's Association:

2. Amend § 999.1 (a) (2) by deleting the name of "Northbridge" as part of the marketing area.

Proposed by New England Milk Producers' Association:

3. Amend the definition of "outside milk to include receipts from New York order pool plants if classified other than in Classes I-A or I-B under the New York order.

Proposed by New England Milk Producers' Association:

4. Make such changes as are required to take account of the existence of a market pool in the Lowell-Lawrence market, and to provide for uniform classification of milk moved between Lowell-Lawrence, and Worcester or Springfield pool plants.

Proposed by New England Milk Producers' Association:

5. Amend § 999.4 (a) to include a provision as follows:

Each of a handler's plants which is a nonpool receiving plant during any of the months of October through February shall not be a pool plant in any of the following months of March through September in which it is operated by the same handler, an affiliate of the handler, or any person who controls or is controlled by the handler, unless its operation during October through February was in the handlers' capacity as a producer-handler.

Proposed by H. P. Hood & Sons.

6. Amend §§ 999.4 (a), 999.5 (a), 999.5 (c), and 999.9 (g) and such other sections as are necessary to provide reciprocal recognition and treatment of milk received from plants regulated by the Lowell-Lawrence order.

7. Amend § 999.5 (a) to renumber subparagraphs 3 to 9, inclusive, as 4 to 10, inclusive, and insert a new subparagraph (3) as follows:

(3) Receipts of milk from producers at a handler's country plant equal to the volume of fluid milk products disposed of directly from the country plant as Class I milk outside the marketing area without being received at a city plant.

8. Amend § 999.4 (c) (1) to change the 50 percent shipping requirements for country plants to 30 percent. Also amend § 999.4 (c) (3) to provide that any plant which has been a pool plant continuously from the effective date of this order and any country plant which has qualified as a pool plant pursuant to subparagraphs (1) and (2) of this paragraph for each month of the preceding 2 calendar years shall be a pool plant in each month in which milk is shipped from the plant to the marketing area if the handler's written request for pool plant status is received by the market administrator.

Proposed by New England Milk Producers' Association and H. P. Hood and Sons:

9. Make such changes in the Class II pricing provisions as may be needed to maintain the present relationship to the Boston Class II price.

Proposed by Northern Farms Cooperative, Inc., and New England Milk Producers' Association:

10. Substitute 33 for 33.48 in § 999.9 (d) (1).

Proposed by H. P. Hood and Sons:

11. Amend the butterfat differential provision in line with Boston.

12. Amend § 999.9 (f) to provide that payments on outside milk originating at plants outside the 6 New England States and New York shall not be required in respect to such milk received during a period when an emergency has been declared pursuant to Federal Order No. 4, as amended.

Proposed by the Dairy Branch, Production and Marketing Administration:

13. Delete § 999.7 (a) (3) (ii) and substitute:

(ii) Compute the index of the wage rates for each of the States indicated below by dividing each of the industrial wage rates for the latest available month as reported by the United States Department of Agriculture by the applicable factor from the schedule below. Compute a simple average of the resulting indexes for each State and then a weighted index by using the following weights: Maine, 10; Massachusetts, 6; New Hampshire, 7; and Vermont, 77. Multiply the weighted index by 2.072 and then by 0.4.

	Maine	Massachusetts	New Hampshire	Vermont
Per month:				
With board and room	$92.08	$104.25	$99.50	$101.08
Without board and room	107.17	140.75	133.50	128.92
Per week:				
With board and room	25.396	27.292	26.708	25.833
Without board and room	35.08	38.75	37.75	35.896
Per day:				
Without board and room	6.108	6.667	6.692	6.392

14. Amend the applicable provisions of the order to provide that the operator of a milk plant shall be responsible, with respect to all milk and milk products received at the plant, for all payment, reporting, and other obligations imposed by the order upon a handler, with exceptions limited to milk temporarily diverted by a handler from its usual plant of receipt and milk of a dairy farmer's own production which is processed for him.

15. Amend § 999.1 (b) (5) so as to provide that a dairy farmer whose milk is diverted to a Worcester pool plant from the Boston, Lowell-Lawrence, or Springfield pool plant to which he ordinarily delivers is not a producer under the Worcester order if his milk is reported as a producer receipt under the provisions of the other order.

16. Amend § 999.1 (b) (10) to read as follows:

(10) "Buyer-handler" means any handler who operates a bottling or processing plant from which more than 10 percent of his total receipts of fluid milk products other than cream are disposed of by him as Class I milk in the marketing area, and whose entire supply of fluid milk products is received from other handlers.

17. Delete § 999.1 (c) (5).

18. Delete § 999.1 (d) (6) and substitute the following:

(6) "Outside milk" means:

(i) All milk received from dairy farmers for other markets.

(ii) All fluid milk products, other than cream, received at a regulated plant from an unregulated plant, up to the total quantity of nonpool milk received at the unregulated plant; except receipts from New York order pool plants which are assigned to Class I milk pursuant to § 999.5 (c) and from regulated plants under the Boston or Springfield orders.

(iii) All Class I milk, after subtracting receipts of Class I milk from regulated plants, which is disposed of to consumers in the marketing area from an unregulated plant, except a regulated plant under the Boston or Springfield orders, without its intermediate movement to another plant.

19. Amend § 999.3 (b) to remove the restrictions which prevent buyer-handlers from moving milk to other plants on a Class II basis.

20. In § 999.4 (c) (2), delete the words "from the effective date of this order through February 1950 and any country plant which thereafter is a pool plant continuously."

21. Delete § 999.4 (c) (3).

22. Amend § 999.5 (a) to:

(a) Move receipts of skim milk down further in the assignment sequence.

(b) Add a new final subparagraph which will provide for assigning to Class I milk any receipts from sources not specified in the preceding subparagraphs.

23. In § 999.5 (c) (2), delete the final phrase "after deducting its receipts of outside milk."

24. Amend § 999.8 (b) so as to provide for excluding from each current pool computation the milk of any handler who is not in compliance with the reporting and payment provisions of the order for any prior month since the effective date of the most recent amendment of the order.

25. Amend § 999.4 (b) to provide: "In determining whether a city plant has disposed of the required 10 percent of its receipts as Class I milk in the marketing area, the total quantity of fluid milk products, other than cream, moved from that plant to another city plant which is a regulated plant shall be considered as a disposition of Class I milk in the marketing area up to the quantity of Class I milk disposed of in the marketing area from the other plant."

26. In § 999.1 (b) (5) delete the words "a nonpool plant" and substitute "another plant."

27. In view of the proposal to amend Federal Order No. 4 to extend the Greater Boston marketing area, consider the addition of the following subparagraph to § 999.8 (a):

(7) Subtract any amount which the handler is required to pay on such milk pursuant to § 904.9 (g) (2) of the Boston order.

28. Delete § 999.2 (c) (4) and amend § 999.8 (c) (3) by deleting the period and adding thereto the following: "because of failure to make reports or payments pursuant to this order."

29. Make such other changes as may be required to make the entire marketing agreement and order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing, the said order, as amended, now in effect, may be procured from the Market Administrator's Office, 107 Front Street, Room 403, Worcester, Massachusetts, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated: March 14, 1951, at Washington, D. C.

[SEAL] JOHN I. THOMPSON,
Assistant Administrator, Production and Marketing Administration.

NOTICES

DEPARTMENT OF COMMERCE

Federal Maritime Board

[No. S-22]

GRACE LINE INC.

NOTICE OF PREHEARING CONFERENCE

Grace Line Inc.; application for operating-differential subsidy (Trade Route No. 4) under Title VI, Merchant Marine Act, 1936.

Notice is hereby given that a prehearing conference will be held in Room 4823, Commerce Building, Washington, D. C., on April 3, 1951, at 10 o'clock a. m., before an examiner of the Board's Hearing Examiners' Office, upon an application dated November 27, 1950, of Grace Line Inc., under Title VI of the Merchant Marine Act, 1936, as amended, for financial aid in the operation of two passenger vessels, three combination passenger and freight vessels, and four freight vessels in the foreign commerce of the United States on Trade Route No. 4 (between U. S. Atlantic ports and ports in the Netherlands West Indies, Venezuela and North Coast of Columbia) as described in the United States Maritime Commission's report of Essential Foreign Trade Routes of the American Merchant Marine, issued May 1949.

The prehearing conference will be conducted under § 201.59 of the Board's rules of procedure, for the purpose of considering:

(1) Simplification of the issues;

(2) The necessity or desirability of amendments to the pleadings;

(3) The possibility of obtaining admission of fact and of documents which will avoid unnecessary proof;

(4) Limitations on the number of witnesses;

(5) The procedure at the hearing;

(6) The distribution to the parties prior to the hearing of written testimony and exhibits;

(7) Consolidation of the examination of witnesses by counsel; and

(8) Such other matters as may aid in the disposition of the proceeding.

Also at the prehearing conference a date will be set for the hearing to receive evidence relative to determinations which the Board is required, after hearing, to make pursuant to the provisions of sections 602 and 605 (c) of the Merchant Marine Act, 1936, as amended. The hearing to receive such evidence will be conducted in conformity with the Board's rules of procedure (12 F. R. 6076), and a recommended decision will be made by the examiner.

All persons (including individuals, corporations, associations, firms, partnerships, and public bodies) desiring to participate in the prehearing conference and in the proceeding should notify the Board on or before March 30, 1951, and should file petitions promptly for leave to intervene in accordance with § 201.81 of the Board's rules of procedure.

Dated: March 7, 1951.

By order of the Federal Maritime Board.

[SEAL] A. J. WILLIAMS,
Secretary.

DEPARTMENT OF DEFENSE

Office of the Secretary

GENERAL COUNSEL OR ACTING GENERAL COUNSEL, OFFICE OF THE SECRETARY

DELEGATION OF AUTHORITY WITH RESPECT TO CLAIMS

Pursuant to the authority vested in me as Secretary of Defense by the provisions of the Federal Tort Claims Act, as amended, 28 U. S. C. 2672, the General Counsel, Office of the Secretary of Defense, or in his absence the Acting General Counsel in said office, is hereby designated, acting on behalf of the United States, to consider, ascertain, adjust, determine, and settle any claim cognizable by the Department of Defense, other than those cognizable by the Departments of the Army, Navy and Air Force, under or pursuant to said act.

Any award hereunder may include such attorney's fee as is determined, in a particular case, by said designee to be reasonable but in no event shall such fee exceed the amount provided for in said act.

This delegation of authority shall be effective as of March 12, 1951.

ROBERT A. LOVETT,
Acting Secretary of Defense.

ECONOMIC STABILIZATION AGENCY

Office of Price Stabilization

[Administrative Order 22, Supp. 4]

DELEGATION OF AUTHORITY TO SIGN AND ISSUE SUBPENAS

By virtue of the authority vested in me as Assistant Director of Price Stabilization for Enforcement (Director of Enforcement) by Administrative Order No. 22 and pursuant to Administrative Order No. 22, Supp. 1, 2, and 3, issued pursuant to Executive Order No. 10161 (15 F. R. 6105), Economic Stabilization Agency General Order No. 2 (16 F. R. 738) and Economic Stabilization Agency General Order No. 5 (16 F. R. 1273), this order is hereby issued:

SECTION 1. In connection with any investigation or proceeding conducted by the Office of Price Stabilization relating to the administration or enforcement of the Defense Production Act of 1950, or any regulation or order issued thereunder, the several Regional Enforcement Directors and District Enforcement Directors of the Office of Price Stabilization are each authorized within their respective regions or districts to sign and issue subpenas requiring any person to appear and testify or to appear and produce documents, or both, at any designated place.

SEC. 2. The terms herein shall have the same meaning as in the Defense Production Act of 1950.

This order shall become effective March 17, 1951.

Issued this 16th day of March, 1951.

E. B. MORGAN,
Assistant Director of Price Stabilization for Enforcement (Director of Enforcement).

[F. R. Doc. 51-3505; Filed, Mar. 16, 1951; 11:27 a. m.]

[Administrative Order 22, Supp. 5]

DELEGATION OF AUTHORITY TO SIGN AND ISSUE INSPECTION AUTHORIZATIONS

By virtue of the authority vested in me as Assistant Director of Price Stabilization for Enforcement (Director of Enforcement) by Administrative Order No. 22 and pursuant to Administrative Order 22, Supp. 1, 2, and 3, issued pursuant to Executive Order No. 10161 (15 F. R. 6105), Economic Stabilization Agency General Order No. 2 (16 F. R. 738), and Economic Stabilization Agency General Order No. 5 (16 F. R. 1273), this order is hereby issued:

SECTION 1. In connection with any investigation or proceeding conducted by the Office of Price Stabilization relating to the administration or enforcement of the Defense Production Act of 1950, or any regulation or order issued thereunder, the several Regional Enforcement Directors and District Enforcement Directors of the Office of Price Stabilization are each authorized within their respective regions or districts to sign and issue Inspection Authorizations requiring any person to permit a duly authorized representative of the Office of Price Stabilization to inspect books, records and other writings in the possession or control of said person at the place where such person usually keeps them; and to inspect the premises or property of said person.

SEC. 2. The terms herein shall have the same meaning as in the Defense Production Act of 1950.

This order shall become effective March 17, 1951.

Issued this 16th day of March, 1951.

E. B. MORGAN,
Assistant Director of Price Stabilization for Enforcement (Director of Enforcement).

[F. R. Doc. 51-3506; Filed, Mar. 16, 1951; 11:28 a. m.]

[Administrative Order 22, Supp. 6]

DELEGATION OF AUTHORITY TO REGIONAL ENFORCEMENT DIRECTORS AND DISTRICT ENFORCEMENT DIRECTORS TO USE LETTERS REQUESTING INSPECTION AND INTERVIEWS RELATING TO INVESTIGATIONS

By virtue of the authority vested in me as Assistant Director of Price Stabilization for Enforcement (Director of Enforcement) by Administrative Order No. 22 and pursuant to Administrative Order 22, Supp. 1, 2, and 3, issued pursuant to Executive Order No. 10161 (15 F. R. 6105), Economic Stabilization Agency General Order No. 2 (16 F. R. 738), and Economic Stabilization Agency General Order No. 5 (16 F. R. 1273), this order is hereby issued:

SECTION 1. In connection with investigations, inspections or inquiries necessary to the enforcement or administration of the Defense Production Act of 1950, or regulations or orders promulgated thereunder by the Office of Price Stabilization, the several Regional Enforcement Directors and District Enforcement Directors are hereby authorized to use letters requesting the inspection of books, documents, and records and the inspection of premises or property. Such request letters will be utilized only after the scope and purpose of the investigation, inspection, or inquiry to be made have been defined by the Regional Enforcement Director or District Enforcement Director having jurisdiction over such investigation, inspection or inquiry, and it is assured that adequate and authoritative data thus sought to be obtained are not available from any Federal or other responsible agency.

SEC. 2. The terms herein shall have the same meaning as in the Defense Production Act of 1950.

This order shall become effective March 17, 1951.

Issued this 16th day of March 1951.

E. B. MORGAN,
Assistant Director of Price Stabilization for Enforcement (Director of Enforcement).

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Misc. 2075512-3-4-5]

ALABAMA

SMALL TRACT CLASSIFICATION ORDER NO. 1

MARCH 15, 1951.

1. Pursuant to the authority delegated to me by the Director, Bureau of Land Management, under section 2.21 of Order No. 427, approved by the Secretary of the Interior on August 16, 1950 (15 F. R. 5641), I hereby classify, under the Small Tract Act of June 1, 1938 (52 Stat. 609), as amended (59 Stat. 467, 43 U. S. C. sec. 682a), the following-described public lands for lease and sale for all purposes mentioned in the Act, except business, with sale prices as indicated:

ST. STEPHENS MERIDIAN

	Each
T. 9 S., R. 1 E., fr'l. sec. 26:	
Lots 1 to 4, inclusive	$350
Lots 5 to 12, inclusive	550
T. 9 S., R. 2 E., sec. 27:	
Lots 10 to 17, inclusive	300
Lots 18 to 37, inclusive	190
Lots 38 to 41, inclusive	250
Lots 42 to 45, inclusive	300
Lots 46 to 53, inclusive	450
T. 9 S., R. 2 E., sec. 28:	
Lots 9 to 16, inclusive	300
Lots 17 to 24, inclusive	190
Lots 25 and 26	300
Lots 27 to 30, inclusive	280
Lots 31 to 34, inclusive	300
Lots 35 to 42, inclusive	190

There are 42 lots averaging 1.25 acre, measuring 165 feet wide by 330 feet long, with the long dimension running north and south, and 48 lots averaging 2.50 acres, measuring 330 feet by 330 feet. These tracts, with surfaces consisting of white sand dunes and ridges, are situated in the southwestern part of Baldwin County, on a narrow neck of land that extends westerly between Bon Secours Bay and the Gulf of Mexico. On the western end of this neck of land is Fort Morgan, a military post. A good blacktop road extends from this military reservation easterly to the mainland where it connects, at a resort known as Gulf Shores, with State Highway No. 3. They may be reached over U. S. Highway No. 90 from Mobile to Robertsdale, Alabama, thence southward over blacktop State Road No. 3, through Foley to its intersection with improved blacktop Dixie Graves Parkway at a point 14 miles east of the small tracts herein classified. The Dixie Graves Parkway is a State recreational area 330 feet wide.

2. A multiplicity of filings by those persons entitled to claim veterans' preference for service in World War II is anticipated during the simultaneous filing period. Therefore, in accordance with the provisions of 43 CFR 257.8, Circ. 1764, containing small tract regulations approved September 11, 1950, the special procedure and drawing outlined therein will be used. This special procedure does not apply to veterans of other wars of the United States.

3. As to applications regularly filed prior to 10:00 a. m., October 22, 1947, covering the type of site for which these lands are classified, this order shall become effective upon the date it is signed.

4. As to lands not covered by applications referred to in paragraph 3, this order shall not become effective to change the status of the lands until 10:00 a. m., on the 35th day after the date of this order.

5. Commencing at 10:00 a. m. on the date of this order and for a period of 35 days thereafter, the lands described herein shall be subject to the filing of drawing entry cards only by those persons entitled to claim World War II veterans' preference under the Act of September 27, 1944 (58 Stat. 748, 43 U. S. C. secs. 279–284), as amended. Such veterans, desiring to participate in the drawing, may apply to the Regional Administrator, Region VI, Bureau of Land Management, Interior Department, Washington 25, D. C., for a drawing entry card Form 4–775, upon which the veteran will print clearly his name, post office address, and sign his full name in the space provided on the card, certifying that he is a citizen of the United States, over 21 years of age, or the head of a family, and entitled to veterans' preference based upon service in World War II and honorable discharge from such service. Only one drawing entry card may be filed by an entrant. No filing fee or additional papers should accompany the drawing entry card. All drawing entry cards when completed as indicated shall be mailed to the above-mentioned Regional Administrator and must be forwarded in time to reach him not later than 10:00 a. m. on the 35th day after the date of this order. All cards of qualified entrants received not later than the hour and date mentioned will be placed in a box and at 2:00 p. m. on the business day following such 35th day thoroughly mixed in the presence of such persons as may desire to be present. The cards will then be drawn by a disinterested party, one at a time, and numbered in the order drawn to establish an adequate list of eligibles and of alternates to whom the available tracts will be allocated in consecutive order. The numbers assigned in the drawing will fix the order in which the tracts not covered by applications filed prior to 10:00 a. m. on October 22, 1947 will be allocated to the successful entrants, beginning with lot 1, section 26, T. 9 S., R. 1 E., and continuing in numerical sequence through that section and through sections 27 and 28, T. 9 S., R. 2 E.

6. Each successful entrant to whom a tract is awarded will be sent by registered mail a decision making appropriate requirements with an offer to lease Form 4–776, in duplicate, bearing the description of the tract. Each tract is subject to a 33-foot right-of-way for roads and public utilities. The forms must be completely filled out, signed and returned by the successful entrant within the time allowed, accompanied by a $10.00 filing fee and $15.00 representing rental for a 3-year period; also a complete photostat, or other copy (both sides) of his certificate of honorable discharge, or of an official document of the branch of the service which shows clearly his honorable discharge, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. An award to a successful entrant who was not qualified to enter the drawing, or who for any reason fails within the time allowed to comply with the requirements of the decision accompanying the lease forms, will be canceled upon the records, and the lot will become available to the alternate next in line as determined by the drawing. Every lease will contain an option to purchase clause and every lessee may file an application to purchase at the sale price as provided in the lease.

7. Each entrant to whom no lot is allocated will be informed thereof by the return of his drawing entry card carrying a notation to that effect.

8. The lots, if any, which are not leased as a result of the drawing, will not become subject to application by veterans who do not participate in the drawing or by the general public until a further order has been issued granting veterans of World War II a preference right of application for a period of 90 days.

H. S. PRICE,
Regional Administrator.

CIVIL AERONAUTICS BOARD

[Public Notice PN-4]

FINAL DELEGATIONS OF AUTHORITY FROM THE BOARD TO THE STAFF

Recent changes in the organization of the Civil Aeronautics Board and the delegation by the Board of additional authorities to the staff require that:

(1) Public Notice PN–2, together with Amendments 1 and 2 thereof, be revoked.

(2) The following statements of final delegations of authority from the Board to the staff be promulgated as Public Notice PN–4.

OFFICERS AND EMPLOYEES

Sec.
1.1 Requesting information.

EXAMINERS AND PRESIDING OFFICERS

2.1 Procedural matters incident to formal proceedings.
2.2 Initial decisions in safety enforcement proceedings.

CHIEF EXAMINER

3.1 Changes in procedural requirements.

CHIEF, OFFICE OF ENFORCEMENT

4.1 Institution of court proceedings.

DIRECTOR, ALASKA OFFICE

Sec.
5.1 Procedural matters incident to formal proceedings.
5.2 Rejection of Tariffs, Alaskan Air Carriers.
5.3 Special tariff permission, Alaskan Air Carriers.
5.4 Requests for additional information.
5.5 Extension of time for filing documents and waiver of contents.
5.6 Rule making, proposed Economic Regulations affecting Alaskan Air Carriers.
5.7 Issuance of Letters of Registration.

DIRECTOR, BUREAU OF AIR OPERATIONS

6.1 Rejection of tariffs for air carriers other than Alaskan Air Carriers and including foreign air carriers.
6.2 Special tariff permission for air carriers other than Alaskan Air Carriers and including foreign air carriers.
6.3 Waiver, modification, and interpretation of reports and accounts.
6.4 Extension of time for filing certain documents.
6.5 Letters of Registration issued pursuant to Part 291 of the Economic Regulations.
6.6 Letters of Registration issued pursuant to Part 296 of the Economic Regulations.
6.7 Temporary changes in service patterns by feeder air carriers.
6.8 Contracts and agreements.
6.9 Interlocking relationships.
6.10 Tariff investigations, tariff suspensions, and complaints concerning tariffs.
6.11 Free or reduced rate transportation.
6.12 Photographic reproduction of records.
6.13 Certain tariff matters.
6.14 Applications for exemptions.

DIRECTOR, BUREAU OF SAFETY INVESTIGATION

7.1 Accident inquiries.

DIRECTOR, BUREAU OF SAFETY REGULATION

8.1 Rule making, proposed changes in Civil Air Regulations.
8.2 Waiver of citizenship requirements for issuance of airman certificates.
8.3 Waiver of Civil Air Regulations for operations conducted under contract with the armed services.
8.4 Waiver of Civil Air Regulations in specified cases.

OFFICERS AND EMPLOYEES

SECTION 1.1 *Requesting information.* All officers and employees of the Board are authorized to request such information from or make such contact with, the public or agencies of Government as may be necessary to the proper discharge of assigned duties.

EXAMINERS OR PRESIDING OFFICERS

SEC. 2.1 *Procedural matters incident to formal proceedings.* All persons designated as examiners or presiding officers in any proceeding or investigation of the Board have authority:

(a) To adjourn or postpone hearings;

(b) To administer oaths and affirmations;

(c) To sign and issue subpenas;

(d) To take or cause depositions to be taken;

(e) To hold conferences for the settlement or simplification of the issues;

(f) To regulate the course of the proceeding and dispose of procedural requests or similar matters arising in the course of the hearing;

(g) To rule upon the admissibility of and receive evidence; and

(h) To do any and all other or further acts necessary or incident to the conduct of such proceedings and ordinarily entrusted to a presiding judicial officer.

SEC. 2.2 *Initial decisions in safety enforcement proceedings.* Examiners or presiding officers are authorized to make the initial decision in proceedings for the suspension or revocation of airman and other safety certificates, and for the review of the Administrator's refusal to issue an airman certificate.

CHIEF EXAMINER

SEC. 3.1 *Changes in procedural requirements.* The Chief Examiner is authorized to approve or disapprove requests for changes in procedural requirements in economic and safety enforcement cases for good cause shown, providing that an extension of time for filing documents shall not be granted within three days of the date originally set for the filing, except in cases involving unusual hardship on the requesting party or parties.

CHIEF, OFFICE OF ENFORCEMENT

SEC. 4.1 *Institution of court proceedings.* The Chief, Office of Enforcement, is authorized to institute and prosecute in the proper court, as agent of the Board, all necessary proceedings for the enforcement of subpenas and for the enforcement of the provisions of the act or any rule, regulation, requirement, or order thereunder, or any term, condition, or limitation of any certificate or permit, and for the punishment of all violations thereof.

DIRECTOR, ALASKA OFFICE

SEC. 5.1 *Procedural matters incident to formal proceedings.* In formal proceedings on the Board's Alaskan docket, the Director, Alaska Office, is authorized:

(1) To assign such proceedings for hearings and conferences in appropriate cases, and to serve all interested persons with procedural notices (other than notice of oral argument before the Board) and examiners' reports relating thereto and,

(2) To hear oral argument upon exceptions to an examiner's report provided that upon completion of oral argument a transcript thereof shall be sent to the Board.

SEC. 5.2 *Rejection of tariffs, Alaskan Air Carriers.* The Director of the Alaska Office is authorized to reject, on behalf of the Board, any tariff, supplement, or revised page which is filed by any Alaskan air carrier and which is subject to rejection under section 403 (a) of the Civil Aeronautics Act of 1938, as amended, because it is not consistent with section 403 of the act or with Parts 221 and 222 of the Economic Regulations. In exercising this authority, the Director of the Alaska Office shall give notice of any such rejection in writing to the carrier or agent filing such tariff. The notice shall clearly state the reason or reasons for the rejection. When time will not permit receipt of notice by mail prior to the proposed effective date of the tariff publication so rejected, telegraphic notice shall also be given.

SEC. 5.3 *Special tariff permission, Alaskan Air Carriers.* The Director of the Alaska Office is authorized to approve or disapprove any application for permission to make tariff changes upon less than statutory notice, filed by an Alaskan air carrier pursuant to § 222.3 (k) of the Economic Regulations, which (a) has as its only purpose the correction of merchanical, clerical, or administrative errors, or (b) does not involve new or substantial questions of policy. In exercising this authority, the Director of the Alaska Office may refer any application to the Board for disposition, and shall so refer any application which he is not hereby authorized to approve or disapprove.

SEC. 5.4 *Requests for additional information.* The Director of the Alaska Office is authorized at any time:

(a) To require any person filing documents with the Alaska Office to file additional copies thereof.

(b) To make service upon persons other than those specified in the pertinent regulation, order, or rule of the Board, if he finds such requirements necessary in the public interest or in the interest of efficiency and expedition in the work of the Board.

(c) To require any person filing a formal or informal application, complaint, petition or other document that in his opinion does not sufficiently set forth the material required to be set forth by the applicable regulation, order, or rule of the Board, or is otherwise insufficient, to supply additional information.

(d) To require, if he deems an answer desirable, a reply to formal complaints and petitions.

SEC. 5.5 *Extension of time for filing documents and waiver of contents.* The Director of the Alaska Office is authorized, upon good cause shown, to grant or deny individual requests for extensions of time for filing any document required to be filed with the Alaska Office pursuant to Part 292 of the Economic Regulations, or for waiver of the form or content of such document to conform to the particular operations of the individual requesting such waiver.

SEC. 5.6 *Rule making, proposed Economic Regulations affecting Alaskan Air Carriers.* The Director, Alaska Office, may prepare and publish for comment by Alaskan air carriers a draft of proposed Economic Regulations affecting air transportation within Alaska, or of proposed amendments or modifications of such regulations, providing that such notice shall indicate clearly that the proposals are those of the Director and have not been approved by the Board.

SEC. 5.7 *Issuance of Letters of Registration.* The Director, Alaska Office, is authorized to approve, in whole or in part, or to deny any application for a Letter of Registration filed pursuant to Part 292 of the Economic Regulations. Pursuant to such approval, such Letter of Registration will be issued by the Director, Alaska Office, on behalf of the Secretary of the Board.

DIRECTOR, BUREAU OF AIR OPERATIONS

SEC. 6.1 *Rejection of tariffs for air carriers other than Alaskan Air Carriers*

and including foreign air carriers. The Director, Bureau of Air Operations (or such staff member of the Bureau of Air Operations as he may designate) is authorized to reject any tariff, supplement, or revised page which is filed by any air carrier other than an Alaskan air carrier, or by any foreign air carrier, and which is subject to rejection under section 403 (a) of the Civil Aeronautics Act of 1938, as amended, because it is not consistent with section 403 of the Civil Aeronautics Act or with Parts 221 and 222 of the Economic Regulations, as amended from time to time. In exercising this authority, the Director, Bureau of Air Operations, shall give notice of any such rejection in writing to the carrier or agent filing such tariff. The notice shall clearly state the reason or reasons for the rejection. When time will not permit receipt of notice by mail prior to the proposed effective date of the tariff publication so rejected, telegraphic notice shall also be given.

SEC. 6.2 *Special tariff permission for air carriers other than Alaskan Air Carriers and including foreign air carries.* The Director, Bureau of Air Operations (or such staff member of the Bureau of Air Operations as he may designate) is authorized to approve or disapprove any application for permission to make tariff changes upon less than statutory notice, filed pursuant to § 222.3 (k) of the Economic Regulations which (a) has as its only purpose the correction of mechanical, clerical, or administrative errors, or (b) does not involve new or substantial questions of policy. In exercising this authority, the Director, Bureau of Air Operations, may refer any application to the Board for disposition, and shall so refer any application which he is not hereby authorized to approve or disapprove. Any application disapproved pursuant to this delegation of authority is thereby denied, subject to review by the Board. In the event of such disapproval, an applicant may within 5 days after it has received written notice thereof file a written request for review of the denial resulting from such disapproval. The Board will thereupon review the matter and enter an order finally disposing of the application.

SEC. 6.3 *Waiver, modification, and interpretation of reports and accounts.* (a) The Director, Bureau of Air Operations (or such staff member of the Bureau of Air Operations as he may designate) is authorized to waive, modify or interpret any of the reporting requirements of § 241.1 and Parts 242, 243, and 244 of the Economic Regulations and to establish detailed uniform practices in connection with the submission of the reports required therein: *Provided*, That upon application by any air carrier affected by such action, the Director shall submit any waiver, modification, interpretation, or established practice to the Board for review.

(b) The Director of the Bureau of Air Operations (or such staff member of the Bureau of Air Operations as he may designate) is authorized to waive, modify, or interpret the reporting requirements of § 241.2 of the Economic Regulations and of the provisions of the Uniform System of Accounts for Air Carriers, and to establish detailed uniform practices in connection with the general accounting requirements, prescribed therein; provided, that upon application by any affected air carrier, any such waiver, modification, interpretation, or establishment shall be submitted to the Board for review.

SEC. 6.4 *Extension of time for filing certain documents.* The Director, Bureau of Air Operations (or such staff member of the Bureau of Air Operations as he may designate), is authorized to grant or deny, upon good cause shown, individual requests for extension of time for filing reports or for waiver of the form or content of such reports to conform to the particular operation of the individual requesting such waiver.

SEC. 6.5 *Letters of Registration issued pursuant to Part 291 of the Economic Regulations.* The Director of the Bureau of Air Operations (or such staff member of the Bureau of Air Operations as he may designate) is authorized to approve, in whole or in part, or to deny any application for a Letter of Registration filed pursuant to Part 291 of the Economic Regulations. Pursuant to such approval, such Letter of Registration will be issued by the Secretary of the Board.

SEC. 6.6 *Letters of Registration issued pursuant to Part 296 of the Economic Regulations.* The Director, Bureau of Air Operations (or such staff member of the Bureau of Air Operations as he may designate) is authorized to (a) approve any application for a Letter of Registration filed pursuant to Part 296 of the Economic Regulations; (b) approve relationships prohibited by § 296.11 of the Economic Regulations; (c) advise applicants for such Letters of Registration and such approvals, in cases where disapproval is deemed appropriate that the information set forth in the application does not warrant a recommendation of approval and that the applicant may either (1) withdraw the application, (2) submit further information, (3) request review by the Board, or (4) request a hearing prior to final action; (d) dismiss by Letter applications for Letters of Registration, provided that each such applicant is given notice that his application will be dismissed if, in appropriate cases, he does not, within 30 days, file information necessary to complete the processing of his application or file a tariff, the return of such notice constituting sufficient grounds for dismissal of an application, (e) cancel a Letter of Registration upon the filing by an air freight forwarder of a written notice with the Board indicating the discontinuance of common carrier activities.

SEC. 6.7 *Temporary changes in service patterns by feeder air carriers.* The Director, Bureau of Air Operations (or such staff member of the Bureau of Air Operations as he may designate) is authorized to advise feeder air carriers who have filed applications for authority to effect temporary or seasonal changes in service patterns, in cases where disapproval is deemed appropriate, that the applicant may (a) present further information, (b) revise the application to eliminate all objection thereto, (c) seek review by the Board, or (d) request a hearing prior to final action by the Board.

SEC. 6.8 *Contracts and agreements.* The Director of the Bureau of Air Operations (or such staff member of the Bureau of Air Operations as he may designate), is authorized to advise the parties to any agreement or contract filed by air carriers under section 412 of the act as to which disapproval is deemed appropriate that, on the basis of information of record, approval is not warranted and that the parties thereto may either (a) present such further information as will warrant approval, (b) amend the agreement or contract to eliminate all objections thereto, (c) seek Board review, or (d) request a hearing prior to final action.

SEC. 6.9 *Interlocking relationships.* The Director, Bureau of Air Operations (or such staff member of the Bureau of Air Operations as he may designate), is authorized to advise the applicants, who have submitted applications for approval of interlocking relationships filed under section 409 (a) of the act, that the staff is unable to recommend approval of the relationship, giving the applicants the option of presenting additional information, terminating the relationship, seeking Board review, or requesting a formal hearing in the matter.

SEC. 6.10 *Tariff investigations, tariff suspensions, and complaints concerning tariffs.* (a) In instances where an investigation of a tariff is pending, or the tariff is under suspension, or a complaint requesting investigation or suspension of a tariff has been filed, the Director, Bureau of Air Operations (or such staff member of the Bureau of Air Operations as he may designate), is authorized to permit cancellation of such tariff.

(b) As used herein the term "tariff" means a tariff or any part or parts thereof, including, but not limited to, any fare, charge, rate, rule, regulation or any other provision contained in a tariff or part or parts thereof.

SEC. 6.11 *Free or reduced rate transportation.* (a) The Director, Bureau of Air Operations (or such staff member of the Bureau of Air Operations as he may designate), is authorized to approve or disapprove applications filed under section 403 (b) of the act and § 223.8 of the Economic Regulations for permission to furnish free or reduced rate overseas or foreign air transportation, when such applications do not involve new and substantial questions of policy, provided that any such applications may be referred to the Board for disposition, and that any applications not hereby authorized to be approved or disapproved by the staff shall be referred to the Board.

(b) In the event the disapproval of any such application is deemed appropriate, the Director, Bureau of Air Operations (or such staff member of the Bureau of Air Operations as he may designate), is authorized to advise the applicants that the staff is unable to recommend approval of the free or reduced rate transportation, giving the applicants an opportunity of requesting Board review of the matter.

SEC. 6.12 *Photographic reproduction of records.* The Director, Bureau of Air Operations (or such staff member of the Bureau of Air Operations as he may designate), is authorized to circulate a communication on behalf of the Board authorizing air carriers to substitute photographic reproductions for specified categories of records, and to approve or disapprove an "application for substitution" filed with him by an air carrier pursuant to § 249.1 (d) of the Economic Regulations.

SEC. 6.13 *Certain tariff matters.* The Director, Bureau of Air Operations (or such staff member of the Bureau of Air Operations as he may designate), is authorized:

(a) To approve or disapprove methods for indicating cancellation of an existing rate or rule in the publication stating the new rate or rule in a manner other than that specifically required by § 221.8 (c) of the Economic Regulations;

(b) To determine the form and manner in which a supplement is to be prepared whenever the operation of any provision of a tariff, supplement, or loose-leaf page is suspended by the Board, in accordance with § 222.5 of the Economic Regulations;

(c) To authorize the issuance of supplements to loose-leaf tariffs in accordance with § 221.10 (g) of the Economic Regulations; and

(d) To approve or disapprove applications for waiver of the provisions of Parts 221 and 222 of the Economic Regulations in accordance with § 222.3 (g).

SEC. 6.14 *Applications for exemptions.* The Director, Bureau of Air Operations is authorized to approve or disapprove applications of air carriers for exemptions permitting a carrier to serve a point certificated on one segment of its route in place of a point certificated on another segment of a route whenever no substantive competition to other lines will result or when no new policy is involved.

DIRECTOR, BUREAU OF SAFETY INVESTIGATION

SEC. 7.1 *Accident inquiries.* When in the opinion of the Director, Bureau of Safety Investigation, an inquiry is necessary in order fully to ascertain the facts, conditions, circumstances, and the probable cause of an accident involving aircraft, the Director, Bureau of Safety Investigation, on behalf of the Board, is authorized to order an inquiry and designate a presiding officer to conduct such inquiries. Such inquiries shall not involve adjudication of essential rights of persons, but shall be in the nature of technical investigations conducted in a formal manner.

DIRECTOR, BUREAU OF SAFETY REGULATION

SEC. 8.1 *Rule making, proposed changes in Civil Air Regulations.* The Director, Bureau of Safety Regulation, is authorized to publish notice of proposed changes in the Civil Air Regulations. Such notice shall indicate clearly that the proposed changes are those of the Bureau and have not been approved by the Board.

SEC. 8.2 *Waiver of citizenship requirements for issuance of airman certificates.* The Director, Bureau of Safety Regulation (or such staff member of the Bureau of Safety Regulation as he may designate) acting with the concurrence of the General Counsel (or such staff member of the Office of the General Counsel as he may designate) on legal aspects, is authorized to approve requests for waiver of the citizenship requirements of the Civil Air Regulations regarding the issuance of airman certificates, in cases where the files of the Federal Bureau of Investigation and the Central Intelligence Agency do not contain any information showing, or tending to show, that the persons submitting such requests owe or might owe allegiance to an unfriendly foreign government and thus may, in some way, take improper advantage of the privileges of the airman certificates requested.

SEC. 8.3 *Waiver of Civil Air Regulations for operations conducted under contract with the armed services.* The Director, Bureau of Safety Regulation (or such staff member of the Bureau of Safety Regulation as he may designate), acting with the concurrence of the General Counsel (or such staff member of the Office of the General Counsel as he may designate), is authorized to approve requests for waiver of specific requirements of the Civil Air Regulations as he may deem necessary or desirable where he finds that the granting of the request will be in the interest of the national defense and that it will not create a hazard to air safety. No waiver granted under this authority shall be for a period longer than six months.

SEC. 8.4 *Waiver of Civil Air Regulations in specified cases.* The Director, Bureau of Safety Regulation (or such staff member of the Bureau of Safety Regulation as he may designate), acting with the concurrence of the General Counsel (or such staff member of the Office of the General Counsel as he may designate), on legal aspects, is authorized, under such conditions and limitations as he may deem necessary or desirable, to approve applications for waivers of the Civil Air Regulations where he finds that no new policy question is involved. Applications not hereby authorized to be approved by the staff, or which the staff does not approve, will be referred to the Board with a recommendation as to appropriate action.

Effective: March 1, 1951.

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

FEDERAL COMMUNICATIONS COMMISSION

[Docket Nos. 7955, 8045]

PALO ALTO RADIO STATION, INC. (KYA) AND SAN MATEO COUNTY BROADCASTERS (KVSM)

ORDER CONTINUING HEARING

In the matter of Palo Alto Radio Station, Inc. (KYA), San Francisco, California, Docket No. 7955, File No. BP-4452, Edmund Scott, Gordon D. France, Hugh Smith and Merwyn F. Planting, a partnership, d/b as San Mateo County Broadcasters (KVSM) San Mateo, California, Docket No. 8045, File No. BP-5536, for construction permits.

The Commission having under consideration the petition of Palo Alto Radio Station, Inc. (KYA), filed March 7, 1951, requesting the acceptance of certain amendments to its application and a continuance of the consolidated hearing upon said application and that of Edmund Scott, et al, a partnership, d/b as San Mateo County Broadcasters (KVSM), which is presently scheduled for March 12, 1951;

It appearing that petitioner is applying for authority to change the operating assignment of Station KYA from 1260 kilocycles, 1 kilowatt at night and 5 kilowatts until local sunset, unlimited time, to 1060 kilocycles, 50 kilowatts, unlimited time, directionalized, and to move transmitter site, such application having been heard during the year 1947, in consolidation with the application of Edmund Scott, et al. (KVSM), which seeks authority to use the frequency of 1260 kilocycles in San Mateo, California, in the event Station KYA should be moved to 1060 kilocycles;

It appearing further that the application of Harmeo, Inc. (KROY), Sacramento, California, which originally was involved in this consolidated proceeding, has been dismissed without prejudice;

It appearing further that on July 14, 1949, the Commission reopened the record herein for further hearing on additional issues, and, as the result of extensive engineering and other studies undertaken by petitioner as the result of such issues, and upon its several motions, the said further hearing has been continued from time to time, and, as indicated above, it is presently scheduled for March 12, 1951;

It appearing further that by reason of numerous changes which have occurred since petitioner's application was originally filed and heard, it would be desirable that such application be amended to show the present status of petitioner's corporate organization and its current proposals engineeringwise and from the standpoint of program service;

It appearing further that petitioner seeks to amend with specific reference to paragraphs 5 (c), 5 (e), 5 (g), 7 (a), 7 (b), 8 (a)-(g), 14, 19, 20, 21, 23 (a), 23 (b), 25 and 26 (a)-(c) of the original application (former FCC Form 304), as well as Exhibit A, Program Schedule and Engineering Exhibits V-A and V-G, and, in that connection, petitioner requests that the Commission accept the comprehensive amendment filed with its petition and that the material contained therein be substituted for the pertinent data originally filed;

It appearing further that counsel for the Commission and for Edmund Scott, et al. (KVSM), the only other parties to the proceeding, have consented to the granting of the relief herein sought by petitioner and to a waiver of the provisions of § 1.745 of the Commission's

rules to make possible immediate consideration of the petition;

It appearing further that the petition states good cause and that a grant of the relief sought therein is necessary to a proper consideration of petitioner's application and for final disposition thereof;

It is ordered, This 9th day of March 1951, that the petition of Palo Alto Radio Station, Inc. (KYA), for continuance of the hearing in the above-entitled matter and for authority to amend its application, be, and it is hereby, granted; the amendment to the application, which has been filed with the petition, is accepted; and the hearing is continued to May 16, 1951, in Washington, D. C.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 51-3414; Filed, Mar. 16, 1951; 8:48 a. m.]

[Docket No. 9263]

MIDWEST BROADCASTING CO. (WMAW)

ORDER SCHEDULING ORAL ARGUMENT

In re application of Midwest Broadcasting Company (WMAW), Milwaukee, Wisconsin, Docket No. 9263, File No. BL-3062, for license to cover construction permit.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 7th day of March 1951;

The Commission having under consideration a Petition for Reconsideration, Rehearing, Reargument and Other Relief, filed by Midwest Broadcasting Company, applicant herein, on January 10, 1951, and a "supplement" to the Midwest petition filed on February 21, 1951, directed against the Commission's Decision of December 20, 1950, herein (released December 21, 1950); oppositions thereto filed by the General Counsel of the Commission on January 16, 1951, and February 26, 1951; and a petition for order to extend authorization to operate Station WMAW, filed by the applicant on March 6, 1951; and

It appearing, that petitioner, in its Petition for Reconsideration, etc., requests that the Commission (1) reconsider its Decision and grant the application; (2) order a rehearing; or (3) set aside its Decision and order reargument before the Commission; and

It further appearing, that while there is no requirement that reargument be granted herein, it appears, under the circumstances of this case, that petitioner should be afforded the opportunity for reargument, and therefore that to the extent that the petitioner requests that the decision be set aside and reargument held, the petition should be granted; and

It further appearing that in view of the action herein, the petition for extension of authorization to operate Station WMAW is moot and should be dismissed;

It is ordered, That the Petition for Reconsideration, etc., insofar as it requests that the decision herein be set aside and reargument before the Commission be ordered is granted; that the decision of December 20, 1950, herein, is vacated and set aside; and that oral argument in the proceeding is scheduled for March 30, 1951, beginning at 2:00 p. m.; and

It is further ordered, That the above-described petition for order to extend authorization to operate Station WMAW is dismissed as moot.

Released March 9, 1951.

RADIO STATION WISE, INC. (WISE)

ORDER CONTINUING HEARING

In re application of Radio Station WISE, Inc. (WISE), Asheville, North Carolina, Docket No. 9319, File No. BP-7132, for construction permit.

The Commission having under consideration a petition filed March 2, 1951, by Radio Station WISE, Inc. (WISE), Asheville, North Carolina, requesting a 30-day continuance of the hearing presently scheduled for March 19, 1951, at Washington, D. C., in the proceeding upon its above-entitled application for construction permit; and

It appearing that the other party to this proceeding has consented to a grant of the instant petition and to a waiver of § 1.745 of the Commission's rules and regulations to permit the early consideration of this request;

It is ordered, This 9th day of March 1951, that the petition is granted; and that the hearing in the above-entitled proceeding is continued to 10:00 a. m., Thursday, April 19, 1951, at Washington, D. C.

RADIO READING

ORDER CONTINUING HEARING

In re application of John J. Keel and Lloyd W. Dennis, Jr., tr/as Radio Reading, Reading, Pennsylvania, Docket No. 9446, File No. BP-7589, for construction permit.

The Commission having under consideration a petition filed March 6, 1951, by J. T. Ward, d/b as WLAC Broadcasting Service (WLAC), Nashville, Tennessee, requesting a 30-day continuance of the hearing presently scheduled for March 14, 1951, in the proceeding upon the above-entitled application for construction permit; and

It appearing that the other parties to this proceeding have consented to a grant of the petition and to a waiver of § 1.745 of the Commission's rules and regulations to permit the early consideration of this request;

It is ordered, This 9th day of March 1951, that the petition is granted; and that the hearing in the above-entitled proceeding is continued to 10:00 a. m., Monday, April 16, 1951, at Washington, D. C.

[Docket No. 9865]

STATION WTNJ

ORDER CONTINUING HEARING

In the matter of revocation of license of Station WTNJ, Trenton, New Jersey, Docket No. 9865.

The Commission having under consideration a petition for reconsideration filed March 9, 1951, of its Order of December 20, 1950, revoking the license of Station WTNJ; and

It appearing that the hearing on the Order of revocation is now scheduled for commencement at Trenton, New Jersey on March 16, 1951; and

It further appearing that proper administrative process would require action by the Commission on the pending petition prior to commencing the hearing in this matter;

It is ordered, This 12th day of March 1951, on the Commission's own motion, that the hearing in the above entitled proceeding is continued indefinitely.

[Docket No. 9914]

S & G CO.

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In re application of Robert R. Stoner, Henrietta Stoner, Harry E. Gilbert and Elsie E. Gilbert, d/b as THE S & G COMPANY, Fort Scott, Kansas, Docket No. 9914, File No. BP-7771, for construction permit.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 7th day of March 1951;

The Commission having under consideration the above-entitled application for a permit to construct a new standard broadcast station to operate on the frequency 1570 kilocycles with 250 watts of power, daytime only at Fort Scott, Kansas;

It appearing that the applicant is legally, technically, financially and otherwise qualified to operate the proposed station, but that the application may involve interference with one or more existing stations and otherwise not comply with the Standards of Good Engineering Practice;

It is ordered, That, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said application is designated for hearing commencing at 10:00 a. m. on May 1, 1951, at Washington, D. C., upon the following issues:

1. To determine the areas and populations which may be expected to gain or lose primary service from the operation of the proposed station, and the character of other broadcast service available to such areas and populations.

2. To determine whether the operation of the proposed station would involve objectionable interference with Station KOLS, Pryor, Oklahoma, or with any other existing broadcast stations, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

3. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

It is further ordered, That L. L. Gaffney and J. B. Smith d/b as Lakes Area Broadcasting Co., licensee of Station KOLS, Pryor, Oklahoma, is made a party to this proceeding.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 51-3411; Filed, Mar. 16, 1951; 8:47 a. m.]

CLASS B FM BROADCAST STATIONS

REVISED TENTATIVE ALLOCATION PLAN

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 7th day of March 1951;

The Commission having under consideration an amendment to its Revised Tentative Allocation Plan for Class B FM Stations to change the FM allocation plan as follows:

General area	*Channel No. Delete*	*Add*
Hickory, N. C.	295	---
Yancey County, N. C.	---	295

It appearing that there is now pending before the Commission an application for a Class B FM station with studios and transmitter located atop Clingman's Peak, Yancey County, North Carolina; that the applicant for this Clingman's Peak station proposes to operate on the channel formerly assigned to Station WMIT until that station surrendered its license for cancellation in April 1950; that the applicant's proposed use of Channel 295 is identical with the technical use made of the channel by the former Station WMIT; that the applicant proposes to locate the station's main studio at Clingman's Peak and not at Hickory; that reallocation of Channel 295 from Hickory to Yancey County does not constitute any real change in the FM allocation pattern for that area; and

It further appearing that the nature of the proposed amendment is such as to render unnecessary the public notice and procedure set forth in section 4 (a) of the Administrative Procedure Act; and that for the same reasons this order may be made effective immediately in lieu of the requirements of section 4 (c) of said act; and

It is ordered, That, effective immediately, the Revised Tentative Allocation Plan for Class B FM Broadcast Stations is amended so that the Allocation Plan is changed as follows:

General area	*Channel No. Delete*	*Add*
Hickory, N. C.	295	---
Yancey County, N. C.	---	295

Released: March 9, 1951.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 51-3443; Filed, Mar. 16, 1951; 8:54 a. m.]

CLASS B FM BROADCAST STATIONS

REVISED TENTATIVE ALLOCATION PLAN

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 7th day of March 1951;

The Commission having under consideration an amendment of its Revised Tentative Allocation Plan for Class B FM Broadcast Stations, to the extent that Channel 247 will be allocated to West Plains, Missouri; and

It appearing that there is now pending before the Commission an application for a Class B FM station at West Plains, Missouri; that there are no other applications pending for Class B FM facilities at West Plains, Missouri; that no Class B FM channel has been allocated to West Plains, Missouri; that Channel 247, which is presently unallocated in this area, could be allocated to West Plains, Missouri; that the operation of a station on Channel 247 at West Plains, Missouri, would not cause objectionable interference to any station, existing, proposed or contemplated by present allocations; that in addition to Channel 247 there is at least one other channel which is presently unallocated in this area and which could be allocated to West Plains, Missouri; that the adoption of the proposed amendment will increase the number of channels allocated to West Plains, Missouri, will not reduce the number of channels allocated to any other city, and will not require a change in the channel assignment of any existing FM authorization; and that no existing requirements of the Commission will be affected by said amendment; and

It further appearing that the nature of the proposed amendment is such as to render unnecessary the public notice and procedure set forth in section 4 (a) of the Administrative Procedure Act; and that for the same reasons this order may be made effective immediately in lieu of the requirements of section 4 (c) of said act; and

It further appearing that authority for the adoption of said amendment is contained in sections 303 (c), (d), (f), and (r) and 307 (b) of the Communications Act of 1934, as amended;

It is ordered, That effective immediately, the Revised Tentative Allocation Plan for Class B FM Broadcast Stations is amended so that the allocation of Channel No. 247 to West Plains, Missouri, is included therein.

Released: March 9, 1951.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 51-3444; Filed, Mar. 16, 1951; 8:55 a. m.]

FEDERAL POWER COMMISSION

[Docket No. G-1517]

INTERSTATE POWER CO.

ORDER FIXING DATE OF HEARING

MARCH 12, 1951.

On December 8, 1950, Interstate Power Company (Applicant), a Delaware Corporation with its principal place of business at Dubuque, Iowa, filed an application for (1) a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act authorizing the construction and operation of approximately 26.5 miles of $8^5/_8$-inch diameter pipeline from a point near Hooppole, Illinois, to a point of interconnection with its distribution system near Clinton, Iowa, as more fully described in the application, and (2) an order pursuant to section 7 (a) of the Natural Gas Act directing Natural Gas Pipeline Company of America to establish a physical connection of its natural-gas transmission facilities with the proposed facilities of Applicant and to sell natural gas to Applicant.

The Commission finds: This proceeding is a proper one for disposition under the provisions of § 1.32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure, Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for non-contested proceedings, and no request to be heard, protest or petition having been filed subsequent to the giving of due notice of the filing of the application and amendment thereto, including publication in the FEDERAL REGISTER on January 6, 1951 (16 F. R. 203).

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a hearing be held on March 28, 1951, at 9:45 a. m. e. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning matters involved and the issues presented by such application.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Date of issuance: March 13, 1951.

By the Commission.

INTERSTATE COMMERCE COMMISSION

[S. O. 874, General Permit 1]

EASTERN STATES FARMERS' EXCHANGE

ORDER CONCERNING LOADING REQUIREMENTS

MARCH 13, 1951.

Pursuant to the authority vested in me in paragraph (d) of Service Order No. 874 (16 F. R. 2040), permission is granted for any common carrier by railroad, subject to the Interstate Commerce Act, serving Eastern States Farmers' Exchange, Buffalo, New York, to disregard the provisions of Service Order No. 874 insofar as it applies to any car loaded by the Eastern States Farmers' Exchange when the Eastern States Farmers' Exchange advise that (1) such car is loaded to a station where Exchange car door service would be denied because of its inability to meet the minimum requirements; (2) where orders in present schedule call for multiple car movements to one destination and where the total weight exceeds or falls short of 60,000 pounds.

The waybills shall show reference to this general permit and the Eastern States Farmers' Exchange shall furnish the Permit Agent dates forwarded, the car numbers, initials, and destination of the cars shipped under this permit.

This general permit shall become effective at 12:01 a. m., March 15, 1951, and shall expire at 11:59 p. m., September 15, 1951, unless otherwise modified, changed, suspended or revoked.

A copy of this general permit has been served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement, and notice of this permit shall be given to the general public by depositing a copy in the Office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

Issued at Washington, D. C., this 13th day of March 1951.

HOWARD S. KLINE, *Permit Agent.*

[S. O. 874, General Permit 2]

A. E. STALEY MFG. CO.

ORDER CONCERNING LOADING REQUIREMENTS

MARCH 13, 1951.

Pursuant to the authority vested in me in Paragraph (d) of Service Order No. 874 (16 F. R. 2040), permission is granted for any common carrier by railroad, subject to the Interstate Commerce Act, serving A. E. Staley Manufacturing Company, Decatur, Illinois, to disregard the provisions of Service Order No. 874 insofar as it applies to any car loaded with Liquid Starch in bottles, by A. E. Staley Manufacturing Company, when The A. E. Staley Manufacturing Company advise that service would be denied because of its inability to meet the minimum requirements because meeting such minimum requirements would constitute hazardous loading.

The waybills shall show reference to this general permit and the A. E. Staley Manufacturing Company shall furnish the permit agent the car numbers, initials and destination of the cars shipped under this permit.

This general permit shall become effective at 12:01 a. m., March 15, 1951, and shall expire at 11:59 p. m., September 15, 1951, unless otherwise modified, changed, suspended or revoked.

A copy of this general permit has been served upon the Association of American Railroads, Car Service Division, as Agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement, and notice of this permit shall be given to the general public by depositing a copy in the Office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

Issued at Washington, D. C., this 13th day of March 1951.

HOWARD S. KLINE, *Permit Agent.*

[S. O. 874, General Permit 3]

NATIONAL STARCH PRODUCTS, INC.

ORDER CONCERNING LOADING REQUIREMENTS

MARCH 13, 1951.

Pursuant to the authority vested in me in Paragraph (d) of Service Order No. 874 (16 F. R. 2040), permission is granted for any common carrier by railroad, subject to the Interstate Commerce Act, serving National Starch Products, Inc., Indianapolis, Indiana, to disregard the provisions of Service Order No. 874 insofar as it applies to any car loaded with Liquid Dextrine in 55 gallon metal drums when the National Starch Products, Inc., advise that service would be denied because of its inability to meet the minimum requirements because meeting such minimum requirements would constitute hazardous loading.

The waybills shall show reference to this general permit and the National Starch Products, Inc., shall furnish the Permit Agent the car numbers, initials, and destination of the cars shipped under this permit.

This general permit shall become effective at 12:01 a. m., March 15, 1951, and shall expire at 11:59 p. m., September 15, 1951, unless otherwise modified, changed, suspended or revoked.

A copy of this general permit has been served upon the Association of American Railroads, Car Service Division, as Agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement, and notice of this permit shall be given to the general public by depositing a copy in the Office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

Issued at Washington, D. C., this 13th day of March 1951.

HOWARD S. KLINE, *Permit Agent.*

[4th Sec. Application 25904]

TOILET PAPER FROM MEMPHIS, TENN. TO NEW ORLEANS, LA.

APPLICATION FOR RELIEF

MARCH 14, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: D. Q. Marsh, Agent, for The Chicago, Rock Island and Pacific Railroad Company and other carriers named in the application, pursuant to fourth-section order No. 16101.

Commodities involved: Toilet paper, in carloads and less-than-carloads.

From: Memphis, Tenn.

To: New Orleans, La., (for export).

Grounds for relief: Circuitous routes and operation through higher-rated territory.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

AUTOMOBILE PARTS FROM SHELBY, OHIO TO CERTAIN POINTS

APPLICATION FOR RELIEF

MARCH 14, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: L. C. Schuldt, Agent, for carriers parties to his tariff I. C. C. No. 3758, pursuant to fourth-section order No. 9800

Commodities involved: Automobile parts, carloads.

From: Shelby, Ohio.

To: Boston, Mass., Chester, Pa., Edgewater and Metuchen, N. J., and Norfolk, Va.

Grounds for relief: Circuitous routes.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

FEDERAL TRADE COMMISSION

[File No. 21-263]

NARROW FABRICS INDUSTRY

NOTICE OF HOLDING OF TRADE PRACTICE CONFERENCE

Notice is hereby given that a trade practice conference, under the auspices of the Federal Trade Commission, will be held for the Narrow Fabrics Industry at the Hotel Statler, 7th Avenue and Thirty-third Street, New York City, April 10, 1951, commencing at 10 a. m., e. s. t.

All persons, firms, corporations and organizations engaged in the manufacture, distribution, or marketing in commerce of narrow fabrics (non-elastic woven fabrics of 12'' or less in width other than ribbon or seam binding) are cordially invited to attend or send representatives to the conference and to take part in the proceedings. Products of this industry are used extensively in the manufacture of clothing, shoes, parachutes, cartridge belts, insulation for wiring, slide fasteners, and many other products.

The conference and further proceedings in the matter will be directed toward the eventual establishment and promulgation by the Commission of trade practice rules for the industry under which unfair methods of competition, unfair or deceptive acts or practices, and other trade abuses, may be eliminated and prevented.

Issued: March 14, 1951.

By direction of the Commission.

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-90]

ALLIED MILLS, INC.

NOTICE OF APPLICATION TO WITHDRAW FROM LISTING AND REGISTRATION, AND OF OPPORTUNITY FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 13th day of March A. D. 1951.

Allied Mills, Inc., pursuant to section 12 (d) of the Securities Exchange Act of 1934 and Rule X-12D2-1 (b) promulgated thereunder, has made application to withdraw from registration and listing on the Board of Trade of the City of Chicago its Common Stock, No Par Value. The application for withdrawal alleges the following:

(1) There have been no trades at all on the Board of Trade of the City of Chicago in the above security during the years 1949 and 1950, and practically no trading therein for a number of years previously.

(2) An adequate active market for the above security is provided by the New York Stock Exchange, where the security is fully listed and registered.

Upon receipt of a request, prior to April 9, 1951, from any interested person for a hearing in regard to terms to be imposed upon the delisting of this security, the Commission will determine whether to set the matter down for hearing. Such request should state briefly the nature of the interest of the person requesting the hearing and the position he proposes to take at the hearing with respect to imposition of terms or conditions. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Washington, D. C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application, and other information contained in the official file of the Commission pertaining to the matter.

By the Commission.

NIAGARA MOHAWK POWER CORP. AND FRONTIER CORP.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 12th day of March A. D. 1951.

Niagara Mohawk Power Corporation ("Niagara Mohawk"), a subsidiary of The United Corporation, a registered holding company, and its wholly owned subsidiary, Frontier Corporation ("Frontier"), having filed a joint application-declaration pursuant to the provisions of sections 9, 10 and 12 of the Public Utility Holding Company Act of 1935 and Rule U-43 and U-44 promulgated thereunder with respect to the merger of Frontier into Niagara Mohawk, Frontier owning undeveloped riparian land and water rights and other real and personal property in and along the St. Lawrence River within the State of New York; and the Public Service Commission of the State of New York having, by order dated February 27, 1951, approved the said merger; and

Said joint application-declaration having been filed on January 18, 1951, and the last amendment thereto having been filed on March 5, 1951, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said joint application-declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said joint application-declaration that the requirements of the applicable provisions of the act and rules thereunder are satisfied, and deeming it appropriate in the public interest and in the interest of investors and consumers that the said joint application-declaration be granted and permitted to become effective:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of said act, that the said joint application-declaration be, and hereby is, granted and permitted to become effective forthwith subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

GENERAL PUBLIC UTILITIES CORP.

ORDER FOR WITHDRAWAL OF APPLICATION-DECLARATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 13th day of March A. D. 1951.

General Public Utilities Corporation ("GPU"), a registered holding company, having heretofore filed an application-declaration regarding the proposed establishment of an Employees' Savings and Retirement Plan which it was contemplated GPU would request its stockholders to consider and vote upon at the annual meeting to be held April 2, 1951; and

Public hearings having been held on February 27, 1951, and GPU having thereafter applied for permission to withdraw the application-declaration without prejudice, upon the ground that it would not be possible for the company to make a full presentation of its position with respect thereto prior to the time when a notice of meeting, proxy statement, and form of proxy would have to be mailed to stockholders for said annual meeting; and

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors to permit GPU to withdraw said application-declaration without prejudice:

It is ordered, That the request of GPU be, and it hereby is, granted, and that said application-declaration be, and it hereby is, deemed withdrawn, without prejudice.

By the Commission.

[File No. 70-2575]

NIAGARA MOHAWK POWER CORP.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 12th day of March A. D. 1951.

Notice is hereby given that an application has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935, by Niagara Mohawk Power Corporation ("Niagara Mohawk"), a subsidiary of The United Corporation, a registered holding company. Applicant has designated sections 9 (a) and 10 of the act as applicable to the proposed transaction.

Notice is further given that any interested person may, not later than March 27, 1951, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after March 27, 1951, said application, as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application which is on file in the office of this Commission for a statement of the transaction therein proposed, which is summarized as follows:

Pursuant to a contract dated January 19, 1951, Niagara Mohawk proposes to acquire all of the electric plant in service and franchises of Oswegatchie Light and Power Company ("Oswegatchie"), a non-affiliate, for the sum of $515,000 plus adjustments from August 31, 1950 to the closing date. Oswegatchie, a New York Corporation, owns and operates facilities for the transmission and distribution of electricity in the Village of Gouverneur and in the Towns of DeKalb, Edwards, Fowler, Gouverneur, Hammond, Hermon, Macomb, Rossie and Theresa, and in certain unincroporated villages or hamlets in Jefferson and St. Lawrence Counties in the State of New York. Niagara Mohawk also renders electric service in the Village of Gouverneur as well as in the territory contiguous to the entire franchise territory of Oswegatchie The application states that Niagara Mohawk's acquisition will result in a reduction in rates for electric service to Oswegatchie's present customers since Niagara Mohawk will make effective to them the rates and charges now effective in the filed tariffs of Niagara Mohawk for the territory immediately adjacent to that of Oswegatchie.

The application states that Oswegatchie will require and has petitioned the Public Service Commission of the State of New York for its consent to the transfer of its electric system, including all franchises, to Niagara Mohawk. The application further states that the acquisition by Niagara Mohawk of such property is not subject to the jurisdiction of that Commission. The order of the Public Service Commission with respect to the petition of Oswegatchie will be supplied by amendment to the instant application.

By the Commission.

[File No. 70-2579]

NORTHERN STATES POWER CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 13th day of March A. D. 1951.

Notice is hereby given that a declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("the act") by Northern States Power Company ("Northern States"), a Minnesota corporation. Declarant has designated sections 6 (a) and 12 (e) of the act and rules U-62 and U-65 thereunder as applicable to the proposed transactions.

All interested persons are referred to said declaration on file in the office of the Commission for a statement of the transactions therein proposed, which are summarized as follows:

Northern States proposes to amend its Articles of Incorporation:

(a) To change the shares of Preferred Stock from shares without par value to shares having a par value of $100 each; to decrease the authorized number of shares of Preferred Stock from 3,175,000 to 1,000,000; to fix the liquidation price of the Preferred Stock in involuntary liquidation at $100 per share, plus an amount equal to dividends accumulated and unpaid thereon; and to eliminate paragraphs 3 and 16 of Article V, which relate to the involuntary liquidation price of the Preferred Stock and the allocation to stated capital of the consideration received by the company from the sale of shares of stock, and which the declaration states are either rendered unnecessary by the proposed amendments, are appropriate only to shares without par value, or do no more than state the present Minnesota law;

(b) To change the shares of Common Stock from shares without par value to shares having a par value of $5 each; and to increase the authorized number of shares of Common Stock from 12,500,000 to 15,000,000; and

(c) To eliminate paragraphs 13 and 14 of Article V, which set forth certain terms and provisions of the $3.60 series and $4.80 series of Preferred Stock, and to eliminate from paragraph 2 of Article V the reference therein to stock of said series. The declaration states that certificates designating such terms and provisions of said series as well as the $5.10 series, filed with the Secretary of State of Minnesota as required by the Minnesota Business Corporation Act, became part of the Articles of Incorporation upon said filing.

The declaration states that the purpose of the proposed amendments is the reduction of the amount of Federal stamp taxes paid by the company on the issue, and by shareholders on the transfer, of shares of common stock and that, if the common stock is for this reason to be given a par value, it seems appropriate that the preferred stock likewise be given a par value.

The declaration states that upon adoption of the proposed amendments there would remain authorized but unissued 250,000 shares of preferred stock and 3,210,333 shares of common stock. The declaration indicates that the excess of the present stated values of the stocks of the company over the proposed par value would be transferred to Premium on Capital Stocks, increasing that account from $292,025 to $10,276,747.

The declaration further states that the adoption of the proposed amendments requires the affirmative vote of the holders of a majority of the voting power of all shareholders, preferred and common, assuming the absence of the negative vote of the holders of one-fourth of such voting power, otherwise the affirmative vote of two-thirds of the voting power. To obtain the required vote, Northern States proposes to submit the proposals to its shareholders at the annual meeting scheduled to be held on May 2, 1951, and to solicit proxies by means of a letter and statement in the form filed as part of the declaration. Expenses in connection with the proposed amendments are estimated by Northern States as $14,000. The company states that if it later appears necessary to employ an expert in the solicitation of proxies together with special employees, it will file an amendment to its declaration.

Northern States requests that the Commission's order herein be made effective upon issuance.

Notice is further given that any interested person may, not later than March 26, 1951, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reason for such request, and the issues, if any, of fact or law proposed to be controverted; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said declaration, as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under said act, or the Commission may exempt such transaction as provided in Rules U-20 and U-100 thereof.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[Vesting Order 17490]

H. M. H. ALBERT DE BARY & CO., N. V.

In re: Securities owned by and debts owing to H. M. H. Albert de Bary & Co., N. V. F-49-1180.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the Deutsche Bank, the last known address of which is Berlin, Germany, is a corporation organized under the laws of Germany and which has or, since the effective date of Executive Order 8389, as amended, has had its principal place of business in Berlin, Germany, and is a national of a designated enemy country (Germany);

2. That H. M. H. Albert de Bary & Co., N. V., the last known address of which is Amsterdam, The Netherlands, is a corporation organized under the laws of The Netherlands, whose principal place of business is located in Amsterdam, The Netherlands, and is or, since the effective date of Executive Order 8389, as amended, has been controlled by or acting or purporting to act directly or indirectly for the benefit or on behalf of the aforesaid Deutsche Bank, and is a national of a designated enemy country (Germany);

3. That the property described as follows:

a. Those certain shares of stock evidenced by the certificates described in Exhibit A, attached hereto and by reference made a part hereof, and presently in the custody of The New York Trust Company, 100 Broadway, New York, New York, in an account entitled H. C. Bersnds, Amsterdam, Holland, together with all declared and unpaid dividends thereon.

b. That certain debt or other obligation of The New York Trust Company, 100 Broadway, New York, New York, arising out of funds received by and on deposit with said Company from cash dividends paid with respect to the shares of stock described in subparagraph 3-a hereof, and any and all rights to demand, enforce and collect the same,

c. Five (5) Allgemeine Elektrizitaets Gesellschaft 20-year sinking fund, 7 percent gold debentures, due January 15, 1945, bearing the numbers 3228, 9014, 8535, 5964 and 3227, of $1,000 face value each, and presently in the custody of Carl M. Leob, Rhoades & Co., 61 Broadway, New York, New York, in an account entitled Keijser & Co., Blocked Account #00-73-49851, together with any and all rights thereunder and thereto,

d. Twelve (12) Kingdom of The Netherlands 10-year 3¾ percent external sinking fund bonds, due May 1, 1957, bearing the numbers 9558, 9560, 9562, 9563, 12857, 8340, 8341, 9377, 9378, 9379, 9380 and 9381, of $1,000 face value each, and presently in the custody of Carl M. Leob, Rhoades & Co., 61 Broadway, New York, New York, in an account entitled Keijser & Co., Blocked Account #00-73-49851, together with any and all rights thereunder and thereto, and

e. That certain debt or other obligation of Carl M. Leob, Rhoades & Co., 61 Broadway, New York, New York arising out of funds received by and on deposit with said company from interest paid with respect to the bonds described in subparagraphs 3-c and 3-d hereof, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, H. M. H. Albert de Bary & Co., N. V., the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

4. That H. M. H. Albert de Bary & Co., N. V., is controlled by or acting for or on behalf of a designated enemy country (Germany) or persons within such country and is a national of a designated enemy country (Germany);

5. That to the extent that the persons named in subparagraphs 1 and 2 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on March 8, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON, *Assistant Attorney General, Director, Office of Alien Property.*

[Vesting Order 17536]

WALTER SEECK

In re: Property owned by Walter Seeck. D-63-87, F-63-6400.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Walter Seeck, whose last known address is 51 Thomas Knorrstrasse, Garmisch-Partenkirchen, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That Five Hundred (500) shares of $100.00 par value common capital stock of Seeck & Kade, Inc., 440 Washington Street, New York 13, New York, a corporation organized under the laws of the State of New York, and a business enterprise within the United States, which shares are represented by certificates numbered 25 for 250 shares and 26 for 250 shares, registered in the name of Dr. R. Herforth and Hildegard Herforth, respectively, and Two Hundred Fifty (250) shares of $100.00 preferred capital stock of the aforesaid Seeck & Kade, Inc., 440 Washington Street, New York 13, New York, which shares are represented by certificates numbered 3 for 5 shares and 4 for 245 shares, registered in the name of Franz E. Loes and Frau Dr. Else Herforth, respectively; are owned by Walter Seeck, a national of a designated enemy country (Germany), are a substantial part of the issued and outstanding capital stock of Seeck & Kade, Inc., and are evidence of control of Seeck & Kade, Inc.;

3. That the property described as follows:

a. That certain debt or other obligation of the Corn Exchange Bank Trust Company, 13 Williams Street, New York 15, New York, arising out of a checking account entitled Dr. Rudolf Herforth, maintained at the Canal Street Branch of the aforesaid Corn Exchange Bank Trust Company, 74 Varick Street, New York 13, New York, and any and all accruals thereto, together with any and all rights to demand, enforce and collect the same, and

b. Those certain securities presently in the custody of the Corn Exchange Bank Trust Company, 13 Williams Street, New York 15, New York, in an account entitled Dr. Rudolf Herforth, account number 72384, together with all declared and unpaid dividends thereon, and any and all rights thereunder and thereto,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Walter Seeck, the aforesaid national of a designated enemy country (Germany), and it is hereby determined:

4. That Seeck & Kade, Inc., is controlled by Walter Seeck or is acting for or on behalf of a designated enemy country (Germany), or persons within such country, and is a national of a designated enemy country (Germany);

5. That to the extent that Walter Seeck and Seeck & Kade, Inc. are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States, the property described in subparagraphs 2 and 3 hereof to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The direction, management, supervision and control of Seeck & Kade, Inc. and of all property of any nature whatsoever situated in the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to Seeck & Kade, Inc. is hereby undertaken, to the extent deemed necessary or advisable from time to time. This order shall not be deemed to limit the power to vary the extent of or terminate such direction, management, supervision or control.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on March 14, 1951.

For the Attorney General.

FRED GEYER

In re: Bonds owned by personal representatives, heirs, next of kin, legatees and distributees of Fred Geyer, deceased. D-28-12978.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the personal representatives, heirs, next of kin, legatees and distributees of Fred Geyer, deceased, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country (Germany);

2. That the property described as follows: Twenty-six (26) Adjusted Service Bonds, of $50.00 face value each, bearing the numbers 35267312/37 inclusive, registered in the name of Fred Geyer, A-2,219,744, presently in the custody of the Department of the Treasury of the United States, together with any and all rights thereunder and thereto,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the personal representatives, heirs, next of kin, legatees and distributees of Fred Geyer, deceased, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the personal representatives, heirs, next of kin, legatees and distributees of Fred Geyer, deceased, are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on March 8, 1951.

FEDERAL REGISTER

VOLUME 16 NUMBER 54

Washington, Tuesday, March 20, 1951

TITLE 3—THE PRESIDENT

PROCLAMATION 2919

CANCER CONTROL MONTH, 1951

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the present emergency with its extraordinary demands upon the Nation's manpower emphasizes the importance of conserving our human resources; and

WHEREAS cancer is the second highest cause of death, claiming over 200,000 lives each year; and

WHEREAS more than half of these deaths are of persons in the most fruitful years of their lives, the Nation's reservoir of physical, intellectual, and spiritual power being thus depleted; and

WHEREAS encouraging progress has been made in the fight against cancer through the combined efforts of the medical and nursing professions, educational and research institutions, private organizations, public-spirited citizens, and the National Cancer Institute of the National Institutes of Health, Public Health Service, Federal Security Agency; and

WHEREAS, if the gains already made are to be retained and further progress achieved, there must be no relaxation of our efforts; and

WHEREAS by public resolution 82, 75th Congress, approved March 28, 1938 (52 Stat. 148), the President is authorized and requested to issue annually a proclamation setting apart the month of April of each year as Cancer Control Month:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby proclaim the month of April 1951 as Cancer Control Month; and I invite the Governors of the States, Territories, and possessions of the United States to issue similar proclamations. I also urge the medical profession, the press, the radio and motion-picture industries, and all interested agencies and individuals to unite during April 1951 in a public dedication to a program for the control of cancer.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this 14th day of March in the year of our Lord nineteen hundred and [SEAL] fifty-one, and of the Independence of the United States of America the one hundred and seventy-fifth.

HARRY S. TRUMAN

By the President:

DEAN ACHESON,
Secretary of State.

EXECUTIVE ORDER 10224

ESTABLISHING THE NATIONAL ADVISORY BOARD ON MOBILIZATION POLICY

By virtue of the authority vested in me by the Constitution and Statutes, including the Defense Production Act of 1950, and as President of the United States and Commander in Chief of the Armed Forces, it is hereby ordered as follows:

SECTION 1. There is hereby established the National Advisory Board on Mobilization Policy, hereinafter referred to as the Board, which shall be composed of the Director of Defense Mobilization, as Chairman, and sixteen other members of outstanding experience and ability who shall be appointed by the President. All of the members of the Board shall represent the general public and the public interest, but in order that the Board may have the benefit of experience in pertinent matters, four members of the Board shall have had experience in business management, four members shall have had experience in matters relating to labor, and four members shall have had experience in agriculture.

SEC. 2. It shall be the function of the Board to advise the President from time to time with respect to the current defense mobilization program or any phase thereof. The Board shall meet with the President at his request and shall meet at such other times as may be determined by its Chairman. The Board shall make

recommendations and reports to the President upon his request and at such other times as the Board deems appropriate.

SEC. 3. The members of the Board shall serve without compensation, and exemption is hereby granted, with respect to their service under this executive order, from the operation of sections 281, 283, 284, 434, and 1914 of Title 18 of the United States Code and Section 190 of the Revised Statutes.

SEC. 4. Members of the Board may be allowed transportation expenses in accordance with the standardized government travel regulations, as amended, and a per diem allowance of $15.00 in lieu of subsistence, while away from their respective homes or regular places of business on the business of the Board. Funds available for carrying out the Defense Production Act of 1950 and allotted for use under this order shall be utilized for the purposes of this Section 4 and for any other necessary expenditures of the Board.

EXECUTIVE ORDER 10225

EXEMPTION OF BERNICE PYKE FROM COMPULSORY RETIREMENT FOR AGE

WHEREAS, in my judgment, the public interest requires that Bernice Pyke, Collector of Customs for Customs Collection District No. 41, with headquarters at Cleveland, Ohio, be exempted from compulsory retirement for age as provided below:

NOW, THEREFORE, by virtue of the authority vested in me by section 204 of the act of June 30, 1932, 47 Stat. 404 (5 U. S. C. 715a), it is ordered, effective as of April 1, 1950, that the said Bernice Pyke be, and she is hereby, exempted from compulsory retirement for age under the provisions of the Civil Service Retirement Act of May 29, 1930, as amended, for an indefinite period of time not extending beyond March 31, 1952, the date on which her present term of office expires.

HARRY S. TRUMAN

RULES AND REGULATIONS

TITLE 29—LABOR

Chapter V—Wage and Hour Division, Department of Labor

PART 521—EMPLOYMENT OF APPRENTICES

TEMPORARY SPECIAL CERTIFICATES

Pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended, the Administrator has heretofore issued general regulations governing the employment of apprentices (§§ 521.1 to 521.10) and regulations governing the employment of apprentices in the diamond cutting industry (§§ 521.101 to 521.105), at wages lower than the minimum wage applicable under section 6 of the act.

On December 16, 1950, a notice was published in the FEDERAL REGISTER (15 F. R. 8995) that the Administrator proposed to amend the general regulations and revoke the diamond cutting industry regulations, because the special provisions for the diamond cutting industry no longer represent existing conditions. Further, since the date of the promulgation of the special provisions for such industry, the Apprenticeship Council of Puerto Rico has been established, and it is considered necessary that all apprenticeship agreements providing for the employment of an apprentice in Puerto Rico at wages lower than the applicable minimum wage hereafter be filed for approval with the Apprenticeship Council of Puerto Rico, pursuant to §§ 521.2 and 521.3. Interested parties were given 15 days in which to submit data, views or arguments pertaining to the proposed amendments. This period has now expired and careful consideration has been given to all material submitted.

Now, therefore, pursuant to authority under section 14 of the Fair Labor Standards Act of 1938, as amended (sec. 14, 52 Stat. 1068; 29 U. S. C. 214), I find that it is necessary, in order to prevent curtailment of opportunities for employment, that the proposed amendments published in the FEDERAL REGISTER on December 16, 1950, be adopted. Accordingly, this part is amended as follows:

1. Section 521.3 is amended by deleting the proviso, so that the section will read as follows:

§ 521.3 *Temporary special certificates.* The written apprenticeship agreement when approved by a recognized local joint apprenticeship committee or by a recognized state apprenticeship council, and after the employer has received notice of such approval by the approving agency, shall be considered a temporary special certificate, authorizing the employment of the apprentice at a wage rate or rates lower than the applicable minimum under section 6 of the act, specified in the approved agreement, until such time as a special certificate is issued by the Administrator or his authorized representative, or the employer is notified that his request for a special certificate is denied. In the event that a request for a special certificate is denied, the temporary special certificate shall be considered terminated and the employer shall thenceforth, upon receipt of notice of such denial, pay the minimum wage applicable under section 6 of the act to the named apprentice.

2. Sections 521.101 through 521.105 are revoked.

The above amendments shall become effective 30 days after the publication of this document in the FEDERAL REGISTER.

(Sec. 14, 52 Stat. 1068; 29 U. S. C. 214)

Signed at Washington, D. C., this 9th day of March 1951.

WM. R. MCCOMB,
Administrator,
Wage and Hour and Public Contracts Divisions.

TITLE 15—COMMERCE AND FOREIGN TRADE

Chapter III—Bureau of Foreign and Domestic Commerce, Department of Commerce

Subchapter C—Office of International Trade

[5th Gen. Rev. of Export Regs., Amdt. P. L. 41 [1]]

PART 399—POSITIVE LIST OF COMMODITIES AND RELATED MATTERS

MISCELLANEOUS AMENDMENTS

Section 399.1 *Appendix A—Positive List of Commodities* is amended in the following particulars:

The following commodities are added to the Positive List:

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated license required
0[illegible]	Sperm oil (excluding other whale oil)	Lb.	FATS	250	RO
1[illegible]	Cottonseed oil, crude	Lb.	FATS	250	RO
1[illegible]	Linseed oil, edible or refined	Lb	FATS	250	RO
	Expressed oils (except cottonseed and fats, inedible):				
2[illegible]	Cottonseed oil, crude	Lb	FATS	250	RO
2[illegible]	Cottonseed oil, commercial	Lb.	FATS	250	RO
2[illegible]	Cottonseed oil, inedible	Lb.	FATS	250	RO
2[illegible]	Tung oil	Lb.	FATS	250	RO
2[illegible]	Palm oil, crude	Lb.	FATS	250	RO
851100	Castor oil, medicinal grade (report commercial grade in 2[illegible])	Gal.	DRUG	250	RO
8[illegible]	D. D. T. (dichlorodiphenyl trichloroethane) (including preparations thereof containing 25 percent or more D. D. T. by percent basis.	Lb.	AGCH	100	RO
8[illegible]	Other agricultural insecticides, fungicides and similar preparations and materials, dry or liquid basis: Benzene hexachloride and formulations thereof, containing 1 percent or more of the gamma form.	Lb	AGCH	100	RO
8[illegible]	Polishes: Castor oil, sulfonated	Lb.	FOOD	250	RO
8[illegible]	Acids and anhydrides: Sebacic acid	Lb.	DYES	250	RO

Shipments of any commodities removed from general license to Country Group R or Country Group O destinations as a result of changes set forth in this amendment, which were on dock, on lighter, laden aboard an exporting carrier, or in transit to a port of exit pursuant to actual orders for export prior to 12:01 a. m., March 20, 1951, may be exported under the previous general license provisions up to and including April 14, 1951. Any such shipment not laden aboard the exporting carrier on or before April 14, 1951, requires a validated license for export. This saving clause is not applicable to any such shipments to Subgroup A destinations.

(Sec. 3, 63 Stat. 7; 50 U. S. C. App. Sup. 2023. E. O. 9630, Sept. 27, 1945, 10 F. R. 12245, 3 CFR, 1945 Supp.; E. O. 9919, Jan. 3, 1948, 13 F. R. 59, 3 CFR, 1948 Supp.)

This amendment shall become effective as of March 20, 1951, 12:01 a. m.

LORING K. MACY,
Deputy Director,
Office of International Trade.

[F. R. Doc. 51–3470; Filed, Mar. 19, 1951; 8:47 a. m.]

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Enforcement Procedure Regulation 3]

EP 3—DEFINING SCOPE AND AUTHORITY FOR USE OF LETTERS REQUESTING INSPECTION AND INTERVIEWS RELATING TO INVESTIGATIONS UNDER THE DEFENSE PRODUCTION ACT OF 1950

By virtue of the authority vested in me as Assistant Director of Price Stabilization for Enforcement (Director of Enforcement) by Administrative Order No. 22 and pursuant to Administrative Order 22, Supp. 1, 2, and 3, issued pursuant to Executive Order No. 10161 (15 F. R. 6105), Economic Stabilization Agency General Order No. 2 (16 F. R. 738), and Economic Stabilization Agency General Order No. 5 (16 F. R. 1273), and in order to define the manner in which Request Letters may be utilized by enforcement agents and employees of the Office of Price Stabilization under the Defense

[1] This amendment was published in Current Export Bulletin No. 612 dated March 15, 1951.

Production Act of 1950, this regulation is issued:

SECTION 1. A Request Letter as used herein is a letter directed to a person subject to the Defense Production Act of 1950 and used in connection with an investigation conducted by a duly authorized representative of the Office of Price Stabilization. Its use is directed to the inspection of books, documents and records of the person subject to investigation, and to permit the inspection of premises and property of such person and to request interviews with such person.

SEC. 2. Request Letters may be signed and issued only by the Assistant Director of Price Stabilization for Enforcement (Director of Enforcement), Regional Enforcement Directors and District Enforcement Directors, and only in connection with any investigation or proceeding relating to the administration or enforcement of the Defense Production Act of 1950 or of any regulations or orders of the Office of Price Stabilization issued thereunder.

SEC. 3. Request Letters shall be issued only after the scope and purpose of the investigation, inspection or inquiry to be made have been defined by the Assistant Director of Price Stabilization for Enforcement (Director of Enforcement), Regional Enforcement Director or District Enforcement Director of the Office of Price Stabilization having jurisdiction over such investigation, inspection or inquiry, and it is assured that no adequate and authoritative data requested by such request letter are available from any Federal or other responsible agency.

SEC. 4. The terms in this regulation shall have the same meaning as in the Defense Production Act of 1950.

SEC. 5. This regulation shall become effective March 20, 1951. Issued this 19th day of March, 1951.

(Sec. 704 Pub. Law 774, 81st Cong. Interpret or apply Title IV, Pub. Law 774, 81st Cong.; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.)

E. P. MORGAN,
Assistant Director of Price Stabilization for Enforcement (Director of Enforcement).

[General Ceiling Price Regulation, Amdt. 6]

GCPR, AMDT. 6—CONTRACTS TO SELL FOR FUTURE DELIVERY

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738) this Amendment 6 to the General Ceiling Price Regulation is hereby issued.

STATEMENT OF CONSIDERATIONS

Since the issuance of the General Ceiling Price Regulation this office has been engaged in formulating "tailored" regulations which are designed for particular industries and are more suitable than the general freeze type of regulation. This office has announced frequently that a number of such regulations are now in preparation. In many cases they will permit sellers to deliver commodities or services at ceiling prices different from those established under the General Ceiling Price Regulation. In order that the taking of orders for future delivery not be impeded while the tailored regulations are under consideration it is deemed advisable to permit the making of offers and contracts to sell a commodity or service at the ceiling price in effect at the time of delivery or, if a fixed price is specified, at either that price or the applicable ceiling price at the time of delivery, whichever is lower. This amendment applies only to those commodities and services covered by the General Ceiling Price Regulation. It does not apply to any commodity or service for which a ceiling price is established by any other regulation or order of the Director of Price Stabilization in effect at the time the offer or contract is made. Moreover, the present amendment does not permit a seller to deliver a commodity or service at a price to be adjusted subsequent to the delivery of such commodity or service.

In the judgment of the Director of Price Stabilization this amendment is generally fair and equitable and is necessary to effectuate the purposes of title IV of the Defense Production Act of 1950.

AMENDATORY PROVISION

The General Ceiling Price Regulation is amended as follows:

Section 22 is amended by adding to the paragraph defining the word "sell" the following sentence: "Nothing in this regulation shall be construed to prohibit the making of a contract or offer to sell a commodity or service at (a) the ceiling price in effect at the time of delivery or (b) the lower of a fixed price or the ceiling price in effect at the time of delivery."

(Sec. 704, Pub. Law 774, 81st Cong. Interprets or applies Title IV, Pub. Law 774, 81st Cong.; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.)

Effective date. This amendment shall become effective March 19, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

MARCH 16, 1951.

[F. R. Doc. 51-3582; Filed, Mar. 19, 1951; 10:12 a. m.]

[General Ceiling Price Regulation, Amdt. 7]

GCPR, AMDT. 7—AGRICULTURAL COMMODITIES

MISCELLANEOUS AMENDMENTS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 7 to the General Ceiling Price Regulation (16 F. R. 808) is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment is designed to make certain changes in section 11 of the General Ceiling Price Regulation relating to agricultural commodities selling at prices below the legal minimum and in section 14 (s) (1) dealing with the exemption of unprocessed listed agricultural commodities from control. First, the amendment clarifies the impact of the General Ceiling Price Regulation on sales of agricultural commodities which have been removed from exemption under section 14 (s) and, second, establishes for these commodities ceiling prices at a level not below the minimum requirements of the Defense Production Act of 1950. It also corrects minor errors, inconsistencies, and omissions; closes certain loopholes; defines several ambiguous terms; and conforms the language of the regulation, with respect to fluid milk, to the requirements of the Defense Production Act.

The first purpose was accomplished by amending section 11 (a) to state categorically that an agricultural commodity is deemed to be automatically removed from the list of agricultural commodities and from section 14 (s) (1) exemption as soon as the Secretary of Agriculture has announced by publication that the price of the commodity has reached the highest of the "legal minima" required to be reflected to producers by section 402 (d) (3) of the Defense Production Act of 1950. Previously, that paragraph had merely indicated that upon such determination and publication, the section ceased to apply to a commodity processed in substantial part from the listed agricultural commodity. No reference was made to the section 14 (s) (1) exemption, it being assumed that the exemption for the raw and natural commodity would terminate at the same time that section 11 ceased to apply to the processed commodity. References to the processed commodity in section 11 and to the raw and natural agricultural commodity in section 14 (s) (1), however, raised grave doubts as to whether the intent of the Director of Price Stabilization had been clearly stated.

To eliminate any further possibility of ambiguity in this respect, this amendment also adds to section 14 (s) (1) a sentence removing the exemption from any agricultural commodity which is deleted, whether automatically or by express amendment to the General Ceiling Price Regulation, from the list of agricultural commodities in section 11. Although the accomplishment of this purpose required some change in language in section 11 as to processed commodities, the new phraseology does not in any way alter the treatment of the processed commodities. Under the language in effect prior to this amendment, the section ceased to apply to processed commodities when the agricultural commodity had been affirmatively deleted from the list of agricultural commodities by the Director of Price Stabilization or when the Secretary of Agriculture had announced by publication that the price of the agricultural commodity had reached the minimum requirements of the Defense Production Act of 1950. Under the revised language of the provision made effective by this amendment, the section will for all practical purposes operate in exactly the same manner. In either case, the section will cease to apply to a processed commodity five days after the date on which the Secretary of Agriculture has announced by publication a prevailing price for an agricultural commodity which price equals or exceeds the highest of the various minimum requirements of the act.

The second purpose is accomplished by amending both section 1 and section 14 (s) (1) to establish, after removal of exemption from control, ceiling prices for food, agricultural and related commodities previously exempt under the provisions of section 14 (s). Those sellers who are able to determine their prices under the provisions of section 3 of the General Ceiling Price Regulation will use as the applicable base period the most recent five-week period preceding the date the exemption is removed, rather than the December 19, 1950, to January 25, 1951, inclusive, base period used by all other sellers. Thus, a seller of a previously exempt agricultural commodity will find his ceiling price by using the regular pricing provisions of section 3 of the General Ceiling Price Regulation, if they are applicable, with a different base period. If the seller prices under one of the other sections of the regulation, which also require reference to a base period, he shall continue to use the regular December 19, 1950 to January 25, 1951, inclusive, base period. It was necessary to permit sellers of previously exempt agricultural commodities obtaining ceiling prices for the first time under section 3 to substitute "the most recent five-week period preceding the date the exemption is removed" as the base period, in place of the December 19, 1950 to January 25, 1951, inclusive, base period, in order to satisfy the minimum requirements of the Defense Production Act of 1950. To have required sellers of agricultural commodities which were exempt because the original base period prices for these commodities were below the minimum requirements of the law to use the same base period prices after the exemption had been removed would obviously violate the standards of the act. It was, therefore, necessary to establish for these commodities a new base period which would, as accurately as possible, reflect the pricing standards of the act. Since automatic removal from exemption is accomplished approximately fifteen days after the prices of the agricultural commodities reflect the minimum requirements of the law, the Director of Price Stabilization has established the five-week period during which the price of the commodity reached the minimum requirement as the proper base period.

It is not necessary, however, that sellers of agricultural commodities removed from exemption be allowed to use the more recent base period, which has the effect of providing higher ceiling prices, for obtaining a ceiling price under any section of the General Ceiling Price Regulation other than section 3. This is true because the application of the base period in the other sections of the regulation does not determine a ceiling price by reference to the highest price at which the commodity was sold or delivered during that time, but rather determines a ceiling price by reference to a markup obtained through use of a net invoice cost. Consequently, application of the December 19, 1950, to January 25, 1951, inclusive, base period to agricultural commodities priced under sections other than section 3 of the General Ceiling Price Regulation will not violate any of the minimum requirements of the Defense Production Act of 1950 and will prevent distributors from enlarging their margins during the period that the agricultural commodity remains exempt.

Third, this amendment provides that the ceiling price for fluid milk which is sold and bought pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended, or any marketing agreement, license or order or provision thereof or amendment thereto, shall be no less than the price determined pursuant to that act and it therefore permits processors and distributors of milk to "pass through" the increased cost under the provisions of section 11 (b) and (c) whether or not milk is deleted from the list of agricultural commodities and thus removed from section 14 (s) (1) exemption. This provision is inserted in section 11 (a) to satisfy the requirement of section 402 (d) (3) of the Defense Production Act of 1950, which states that nothing contained in this act shall be construed to modify, repeal, supersede or affect the provisions of the Agricultural Marketing Act of 1937, as amended, or to invalidate any marketing agreement, license, or order, or provision thereof, or amendment thereto, heretofore or hereafter made or issued under the provisions of such act. It is certainly conceivable that some specific marketing order under that act may provide for a price in excess of the ceiling price established by the General Ceiling Price Regulation. In such event it is clear that the prices established by the marketing order prevail and supersede the ceiling prices to the extent that they exceed them. Recognition of this possibility has caused the Director of Price Stabilization to permit subsequent handlers to increase their prices by the dollars and cents amount of the increase legally paid by them over the highest price previously paid for the commodity. Under these circumstances distributors of fluid milk may increase their prices under the provisions of section 11 (b) and 11 (c) in the same manner as if milk had remained below the legal requirements of the Defense Production Act of 1950 and had continued on the section 11 (a) list of agricultural commodities. This permissive increase only applies, however, in those instances where ceiling prices for milk are in conflict with such marketing orders promulgated under the Agricultural Marketing Agreement Act of 1937, as amended. It does not permit any other seller or buyer of milk to exceed his ceiling as otherwise established by the General Ceiling Price Regulation. Nor does it permit of any increases or "pass through" beyond that legally necessary to recognize and effectuate the overriding standards of the Agricultural Marketing Agreement Act of 1937, as amended, and orders, licenses and agreements issued under that act.

The words "at least in substantial part" are deleted from section 11 (c) (1) to permit the processor to "pass-through" any increase in cost of a listed agricultural commodity over the highest price paid during the base period. The difficulty of determining with any degree of preciseness the meaning of "substantially" and even of applying that word to specific proportions and costs negated any affirmative value originally anticipated from that phraseology. Moreover, the processor is still restricted to increasing his ceiling price by no more than the exact dollars and cents amount of the increase in the cost of the listed commodity actually used in the processed commodity. Under these circumstances, the disadvantages of retaining the provision in a section, the life of which is expected to be of short duration, are much greater than the corresponding advantages.

The revision of section 14 (s) (1) by Amendment 1 to the General Ceiling Price Regulation created some confusion among sellers of eggs, dry edible beans and peas, and popcorn, who mistakenly formed the opinion that this revision removed graded eggs, cleaned dry edible beans and peas, and shelled popcorn from price control at all levels of distribution. Such was not the purpose of the revision, and in order to correct these misunderstandings, section 14 (s) (1) is now amended to provide specifically that eggs, dry edible beans and peas, and popcorn are exempted from the regulation only when sold by the producers of these commodities. With this amendment the original language of section 14 (s) (1) is, in effect, again made applicable to sales of these commodities. It should be noted that these commodities are, of course, subject to the "pass-through" provisions of section 11 (a) and 11 (b) at all levels of distribution above the exempt producer level.

Section 11 of the General Ceiling Price Regulation provides for parity adjustments in ceiling prices and prescribes the method by which sellers of commodities derived from the agricultural commodities listed therein may increase their ceiling prices for such commodities on the basis of increased purchase costs of the basic material. In many cases the increased purchase costs reflect new ceiling prices containing fractions of one cent. In order that a uniform practice may be followed with respect to the disposition of such fractions, this amendment provides in section 22 that, whenever fractions of a cent remain after the total price for the quantity sold has been calculated, fractions under one-half cent shall be dropped while fractions of one-half cent or over may be increased to the next higher cent.

AMENDATORY PROVISIONS

The General Ceiling Price Regulation is amended in the following respects:

1. The following sentence is added at the end of section 1: "With respect to those food, agricultural and related commodities exempt under the provisions of section 14 (s), however, the applicable "base period" used after removal of the exemption to establish the ceiling price under section 3 of this regulation shall be the most recent five-week period pre-

ceding the date the exemption is removed."

2. The first paragraph of section 11 (a) is amended to read as follows:

(a) *Commodities covered by this section.* This section applies to commodities processed in substantial part from the following listed agricultural commodities. This section shall cease to apply, however, when any listed commodity is deleted by the Director of Price Stabilization, if, after consultation with the Department of Agriculture, he determines that the requirements of the Defense Production Act of 1950 are satisfied. Moreover, five days after the date the Secretary of Agriculture has announced by publication a price for any listed commodity, other than tobacco, which price equals or exceeds both (1) the parity price as set forth in the same publication, and (2) the highest price received by producers of the commodity during the period from May 24, 1950, to June 24, 1950, inclusive, both as determined and adjusted by him, that commodity shall be deemed to have been automatically deleted from the list of agricultural commodities and from section 14 (s) (1) exemption. The ceiling price determined under this section and in effect for any processed commodity at the time the listed commodity is deleted (automatically or otherwise) from the list of agricultural commodities shall remain as the ceiling price. Notwithstanding anything contained in this paragraph to the contrary, the ceiling price for fluid milk, which is sold and bought pursuant to the provisions of the Agricultural Marketing Agreement of 1937, as amended, or any marketing agreement, license or order, or provision thereof or amendment thereto, shall be no less than the price determined pursuant to that act, and, for the purposes of such sales and purchases only, fluid milk shall be deemed to remain on the list of agricultural commodities.

3. The words, "at least in substantial part" are deleted from section 11 (b) (1).

4. Section 14 (s) (1) is amended to read as follows:

(1) The following commodities only when sold by the producers thereof: Eggs, dry edible beans and peas, and popcorn. In addition, any other agricultural commodity listed in section 11 (a) (the "parity" adjustment provision) in its raw or natural state, or if the commodity is not customarily sold by producers generally in its raw or natural state, in the first form or state beyond the raw or natural state in which it is customarily sold by producers generally.

The exemption established by this paragraph shall not apply to any agricultural commodity after that commodity has been deleted, automatically or otherwise, from the list of agricultural commodities in section 11 (a) of this regulation. The ceiling price for any commodity so removed from exemption by deletion from the list of agricultural commodities, shall be the ceiling price otherwise determined under the provisions of this regulation and, if the ceiling is determined under section 3, by using the most recent five-week period preceding the date the exemption is removed as the applicable "base period".

5. A new paragraph to read as follows is added at the end of section 22:

Calculations of ceiling prices involving fractions. Fractions of a cent remaining after the total price for a quantity sold has been calculated shall be dropped if less than a half cent and increased to the nearest higher cent if a half cent or more.

(Sec. 704, Pub. Law 774, 81st Cong. Interpret or apply Title IV, Pub. Law 774, 81st Cong.; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.)

Effective date. This amendment shall become effective the 20th day of March 1951.

EDWARD F. PHELPS, Jr.,
Acting Director of Price Stabilization.

MARCH 16, 1951.

[F. R. Doc. 51-3584; Filed, Mar. 19, 1951; 11:59 a. m.]

[General Ceiling Price Regulation, Amdt. 2 to Supplementary Regulation 5]

GCPR, SR 5—RETAIL PRICES FOR NEW AND USED AUTOMOBILES

ADDITIONAL GUIDE BOOKS FOR USED CARS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105) and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 2 to Supplementary Regulation 5 (16 F. R. 1769) to the General Ceiling Price Regulation is hereby issued.

STATEMENT OF CONSIDERATIONS

Since the date of the last amendment to this supplementary regulation the publishers of two other guides have offered copies of their new issues and substantiated the fact that the prices therein stated are in line with those published in the present books listed for use in the pricing of used cars. This amendment adds these two books to the guides already listed.

In addition a number of the official guide books have republished their prices to conform to the requirements of the regulation. In some instances guide books that did not previously have prices for equipment for which the used car dealer is permitted to charge an extra price, have incorporated prices for such equipment that are in line with the prices published by other guide books in January. One guide book which had in January determined to change its regional coverages has republished its guide book to incorporate these changes. The prices for the new region, in which the several States covered now find themselves placed, are in line with the January prices generally prevailing in those States. In these instances, therefore, the regulation is being amended to permit the use of the newly published guide book in lieu of the January issue.

AMENDATORY PROVISIONS

Supplementary Regulation 5 to the General Ceiling Price Regulation is amended in the following respects:

1. Section 4 (a) is amended to read as follows:

(a) The ceiling price for any used car shall be the highest price listed for that make and model in the listed issue of the used car guide listed in this section 4, which the seller customarily used in the period December 19, 1950 to January 25, 1951, except (1) the ceiling price of any model used car currently being manufactured by the manufacturer shall be the ceiling delivered price of the car when new determined under section 3 of this regulation; and (2) in no event shall the price exceed the ceiling delivered price of the car when new, computed under the formula stated in section 3 of this regulation.

2. Section 4 (e) is amended to read as follows:

(e) If the seller did not customarily use any guide listed in this section during the period December 19, 1950, to January 25, 1951, inclusive, he must select one of the listed guides upon which to base his ceiling price, and thereafter base his ceiling price only on the listed issue of the official guide which he has selected.

3. Section 4 (g) is amended by changing the list of the guides contained therein to read as follows:

Name of guide and publisher	Issue	Territory for which guide is designated
American Auto Appraisal, published by American Auto Appraisal.	March-April supplement	
Blue Book-Executives Edition, published by National Used Car Market Report, Inc.	January issue or January reprint.	
Kelley Blue Book Official Guide, published by Les Kelley.	January issue	Arizona, California, Idaho, Nevada, Oregon, Utah, and Washington.
Market Analysis Report, published by Used Car Statistical Bureau, Inc.	January issue or price edition.	Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, and Vermont.
N. A. D. A. Official Used Car Guide, published by National Automobile Dealers Used Car Guide Co.	January issue or Mar. 2, 1951 edition.	
Northwest Used Car Values, published by Northwest Publishing Co.	January issue or March 1951 edition.	Washington, Oregon, Idaho, Montana, and North Dakota.
Official Automobile Guide, published by National Research Bureau, Inc.	Price edition	
Official Used Car Survey, published by Motor Vehicle Dealers Administration, Nebraska.	March-April supplement	
Official Automobile Guide, published by Recording and Statistical Corp.	Price edition	
Official Wisconsin Automobile Valuation Guide, published by Wisconsin Automotive Trades Association.	January issue or Feb. 15, 1951, edition.	Wisconsin.
Red Book National Used Car Market Report, published by National Used Car Market Report, Inc.	January issue or January reprint.	

(Sec. 704, Pub. Law 774, 81st Cong. Interprets or applies Title IV, Pub. Law 774, 81st Cong.; E. O. 10161, Sept. 9, 1951, 15 F. R. 6105, 3 CFR, 1950 Supp.)

This amendment shall become effective March 19, 1951.

EDWARD F. PHELPS, Jr.,
Acting Director of Price Stabilization.

MARCH 17, 1951.

[F. R. Doc. 51-3597; Filed, Mar. 19, 1951; 11:48 a. m.]

Chapter IV—Wage Stabilization Board, Economic Stabilization Agency

[General Regulations 1-7]

REDESIGNATION AS GENERAL WAGE REGULATIONS

EDITORIAL NOTE: General Regulations 1 through 7 are hereby redesignated as General Wage Regulations 1 through 7, and should be cited "GWR" instead of "GR". This change is necessary in order to conform this series to the change in designation introduced with General Wage Regulation 8 (16 F. R. 2032).

Chapter VI—National Production Authority, Department of Commerce

[NPA Order M-19 as Amended Mar. 16, 1951]

M-19—CADMIUM

This order as amended is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950. In the formulation of this order, there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations. However, consultation with representatives of all trades and industries affected in advance of the issuance of this order has been rendered impracticable due to the necessity for immediate action and because the order affects a large number of different trades and industries.

This amendment affects order M-19 as follows: It redesignates §§ 33.1 through 33.6 as sections 1 through 6; § 33.7 is deleted; §§ 33.8 through 33.13 are redesignated as sections 7 through 12; it adds a new paragraph (b) to section 2 and redesignates the old paragraphs (b) and (c) to be (c) and (d), respectively; it adds a new subparagraph (12) to section 4 (a); effects other minor changes and additions in sections 4 and 5; and substitutes a new section 6 for the previous §§ 33.6 and 33.7. As so amended NPA Order M-19 reads as follows:

Sec.
1. What this order does.
2. Definitions.
3. Use of cadmium.
4. Production of cadmium-containing items.
5. Production of cadmium-plated products.
6. Delivery of cadmium, cadmium-containing items, or cadmium-plated products.
7. Defense orders for cadmium-containing items and cadmium-plated products.
8. Inventories.
9. Applications for adjustments.
10. Records and reports.
11. Communications.
12. Violations.

AUTHORITY: Sections 1 to 12 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan 3, 1951, 16 F. R. 61.

SECTION 1. *What this order does.* This order controls deliveries of cadmium from a producer or distributor. The order also states the purposes for which cadmium, cadmium-containing items and cadmium-plated items may be produced. In addition, the order imposes inventory controls on cadmium.

SEC. 2. *Definitions.* As used in this order:

(a) "Person" means any individual, corporation, partnership, association or any other organized group of persons and includes any agency of the United States or any other government.

(b) "Base period" means the 6-month period ending June 30, 1950.

(c) "Cadmium" means all grades of metallic cadmium, oxide, or plating salts produced directly from ores, concentrates or other primary materials, or redistilled, remelted or otherwise recovered from cadmium scrap or any secondary cadmium-bearing material; and cadmium-bearing materials suitable for the manufacture of pigments.

(d) "Distributor" means any person regularly engaged in the business of buying cadmium and selling the same in forms suitable for general fabrication or electroplating. It also includes laboratory supply houses to the extent they are engaged in buying and selling cadmium in any form to laboratories.

SEC. 3. *Use of cadmium.* No person may use any cadmium in any fashion except to produce the cadmium-containing items listed in section 4 of this order or to produce an electroplated coating on the products listed in section 5, and then only to the extent necessary to meet applicable specifications or for the proper service performance of the end products. Notwithstanding the foregoing, a person may use cadmium in laboratories for research, control, analysis, synthesis, assaying or educational work. The provisions of sections 4, 5, and 6 do not prohibit the completion of items containing cadmium or cadmium-plated products not listed in sections 4 or 5 if they were in the process of manufacture on or before January 1, 1951, and such completion is effected not later than January 31, 1951.

SEC. 4. *Production of cadmium-containing items.* No person shall produce any cadmium-containing item except those listed in paragraphs (a) through (p) of this section, and then only for the purposes and subject to the qualifications set forth in said paragraphs (a) through (p):

(a) Pigments for the following:

(1) Luminescent paint for military uses.

(2) Luminescent printing ink for military uses.

(3) Luminescent paper for military and Government Printing Office uses.

(4) Luminescent plastic for military uses.

(5) Signal and illuminating glassware for safety, religious, military and industrial uses.

(6) Thermometer tubing.

(7) Rubber sea buoys.

(8) Dental purposes.

(9) Artist's colors.

(10) X-ray fluoroscopic screens for medical purposes.

(11) Luminescent coatings for cathode ray tubes, except tubes to be used in signs, lighting fixtures or lamps.

(12) Pigments for all other purposes: *Provided, however,* That no person shall use in any one month in the production of pigments for such other purposes a quantity of cadmium by weight in excess of 40 percent of his average monthly use of cadmium for such purposes during the base period.

(b) Silver brazing alloys containing no more than 19 percent by weight of cadmium (except that silver solder containing not in excess of 25 percent cadmium may be used where centrifugal stresses are encountered at operating temperatures over 500° F.).

(c) Copper-base alloys containing no more than 1¼ percent by weight of cadmium for the following:

(1) Current carrying parts of electrical current interruption devices to the extent that sufficient contact pressure cannot be maintained in service with other less critical materials.

(2) Parts inside electronic tubes.

(3) Resistance welding electrodes.

(4) Overhead electrical contact wire in railroad (including industrial and mines), streetcar, and trolley bus systems.

(5) Multistrand railroad signal bond wire.

(6) Shunt wire leads for motors and generators.

(7) Flexible terminals of resistors, condensers, and field coils.

(d) Low melting point alloys for the following:

(1) On dry type rectifier elements.

(2) In fire protective systems, safety devices, and electrical fuses.

(3) Plugs for screwless fasteners in rimless metal spectacles.

(4) Dental use.

(5) Seals between brass and glass parts of liquid high voltage fuses.

(e) Low melting point alloys containing no more than 10 percent by weight of cadmium for the following:

(1) In plastic fire control instruments for the mounting of optics.

(2) Gold alloy for gold-filled spectacle frames.

(3) In the manufacture of inspection gauges.

(4) Bending of thin wall tubes.

(5) Bending of finished roll-formed and extruded shapes.

(f) Low melting point alloys containing no more than 6.5 percent by weight of cadmium for the following:

(1) Anchorage of punch press dies and bushings in drill jigs.

(2) Location of control points and surfaces (except floor grouting) in construction of fixtures.

(g) Zinc-base alloys, containing no more than 0.5 percent by weight of cadmium, for rolling.

(h) Type metal containing no more than 0.5 percent by weight of cadimum.

(i) Lead base alloys, containing no more than 3 percent by weight of cadmium, for the coating of copper wire.

(j) Items classified as secret, to the extent that certification of engineering necessity accompanies orders issued by the military services of the United States, the Atomic Energy Commission, or the United States Coast Guard.

(k) Standard cells.

(l) Electrolytic testers for storage batteries.

(m) Cadmium impregnated carbon or cadmium-silver alloys for use as contacts in electric current interruption devices.

(n) Bearings for rolling mills and heavy duty diesel engines.

(o) Cadmium chemicals for any use other than the manufacture of pigments or for use in the manufacture of pigments permitted under paragraph (a) of this section. The manufacturer of cadmium chemicals may sell such chemicals without requiring the certificate called for in section 6: *Provided, however,* No person may sell such chemicals if he knows or has reason to know that they will be used in the manufacture of pigments not permitted by paragraph (a) of this section.

(p) Copper tinsel wire containing not more than 1 percent cadmium by weight.

SEC. 5. *Production of cadmium-plated products.* No person shall produce any cadmium-plated product except those listed in paragraphs (a) through (x) of this section and then only for the purposes and subject to the qualifications set forth in said paragraphs (a) through (x):

(a) Functional parts which in service are subjected to frequent and extended periods of intermittent immersion in sea water or wet sprays of sea water to the extent that other finishes cannot be used for reasons of close tolerance or performance.

(b) Heddles and pin boards used in textile plants to the extent that corrosive action makes the use of other materials impracticable.

(c) Ferrous hardware parts in direct contact with fabric or leather to be used on the following:

(1) Aircraft parachutes.
(2) Aircraft safety belts.
(3) Aircraft shoulder harnesses.
(4) Aircraft bomb slings.

(d) Moving parts which require close tolerances for proper functioning and on parts adjacent to such moving parts to the extent that the tolerances cannot be maintained in service with other finishes because of mechanical or electrical interference by the products of corrosion or wear.

(e) Operating parts of electric controllers and switches.

(f) The following ferrous parts which in service reach a temperature of 500° F. or higher and on parts in contact with such ferrous parts:

(1) Aircraft parts requiring corrosion protection.

(2) Functional parts subject to the combined effect of corrosion and stress.

(g) Parts which serve to maintain an electrical contact for the suppression of radio interference to the extent that one of the contacted surfaces is aluminum, magnesium, or their alloys.

(h) Electrical contact parts of aircraft ignition harnesses and propeller hubs.

(i) Parts of electrical equipment to the extent that they, for performance reasons, must be soldered with the use of non-corrosive fluxes and where other finishes do not provide required corrosion protection.

(j) The following parts of electronic equipment:

(1) Surfaces involved in unsoldered butt joints which must remain constant in electrical or radio frequency resistance or both.

(2) Surfaces which require good conductivity for radio frequency current.

(3) Non-ferrous parts in contact with aluminum parts for prevention of electrolytic corrision.

(k) Ferrous nuts, bolts, machine screws, and washers for use in aircraft, except self-locking nuts designed for application below 250° F.

(l) Nuts, bolts, machine screws, and studs having threads $\frac{3}{8}$-inch diameter and smaller and/or having 16 or more threads per inch for use in ship construction by the United States Army and Navy, Maritime Administration, and the United States Coast Guard.

(m) Parts subject to frictional contact at least one of which is a moving part to the extent that other finishes of required thickness and corrosion protective value cause gouging, seizure, or binding.

(n) Parts which in service are subjected to the corrosive action of chlorine except on items which contact chlorine only during laundry operations.

(o) Parts of items classified as secret, to the extent that certification of engineering necessity accompanies orders issued by the military services of the United States, the Atomic Energy Commission, or the United States Coast Guard.

(p) Ferrous springs (including lock washers), and parts which of necessity have been assembled with such springs before the plating operation, to the extent that other finishes do not provide necessary corrosion protection during use, and where their application causes embrittlement of the spring which cannot be removed satisfactorily by low temperature heat treatment.

(q) Carburetor and magneto parts for aircraft engines.

(r) Hose clamps for aircraft.

(s) External parts of engines for combat aircraft, excluding attachments which are not integral parts of the engine proper, such as clips, clamps, lugs, and further excluding such parts on which alternative finishes have proven satisfactory in service and newly designed parts performing similar functions.

(t) Hydraulic fitting coupling sleeves made of copper-base alloys for use in aircraft.

(u) Electrical contact parts which touch parts of aluminum, magnesium, or their alloys.

(v) Threaded fittings of gray and malleable iron to the extent that other finishes do not provide required corrosion protection and tolerance.

(w) Synthetic yarn and cotton twisters.

(x) High carbon wire for carding.

SEC. 6. *Delivery of cadmium, cadmium-containing items, or cadmium-plated products.* (a) Commencing on April 1, 1951, no person may deliver cadmium or any cadmium-containing item or cadmium-plated product unless he obtains directly, or through a dealer, from the person who will receive delivery thereof a signed certification as follows:

> The undersigned, subject to statutory penalties, certifies that the cadmium, cadmium-containing items, and cadmium-plated products herein ordered will be used by the undersigned only for the purposes and to the extent permitted by NPA Order M-19.

This certification constitutes a representation to the seller and to the National Production Authority that the cadmium, cadmium-containing items, and cadmium-plated products delivered will be used only for purposes permitted by this order and that such use is not prohibited by other applicable orders or regulations of the National Production Authority.

(b) The provisions of this section will not apply to deliveries of: (1) Cadmium to any agency of the United States for its stockpile of strategic materials; (2) cadmium, cadmium-containing items or cadmium-plated products for purposes of resale only; or (3) cadmium-containing items or cadmium-plated products in connection with retail sales.

SEC. 7. *Defense orders for cadmium-containing items and cadmium-plated products.* Notwithstanding the provisions of NPA Reg. 2 which establishes a priorities system, unless otherwise directed by the National Production Authority, rated orders calling for cadmium-containing items or cadmium-plated products are subject to the provisions of sections 4, 5, and 6 of this order.

SEC. 8. *Inventories.* No person obtaining cadmium, cadmium-containing items, or cadmium-plated products for any purpose may receive or accept delivery of a quantity of such materials if his inventory is, or by such receipt would become, in excess of that necessary to meet his deliveries or supply his services on the basis of his scheduled method and rate of operation during the succeeding 30-day period. NPA Reg. 1, relating to inventory control, will apply to such materials except as otherwise provided by this section.

SEC. 9. *Applications for adjustments.* (a) Any person affected by any provision of this order may file a request for adjustment or exception upon the ground that any provision works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interest of the national defense or in the public interest. In examining requests for adjustment claiming that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing and shall set forth all pertinent facts and the nature of the relief sought, and shall state the justification therefor.

(b) To enable the National Production Authority to evaluate applications for adjustment or exception in cases where it is not practicable to substitute other less scarce materials for cadmium, such applications in the form of requests for authorization to use cadmium for purposes not permitted by this order should be forwarded to the National Production Authority by letter in duplicate setting forth the following information:

(1) Period of time, not exceeding 6 months, for which adjustment is requested.

(2) Quantity of cadmium applicant proposes to consume monthly (i) for purposes permitted by this order and (ii) for purposes covered by the application, stating the sources from which the latter cadmium will be obtained.

(3) Description (and for cadmium-containing alloys, the alloy composition), function, specification number, and cadmium requirement of each part or of each group of parts fulfilling related functions.

(4) The "DO" symbol, if the order or contract bears a "DO" classification.

(5) Justification, including reasons why substitutes are not satisfactory; e. g., faulty performance, lack of facilities, or shortage of manpower.

(6) Such other information as the applicant may wish to submit.

SEC. 10. *Records and reports.* (a) Each person participating in any transaction covered by this order shall retain in his possession for at least 2 years records of receipts, deliveries, inventories and use, in sufficient detail to permit an audit that determines for each transaction that the provisions of this order have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

(b) All records required by this order shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of the National Production Authority.

(c) Persons subject to this order shall make such records and submit such reports to the National Production Authority as it shall require, subject to the terms of the Federal Reports Act. (Public Law 831, 77th Cong., 5 U. S. C. 139–139F)

SEC. 11. *Communications.* All communications concerning this order shall be addressed to the National Production Authority, Washington 25, D. C. Ref: M-19.

SEC. 12. *Violations.* Any person who wilfully violates any provision of this order or any other order or regulation of the National Production Authority in the course of operation under this order is guilty of a crime and upon conviction may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act.

This order, as amended, shall take effect, except as otherwise specifically stated, on March 16, 1951.

NATIONAL PRODUCTION AUTHORITY,
[SEAL] MANLY FLEISCHMANN,
Administrator.

[NPA Order M-46]

M-46—PRIORITIES ASSISTANCE FOR THE PETROLEUM AND GAS INDUSTRIES

Correction

In Federal Register Document 51-3352, published at page 2394 of the issue for Wednesday, March 14, 1951, the reference to "section 9", appearing in section 8, should read "sections 9 through 12 and 14 through 19". Section 8 as corrected reads as follows:

SEC. 8. *The rating for oil country tubular goods.* To secure oil country tubular goods for normal requirements an operator may use and apply the rating DO-48; for emergency requirements an operator may use and apply the rating DO-48E. An operator may not use either of these ratings until he has complied with the rules set out in sections 9 through 12 and 14 through 19 of this order and he has been informed by PAD that a rating may be applied to a quantity of oil country tubular goods authorized by the Petroleum Administration for Defense.

Chapter XV—Federal Reserve System

[Regulation X, Interpretations]

REG. X—REAL ESTATE CREDIT

Int.
24. Compliance with amortization provisions.
25. Warehouses and office buildings used in processing goods.
26. Actual date credit is extended.
27. Appraised value of improved real property.
28. Radio and television broadcasting companies not public utilities.
29. Interstate trucking companies as public utilities.

INT. 24—COMPLIANCE WITH AMORTIZATION PROVISIONS

Clause (2) of the amortization provision in Schedule I and the amortization provision in Schedule III of section 7 (the Supplement to Regulation X) provide for amortization payments which "will fully liquidate the original principal amount of such credit not later than the date of the maturity of the credit * * *".

In cases where the maturity of credit subject to the regulation is less than the maximum permitted by the regulation, it is the opinion of the Board that the amortization provisions referred to above will be complied with if amortization payments are made until the maturity of the credit which, had they been continued until the maximum permissible maturity, would have fully liquidated the original principal amount of such credit by the date of such maximum permissible maturity.

For example, if the maximum maturity is 20 years, and the credit has a maturity of 10 years, the amortization provisions would be complied with if amortization payments are made during the 10 years which, had they been continued for 20 years, would have fully liquidated the original principal amount of such credit within 20 years.

INT. 25—WAREHOUSES AND OFFICE BUILDINGS USED IN PROCESSING GOODS

The Board has received several inquiries as to whether warehouses and office buildings used in connection with a manufacturing business are subject to Regulation X. As indicated in footnote 11 to section 2 (r) of the regulation, office buildings and warehouses, as well as other buildings, are ordinarily subject to the regulation. They are not subject to the regulation, however, if they fall within one of the exclusions from the definition of "nonresidential structure", namely, structures exclusively used or designed for use by a public utility or by any Government or political subdivision, or structures more than 80 percent of the floor space of which is used or designed for use (i) in processing materials, goods, or articles into finished or partly finished manufactured products, (ii) in mining or otherwise extracting raw materials, or (iii) on farm property in the production, shelter, or storage incidental thereto, of crops, livestock or other agricultural commodities. It is the opinion of the Board that space in such structures as office buildings and warehouses is used or designed for use in processing materials, goods, or articles into finished or partly finished manufactured products where such office building or warehouse is essential to and an integral part of the operations involved in the processing of such materials, goods, or articles. Unless the office building or warehouse, however, is essential to the processing operation and an integral part thereof, it is subject to the regulation.

INT. 26—ACTUAL DATE CREDIT IS EXTENDED

Inquiries have been received by the Board concerning the meaning of the phrase "actual date such credit is extended" as used in section 6 (i) of Regulation X.

Many types of credit extensions are subject to Regulation X and it is administratively impossible to prescribe a spe-

cific rule which would be fairly applicable to all types of financing arrangements affected by the regulation. However, for the purposes of Regulation X the general rule to be followed in most extensions of credit affected by the regulation is that the "actual date such credit is extended" is that date which is (1) the date on which the lender first disburses funds to, or makes funds available to the account of, the borrower, or (2) the date of execution of the note or other credit instrument evidencing the credit extended, whichever shall last occur.

INT. 27—APPRAISED VALUE OF IMPROVED REAL PROPERTY

Several inquiries have been received by the Board regarding the determination under Regulation X of "appraised value as determined in good faith" where there is to be construction on improved real property. The inquiries have related particularly to cases where there is an existing structure on the property such as a residence, servants' quarters, garage, or garage-apartment, but similar inquiries should be answered in accordance with the principles of this interpretation. In such cases, should the Registrant, in making his appraisal in good faith, appraise only the land or should he appraise the land and improvements?

In cases where the existing structure and the proposed construction are to be so located on the property that the possibility of separation in the case of resale would be remote and unlikely, it is the opinion of the Board that the Registrant may appraise the land and improvements. However, any outstanding credit secured by the improved real property necessarily would have to be taken into consideration in determining the amount of credit the Registrant could extend.

For example, if a prospective borrower desires to build a new residence at a cost of $20,000, on improved real property having a "value" of $10,000, the Registrant's appraised value may be $30,000, and the maximum loan value $15,000. However, if there were outstanding credit secured by the improved real property in an amount of, say, $5,000, the Registrant could not extend additional credit in an amount exceeding $10,000.

In cases where the existing structure and the proposed construction are to be so located that separation in the case of resale would not only be possible, but would be likely, it is the opinion of the Board that the Registrant should appraise only the land area on which the new construction is to be located.

For example, if the prospective borrower owns a tract of land consisting of several adjoining lots, some of which are improved with existing structures, and the borrower proposes to build a new structure on one of the vacant lots, the Registrant should appraise only the vacant lot.

INT. 28—RADIO AND TELEVISION BROADCASTING COMPANIES NOT PUBLIC UTILITIES

In answer to inquiries received, it is the opinion of the Board that radio and television broadcasting companies are not public utilities within the meaning of section 2 (s) of Regulation X. Accordingly, structures exclusively used or designed for use by such companies are nonresidential structures within the meaning of section 2 (r) of the regulation.

INT. 29—INTERSTATE TRUCKING COMPANIES AS PUBLIC UTILITIES

Inquiries have been received by the Board asking whether companies engaged in an interstate trucking business are public utilities within the meaning of section 2 (s) of Regulation X.

The Interstate Commerce Commission has authority to regulate three types of interstate motor carriers. They are "common carrier by motor vehicle", "contract carrier by motor vehicle" and "private carrier of property by motor vehicle". The degree of regulation and supervision exercised by the Commission differs with respect to the three types of carriers. Common carriers are required to obtain certificates of convenience and necessity outlining the extent of their proposed service, the routes over which they propose to operate, and other requirements deemed necessary by the Commission. Contract carriers must obtain a permit outlining the territory over which they propose to operate, the type of business, and any other conditions or limitations deemed necessary by the Commission in the public interest. Private carriers require neither certificates nor permits to operate.

Not only does the degree of regulation and supervision differ with respect to the three classes of carriers, but also the extent of their operations "for the convenience, service or accommodation of the public". Common carriers undertake for hire to transport from place to place the goods of anyone who chooses to employ them. Contract carriers transport for a limited number of shippers under special contracts designed to meet their particular needs. Private carriers need not transport for compensation, but may be the owner, lessee, or bailee of the goods transported.

For the above reasons, it is the opinion of the Board that, in the absence of other pertinent facts, only those companies engaged in an interstate trucking business as a "common carrier by motor vehicle" are public utilities within the meaning of section 2 (s) of Regulation X.

(Sec. 704, Pub. Law 774, 81st Cong., E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1951 Supp. Interpret or apply sec. 602, Pub. Law 774, 81st Cong.)

BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM,

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[P. & S. Docket 1246]

ST. LOUIS NATIONAL STOCKYARDS CO.

NOTICE OF PETITION FOR MODIFICATION OF ORDER

Pursuant to the provisions of the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 181 et seq.), an order was issued on February 2, 1949 (8 A. D. 160), authorizing the Yardage Charges which are presently in effect at respondent's stockyard. Subsequently, by an order dated May 23, 1949, the authorization was continued in effect to and including June 30, 1951.

On March 7, 1951, respondent filed a petition requesting that its current authorization be modified so as to authorize the assessment of the rates set out below under the heading, proposed rates, and extended as modified to and including June 30, 1953:

YARDAGE CHARGE

	Present rates	Proposed rates
A. Livestock sold or resold in the commission division		
Cattle (except bulls weighing 800 pounds)	$0.70	$0.78
Calves	.43	.43
Hogs	.23	.27
Sheep and goats	.16	.17
Bulls weighing 800 pounds or over	1.00	1.10
B. Livestock received directly by packers through the yards		
Cattle (except bulls weighing 800 pounds)	.35	.39
Calves	.22	.24
Hogs	.13	.14
Sheep and goats	.08	.09
Bulls weighing 800 pounds or over	.50	.55

If authorized, the modifications will produce additional revenues for the respondent and increase the cost of marketing to the shippers. Accordingly, it appears that this public notice should be given of the filing of the petition in order that all interested persons may have an opportunity to be heard in the matter.

All interested persons who desire to be heard upon the matter requested in said petition shall notify the Hearing Clerk, United States Department of Agriculture, Washington 25, D. C., within 15 days from the date of publication of this notice.

Done at Washington, D. C., this 14th day of March 1951.

[SEAL] KATHERINE L. MASON,
Hearing Clerk.

Under Secretary of Commerce for Transportation

MARITIME ADMINISTRATOR

DELEGATION OF AUTHORITY WITH RESPECT TO INTERCOASTAL, COASTWISE, AND OVERSEAS SHIPPING, INCLUDING USE THEREOF

The material appearing at 15 F. R. 759 and 16 F. R. 1130 is amended to the following extent:

The functions, powers, authorities, and discretion conferred upon the Secretary of Commerce by Executive Order 10161, Executive Order 10200 (and Defense Production Administration Delegation No. 1), and Executive Order 10219 with respect to intercoastal, coastwise, and overseas shipping, including the use thereof, and delegated to the Under Secretary of Commerce for Transportation are hereby delegated to the Maritime Administrator.

The Maritime Administrator may, by redelegation, exercise the powers and authorities and discretion conferred upon him by this notice through such officers and employees of the Maritime Administration and Federal Maritime Board in such manner as he determines and he may authorize such redelegations by such officers and employees as he may deem appropriate.

All orders, regulations, rulings, certificates, directives, and other actions heretofore issued or taken under the notices appearing at 15 F. R. 8739 and 16 F. R. 1130 and in effect immediately prior to the effective date of this notice shall remain in full force and effect until hereafter suspended, amended, or revoked under appropriate authority.

(R. S. 161; 5 U. S. C. 22; Reorg. Plan No. 5 of 1950; 15 F. R. 8739, 16 F. R. 1130)

This notice is effective March 13, 1951.

[SEAL] PHILIP B. FLEMING,
Under Secretary of Commerce for Transportation.

FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 9880]

SPARTAN RADIOCASTING CO. (WORD)

ORDER DELETING ISSUE

In re application of The Spartan Radiocasting Company (WORD), Spartanburg, South Carolina, Docket No. 9880, File No. BP-7810; for construction permit.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 13th day of March 1951;

The Commission having under consideration the above-entitled application which was designated for hearing in a consolidated proceeding with the application (File No. BP-7804; Docket No. 9879) of Greenville Broadcasting Company (WESC), Greenville, South Carolina, by Commission order of January 10, 1951; and

It appearing that, on February 16, 1951, the Commission dismissed the application of Greenville Broadcasting Company (WESC) upon request of the applicant; that on February 21, 1951, the Commission amended its hearing order of January 10, 1951, designating the above-entitled application for hearing by deleting therefrom certain issues and by including therein an issue designed to elicit evidence as to whether or not the installation of WORD, as proposed, would constitute a hazard to air navigation; and

It further appearing that, on February 28, 1951, Spartan Radiocasting Company was granted leave to amend the above-entitled application so as to specify a new transmitter site; that the hearing on the amended application began February 28, 1951, and that said hearing has been recessed until March 14, 1951; and

It further appearing that, under Part 17 of the Commission's rules and regulations, the transmitter site and antenna system specified by Spartan Radiocasting Company in its amended proposal do not require a special aeronautical study under the aforesaid rules and would not constitute a hazard to air navigation provided the obstruction marking is in accordance with specification B-6-17 of the rules;

It is ordered, That, the Commission's order of January 10, 1951, as amended by the order of February 21, 1951, designating the above-entitled application of Spartan Radiocasting Company for hearing is amended to delete therefrom the issue reading as follows: "To determine whether or not the installation and operation of Station WORD, as proposed, would constitute a hazard to air navigation."

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

FEDERAL POWER COMMISSION

[Docket No. G-1625]

NATIONAL UTILITIES CO. OF MICHIGAN

NOTICE OF APPLICATION

MARCH 13, 1951.

Take notice that National Utilities Company of Michigan (Applicant), a Michigan corporation, of Coldwater, Michigan, filed on February 28, 1951, an application for (1) an order directing Panhandle Eastern Pipe Line Company (Panhandle) to establish physical connection of its natural-gas transportation facilities with the facilities of Applicant and sell natural gas to Applicant, and (2) a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities as hereinafter described, both pursuant to section 7 of the Natural Gas Act, as amended.

The facilities proposed to be constructed and operated by Applicant are as follows:

(1) Approximately 22.7 miles of $10^{3}/_{4}$-inch O. D. pipeline extending from a point of connection with Panhandle's existing $12^{3}/_{4}$-inch pipeline south of Marshall, Michigan, southward to a point near the southwesterly city limits of Coldwater, Michigan.

(2) Approximately 20 miles of $8^{5}/_{8}$-inch O. D. lateral pipeline extending from a point on the proposed $10^{3}/_{4}$-inch line approximately $^{1}/_{4}$ mile north of Coldwater southeasterly to a point near the city of Hillsdale, Michigan.

(3) Approximately $22^{1}/_{2}$ miles of $3^{5}/_{8}$-inch O. D. lateral pipeline extending from the southern terminus of the proposed $10^{3}/_{4}$-inch line southwesterly to a point near the city of Sturgis, Michigan.

(4) Approximately 5 miles of $4^{1}/_{2}$-inch O. D. lateral pipeline extending from a point of connection with the proposed $8^{5}/_{8}$-inch line to Hillsdale (described in paragraph 2 above) near the city of Hillsdale northerly to a point near the Village of Jonesville, Michigan.

(5) Approximately $6^{1}/_{2}$ miles of $4^{1}/_{2}$-inch O. D. lateral pipeline extending from a point of interconnection with the proposed $10^{3}/_{4}$-inch line approximately $2^{1}/_{2}$ miles south of Tekonsha, Michigan, to a point near the village of Union City, Michigan.

(6) A tap on the proposed $10^{3}/_{4}$-inch line at or near the northwesterly city limits of Coldwater to connect through a measuring and regulating station with an existing $6^{5}/_{8}$-inch O. D. line constituting a part of the Coldwater distribution system.

(7) A tap at the terminus of the proposed $10^{3}/_{4}$-inch line at or near the southwesterly city limits of Coldwater to connect through a measuring and regulating station with the $6^{5}/_{8}$-inch O. D. line constituting a part of the Coldwater distribution system.

(8) A tap on the proposed $10^{3}/_{4}$-inch line at or near the Village of Tekonsha to connect through a measuring and regulating station with a $2^{3}/_{8}$-inch O. D. line constituting a part of a proposed distribution system to be installed in the Village of Tekonsha, Michigan.

(9) A tap on the proposed $8^{5}/_{8}$-inch line (described in paragraph (3) above) at or near the City of Bronson, Michigan, to connect through a measuring and regulating station with a $3^{1}/_{2}$-inch O. D. pipeline constituting a part of a proposed distribution system to be installed in the City of Bronson.

(10) A tap on the proposed $8^{5}/_{8}$-inch line (described in paragraph (3) above) at or near the Village of Burr Oak, Michigan, to connect through a measuring and regulating station with a $2^{3}/_{8}$-inch O. D. pipeline constituting a part of proposed distribution system to be installed in the Village of Burr Oak.

(11) A tap on the proposed $8^{5}/_{8}$-inch line (described in paragraph (2) above)

at or near the northeasterly city limits of Coldwater, to connect through a measuring and regulating station with the 6⅝-inch O. D. pipeline constituting a part of the distribution system of Coldwater.

(12) An interconnection of the 8⅝-inch line (described in paragraph (2) above) with an existing distribution feeder line extending from Coldwater to the Village of Quincy.

(13) Metering and regulating facilities to meter and regulate the pressure of gas delivered to the various cities and villages proposed to be served.

The application states that Applicant proposes initially to convert its present distribution facilities in Coldwater, Sturgis, Hillsdale, and the Village of Quincy from propane-air gas to natural gas and to introduce natural gas into Bronson, Tekonsha and Burr Oak. Applicant also proposes to introduce natural gas into Union City and Jonesville as soon as materials can be obtained to construct the necessary lateral lines and distribution systems.

The application further recites that there is a great demand for natural gas in the area proposed to be served by Applicant, and that the area proposed to be served constitutes the only area of comparable size and population remaining in the southern half of the southern peninsula of Michigan not now being served with natural gas. Applicant also alleges that the introduction of natural gas into the area proposed is of vital importance to the National Defense Program.

The estimated total over-all cost of the facilities to be constructed under the application in this docket is $1,500,000, which Applicant proposes to finance, together with the cost of the distribution systems in the new communities to be served, by the issuance and sale of First Mortgage Bonds and the use of general corporate funds.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 3d day of April 1951. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 51-3462; Filed, Mar. 19, 1951; 8:45 a. m.]

INTERSTATE COMMERCE COMMISSION

[Ex Parte No. 177]

INCREASED EXPRESS RATES AND CHARGES, 1951

MARCH 14, 1951.

By supplemental petition dated March 9, 1951, in the above-entitled proceeding, the Railway Express Agency, Incorporated, requests authority to increase on one day's notice all charges on express matter by 25 cents per shipment except in carloads and shipments of milk, cream, and newspapers, as more particularly set forth in said supplemental petition, for the interim period pending final action by the Commission on the Agency's petition dated January 11, 1951, for general increases in its rates and charges.

The general petition is now set for hearing at the office of the Commission in Washington, D. C., at 9:30 a. m. United States standard time on March 29, 1951, before Hearing Examiner S. R. Diamondson and the cooperating committee representing State transportation and public utility commissions, at which time the supplemental petition will also be heard.

Oral argument on the supplemental petition for the interim increase will be heard before the entire Commission at the office of the Commission in Washington at 10:00 a. m. United States Standard time on April 6, 1951.

Notice hereof will be served upon petitioner, the Governors and regulatory bodies of the several States, and upon all parties of record in the principal proceeding. Notice will also be given to the general public by depositing a copy hereof in the office of the Secretary of the Commission at Washington, D. C., and by filing a copy with the Director, Division of the Federal Register.

By the Commission.

[SEAL] G. W. LAIRD,
Acting Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-2570]

JERSEY CENTRAL POWER & LIGHT CO. AND GENERAL PUBLIC UTILITIES CORP.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 14th day of March A. D. 1951.

General Public Utilities Corporation ("GPU"), a registered holding company, and its subsidiary, Jersey Central Power & Light Company ("Jersey Central"), having filed a joint application-declaration, and amendments thereto, pursuant to sections 6 (a), 6 (b), 7, 9 (a), and 10 of the Public Utility Holding Company Act of 1935 ("act"), and Rule U-50 promulgated thereunder, with respect to, among other things, (a) the issue and sale by Jersey Central, pursuant to the competitive bidding requirements of Rule U-50, of $1,500,000 principal amount of first mortgage bonds, — percent series, due 1981, and 40,000 shares of its $100 par value, — percent series, cumulative preferred stock, (b) the issue and sale by Jersey Central, and the purchase by GPU, of 350,000 additional shares of Jersey Central's $10 par value common stock for an aggregate cash consideration of $3,500,000, and (c) a borrowing by GPU of $875,000 from each of four commercial banks, the interest rate on the notes to be issued to be the prime rate for commercial borrowing at the time of the making of the loans but not in excess of 3 percent per annum, and each of the notes to mature ten months from the date of issuance.

Such application-declaration, as amended, having been duly filed and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said application-declaration, as amended, within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that requirements of the applicable provisions of the act are satisfied and deeming it appropriate in the public interest and in the interest of investors and consumers that the said application-declaration, as amended, be granted and permitted to become effective and that the request of the applicants-declarants that the order become effective at the earliest date practicable be granted.

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act that the said application-declaration, as amended, be, and the same hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24, and subject to the further condition that the proposed issue and sale of Jersey Central's $1,500,000 principal amount of first mortgage bonds — percent series, due 1981, and of Jersey Central's 40,000 shares of its $100 par value — percent cumulative preferred stock shall not be consummated until the results of the competitive bidding pursuant to Rule U-50 have been made a matter of record in this proceeding and a further order shall have been entered by this Commission in the light of the record so completed, which order may contain such terms and conditions as may then be deemed appropriate.

It is further ordered, That jurisdiction be, and hereby is, reserved over the payment of all fees and expenses of counsel in connection with the proposed transaction.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[Vesting Order 17492]

TOMIZO TANIGAWA

In re: Cash owned by Tomizo Tanigawa. F-39-6859-E-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Tomizo Tanigawa, whose last known address is Japan, is a resident of Japan and a national of a designated enemy country (Japan);

2. That the property described as follows: Cash in the sum of $192.85 presently in the possession of the Treasury Department of the United States in Trust Fund Account, Symbol 158915, "Deposits, Funds of Civilian Internees and Prisoners of War", in the name of Tomizo Tanigawa, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Tomizo Tanigawa, the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on March 8, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 17493]

DAIHEI YOSHIMOTO

In re: Stock owned by Daihei Yoshimoto, also known as D. Yoshimoto. D-39-12621-A-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Daihei Yoshimoto, also known as D. Yoshimoto, whose last known address is Japan, is a resident of Japan and a national of a designated enemy country (Japan);

2. That the property described as follows: Ten (10) shares of $100 par value capital stock of Needles Masonic Temple Association, Needles, California, a corporation organized under the laws of the State of California, evidenced by certificate numbered 213, dated January 16, 1930, registered in the name of D. Yoshimoto, and presently in the custody of the Office of Alien Property, Department of Justice, Washington, D. C., together with all declared and unpaid dividends thereon,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold, or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on March 8, 1951.

For the Attorney General.

[Vesting Order 17495]

CARL JUNGBLUT

In re: Bonds owned by Carl Jungblut. F-28-31283

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Carl Jungblut, whose last known address is Bad Orb, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows: Those certain debts or other obligations, matured or unmatured, evidenced by fifteen (15) International Standard Electric Corporation four percent bonds due July 1, 1953, of one thousand (1,000) Dutch guilders face value each, bearing the numbers DO5144/DO5158 inclusive, in bearer form, and any and all rights to demand, enforce and collect the aforesaid debts or other obligations, together with all rights in, to and under the said bonds,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Carl Jungblut, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on March 8, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 17494]

UNION BANK OF SWITZERLAND

In re: Accounts maintained in the name of Union Bank of Switzerland, or Union de Banques Suisses, Geneva, Switzerland, and owned by persons whose names are unknown. F-63-139 (Geneva).

Under the authority of the Trading With the Enemy Act, as amended, Executive Orders 9193, as amended, 9788 and 9989, and pursuant to law after investigation, it is hereby found:

1. That the property described as follows: All property, rights and interests in the accounts identified in Exhibit A attached hereto and by reference made a part hereof, together with

(a) Any other property, rights and interests which represent accumulations or accruals to, changes in form of, or substitutions for, any of the property, rights and interests in said identified accounts on October 2, 1950, and which are now held in other accounts being maintained as blocked or otherwise subject to the restrictions of Executive Order 8389, as amended, or regulations, rulings, orders or instructions issued thereunder, and

(b) Any and all rights in, to and under any securities (including, without limitation, bonds, coupons, mortgage participation certificates, shares of stock, scrip and warrants) and any and all declared and unpaid dividends on

any shares of stock in any of said accounts,

excepting from the foregoing, however, all lawful liens and setoffs of the respective institutions in the United States with whom the aforesaid accounts are maintained,

is property within the United States;

2. That the property described in subparagraph 1 hereof is owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or is evidence of ownership or control by persons, names unknown, who, if individuals, there is reasonable cause to believe are residents of a designated enemy country and which, if partnerships, associations, corporations, or other organizations, there is reasonable cause to believe are organized under the laws of a designated enemy country or on or since the effective date of Executive Order 8389, as amended, have had their principal places of business in a designated enemy country;

3. That the persons referred to in subparagraph 2 hereof are nationals of a designated enemy country;

and it is hereby determined:

4. That to the extent that the persons referred to in subparagraph 2 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country.

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended, and the term "designated enemy country" has reference to Germany or Japan.

Executed at Washington, D. C., on March 8, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[Vesting Order 5090-A-287]

COPYRIGHTS OF CERTAIN GERMAN NATIONALS

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the persons (including individuals, partnerships, associations, corporations or other business organizations) referred to or named in Column 5 of Exhibit A attached hereto and made a part hereof and whose last known addresses are listed in said Exhibit A as being in a foreign country (the names of which persons are listed (a) in Column 3 of said Exhibit A as the authors of the works, the titles of which are listed in Column 2, and the copyright numbers, if any, of which are listed in Column 1, respectively, of said Exhibit A, and or (b) in Column 4 of said Exhibit A as the owners of the copyrights, the numbers if any, of which are listed in Column 1, and covering works the titles of which are listed in Column 2, respectively, of said Exhibit A, and/or (c) in Column 5 of said Exhibit A as others owning or claiming interests in such copyrights) are residents of, or are organized under the laws of, or have their principal places of business in, such foreign country and are nationals thereof;

2. That all right, title, interest and claim of whatsoever kind or nature under the statutory and common law of the United States and of the several States thereof, of the persons referred to in Column 5 of said Exhibit A, and all of all other persons (including individuals, partnerships, associations, corporations or other business organizations), whether or not named elsewhere in this Order including said Exhibit A, who are residents of, or which are organized under the laws of or have their principal places of business in, Germany or Japan,

and are nationals of such foreign countries, in, to and under the following:

a. The copyrights, if any, described in said Exhibit A,

b. Every copyright, claim of copyright and right to copyright in the works described in said Exhibit A and in every issue, edition, publication, republication, translation, arrangement, dramatization and revision thereof, in whole or in part, of whatsoever kind or nature, and of all other works designated by the titles therein set forth, whether or not filed with the Register of Copyrights or otherwise asserted, and whether or not specifically designated by copyright number,

c. Every license, agreement, privilege, power and right of whatsoever nature arising under or with respect to the foregoing,

d. All monies and amounts, and all rights to receive monies and amounts, by way of royalty, share of profits or other emolument, accrued or to accrue, whether arising pursuant to law, contract or otherwise, with respect to the foregoing,

e. All rights of renewal, reversion or revesting, if any, in the foregoing, and

f. All causes of action accrued or to accrue at law or in equity with respect to the foregoing, including but not limited to the rights to sue for and recover all damages and profits and to request and receive the benefits of all remedies provided by common law or statute for the infringement of any copyright or the violation of any right or the breach of any obligation described in or affecting the foregoing,

is property of, and is property payable or held with respect to copyrights or rights related thereto in which interests are held by, and such property itself constitutes interests held therein by, the aforesaid nationals of foreign countries.

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described in subparagraph 2 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The term "national" as used herein shall have the meaning prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on March 1, 1951.

For the Attorney General.

[SEAL] PAUL V. MYRON,
Deputy Director,
Office of Alien Property.

Washington, Wednesday, March 21, 1951

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

[960.309, Amdt. 2]

PART 960—IRISH POTATOES GROWN IN MICHIGAN, WISCONSIN, MINNESOTA, NORTH DAKOTA, AND IN CERTAIN COUNTIES OF IOWA AND OF INDIANA

LIMITATION OF SHIPMENTS

a *Findings.* 1. Pursuant to Order No. 60, as amended (15 F. R. 6956), regulating the handling of Irish potatoes grown in Michigan, Wisconsin, Minnesota, North Dakota, and in certain counties of Iowa and of Indiana, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the North Central Potato Committee, established pursuant to said order, and upon other available information, it is hereby found that the amended limitation of shipments, as hereinafter provided, will tend to effectuate the declared policy of the act.

2. It is hereby found that it is impracticable and contrary to the public interest to give preliminary notice and engage in public rule making procedure (5 U. S. C. 1001 et seq.) in that the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, and this amendment relieves restrictions on the handling of Irish potatoes grown in the area regulated by said order.

b. *Order, as amended.* The provisions of paragraph (b) (6) (iv) of § 960.309, Amdt. 1 (16 F. R. 1267) shall, on and after the effective date hereof, read as follows:

(iv) For manufacture into starch, flour or alcohol;.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Supp. 608c)

Done at Washington, D. C., this 16th day of March 1951, to be effective upon publication in the FEDERAL REGISTER.

[SEAL] C. F. KUNKEL,
Acting Director, Fruit and Vegetable Branch, Production and Marketing Administration.

TITLE 12—BANKS AND BANKING

Chapter II—Federal Reserve System

Subchapter A—Board of Governors of the Federal Reserve System

[Reg. Q]

PART 217—PAYMENT OF INTEREST ON DEPOSITS

INTERPRETATION REGARDING "SIX MONTHS"

§ 217.104 *Six months equals 180 days.* The Board of Governors has been asked whether a deposit maturing 180 days after the date of the deposit may be regarded as having a maturity of six months or more within the meaning of § 217.6.

In a strict legal sense, of course, the term "six months" means six calendar months. However, it is appreciated that some banks for practical purposes compute interest on a 360-day basis and regard 180 days as equivalent to half a year. Moreover, it is felt that the treatment of a certificate payable after 180 days as a six months' certificate for purposes of this part would not be inconsistent with the spirit and intent of the part. Accordingly, the Board will offer no objection to the payment by a member bank of interest at a rate not exceeding 2½ percent on a time deposit which matures 180 days after its date.

(Sec. 11, 38 Stat. 262; 12 U. S. C. 248. Interprets or applies secs. 19, 24, 38 Stat. 270, 273, as amended, sec. 8, 48 Stat. 168, as amended; 12 U. S. C. 264 (c) (7), 371, 371a, 371b, 461.)

BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM,
[SEAL] S. R. CARPENTER,
Secretary.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Civil Air Regs., Amdt. 26-3]

PART 26—AIR-TRAFFIC CONTROL TOWER OPERATOR CERTIFICATES

REEXAMINATION REQUIREMENTS OF APPLICANTS

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 15th day of March 1951.

Currently effective airman parts of the Civil Air Regulations are not consistent in their requirements for reexamining applicants who have failed to pass the tests required for obtaining airman certificates. Parts 20, 21, 22, 24, 25, 33, and 51 permit an application for reexamination after at least 5 hours of additional instruction in each subject failed, or after the expiration of 30 days from the date of failure. Parts 26, 27, 34, and 35 on the other hand, permit an application for reexamination only after the expiration of 30 days from the date of failure.

There appears to be no valid reason why the reexamination provisions for all of the airman parts should not be the same. The alternate requirement of 5 hours of additional instruction was adopted in 1942, consistent with the interests of safety, as a wartime measure to expedite the qualification of certain airmen. The Board now believes that, in view of current military needs, the issuance of airman certificates can be more effectively administered by a uniform requirement which would, in effect, permit an applicant who fails any aeronautical knowledge examination to apply promptly for reexamination by taking special instructions, or otherwise be restricted to applying for reexamination after a lapse of 30 days. Our experience has shown that this option is of substantial value in qualifying applicants expeditiously and without jeopardizing our standards for competence. In the course of this experience, we have received information from numerous interested persons which indicates a general approval of this practice.

Accordingly, we are amending § 26.14 to make available the optional requirement of additional instruction to applicants for air-traffic control-tower operator certificates. For the same purpose Parts 27, 34, and 35 are being revised concurrently with this amendment.

For the reasons stated above, notice and public procedure hereon are impracticable and contrary to the public interest, and the Board finds that good cause exists for making this Civil Air Regulation effective immediately.

In consideration of the foregoing, the Civil Aeronautics Board hereby amends Part 26 of the Civil Air Regulations (14 CFR Part 26, as amended), effective immediately.

By amending § 26.14 to read as follows:

§ 26.14 *Reexamination after failure.* An applicant who has failed any prescribed written or practical examination or test may not apply for reexamination within a 30-day period unless he presents a statement signed by a certificated air-traffic control-tower operator, a certificated ground instructor, or an equally qualified individual acceptable to the Administrator, which attests that the applicant has received an additional 5 hours of instruction in each of the subjects failed and that the applicant is considered competent for reexamination.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interprets or applies secs. 601, 602, 52 Stat. 1007, as amended, 1008; 49 U. S. C. 551, 552)

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN, *Secretary.*

[F. R. Doc. 51-3531; Filed, Mar. 20, 1951; 8:57 a. m.]

[Civil Air Regs., Amdt. 27-3]

PART 27—AIRCRAFT DISPATCHER CERTIFICATES

REEXAMINATION REQUIREMENTS OF APPLICANTS

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 15th day of March 1951.

Currently effective airman parts of the Civil Air Regulations are not consistent in their requirements for reexamining applicants who have failed to pass the tests required for obtaining airman certificates. Parts 20, 21, 22, 24, 25, 33, and 51 permit an application for reexamination after at least 5 hours of additional instruction in each subject failed, or after the expiration of 30 days from the date of failure. Parts 26, 27, 34, and 35 on the other hand, permit an application for reexamination only after the expiration of 30 days from the date of failure.

There appears to be no valid reason why the reexamination provisions for all of the airman parts should not be the same. The alternate requirement of 5 hours of additional instruction was adopted in 1942, consistent with the interests of safety, as a wartime measure to expedite the qualification of certain airmen. The Board now believes that, in view of current military needs, the issuance of airman certificates can be more effectively administered by a uniform requirement which would, in effect, permit an applicant who fails any aeronautical knowledge examination to apply promptly for reexamination by taking special instructions, or otherwise be restricted to applying for reexamination after a lapse of 30 days. Our experience has shown that this option is of substantial value in qualifying applicants expeditiously and without jeopardizing our standards for competence. In the course of this experience, we have received information from numerous interested persons which indicates a general approval of this practice.

Accordingly, we are amending § 27.19 to make available the optional requirement of additional instruction to applicants for aircraft dispatcher certificates. For the same purpose Parts 26, 34, and 35 are being revised concurrently with this amendment.

For the reasons stated above, notice and public procedure hereon are impracticable and contrary to the public interest, and the Board finds that good cause exists for making this Civil Air Regulation effective immediately.

In consideration of the foregoing, the Civil Aeronautics Board hereby amends Part 27 of the Civil Air Regulations (14 CFR Part 27, as amended), effective immediately.

By amending § 27.19 to read as follows:

§ 27.19 *Reexamination after failure.* An applicant who has failed any prescribed written or practical examination or test may not apply for reexamination within a 30-day period unless he presents a statement signed by a certificated aircraft dispatcher, a certificated ground instructor, or an equally qualified individual acceptable to the Administrator, which attests that the applicant has received an additional 5 hours of instruction in each of the subjects failed and that the applicant is considered competent for reexamination.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interprets or applies secs. 601, 602, 52 Stat. 1007, as amended, 1008; 49 U. S. C. 551, 552)

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN, *Secretary.*

[F. R. Doc. 51-3532; Filed, Mar. 20, 1951; 8:57 a. m.]

[Civil Air Regs., Amdt. 34-3]

PART 34—FLIGHT NAVIGATOR CERTIFICATES

REEXAMINATION REQUIREMENTS OF APPLICANTS

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 15th day of March 1951.

Currently effective airman parts of the Civil Air Regulations are not consistent in their requirements for reexamining applicants who have failed to pass the tests required for obtaining airman certificates. Parts 20, 21, 22, 24, 25, 33, and 51 permit an application for reexamination after at least 5 hours of additional instruction in each subject failed, or after the expiration of 30 days from the date of failure. Parts 26, 27, 34, and 35 on the other hand, permit an application for reexamination only after the expiration of 30 days from the date of failure.

There appears to be no valid reason why the reexamination provisions for all of the airman parts should not be the same. The alternate requirement of 5 hours of additional instruction was adopted in 1942, consistent with the interests of safety, as a wartime measure to expedite the qualification of certain airmen. The Board now believes that, in view of current military needs, the issuance of airman certificates can be more effectively administered by a uniform requirement which would, in effect, permit an applicant who fails any aeronautical knowledge examination to apply promptly for reexamination by taking special instructions, or otherwise be restricted to applying for reexamination after a lapse of 30 days. Our experience has shown that this option is of substantial value in qualifying applicants expeditiously and without jeopardizing our standards for competence. In the course of this experience, we have received information from numerous interested persons which indicates a general approval of this practice.

Accordingly, we are amending § 34.13 to make available the optional requirement of additional instruction to applicants for flight navigator certificates. For the same purpose Parts 26, 27, and 35 are being revised concurrently with this amendment.

For the reasons stated above, notice and public procedure hereon are impracticable and contrary to the public interest, and the Board finds that good cause exists for making this Civil Air Regulation effective immediately.

In consideration of the foregoing, the Civil Aeronautics Board hereby amends Part 34 of the Civil Air Regulations (14 CFR Part 34, as amended), effective immediately.

By amending § 34.13 to read as follows:

§ 34.13 *Reexamination after failure.* An applicant who has failed any prescribed written or practical examination or test may not apply for reexamination within a 30-day period unless he presents a statement signed by a certificated flight navigator, a certificated ground instructor, or an equally qualified individual acceptable to the Administrator, which attests that the applicant has received an additional 5 hours of instruction in each of the subjects failed and that the applicant is considered competent for reexamination.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interprets or applies secs. 601, 602, 52 Stat. 1007, as amended, 1008; 49 U. S. C. 551, 552)

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN, *Secretary.*

[F. R. Doc. 51-3533; Filed, Mar. 20, 1951; 8:57 a. m.]

[Civil Air Regs., Amdt. 35-3]

PART 35—FLIGHT ENGINEER CERTIFICATES

REEXAMINATION REQUIREMENTS OF APPLICANTS

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 15th day of March 1951.

Currently effective airman Parts of the Civil Air Regulations are not consistent in their requirements for reexamining applicants who have failed to pass the tests required for obtaining airman certificates. Parts 20, 21, 22, 24, 25, 33, and 51 permit an application for reexamination after at least 5 hours of additional instruction in each subject failed, or after the expiration of 30 days from the date of failure. Parts 26, 27, 34 and 35 on the other hand, permit an application for reexamination only after the expiration of 30 days from the date of failure.

There appears to be no valid reason why the reexamination provisions for all of the airman parts should not be the same. The alternate requirement of 5 hours of additional instruction was adopted in 1942, consistent with the interests of safety, as a wartime measure to expedite the qualification of certain airmen. The Board now believes that, in view of current military needs, the issuance of airman certificates can be more effectively administered by a uniform requirement which would, in effect, permit an applicant who fails any aeronautical knowledge examination to apply promptly for reexamination by taking special instructions, or otherwise be restricted to applying for reexamination after a lapse of 30 days. Our experience has shown that this option is of substantial value in qualifying applicants expeditiously and without jeopardizing our standards for competence. In the course of this experience, we have received information from numerous interested persons which indicates a general approval of this practice.

Accordingly, we are amending § 35.14 to make available the optional requirement of additional instruction to applicants for flight engineer certificates. For the same purpose Parts 26, 27 and 34 are being revised concurrently with this amendment.

For the reasons stated above, notice and public procedure hereon are impracticable and contrary to the public interest, and the Board finds that good cause exists for making this Civil Air Regulation effective immediately.

In consideration of the foregoing, the Civil Aeronautics Board hereby amends Part 35 of the Civil Air Regulations (14 CFR Part 35, as amended), effective immediately.

By amending § 35.14 to read as follows:

§ 35.14 *Reexamination after failure.* An applicant who has failed any prescribed written or practical examination or test may not apply for reexamination within a 30-day period unless he presents a statement signed by a certificated flight engineer, a certificated ground instructor, or an equally qualified individual acceptable to the Administrator, which attests that the applicant has received an additional 5 hours of instruction in each of the subjects failed and that the applicant is considered competent for reexamination.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interprets or applies secs. 601, 602, 52 Stat. 1007, as amended, 1008; 49 U. S. C. 551, 552)

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN, *Secretary.*

[F. R. Doc. 51-3534; Filed, Mar. 20, 1951; 8:57 a. m.]

TITLE 15—COMMERCE AND FOREIGN TRADE

Chapter III—Bureau of Foreign and Domestic Commerce, Department of Commerce

Subchapter C—Office of International Trade

[5th Gen. Rev. of Export Regs., Amdt. 50 [1]]

PART 372—PROVISIONS FOR INDIVIDUAL AND OTHER VALIDATED LICENSES

PART 373—LICENSING POLICIES AND RELATED SPECIAL PROVISIONS

PART 375—BLT (BLANKET) LICENSES

MISCELLANEOUS AMENDMENTS

1. Section 372.12 *Weight and volume tolerance* is amended in the following particulars:

Paragraph (a) *10 percent tolerance* is amended to read as follows:

§ 372.12 *Weight and volume tolerance*—(a) *10 percent tolerance.* For all commodities requiring an export license, unless otherwise specified in such license, a 10 percent tolerance by weight or volume over the amount specified in the license is allowed, except as listed below in this section:

Commodities	*Tolerance (percent)*
Raw cotton except linters (Schedule B Nos. 300005 through 300312) (pounds or bales)	2
Sulfur (crude, crushed, ground, refined, sublimed, and flowers) (Schedule B Nos. 571400 and 571500)	1
Medicinal and pharmaceutical preparations with processing codes DRUG and ACID (Schedule B Nos. 811100 through 818300)	1

This part of the amendment shall become effective as of April 1, 1951.

[1] This amendment was published in Current Export Bulletin No. 612 dated March 15, 1951.

2. Section 373.1 *Export licensing general policy* is amended in the following particulars:

Paragraph (h) *Commodities subject to this export licensing policy*, subparagraph (2) is amended by adding thereto the following commodities:

Commodity	*Schedule B No.*
Wool rags, woven and knit	362200

This part of the amendment shall become effective as of March 20, 1951.

3. Section 375.2 *Commodities subject to procedure* is amended to read as follows:

§ 375.2 *Commodities subject to procedure.* The following commodities are subject to the BLT (Blanket) license procedure:

Commodity	*Schedule B No.*
Aluminum and aluminum-base alloy sheets, plates, and strips (0.006 inch and over in thickness)	630301
Carbon black, contact (including channel)	842310
Carbon black, furnace	842350

In addition, all R commodities, and those RO commodities which have the following processing code symbol of the Office of International Trade: "STEE".

This part of the amendment shall become effective as of March 20, 1951.

(Sec. 3, 63 Stat. 7; 50 U. S. C. App. Sup. 2023. E. O. 9630, Sept. 27, 1945, 10 F. R. 12245, 3 CFR, 1945 Supp.; E. O. 9919, Jan. 3, 1948, 13 F. R. 59, 3 CFR, 1948 Supp.)

TITLE 32—NATIONAL DEFENSE

Chapter VI—Department of the Navy

PART 702—TABULATION OF EXECUTIVE ORDERS, PROCLAMATIONS, AND PUBLIC LAND ORDERS APPLICABLE TO THE NAVY

EDITORIAL NOTE: For an addition to the tabulation in § 702.4, see Public Land Order 706 in the Appendix to Title 43, Chapter I, *infra*.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 3, Supplementary Regulation 1]

CPR 3—COAL, EXCEPT PENNSYLVANIA ANTHRACITE DELIVERED FROM MINE OR PREPARATION PLANT

SR 1—BITUMINOUS BRIQUETS PRODUCED AT PLANTS IN OR NEAR THE COAL FIELDS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Supplementary Regulation No. 1 to Ceiling Price Regulation No. 3 (16 F. R. 1008) is hereby issued.

STATEMENT OF CONSIDERATIONS

Briquet plants make a space heating fuel through the processing of fine coal sizes that otherwise would have but limited use. Included in this category are plants that semidistill coal for the primary purpose of making such fuel although they may also obtain tar in the process.

Some plants are located in coal fields and others outside the fields obtain coal directly from the mine. A number are near docks on the Great Lakes where coal is stored and prepared, and in a few cases plants are adjuncts to retail coal yards. This supplementary regulation covers the plants using bituminous and other soft coal as a principal raw material, which are located in the mine fields, or outside the fields and acquire their principal coal supply directly from the mines. The plants involved have a combined production of approximately one million tons.

The briquet prices reflected the cost of coal to a large degree in addition to the fact that their product is sold in the coal market. Moreover, plants located in the mining fields have wage and other conditions common to coal operations. The effect of this supplementary regulation is to place such plants under Ceiling Price Regulation 3, i. e., on a common basis with provisions applicable to f. o. b. mine prices on soft coal.

FINDINGS OF DIRECTOR OF PRICE STABILIZATION

In the judgment of the Director of Price Stabilization the provisions of Supplementary Regulation No. 1 to Ceiling Price Regulation No. 3 are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950.

So far as practicable the Director of Price Stabilization gave due consideration to the national effort to achieve maximum production in furtherance of the objectives of the Defense Production Act of 1950; to prices prevailing during the period from May 24, 1950, to June 24, 1950, inclusive; and to relevant factors of general applicability.

In formulating this supplementary regulation the Director has consulted with representatives of the industry to the extent practicable under the circumstances, and has given consideration to their recommendations.

REGULATORY PROVISIONS

Sec.
1. Applicability of supplementary regulation.
2. Definitions.
3. Application of CPR No. 3.

AUTHORITY: Sections 1 to 3 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply Title IV, Pub. Law 774, 81st Cong., E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.

SECTION 1. *Applicability of supplementary regulation.* This supplementary regulation applies to a person engaged in the business of manufacturing or producing briquets or semidistilled coal, made principally from coal other than Pennsylvania anthracite and located in the fields where such coal originates or receiving the majority of its coal supply directly from such fields.

SEC. 2. *Definitions.* When used in this supplementary regulation the term:

(a) "Person" means a person as defined in section 2 (a) of Ceiling Price Regulation No. 3;

(b) "Producer" means a person engaged in the business of manufacturing or producing briquets where coal other than Pennsylvania anthracite is the principal raw product, and any person acting as an agent of a producer;

(c) "Distributor" means a person who purchases briquets at or for delivery from a plant operated by a producer hereunder, for resale, and resells the same in not less than cargo or railroad carload lots, or the equivalent thereof, and any person acting as an agent of such distributor in the sale thereof.

(d) "Sales Agent" is a person who, as agent of a producer, sells briquets manufactured or produced by such producer for him or on his behalf;

(e) "Briquets" means briquets and semidistilled coal manufactured or produced principally from coal other than Pennsylvania anthracite at plants operated by producers hereunder.

(f) "Base period" means (1) where the principal supply of coal used in the manufacture or production of such briquets is mined east of the Mississippi River, the base period shall be July 1, 1948, to June 30, 1949, inclusive; (2) where the principal supply of coal used in manufacture or production of such briquets is mined west of the Mississippi River, the base period shall be March 1, 1950, to December 31, 1950, inclusive;

(g) "Realization" means the gross amount of money or value received or debited to the account of the producer in the sale of briquets and shall include the total price charged by the producer (including commissions to sales agents and discounts to distributors);

(h) "Open market sales" shall include briquets sold, delivered or otherwise disposed of by rail, truck, barge or other method of transportation pursuant to an arms-length transaction;

(i) "Ton" means a short or net ton of 2,000 pounds.

(j) "Ceiling price" means the highest price applicable to a particular size or grade of briquets determined in accordance with the provisions of this regulation. Such ceiling price shall include commissions to sales agents and discounts to distributors and shall be a price f. o. b. the plant at which such briquets are manufactured or produced.

SEC. 3. *Application of CPR No. 3.* The producers subject to this supplementary regulation shall be subject to all of the provisions of Ceiling Price Regulation No. 3, as amended, except that:

(a) Wherever the word "coal" appears in CPR No. 3 there shall be substituted the word "briquets."

(b) Wherever the words "mine" or "preparation plant" appear in CPR No.

3 there shall be substituted the words "briquet plant."

(c) For the words "February 1, 1951", "January 31, 1952", and "March 1, 1951", appearing in section 4 (b) of CPR No. 3 there shall be substituted respectively the words "April 1, 1951", "March 31, 1952", and "May 1, 1951."

(d) Section 4 (d) of CPR No. 3 shall be modified to read as follows: The ceiling prices and ceiling weighted average realization determined for a briquet or semidistilled coal plant determined in accordance with the provisions of this regulation may be increased by (1) the amount of the actual increase in delivered cost paid by the producer for the raw materials used in producing such briquets or semidistilled coal incurred on or after February 1, 1951, but prior to July 1, 1951, and (2) the amount of the increase in cost resulting from advances in wages, salaries, and other payroll items of the briquet plant: *Provided*, That such increases became effective on or after January 1, 1951, and prior to July 1, 1951, and that such increases satisfy the policy and requirements of the Wage Stabilization Board of the Economic Stabilization Agency.

Effective date: This supplementary regulation shall become effective March 24, 1951.

NOTE: The record-keeping and reporting requirements of this supplementary regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

MICHAEL V. DISALLE,
Director of Price Stabilization.

MARCH 19, 1951.

[F. R. Doc. 51-3636; Filed, Mar. 20, 1951; 11:45 a. m.]

[Ceiling Price Regulation 7, Amdt. 1]

CPR 7—RETAIL CEILING PRICES FOR CERTAIN CONSUMER GOODS

EXTENSION OF TIME, CORRECTIONS AND CLARIFICATIONS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization General Order No. 2 (16 F. R. 738), this Amendment 1 to Ceiling Price Regulation 7 (16 F. R. 1872) is hereby issued.

STATEMENT OF CONSIDERATIONS

The accompanying amendment to Ceiling Price Regulation 7 extends the time for retailers to file their pricing charts. In view of the fact that certain areas did not receive copies of the regulation as soon as it was issued, retailers generally will require more time in which to prepare and file charts and reports. Accordingly, the Director has extended the time for filing list date charts and base period markup or margin reports to April 30, 1951.

This amendment also makes certain corrections and clarifications and minor changes in the text and appendices of Ceiling Price Regulation 7.

AMENDATORY PROVISIONS

Ceiling Price Regulation 7 is hereby amended in the following respects:

1. Sections 5, 11, 12, and 52 (a) (2) are amended by changing the date "March 29, 1951" wherever it appears to "April 30, 1951" and by changing the date "April 28, 1951" wherever it appears to "May 30, 1951."

2. Section 5 (a) is amended to read as follows:

(a) You may begin to use the applicable pricing rules after you file your chart, but you must begin to use the rules not later than April 30, 1951 (unless you are a mail order establishment subject to paragraph (b) of this section).

3. Section 35 is amended by substituting for the example stated at the end of paragraph (a) the following corrected example:

Example: You wish to price a man's shirt with a net cost of $1.47. You have not listed any net cost of $1.47 for category 117, but you have listed net costs of $1.50 and $1.46. Your percentage markup for your $1.46 net cost is 54%. Your average category markup for category 117 is 53.1%. Since 53.1% is the lower, your ceiling price is found by multiplying the net cost $1.47 by .531 (1.47×.531=.78) and adding the result, $0.78 to $1.47. The total ($1.47+.78=$2.25) $2.25 is the ceiling price.

4. Section 38 is amended by deleting the words "to exceed" in paragraph (a).

5. Section 53 (b) (2) is amended by substituting the phrase "paragraph (b) (1) (i)" for the phrase "paragraph (a) (1) (i)" in the first sentence.

6. Appendix A is amended in the following respects:

(1) In sample chart (a) for category 116 insert under the line for $2.43 in column 2 the following: ($4.50).

(2) In sample chart (a) for category 117 move the lines in column 2 for $1.82, 1.94 and 3.64 down one line so that they will be opposite the following offering prices in column 3 respectively, 2.98 M, 3.50, and (5.95).

(3) In sample chart (a) for category 119 insert the letter "E" after the word "(handkerchiefs)" at the end of the third invoice listed in column 5.

(4) In sample chart (a) for category 122 insert under the line for $1.82 in column 2 the following: ($3.50).

(5) In sample chart (b) for category 701 insert in column 3 beside the 111.60 offering price the letter "R."

7. Appendix B is amended in the following respects:

a. Category 121 is amended by adding the following item:

Men's wallets.

b. Category 305 is amended by deleting the phrase "except rubber panties" from the first item listed in that category.

c. In the headnote to paragraph (3) immediately following the text for Category 752, the phrase "except knotted oriental rugs (which are exempt from price control)" is deleted.

d. Category 1010 is amended by changing the text to read as follows:

All dresses in women's sizes, such as 36's, 38's, etc., all half-sizes, all extra sizes, with a cost at source of over $2.53 after all discounts have been deducted.

e. Category 1010 A is amended in the following respects: (1) Change the headnote to read "Jr. size Dresses costing over $2.53"; and (2) insert the word "over" after the phrase "at source" in the text.

8. In Appendix C substitute for categories 401 through 409 the following:

Category you are pricing	Comparable categories					
	First	Second	Third	Fourth	Fifth	
401	403	402	406	123		
402	410	403	401	123		
402A						
402B						
403	406	401	113			
406	403	401	208			
408	406	407	403	202	1,020	
409	401	403	408	107	112	

9. In Appendix D delete category 404 and the whole line opposite that entry.

10. In Appendix F delete category "104" and the multiplier "1.041" opposite it.

(Sec. 704, Pub. Law 774, 81st Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61)

Effective date. This regulation shall become effective March 19, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

MARCH 19, 1951.

[F. R. Doc. 51-3614; Filed, Mar. 19, 1951; 4:46 p. m.]

[Ceiling Price Regulation 7, Amdt. 1 to Supplementary Regulation 1]

CPR 7—RETAIL CEILING PRICES FOR CERTAIN CONSUMER GOODS

SR 1—SPECIAL PRICING METHODS FOR CERTAIN CHAIN STORES AND MAIL ORDER ESTABLISHMENTS; EXTENSION OF TIME

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization General Order No. 2 (16 F. R. 738), this Amendment 1 to Ceiling Price Regulation 7, Supplementary Regulation 1 (16 F. R. 1895), is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment, reflecting action taken in an amendment to Ceiling Price Regulation 7 issued simultaneously herewith, extends the dates for filing list date charts and reports and for acknowledging those charts and reports to April 30, 1951 and May 30, 1951, respectively. The grounds for the extension are stated in the concurrently issued amendment to Ceiling Price Regulation 7.

AMENDATORY PROVISIONS

Supplementary Regulation 1 is hereby amended in the following respects:

1. Section 6 (c) (1) is amended by substituting the date April 30, 1951 for the date March 29, 1951.

2. Section 6 (c) (3) is amended by substituting the date May 30, 1951 for the date April 28, 1951.

3. Section 6 (d) is amended by substituting the date May 30, 1951 for the date April 28, 1951.

(Sec. 704, Pub. Law 774, 81st Cong. Interprets or applies sec. 101, Pub. Law 774, 81st Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61)

Effective date. This amendment shall become effective March 19, 1951.

MICHAEL V. DISALLE,
Director of Price Stabilization.

Chapter VI—National Production Authority, Department of Commerce

[NPA Order M-45]

M-45—ALLOCATION OF CHEMICALS AND ALLIED PRODUCTS

This order is found necessary and appropriate to promote the national defense and is issued pursuant to the authority granted by section 101 of the Defense Production Act of 1950. In the formulation of this order there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations.

EXPLANATORY PROVISIONS

Sec.
1. What this order does.
2. Definitions.
3. Effect of schedules issued under this order.
4. Relation to other NPA orders and regulations.
5. Equivalent quantities.

RESTRICTIONS ON DELIVERY AND USE

6. Restrictions on delivery.
7. Certified statement of proposed use.
8. Limitation on inventory.
9. Restrictions on use.

AUTHORIZATION BY NPA

10. Application for authorization to deliver or accept delivery.
11. Application for authorization to use.
12. Filing of applications for authorization.
13. Issuance of authorization by NPA.
14. Notice of NPA action to purchaser by supplier.
15. Termination of NPA authorization.

EXEMPTIONS

16. Small orders.
17. Existing stocks on initial allocation date.
18. Stockpile items and imports.

SPECIAL PROVISIONS

19. Release of material from allocation control.
20. Toll agreements.
21. Brokers and sales agents.
22. Full container adjustments.

23. Records.
24. Audit and inspection.
25. Reports.

GENERAL PROVISIONS

Sec.
26. Adjustments and exceptions.
27. Communications.
28. Violations.

AUTHORITY: Sections 1 to 28 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

EXPLANATORY PROVISIONS

SECTION 1. *What this order does.* (a) The purpose of this order is to provide for the distribution and use of the limited supply of chemicals and allied products so as best to serve the interests of national defense and essential civilian production. Materials are made subject to its provisions individually through the issuance under this order of separate schedules which classify each material as an Appendix A, B, or C material. This order prohibits, subject to certain exceptions, any deliveries by suppliers, acceptance of certain deliveries from suppliers and use by any person of materials made subject to its provisions except in accordance with allocation authorizations issued by NPA.

(b) Three general systems of allocation are provided for in this order. Appendix A materials are allocated on Forms NPAF-45 and 46. Appendix B materials are allocated on Form NPAF-47, on the basis of certified statements of proposed use from each customer. Appendix C materials are allocated on Form NPAF-47, on the basis of applications on Form NPAF-45 for large orders, and certified statements of proposed use as to orders for intermediate quantities. Special provision is made for small order exemptions.

(c) Provision is thus made whereby the supply remaining after the defense requirements are met may be equitably distributed through normal channels for civilian uses and with due regard for the needs of new and small businesses.

SEC. 2. *Definitions.* As used in this order:

(a) "Person" means any individual, corporation, partnership, association or any other organized group of persons and includes any agency of the United States or any other government.

(b) "Material" means any chemical or allied product defined and made subject to this order as an Appendix A, B, or C material by any schedule issued pursuant to this order.

(c) "Supplier" means any person who produces or imports material for resale or for his own use or who purchases the material for resale as such or for resale after processing into any form subject to the same schedule which applies to the material.

(d) "Initial allocation date" means the date specified in the applicable schedule on which a material first becomes subject to allocation under this order.

(e) "Allocation period" means the period, usually a calendar month or quarter, specified in the applicable schedule for which regular allocation will be made.

(f) "Small order exemption period" means the period within which the small order quantity specified in the applicable schedule may be delivered, accepted or used free from allocation control.

(g) "Toll agreement" means any agreement or arrangement by which title to the material remains vested in a person other than the one processing such material.

(h) "NPA" means National Production Authority.

SEC. 3. *Effect of schedules issued under this order.* A separate schedule is issued under this general order for each subject material brought within its provisions. The schedule specifies the date on which the material first becomes subject to allocation, details the information required for applications for allocation, and may contain special exemptions or additional requirements modifying the terms of this general order. All provisions of each such schedule are hereby incorporated in and made part of this order. In the event of any inconsistency between a schedule and this general order the provisions of the schedule shall govern. Schedules may be issued or amended at any time and shall remain in effect until individually amended or revoked. Appendices A, B, and C outline the principal requirements for making application for allocation as set forth in the schedules, and list the applicable schedule numbers. Nevertheless a material is subject to this order as an Appendix A, B, or C material as stated in the applicable schedule although the corresponding appendix has not yet been amended to reflect that fact.

SEC. 4. *Relation to other NPA orders and regulations.* All provisions of any NPA regulation or any other NPA order which are inconsistent with this order or any schedule issued hereunder are superseded, but in all other respects such regulations and other orders remain applicable to the industries affected by this order. DO rated orders for any material subject to this order shall have no preference over non-rated orders therefor but NPA may take into consideration such DO rated orders in granting allocation authorizations pursuant to this order. NPA may from time to time issue special directives as to deliveries or use of any such material and unless otherwise provided therein such directives shall prevail over the provisions of this order or of any schedule issued under this order.

SEC. 5. *Equivalent quantities.* The provisions of this order relate to quantities of material and not to particular identifiable lots thereof.

RESTRICTIONS ON DELIVERY AND USE

SEC. 6. *Restrictions on delivery.* On and after the initial allocation date:

(a) No supplier shall deliver to any person any Appendix A, B, or C material in any allocation period except in accordance with the terms of an allocation authorization issued to the supplier for such period by NPA under this order.

(b) No person shall accept from a supplier delivery of any Appendix A material in any allocation period except in

accordance with the terms of an allocation authorization issued to such person for such period by NPA under this order.

(c) No person shall accept from all suppliers delivery in any allocation period of an aggregate quantity of Appendix C material for which authorization to receive is required by the applicable schedule, except in accordance with the terms of an allocation authorization issued to such person for such period by NPA under this order.

SEC. 7. *Certified statement of proposed use.* On and after the initial allocation date no supplier shall deliver to any person and no person shall accept from a supplier delivery of any Appendix B material, or any quantity of Appendix C material for which a use certificate is required by the applicable schedule, unless such a person has entered on or attached to his purchase order a statement of his proposed use of each separate quantity of material listed in such order, together with a signed certification as follows:

Certified under NPA Order M–45.

Such certification constitutes a representation by the purchaser to his supplier and to NPA that the material so ordered will be used only for the purpose or purposes set forth in such statement.

SEC. 8. *Limitation on inventory.* No person (notwithstanding any allocation made to him) shall place an order for any Appendix A, B, or C material calling for delivery, and no person shall accept delivery of such material, at a time when his inventory exceeds, or by acceptance of such delivery would be made to exceed, his minimum requirements for the period of time specified in the applicable schedule at his then scheduled rate and method of operation, or a practicable minimum working inventory within the meaning of NPA Regulation 1, whichever is smaller. Any person who at any time has outstanding orders for any material calling for delivery earlier or in quantities greater than he would be permitted to receive under this section, shall forthwith notify his supplier of the extent to which delivery cannot be accepted as scheduled, and such orders shall be adjusted accordingly. Imported, as well as domestic material, except when such imported material remains in the hands of a person who has purchased it directly from a foreign seller, is subject to this section and is to be included in computing inventory. Material which has been processed to any degree, but has not yet been actually incorporated into a finished or partially finished product, is likewise to be included in computing inventory.

SEC. 9. *Restrictions on use.* On and after the initial allocation date:

(a) No person, except as provided in paragraph (b) of this section, shall use any Appendix A, B, or C material in any allocation period except in accordance with the terms of an allocation authorization issued to such person for such period by NPA under this order.

(b) No person required by section 7 to furnish his supplier with a certified statement of proposed use shall use any material delivered by such supplier on the basis of such statement except for a purpose set forth therein, subject to any modification or limitation on use imposed by NPA in authorizing the supplier to make such delivery.

(c) Pending receipt of any Appendix A, B, or C material allocated for a particular purpose, any person may use stocks on hand for that purpose but he must replace such stocks upon receipt of the allocated material.

AUTHORIZATION BY NPA

SEC. 10. *Application for authorization to deliver or accept delivery.* (a) Application by a supplier for authorization to deliver any Appendix A material shall be made on Form NPAF–46, and for authorization to deliver any Appendix B or C material shall be made on Form NPAF–47.

(b) Application for authorization to accept from a supplier delivery of any Appendix A material or a quantity of Appendix C material for which authorization to receive is required by the applicable schedule shall be made on Form NPAF–45.

SEC. 11. *Application for authorization to use.* (a) Application by a supplier for authorization to use any Appendix A material shall be made on Form NPAF–46, and for authorization to use any Appendix B or C material shall be made on Form NPAF–47. When required by the applicable schedule, a supplier shall also make application on Form NPAF–45 for authorization to use any Appendix A or B material.

(b) Application by a person other than a supplier to use any Appendix A material or a quantity of any Appendix C material for which authorization to receive is required by the applicable schedule shall be made on Form NPAF–45.

(c) No person required under section 7 to file a certified statement of proposed use of Appendix B or C material is required to apply for authorization to use any material received pursuant to a certified purchase order.

(d) Application for authorization to use any Appendix B or C material not specifically provided for in paragraphs (a) and (b) of this section shall be made on Form NPAF–45.

SEC. 12. *Filing of applications for authorization.* Each application under sections 10 and 11 must be filed with NPA prior to the allocation period for which authorization is sought on a date not later than that specified in the applicable schedule.

SEC. 13. *Issuance of authorization by NPA.* Authorization to deliver, accept delivery or use will be entered by NPA on the form on which application is made under sections 10 and 11, and will be sent by NPA to the person who filed the application.

SEC. 14. *Notice of NPA action to purchaser by supplier.* Each supplier must, prior to making delivery to any person who has filed with him a certified statement of proposed use pursuant to section 7, notify such person in writing of denial in whole or in part by NPA of any item or items on such person's certified purchase order. Such notice shall state the separate quantity to be delivered for each different class of proposed use, if more than one class of use was specified in the certified statement.

SEC. 15. *Termination of NPA authorization.* (a) An authorization to deliver shall terminate at the close of the calendar month immediately following the allocation period for which delivery was authorized: *Provided, however,* That such authorization shall terminate immediately upon expiration of the allocation period if a purchaser fails to place his order during that period or if he requires postponement of delivery beyond the end of the calendar month immediately following such allocation period. When authorization to deliver is received before the specified allocation period, advance delivery may be made if it does not delay previously authorized deliveries.

(b) A purchaser may accept delivery before or after the allocation period, but if he knows or has reason to believe that a shipment was made prior to receipt of or after expiration of an authorization to deliver he must notify NPA immediately and hold such material intact subject to direction from NPA.

(c) The duration of an authorization to use any Appendix A, B, or C material is specified in the applicable schedule.

EXEMPTIONS

SEC. 16. *Small orders.* The provisions of sections 6, 7, and 9 of this order shall not apply to small orders as defined in the applicable schedule, subject to the following conditions:

(a) All requirements of the applicable schedule relating to small orders shall be observed.

(b) No supplier shall deliver a quantity of any material in excess of the small order exemption to any one customer during the small order exemption period.

(c) The total quantity of any material delivered by a supplier to all purchasers under this exemption during any small order exemption period shall not exceed an amount equal to the total of the following: (1) The amount which NPA has specifically authorized him on forms NPAF–46 or NPAF–47 to deliver on small orders; (2) the amount which he has received pursuant to specific authorization on form NPAF–45 or to a certified statement of proposed use; (3) the amount which he himself has acquired on small orders without specific NPA authorization and has not used; and (4) the amount which he had on hand on the initial allocation date, if he sells exclusively on small orders.

(d) The total quantity of any material received under this exemption by any person from all suppliers during the small order exemption period shall not exceed in the aggregate one small order exemption quantity.

(e) If additional quantities of material acquired under this exemption are received during the same allocation period pursuant to NPA allocation authorization, the material acquired under this exemption shall be used for experimental purposes only, or be held in inventory subject to further direction from NPA.

(f) Material allocated for a particular purpose (other than inventory) shall be used for that purpose and not under this exemption unless changing circumstances or expiration of the authorization to use make it impracticable or impossible to use the material for the original purpose.

(g) If, prior to the effective date of this order, an operating unit of a single enterprise normally purchased separately, such unit may disregard the purchases or allocations of other operating units of that enterprise for purposes of this exemption.

SEC. 17. *Existing stocks on initial allocation date.* The provisions of sections 6, 7, and 9 of this order shall not apply to:

(a) Any material which a person other than a supplier had in stock on the initial allocation date or which was in transit consigned to such person prior to that date.

(b) Any material which a supplier had in stock on the initial allocation date which he customarily maintains for his own use, segregated physically and as a matter of record from his inventory of material for sale: *Provided, however,* That prior to the allocation date no supplier shall transfer to his separate consumer's inventory more material than would be permissible under NPA Reg. 1.

SEC. 18. *Stockpile items and imports.* The provisions of sections 6, 7, and 8 of this order shall not apply to:

(a) Deliveries of Appendix A, B, or C material to the General Services Administration for the sole purpose of stockpiling.

(b) Acceptance of deliveries of Appendix A, B, or C material directly from a foreign source.

SPECIAL PROVISIONS

SEC. 19. *Release of material from allocation control.* (a) The provisions of sections 6, 7, and 9 of this order shall not apply to any quantities of Appendix A, B, or C material specifically released by NPA from allocation control. Such release of an aggregate quantity of material will be accomplished on forms NPAF–46 or NPAF–47 and will be for general or limited purposes.

(b) Whenever such released material is delivered or redelivered the seller shall notify the purchaser in writing that the material is delivered under this exemption. If such material has been released for unlimited purposes the seller shall include in such notice to the purchaser the statement that there is no restriction on use or redelivery of such material. If, however, release is for a limited purpose no person shall deliver and no person shall accept delivery thereof unless the purchaser has filed with the seller a statement in the form set forth in section 7 to the effect that such material will be used or redelivered only for the purpose or purposes set forth in such statement. Material acquired on the basis of this representation shall not be used except in accordance therewith.

(c) The requirements of paragraph (b) of this section shall not apply to any delivery by a seller to a purchaser during a small order exemption period of a total amount which does not exceed one small order exemption quantity as defined in the applicable schedule, including quantities delivered pursuant to release, exemption and allocation.

(d) Quantities released under this section may be used or delivered without any limitation as to time. Such material may not be delivered or used, however, by any person to an extent which would delay his delivery or use of the same kind of material pursuant to an allocation authorization issued under this order.

SEC. 20. *Toll agreements.* (a) Any person who converts raw materials into any Appendix A, B, or C material for the owner of the raw materials under a toll agreement may deliver such Appendix A, B, or C material without restriction to the owner, or to any third person designated by the owner unless the toll processor knows or has reason to believe that the owner has no right pursuant to specific authorization or exemption under this order to direct delivery to such person.

(b) The owner of any Appendix A, B, or C material may deliver it for processing for him by any other person under a toll agreement only to the extent that the owner is authorized to process or use the material himself pursuant to specific authorization or exemption under this order. The processor may receive and process the material and return it to the owner without restriction unless he knows or has reason to believe that the owner is causing the material to be processed in violation of the provisions of this order. Unless advised to the contrary in writing by the owner, the processor shall assume that material delivered in small order quantities is tendered for processing under the owner's small order exemption. The total quantity which any person may process under the small order exemption on toll for owners and for his own account must not exceed one small order exemption quantity during each small order exemption period.

SEC. 21. *Brokers and sales agents.* Application and specific authorization shall not be required for the participation by a broker or sales agent when (a) material is ordered through a broker or sales agent and is to be delivered by the supplier direct to the purchaser, or (b) material is sold by a supplier through an agent who submits the buyer's purchase orders to the supplier for approval. In such cases the purchaser shall furnish the broker or sales agent with the necessary application form or certificate and the broker or sales agent shall transmit the form or certificate or the necessary information to the supplier. Application for authorization to deliver shall be made by the supplier as if the order had been placed directly with him. Similarly exempt small orders may be transmitted to the supplier and filled in accordance with section 16 as if placed directly with the supplier.

SEC. 22. *Full container adjustments.* A delivery authorized by NPA under this order (not including a delivery under the small order exemption) may be increased to the extent necessary to avoid shipping partly filled containers, if a container in the nearest practicable size is used. The person accepting such overshipment shall hold the excess material as an advance shipment on subsequent allocations and shall (a) use it only for the purpose authorized for the subsequent allocation against which it is charged, or (b) hold it in inventory subject to further directions from NPA.

RECORDS AND REPORTS

SEC. 23. *Records.* Each person participating in any transaction covered by this order shall retain in his possession for at least two years records of receipts, deliveries, inventories, and use, in sufficient detail to permit an audit that determines for each transaction that the provisions of this order have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

SEC. 24. *Audit and inspection.* All records required by this order shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of NPA.

SEC. 25. *Reports.* Persons subject to this order shall make such records and submit such other reports to NPA as it shall require, subject to the terms of the Federal Reports Act of 1942 (Pub. Law 831, 77th Cong., 5 U. S. C. 139–139F).

GENERAL PROVISIONS

SEC. 26. *Adjustments and exceptions.* Any person affected by any provision of this order or by any action taken under this order may file a request for adjustment or exception upon the ground that such provision or action works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or its enforcement against him would not be in the interests of the national defense or in the public interest. In considering requests for adjustment which claim that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing and shall set forth all pertinent facts, the nature of the relief sought and the justification therefor.

SEC. 27. *Communications.* All communications concerning this order shall be addressed to the National Production Authority, Washington 25, D. C., Ref: M–45.

SEC. 28. *Violations.* Any person who wilfully violates any provision of this order, or furnishes false information or wilfully conceals a material fact or furnishes false information in the course of operation under this order, is guilty of a crime and upon conviction may be punished by fine or imprisonment, or

both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All record-keeping and reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This order shall take effect on March 16, 1951.

NATIONAL PRODUCTION AUTHORITY,
[SEAL] MANLY FLEISCHMANN,
Administrator.

APPENDICES A, B, AND C

Lists of materials subject to this order with outline of allocation requirements. These appendices are issued and printed separately.

APPENDIX D—GENERAL INSTRUCTIONS FOR PREPARATION OF CERTIFIED STATEMENTS AND FORMS

CERTIFIED STATEMENT OF PROPOSED USE

1. *Two or more end uses.* In the event two or more end uses are involved in a single purchase order with which a certified statement of proposed use must be filed under this order or the applicable schedule, the amount of the material required for each such use shall be listed as a separate item. Each item shall bear an identifying number so that the supplier may advise the purchaser by purchase order number and item number as to the action taken by NPA on the supplier's application for authorization to make delivery.

2. *Notarization.* A certified statement of proposed use need not be notarized.

FORMS NPAF-45, 46, AND 47—GENERALLY

3. *Where to obtain copies.* Copies of forms NPAF–45, 46, 47 may be obtained at local field offices of the Department of Commerce.

4. *Special instructions in schedules.* The applicable schedule may contain special instructions which supplement or modify the following general instructions.

5. *Notarization.* The certification at the bottom of page 2 of each form need not be notarized.

6. *Time of filing.* These forms should be filed or mailed in time to reach NPA on or before the date specified in the applicable schedule.

7. *Allocation period.* Specify, in the space provided in the heading, the allocation period for which authorization is sought. If the allocation period is not one month strike out "month" and substitute the appropriate period throughout the form.

FORM NPAF–45

8. *Form NPAF–45* is for use in requesting authorization to use or to accept delivery from a supplier. Suppliers who desire to consume from their own production, should consult paragraph 18 of these instructions.

9. *Number of copies and where to file.* Prepare five copies (a continuation sheet for Table I is available). Leave page 2 (Tables II–V inclusive) blank on the copy mailed to the supplier and on one copy mailed to NPA. Fill in Tables II, III, IV, and, if required by the applicable schedule, V on the other copies mailed to NPA. Sign the certification (bottom of page 2) on the original copy only. Send original and two copies (one with page 2 blank) to National Production Authority, Chemical Division, Washington 25, D. C., Reference M–45 Schedule ____. Retain one complete copy and send one to the supplier, if any (page 2 blank).

10. *Two or more suppliers or chemicals.* File separate sets of applications for each supplier, and for each chemical or allied product.

11. *Use from Inventory.* Specify "Inventory" as supplier in heading. A combined application may be made for authority to accept material from a supplier and to use an additional quantity of the material from inventory. In such cases, insert in the heading both the name of the supplier and the words, "and from Inventory", make a separate entry in Column (2) (Quantity Requested) of the amount requested from inventory, and insert in Column (6) (Remarks) the words, "from Inventory."

12. *Columns (1) through (4).* Consult the applicable schedule for special instructions. Each primary product to be made from the material and product end use must be listed separately in Columns (3) and (4). For classification of primary products, product end uses, and grades consult the applicable schedule. Quantities requested for each end use should be those required for actual operation during the allocation period.

In the case of material listed as "inventory" in Column (3) write into Column (4), "subject to further authorization."

In the case of material listed for "resale" in Column (3), write in Column (4) "upon further authorization" or "for exempt small orders." Suppliers who resell in both large and small quantities should insert in Column (4) "upon further authorization" for the total quantity ordered, and may apply on forms NPAF–46 or 47 for authorization to deliver an aggregate quantity for small orders.

In the case of material for export, write "export" in Column (3) and specify in Column (4), the name of the person to whom, or for whose account, the material will be exported, the country of destination, and the export license number, if any.

In Column (4), in addition to end use, show DO rating and government contract number, if any.

13. *Column (5).* Leave blank.

14. *Tables II, III, and IV.* Fill in as indicated except as otherwise provided in the applicable schedule. In Columns (10) and (14), report entire physical inventory, whether or not subject to unexpired authorization or exemption on the dates specified.

15. *Table V.* Fill in only when and as required by the applicable schedule.

FORMS NPAF–46 AND 47

16. *Form NPAF–46* is for use by suppliers in applying for authorization to deliver any Appendix A material.

17. *Form NPAF–47* is for use by suppliers in applying for authorization to deliver any Appendix B or C material.

18. *Suppliers who consume.* With respect to material which he produces and which he desires to use himself, a supplier should list his own name as a customer on the appropriate form (Form NPAF–46 for authorization to use any Appendix A material and form NPAF–47 for authorization to use any Appendix B or C material) and, when required by the applicable schedule, should also make application on form NPAF–45 for authorization to use any Appendix A or B material. In such cases where a report of inventory is required by the form, the supplier should list only his consumption inventory as distinguished from sales inventory.

19. *Number of Copies and where to file.* Unless otherwise provided in the applicable schedule, prepare four copies. Sign the certification (bottom of page 2) on the original copy only. Send the original and two copies to the National Production Authority, Chemical Division, Washington 25, D. C., Ref: NPA Order M–45 Schedule _____, and retain one copy.

20. *Number of sets.* File a separate set of forms for each separately located plant or distributing point unless otherwise expressly provided by the applicable schedule.

21. *Columns (7) of NPAF–46 and (6) of NPAF–47.* Leave blank.

22. *Table I.* Fill in as indicated on form NPAF–46 listing customers alphabetically as far as practicable. On form NPAF–47 group customers according to end use and list alphabetically within each group, as far as practicable. List each person who has furnished the applicant supplier with either a copy of that person's form NPAF–45 or a certified purchase order calling for delivery in the requested allocation period.

In Column (8) of form NPAF–46 and in Column (2) of form NPAF–47 show DO rating and government contract number, if any.

An aggregate quantity may be requested for exempt small orders without listing individual customer's names. In the case of Appendix C materials specify "NPAF–45" without further use description in Column (2) of Form NPAF–47 opposite the names of customers who have filed copies of form NPAF–45 with the applicant supplier.

23. *Table II.* Fill in as indicated. In Columns (11) and (14) of NPAF–46 and in Columns (10) and (13) of NPAF–47 report entire physical inventory whether or not subject to unexpired authorization or exemption on the dates specified. In Column (17) of NPAF–46 and (16) of NPAF–47, specify a quantity no greater than what is estimated will be available for allocation during the requested allocation period, taking into account undelivered balances on unexpired prior authorizations.

24. *Table III.* Fill in only when and as required by the applicable schedule.

[F. R. Doc. 51–3613; Filed, Mar. 19, 1951, 4:45 p. m.]

[NPA Order M–4, as Amended Mar. 20, 1951]

M–4—CONSTRUCTION

This order as amended is found necessary and appropriate to promote the national defense, and is issued pursuant to authority granted by section 101 of the Defense Production Act of 1950. In the formulation of this order, there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations. However, in the issuance of this amendment, consultation with industry representatives has been rendered impracticable due to the necessity of immediate action.

This amendment affects sections 3, 5, 6, and 11 of this order.

As amended, NPA Order M–4 reads as follows:

Sec.
1. What this order does.
2. Policy of the National Production Authority.
3. Definitions.
4. Prohibited construction.
5. Exemptions.
6. Authorization for certain construction.
7. Multiple use of buildings, structures or projects.
8. Scope of this order.
9. Prohibited deliveries.
10. Defense against claims for damages.
11. Applications for adjustment or exception.
12. Communications.
13. Reports.
14. Violations.
15. List A—Prohibited construction.
16. List B—Construction where NPA authorization is required.

AUTHORITY: Section 1 to 16 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp., sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. *What this order does.* In order to further the purposes of the Defense Production Act of 1950 by conserving critical materials and services needed for the defense program, this order prohibits the commencement of construction of certain types of buildings, structures and projects unless specific exception is made, or authorization issued, by the National Production Authority. The construction prohibited generally does not further the defense effort, either directly or indirectly, and does not increase the Nation's production capacity for defense. The order allows, within specified limits, small construction jobs, and necessary maintenance and repair of buildings, structures or projects, and also permits, under specified circumstances, the restoration of buildings, structures, or projects in the event of a disaster, act of God, or an act of war.

SEC. 2. *Policy of the National Production Authority.* In the event that increasing shortages clearly indicate the necessity for such action, in the national interest, the National Production Authority may further limit the commencement of construction of additional types of buildings, structures or projects which do not support the defense effort, or increase the Nation's production capacity for defense.

SEC. 3. *Definitions.* For the purpose of this order:

(a) "Person" means any individual, corporation, partnership, association, or any other organized group of persons, and includes any agency of the United States or any other government.

(b) "Construction" means the erection of any building, structure, or project, or addition or extension thereto, or alteration thereof, through the incorporation-in-place on the site of materials which are to be an integral and permanent part of the building, structure or project.

(c) (1) "Commence construction" means to incorporate into a building, structure or project, a substantial quantity of materials which are to be an integral and permanent part of such building, structure, or project (for example, the pouring or placing of footings or other foundations).

(2) The following activities do not constitute commencing construction: Demolition of buildings; tearing out partitions; site preparation; erecting temporary fences or construction barricades, work sheds, and shanties; bringing utilities to the site; fabrication or processing of building materials, building equipment, or personal property to be installed.

(d) "Construction cost" means the total expense for demolition of existing structures in connection with a new construction, for site preparation, and for building materials, building equipment, labor and services used in the construction of the particular building, structure, or project, by whomever spent. It does not include the cost of personal property, or the expense for land acquisition, attorneys, architects, and financing.

(e) "Consumer goods" means articles or commodities that directly satisfy human wants or desires, and which are capable of use without further processing (for example, clothing, food, furniture, floor covering, household appliances, motor vehicles, etc.). They are distinguished from capital goods (for example, dynamos, industrial ovens, generators, etc.). They are distinguished also from production goods that satisfy wants only indirectly as factors in the production of other articles or commodities (for example, machine tools, heavy duty presses, etc.).

(f) "Damage restoration" means restoring to substantially the same size and condition on the same site, any building, structure or project which has been damaged by storm, fire, flood, or other disaster, or by act of God, or act of war.

(g) "Maintenance and repair" means such work as is necessary to keep a building, structure, or project in sound working condition or to rehabilitate a building, structure, or project or any portion thereof, when the same has been rendered unsafe or unfit for service by wear and tear, or other similar causes. The term does not include any building operation or job where substantial structural alterations or changes in design are made.

(h) "Personal property" means property used in connection with, but which does not become a part of, the building, structure, or project in the sense of its becoming a permanent part of the real property upon which it is located or in which it is installed.

(i) "Office building" means any building the principal use of which is to provide office space or office facilities, regardless of whether it is designed for the exclusive or partial use of its owner or is to be used commercially and rented to prospective tenants, including buildings for use by government agencies. The size of the building is not a determinative factor in deciding whether a building is an office building as the term includes both one-story and multistoried structures; but the term does not include a private residence with incidental office space located therein for the use of the occupant.

(j) "Hotel" means either or both an establishment furnishing sleeping accommodations for transient guests, or an establishment classified as a hotel under applicable State, municipal, or other local law.

SEC. 4. *Prohibited construction.* (a) (1) Except as permitted in section 5, or pursuant to an adjustment or exception granted under section 11, after midnight October 26, 1950, no person shall commence construction of any building, structure, or project to be used for, or in connection with, any of the purposes specified, as set forth in section 15.

(2) Since October 26, 1950, the National Production Authority has issued exceptions to permit the commencement of construction of specific buildings, structures, or projects of the type prohibited by section 15. All such exceptions granted prior to January 13, 1951, will cease to be effective 120 days after the date of issuance, unless construction has been commenced within that time; and construction of any such building, structure, or project may not be commenced thereafter without a further authorization from the National Production Authority.

(b) (1) After midnight, January 13, 1951, no person shall commence construction of any building, structure, or project to be used for, or in connection with, any of the purposes specified, as set forth in section 16, until a specific authorization therefor has been issued by the National Production Authority. As a general rule, no authorization will be issued prior to February 15, 1951. However, in emergency situations, an authorization may be issued by the National Production Authority prior to that date. (The conditions which must exist before an authorization will be issued are set forth in section 6.)

(2) Further, in matters involving unreasonable hardship, or when required in the interest of the national defense, the National Production Authority may grant an exception from this order at any time, pursuant to section 11, with respect to types of construction specified in section 16.

SEC. 5. *Exemptions.* The following construction in connection with the buildings, structures, or projects to be used in connection with any of the purposes specified in sections 15 and 16 is exempted from this order:

(a) Maintenance and repair on any building, structure, or project.

(b) Small jobs of new construction or in connection with any such building, structure, or project including, but not limited to, alterations, additions, improvement, and modernization, provided the work does not require the use of partitions made in whole or part of metal, where the cost of all such work shall not exceed:

(1) In the case of alterations, additions, improvement, or modernization of hotels, store-space of department stores, office buildings, and loft buildings, 25 cents per square foot of occupied space for any consecutive 12-month period. (In computing this cost, both construction cost and all other expenses or charges incident to the work shall be taken into consideration.)

(2) In the case of any type of construction of all other buildings, structures, or projects specified in section 15 (List A) and section 16 (List B), $5,000 for any consecutive twelve-month period. (In computing this cost, only construction cost shall be considered.)

(c) Reconstruction of any such building, structure, or project following a fire, flood, storm, disaster, act of God, or act of war, which occurred on or after July 29, 1950.

(d) Construction by, or for the account of, the Department of Defense, the Atomic Energy Commission, or the National Advisory Committee for Aeronautics.

(e) Buildings, structures or projects for radio broadcasting and television broadcasting.

(f) Printing establishments where the primary use of the building is the publication of a newspaper; or printing es-

tablishments which are operated by a publishing company primarily for the publication of books and periodicals.

(g) Terminal warehouses which are an integral part of a common carrier system.

SEC. 6. *Authorization for certain construction.* (a) Any person desiring to erect a building, structure, or project to be used for, or in connection with, any of the purposes specified, as set forth in section 16, may apply for a National Production Authority authorization to commence such construction. The application shall be made on NPA Form NPAF–24, copies of which are available at all field offices of the Department of Commerce, and should be addressed to the field office of the Department of Commerce in the region of the site of the proposed construction.

(b) Authorization under this section will be granted if the National Production Authority is satisfied that the desired construction conforms to the following requirements:

(1) It furthers the defense effort by providing facilities of the type specified in section 16 in areas adjacent to military establishments or defense plants and projects, which construction the National Production Authority considers necessary to furnish or to supplement facilities in connection with the activities of the Defense Production Administration, the Department of Defense or the Atomic Energy Commission, including their programs for increasing production capacity; or

(2) It is essential to maintenance of public health, safety or welfare.

(c) Further, with respect to an application for authorization to construct a facility not directly related to the defense effort, the NPA will consider the type and quantity of materials on hand, and needed, for the facility; and the effect on the community at large if the authorization were denied.

SEC. 7. *Multiple use buildings, structures, or projects.* Where a building, structure, or project to be constructed is designed for a number of different uses and occupants, no portion thereof shall be constructed for use or occupancy in connection with any of the purposes specified in sections 15 or 16 where the construction cost apportionable to such use or occupancy will exceed the small job exemption provided for in section 5 (b).

SEC. 8. *Scope of this order.* This order shall apply to construction in the 48 States, the District of Columbia, and in the territories and insular possessions of the United States.

SEC. 9. *Prohibited deliveries.* No person shall accept an order for, sell, deliver, or cause to be delivered, material, equipment, or supplies which he knows, or has reason to believe, will be used in violation of the provisions of this order.

SEC. 10. *Defense against claims for damages.* No person shall be held liable for damages or penalties for any default under contract or order which shall result directly or indirectly from compliance with any regulation or order of the National Production Authority (including any direction, directive or other instruction), notwithstanding that any such regulation or order shall thereafter be declared by a judicial or other competent authority to be invalid.

SEC. 11. *Applications for adjustment or exception.* Any person affected by any provision of this order may file a request for adjustment or exception upon the ground that:

(a) Such provision works an unreasonable hardship upon him not suffered generally by others in the same trade, industry, or other relative position; or that enforcement of such provision against him would not be in the interest of the national defense. In determining whether unreasonable hardship exists, the National Production Authority will consider, among other things:

(1) The extent of the work done by the applicant incident to the proposed construction.

(2) Whether the building, structure, or project requires reconstruction as a result of a fire, flood, storm, disaster, act of God, or act of war.

(3) Whether a building, structure, or project of the applicant has been seized by legal action under eminent domain, or condemned by responsible governmental authorities; and the applicant requests permission to replace such facility.

(b) Each request shall be made on NPA Form NPAF–24, copies of which are available at all field offices of the Department of Commerce, and should be addressed to the field office of the Department of Commerce in the region of the site of the proposed construction.

SEC. 12. *Communications.* All communications concerning this order shall be addressed to the Field Offices of the Department of Commerce, Ref: NPA, M–4.

SEC. 13. *Reports.* Persons subject to this order shall make such records and submit such reports to the National Production Authority as it shall require, subject to the terms of the Federal Reports Act (Pub. Law 831, 77th Cong., 5 U. S. C. 139–139F).

SEC. 14. *Violations.* Any person who wilfully violates any provisions of this order, or any other order or regulation of the National Production Authority, or wilfully conceals a material fact, or furnishes false information in the course of operation under this order, is guilty of a crime, and upon conviction, may be punished by fine or imprisonment or both. In addition, administrative action may be taken against such person to suspend any authority to commence or complete construction or such other assistance as may be rendered pursuant to this order.

SEC. 15. *List A—Prohibited contruction.* All buildings, structures, or projects to be used for, or in connection with, any recreational, amusement, or entertainment purpose, whether public or private (unless authorized pursuant to section 6), including, but not limited to:

Amphitheater.
Amusement arcade.
Amusement device built into place on the site such as a roller coaster, merry-go-round, or similar device or kind. This shall not include demountable or portable equipment.
Amusement park.
Arena.
Assembly hall used primarily for recreation or amusement.
Athletic field house.
Band stand.
Bars and buildings or structures where the predominant business carried out therein or in connection therewith shall be the sale for consumption on the premises of alcoholic liquors.
Baseball park.
Bath house.
Billiard or pool parlor.
Bleachers and similar seating arrangements when they are built in place as a permanent part of the building, structure or project.
Boardwalk used primarily for recreation or amusement.
Boat or canoe club.
Bowling alley establishment.
Cabana.
Camp (except for public or social welfare).
Carnival.
Club building except for social welfare purposes.
Country club.
Dance hall.
Dance studio.
Dude ranch used primarily for recreation or amusement.
Exposition or exhibition building or structure for recreational, amusement or entertainment displays or purposes.
Flood lighting (including piers, poles, towers, framework or foundation with fixed equipment) in connection with any recreational, amusement, or entertainment purpose.
Gambling establishment.
Golf course.
Golf club.
Golf driving range.
Grandstand.
Gymnasium (except where it is a part of an educational institution and is to be used primarily for instructional purposes in physical education and training).
Lodge hall.
Music shell.
Night club.
Pier used primarily for recreation or amusement.
Race track, any kind.
Riding academy.
Rodeo.
Shooting gallery.
Skating rink.
Ski lodge.
Slot machine establishment.
Stadium.
Swimming pool (except where it is a part of an educational institution and is to be used primarily for instructional purposes in physical education and training).
Theater, any kind (including drive-in theater).
Yacht basin or marine railway primarily for the use of pleasure craft.

SEC. 16. *List B—Construction where NPA authorization is required.* Any building, structure or project to be used for, or in connection with, any of the following specified purposes:

Bank, credit institution, or brokerage establishment.
Community or neighborhood building
Furnishing of personal services (e. g., barber shop, beauty shop, undertaking and mortuary establishment, cemetery building, mausoleum, crematory, garage, service station, shoe repair shop, laundry, dry cleaning establishment, tailor shop).
Hotel, motel, motor court, tourist camp, trailer camp.
Loft building.
Office building.
Outdoor advertising sign.
Printing or duplicating establishment.
Restaurant.
Storage, distribution, display or sale of consumer goods (for example, retail store, shopping center, wholesale establishment, gasoline filling station, drugstore, soda fountain, florist shop, greenhouse), except wholesale food establishment, wholesale supply facility for fuel oil, gasoline or coal, gas distribution system, pipeline.
Storage warehouse for personal effects.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This order, as amended, shall take effect March 20, 1951.

NATIONAL PRODUCTION AUTHORITY,

Administrator.

[F. R. Doc. 51–3637; Filed, Mar. 20, 1951; 12:17 p. m.]

[NPA Order M–25 as Amended Mar. 16, 1951]

M–25—CANS

This order as amended is found necessary and appropriate to promote the national defense and is issued pursuant to authority granted by section 101 of the Defense Production Act of 1950. In the formulation of this order prior to amendment there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations. However, consultation with representatives of all trades and industries affected by the issuance of the amendments to this order has been rendered impracticable by the fact that the amendments to this order affect a very substantial number of different trades and industries.

This order has been amended by substituting a new paragraph (e) in section 6. It has also been amended by changing the restrictions on the use of cans and the plate specifications in Schedules I and II for certain orders having a DO rating. As amended this order reads as follows:

SEC.
1. What this order does.
2. Definitions.
3. Restrictions on use of cans.
4. Other restrictions.
5. Restrictions on amount that may be packed.
6. Exceptions.
7. Certification of delivery of cans.
8. Application for adjustment or exception.
9. Records and reports.
10. Communications.
11. Violations.

AUTHORITY: Sections 1 to 11 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp., sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. *What this order does.* This order places restrictions upon cans made of tin plate and terneplate. Schedules I and II set out plate specifications for cans which vary according to the product packed. This order also limits the use of cans made of tin plate and terneplate. Cans made wholly of black plate are not restricted by this order. NPA Order M–24 permits the use of tin plate and terneplate for cans in accordance with the terms of this order. NPA Order M–8 sets forth the specifications for solder that may be used in the manufacture of cans.

SEC. 2. *Definitions.* As used in this order:

(a) "Can" means any unused container made in whole or in part of tin plate, terneplate or black plate, which is suitable for packing any product. The term includes any container which has a closure or fitting, made in whole or in part of tin plate, terneplate or black plate, but does not include a glass container having such a closure or fitting. The term does not include fluid milk shipping containers.

(b) "Tin plate" means steel sheet coated with tin, and includes "primes", "seconds", and all other forms of tin plate, except waste and waste-waste.

(c) "Terneplate" means steel sheets coated with terne metal and includes "primes" and "seconds". The term does not include terneplate waste-waste, or terneplate waste. "Terne metal" means the lead-tin alloy used as the coating for terneplate, but does not include lead recovered from secondary sources which contains less than 1½ percent residual tin.

(d) "SCMT" means special coated manufacturers' terneplate.

(e) "Waste" means scrap tin plate and terneplate (including strips and circles) produced in the ordinary course of manufacturing cans, and tin plate and terneplate strips produced in the ordinary course of manufacturing tin plate and terneplate. The term also includes tin plate and terneplate parts recovered from used cans.

(f) "Waste-waste" means hot dipped or electrolytic tin-coated steel sheets or steel sheets coated with terne metal which have been rejected during processing by the producer because of imperfections which disqualify such sheets from sale as primes or seconds.

(g) "Black plate" means steel sheets (other than tin plate or terneplate 29 gauge (128 pounds) or lighter. The term includes can manufacturing quality black plate (CMQ), "black plate rejects", chemically treated black plate (CTB), waste-waste, and waste.

(h) "Packer" means any person who uses cans for commercially packing any product.

(i) "Person" means any individual, corporation, partnership, association, or any other organized group of persons and includes any agency of the United States or any other government.

SEC. 3. *Restrictions on use of cans.* No packer shall purchase, accept delivery of, or use a can made in whole or in part of tin plate or terneplate for any purpose other than for packing products listed in Schedules I and II, and in accordance with the specifications set out in said Schedules I and II. The restrictions contained in this section and said Schedules I and II are subject to the exceptions of section 6. Schedules I and II are set out at the end of this order.

SEC. 4. *Other restrictions.* No person shall manufacture, sell or deliver any cans which he knows or has reason to believe will be accepted or used in violation of the terms of this order or any other order or regulation of the NPA.

SEC. 5. *Restrictions on amount that may be packed.* (a) The restrictions of this section do not apply to the packing of those products which are listed in Schedules I and II and preceded by a single asterisk. However, the restrictions of paragraph (b) of this section do apply to products preceded by a single asterisk if such products are repacked from other containers.

(b) During the first quarter of the calendar year 1951 and each quarter thereafter, until otherwise ordered by NPA, no packer may accept delivery of or use for packing any particular product which is listed in Schedules I and II and preceded by a double asterisk any cans, made in whole or in part of tin plate or terneplate, requiring more than 100 percent of the quantity by area of measurement of tin plate, terneplate and black plate which he used for packing that particular product during the corresponding quarter of 1949 or 1950. The amounts packed during each quarter shall be spread as equally as possible over each of the three months of such quarter, but no packer shall be required to take delivery of cans in less than carload lots to meet this provision.

(c) During the first quarter of the calendar year 1951 and each quarter thereafter, until otherwise ordered by NPA, no packer may accept delivery of or use for packing any other product which is listed in Schedules I and II any cans, made in whole or in part of tin plate or terneplate, by area of measurement requiring more than 90 percent of the quantity by area of measurement of tin plate, terneplate and black plate which he used for packing such product during the corresponding quarter of 1949 or 1950. The amounts packed during each quarter shall be spread as equally as possible over each of the three months of such quarter, but no packer shall be required to take delivery of cans in less than carload lots to meet this provision.

SEC. 6. *Exceptions.* (a) The plate specifications set out in Schedules I and II do not apply to the use of any cans which are in the inventory of a packer or in the inventory of a can manufacturer or in process of manufacture, or to tin plate or terneplate which was either in process at a tin mill, in the inventory of a tin mill for the account of a can manufacturer or in the inventory of a can manufacturer on the effective date of this order. It is the intent of this section that any tin plate or terneplate intended for use in the manufacture of cans in inventory or process as aforesaid shall be used notwithstanding the plate specifications of this order. However, the restrictions of section 5 are not excepted by this paragraph (a).

(b) Until March 31, 1951, 0.25 pound electrolytic tin plate or SCMT plate may

be used in place of black plate for soldered parts on cans where facilities for soldering black plate are not available. This exception is provided to enable manufacturers to equip themselves to solder black plate.

(c) Any person whose total use of cans for packing any product in any calendar year requires less than 250 base boxes of tin plate and terneplate shall be exempt from the use limitations of section 5 but not from the plate specifications of Schedules I and II.

(d) Cans may be used to pack any product provided such product is not to be sold in the same or different form, but this does not permit the use of cans contrary to the provisions of this order for the purpose of aiding or promoting the sale of a product.

(e) (1) Orders having a DO rating are exempt from the restrictions in section 5 of this order on the amount that may be packed in cans.

(2) The restrictions in section 3 on the use of cans for packing products and the plate specifications set out in Schedules I and II for cans for packing products listed in these schedules shall not apply to orders having a DO rating for packing products in accordance with military specifications of the Department of Defense for use by the Armed Forces of the United States, including the United States Coast Guard, outside the 48 States of the United States and the District of Columbia. The restrictions in section 3 on the use of cans for packing products and the plate specifications set out in those schedules for cans for packing products listed in those schedules shall apply, however, to all other orders having a DO rating.

(3) The restrictions of this order shall not apply to military requirements for cans of a special design or style not normally produced or used commercially nor to cans for emergency rations and supplies for lifeboats.

SEC. 7. *Certification of delivery of cans.* No manufacturer shall sell or deliver cans unless he has received from the purchaser a certificate signed manually. This certificate shall be by letter in substantially the following form and, once filed by a purchaser with a manufacturer, covers all future deliveries of cans from the manufacturer to that purchaser:

To ----------, manufacturer:

The undersigned purchaser certifies, subject to criminal penalties for misrepresentation, that he is familiar with Order M-25 of the National Production Authority, and that all purchases from you of items regulated by that order, and the acceptance of the same by the undersigned, will be in compliance with said order, and any amendments thereto.

SEC. 8. *Application for adjustment or exception.* Any person affected by any provision of this order may file a request for adjustment or exception upon the ground that his business operation was commenced during or after the base period, or because any provision otherwise works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry or its enforcement against him would not be in the interest of the national defense or in the public interest. In examining requests for adjustment claiming that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing and shall set forth all pertinent facts and the nature of the relief sought, and shall state the justification therefor.

SEC. 9. *Records and reports.* (a) Each person participating in any transaction covered by this order shall retain in his possession for at least two years records of receipts, deliveries, inventories, and use, in sufficient detail to permit an audit that determines for each transaction that the provisions of this order have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

(b) All records required by this order shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of the National Production Authority.

(c) Persons subject to this order shall make such records and submit such reports to the National Production Authority as it shall require, subject to the terms of the Federal Reports Act (Pub. Law 831, 77th Cong., 5 U. S. C. 139–139F).

SEC. 10. *Communications.* All communications concerning this order shall be addressed to the National Production Authority, Washington 25, D. C. Ref.: M-25.

SEC. 11. *Violations.* Any person who willfully violates any provisions of this order or any other order or regulation of the National Production Authority or willfully conceals a material fact or furnishes false information in the course of operation under this order is guilty of a crime and, upon conviction, may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with said Federal Reports Act.

This order as amended shall take effect on March 16, 1951.

NATIONAL PRODUCTION AUTHORITY,
[SEAL] MANLY FLEISCHMANN,
Administrator.

SCHEDULE I—CAN SPECIFICATIONS

Columns 2 and 3 specify the weights of tin coating per base box of tin plate and terneplate which may be used for the parts of cans for the products listed in column 1. Any packer may also use for packing a listed product black plate cans or cans with a tin coating lighter than that specified for that product. Wherever 0.25 lb. electrolytic tin plate is specified SCMT may be used. Tin plate menders arising in the production of electrolytic tin plate may be used without regard to the weight of coating for any purpose where 0.50 lb. electrolytic tin plate is permitted under this schedule. Where menders arising cannot be used to replace 0.50 lb. electrolytic tin plate, they may be used to replace any electrolytic tin plate. When only a figure is given in columns 2 or 3 this means that tin plate may be used for the part and the figures given indicate the maximum weight of tin coating on each base box of plate. Wherever CMQ is specified 0.25 lb. electrolytic tin plate may be used in that part of a can which is closed by soldering. Reference is made to section 5 for restrictions on amount that may be packed and meaning of the asterisks preceding certain products.

CAN MATERIALS

Product	Soldered or welded parts	Nonsoldered parts
(1)	(2)	(3)
Fruit and Fruit Products		
1. **Apples, baked, processed	1.50	1
2. *Apple, quartered and sliced, processed	1.25	
3. **Apple butter	1.50	1
4. *Apple juice, single strength, processed:		
Enameled cans	1.50	1
Plain bodies	1.25	
5. *Apple sauce, processed	1.25	
6. *Apricots, whole or halves, processed	1.25	
7. **Apricots, concentrate, processed	1.50	
8. **Apricots, spiced, processed	1.50	
9. *Apricot nectar, processed	1.25	
10. **Bananas and pulp, processed	1.25	
11. *Berries, processed:	1.50	
Includes the following:		
Blackberries.		
Blueberries.		
Boysenberries.		
Cranberries, whole or sauce.		
Dewberries.		
Elderberries.		
Huckleberries.		
Loganberries.		
Raspberries.		
Youngberries.		
12. *Cherries, deep red, processed	1.50	1
13. *Cherries, Maraschino	1.50	1
14. *Cherries, red sour, processed	1.50	1
15. *Cherries, light sweet, processed	1.25	
16. **Citrus	Same as non-citrus fruits	
17. **Crabapple and juice	Same as apples and juices	
18. **Crabapple, spiced, processed:		
Enamel lined cans	1.50	
Plain bodies	1.25	
19. **Currants, processed:		
Enamel lined cans	1.50	
Plain bodies	1.25	
20. *Figs, processed	1.25	
21. **Fruit cocktail, mixed or other fruit combinations:		
5 gallon square can	.50	
Other cans	.25	
22. *Fruits, fresh—all varieties	.25	
23. *Fruit mixed, not fresh, packed in natural fruit juices, processed	1.25	
24. *Fruit salad, processed	.25	
25. *Fruit juice, single strength, processed	1.50	1
Includes the following:		
Apple.		
Cherry.		
Cherry-apple blend.		
Cranberry.		
Grape.		
Raspberry.		
Raspberry-apple blend.		
Loganberry.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 210—FORM AND CONTENT OF FINANCIAL STATEMENTS, SECURITIES ACT OF 1933, SECURITIES EXCHANGE ACT OF 1934, PUBLIC UTILITY HOLDING COMPANY ACT OF 1935, AND INVESTMENT COMPANY ACT OF 1940

APPLICATION OF THIS PART

NOTE: The headnote of the part is amended to read as set forth above.

The Securities and Exchange Commission acting pursuant to the Securities Exchange Act of 1934, particularly section 23 (a) thereof, and the Public Utility Holding Company Act of 1935, particularly section 20 thereof, and deeming such action necessary to carry out the provisions of those acts and necessary and appropriate in the public interest and for the protection of investors and consumers hereby amends Part 210 (Regulation S-X) as follows:

Section 210.1-01 (Rule 1-01) is hereby amended to read as follows:

§ 210.1-01 *Application of this part.* (a) This part (together with the Accounting Series Releases) states the form and content of all financial statements required to be filed as part of:

(1) Registration statements under the Securities Act of 1933, filed on Form S-1, S-2, S-3, S-4, S-5, S-6 or S-11 (§§ 239.11, 239.12, 239.13, 239.14, 239.15, 239.16, 239.18 of this chapter), except as otherwise specifically provided in such forms;

(2) Applications for registration of securities under the Securities Exchange Act of 1934, filed on Form 8-A, 8-B, 10 or 14 (§§ 249.208a, 249.208b, 249.210, 249.214 of this chapter);

(3) Supplemental or periodic reports under section 13 of the Securities Exchange Act of 1934 filed on Forms 8-K, 9-K, 10-K, 14-K, 16-K or U5S; (§§ 249.308, 249.309, 249.310, 249.314, 249.316, 259.5s of this chapter);

(4) Supplemental or periodic reports under section 15 (d) of the Securities Exchange Act of 1934 filed on Forms 10-K, 2-MD, 4-MD or U5S (§§ 249.310, 249.402, 249.404, 259.5s of this chapter);

(5) Registration statements and annual reports filed under the Public Utility Holding Company Act of 1935 by public utility holding companies registered under such act; and

(6) Registration statements and annual reports under the Investment Company Act of 1940.

(b) The term "financial statements" as used in this part shall be deemed to include all supporting schedules.

(Secs. 19, 23, 48 Stat. 85, 901, as amended, sec. 20, 49 Stat. 833, secs. 38, 54 Stat. 841; 15 U. S. C. 77s, 78w, 79t, 80-37. Interprets or applies secs. 7, 12, 13, 15, 48 Stat. 78, 892, 895, as amended, secs. 9, 39, 54 Stat. 805, 842; 15 U. S. C. 77g, 78l, 78m, 78o, 80a-8, 80a-38)

The foregoing action shall be effective March 12, 1951.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

MARCH 9, 1951.

[F. R. Doc. 51-3494; Filed, Mar. 20, 1951; 8:48 a. m.]

PART 240—GENERAL RULES AND REGULATIONS, SECURITIES EXCHANGE ACT OF 1934

QUARTERLY REPORTS

The Securities and Exchange Commission acting pursuant to authority conferred upon it by the Securities Exchange Act of 1934, particularly section 23 (a) thereof, and deeming such action necessary to carry out the provisions of such act and necessary and appropriate in the public interest and for the protection of investors, hereby takes the following action:

1. Paragraph (a) of § 240.13a-13 (Rule X-13A-13) is hereby amended to read as follows:

§ 240.13a-13 *Quarterly reports of other companies.* (a) Every issuer which has securities listed and registered on a national securities exchange and which is required to file annual reports on Form 10-K (§ 249.310 of this chapter) or U5S (§ 259.5s of this chapter) or to file a report on one of such forms as part II of Form 16-K (§ 249.316 of this chapter) shall file a quarterly report on Form 9-K (§ 249.309 of this chapter) for each fiscal quarter ending after the close of the latest fiscal year for which financial statements were filed in the issuer's application for registration.

(Interprets or applies secs. 13, 15, 48 Stat. 894, 895; 15 U. S. C. 78m, 78o)

2. Paragraph (a) of § 240.15d-13 (Rule X-15D-13) is hereby amended to read as follows:

§ 240.15d-13 *Quarterly reports of other companies.* (a) Every issuer which is required to file annual reports on Form 10-K (§ 249.310 of this chapter) or U5S (§ 259.53 of this chapter) shall file a quarterly report on Form 9-K (§ 249.309 of this chapter) for each fiscal quarter ending after the close of the latest fiscal year for which financial statements were included in the issuer's registration statement.

(Interprets or applies sec. 15, 48 Stat. 895; 15 U. S. C. 78o)

(Sec. 23, 48 Stat. 901, as amended; 15 U. S. C. 78w)

The foregoing action shall be effective March 12, 1951.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

MARCH 9, 1951.

PART 249—FORMS PRESCRIBED UNDER THE SECURITIES EXCHANGE ACT OF 1934

FORMS FOR ANNUAL REPORTS

The Securities and Exchange Commission acting pursuant to authority conferred upon it by the Securities Exchange Act of 1934, particularly section 23 (a) thereof, and deeming such action necessary to carry out the provisions of such act and necessary and appropriate in the public interest and for the protection of investors hereby takes the following action:

Forms U5-K, § 249.350, and U5-MD, § 249.450, are hereby rescinded. Form U5S, § 259.5s of this chapter, as revised March 12, 1951, is hereby adopted as an optional form which may be used by public utility holding companies registered under the Public Utility Holding Company Act of 1935 for annual reports pursuant to section 13 or 15 (d) of the Securities Exchange Act of 1934).[1]

(Sec. 23, 48 Stat. 901, as amended; 15 U. S. C. 78w)

The foregoing action shall be effective March 12, 1951.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

MARCH 9, 1951.

PART 250—GENERAL RULES AND REGULATIONS, PUBLIC UTILITY HOLDING COMPANY ACT OF 1935

REGISTRATION

The Securities and Exchange Commission acting pursuant to the Public Utility Holding Company Act of 1935, particularly section 20 thereof, and deeming such action necessary to carry out the provisions of the act and necessary and appropriate in the public interest and for the protection of investors and consumers hereby takes the following action:

1. Paragraph (c) of § 250.1 (Rule U-1) is hereby amended to read as follows:

§ 250.1 *Registration.* * * *

(c) *Annual report.* Every registered holding company shall file, on or before the first of May in the year following that in which it filed its registration statement, and in every succeeding year, an annual report on Form U5S (§ 259.5s of this chapter): *Provided, however,*

[1] See F. R. Doc. 51-3490, *infra.*

That where any holding company system includes more than one registered holding company, the annual report shall be filed by the top registered holding company in such system and shall be signed on behalf of each registered holding company in such system by the authorized officer of each such registered holding company.

2. Paragraph (d) of § 250.26 (Rule U-26) is hereby deleted from the rule.

(Sec. 20, 49 Stat. 833; 15 U. S. C. 79t)

The foregoing action shall be effective March 12, 1951.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

MARCH 9, 1951.

[F. R. Doc. 51-3491; Filed, Mar. 20, 1951; 8:48 a. m.]

PART 259—FORMS PRESCRIBED UNDER THE PUBLIC UTILITY HOLDING COMPANY ACT OF 1935

FORMS FOR REGISTRATION AND ANNUAL SUPPLEMENTS

The Securities and Exchange Commission today adopted substantial revisions in the annual reporting requirements applicable to public utility holding companies registered under the Public Utility Holding Company Act of 1935 (registered holding companies).

The object of these changes is to reduce the over-all reporting requirements for registered holding companies under both the 1935 act and the Securities Exchange Act of 1934. A new Form U5S[1] (§ 259.5s) has been promulgated as the annual report form for registered holding companies. The Commission has abolished Form U-14-3 (§ 259.314), heretofore required to be filed annually by registered holding companies, and Forms U5-K and U5-MD (§§ 249.350 and 249.450 of this chapter) which registered holding companies formerly had the option of filing in lieu of Form 10-K (§ 249.310 of this chapter) under section 13 or 15 (d) of the 1934 act. Whereas each registered holding company in a system has heretofore been required to file separate annual reports on Form U5S, the revised requirements provide that only one annual report shall be filed by the top registered holding company for all registered holding companies in the system. Registered holding companies required to file annual reports under section 13 or 15 (d) of the 1934 act (formerly on Form 10-K) may now satisfy these requirements in full by filing copies of their annual reports prepared on the new Form U5S.[2]

[1] Filed as a part of the original document.

[2] Any such company which wishes to do so may continue to use Form 10-K for its annual report under the 1934 act. The copies of the new Form U5S filed in satisfaction of the annual reporting requirements under section 13 or 15 (d) of the 1934 act need not include copies of certain exhibits required solely for administration of the 1935 act.

A draft of proposed revisions was sent for comment to 68 registered holding companies and to approximately 600 other persons on January 5, 1951. Comments were received from several registered holding companies and other persons. Many of these suggestions are reflected in the amended annual reporting requirements adopted by the Commission.

In connection with the adoption of the revised form, certain related changes were made in the rules and regulations under the 1934 and 1935 acts and in Regulation S-X (Part 210 of this chapter), the Commission's general accounting regulation.

The Securities and Exchange Commission acting pursuant to the Public Utility Holding Company Act of 1935, particularly section 20 thereof, and deeming such action necessary to carry out the provisions of the act and necessary and appropriate in the public interest and for the protection of investors and consumers hereby takes the following action:

1. Form U5S (§ 259.5s) is hereby revised to read as set forth in copies thereof marked "Revised March 12, 1951" and as so revised is hereby prescribed as the form for annual reports of registered holding companies pursuant to the Public Utility Holding Company Act of 1935.

2. Form U-14-3 (§ 259.314) is hereby rescinded.

3. The instructions to Exhibit D to Form U5B (§ 259.5b) are amended by adding thereto the following:

The consolidating balance sheet and consolidating statements of income and surplus of the registrant and its subsidiaries shall be prepared and certified in accordance with the requirements of Regulation S-X (Part 210 of this chapter) which governs the certification, form and content of such statements, including the basis of consolidation, and prescribes the statements of surplus and the schedules and notes to be filed in support of the balance sheets and statements of income. These consolidating statements shall set forth the individual statements of the parent company and of each subsidiary and the consolidated statements of such parent and subsidiary companies included in the consolidation. The schedules and notes required by Regulation S-X (Part 210) shall be filed in support of the consolidated statements and the corporate statements of the parent company included in such consolidating statements, but separate schedules and notes need not be filed in support of individual statements of subsidiaries included in such consolidating statements. Only the consolidated statements and the corporate statements of the parent company included in the consolidating statements, and the schedules and notes in support of such consolidated and corporate statements, need be certified.

(Sec. 20, 49 Stat. 833; 15 U. S. C. 79t)

The foregoing action shall be effective March 12, 1951.

In annual reports on the revised Form U5S for the year 1950, where the answers to Items 8 (a) and 8 (d) thereof have been prepared prior to the effective date of the new form, the information required by such items may be given as of any date subsequent to September 30, 1950.

The annual reports to be filed by registered holding companies for the year 1950 pursuant to requirements of the 1935 act shall be filed on the revised Form U5S and the time within which annual reports may be filed on such form for 1950 pursuant to the requirements of the 1935 act and of section 13 or 15 (d) of the 1934 act is hereby extended to May 31, 1951.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

MARCH 9, 1951.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter II—Corps of Engineers, Department of the Army

PART 204—DANGER ZONE REGULATIONS

PACIFIC OCEAN NORTHWEST OF FARALLON ISLANDS

Pursuant to the provisions of section 7 of the River and Harbor Act of August 8, 1917 (40 Stat. 266; 33 U. S. C. 1), § 204.218 is hereby prescribed to govern the use of a naval aircraft bombing target area in the Pacific Ocean northwest of the Farallon Islands, as follows:

§ 204.218 *Pacific Ocean off Point Reyes, Calif., northwest of Farallon Islands; bombing target area Naval Air Station, Alameda, Calif.*—(a) *The danger zone.* The waters of the Pacific Ocean included within a circle having a radius of 2.5 nautical miles with its center on Fanny Shoal at latitude 37°49'15", longitude 123°12'45", approximately 2.9 nautical miles northwesterly of Noonday Rock, 12.4 nautical miles northwesterly of Farallon Light, and 13.9 nautical miles southwesterly of Point Reyes Light.

(b) *The regulations.* (1) No vessel other than vessels owned or operated by the United States Government shall enter or remain in the danger zone.

(2) The regulations in this section shall be enforced by the Commandant, Twelfth Naval District, and such agencies as he may designate.

(Regs. Feb. 26, 1951, 600.2121 (Pacific Ocean)—ENGWO) (40 Stat. 266; 33 U. S. C. 1)

[SEAL] EDWARD F. WITSELL,
Major General, U. S. A.,
The Adjutant General.

[F. R. Doc. 51-3522; Filed, Mar. 20, 1951; 8:56 a. m.]

PART 207—NAVIGATION REGULATIONS

NEUSE RIVER AND TRIBUTARIES AT MARINE CORPS AIR STATION, CHERRY POINT, NORTH CAROLINA

Pursuant to the provisions of section 7 of the River and Harbor Act of August 8, 1917 (40 Stat. 266; 33 U. S. C. 1),

§ 207.164 is hereby prescribed to govern the use of a restricted area in Neuse River and its tributaries at the Marine Corps Air Station, Cherry Point, North Carolina, as follows:

§ 207.164 *Neuse River and tributaries at Marine Corps Air Station, Cherry Point, N. C.; restricted area*—(a) *The area.* That portion of Neuse River within 500 feet of the shore along the reservation of the Marine Corps Air Station, Cherry Point, North Carolina, extending from the mouth of Hancock Creek to a point approximately 6,800 feet west of the mouth of Slocum Creek, and all waters of Hancock and Slocum Creeks and their tributaries within the boundaries of the reservation.

(b) *The regulations.* (1) Except in cases of extreme emergency, all vessels other than those operated by the United States Navy or Coast Guard are prohibited from entering this area without prior permission of the enforcing agency.

(2) The regulations in this section shall be enforced by the Commanding General, United States Marine Corps Air Station, Cherry Point, North Carolina, and such agencies as he may designate.

[Regs. Feb. 26, 1951, 800.212 (NEUSE River, N. C.)—ENGWO] (40 Stat. 266; 33 U. S. C. 1)

[SEAL] EDWARD F. WITSELL,
Major General, U. S. A.,
The Adjutant General.

[F. R. Doc. 51-3527; Filed, Mar. 20, 1951; 8:56 a. m.]

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 706]

CALIFORNIA

RESERVING PUBLIC LANDS FOR USE OF THE DEPARTMENT OF THE NAVY IN CONNECTION WITH A NAVAL SUPPLY DEPOT

By virtue of the authority vested in the President and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Subject to valid existing rights and to existing withdrawals for power purposes, the following-described public lands in California are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and mineral-leasing laws, and reserved for the use of the Department of the Navy in connection with a Naval Supply Depot:

SAN BERNARDINO MERIDIAN

T. 9 N., R. 1 W.,
Sec. 15, W½NE¼NE¼, W½NE¼, SE¼NE¼, W½, and SE¼.

The areas described contain 620 acres.

It is intended that the lands described herein shall be returned to the administration of the Department of the Interior when they are no longer needed for the purpose for which they are reserved.

OSCAR L. CHAPMAN,
Secretary of the Interior.

MARCH 15, 1951.

NOTICES

DEPARTMENT OF THE TREASURY

United States Coast Guard

[CGFR 51-12]

APPROVAL OF EQUIPMENT

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Order No. 120, dated July 31, 1950 (15 F. R. 6521), and in compliance with the authorities cited below, the following approvals of equipment are prescribed and shall be effective for a period of five years from date of publication in the FEDERAL REGISTER unless sooner canceled or suspended by proper authority, and the following changes in addresses of manufacturers of approved equipment shall be made:

BUOYANT CUSHIONS, KAPOK, STANDARD

NOTE: Cushions are for use on motorboats of classes A, 1, or 2, not carrying passengers for hire.

Approval No. 160.007/100/0, standard kapok buoyant cushion, U. S. C. G. Specification Subpart 160.007, manufactured by Northwyn Sailmaking Co., Inc., 120 Lakeside Avenue, Seattle 22, Wash.

Approval No. 160.007/101/0, standard kapok buoyant cushion, U. S. C. G. Specification Subpart 160.007, manufactured by The Safegard Corp., Cincinnati, Ohio, for Adolph Kiefer & Co., 765 West Lexington Street, Chicago, Ill.

(R. S. 4405, 4491, 54 Stat. 164, 166, as amended; 46 U. S. C. 375, 489, 526e, 526p; 46 CFR 25.4-1, 160.007)

BUOYANT CUSHIONS, NON-STANDARD

NOTE: Cushions are for use on motorboats of classes A, 1, or 2, not carrying passengers for hire.

Approval No. 160.008/440/0, 14" x 17" x 2" rectangular buoyant cushion, 21-oz. kapok, Safegard Corp. dwg. No. LP-1, dated September 26, 1949, manufactured by The Safegard Corp., Cincinnati, Ohio, for Adolph Kiefer & Co., 765 West Lexington Street, Chicago, Ill.

Approval No. 160.008/441/0, 14" x 20" x 2" rectangular buoyant cushion, 25-oz. kapok, Safegard Corp. dwg. No. LP-2, dated May 26, 1950, manufactured by The Safegard Corp., Cincinnati, Ohio, for Adolph Kiefer & Co., 765 West Lexington Street, Chicago, Ill.

(R. S. 4405, 4491, 54 Stat. 164, 166, as amended; 46 U. S. C. 375, 489, 526e, 526p; 46 CFR 25.4-1, 160.008)

BUOYS, LIFE, RING, CORK OR BALSA WOOD

Approval No. 160.009/33/0, 30-inch cork ring life buoy, dwg. No. CRB-2, dated November 24, 1950, manufactured by Seaway Manufacturing Co., Inc., 511 North Solomon Street, New Orleans 19, La.

(R. S. 4405, 4417a, 4426, 4482, 4488, 4491, sec. 11, 35 Stat. 428, 49 Stat. 1544, 54 Stat. 164, 166, 346, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 375, 391a, 396, 404, 475, 481, 489, 526e, 526p, 1333, 50 U. S. C. 1275; 46 CFR 25.4-1, 33.7-1, 59.56, 60.49, 76.53, 94.53, 113.46, 160.009)

LAMPS, SAFETY, FLAME

Approval No. 160.016/2/1, Koehler type, naphtha burning, key lock, flame safety lamp, dwg. dated January 8, 1951, manufactured by Koehler Manufacturing Co., Inc., Marlboro, Mass. (Supersedes Approval No. 160.016/2/0 published in the FEDERAL REGISTER dated July 31, 1947.)

(R. S. 4405, 4488, 4491, 49 Stat. 1544, 54 Stat. 346, sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 375, 489, 526e, 526p, 1333, 50 U. S. C. 1275; 46 CFR 160.016)

LINE-THROWING APPLIANCES, SHOULDER-GUN TYPE

Approval No. 160.031/4/0, Bridger 45-70 Model N shoulder-gun type line-throwing appliance, assembly dwg. No. A-604, dated Oct. 28, 1950, manufactured by Naval Co., Old Easton Highway, Doylestown, Pa.

(R. S. 4405, 4417a, 4426, 4481, 4488, 4491, sec. 11, 35 Stat. 428, 49 Stat. 1544, 54 Stat. 346 and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 375, 391a, 396, 404, 474, 475, 481, 489, 1333, 50 U. S. C. 1275)

DAVITS, LIFEBOAT

Approval No. 160.032/109/0, telescopic gravity davit, Type TG-9.5, approved for maximum working load of 1,900 pounds per set (950 pounds per arm), using 1-part falls, identified by arrangement dwg. No. 3237 dated May 26, 1950, and revised December 29, 1950, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, N. J.

Approval No. 160.032/119/0, Mechanical davit, Crescent, sheath screw, Type C58A, approved for maximum working load of 10,000 pounds per set (5,000 pounds per arm), using 2-part falls, identified by arrangement dwg. No. 3327 dated April 14, 1950, and detail dwg. No. 3327-1 dated April 10, 1950, and revised May 9, 1950, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, N. J.

(R. S. 4405, 4417a, 4426, 4481, 4488, 4491, 49 Stat. 1544, 54 Stat. 316, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 375, 391a, 404, 474, 481, 489, 1333, 50 U. S. C. 1275, 46 CFR 160.032)

LIFEBOATS

Approval No. 160.035/211/1, 22.0' x 7.5' x 3.17' steel, oar-propelled lifeboat, 31-person capacity, identified by construction and arrangement dwg. No. 22-2, dated April 17, 1946, revised January 15, 1951, manufactured by Marine Safety Equipment Corp., Point Pleasant, N. J. (Supersedes Approval No. 160.035/211/0 published in the FEDERAL REGISTER Feb. 12, 1948.)

Approval No. 160.035/221/1, 24.0' x 7.63' x 3.21' steel, oar-propelled lifeboat, 35-person capacity, identified by construction and arrangement dwgs. Nos. 24-4 dated April 19, 1948, and revised January 17, 1951, and 24-4B dated June 14, 1948, and revised January 17, 1951, manufactured by Marine Safety Equipment Corp., Point Pleasant, N. J. (Supersedes Approval No. 160.035/221/0 published in the FEDERAL REGISTER Dec. 2, 1948.)

(R. S. 4405, 4417a, 4426, 4481, 4488, 4491, 4492, 35 Stat. 428, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 375, 391a, 396, 404, 474, 481, 489, 490, 1333, 50 U. S. C. 1275; 46 CFR 37.1-1, 59.13, 76.16, 94.15, 113.10, 160.035)

BOILERS, HEATING

Approval No. 162.003/61/2, Size 3824-8C vertical fire tube hot water heating boiler, welded steel plate construction, oil fired, 30 pounds per square inch maximum pressure, dwg. No. H-110-5, Rev. 3 dated January 3, 1951, manufactured by Way-Wolff Associates, Inc., 33 Fulton Street, New York 38, N. Y. (Supersedes Approval No. 162.003/61/1 published in the FEDERAL REGISTER Oct. 29, 1948.)

Approval No. 162.003/65/1, Size 1920-8C vertical fire tube hot water heating boiler, welded steel plate construction, oil fired, 30 pounds per square inch maximum pressure, dwg. No. H-110-5, Rev. 3 dated January 3, 1951, manufactured by Way-Wolff Associates, Inc., 33 Fulton Street, New York 38, N. Y. (Supersedes Approval No. 162.003/65/0 published in the FEDERAL REGISTER dated Oct. 29, 1948.)

Approval No. 162.003/85/0, Size 3830-10E vertical fire tube steam or hot water heating boiler, welded steel plate construction, oil fired, 30 pounds per square inch maximum pressure, dwg. No. H-110-2, Rev. 4, dated January 3, 1951, manufactured by Way-Wolff Associates, Inc., 33 Fulton Street, New York 38, N. Y.

Approval No. 162.003/86/0, Size 4536-12E vertical fire tube steam or hot water heating boiler, welded steel plate construction, oil fired, 30 pounds per square inch maximum pressure, dwg. No. H-110-2, Rev. 4, dated January 3, 1951, manufactured by Way-Wolff Associates, Inc., 33 Fulton Street, New York 38, N. Y.

Approval No. 162.003/87/0, Size 6642-14E vertical fire tube steam or hot water heating boiler, welded steel plate construction, oil fired, 30 pounds per square inch maximum pressure, dwg. No. H-110-2, Rev. 4, dated January 3, 1951, manufactured by Way-Wolff Associates, Inc., 33 Fulton Street, New York 38, N. Y.

(R. S. 4405, 4417a, 4418, 4426, 4433, 4434, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 375, 391a, 392, 404, 411, 412, 489, 1333, 50 U. S. C. 1275; 46 CFR Part 52)

FIRE EXTINGUISHERS, PORTABLE, HAND, DRY CHEMICAL TYPE

Approval No. 162.010/3/0, Ansul M4 dry chemical type hand portable fire extinguisher, assembly dwg. No. DS-1785 dated September 27, 1950, name plate dwg. No. DS-1780 dated September 26, 1950, manufactured by Ansul Chemical Co., Marinette, Wis.

(R. S. 4405, 4417a, 4426, 4479, 4491, 4492, 49 Stat. 1544, 54 Stat. 165, 166, 346, 1028, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 375, 391a, 404, 463a, 472, 489, 490, 526g, 526p, 1333, 50 U. S. C. 1275, 46 CFR 25.5-1, 26.3-1, 27.3-1, 28.3-5, 34.5-1, 61.13, 77.13, 95.13, 114.15)

VALVES, SAFETY RELIEF, LIQUEFIED COMPRESSED GAS

Approval No. 162.018/5/3, Type MS-8, pop safety relief valve, flanged inlet, flat synthetic rubber gasket type, for liquefied petroleum gas and anhydrous ammonia service; dwg. No. 31-11669-G, revised August 28, 1950, net flow area 3.26 square inches, approved for a maximum set pressure of 250 pounds per square inch; flow rated at 105 percent of the following set pressures (discharge in cubic feet per minute measured at 60° F. and 14.7 pounds per square inch absolute); manufactured by American Car & Foundry Co., 30 Church Street, New York 8, N. Y.:

	Pounds per square inch			
	100	125	200	250
Air	5,880	7,210	10,280	13,060
Liquefied petroleum gas	4,950	6,170	9,190	12,740
Anhydrous ammonia	7,450	9,130	12,780	16,980

(Supersedes Approval No. 162.018/5/2, published in the FEDERAL REGISTER Mar. 25, 1950.)

Approval No. 162.018/25/1, Type 1203, pop safety relief valve, flanged inlet "O" ring synthetic rubber gasket type, for liquefied petroleum gas and anhydrous ammonia service; dwg. No. 31-21697-B, revised August 28, 1950, net flow area 3.44 square inches, approved for a maximum set pressure of 250 pounds per square inch; flow rated at 105 percent of the following set pressures (discharge in cubic feet per minute measured at 60° F. and 14.7 pounds per square inch absolute); manufactured by American Car & Foundry Co., 30 Church Street, New York 8, N. Y.:

	Pounds per square inch			
	100	125	200	250
Air	5,970	7,120	10,650	13,360
Liquefied petroleum gas	5,040	6,070	9,460	12,480
Anhydrous ammonia	7,550	8,960	13,210	16,520

(Supersedes Approval No. 162.018/25/0, published in the FEDERAL REGISTER Mar. 25, 1950.)

Approval No. 162.018/26/1, Type 1208, pop safety relief valve, flanged inlet "O" ring synthetic rubber gasket type, for liquefied petroleum gas and anhydrous ammonia service; dwg. No. 31-35367-A, dated August 28, 1950, net flow area 1.54 square inches, approved for a maximum set pressure of 250 pounds per square inch; flow rated at 105 percent of the following set pressures (discharge in cubic feet per minute measured at 60° F. and 14.7 pounds per square inch absolute); manufactured by American Car & Foundry Co., 30 Church Street, New York 8, N. Y.:

	Pounds per square inch	
	100	125
Air	2,140	2,650
Liquefied petroleum gas	1,800	2,170
Anhydrous ammonia	2,720	3,410

(Supersedes Approval No. 162.018/26/0 published in the FEDERAL REGISTER Mar. 25, 1950.)

Approval No. 162.018/27/1, Type 1204, pop safety relief valve, 2½" screwed inlet, "O" ring synthetic rubber gasket type, for liquefied petroleum gas and anhydrous ammonia service; dwg. No. 31-33684-B, revised January 8, 1951, net flow area 1.54 square inches, approved for a maximum set pressure of 125 pounds per square inch; flow rated at 105 percent of the following set pressures (discharge in cubic feet per minute measured at 60° F. and 14.7 pounds per square inch absolute; manufactured by American Car & Foundry Co., 30 Church Street, New York 8, N. Y.:

	Pounds per square inch	
	100	125
Air	2,140	2,650
Liquefied petroleum gas	1,800	2,170
Anhydrous ammonia	2,720	3,410

(Supersedes Approval No. 162.018/27/0 published in the FEDERAL REGISTER Mar. 25, 1950.)

Approval No. 162.018/28/1, Type 1209, pop safety relief valve, 3" screwed inlet, "O" ring synthetic rubber gasket type, for liquefied petroleum gas and anhydrous ammonia service; dwg. No. 31-36684-B, revised January 8, 1951, net flow area 1.54 square inches, approved for a maximum set pressure of 125 pounds per square inch; flow rated at 105 percent of the following set pressures (discharge in cubic feet per minute measured at 60° F. and 14.7 pounds per square inch absolute); manufactured by American Car & Foundry Co., 30 Church Street, New York 8, N. Y.:

	Pounds per square inch	
	100	125
Air	2,140	2,650
Liquefied petroleum gas	1,800	2,170
Anhydrous ammonia	2,720	3,410

(Supersedes Approval No. 162.018/28/0 published in the FEDERAL REGISTER Mar. 25, 1950.)

Approval No. 162.018/29/1, Type 1206, pop safety relief valve, 4" screwed inlet, "O" ring synthetic rubber gasket type, for liquefied petroleum gas and anhydrous ammonia service; dwg. No. 31-36666-B, revised January 8, 1951, net flow

area 3.44 square inches, approved for a maximum set pressure of 125 pounds per square inch; flow rated at 105 percent of the following set pressures (discharge in cubic feet per minute measured at 60° F. and 14.7 pounds per square inch absolute); manufactured by American Car & Foundry Co., 30 Church Street, New York 8, N. Y.:

	Pounds per square inch	
	100	125
Air	5,070	7,120
Liquefied petroleum gas	5,050	6,750
Anhydrous ammonia	7,350	8,900

(Supersedes Approval No. 162.018 29 0 published in the FEDERAL REGISTER Mar. 25, 1950.)

Approval No. 162.018 30 1, Type 1207, pop safety relief valve, 3½" screwed inlet, "O" ring synthetic rubber gasket type, for liquefied petroleum gas and anhydrous ammonia service; dwg. No. 31–26566–B, revised January 8, 1951, net flow area 3.44 square inches, approved for a maximum set pressure of 125 pounds per square inch; flow rated at 105 percent of the following set pressures (discharge in cubic feet per minute measured at 60° F. and 14.7 pounds per square inch absolute); manufactured by American Car & Foundry Co., 30 Church Street, New York 8, N. Y.:

	Pounds per square inch	
	100	125
Air	5,070	7,120
Liquefied petroleum gas	5,050	6,750
Anhydrous ammonia	7,350	8,900

(Supersedes Approval No. 162.018 30 0 published in the FEDERAL REGISTER Mar. 25, 1950.)

(R. S. 4405, 4417a, 4491, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 375, 391a, 489, 50 U. S. C. 1275, 46 CFR Part 38)

FIRE EXTINGUISHING SYSTEM, FIXED

Fixed mechanical foam bilge fire extinguishing system, National Aer-O-Foam Marine Foam Fire Extinguishing System, arrangements and parts list dwg. No. C–559 dated January 15, 1951, manufactured by National Foam System, Inc., West Chester, Pa.

(R. S. 4405, 4417a, 4426, 4491, 4492, 49 Stat. 1544, 54 Stat. 346, 1028, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 375, 391a, 404, 463, 489, 490, 1333, 50 U. S. C. 1275, 46 CFR 34[illegible].2, 61.14, 77.14, 95.14)

CHANGES IN ADDRESSES

The address of Pittsburgh Corning Corp., 632 Duquesne Way, Pittsburgh 22, Pa., has been changed to 307 Fourth Avenue, Pittsburgh 22, Pa., for Approval No. 164.007 25 0 published in the FEDERAL REGISTER of October 29, 1948.

The address of the Lane Lifeboat & Davit Corp., foot of Fortieth Road and Flushing River, Flushing, N. Y., has been changed to 8920 Twenty-sixth Avenue, corner of Cropsey Avenue, Brooklyn 14, N. Y., for all approvals issued to that company under the general headings, "Winches, Lifeboat", "Life Rafts", "Davits, Lifeboat", "Mechanical Disengaging Apparatus, Lifeboats", "Hand-Propelling Gear, Lifeboat", and "Lifeboats".

Dated: March 15, 1951.

[SEAL] MERLIN O'NEILL,
Vice Admiral, U. S. Coast Guard,
Commandant.

[CGFR 51–13]

TERMINATION OF APPROVAL OF EQUIPMENT

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Order No. 120, dated July 31, 1950 (15 F. R. 6521), and in compliance with the authorities cited below, the following approvals of equipment are terminated because the items of equipment covered are no longer being manufactured:

BOILERS, HEATING

Termination of Approval No. 162.033/32 0, Way-Wolff "Blue Jacket" hot water heating boiler, welded steel plate construction, vertical Scotch type, oil fired; dwg. No. H–107 revised October 24, 1941; approved for sizes 4824, 4830, 7220, and 7236; maximum working pressure 30 pounds per square inch; manufactured by Way-Wolff Associates, 53 Park Place, New York 7, N. Y. (Approved FEDERAL REGISTER July 31, 1947.)

Termination of Approval No. 162.033/74 0, Size 4830–10C Way-Wolff hot water heating boiler, welded steel plate construction, vertical fire tube, oil fired, dwgs. No. H–110–1 and No. H–110–G, Rev. 1, maximum working pressure 30 pounds per square inch, manufactured by Way-Wolff Associates, Inc., 33 Fulton Street, New York 7, N. Y. (Approved FEDERAL REGISTER Oct. 29, 1948.)

Termination of Approval No. 162.003/75 0, Size 4836–10C Way-Wolff hot water heating boiler, welded steel plate construction, vertical fire tube, oil fired, dwgs. No. H–110–1 and No. H–110–G, Rev. 1, maximum working pressure 30 pounds per square inch, manufactured by Way-Wolff Associates, Inc., 33 Fulton Street, New York 7, N. Y. (Approved FEDERAL REGISTER Oct. 29, 1948.)

(R. S. 4405, 4417a, 4418, 4423, 4433, 4434, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 375, 391a, 392, 404, 411, 412, 489, 1333, 50 U. S. C. 1275; 46 CFR Part 52)

CONDITIONS OF TERMINATION OF APPROVALS

The termination of approvals of equipment made by this document shall be made effective upon the thirty-first day after the date of publication of this document in the FEDERAL REGISTER. Notwithstanding this termination of approval on any item of equipment, such equipment manufactured before the effective date of termination of approval may be used on merchant vessels so long as it is in good and serviceable condition.

Dated: March 15, 1951.

[SEAL] MERLIN O'NEILL,
Vice Admiral, U. S. Coast Guard,
Commandant.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[1720623]

UTAH

NOTICE OF FILING OF PLAT OF SURVEY AND DEPENDENT RESURVEY

MARCH 13, 1951.

Notice is given that the plat accepted September 27, 1948, of (1) resurvey comprising sec. 5, delineating a retracement and reestablishment of a portion of the original survey as shown upon the plat approved April 17, 1872, and (2) extension survey of lands hereinafter described will be officially filed in the Land and Survey Office, Salt Lake City, Utah, effective 10:00 a. m. on the 35th day after the date of this notice.

The lands affected by this notice are described as follows:

SALT LAKE MERIDIAN

T. 10 S., R. 8 W.,
Sec. 6, all;
Sec. 7, lots 1 to 6 inclusive, E½SW¼, SE¼;
Sec. 8, lots 1 to 4 inclusive, S½;
All of secs. 17, 18, 19, 20, 29, 30, 31, 32.

The area described aggregates 6,111.64 acres.

Available information indicates that the lands described are rolling foothill and benchland adjacent to a high mountain range.

The S½ sec. 20 and all of sec. 32, was construed to be in Public Water Reserve No. 107, by Interpretation No. 2-2, of March 26, 1934.

According to the field notes and as shown on the plat, there are springs of water in the N½SE¼ and SW¼SE¼ sec. 5, in the unsurveyed SW¼SW¼ sec. 21, and unsurveyed NW¼SW¼, sec. 28.

No application for any of the described lands may be allowed under the homestead, desert-land, small tract, or any other non-mineral public land law unless the land has already been classified as valuable or suitable for such application or shall be so classified upon consideration of an application.

The legal subdivision containing springs and the lands within a quarter of a mile of such springs may be affected by the general withdrawal made by Executive Order of April 17, 1926 (43 CFR 292.1), creating Public Water Reserve No. 107, but the question of whether these springs are of such size or value so needed by the public as to bring the lands within the scope of the withdrawal is left for future determination.

At the hour and date specified above the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows.

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this notice shall be subject only to (1) application under the homestead or the desert-land laws or the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279–284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m. on the 35th day after the date of this notice shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this notice, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this notice, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land and Survey Office, Salt Lake City, Utah, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations, and applications under the desert-land laws and the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the Manager, Land and Survey Office, Salt Lake City, Utah.

WILLIAM ZIMMERMAN, Jr.,
Assistant Director.

[F. R. Doc. 51–3499; Filed, Mar. 20, 1951; 8:50 a. m.]

[1996959–2046058]

ALASKA

NOTICE OF FILING OF PLAT OF SURVEY

MARCH 13, 1951.

Notice is given that the plat of original survey of the following described lands, accepted July 7, 1948, will be officially filed in the Land Office, Anchorage, Alaska, effective at 10:00 a. m. on the 35th day after the date of this notice:

COPPER RIVER MERIDIAN

T. 60 S., R. 82 E.,
Sec. 23, Lots 4, 5, 6, 7, 8, NW¼NE¼, NW¼, NW¼SW¼.
T. 16 N., R. 2 E.,
Sec. 1, Lots 1, 2, 3;
Sec. 2, Lots 1 to 8, inclusive;
Sec. 3, Lots 1 to 8, inclusive.

The areas described aggregate 910.29 acres.

No applications for the lands described may be allowed under the homestead, desert-land, small tract, or any other non-mineral public land law unless the land has already been classified as valuable or suitable for such application or shall be so classified upon consideration of an application.

At the hour and date specified above the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this notice shall be subject only to (1) application under the homestead or the desert-land laws or the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279–284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m. on the 35th day after the date of this notice shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this notice, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this notice, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land Office, Anchorage, Alaska, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations, and applications under the desert-land laws and the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the Manager, Land and Survey Office, Anchorage, Alaska.

WILLIAM ZIMMERMAN, Jr.,
Assistant Director.

[General Memorandum 65]

ALLOCATION OF FUNDS FOR LOANS

MARCH 2, 1951.

The allocation designated as "Ohio 29 Pike" was made to Inter-County Rural Electric Cooperative, Inc. by Executive Order under the Emergency Relief Appropriation Act of 1935. Inasmuch as Ohio-Midland Light and Power Company has assumed in part the indebtedness of this loan it is now desired to change the allocation designation. However, inasmuch as Executive Orders cannot be amended by Administrative Order, such allocation designation should for the purposes of our records only be deemed to be changed as follows:

(a) Executive Order dated December 11, 1936, by changing the allocation designation appearing therein as "Ohio 29 Pike" in the amount of $125,000 to read "Ohio 6029A2 Pike" in the amount of $113,888.24 and "Ohio 95 Franklin (Ohio 29 Pike)" in the amount of $11,111.76.

[SEAL] CLAUDE R. WICKARD, *Administrator.*

DEPARTMENT OF LABOR

Wage and Hour Division

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1068, as amended; 29 U. S. C. and Supp. 214), and Part 522 of the regulations issued thereunder (29 CFR Part 522), special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates applicable under section 6 of the act have been issued to the firms listed below. The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 522. The effective and expiration dates, occupations, wage rates, number or proportion of learners, and learning period for certificates issued under the general learner regulations (§§ 522.1 to 522.14) are as indicated below; conditions provided in certificates issued under special industry regulations are as established in those regulations.

Single Pants, Shirts and Allied Garments, Women's Apparel, Sportswear and Other Odd Outerwear, Robes and Leather and Sheep-Lined Garments Divisions of the Apparel Industry Learner Regulations (29 CFR 522.160 to 522.165, as amended September 25, 1950; 15 F. R. 5701; 6226).

Industry, manufacturing of food; occupations, fireman and repairman; five learners; 100 hours @ 50 cents, 100 hours @ 55 cents, and 100 hours @ 65 cents per hour. Industry, printing; occupations, skilled and semiskilled operations only; four learners; 360 hours @ 50 cents, 325 hours @ 55 cents, and 325 hours @ 65 cents per hour.

Shoe Industry Learner Regulations (29 CFR 522.250 to 522.260; 15 F. R. 6546).

Welco Shoe Corp., Georgia Avenue and U. S. Highway 19-23, Hazelwood, N. C., effective 3-5-51 to 9-5-51; 60 learners for expansion purposes (expansion certificate for the California Process Department).

Regulations Applicable to the Employment of Learners (29 CFR 522.1 to 522.14).

Wm. E. Asplin Basket Co., Hartsville, Ohio, effective 3-8-51 to 9-7-51; 10 learners normal labor turnover. Braiders, banders, basket making and handle making, each 160 hours; 60 cents per hour (fruit and vegetable baskets).

Backall Bros., Philadelphia, Pa., effective 2-28-51 to 2-27-52; three learners normal labor turnover. Machine operators (except cutting), handsewers and pressers, each 480 hours; at least 60 cents per hour for first 240 hours and not less than 65 cents per hour for remaining 240 hours (boys' coats, legging sets, etc).

Beau Brummel Ties, Inc., Cincinnati, Ohio, effective 3-2-51 to 3-1-52; 5 percent normal labor turnover. Machine operating (except cutting), pressers and handsewers, each 320 hours; 60 cents per hour (men's neckties).

California Artificial Flower Co., Providence, R. I., effective 3-2-51 to 9-1-51; 10 percent normal labor turnover. Flower maker including only the operations of slipping-up, heading, tying, pasting, rosemaking, branch making and stemming; 160 hours; 60 cents per hour (artificial flowers).

Colonial Products Co., Inc., Geneva, Ala., effective 3-2-51 to 9-1-51; 10 percent normal labor turnover. Machine operators (except cutting), 320 hours; 55 cents per hour for first 160 hours and 65 cents per hour for remaining 160 hours. Punchwork operators 640 hours; 55 cents per hour for first 320 hours and 65 cents per hour for remaining 320 hours (bedspreads, rugs, etc).

Decorah Journal, Decorah, Iowa, effective 3-1-51 to 9-1-51; one learner normal labor turnover, printer and engraver helper; 480 hours, 320 hours at 60 cents per hour and 160 hours at 65 cents per hour (printing and publishing).

Fine Pants Co., Philadelphia, Pa., effective 2-28-51 to 2-27-52; five learners normal labor turnover. Machine operating (except cutting), 480 hours; at least 60 cents per hour for first 240 hours and not less than 65 cents per hour for remaining 240 hours (boys' clothing).

The Glove Slide & Film Co., Albion, Mich., effective 3-5-51 to 9-4-51; one learner normal labor turnover. Developer, printer, enlarger and cutter; 320 hours; 60 cents per hour (stereopticon slides and commercial photo finishing).

International Hat Co., Oran, Mo., effective 2-28-51 to 2-27-52; five learners normal labor turnover; machine operators and trimmers; 240 hours; 65 cents per hour (cloth sport hats, sewed straw hats).

SC and WC Manufacturing Co., Victory Insignia, Union City, N. J., effective 2-28-51 to 2-27-52; four learners normal labor turnover; sewing machine operators; 320 hours; 60 cents per hour (embroidery finishing military insignia).

The H. A. Seinsheimer Co., New Albany, Ind., effective 3-6-51 to 3-5-52; 7 percent normal labor turnover; machine operating (except cutting), pressers and handsewers, each 480 hours; not less than 60 cents per hour for first 240 hours and at least 65 cents per hour for remaining 240 hours (men's suits and overcoats).

Wilkes-Barre Can Manufacturing Co., Wilkes-Barre, Pa., effective 3-2-51 to 3-1-52, two learners normal labor turnover; sewing machine operators, 240 hours; 65 cents per hour (miners' caps).

Each certificate has been issued upon the employer's representation that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be cancelled in the manner provided in the regulations and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of Part 522.

Signed at Washington, D. C., this 7th day of March 1951.

ISABEL FERGUSON,
Authorized Representative of the Administrator.

Wage and Hour and Public Contracts Divisions

EMPLOYMENT OF HANDICAPPED CLIENTS BY SHELTERED WORKSHOPS

NOTICE OF ISSUANCE OF SPECIAL CERTIFICATES

Notice is hereby given that special certificates authorizing the employment of handicapped clients at hourly wage rates lower than the minimum wage rates applicable under section 6 of the Fair Labor Standards Act of 1938, as amended, and section 1 (b) of the Walsh-Healey Public Contracts Act, as amended, have been issued to the sheltered workshops hereinafter mentioned, under section 14 of the Fair Labor Standards Act of 1938, as amended (sec. 14, 52 Stat. 1068; 29 U. S. C. 214; as amended 63 Stat. 910) and Part 525 of the regulations issued thereunder, as amended (29 CFR Part 525), and under sections 4 and 6 of the Walsh-Healey Public Contracts Act (secs. 4, 6, 49 Stat. 2038; 41 U. S. C. 38, 40) and Article 1102 of the regulations issued pursuant thereto (41 CFR 201.1102).

The names and addresses of the sheltered workshops to which certificates were issued, wage rates, and the effective and expiration dates of the certificates are as follows:

Pennsylvania Branch, Shut in Society, 511 North Broad Street, Philadelphia, Pa.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 15 cents per hour, whichever is higher, and a rate of not less than 5 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective March 1, 1951 and expires February 29, 1952.

Pittsburgh Branch Pennsylvania Association for the Blind, 308 South Craig Street, Pittsburgh, Pa.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 30 cents per hour, whichever is higher, and a rate of not less than 15 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective February 19, 1951 and expires January 31, 1952.

United Vocational & Employment Service, 931 Penn Avenue, Pittsburgh, Pa.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 25 cents per hour, whichever is higher, and a rate of not less than 15 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective March 1, 1951 and expires February 29, 1952.

The Lott Day School, Inc., 255 Heffner at Kelsey, Toledo 5, Ohio; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 5 cents per hour, whichever is higher, and a rate of not less than 2 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective March 7, 1951, and expires June 30, 1951.

The Volunteers of America, 1915 East Fiftieth Street, Cleveland 3, Ohio; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 25 cents per hour, whichever is higher, and a rate of not less than 10 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective March 9, 1951, and expires June 30, 1951.

Toledo Society for the Blind, 718 Michigan Street, Toledo, Ohio; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 20 cents per hour, whichever is higher, and a rate of not less than 10 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective March 7, 1951, and expires February 29, 1952.

Milwaukee Goodwill Industries, 2102 West Pierce Street, Milwaukee, Wis.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 45 cents per hour, whichever is higher; certificate is effective March 1, 1951, and expires February 29, 1952.

Wabash Valley Goodwill Industries, Inc., 122 North Fifth Street, Terre Haute, Ind.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 60 cents per hour, whichever is higher, and a rate of not less than 50 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective March 1, 1951, and expires February 29, 1952.

The Rehabilitation Institute, 3101 Gillham Plaza, Kansas City, Mo.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 15 cents per hour, whichever is higher, and a rate of not less than .05 for each new client during his initial 4-week evaluation period in the workshop; certificate is effective March 1, 1951, and expires February 29, 1952.

Inland Empire Goodwill Industries, 130 East Third, Spokane, Wash.; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 62½ cents an hour, whichever is higher, and a rate of not less than 43 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective February 12, 1951, and expires February 11, 1952.

The employment of handicapped clients in the above-mentioned sheltered workshops under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 525 of the regulations, as amended. These certificates have been issued on the applicants' representations that they are sheltered workshops as defined in the regulations and that special services are provided their handicapped clients. A sheltered workshop is defined as, "A charitable organization or institution conducted not for profit, but for the purpose of carrying out a recognized program of rehabilitation for individuals whose earning capacity is impaired by age or physical or mental deficiency or injury, and to provide such individuals with remunerative employment or other occupational rehabilitating activity of an educational or therapeutic nature."

These certificates may be cancelled in the manner provided by the regulations, as amended. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER.

Signed at Washington, D. C., this 8th day of March 1951.

JACOB I. BELLOW
Assistant Chief of Field Operations.

FEDERAL POWER COMMISSION

[Docket No. G-1448]

SHENANDOAH GAS CO.

ORDER FIXING DATE OF HEARING

MARCH 15, 1951

On July 26, 1950, Shenandoah Gas Company (Applicant), a Virginia corporation having its principal place of business at Lynchburg, Virginia, filed an application pursuant to section 7 of the Natural Gas Act, as amended, for a certificate of public convenience and necessity authorizing the construction and operation of certain natural-gas transmission pipeline facilities and for an order pursuant to section 7 (a) of the Natural Gas Act directing Virginia Gas Transmission Corporation to establish physical connection of its transportation facilities with the proposed facilities of Applicant and to supply natural gas for ultimate distribution in certain Virginia communities, including Front Royal and Winchester, Virginia, and in Martinsburg, West Virginia.

Due notice of the filing of the application has been given, including publication in the FEDERAL REGISTER on August 9, 1950 (15 F. R. 5145).

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a public hearing be held commencing on April 16, 1951, at 10:00 a. m., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by the application.

(B) Interested State Commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

[Docket Nos. G-1476, G-1479, G-1480, G-1481, G-1501, G-1514]

WARWICK GAS CORP. ET AL.

ORDER CONSOLIDATING PROCEEDINGS AND FIXING DATE OF HEARING

MARCH 15, 1951.

In the matters of Warwick Gas Corporation, Docket No. G-1476, Bangor Gas Company, Docket No. G-1479, Citizens Gas Company, Docket No. G-1480, Pen Argyl Gas Company, Docket No. G-1481, Crystal City Gas Company, Docket No. G-1501, New River Gas Company, Docket No. G-1514.

On October 18, 1950, New River Gas Company (New River), a Virginia corporation having its principal place of business at Radford, Virginia, filed in Docket No. G-1514 an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing construction and operation of certain natural gas facilities, subject to the jurisdiction of the Commission, as described in the application on file with the Commission and open to public inspection. Due notice of the filing of such application has been given, including publication in the FEDERAL REGISTER on October 31, 1950 (15 F. R. 7304).

On December 20, 1950, the applications for certificates of public convenience and necessity pursuant to section 7 of the Natural Gas Act of Warwick Gas Corporation, Bangor Gas Corporation, Citizens Gas Company, Pen Argyl Gas Company and Crystal City Gas Company in Docket Nos. G-1476, G-1479, G-1480, G-1481 and G-1501, respectively, were consolidated for hearing and on January 19, 1951, such hearing was set to commence on April 2, 1951. These applicants and New River propose to obtain their gas supply from subsidiary companies of the Columbia Gas System, Inc.

The Commission finds: The application in Docket No. G-1514 should be consolidated for hearing with the applications now set for hearing in Docket Nos. G-1476, G-1479, G-1480, G-1481 and G-1501.

The Commission orders:

(A) The proceedings in Docket Nos. G-1476, G-1479, G-1480, G-1481, G-1501 and Docket No. G-1514 be and the same hereby are consolidated for purposes of hearing.

(B) Pursuant to authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a public hearing be held in the consolidated proceedings, commencing on April 2, 1951, at 10:00 a. m., e. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and issues presented by the applications referred to in paragraph (A) hereof.

(C) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

[Docket Nos. G-1549, G-1550, G-1562]

ARKANSAS LOUISIANA GAS CO. ET AL.

NOTICE OF FINDINGS AND ORDERS

MARCH 16, 1951.

In the matters of Arkansas Louisiana Gas Company, Docket No. G-1549, Texas Eastern Transmission Corporation, Docket No. G-1550, Arkansas Louisiana Gas Company, Docket No. G-1562.

Notice is hereby given that, on March 15, 1951, the Federal Power Commission issued its findings and orders entered March 15, 1951, issuing certificates of public convenience and necessity in the above-designated matters.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 51-3524; Filed, Mar. 20, 1951; 8:55 a. m.]

[Docket No. G-1628]

UNITED GAS PIPE LINE CO.

NOTICE OF APPLICATION

MARCH 15, 1951.

Take notice that United Gas Pipe Line Company (Applicant), a Delaware corporation with its principal office at 1525 Fairfield Avenue, Shreveport, Louisiana, filed on March 6, 1951, an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural-gas pipeline facilities as hereinafter described and as more fully described in the application.

Applicant proposes to:

(1) Construct 39.4 miles of 16-inch loop line beginning at the 14-inch to 12-inch pipe change near M. P. No. 17 on the Pensacola Lateral in Baldwin County, Alabama, and extending in a South-easterly direction along or parallel to the present 12-inch Pensacola Line to end at the 8-inch tap line serving the St. Regis Paper Company near M. P. No. 56 in Escambia County, Florida.

(2) Construct 5.8 miles of 8-inch loop line beginning on the 12-inch Pensacola Lateral near M. P. No. 59 in Escambia County, Florida, and extending in an Easterly direction along or parallel to the present 8-inch Gulf Power Company Lateral to end at the existing 8-inch by 10-inch swage in Escambia County, Florida.

(3) Construct approximately 5.0 miles of 4-inch pipeline beginning at Applicant's 12-inch Pensacola Line near M. P. No. 66, and extending in a Westerly direction to the U. S. Naval Air Station, Saufley Field, all near Pensacola in Escambia County, Florida.

(4) Install tap and sales meter station to serve the Florida Towns of Fort Walton, Niceville, Valparaiso, Crestview and De Funiak Springs, and U. S. A. Eglin Air Force Base. The location of this tap will be near M. P. No. 56 in Escambia County, Florida.

The estimated over-all capital cost of the proposed facilities is approximately $1,945,000.

Protests or petitions to intervene should be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) before the 4th day of April, 1951. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 51-3523; Filed, Mar. 20, 1951; 8:54 a. m.]

[Docket Nos. G-1543, G-1545, G-1596, G-1597]

LYNCHBURG GAS CO. ET AL.

ORDER CONSOLIDATING PROCEEDINGS AND FIXING DATE OF HEARING

MARCH 14, 1951.

In the matters of Lynchburg Gas Company, Docket No. G-1543; Lynchburg Pipe Line Company, Docket No. G-1545; Philadelphia Electric Company, Docket No. G-1596; Transcontinental Gas Pipe Line Corporation, Docket No. G-1597.

On December 4, 1950, Lynchburg Gas Company (Lynchburg Gas), a Virginia corporation having its principal place of business at Lynchburg, Virginia, filed an application in Docket No. G-1543 for an order pursuant to section 7 (a) of the Natural Gas Act, as amended, directing Transcontinental Gas Pipe Line Corporation (Transcontinental), a Delaware corporation having its principal place of business at Houston, Texas, to establish physical connection of its transportation facilities with the proposed facilities of Lynchburg Pipe Line Company (Lynchburg Pipe), a subsidiary of Lynchburg Gas, and to sell and deliver natural gas to Lynchburg Gas for local distribution, as fully described in the application on file with the Commission and open to public inspection.

On December 4, 1950, Lynchburg Pipe, a Virginia corporation having its principal place of business at Lynchburg,

Virginia, filed an application in Docket No. G–1545 for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural-gas transmission pipe line facilities, subject to the jurisdiction of the Commission, as fully described in the application on file with the Commission and open to public inspection.

On January 24, 1951, Philadelphia Electric filed an application in Docket No. G–1596 for an order pursuant to section 7 (b) of the Natural Gas Act, as amended, authorizing and approving the abandonment of certain natural-gas transmission pipeline facilities, subject to the jurisdiction of the Commission, to the extent that such facilities are devoted and operated for the transportation and sale of natural gas to Delaware Power & Light Company, as fully described in the application on file with the Commission and open to public inspection.

On January 24, 1951, Transcontinental filed an application in Docket No. G–1597 for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural-gas transmission pipeline facilities, subject to the jurisdiction of the Commission, as fully described in the application on file with the Commission and open to public inspection.

The authorizations sought in all of the above-named proceedings involve matters with respect to the facilities of Transcontinental and the capacities thereof, and the public interest would be served by the consolidation of the above dockets for purpose of hearing because of the common issues involved.

Lynchburg Gas and Lynchburg Pipe, in their applications, allege that a critical need for additional gas supplies exists in the system of Lynchburg Gas, resulting in serious impairment of service to its firm customers. Lynchburg Gas further alleges that its present supplies are inadequate to meet the public demand for gas service; and unless it can secure a supplemental supply of gas, it will be required to limit service to certain customers engaged in the defense program during the next 12 months.

The Commission finds:

(1) Orderly procedure requires that the proceedings in Docket Nos. G–1543, G–1545, G–1596, and G–1597 be consolidated for purpose of hearing and disposition, as hereinafter ordered.

(2) It is reasonable and in the public interest and good cause exists for fixing the date of hearing in the consolidated proceedings less than 15 days after publication of this order in the FEDERAL REGISTER.

The Commission orders:

(A) The proceedings in Docket Nos. G–1543, G–1545, G–1596, and G–1597 be and the same hereby are consolidated for purpose of hearing.

(B) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a public hearing be held in the consolidated proceedings, commencing 10:00 a. m., on March 26, 1951, in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by the applications referred to in paragraph (A) hereof.

(C) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of said rules of practice and procedure.

By the Commission.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 25914]

CLASS RATES IN CALIFORNIA

APPLICATION FOR RELIEF

MARCH 16, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: J. P. Haynes, Agent, for carriers parties to his tariff I. C. C. No. 1513.

Commodities involved: Class and commodity rates.

Between: Points in California.

Grounds for relief: To meet intrastate rates.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[SEAL] W. P. BARTEL, *Secretary.*

[4th Sec. Application 25915]

PIG IRON FROM TEXAS TO POINTS IN ILLINOIS AND INDIANA

APPLICATION FOR RELIEF

MARCH 16, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: D. Q. Marsh, Agent, for carriers parties to his tariff I. C. C. No. 3599.

Commodities involved: Pig iron, carloads.

From: Daingerfield, Lone Star and McCrossin, Tex.

To: Points in Illinois and Indiana taking Chicago, Ill., rates.

Grounds for relief: Competition with rail carriers and circuitous routes.

Schedules filed containing proposed rates: D. Q. Marsh's tariff I. C. C. No. 3599, Supp. 75.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

PETROLEUM PRODUCTS FROM STANOCOLA, ARK., TO STATIONS IN ARKANSAS ON THE ARKANSAS AND OZARKS RAILWAY

APPLICATION FOR RELIEF

MARCH 16, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: D. Q. Marsh, Agent for the Missouri Pacific Railroad Company, St. Louis-San Francisco Railway Company and Arkansas & Ozarks Railway Corporation.

Commodities involved: Petroleum products, carloads.

From: Stanocola, Ark.

To: Stations in Arkansas on the Arkansas & Ozarks Railway.

Grounds for relief: Competition with rail carriers and market competition.

Schedules filed containing proposed rates: D. Q. Marsh's tariff I. C. C. No. 3793, Supp. 40.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. [Order 30772]

NEW YORK CENTRAL RAILROAD CO.

CHICAGO PASSENGER FARES; HEARING

At a session of the Interstate Commerce Commission, Division 1, held at its office in Washington, D. C., on the 15th day of March A. D. 1951.

Upon consideration of a petition filed March 12, 1951, by The New York Central Railroad Company for authority to increase present commutation and multiple-ride rates, fares, and charges applicable to the intrastate transportation of passengers within the Chicago suburban area, and for modification of outstanding orders of the Commission to the extent necessary to permit such increase:

It is ordered, That the petition be, and it is hereby, assigned for hearing on April 10, 1951, at 10:00 o'clock a. m., U. S. standard time, at the office of the Illinois Commerce Commission, Chicago, Ill., before Examiner Burton Fuller;

It is further ordered, That a copy of this order be served upon the appropriate authorities of the State of Illinois, also upon petitioner; and that notice hereof be given to the public by depositing a copy of this order in the office of the Secretary of the Commission at Washington, D. C., and by filing a copy with the Director, Division of the Federal Register, Washington, D. C.

By the Commission, Division 1.

[S. O. 874, Gen. Per. 4]

REQUIREMENTS FOR LOADING OF GRAIN, GRAIN PRODUCTS AND BY-PRODUCTS

WHEAT GERM

MARCH 15, 1951.

Pursuant to the authority vested in me in paragraph (d) of Service Order No. 874 (16 F. R. 2040), permission is granted for any common carrier by railroad, subject to the Interstate Commerce Act, to disregard the provisions of Service Order No. 874 insofar as it applies to any car loaded with wheat germ because of the nature of the commodity.

The waybills shall show reference to this General Permit and the Consignor shall furnish the Permit Agent dates forwarded, the car numbers, initials, and destination of the cars shipped under this Permit.

This General Permit shall become effective at 12:01 a. m., March 16, 1951, and shall expire at 11:59 p. m., September 15, 1951, unless otherwise modified, changed, suspended or revoked.

A copy of this General Permit has been served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement, and notice of this Permit shall be given to the general public by depositing a copy in the Office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

Issued at Washington, D. C., this 15th day of March 1951.

HOWARD S. KLINE, *Permit Agent.*

[Rev. S. O. 562, King's I. C. C. Order 41, Amdt. 3]

CERTAIN RAILROADS IN UNITED STATES

REROUTING OR DIVERSION OF TRAFFIC

Upon further consideration of King's I. C. C. Order No. 41 and good cause appearing therefor: It is ordered, That:

King's I. C. C. Order No. 41 be, and it is hereby, amended by substituting the following paragraph (g) for paragraph (g) thereof:

(g) *Expiration date.* This order shall expire at 11:59 p. m., April 15, 1951, unless otherwise modified, changed, suspended or annulled.

It is further ordered, that this amendment shall become effective at 11:59 p. m., March 15, 1951, and that this order shall be served upon the Association of American Railroads, Car Service Division, as agent of all the railroads subscribing to the car service and per diem agreement under the terms of that agreement, and by filing it with the Director, Division of the Federal Register.

Issued at Washington, D. C., March 15, 1951.

SECURITIES AND EXCHANGE COMMISSION

[File No. 812-720]

GRAHAM-PAIGE CORP.

NOTICE OF APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 15th day of March A. D. 1951.

Notice is hereby given that Graham-Paige Corporation (G-P) a registered, management investment company under the Investment Company Act of 1940, has filed an application pursuant to section 18 (i) of the act for an order by the Commission permitting the applicant to issue a maximum of 477,567 shares of common stock, in accordance with the terms of an exchange offer to be made to all holders of 5 Percent Cumulative Preferred Stock A, and 5 Percent Convertible Preferred Stock, Cumulative. The following equity securities of the issuer are presently outstanding:

1,007 shares of Preferred Stock A, par value $50 a share, redemption premium $2.50 a share, 50 votes a share, accrued dividends $11,458 a share to February 1, 1951; 51,049 shares of Convertible Preferred, par value $25 a share, redemption premium $2.50 a share, one vote a share, accrued dividends $5.625 a share to February 1, 1951; and 5,302,786 shares of Common Stock, without par value, one vote a share.

It is proposed to invite tenders or a series of tenders for the exchange of from 10 to 18 shares of additional common stock (the number of common shares depending upon the closing market price for the common stock on the New York Stock Exchange on the day prior to the initial offering date) in exchange for each share of Preferred Stock A, and from 5 to 9 shares of additional common stock (determined as aforesaid) in exchange for each share of Convertible preferred, without adjustment in either case for accrued dividends. No commission or other remuneration will be paid or given, directly or indirectly, to any person soliciting the exchange. Each such invitation for tenders will be open from three to four weeks and no offer under this application will commence after April 1, 1952.

The common stock is listed on the New York Stock Exchange and the Convertible Preferred Stock is listed on the New York Curb Exchange; no market quotations are available for the Preferred Stock A. At December 31, 1950, the Common Stock had a book value of $0.47 a share, computing the preferred stocks at liquidating values plus accrued dividends.

Section 18 (i), as it relates to this application, requires that stock issued after the effective date of the act by a registered management investment company be a voting stock having equal voting rights with every other outstanding voting stock, provided that this provision shall not apply to shares issued in accordance with any orders which the Commission may make permitting such

issue. The common stock proposed to be issued, which has one vote a share, will not have equal voting rights with unexchanged Preferred Stock A which has 50 votes a share.

All interested persons are referred to said application which is on file at the Washington, D. C., offices of this Commission for a more detailed statement of the matters of fact and law therein asserted.

Notice is further given that an order granting the application in whole or in part and upon such conditions as the Commission may see fit to impose may be issued by the Commission at any time after March 30, 1951, unless prior thereto a hearing upon the application is ordered by the Commission, as provided in Rule N-5 of the rules and regulations promulgated under the act. Any interested person may, not later than March 28, 1951, at 5:30 p. m., e. s. t., submit to the Commission in writing his views or any additional facts bearing upon this application or the desirability of a hearing thereon, or request the Commission in writing that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., and should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request, and the issues of fact or law raised by the application which he desires to controvert.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 51-3406; Filed, Mar. 20, 1951; 8:49 a. m.]

[File No. 70-2580, 70-2581]

UNITED GAS IMPROVEMENT CO. ET AL.

ORDER PERMITTING JOINT DECLARATIONS TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 14th day of March A. D. 1951.

In the matter of the United Gas Improvement Company and Lancaster Gas Company; File No. 70-2580.

In the matter of the United Gas Improvement Company, Consumers Gas Company; File No. 70-2581.

The United Gas Improvement Company ("UGI"), a registered holding company, and two of its public utility subsidiaries, Lancaster Gas Company ("Lancaster") and Consumers Gas Company ("Consumers"), have filed joint declarations pursuant to section 12 of the Public Utility Holding Company Act of 1935 with respect to the following:

UGI proposes to advance to Lancaster and to Consumers, on open book account from time to time on or before December 31, 1951, as Lancaster and Consumers may need funds, amounts not exceeding $250,000 and $900,000 respectively, bearing interest at the rate of 3¼ percent per annum.

The funds advanced to Lancaster will be used in part to finance its 1951 construction budget, to repay a $100,000 bank loan at maturity, and to repay an emergency loan owed to UGI in the amount of $50,000.

The funds advanced to Consumers will be used to meet a portion of the cost of its 1949-1950-1951 construction program, and to finance the cost of the conversion of customers' appliances to utilize a higher BTU gas.

Declarants state that a program for the permanent financing of both companies is being delayed until they can establish a satisfactory period of earnings under operations utilizing natural gas, in order to complete the successful marketing of securities at a more favorable cost.

Said joint declarations having been filed on February 27, 1951, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to the act, and the Commission not having received a request for hearing with respect to said joint declarations within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said joint declarations that the requirements of the applicable provision of the act and the rules and regulations promulgated thereunder are satisfied and deeming it appropriate in the public interest and in the interest of investors and consumers that said joint declarations be permitted to become effective forthwith;

It is ordered, pursuant to Rule U-23 and the applicable provisions of the Public Utility Holding Company Act of 1935, that said joint declarations be, and the same hereby are, permitted to become effective forthwith subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 51-3498; Filed, Mar. 20, 1951; 8:50 a. m.]

[File 70-2582]

MONTAUP ELECTRIC CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 14th day of March A. D. 1951.

Notice is hereby given that Montaup Electric Company ("Montaup"), an indirect public-utility subsidiary company of Eastern Utilities Associates ("EUA"), a registered holding company, has filed a declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935. Montaup has designated section 7 of the act as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than March 26, 1951, request the Commission in writing that a hearing be held on such matters, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said declaration, as filed or as amended, which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after March 26, 1951, said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said declaration which is on file in the office of this Commission, for a statement of the transactions therein proposed which are summarized as follows:

Montaup proposes to issue, from time to time but not later than December 31, 1951, unsecured promissory notes in the aggregate amount not in excess of $12,000,000. The notes, bearing an interest rate of 2½ percent per annum and maturing not later than nine months after the date of issue of the first of said notes and in no event later than December 31, 1951, will be issued to The First National Bank of Boston, which bank may grant participations in the proposed loans to another bank or banks. The notes will be issued under a bank loan agreement and may be prepaid at any time without premium.

The declaration indicates that the proceeds of the notes will be used by Montaup to pay its unsecured 2 percent promissory notes due March 30, 1951, and outstanding on that date in the estimated face amount of $7,600,000 and to finance Montaup's construction requirements through 1951. The declaration states that Montaup is carrying out a construction program involving the installation of a 60,000 kilowatt steam-electric generating unit estimated to cost $12,215,476 through the year 1951.

The declaration indicates that with respect to the proposed transactions, it is not necessary to secure the approval of any State commission or Federal commission, other than this Commission. The expenses in connection with the proposed transactions are estimated in the declaration at $1,500, of which $1,400 represents estimated fees and expenses for legal services.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-2587, 70-2588]

OKLAHOMA GAS AND ELECTRIC CO. AND STANDARD GAS AND ELECTRIC CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 14th day of March 1951.

Notice is hereby given that applications-declarations and an amendment thereto have been filed with the Commission pursuant to the Public Utility Holding Company Act of 1935 ("act") by Standard Gas and Electric Company ("Standard"), a registered holding company and a subsidiary of Standard Power and Light Corporation, also a registered holding company, and by Standard's public utility subsidiary, Oklahoma Gas and Electric Company ("Oklahoma"). Oklahoma designates section 6 (b) of the act and Rule U-43, and Standard designates sections 9 (a) and 9 (c) as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than March 30, 1951, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matters, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said applications-declarations, as amended, which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed to the Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after March 30, 1951, either or both of the applications-declarations, as amended or as further amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said applications-declarations, as amended, which are on file at the office of the Commission, for a statement of the transactions therein proposed, which may be summarized as follows:

Oklahoma proposes to issue and sell for cash 215,380 shares of its authorized and unissued Common Stock, par value $10 per share. It proposes to issue to the holders of its outstanding Common Stock, including Standard, full share transferable Subscription Warrants carrying the right to subscribe for shares of such Common Stock on the basis of one share for each ten shares of Common Stock held of record.

In addition, each shareholder entitled to receive full share Subscription Warrants will be given the privilege of subscribing at the same subscription price per share for any additional number of shares not subscribed for through the exercise of the aforesaid Subscription Warrants, subject to pro rata allotment of such additionally subscribed shares. The over-subscription privilege will not be extended to Standard but any shares which remain unsubscribed for upon the expiration of the subscription and over-subscription privileges may be subscribed for by Standard at the same subscription price.

In lieu of the issuance of Subscription Warrants for fractional shares, Oklahoma will mail, as soon as practicable, to each shareholder whose record ownership of Common Stock on the record date is not divisible by ten, a check in an amount equal to one tenth of the difference between the subscription price and the average of the closing prices on the New York Stock Exchange of the Common Stock during the subscription period for each share of Common Stock owned of record on the record date by such shareholder which was not part of a ten share unit for which a Subscription Warrant was issued.

The duration of the offer (which will be approximately 19 days), the record date and the subscription price are to be supplied by Oklahoma by amendment herein.

It is tentatively Oklahoma's intention to fix as the record date, April 5, 1951, or the day after its Registration Statement under the Securities Act of 1933 becomes effective, whichever is the later. The shares of the Common Stock being offered will not be entitled to the dividend on Common Stock which the Board of Directors of Oklahoma is expected to declare payable April 30, 1951, to holders of record at the close of business April 5, 1951.

Oklahoma proposes to pay 12½¢ per share to any security dealer, who is a member of the National Association of Security Dealers, Inc., who assists a stockholder in exercising his Subscription Warrant. However, no compensation will be paid for obtaining the exercise of the privilege to subscribe for additional shares and the amount payable on account of the subscription of any one stockholder is to be limited to $25 irrespective of the number of shares subscribed. The maximum amount of fees payable to dealers is $10,100.

Oklahoma estimates that the total fees and expenses to be incurred by it in connection with the proposed transactions will not exceed $27,500 (exclusive of any fees paid to security dealers), including counsel fees in the amount of $9,000.

Of the 2,153,800 outstanding shares of Common Stock of Oklahoma, Standard owns 1,210,090 shares, which represent 34.54 percent of the voting control of Oklahoma. Under the terms of the proposed offering, Standard will receive and proposes to exercise Subscription Warrants for 121,009 shares of additional Common Stock of Oklahoma. Standard further proposes to subscribe for those shares, if any, of the proposed offering which remain unsubscribed for upon the expiration of the aforesaid Subscription Warrants and over-subscription privileges. Standard estimates that its fees and expenses in connection with the proposed transaction will not exceed $1,250.

Standard, in connection with the proposed transactions, agrees that the shares of Common Stock of Oklahoma to be acquired will be held subject to the provisions of the Commission's order of August 8, 1941, issued pursuant to section 11 (b) (1) of the act directing, among other things, that Standard divest itself of its holdings in Oklahoma, as if such shares were specifically included in such order.

Oklahoma requests that the Commission's order herein be issued by April 4, 1951, and that it be effective forthwith upon issuance. Standard requests that the Commission's order herein authorizing the proposed acquisition by Standard be issued and become effective on or before the date of issuance of the order authorizing the proposed offering by Oklahoma.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

AUTHORITY: 40 Stat. 411, 55 Stat. 839, Pub. Laws 322, 671, 79th Cong., 60 Stat. 50, 925; 50 U. S. C. and Supp. App. 1, 616; E. O. 9193, July 6, 1942, 3 CFR, Cum. Supp., E. O. 9193, June 8, 1945, 3 CFR, 1945 Supp., E. O. 9788, Oct. 14, 1946, 11 F. R. 11981.

[Vesting Order 17102, Amdt.]

HAMA KONDO ET AL.

In re: Bonds and bank account owned by Hama Kondo and others. F-39-2761-A-1; E-2.

Vesting Order 17102, dated January 17, 1951, is hereby amended to read as follows:

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the persons whose names and last known addresses are as follows:

Hama Kondo, Japan; Hanako Kondo, Japan; Yukiko Kondo, Japan; Yoshiko Kondo, Japan; Mariko Kondo, Japan; Isaac Kondo, Japan,

are residents of Japan and nationals of a designated enemy country (Japan);

2. That the property described as follows:

a. An undivided eight-ninths (8/9ths) of that certain debt or other obligation of the Valley National Bank, Phoenix, Arizona, arising out of a checking account, entitled "I. Kondo of J. H. Kondo", maintained at the Nogales, Arizona, branch of the aforesaid bank, and any and all rights to demand, enforce and collect the same, and

b. An undivided eight-ninths (8/9ths) interest in and to twenty (20) Tokyo Electric Light Company 6 percent First Mortgage Gold (bearer) Bonds due June 15, 1953, U. S. Dollar series, of $1000 face value each, presently in the custody of the California Bank, City Market Office, 863 S. San Pedro Street, Los Angeles 14, California, in an account entitled "Isuke Kondo" together with any and all rights thereunder and thereto, and

c. An undivided eight-eighteenths (8/18ths) interest in and to eighty (80) Tokyo Electric Light Company 6 percent First Mortgage Gold (bearer) Bonds due June 15, 1953, U. S. Dollar Series, of $1,000 face value each, presently in the custody of the California Bank, City Market Office, 863 S. San Pedro Street, Los Angeles 14, California, in an account entitled "Isuke and Hama Kondo", together with any and all rights thereunder and thereto,

is property within the United States owned or controlled by, payable or de-

liverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Hama Kondo, Yukiko Kondo, Yoshiko Kondo, Marico Kondo and Isaec Kondo, the aforesaid nationals of a designated enemy country (Japan);

3. That the property described as follows: An undivided nine-eighteenths (9/18ths) interest in and to eighty (80) Tokyo Electric Light Company 6 percent First Mortgage Gold (bearer) Bonds, due June 15, 1953, U. S. Dollar series, of $1,000 face value each, presently in the custody of the California Bank, City Market Office, 863 S. San Pedro Street, Los Angeles 14, California, in an account entitled "Isuke and Hama Kondo, together with any and all rights thereunder and thereto,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Hama Kondo, the aforesaid national of a designated enemy country (Japan);

and it is hereby determined:

4. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on March 8, 1951.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.

[F. R. Doc. 51-3536; Filed, Mar. 20, 1951; 8:58 a. m.]

[Return Order 881]

HERTHA HENRIETTE BECHER ET AL.

Having considered the claim set forth below and having issued a determination allowing the claim, which is incorporated by reference herein and filed herewith,

It is ordered, That the claimed property, described below and in the determination, be returned, subject to any increase or decrease resulting from the administration thereof prior to return, and after adequate provision for taxes and conservatory expenses:

Claimant, Claim No., and Property

Hertha Henriette Becher, Belmont, Massachusetts, $594.87 in the Treasury of the United States; Martha Remicke, Brussels, Belgium, $594.87 in the Treasury of the United States; Gertrud Joachim, Belmont, Massachusetts, $594.87 in the Treasury of the United States; Claim No. 10221.

Notice of Intention To Return Vested Property published October 20, 1950 (15 F. R. 7042).

Appropriate documents and papers effectuating this order will issue.

Executed at Washington, D. C., on March 14, 1951.

For the Attorney General.

[SEAL] PAUL V. MYRON,
Deputy Director,
Office of Alien Property.

FEDERAL REGISTER

VOLUME 16 NUMBER 56

Washington, Thursday, March 22, 1951

TITLE 8—ALIENS AND NATIONALITY

Chapter I—Immigration and Naturalization Service, Department of Justice

Subchapter B—Immigration Regulations

PART 110—PRIMARY INSPECTION AND DETENTION

DESIGNATION OF LOS EBANOS, TEXAS, AS CLASS A PORT OF ENTRY FOR ALIENS

JANUARY 30, 1951.

Effective as of December 1, 1950, § 110.1, *Designated ports of entry except by aircraft*, of Chapter I, Title 8 of the Code of Federal Regulations, is amended by inserting "Los Ebanos, Tex." between "Laredo, Tex." and "Port Arthur, Tex." in the list of Class A ports of entry under District No. 14—San Antonio, Texas.

Compliance with the provisions of section 4 of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1003) as to notice of proposed rule making and delayed effective date is unnecessary because the rule prescribed by the order relieves restrictions and is clearly advantageous to persons affected thereby.

(Sec. 23, 39 Stat. 892, sec. 24, 43 Stat. 166, as amended by sec. 37, 54 Stat. 675; 8 U. S. C. 102, 222, 458)

A. R. MACKEY,
Acting Commissioner,
Immigration and Naturalization.

Approved: March 16, 1951.

PHILIP B. PERLMAN,
Acting Attorney General.

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket 4808]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

GLOBE CARDBOARD NOVELTY CO., INC., ET AL.

Subpart—*Using or selling lottery devices:* § 3.2475 *Devices for lottery selling.* Selling or distributing in commerce, push cards, punch boards, or other lottery devices which are to be used, or may be used, in the sale or distribution of merchandise to the public by means of a game of chance, gift enterprise, or lottery scheme: prohibited.

(Sec. 6, 38 Stat. 722, 15 U. S. C. 46. Interprets or applies sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Globe Cardboard Novelty Co., Inc., et al., Docket 4808, Dec. 29, 1950]

In the Matter of Globe Cardboard Novelty Co., Inc., a Corporation; Morris Aron, Individually and as an Officer of Globe Cardboard Novelty Co., Inc., and as a Copartner in a Firm Trading as Globe Printing Co.; and Louis Broudo, Individually and as an Officer of Globe Cardboard Novelty Co., Inc., and as a Copartner in a Firm Trading as Globe Printing Co.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, substitute answer thereto, in which answer the respondents admitted all of the material allegations of fact set forth in the complaint, and briefs and oral argument of counsel, and the Commission having made its findings as to the facts and its conclusion that the respondents have violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent Globe Cardboard Novelty Co., Inc., a corporation, its officers, agents, representatives, and employees, and the respondents Morris Aron and Louis Broudo, individually and as officers of respondent corporation and as copartners trading as Globe Printing Co. or trading under any other name, their agents, representatives, and employees, directly or through any corporate or other device, do forthwith cease and desist from: Selling or distributing in commerce, as "commerce" is defined in the Federal Trade Commission Act, push cards, punchboards, or other lottery devices which are to be used, or may be used, in the sale or distribution of merchandise to the public by means of a game of chance, gift enterprise, or lottery scheme.

PART 561—OFFICER'S RESERVE CORPS

APPOINTMENT IN ARMY MEDICAL SERVICE SECTIONS

In § 561.18, paragraphs (a) (3) and (e) (9) are amended, and a new paragraph (e) (12) added, as follows:

§ 561.18 *Appointment in Army Medical Service Sections*—(a) *General.* * * *

(3) *Eligibility requirements.* Applicants for appointment under this section must meet the following requirements and the requirements outlined in §§ 561.2 through 561.10, except that applicants for the Army Nurse Corps and Women's Medical Specialist Corps Sections are exempt from the provisions of § 561.8 (d), which requires each applicant to have obtained a score of 110 or higher in the Army General Classification Test (AGCT), the General Classification Test (GCT), or Aptitude Area I, or have evidence of satisfactory completion of 120 credit hours at an accredited college or university.

* * * * *

(e) *Medical Service Corps.* * * *

(9) *Psychiatric social worker.* (i) For appointment in the grade of second lieutenant in the Medical Service Corps section as a psychiatric social worker, applicants must possess a master's degree in social work from a school or university acceptable to the Department of the Army.

(ii) For appointment in grades of first lieutenant through colonel for service in the Medical Service Corps section as a psychiatric social worker, applicants must meet the requirement for second lieutenant, and must have had additional qualifying education and/or experience to meet the criteria for the respective grade specified in paragraph (a) (1) (ii) (*d*) of this section.

Appointment in grades of major and above will not be made except in cases of highly qualified men of recognized ability, such as individuals with professorial rank, those having outstanding professional consultive status, or those having had exceptional supervisory experience.

* * * * *

(12) *Pharmacy specialists.* (i) For appointment in the grade of second lieutenant in the Medical Service Corps section as a pharmacist, applicant must be a graduate of a school of pharmacy giving a full 4-year course acceptable to the Department of the Army and meet the following requirements:

(*a*) Be currently licensed to practice pharmacy in a State, Territory, or in the District of Columbia.

(*b*) Be actually engaged in the ethical practice of pharmacy, except that waiver of license and actual engagement in practice may be made for graduates of schools of pharmacy, acceptable to the Department of the Army, if commissioned at time of graduation.

(ii) For appointment in the grades of first lieutenant and captain for service in the Medical Service Corps section, applicants must meet the requirement for second lieutenant and must have additional qualifying education and or appropriate progressive experience to meet the criteria for the respective grades specified in paragraph (a) (1) (ii) (*d*) of this section.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[General Ceiling Price Regulation, Supplementary Regulation 14]

GCPR, SR 14—SALES BY COMMODITY CREDIT CORPORATION

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Supplementary Regulation 14 to the General Ceiling Price Regulation (16 F. R. 809) is hereby issued.

STATEMENT OF CONSIDERATIONS

This supplementary regulation is issued to enable the Commodity Credit Corporation to sell its stocks of agricultural commodities in accordance with the provisions of section 407 of the Agricultural Act of 1949.

The Commodity Credit Corporation acquires commodities when required by law to do so to maintain producer prices for agricultural commodities at support levels, and under section 407 of the Agricultural Act of 1949 is generally prohibited from selling these commodities at less than 105 percent of the current support price plus reasonable carrying charges. Thus, it does not operate in the market in the day-to-day manner normal to commercial purchasers and sellers.

The effect of the General Ceiling Price Regulation was to freeze the Commodity Credit Corporation's sales prices at their base period levels, and thereby prevented that Corporation from adding to its ceilings those carrying charges which accrued after the base period. In so doing, the General Ceiling Price Regulation ran counter to the provisions of section 407 of the Agricultural Act of 1949 which generally require the Corporation to add reasonable carrying charges in computing the sales prices of its commodities.

This supplementary regulation is issued to provide that ceiling prices for sales by the Corporation may be the higher of (1) the ceiling price applicable to sales of the commodity to the class of purchaser involved, or (2) the minimum sales price authorized by section 407 of the Agricultural Act of 1949.

REGULATORY PROVISIONS

Sec.
1. Applicability of this supplementary regulation.
2. Ceiling prices.

AUTHORITY: Sections 1 and 2 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply Title IV, Pub. Law 774, 81st Cong., E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.

SECTION 1. *Applicability of this supplementary regulation.* This regulation applies to sales of commodities by the Commodity Credit Corporation.

SEC. 2. *Ceiling prices.* The ceiling price for the Commodity Credit Corporation, in selling an agricultural commodity acquired in connection with the operation of its price support program, shall be the higher of (a) the ceiling price, determined under the General Ceiling Price Regulation, as amended and supplemented, applicable to sales of the commodity to the class of purchaser involved, or (b) the minimum sales price authorized by section 407 of the Agricultural Act of 1949 (7 U. S. C. 1427). The ceiling price for the Commodity Credit Corporation in selling a commodity, acquired in connection with its price support program, processed from an agricultural commodity shall be the higher of (1) the ceiling price, determined under the General Ceiling Price Regulation, as amended and supplemented, applicable to sales of

the processed commodity to the class of purchaser involved, or (2) a price for such processed commodity which will reflect a price for the agricultural commodity equal to the minimum sales price required by section 407 of such act.

Effective date. This supplementary regulation to the General Ceiling Price Regulation shall become effective March 21, 1951.

EDWARD F. PHELPS, Jr.,
Acting Director of Price Stabilization.

MARCH 20, 1951.

Chapter VI—National Production Authority, Department of Commerce

[NPA Order M-36, as Amended Mar. 21, 1951]

M-36—GOVERNMENT ORDERS FOR PAPER

This order as amended is found necessary and appropriate to promote the national defense and is issued pursuant to the authority of section 101 of the Defense Production Act of 1950. In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations.

This amendment affects NPA Order M-36 as follows: It adds a new item 14 to List A; deletes List B as formerly constituted; and substitutes a new List B in its stead. As so amended, NPA Order M-36 reads as follows:

Sec.
1. What this order does.
2. Definitions.
3. Reserve production.
4. Directives.
5. Release of reserve production.
6. Report of Government orders.
7. Rated orders.
8. Adjustment.
9. Communications.
10. Records.
11. Audit and inspection.
12. Violations.

AUTHORITY: Sections 1 to 12 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. *What this order does.* This order applies to paper manufacturers and provides rules for placing, accepting, and scheduling Government orders for paper. Its purpose is to make possible maximum production of paper and reduce to a minimum any disruption of normal distribution by providing for the equitable sharing of Government orders among paper manufacturers. It supplements NPA Reg. 2, but only those provisions of Reg. 2 which are contradictory to this order are superseded, and all other provisions of Reg. 2 continue to apply to the paper industry.

SEC. 2. *Definitions.* As used in this order:

(a) "Grade" means any kind of paper as listed in Form M-14-A, as revised February 24, 1951 (U. S. Department of Commerce, Bureau of the Census), or any particular type of paper of such a kind even though not specifically mentioned in such form.

(b) "Produce" and "manufacture" mean and include all making and finishing operations necessary to the production of primary paper prior to packing or packaging.

(c) "Schedule" means the completion of all steps ordinarily taken by the manufacturer preliminary to actual manufacture, including acknowledgment to buyer, establishment of detailed specifications, and determination of the time when the order will be manufactured and shipment made.

(d) "Government order" means (1) any DO rated order and (2) any order, whether rated or not, for direct or indirect delivery to any activity on List A except those orders for paper intended for resale at retail, such as supplies for post exchanges, etc.

SEC. 3 *Reserve production.* (a) Each manufacturer shall reserve for the month of February 1951, and for each calendar month thereafter, machine time, material, and supplies sufficient to produce and deliver within such month a total amount of paper to be calculated by applying the percentage specified for each grade in List B of this order to his average monthly production of such grade during the most recent calendar quarter, as originally reported on Form M-14-A as revised. Each manufacturer shall furnish the NPA with a record of his paper production for the fourth quarter 1950 and January 1951, on the basis of instructions to be issued by NPA pursuant thereto.

(b) The National Production Authority may from time to time increase or decrease manufacturers' reserve production by changing the percentages in List B of this order or applying the same or different percentages to other types, grades, or combinations of grades. Each such increase or decrease will be effected by notice in writing to each manufacturer or by notice published in the FEDERAL REGISTER at least 10 days prior to the first day of the month to which it applies.

SEC. 4. *Directives.* On or before the tenth day of any month, the National Production Authority may direct any manufacturer to produce during such month any grade of paper which such manufacturer is qualified to produce, in total tonnage not exceeding the amount of his reserve production for such month less the Government orders he has already scheduled for that month. The National Production Authority may direct a manufacturer to sell and deliver such tonnage to fill any Government order or orders that it may designate.

SEC. 5. *Release of reserve production.* If on or before the tenth day of any month a manufacturer has not received from the National Production Authority directives as to the disposition of all production reserved for such month, in excess of the Government orders he has already scheduled for such month, he may apply that production for which no directives have been received as he may desire, subject to the provisions of this order and other orders and regulations of National Production Authority.

SEC. 6. *Report of Government orders.* (a) Each manufacturer shall report at the close of each month on Form M-14-A, as provided therein, such Government orders, including directed tonnage, as are qualified under this order which he has produced in such month and those Government orders, excluding directed tonnage, which he has scheduled for production in the second and third subsequent months. For example, the February 1951 report will show the actual total of Government orders produced in February and the Government orders, excluding directed tonnage, for April and May production. Having once reported a qualified order as scheduled in a given forward month, the manufacturer shall produce such orders as scheduled and so reported, and shall report the same order as scheduled for a different month only if requested by the buyer to so reschedule.

(b) If in any month a manufacturer's total scheduled Government orders for a subsequent month shall change materially (25 percent of his reserve production or 10 tons, whichever is greater) from his previous report, he may file Form NPAF-27 showing his revised schedule of Government orders, excluding directed tonnage.

(c) He shall initially file Form NPAF-27 by February 20, 1951, to show his Government order schedule for the month of March 1951.

(d) The manufacturer's reserve tonnage position as shown in the monthly Form M-14-A, in the interim reports, NPAF-27, if any, and directives will be taken into consideration by the National Production Authority in issuing such directives as may be found necessary under this order.

SEC. 7. *Rated orders.* (a) No manufacturer shall be required to accept DO rated orders for paper for shipment in any one month in excess of his reserve production for that month less his tonnage of Government orders already scheduled for that month.

(b) Unless specifically directed by the National Production Authority, no manufacturer need accept a DO rated order which is received less than 40 days prior to the first day of the month in which shipment is requested.

SEC. 8. *Adjustment.* Any person affected by any provision of this order may file a request for adjustment or exception upon the ground that such provision works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interest of the national defense or in the public interest. In considering requests for adjustment claiming that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing, shall set forth all pertinent facts and the nature of the relief sought, and shall state the justification therefor.

SEC. 9. *Communications.* All communications concerning this order shall be addressed to National Production Authority, Washington 25, D. C., Ref: M-36.

SEC. 10. *Records.* Each person participating in any transaction covered by this order shall retain in his possession for at least 2 years records of receipts, deliveries, inventories, and use, in sufficient detail to permit an audit that determines for each transaction that the provisions of this order have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

SEC. 11. *Audit and inspection.* All records required by this order shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of the National Production Authority.

SEC. 12. *Violations.* Any person who wilfully violates any provisions of this order or any other order or regulation of the National Production Authority or wilfully conceals a material fact or furnishes false information in the course of operation under this order is guilty of a crime and upon conviction may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: The reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This order as amended shall take effect on March 21, 1951.

NATIONAL PRODUCTION AUTHORITY,
[SEAL] MANLY FLEISCHMANN,
Administrator.

LIST A

1. United States Department of Defense, including all groups and subgroups.
2. Atomic Energy Commission.
3. United States Coast Guard.
4. National Advisory Committee for Aeronautics.
5. Civil Aeronautics Administration.
6. Tennessee Valley Authority.
7. U. S. Department of Justice, Bureau of Prisons.
8. United States Government Printing Office.
9. United States Bureau of Engraving and Printing.
10. General Services Administration.
11. United States Post Office.
12. Reconstruction Finance Corporation, Office of Rubber Reserve.
13. Producers of products or parts thereof for any of the activities listed above to the extent that the primary paper is to be used exclusively as a component part of the product to be delivered on a contract or purchase order issued by such activity.
14. Any activity of the United States Government not listed above normally required to obtain paper and printed matter through or from the United States Government Printing Office if and when the GPO grants a waiver of such requirement, and manufacturers of products using paper for any such activity, to the extent that the primary paper is to be used exclusively as a component part of the product to be delivered, on a contract or purchase order issued by such activity if and when such a waiver is granted. Any such waiver must have been granted for the specific contract or purchase order concerned and an adequate identification of the waiver number and date of issuance thereof must be endorsed upon the contract or purchase order.

LIST B

Grade	M-14-A code numbers	Percent
Newsprint and groundwood papers.	1100-1199	5
Printing and converting papers, paper-machine-coated.	1200-1220	5
Book and fine papers	1300-1499	15
Course papers (unbleached kraft grades only).	1511, 1521, 1530, 1561	10
Course papers (other than unbleached kraft grades).	1512, 1519, 1522, 1529, 1562, 1569.	5
Special industrial papers	1600	15
Sanitary tissue stock	1700	5
Crepe wadding for packing	1870	25
Tissue papers (except sanitary and crepe wadding for packing).	1890	5
Absorbent papers	1900	5

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 36—SERVICEMEN'S READJUSTMENT ACT OF 1944

SUBPART A—TITLE III; LOAN GUARANTY

MISCELLANEOUS AMENDMENTS

1. In § 36.4343, a new paragraph (h) is added as follows:

§ 36.4343 *Loans which may not be processed automatically.* * * *

(h) The requirements of paragraph (g) of this section shall not obtain with respect to loans affected by special conditions for which proper authority, pursuant to Executive Order No. 10161, dated September 9, 1950, prescribes modifications or exceptions to the requirements which otherwise would obtain under this section.

2. In § 36.4356, paragraph (c) is amended and a new subparagraph (7) is added to paragraph (e) to read as follows:

§ 36.4356 *Credit restrictions.* * * *

(c) Except as otherwise provided in this paragraph, the maturity of a loan for the purchase, construction, repair, alteration, or improvement of residential property shall not exceed 25 years and 32 days: *Provided*, That if the purchase price or cost of construction is in excess of $7,000 the maturity of the loan shall not exceed 20 years and 32 days. In the event the Administrator determines that the income and expenses of the veteran at the time of his application for the loan are such that he would be unable to maintain the required schedule of amortized payments for a loan which matures in 25 years and 32 days or 20 years and 32 days, as the case may be, but that taking into consideration the veteran's current and prospective income and expense he would be able to make the payments on the loan if amortized over a longer period of time, the loan may be made, with the prior approval of the Administrator, with a maturity for such longer period of time but not in excess of 30 years: *Provided*, That in no event will the maturity exceed the estimate economic life of the property securing the loan: *And provided further*, That nothing herein shall preclude the extension of the loan pursuant to the provisions of § 36.4314.

* * * * * * *

(e) * * *

(7) Loans affected by special conditions for which proper authority, pursuant to Executive Order No. 10161, dated September 9, 1950, prescribes modifications or exceptions to the requirements which otherwise would obtain under this section.

3. In § 36.4504, a new paragraph (g) is added as follows:

§ 36.4504 *Loan closing expenses.*
* * *

(g) The requirements of paragraph (e) of this section shall not obtain with respect to loans affected by special conditions for which proper authority, pursuant to Executive Order No. 10161, dated September 9, 1950, prescribes modifications or exceptions.

(Sec. 504, 58 Stat. 293, as amended; 38 U. S. C. 694d)

This regulation is effective March 22, 1951.

[SEAL] O. W. CLARK,
Deputy Administrator.

CREDIT RESTRICTIONS PURSUANT TO THE DEFENSE PRODUCTION ACT OF 1950 ON LOANS MADE OR ASSISTED BY THE ADMINISTRATOR OF VETERANS' AFFAIRS

I hereby find that the regulations contained in Title 38, Chapter I, §§ 36.4343 (h), 36.4356 (c) and (e) (7), and 36.4504 (g), Regulations of the Administrator of Veterans' Affairs, supra, effective concurrently herewith, are issued in accordance with Title VI of the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), and Part V of Executive Order 10161 (15 F. R. 6105). In the formulation of the foregoing, there has been consultation with industry representatives concerned, and consideration has been given to the recommendations of such representatives.

(Reorg. Plan No 3 of 1947, 12 F. R. 4981, 3 CFR, 1947 Supp.; 5 U. S. C. Sup. 133y-16

note. Pub. Law 774, 81st Cong., E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.)

Effective as of the 22d day of March, 1951.

[SEAL] B. T. FITZPATRICK,
Acting Housing and Home Finance Administrator.

[F. R. Doc. 51-3579; Filed, Mar 21, 1951; 8:49 a. m.]

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

PART 64—DOMESTIC INSURANCE AND COLLECT-ON-DELIVERY SERVICES: INDEMNITY

MISCELLANEOUS AMENDMENTS

Pursuant to authority contained in sections 244 and 246c of Title 39, United States Code, the Postmaster General has prescribed regulations under which insured or collect-on-delivery parcels may be returned to the sender, and it having been found that the effect of these regulations is to relieve certain restrictions hitherto placed on the handling of insured and collect-on-delivery parcels, and it having been further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (5 U. S. C. 1003) is impracticable for the reason that such compliance would impede the due and timely execution of the functions of this Department, it is, therefore, ordered that, effective at once, Part 64 be amended as follows:

a. In § 64.9 *Undelivered matter* (39 CFR 64.9) make the following changes:

1. Amend paragraph (b) by striking out "20" and substituting in lieu thereof "15."

2. Add new paragraphs (e) and (f) to read as follows:

(e) C. o. d. parcels which do not bear the special instructions set forth in §§ 64.57 and 64.58, or requests for notification on Form 3849-D, may be returned to the senders immediately if: (1) Delivery cannot be effected because the addressees are unknown or cannot be found at the places of address; (2) the parcels are addressed to street addresses or localities that do not exist at the offices of address; (3) the parcels are addressed to deceased addressees and delivery cannot be made to one legally entitled to act for the deceased addressee.

(f) (1) Senders may request the return of undelivered insured or c. o. d. parcels prior to the expiration of the time limit specified thereon, or the holding of the parcels for an additional period not exceeding a total of 30 days.

(2) When insured and c. o. d. parcels are forwarded, they shall be held at the offices to which forwarded for the same periods as prescribed for the offices of original address.

b. In § 64.43 *Remittance of c. o. d. charges or forwarding of undelivered c. o. d. parcels to other than actual mailer* (39 CFR 64.43) amend paragraph (c) (4) by striking out "20" and substituting in lieu thereof "15."

c. In § 64.44 *Notification of and conditions under which local or nearby senders' representatives may accept undelivered c. o. d. parcels* (39 CFR 64.44) amend paragraph (a) (6) by striking out "20" wherever it appears therein and substituting in lieu thereof "15."

d. In § 64.56 *Nursery stock* (39 CFR 64.56) amend paragraphs (b) and (c) by striking out "20" as it appears therein and substituting in lieu thereof "15."

e. In § 64.58 *Abandonment of insured or c. o. d. mail* (39 CFR 64.58) amend the note by striking out "20" and substituting in lieu thereof "15."

(R. S. 161, 396, sec. 8, 37 Stat. 558, as amended, secs. 304, 309, 42 Stat. 24, 25, sec. 211, 43 Stat. 1069, 46 Stat. 377, as amended; 5 U. S. C. 22, 369, 39 U. S. C. 244, 246c)

[SEAL] V. C. BURKE,
Acting Postmaster General.

[F. R. Doc. 51-3570; Filed, Mar. 21, 1951; 8:46 a. m.]

PART 95—SERVICE BY PNEUMATIC TUBES OR SIMILAR DEVICES

In Part 95, Service by Pneumatic Tubes or Similar Devices (39 CFR, Part 95), rescind § 95.1.

(R. S. 161, 396, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369)

[SEAL] V. C. BURKE,
Acting Postmaster General.

[F. R. Doc. 51-3569; Filed, Mar. 21, 1951; 8:46 a. m.]

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Docket No. 9857]

PART 34—UNIFORM SYSTEM OF ACCOUNTS FOR RADIOTELEGRAPH CARRIERS

RETIREMENT UNITS

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 14th day of March 1951:

The Commission having under consideration the matter of amendment of Part 34 (Uniform System of Accounts for Radiotelegraph Carriers) of its rules and regulations;

It appearing, that on December 22, 1950, the Commission published a notice of proposed rule making, in accordance with section 4 (a) of the Administrative Procedure Act, which notice set forth a revision of § 34.1-6, and that the period in which interested persons were afforded an opportunity to submit comments expired on January 15, 1951; and that only The Western Union Telegraph Company submitted comments during that period, the substance of the comments consisting of proposals for the elimination, substitution or addition of certain retirement units because of circumstances peculiar to Western Union's low power microwave plant, and suggesting that a conference be arranged with members of the Federal Communications Commission staff in order to resolve the differences; and

It further appearing, that no comments or briefs were filed in reply to Western Union's original comments; that an informal conference among members of the staff and representatives of Western Union was held in Washington, D. C., on February 27, 1951, at which conference it was mutually agreed that the low power microwave plant of Western Union does not constitute a radiotelegraph system subject to the provisions of Part 34 and is not analogous in all respects to the plant used in international radiotelegraph service; that the property included by Western Union in account 1530, "Telephone and radiotelegraph plant," is subject to the accounting procedures provided in Part 35 of the Commission's rules; and that it is desirable and proper to make final the adoption of the amendment as originally proposed in the aforementioned notice of proposed rule making; and

It further appearing, that authority for the promulgation of this amendment is contained in sections 4 (i) and 220 of the Communications Act of 1934 as amended; and

It further appearing, that under section 220 (g) of the Communications Act of 1934, as amended, notice of alterations by the Commission in the required manner or form of keeping accounts shall be given by the Commission at least six months before the same are to take effect;

It is ordered, That effective October 1, 1951, Part 34 of the Commission's rules and regulations is amended as set forth below:

Provided, however, That any carrier may adopt the modified accounting procedure set forth in such amendment at any earlier date.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interprets or applies sec. 220, 48 Stat. 1078; 47 U. S. C. 220)

Released: March 15, 1951.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

Delete § 34.1-6-1 and substitute the following:

§ 34.1-6-1 *Retirement units.* (a) The list of retirement units in this section shall be used in connection with plant retirements for the purpose of distinguishing between amounts chargeable to account 1515, "Allowance for depreciation—Radiotelegraph plant," under the provisions of § 34.1-6 (b) (1) and replacement costs chargeable to the maintenance accounts, as provided in § 34.41-5 (a) (2). These retirement units should not be confused with property units used in continuous property records (see § 34.1-3) and shall not be considered as affecting the classification of plant (see § 34.03-12).

(b) Elimination of or substitution for retirement units listed in this section may not be performed without specific authority by the Commission except that items which are not combinations of the listed retirement units may be added without such authority and carriers may account for any listed units as maintenance when they are of small cost and are not complete units of operated plant.

(c) This list shall be expanded by the carrier to include complete units of operated plant not shown in this section.

(d) The carrier shall report to the Commission, within 90 days after June 30 of each year, and as at that date, all additions which have been made to the list under this authority, all items included in the list which have become obsolete, either as to technical titles or use in communication service, and the items which the experience of the carrier has shown to involve a small cost only. This report should include such other information concerning the list as the carrier may desire to place before the Commission with a request for appropriate action by the Commission in the matters described.

(e) The article "a," "an," or "the," as appropriate, should be read in connection with each retirement unit listed in this section.

LAND IMPROVEMENTS (ACCOUNT 12)

Barrier, road or snow—not part of fence or wall.
Bench—permanently attached.
Billboard or sign.
Branch or spur—extending from a main roadway or sidewalk—complete.
Bridge or trestle—foot or road.
Cattle-guard.
Fence, wall or hedge—continuous length of 5 feet or more.
Fountain or pond—ornamental.
Gate, ornamental—not associated with fence or wall.
Incinerator—stone, brick, or concrete.
Lawn or other landscaped area—complete—1,000 square feet or more in area.
Pavilion, rest.
Platform loading—not part of building.
Pole, post, standard or fixture—yard lighting or other, with or without appurtenances.
Power line or cable—yard lighting.
Railroad spur or siding.
Road, walk, yard, or parking area—improved surface—complete system, 300 square feet or more in area.
Shed or pit, car washing or greasing.
Swimming pool, tennis court or similar recreation unit—complete.
Trough, water.

DRAINAGE, SEWERAGE, GAS AND WATER SYSTEMS (ACCOUNT 13)

Basin.
Dike or levee—section of.
Drain, sewer, dam or spillway—branch or main—continuous length of 20 feet or more.
Foundation or engine foundation.
Filtration plant.
Gas supply or distribution system.
Hydrant.
Hydraulic ram—complete installation.
Manhole or handhole.
Motor, electric (1 or more hp.).
Pole, power supply line.
Power supply cable or line—complete or section of 300 feet or more.
Pump, water.
Reservoir, cistern or well.
Shelter or housing for machinery.
Sprinkler system, lawn.
Surface drain bed.
Tank or cesspool—septic, settling or water—with or without tower or other support.
Water conducting system—piping or other medium—complete, or continuous length of 100 feet or more.
Windmill or windmill tower.

BUILDINGS (ACCOUNT 14)

Air-conditioning or ventilating system.
Automatic stoker.
Boiler.
Building.
Chimney or stack.
Conveying system, coal or ash.
Crane or hoist—other than mobile.
Door or window—metal or wood—complete, with box, frame and sash.
Elevator—complete with or without operating mechanism.
Fire escape.
Flooring for one room.
Fountain, drinking.
Furnace, heater or heating system.
Ground bus structure—permanent ground system.
Ground system, electrical—buried part of ground bus structure.
Heater, hot-water.
House-lighting or power board.
Motor (1 or more h. p.), generator, engine, turbine, pump, compressor, ventilating fan, air washer, elevator drum or other—with or without associated wiring, control equipment, etc.
Penthouse.
Platform, loading.
Roof—with or without supporting structures. (A building of irregular shape having more than one roof level may have several isolated roofs, each of which shall be considered an entire roof. In the case of buildings to which lateral extensions have been made, even though having but one roof level, that part of the roof covering an entire section built at one time shall be considered an entire roof.)
Tank—oil or water.

Other costs to be treated as retirement units. (In addition to the foregoing retirement units, portions of buildings, equipment, fixtures, etc., installed and retired, and the labor and incidental costs involved in connection with work of the following character, shall be handled through the plant and depreciation-allowance accounts):

Changes in the type of operation of elevator systems, e. g., a change from manual to automatic control of cars, from manual to power operation of doors, from low speed to high speed, from direct to alternating current, from hydraulic to electric operation, from one type of signaling or dispatching system to another.
Relocation of toilet rooms, battery rooms, kitchens, terminal rooms, transformer vaults, etc.
Structural changes, such as: Reinforcements of floors, roofs, bearing walls, footings and foundations; additions or relocations of elevator shafts, stairways, fire exits, and vaults, but excluding switchboard cable holes and slots; and building alterations required for fire protection and other safety measures.
Changes in the type of electric current supply, or of ventilating, air-conditioning or similar systems.
Building enlargements.
Replacements of plumbing or heating pipes—with or without associated valves, except when necessitated by minor repairs or minor relocations of fixtures.
Replacements of all or substantially all the lighting fixtures—with or without associated wiring and conduit—in one operating or equipment room or, in the case of office space, on one floor of a building.
General replacements (throughout a building or throughout an entire portion erected at one time) of items such as supply, return or air valves in heating systems; hot or cold water valves or faucets; and plumbing, heating, or drainage traps.

TOWERS AND MASTS (ACCOUNT 21)

Beacon-light—flashing or other warning, complete.
Fixture, crossarm or bridge.
Guy or anchor—complete.
Halyard—permanent.
Ladder or stairway—access.
Mast—pole-type or A-frame structure.
Time switch—airway beacon.
Topmast.
Tower.
Towerhouse.
Tower-lighting system.
Triatic system.
Winch—with or without foundation.

ANTENNA SYSTEMS (ACCOUNT 22)

Antenna—complete.
Cable—wave change, control or metering.
Conductor system, buried.
Counterpoise system.
Discrimination network.
Down leads—all associated with one antenna.
Filter assembly.
Frequency matching trap.
Ground system.
Lightning arrestor assembly.
Pole—20 feet or more in height.
Power board.
Shelter, housing or platform.
Single or multiple antenna wire (with or without associated spacers, supporting insulators and catenary wires, if integral parts of span)—continuous span.
Single "panel" of antenna wire—with supporting wire and insulators.
Sleet-melting system.
Terminal or switching structure—with or without foundation.
Transmission line—2 or more continuous spans or a section of 300 feet or more.
Tuning or uncoupling coil (includes VLF and LF).

CONTROL LINES (ACCOUNT 26) AND POWER-SUPPLY LINES (ACCOUNT 27)

Cable, aerial—with or without associated suspension strand, clamps or rings—one or more spans.
Cable—buried or underground—a section of 300 feet or more, or a section between manholes, splicing boxes or pedestals.
Cable entrance or stub—building.
Case of equipment, such as loading coils, building-out condensers, carrier line filters, or auto-transformers.
Gas-pressure fault-indicating system.
Manhole or handhole.
Pole (line, brace, guy or pole forming part of an A or H frame)—with or without associated anchors, guys, steps or other appurtenances.
Pothead, high tension.
Special fixture (bridge, tower or other special river-crossing or long-span fixture)—with or without associated anchors, guys or other appurtenances.
Telephone or complete telephone system—field.
Tone conversion unit.
Tone source unit.
Transformer, pole mounted
Underground conduit or dip—a section between a manhole, handhole, or service box and a pole or building; or between two manholes, handholes, service boxes or buildings.
Wire—with or without associated insulators or other hardware—two or more continuous spans.

ELECTRON-TUBE TRANSMITTER EQUIPMENT (ACCOUNT 31)

Air-duct system.
Amplifier unit.
Antenna coupling device.
Blower.
Control panel.
Cooling unit—oil or water.
Driver or exciter unit.

Generator.
Harmonic filter unit.
Keyer unit—tone signal, frequency shift, etc.
Modulator unit.
Motor, electric (1 or more hp.).
Oscillator unit.
Power supply unit, crystal.
Pump
Radiator.
Rectifier unit.
Transformer.
Transmitter—complete, with or without associated wiring or conduit.

OTHER TRANSMITTER EQUIPMENT (ACCOUNT 32)

Air-duct system.
Alternator armature quarter-section.
Alternator, radio frequency.
Alternator substation.
Ammeter, graphic recording.
Amplifier, magnetic.
Armature (associated with main machine of 25 or more hp.).
Circuit breaker, oil.
Compressor.
Condensers, battery of.
Foundation.
Gears, reduction—with or without gear boxes or housing (alternator).
Keyer unit.
Motor, electric (1 or more hp.).
Motor-generator.
Panel or switchboard.
Pump.
Rheostat, liquid.
Rotor
Tank.
Transformer.
Variometer.

COOLING APPARATUS (ACCOUNT 33)

Air duct.
Blower.
Cooling pond.
Cooling pond louvre or wind break.
Cooling tank structure.
Cooling or spray tower.
Fan, exhaust.
Heat exchanger.
Machine foundation.
Motor, electric (1 or more hp.).
Pipe lines and valves in connection with cooling devices—complete or continuous length of 20 feet or more.
Pump.
Radiator.
Refrigerating unit.
Sump.
Tank—brine or fresh water.
Water still.

RECEIVER EQUIPMENT (ACCOUNT 34)

Amplifier unit.
Antenna combining or coupling unit.
Coil box.
Converter unit.
Current-limiter or limiter-adapter.
Demodulator or detector unit.
Frequency indicator or adapter.
Frequency shift keying unit.
Monitor unit.
Oscillator unit.
Panel—antenna distribution, receiver relay, signal control or power supply.
Power-supply unit.
Rack, table, desk, or other structure used as mounting.
Receiving set—complete.
Rectifier unit.
Rejector coupling unit.
Tone keyer unit.
Tuner unit.
Voltage regulator unit.

POWER SUPPLY AND DISTRIBUTION EQUIPMENT (ACCOUNT 36)

Alternator.
Ash or coal conveyor.
Battery charging installation.
Battery, storage.
Battery rack, cabinet, or counter—storage or dry.
Boiler.
Bus bars, cable or wiring—with or without conduit (such as between: battery and fuse panel or power switchboard and equipment).
Bus and switching structure—substation.
Circuit breaker.
Compensator.
Compressor, air.
Condenser, power factor correction or synchronous motor.
Disconnect switch, high tension.
Feed water condenser.
Filter assembly, battery charging.
Filter condensers.
Fuse cabinet or box.
Generator.
Housing or shelter for pump.
Lighting system, substation.
Lightning arrester assembly.
Machine foundation.
Meter, demand or watt hour.
Metering transformer, high tension.
Mercury tank.
Motor generator.
Motor, electric (1 or more hp.).
Oil burner.
Power plant or substation—complete.
Prime mover.
Pump.
Rack or frame—rectifier, filter.
Reactor.
Rectifier.
Starter.
Stoker, automatic.
Substation enclosure, structure, vault or house.
Switchboard or control panel.
Tank—fuel oil, feed water, or compressed air.
Tanks or jars—complete set for storage batteries.
Transformer.
Trolley hoist or crane.
Voltage regulator.

CONTROL APPARATUS (ACCOUNT 40)

Air conditioning system—associated with a frequency-measuring room—not part of building.
Amplifier or amplifier-rectifier unit.
Annunciator system.
Audio-frequency carrier telegraph equipment.
Automatic transmitter unit or base.
Base, printer or reperforator.
Blower.
Board printer-control, relay, amplifier, line-test, or keyer.
Bus truck.
Cabinet—with or without equipment.
Call register.
Carriage, printer.
Chute.
Clock—synchronous, master, or control board.
Comparator.
Compressor.
Concentrator for radiotelegraph or wire-telegraph circuits, printer circuits or telephones.
Console, teletypewriter—package set—reperforator or perforator.
Control or switching box.
Control booth, desk, or console.
Converter unit.
Conveyer belt installation.
Correction unit—multiplex.
Cover—printer, reperforator or perforator.
Demodulation limiter unit.
Duplex terminal regenerator set or unit.
Duplicating machine, message.
Error detector unit.
Facsimile machine—transmitting, receiving or combination.
File or rack—message handling.
Filter-rack installation.
Filter unit.
Fork unit.
Frequency meter.
Frequency standard.
Frequency standard check equipment unit.
Fuse panel—with or without associated wiring.
Harmonic generator or distortion amplifier unit.
Heat-control unit, fork.
Hybrid coil panel.
Ink recorder or undulator.
Intercommunicating system.
Inverter unit.
Jack panel.
Keyboard—printer or reperforator.
Keyer unit.
Lamp panel—with or without associated wiring.
Limiter.
Line-equalizing unit.
Microphone—complete with mounting, connecting cord, etc.
Microphone control panel.
Mixer panel.
Modulator unit.
Monitor loudspeaker—portable.
Monitor receiver—portable.
Monitor recorder—portable.
Motor starter or compensator.
Motor, electric (1 or more hp.).
Multi-conductor patching panel.
Multiple pen recorder.
Multiplex machine.
Multiplex terminal.
Multi-vibrator unit.
Numbering machine, message.
Oscillator unit.
Oscilloscope or oscillograph.
Perforator or reperforator.
Phonographic turntable.
Photoradio or facsimile terminal.
Photoradio operating table—complete with wiring, outlets, compressor, etc.
Photoradio receiving recorder.
Photoradio universal transmitting and receiving machine.
Pneumatic tubing—with or without protective covering—section of.
Power control unit—multiplex.
Power supply unit.
Printer control unit.
Printer, keyboard—page or tape.
Public-address system.
Rack, table, stand, desk, panel, shelf, console, cabinet or other supporting structure—with or without equipment.
Radio field-intensity measuring installation.
Radio receiver or unit.
Radio transmitter frequency-control installation.
Reactor, modulation.
Receiving terminal—tape tube.
Recorder, time-signal.
Rectifier.
Regulator unit.
Relay-control drawer—with or without relays—teletypewriter package set.
Relay test panel—with or without associated wiring.
Relay tray.
Scanner unit—radiophoto.
Signal indicator, teletypewriter—package set.
Storage distributor.
Switchboard, call circuit.
Tape puller.
Tape puller foot control assembly—integral with operating table.
Tape rewind—motor driven.
Tape stop.
Teleautograph installation.
Telegraph repeater.
Telephone head-set, hand-set, breast-set receiver, or transmitter.
Telephone modulator.
Teletypewriter.
Temperature-control box.
Test board—telegraph.
Time delay unit for automatic transmitters.
Time stamp or time-stamp installation.
Tone-generator unit or installation.
Transformer, power or modulation.
Translator (converter).
Transmitter-distributor.
Transmitter frequency monitor.
Twin signal regenerator—multiplex.
Typewriter, traffic.
Typing unit, printer or reperforator.
Volume-indicator unit.
Water copy wringer or press.
Wiring base, cabinet rack.

EQUIPMENT ON CUSTOMERS' PREMISES (ACCOUNT 41)

In addition to the item "Call Boxes" which is peculiar to equipment on customers' premises, the retirement units for this account shall correspond to those designated for comparable equipment in carriers' offices.

FURNITURE AND OFFICE EQUIPMENT (ACCOUNT 51)

Air-conditioning unit—portable.
Bed, cot, couch, davenport or lounge.
Cabinet.
Cafeteria and hotel equipment.
Cash register.
Chair.
Costumer.
Counter.
Desk or table.
Fan, electric—portable.
Fire extinguisher—portable, hand-refillable.
Floor coverings.
Heater, electric—portable.
Locker.
Machines—Accounting, adding, addressing, billing, blueprinting, calculating, listing, dictaphone and duplicating.
Piano or phonograph.
Receiver—radio or television.
Refrigerator.
Safe.
Shotgun, rifle or revolver.
Sign—portable.
Time clock or other.
Typewriter.
Vacuum cleaner.
Venetian blinds.
Washing machine.
Water cooler.

SHIP STATION EQUIPMENT (ACCOUNT 61) AND OTHER MOBILE STATION EQUIPMENT (ACCOUNT 69)

Automatic alarm.
Direction finder.
Radar.
Ringer.
Sperry repeater.

Also, each applicable item of equipment as listed under the other accounts.

VEHICLES AND DRAFT ANIMALS (ACCOUNT 71)

Air compressor, mobile.
Airplane.
Amphibious vehicle.
Automobile.
Bicycle.
Boat or barge.
Cart.
Draft animal.
Harness, set of.
Motorcycle.
Motor truck—with or without body.
Motor truck body.
Mounted kitchen.
Pole dolly or dinkey.
Scooter-bike.
Sled.
Tractor or trailer.
Wagon.

SHOP EQUIPMENT, TOOLS AND IMPLEMENTS (ACCOUNT 72) AND STORE AND WAREHOUSE EQUIPMENT (ACCOUNT 73)

Acetylene torch outfit.
Air compressor.
Analyzer, spectrum.
Back-filling machine.
Bending brake.
Blower, power.
Boring mill.
Bridge—capacity, resistance, inductance, or combination thereof.
Cabinet, chest, counter, bin, barrel or shelving.
Circuit tester or analyzer.
Compressed air tool.
Concrete mixer.
Counter—movable.
Crane, derrick, chain hoist or winch.
Crystal testing installation.
Decade resistance box.
Decremeter.
Diaphragm pump—with or without engine—portable.
Dummy antenna or dummy load.
Earth-boring machine—not part of a truck or tractor.
Engine.
Farm implement—costing over $10.00.
Field intensity measuring installation.
Forge or furnace.
Hand tool—any costing over $10.00.
Harmonic generator or distortion amplifier unit.
Hi-low control temperature cabinet.
Ladder.
Lathe.
Lineman's test set.
Magneto test set.
Meter—any costing over $10.00.
Milling machine.
Motor, electric (1 or more hp.).
Oil filter press—with associated equipment.
Oil testing set.
Oscillator.
Oscillograph or oscilloscope.
Paint-spray outfit.
Pole-treating installation.
Power planer, drill press, grinder, hammer or saw.
Pump—gasoline or oil.
Pyrometer—portable.
Radio frequency assembly.
Relay test-panel—with or without associated wiring.
Rock crusher and screening plant.
Scales, platform.
Signal-distortion test set.
Signal generator.
Stroboscope.
Synchroscope.
System of pulleys, shafting or belting for transmission of shop power.
Tank—fuel, gasoline, oil, storage or water.
Telephone outfit—portable.
Temperature controlled oven.
Test amplifier unit.
Test table.
Thermistor bridge.
Thermocouple.
Tool rack or tool case.
Tower erection cage.
Transit, surveyor's.
Trenching machine.
Truck or cart.
Vacuum-tube gas detector.
Vacuum-tube tester.
Volume or power-level indicator—portable.
Water purifier or still—not part of water cooling system.
Welding outfit.
White print machine.
Wire-measuring machine.
Work bench or work table.

PROPOSED RULE MAKING

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

[25 CFR, Part 130]

BLACKFEET INDIAN IRRIGATION PROJECT, MONTANA

OPERATION AND MAINTENANCE CHARGES

MARCH 16, 1951.

Pursuant to section 4 (a) of the Administrative Procedure Act of June 11, 1946 (Pub. Law 404, 79th Cong., 60 Stat. 238), and authority contained in the Acts of Congress approved August 1, 1914; May 18, 1916; and March 7, 1928 (38 Stat. 583, 25 U. S. C. 385; 39 Stat. 142; and 45 Stat. 210, 25 U. S. C. 387), and by virtue of authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs August 28, 1946, and by virtue of the authority delegated by the Commissioner of Indian Affairs to the Regional Director September 14, 1946, which title was changed to Area Director September 13, 1949, by Order No. 2535, notice is hereby given of the intent to modify § 130.130 *Basic agreement*, § 130.131 *Excess water assessment*, § 130.132 *Payment*, paragraphs (a), (b) and (c) of Title 25, Code of Federal Regulations, dealing with irrigable lands on the Blackfeet Indian Irrigation Project, to read as follows:

§ 130.130 *Basic assessment.* Pursuant to the Acts of Congress approved August 1, 1914, May 18, 1916 and March 7, 1928 (38 Stat. 583; 39 Stat. 142; 45 Stat. 210; 25 U. S. C. 385, 387), the basic rate of assessment of operation and maintenance charges against the irrigable lands under the Blackfeet Indian Irrigation Project, Montana, for the season of 1951 and until further notice, is hereby fixed at $1.80 per acre per annum for the delivery of water, on an application basis, of not to exceed 1½ acre-feet per acre during each irrigation season.

§ 130.131 *Excess water assessment.* Additional water may be delivered in excess of 1½ acre-feet per acre per annum at the rate of $1.00 per acre-foot, or fraction thereof.

§ 130.132 *Payment.* The assessments fixed in §§ 130.130 and 130.131 shall be due and payable at the time of the filing of the application for water. Payments must be made to the proper offices at Browning, Montana, before water is delivered.

Section 130.132 (b) and 130.132 (c) are hereby rescinded.

Interested persons are hereby given opportunity to participate in preparing the proposed amendments by submitting their views and data or arguments in writing to the Area Director, Bureau of Indian Affairs, Billings, Mont., within 30 days from the date of publication of this notice of intention in the daily issue of the FEDERAL REGISTER.

PAUL L. FICKINGER,
Area Director.

[F. R. Doc. 51-3616, Filed, Mar. 21, 1951; 8:57 a. m.]

FEDERAL TRADE COMMISSION

[16 CFR, Part 82]

[File No. 21-429]

UPHOLSTERY AND DRAPERY FABRICS INDUSTRY

NOTICE OF HEARING AND OF OPPORTUNITY TO PRESENT VIEWS, SUGGESTIONS, OR OBJECTIONS

Opportunity is hereby extended by the Federal Trade Commission to any and all persons, partnerships, corporations, organizations, or other parties, including farm, labor and consumer groups, affected by or having an interest in the proposed trade practice rules for the Upholstery and Drapery Fabrics Industry (constituting a proposed revision and extension of the rules for the Upholstery Textile Industry as promulgated November 16, 1932), to present to the Commission their views concerning said revision of rules, including such pertinent information, suggestions, or objections as they may desire to submit, and to be heard in the premises. For this purpose they may obtain copies of the proposed rules upon request to the Commission. Such views, information, suggestions, or objections may be submitted by letter, memorandum, brief, or other communication, to be filed with the Commission not later than May 2, 1951.

The opportunity to be heard orally will be afforded to any such persons, partnerships, corporations, organizations, or other parties, who desire to appear and be heard at the following times and places:

Hearing beginning at 10:00 a. m., April 11, 1951, in the Hotel Biltmore, Madison Avenue at Forty-third Street, New York City; and

Hearing beginning at 10:00 a. m., May 2, 1951, in Room 332, Federal Trade Commission Building, Pennsylvania Avenue at Sixth Street NW., Washington, D. C.

After due consideration of all matters presented in writing or orally, the Commission will proceed to final action on the proposed revision of rules.

The industry for which these rules are proposed is comprised of those persons, firms, corporations and organizations engaged in the production (including the dyeing and finishing or refinishing of goods of foreign origin), sale or distribution of upholstery and drapery fabrics composed of various materials and combinations thereof, including, but not limited to, wool, cotton, silk, and artificial fibers.

Issued: March 19, 1951.

By the Commission.

[SEAL] D. C. DANIEL, *Secretary.*

[F. R. Doc. 51-3529; Filed, Mar. 21, 1951, 8:45 a. m.]

NOTICES

DEPARTMENT OF LABOR

Wage and Hour Division

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1068, as amended; 29 U. S. C. and Sup. 214), and Part 522 of the regulations issued thereunder (29 CFR Part 522), special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates applicable under section 6 of the act have been issued to the firms listed below. The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 522. The effective and expiration dates, occupations, wage rates, number or proportion of learners, and learning period for certificates issued under the general learner regulations (§§ 522.1 to 522.14) are as indicated below; conditions provided in certificates issued under special industry regulations are as established in those regulations.

Single Pants, Shirts and Allied Garments, Women's Apparel, Sportswear and Other Odd Outerwear, Robes and Leather and Sheep-Lined Garments Divisions of the Apparel Industry Learner Regulations (29 CFR 522.160 to 522.166, as amended September 25, 1950; 15 F. R. 5701; 6326).

Alby Sportswear Co., 414 Pine Street, Scranton, Pa., effective 3-8-51 to 3-7-52; 10 percent normal labor turnover (dresses and blouses).

Atlanta Knitting Mills, Inc., Main Street, Catskill, N. Y., effective 3-13-51 to 3-12-52; 10 percent normal labor turnover (ladies' undergarments).

Bernco, Fifth and Walnut Streets, Mount Carmel, Pa., effective 3-7-51 to 3-6-52; 10 percent normal labor turnover, 10 percent or 10 learners, whichever is greater (women's blouses and dresses).

Blain Associates, Blain, Perry County, Pa., effective 3-7-51 to 3-6-52; five learners normal labor turnover (women's woven rayon underwear).

Blue Bell Dress Co., Inc., 33 East Northampton Street, Wilkes Barre, Pa., effective 3-9-51 to 3-8-52; for normal labor turnover, 10 learners except for work on ladies' suits, cloaks, and separate skirts (ladies' apparel).

Briarcliff Mills, 84 Prior Street, NW., Atlanta, Ga., effective 3-9-51 to 3-8-52; for normal labor turnover, five learners to be employed on ladies' woven cotton underwear only.

The Butler Shirt Co., 165 Brugh Avenue, Butler, Pa., effective 3-14-51 to 9-13-51; five learners for expansion purposes (Army flannel shirts).

The Butler Shirt Co., 165 Brugh Avenue, Butler, Pa., effective 3-14-51 to 3-13-52; 10 percent normal labor turnover (Army flannel shirts).

Chaffee Manufacturing Co., Inc., Chaffee, Mo., effective 3-12-51 to 3-11-52; 10 percent normal labor turnover (men's dress trousers).

D & D Sewing Co., 1360 North George Street, York, Pa., effective 3-8-51 to 3-7-52; 10 learners normal labor turnover (children's cotton outerwear).

D & D Sewing Co., 1360 North George Street, York, Pa., effective 3-8-51 to 9-7-51; five learners for expansion purposes only. (children's cotton outerwear).

Embassy Manufacturing Co., 1021 Washington Avenue, St. Louis, Mo., effective 3-9-51 to 3-8-52; for normal labor turnover, 10 percent or 10 learners, whichever is greater (men's single dress pants).

Farwest Garments, Inc., 419 First Avenue South, Seattle, Wash., effective 3-7-51 to 3-6-52; 10 learners normal labor turnover (men's and boys' jackets).

Leslie Fay Fashions, Inc., 110 Downing Street, Plymouth, Pa., effective 3-12-51 to 3-11-52; for normal labor turnover, 10 percent or 10 learners, whichever is greater (ladies' rayon and cotton dresses).

Fay Sportswear Co., 349 High Street, Burlington, N. J., effective 3-12-51 to 3-11-52; 5 learners normal labor turnover (ladies' and children's sportswear).

General Knitwear Corporation, 1356 Locust Street, Terre Haute, Ind., effective 3-14-51 to 3-13-52; five learners normal labor turnover (cotton knitted and woven polo shirts, all from purchased cloth).

Gibson City Garment Co., Gibson City, Ill., effective 3-8-51 to 3-7-52; five learners normal labor turnover (women's sportswear and loungewear).

Glen Lyon Garments, Inc., 212 East Main Street, Glen Lyon, Pa., effective 3-7-51 to 3-6-52; 10 learners normal labor turnover (ladies' dresses).

Glen of Michigan, Inc., 77 Hancock Street, Manistee, Mich., effective 3-10-51 to 9-9-51, eight additional learners for expansion purposes only (women's, misses' and juniors' dresses and blouses, sportswear and outerwear; juniors' and children's sportswear).

Glove Pants Manufacturing Co., 300 Plymouth Avenue, Fall River, Mass., effective 3-8-51 to 3-7-52; five learners normal labor turnover (men's and boys' single pants).

Gort Girls' Frocks, Inc., 75 Stark Street NE., Wilkes Barre, Pa., effective 3-8-51 to 3-7-52; 10 percent normal labor turnover (children's dresses).

Hazelton-McAdee Sportswear Co., 315 West Twentieth Street, Hazelton, Pa., effective 4-1-51 to 3-31-52; 10 percent normal labor turnover (ladies' and children's sportswear).

Holiday Wear Incorporated, Ridgeland, S. C., effective 3-12-51 to 9-11-51; 105 learners for expansion purposes (children's sportswear).

Kabro of Houston, 520 Preston, Houston, Tex., effective 3-9-51 to 3-8-52, for normal labor turnover, 10 learners, except for work on ladies' suits, cloaks and separate skirts (ladies' dresses and blouses).

Kahn Manufacturing Co., Inc., Royal and St. Louis Streets, Mobile, Ala., effective 4-1-51 to 3-31-52; 10 percent normal labor turnover (men's and boys' trousers).

Kenney Dress Co., 802 Main Street, Dickson City, Pa., effective 3-8-51 to 3-7-52; 8 learners normal labor turnover (children's dresses).

W. Kotkes & Son, Inc., Lynchburg, Va., effective 3-9-51 to 3-8-52; 10 percent normal labor turnover (nurses and maid's uniforms).

Lakeland Manufacturing Co., Sheboygan, Wis., effective 4-1-51 to 3-31-52; 10 percent normal labor turnover (snow suits; coats; jackets; wool and leather jackets).

Lechmere Sportswear Manufacturing Co., 169 Bridge Street, Cambridge, Mass., effective 3-8-51 to 3-7-52; 10 learners normal labor turnover (ski wear and ladies' sportswear).

Leslie Fashions, Inc., 132 Maffett Street, Hopkins, Pa., effective 3-8-51 to 3-7-52; for normal labor turnover, 10 percent or 10 learners, whichever is greater (ladies' rayon and cotton dresses).

Linsk of Philadelphia, Clayton, N. J., effective 3-13-51 to 3-12-52; 10 percent normal labor turnover (junior-miss dresses).

Linsk of Philadelphia, McKee City, N. J., effective 3-13-51 to 3-12-52; 10 percent normal labor turnover (junior-miss dresses).

Linsk of Philadelphia, Penns Grove, N. J., effective 3-13-51 to 3-12-52; 10 percent normal labor turnover (junior-miss dresses).

Linsk of Philadelphia, Westville, N. J., effective 3-13-51 to 3-12-52; 10 percent normal labor turnover (junior-miss dresses).

Linsk of Philadelphia, Woodbury, N. J., effective 3-13-51 to 3-12-52; 10 percent normal labor turnover (junior-miss dresses).

Main Manufacturing Co., Inc., 1421 Wallace St., Philadelphia, Pa., effective 3-7-51 to 3-6-52; for normal labor turnover, 10 percent or 10 learners, whichever is greater (children's cotton dresses).

Maryland Pants Contractors, 322 West Baltimore Street, Baltimore, Md., effective 3-8-51 to 3-7-52; five learners normal labor turnover (men's pants).

McNeer Dillon Co., Statesville, N. C., effective 3-8-51 to 3-7-52; 10 percent normal labor turnover (shirts).

McNeer Dillon Co., Statesville, N. C., effective 3-8-51 to 9-7-51; 10 additional learners for expansion purposes (shirts).

Myco Manufacturing Co., Inc., Wilburton, Pa., effective 3-12-51 to 3-11-52; 10 learners normal labor turnover (ladies' housecoats).

Olan Dress Corp., 808 Chestnut Street, Kulpmont, Pa., effective 3-7-51 to 3-6-52; 10 learners normal labor turnover (ladies' dresses).

J. Olsher & Co., 445 North Ninth Street, Clinton, Ind., effective 3-15-51 to 3-14-52; 10 learners normal labor turnover (boys' single pants and shirts).

The Par-Ex Shirt Co., 20 Wooster Street, New Haven, Conn., effective 3-7-51 to 3-6-52; 10 percent or 10 learners, whichever is greater, for normal labor turnover (men's shirts).

Peerless Shirt & Overall Manufacturing Co., 253 South Main Street, Wilkes-Barre, Pa., effective 3-9-51 to 9-8-51; 10 additional learners for expansion purposes only (dungarees, pants, longies).

Philcraft Sportswear Co., 1024 Filbert Street, Philadelphia, Pa., effective 3-14-51 to 3-13-52; five learners normal labor turnover (ladies' sportswear).

Quaker City Uniform Co., Inc., 418 Cherry Street, Philadelphia, Pa., effective 3-8-51 to 3-7-52; 10 learners normal labor turnover (men's trousers, uniforms).

Rose Marie, Inc., Hillsboro, Tex., effective 3-13-51 to 3-12-52; five learners normal labor turnover (women's sportswear).

Jules Segal & Co., 350 North Sixteenth Street, Philadelphia, Pa., effective 3-8-51 to 3-7-52; 10 percent normal labor turnover (field jackets).

Shamokin Manufacturing Co., Inc., 100 North Rock Street, Shamokin, Pa., effective 3-8-51 to 3-7-52; 10 percent normal labor turnover (women's cotton and rayon dresses and blouses).

Sheila Coats, Inc., 221-223 East Fourth Street, St. Paul, Minn., effective 3-9-51 to 3-8-52; five learners normal labor turnover (men's sport jackets; children's stormcoats).

Southern Manufacturing Co., Plant No. 1, 313 Fifth Avenue North, Nashville, Tenn., effective 3-8-51 to 3-7-52; 10 percent normal labor turnover (men's and boys' work shirts).

I. Spiewak & Sons, Inc., 346 Bergen Avenue, Jersey City, N. J., effective 3-14-51 to 3-13-52, for normal labor turnover, 10 percent or 10 learners, whichever is greater (men's and boys' outerwear jackets).

Sylvania Sportswear Co., 1766 Main Street (Rear), Northampton, Pa., effective 4-1-51 to 3-31-52; for normal labor turnover, 10 percent or 10 learners, whichever is greater (men's and boys' sport shirts).

I. Taitel & Son, 12 South Prettyman Street, Knox, Ind., effective 3-12-51 to 3-11-52; 10 percent normal labor turnover (men's work pants).

Tatamy Shirt Mill, Tatamy, Pa., effective 3-9-51 to 3-8-52, for normal labor turnover, 10 percent or 10 learners, whichever is greater (ladies' blouses).

Terre Co., Terre Hill, Pa., effective 3-7-51 to 3-6-52; 10 learners normal labor turnover (boys' sport shirts).

Tex Manufacturing Co., Inc., 222 West Overland Street, El Paso, Tex., effective 3-12-51 to 3-11-52; five learners normal labor turnover (men's and boys' denim and khaki work pants).

United Pants Co., Inc., Plymouth Branch, 222-228 Beade Street, Plymouth, Pa., effective 4-1-51 to 3-31-52; 10 percent normal labor turnover (pants).

United Pants Co., Inc., Shoemaker Street, Swoyerville, Pa., effective 4-1-51 to 3-31-52; 10 percent normal labor turnover (pants and jackets).

The Warner Bros. Co., Malone, N. Y., effective 3-8-51 to 3-7-52; 10 percent normal labor turnover (corsets and brassieres).

The Warner Bros. Co., Malone, N. Y., effective 3-8-51 to 9-7-51; 20 additional learners for expansion purposes only (corsets and brassieres).

Wayne Garment Co., Main and Center Streets, Forest City, Pa., effective 3-9-51 to 9-8-51; 10 learners for expansion purposes (children's snow suits and jackets).

E. Weinshel & Bro. Co., 1319 North Third Street, Milwaukee, Wis., effective 3-12-51 to 3-11-52; 7 percent normal labor turnover (men's and boys' dress trousers and jackets).

Whitehaven Dress Co., Inc., Main Street, White Haven, Pa., effective 3-15-51 to 3-14-52; 10 learners normal labor turnover (ladies' better dresses).

York Maid Dress Co., 131 North George Street, York, Pa., effective 4-1-51 to 3-31-52; 10 percent normal labor turnover (children's cotton and rayon dresses).

Glove Industry Learner Regulations (29 CFR 522.220 to 522.231, as amended October 26, 1950; 15 F. R. 6888).

The Boss Manufacturing Co., 811 West Fourth Street, Grand Island, Nebr., effective 3-10-51 to 9-9-51; 10 learners for expansion purposes.

Marso & Rodenborn Manufacturing Co., 700 First Avenue, North, Fort Dodge, Iowa, effective 3-6-51 to 7-7-51; five learners for normal labor turnover (supplemental certificate).

Morris Manufacturing Co., Dyersburg, Tenn., effective 3-6-51 to 9-5-51; 40 learners for expansion purposes only.

Hosiery Industry Learner Regulations (29 CFR 522.40 to 522.51, as revised January 25, 1950; 15 F. R. 283).

Bear Brand Hosiery Co., Fayetteville, Ark., effective 3-7-51 to 11-6-51; 55 additional learners for expansion purposes.

Bear Brand Hosiery Co., Siloam Springs, Ark., effective 3-7-51 to 11-6-51; 55 additional learners for expansion purposes.

Blackstone Hosiery Mills, Inc., Thomasville, N. C., effective 3-7-51 to 3-6-52; 5 percent normal labor turnover.

James Hosiery Mills, Inc., Greenville, Tenn., effective 3-7-51 to 11-6-51; 16 additional learners for expansion purposes.

Piedmont Knitting Co., Inc., Gordonsville, Va., effective 3-9-51 to 11-8-51; 10 additional learners for expansion purposes.

Union Manufacturing Co., Union Point, Ga., effective 3-21-51 to 3-20-52; 5 percent normal labor turnover.

Knitted Wear Industry Learner Regulations (29 CFR 522.69 to 522.79, as amended January 25, 1950; 15 F. R. 398).

J. Freezer & Son, Inc., Redford, Va., effective 3-12-51 to 9-11-51; 50 learners for expansion purposes, to be employed on men's shorts only.

Puerto Rico. The following special learner certificates were issued in Puerto Rico to the companies hereinafter named. The effective and expiring dates, the number of learners the learner occupations, the length of the learning period and the learner wage rates are indicated, respectively.

Puerto Rico Fabrics, Inc., Naguabo, P. R., effective 2-26-51 to 11-23-51. Total of 25 learners—12 knitters, 6 loopers, and 3 machine fixers; wage rates for each occupation: First 174 hours at 25 cents an hour, second 174 hours at 30 cents an hour, and third 174 hours at 35 cents an hour; 4 examiners, menders, and transferers, wage rates first 80 hours at 25 cents an hour, second 80 hours at 30 cents an hour, and third 80 hours at 35 cents an hour (infants' hosiery).

Manati Pearl Werks, Inc., Manati, P. R., effective 3-2-51 to 9-1-51. Total of 25 learners in occupation of cutting; 640 hours; 75 percent of the minimum hourly rate applicable by Wage Order of the Administrator (pearl buttons).

Shoe Industry Learner Regulations (29 CFR 522.250 to 522.260; 15 F. R. 6546).

Maine Shoes, Spring Street Extended, Auburn, Maine, effective 3-5-51 to 12-31-51; 10 percent normal labor turnover.

Regulations Applicable to the Employment of Learners (29 CFR 522.1 to 522.14).

Art Neckwear Co., Sixth and Columbia Avenue, Philadelphia, Pa., effective 3-8-51 to 3-7-52; five learners normal labor turnover (neckwear, mufflers, etc.).

Clifton Manufacturing Co., Waco, Tex., effective 3-12-51 to 9-11-51; five learners normal labor turnover (automobile seat covers).

Fit Rite Sports Headwear, 313 North Capitol, Indianapolis, Ind., effective 3-8-51 to 3-7-52; five learners normal labor turnover; machine operators (except cutting), 240 hours; 65 cents per hour (men's and boys' dress caps and cloth hats).

Flower Products Co., Inc., Chicago, Ill., effective 3-13-51 to 9-12-51; five learners normal labor turnover; flower maker, including only the operations of slipping-up, heading, tying, pasting, rosemaking, branching and stemming; 160 hours; 60 cents per hour (artificial flowers, leaves, etc.).

Greenwood Embroidery & Trimming Co., Inc., Greenwood, S. C., effective 3-12-51 to 3-11-52; five learners normal labor turnover; machine operators (except cutters), 320 hours; 60 cents per hour (embroidery and trimming for dresses, etc.).

M & G Clothes, Inc., Northeast corner Twenty-second and Market Streets, Philadelphia, Pa., effective 3-8-51 to 3-7-52; 7 percent normal labor turnover; machine operating (except cutting), pressers, and handsewers; each 480 hours; at least 60 cents per hour for first 240 hours and not less than 65 cents per hour for remaining 240 hours (men's and boys' clothing).

Pacific Embroidery Co., 2472-74 Frankford Avenue, Philadelphia, Pa., effective 3-8-51 to 3-7-52; two learners normal labor turnover; machine operators (except cutting), 320 hours; 60 cents per hour (embroideries).

Paperlynen Co., Columbus, Ohio, effective 3-10-51 to 9-9-51; five learners normal labor turnover; folding, 160 hours; 60 cents per hour (paper hats).

Reed Coat Front Pad Corp., 1421 Wallace St., Philadelphia, Pa., effective 3-8-51 to 3-7-52; two learners normal labor turnover; machine operating (except cutting), 480 hours; at least 60 cents per hour for first 240 hours and not less than 65 cents per hour for remaining 240 hours (canvas coat fronts).

Wolverine Hat & Cap Mfg. Co., Inc., Reform, Ala., effective 3-9-51 to 3-8-52; 10 percent normal labor turnover; machine operators (except cutters), pressers, and handsewers, each 240 hours; 65 cents per hour (caps).

Each certificate has been issued upon the employer's representation that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be canceled in the manner provided in the regulations and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of Part 522.

Signed at Washington, D. C., this 14th day of March 1951.

ISABEL FERGUSON,
Authorized representative of the Administrator.

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration and Commodity Credit Corporation

WAREHOUSE-STORAGE LOANS MADE UNDER 1950 PRICE SUPPORT PROGRAMS

NOTICE OF FINAL DATE OF REDEMPTION OF GRAINS AND RELATED COMMODITIES

Unless earlier demand is made by CCC, warehouse-storage loans under 1950 Price Support Programs on the agricultural commodities designated in the table below mature and are due and payable on the dates indicated. Unless such loans are repaid on or before the final date for repayment specified below, or the producer notifies in writing either the PMA county committee or the PMA commodity office serving the area that the funds have been placed in the mail, CCC will purchase the commodities pursuant to the provisions of the note and loan agreement at the higher of (1) the loan value plus interest and charges or (2) the market value as determined by the appropriate PMA commodity office as of the close of the market on the final date for repayment. In the event such market value is in excess of the loan value plus interest and charges, the excess amount will be paid to the producer by the appropriate PMA commodity office. The locations of the PMA commodity offices and the area served by each of such offices are set out in § 601.21 of the 1950 CCC Grain Price Support Bulletin 1 (15 F. R. 3147).

	Maturity date	Final date for repayment
Grain sorghums	Mar. 31, 1951	Mar. 31, 1951
Kobe lespedeza seed	do	Do.
Wheat	Apr. 30, 1951	Apr. 30, 1951
Oats	do	Do.
Barley	do	Do.
Rye	do	Do.
Flaxseed (except in Texas, California, and Arizona)	do	Do.
Dry edible beans	do	Do.
Rice	do	Do.
Hay, pasture, and range grass seed (except buffalo grass)	do	Do.
Soybeans	May 31, 1951	May 31, 1951
Corn	July 31, 1951	July 31, 1951
Buffalo grass seed	Sept. 30, 1951	Oct. 1, 1951

(Sec. 4, 62 Stat. 1070, as amended; 15 U. S. C. Sup., 714b. Interpret or apply sec. 5, 62 Stat. 1072, secs. 101, 301, 401, 63 Stat. 1051; 15 U. S. C. Sup., 714c, 7 U. S. C. Sup. 1441, 1447, 1421.)

Done at Washington, D. C., this 19th day of March 1951.

[SEAL] ELMER F. KRUSE,
Vice President,
Commodity Credit Corporation.

Approved:

ELMER F. KRUSE,
Acting President,

CIVIL AERONAUTICS BOARD

[Public Notice PN-1, Amdt. 1]

AMENDMENTS TO ORGANIZATION STRUCTURE

The Civil Aeronautics Board hereby amends Public Notice PN-1, dated July 1, 1950, in order to conform with the current organization structure, as follows:

1. Section 2.1 (b) is amended to read as follows:

(b) The Chairman of the Board is responsible for the executive and administrative functions of the Board, including functions with respect to the appointment and supervision of personnel employed under the Board; the distribution of business among such persons and among administrative units of the Board; and the use and expenditure of funds. The Executive Director, acting on behalf of the Chairman, directs the development of operational plans, schedules the flow of work, and coordinates the activities of the several bureaus and offices in order to achieve an effective and economical organization.

2. Section 4 is repealed in its entirety and superseded by the following:

BUREAU OF AIR OPERATIONS

SEC. 4.1 *Director.* The Director of the Bureau of Air Operations is directly responsible to the Board for interpretation of economic data and advice involving policy, and to the Chairman for advice regarding procedure to be followed in the economic regulation of domestic, overseas, and international air transportation. In the Bureau of Air Operations there are the following organizational units:

(a) Accounting and Statistics Division.
(b) Foreign Air Division.
(c) Carrier Relationships Division.
(d) Rates Division.
(e) Routes Division.
(f) Alaska Office.

SEC. 4.2 *Accounting and Statistics Division.* The Accounting and Statistics Division initiates and administers an operational, financial, and accounting reporting program. This includes the receipt and analysis of periodic reports of financial and operating statistics and the preparation of regular and special reports based upon such data; the administration of, and recommendation of changes in, the uniform system of accounts and the uniform system of periodic reports of financial and operating statistics; the issuance of letters of interpretation of such systems; and the auditing of accounts of certificated air carriers. The Accounting and Statistics Division also prepares analysis of economic problems in air transportation currently requiring Board action; prepares exhibits for use in formal proceedings before the Board and provides expert testimony concerning such exhibits; analyzes exhibits prepared by parties to formal proceedings; and prepares, as directed, comprehensive surveys and studies relating to the development and regulation of air transportation.

SEC. 4.3 *Foreign Air Division.* The Foreign Air Division advises the Director, Bureau of Air Operations, on the formulation of positions to be taken by the United States on international civil aviation matters involving economic foreign policy; serves as liaison between the Board and the Department of State; provides representation, when so designated, in connection with international conferences and bilateral or multilateral relations with foreign countries. In the discharge of these duties the Foreign Air Division analyzes economic data bearing on the problems to be dealt with.

SEC. 4.4 *Carrier Relationships Division.* The Carrier Relationships Division is concerned with economic and legal aspects of air transportation regarding the consolidation, merger, acquisition of control, interlocking directorates, and contracts between carriers and other persons affecting air transportation. The Carrier Relationships Division prepares for consideration of, and adoption by, the Board statements of policy and of program objectives and makes recommendations or, where authority has been delegated, takes action to dispose of cases pending before the Board.

SEC. 4.5 *Rates Division.* The Rates Division is responsible for all economic and legal aspects of matters relating to regulation of mail rates and subsidy payments pursuant to section 406 of the Act, regulation of commercial rates pursuant to sections 403, 404, and 1002 of the act and the commercial rate aspects of IATA resolutions. With respect to these matters, the Rates Division prepares for consideration of, and adoption by the Board statements of policy and of program objectives and recommends or takes action where authority has been delegated with respect to specific cases pending before the Board.

SEC. 4.6 *Routes Division.* The Routes Division is responsible for all economic and legal aspects relating to the authorization of routes and other services required to meet the objectives of the Act, whether by certificate of public convenience and necessity, foreign air carrier permit or exemption order, and the route patterns and carriers to provide such services. The Routes Division develops for consideration by the Board statements of policy and program objectives, and recommends or takes action, where authority has been delegated, with respect to the specific cases concerned with routes and related services pending before the Board.

SEC. 4.7 *Alaska Office.* The Director of the Alaska Office, under the general supervision of the Director, Bureau of Air Operations, is responsible for the receipt and investigation of all matters pertaining to the regulation of air transportation in Alaska; the conduct of proceedings incident thereto; the preparation of recommendations and reports to the Board respecting the regulation of Alaskan Air Carriers and enforcement thereof; the audit and inspection of records, memoranda, accounts and property of Alaskan Air Carriers; and otherwise serving as the Board's representative in Alaska.

3. Section 10.2 is amended to read as follows:

SEC. 10.2 *Accounting and Statistics Division.* An office of the Accounting and Statistics Division of the Bureau of Air Operations is maintained at 2 Park Avenue, New York, New York.

Effective: February 19, 1951.

By the Civil Aeronautics Board.

[SEAL] M. C. MULLIGAN,
Secretary.

FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 9822]

TROPICAL RADIO TELEGRAPH CO. AND WESTERN UNION TELEGRAPH CO.

ORDER SCHEDULING CONSOLIDATED HEARING

In the matter of Tropical Radio Telegraph Company, complainant, vs. The Western Union Telegraph Company, defendant, Docket No. 9822.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 14th day of March 1951;

The Commission having under consideration a complaint filed on October 20, 1950, by Tropical Radio Telegraph Company against The Western Union Telegraph Company as defendant, alleging that said defendant, since January 1, 1946, has applied and continues to apply to marine telegraph traffic interchanged with complainant a schedule of "Landline Charges on Marine Traffic" ("Schedule") which is unreasonably and unjustly discriminatory against complainant and in favor of other marine telegraph carriers in violation of the provisions of section 222 (e) of the Communications Act of 1934, as amended, and of Appendix 2, section 7 of the "Formula, Pursuant to Section 222 (e) (1) of the Communications Act, for the Distribution of Outbound International Traffic Handled by The Western Union Telegraph Company following Merger with Postal Telegraph, Inc." ("Formula"); that complainant has sustained "serious financial damages" as a result of the application of the above "Schedule" to such traffic; and requesting that the Commission (a) order The Western Union Telegraph Company to cease and desist from the collection of the landline or pickup charges for marine traffic (ship-shore and shore-ship) which The Western Union Telegraph Company now demands, (b) prescribe under the provisions of the "Formula" (section 7 of Appendix 2) a formula for the division of landline and pickup charges for marine telegraph traffic which will be just, reasonable, equitable and in the public interest, and (c) order The Western Union Telegraph Company to make restitution to Tropical Radio Telegraph Company for the latter's loss caused since January 1, 1946, by the "discriminatory and anomalous division of landline and pickup charges" complained of; and also having under consideration the answer to the above complaint filed on November 30, 1950, by the defendant herein in which it alleges on information and belief that the Commission has under consideration a general investigation into the current revenue requirements of the various marine radiotelegraph carriers, and submits that the question of the division of the charges between The Western Union Telegraph Company and the marine carriers may more appropriately be considered in connection with such investigation; and requests that the complaint of Tropical Radio Telegraph Company be dismissed; and having also under consideration the opposition to defendant's answer filed by the complainant on December 11, 1950, in which complainant states that it does not object if the Commission should see fit to include a determination of a just and reasonable formula for the future division of landline and pickup charges for marine telegraph traffic as one of the issues of a general investigation into marine radiotelegraph communications, but that it does object to having the other requests set forth in the complaint considered in such general investigation;

The Commission also having under consideration its order dated 1951, In the Matter of Charges, Practices, Classifications and Regulations for and in connection with Marine Radiotelegraph Services, Docket No. 9915;

It appearing, that from an examination of the above complaint, answer and opposition, issues are present which should be determined upon the basis of a public hearing;

It further appearing, that the determination of just and reasonable divisions of charges for marine telegraph traffic handled jointly by The Western Union Telegraph Company and the various marine radiotelegraph carriers, including the complainant herein, is one of the issues included in the general investigation into marine telegraph services and rates which the Commission has instituted by its above order in Docket No. 9915, and that much of the evidence to be adduced therein with respect to such issue will be relevant and material to a determination of the issues involved herein;

It is ordered, That pursuant to the provisions of sections 208 and 222 of the Communications Act of 1934, as amended, a public hearing on the issues presented by the pleadings herein be held at the offices of the Commission in Washington, D. C. on the 11th day of June 1951;

It is further ordered, That the hearing herein shall be consolidated with the hearing In the Matter of Charges, Practices, Classifications and Regulations for and in connection with Marine Radiotelegraph Services, Docket No. 9915.

It is further ordered, That Leo Resnick is assigned to preside at such hearings; and that the presiding officer shall certify the record to the Commission for decision without preparing either a recommended or initial decision herein.

It is further ordered, That copies of this order shall be served upon the complainant and the defendant herein.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[Docket No. 9915]

CHARGES FOR AND IN CONNECTION WITH MARINE TELEGRAPH SERVICES

ORDER INSTITUTING INVESTIGATION AND SCHEDULING HEARING

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 14th day of March 1951;

The Commission, having under consideration:

(a) Informal requests from Globe Wireless Ltd., (filed on July 17, 1948, and October 26, 1949), Mackay Radio and Telegraph Company, Inc., (filed on July 17, 1948, and October 7, 1949), Radiomarine Corporation of America (filed on August 11, 1950), and Tropical Radio Telegraph Company (filed on July 20, 1948, and October 10, 1949), that the Commission, on its own motion, enter into an investigation with respect to the earnings and rates of all carriers operating in the public marine radiotelegraph service which are under its jurisdiction;

(b) Earnings reports pertaining to marine radiotelegraph traffic handled by the above-named carriers;

(c) The tariffs filed by the various marine radiotelegraph carriers subject to the Commission's jurisdiction and The Western Union Telegraph Company (Western Union), which contain rates, regulations and other provisions with respect to marine telegraph service;

(d) The contracts and arrangements between Western Union and the operators of marine coast stations engaged in providing marine radiotelegraph service with respect to the divisions of tolls for the domestic handling of marine telegraph traffic;

(e) Appendix 2 to the "Formula, pursuant to section 222 (e) (1) of the Communications Act, for the Distribution of Outbound International Traffic handled by The Western Union Telegraph Company following Merger with Postal Telegraph, Inc." (Formula);

(f) The contracts between the marine carriers named in subparagraph (a) above and various ship operators providing for the maintenance and operation of radiotelegraph stations aboard ship as well as for the division of the ship station message tolls;

It appearing, that the net earnings of such marine carriers attributable to marine radiotelegraph service have declined, and that various carriers may be operating such service at a loss;

It further appearing, that a question is presented as to whether the aforementioned contracts and arrangements between Western Union and the various marine carriers comply with the provisions of Appendix 2 to the aforementioned Formula requiring Western Union to furnish "uniform and nondiscriminatory" services to marine carriers;

It is ordered, That pursuant to sections 201, 202, 205, 222, and 403 of the Communications Act of 1934, as amended, an investigation is instituted on the Commission's own motion into the earnings and the rates and charges, division of charges, and the related practices, classifications, regulations, and services of all carriers subject to the jurisdiction of this Commission, for and in connection with public marine telegraph service between points in the United States (including its territories and possessions) and mobile stations on ships at sea or in the air, and between such mobile stations through coast stations located in the United States (including its territories and possessions), except the level of charges for the service rendered by mobile stations;

It is further ordered, That the following marine carriers are made parties respondent in this proceeding: Globe Wireless Ltd.; Mackay Radio and Telegraph Company, Inc.; Radiomarine Corporation of America; RCA Communications, Inc.; Tropical Radio Telegraph Company; M. D. Strickland, and E. W. Stephens, d/b a Caribbean Radio; Central Radio Telegraph Company; City of Baltimore, Maryland; Clara Lee Wood, d b a Gulf Radio Service; J. L. Dezauche, Jr., and R. A. Gartman, d/b a Mobile Marine Radio; E. M. Tellefson, d b a Mackinac Radio Service; Olympic Radio Company; Clair C. Fetterly, d b a Seattle Harbor Radio; and South Porto Rico Sugar Company; that Western Union is also made a party respondent in the proceeding; and that a copy of this order shall be served upon each of the above-named carriers;

It is further ordered, That, without limiting the scope of the investigation herein, it shall include inquiry into the following matters:

(a) The lawfulness under sections 201 and 202 of the Communications Act of 1934, as amended, of the charges of the respondent marine carriers for and in connection with all classes of public marine telegraph service;

(b) The areas served by each of the coast stations of the respondent marine carriers;

(c) The volume of marine radiotelegraph traffic originated and terminated at each of the coast stations operated by each of the respondent marine carriers and the volume of such traffic exchanged with Western Union; the revenues derived therefrom; the relationship between such traffic volumes and the costs of handling thereof; and whether, and to what extent, each of the coast stations operated by each of respondent marine carriers can profitably handle any additional traffic;

(d) The gross and net earnings of each of the respondent marine carriers from marine radiotelegraph service furnished by such carriers through their respective coast stations, including the current level of these earnings, the trends thereof (past, present and anticipated in the future), and the factors presently affecting such earnings;

(e) The operating expenses which each of the respondent marine carriers claim should be deducted from gross operating revenues in order to arrive at net operating income to be considered in a determination of charges to the users for the marine radiotelegraph services furnished by said carriers, the trends of such expenses, and the reasonableness of such expenses;

(f) The amount of the gross and net book cost of plant and equipment, and the working capital requirement, of each of the respondent marine carriers properly applicable to the rendition of marine radiotelegraph service;

(g) The amount of return which is fair and reasonable for each of the respondent marine carriers; whether it is necessary, or appropriate, under the Communications Act that charges for marine radiotelegraph services should be determined or prescribed on the basis of revenue requirements of the marine carrier or carriers having the highest level of net earnings from such services, or on some other basis, and if so, on what basis;

(h) The extent to which, if any, the revenues accruing to the respondent marine carriers from services performed in the maintenance and operation of ship stations and from ship station tolls should be included in the communication revenues of such respondents and the effect thereof on the earnings of such carriers;

(i) The extent to which, if any, the expenses attributable to the maintenance and operation of ship stations should be included in the allowable operating revenue deductions for or in connection with marine communications services of the respondent marine carriers and the effect thereof on the earnings of such carriers;

(j) Whether the Commission should authorize or prescribe any changes in the charges applicable to the coast station handling of marine radiotelegraph traffic; and if so, the nature of such changes;

(k) The lawfulness under sections 201, 202 and 222 (e) (1) of the Communications Act and under the aforementioned Appendix 2 to the Formula, of the charges for the landline handling of marine telegraph traffic;

(l) The volume of marine telegraph traffic handled by Western Union between each coast station and points in the United States, the revenues resulting therefrom and the need, if any, to change the charges applicable thereto;

(m) The lawfulness under sections 201, 202 and 222 (e) (1) of the Communications Act and under the aforementioned Appendix 2 of the Formula of the present arrangements for the division of tolls under which marine telegraph traffic is exchanged between Western Union and the other respondent carriers;

(n) Whether the Commission should authorize or prescribe any changes in the division agreements between Western Union and the respondent marine carriers, and if so, the nature of such changes, and the effect thereof upon the respective revenues of Western Union and such marine carriers;

(o) Whether the Commission should authorize or prescribe any changes in the composition of the zones or in the rates applicable to the landline handling of marine telegraph traffic within the United States, and if so, the nature of such changes and the effects thereof on the volume of traffic and on the revenues of the marine carriers and Western Union:

It is further ordered, That hearings shall be held in this proceeding in the offices of the Commission at Washington, D. C., to begin at 10:00 o'clock on the 11th day of June 1951, that Leo Resnick is assigned to preside at such hearings; and that the Presiding Officer shall certify the record to the Commission for decision without preparing either a recommended or initial decision herein.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[Docket No. 9917]

MENDOCINO COAST BROADCASTERS AND STATION KDAC

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In re application of Tony R. Amarante, John A. Brush, Edward Merle and Mathew Thompson, d b as Mendocino Coast Broadcasters, permittee of Station KDAC, Fort Bragg, California, File No. BL-3190, Docket No. 9917; for license to cover construction permit.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 14th day of March 1951;

The Commission having under consideration the above-entitled application for license to cover construction permit for Station KDAC, Fort Bragg, California; and

It appearing, that upon the basis of the above application and other information presently before the Commission that the Commission is not satisfied that it is in possession of full information as is required by the Communications Act of 1934, as amended, and more particularly section 309 (a) thereof;

It is ordered, That pursuant to section 309 (a) of the Communications Act of 1934, as amended, the above-entitled application be designated for hearing at Fort Bragg, California, on May 7, 1951, upon the following issues:

1. To obtain full information with respect to the affairs of the permittee partnership and more particularly:

(a) To determine the method and sources of financing of the construction and operation of Station KDAC from the grant of initial construction permit therefor to date and whether such method and sources of financing constituted a departure from the representations made with respect thereto in the application (BP-6233) for construction permit for Station KDAC.

(b) To obtain full information relative to the resignation from the permittee partnership, on or about August 27, 1948, of partner John A. Brush.

(c) To obtain full information relating to the events and circumstances surrounding the alleged exclusion from the permittee partnership of partner Mathew S. Thompson.

(d) To obtain full information relating to the resignation from the permittee partnership, on or about September 29, 1949, of partner Tony R. Amarante.

2. To determine in whom, since the grant of initial construction permit for Station KDAC, the authority over its operation and control has resided and in whom such authority presently resides.

3. To determine whether all contracts, agreements, and understandings relating to the ownership, management, and control of the permittee, Mendocino Coast Broadcasters, have been reported to the Commission in accordance with §§ 1.341, 1.342, and 1.343 of the Commission's rules and regulations.

4. To determine whether the construction permit for Station KDAC, or the rights and responsibilities incident thereto, have been transferred or assigned, directly or indirectly, in contravention of section 319 (b) of the Communications Act and whether, in the event of such unauthorized assignment or transfer, the station has been operated by an unlicensed person or persons in violation of section 301 of the Communications Act of 1934, as amended.

5. To determine whether, in the light of the evidence adduced under the foregoing issues, a grant of the above application would be in the public interest.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[Docket No. 9918]

STATION KTXC

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In the matter of renewal of license of Station KTXC, Big Spring, Texas, Docket No. 9918, File No. BR-2332.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 14th day of March 1951;

The Commission having under consideration the above application for renewal of license of Station KTXC, together with a letter and enclosures to the Commission, dated November 16, 1950, from Leonard R. Lyon, the former individual licensee of Station KTXC and presently Secretary, Treasurer and a one-third stockholder in Big State Broadcasting Corporation, licensee of Station KTXC, Big Spring, Texas, which letter states:

Copy to FCC and Mr. J. W. Wallace Radio Station KBST, Big Spring, Texas

LEONARD R. LYON
Box 744, Chickasha, Okla.

NOVEMBER 16, 1950.

Mr. T. J. SLOWIE *Secretary,*
Federal Communications Commission,
Washington 25, D. C.

DEAR MR. SLOWIE: Please find enclosed two contracts pretaining (sic) to Radio Station KTXC, Big Spring, Texas 1400 kc unlimited. Also pretaining (sic) to Leonard R. Lyon, V. T. Anderson and E. W. Anderson.

While the enclosed contracts were not lived up to fully, they have been held over my head for too long.

The original application for the station BP-6971 was filed by me in all sincerety (sic) and in good faith; however, Contract 1 was signed by me to prevent a second application for the same facilities by the Andersons and to prevent the loss of everything due to their political pull.

On signing the first contract I lost all voice in the proposed station, but had no choice other than to carry out orders. Many more descrepincys (sic) will be found in the books.

Even though this will cost me several thousand dollars, I will consider it worthwhile if I may be given the opportunity to at least partially clear myself in an open hearing.

Dated this 16th day of November 1950.

(S) LEONARD R. LYON.

Subscribed and sworn to (sic) before me this 16th day of November 1950.

(S) MYRTLE DILLINGHAM,
Notary Public.

My commission expires June 1, 1951.

It appearing, that, on May 5, 1949, the Commission granted a construction permit (BP-6971) to Leonard R. Lyon for the construction and operation of Station KTXC and, on February 8, 1950, granted its consent to the assignment of license (BAL-945) of Station KTXC from Leonard R. Lyon to Big State Broadcasting Corporation in which corporation Lyon held a one-third stock interest, E. W. and V. T. Anderson, each, a 25-5 6 percent stock interest and Clyde E. and George T. Thomas, each, a 7½ percent stock interest; and

It further appearing, that, on the basis of the above letter and enclosures from Lyon, serious questions of concealments from and misrepresentations to the Commission by Lyon exist, and that therefore the Commission is at this time unable to conclude that a grant of the above application for renewal of license for Station KTXC would be in the public interest, convenience and necessity;

It further appearing, that the Commission made available to Big State Broadcasting Corporation, for comment, the aforesaid letter and enclosures of November 16, 1950, from Lyon and that, by letter of February 19, 1951, to the Commission, the aforesaid Andersons generally denied all allegations of Lyon, but were completely unresponsive insofar as the contracts of April and July, 1949 were concerned;

It is ordered, That the application for renewal of license of Station KTXC be designated for hearing, pursuant to section 309 (a) of the Communications Act, to be held at Big Spring, Texas, on May 14, 1951, on the following issues:

1. To obtain full information as to all contracts, agreements, or understandings past or present between Leonard R. Lyon and E. W. and V. T. Anderson, Clyde E. and George T. Thomas, collectively or individually, relating to a sale, assignment, or transfer of Lyon's interest in the physical properties of Station KTXC and the construction permit or license therefor with particular reference to the following:

a. A certain agreement dated April, 1949 between Leonard R. Lyon and E. W. and V. T. Anderson, by virtue of which those individuals entered into a limited partnership for the purpose of "building and operating a 100 watt broadcast radio station in Big Spring, Texas, for which station Leonard R. Lyon now has pending an application before the Federal Communications Commission in Washington, D. C., File No. BP-6971 * * *."

b. A certain agreement dated July, 1949 by virtue of which Lyon agreed to assign to E. W. and V. T. Anderson, each, an undivided ⅓ interest in the construction permit for Station KTXC, Big Spring, Texas, and which provided, among other things, that in the event KTXC should begin broadcasting prior to the approval by the Commission of the transfer to the Andersons, the Andersons should "have the controlling voice in the operation of such station in the same manner as if they owned the respective interests which he (Lyon) agrees to convey to them * * *."

c. The payment, loan, or advance of funds by E. W. and V. T. Anderson, Clyde E. and George T. Thomas, or other persons, collectively or individually, to Leonard R. Lyon, pursuant to the agreements referred to in (a) and (b) above,

or pursuant to any other agreements which the said parties may have concluded among themselves, and to determine the nature and purpose of such payments, advances, or loans.

2. To determine whether the execution of any of the contracts, agreements, or understandings referred to in Issue No. 1, above, the terms thereof, or any acts performed pursuant thereto, were in violation of sections 310 (b) and 319 (b) of the Communications Act of 1934, as amended, or in violation of the rules and regulations of the Commission, with particular reference to §§ 1.321, 1.342 and 1.343 of said rules and regulations.

3. To determine whether Leonard R. Lyon, E. W. and V. T. Anderson and Clyde E. and George T. Thomas, or any of them, have concealed information from the Commission regarding the ownership and operation of Station KTXC or have misrepresented the facts concerning such ownership in applications, reports or letters which they have filed with the Commission, with particular reference to the following:

a. Application for construction permit (BP–6971); application for modification of construction permit (BMP–4666); application for license (BL–3802); application for consent to assignment of license (BAL–945); application for renewal of license (BR–2332); Annual Financial Report for the period September 12, 1949–December 31, 1949; Annual Financial Report for the period January 1, 1950–February 28, 1950.

b. Whether Leonard R. Lyon so concealed or misrepresented these facts in letters to the Commission dated August 17, 1949 and June 16, 1950 or in any other letters or statements furnished by him to the Commission.

4. To determine the authority and control exercised by Leonard R. Lyon over the policy and operation of Station KTXC from the date of grant of construction permit for that station to the present.

5. To determine the disposition, since the date of commencement of operation of Station KTXC, of income received from that operation and the manner of and authority for such disposition.

6. To determine the method or methods of financing of the operation of Station KTXC from its inception to the present.

7. To determine whether Big State Broadcasting Corporation, E. W. and V. T. Anderson, or Clyde E. and George T. Thomas, or other persons unknown to the Commission, have at any time since the inception of radio station KTXC operated or controlled that station without a license or construction permit therefor, and in violation of section 301 of the Communications Act.

8. To determine whether the public interest, convenience or necessity would be served by a grant of the above-entitled application.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 25924]

SAND AND GRAVEL FROM LA GRANGE, MO., TO COLCHESTER, ILL.

APPLICATION FOR RELIEF

MARCH 19, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. G. Raasch, Agent, for the Chicago, Burlington & Quincy Railroad Company.

Commodities involved: Sand and gravel, carloads.

From: La Grange, Mo.

To: Colchester, Ill.

Grounds for relief: Competition with motor carriers and wayside pit competition.

Schedules filed containing proposed rates: CB & Q RR. tariff I. C. C. No. 20095, 33d revised page 32.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[SEAL] W. P. BARTEL,
Secretary.

[4th Sec. Application 25925]

GRAIN FROM PRESTON, MD., TO THE SOUTH

APPLICATION FOR RELIEF

MARCH 19, 1951.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: C. W. Boin, Agent, for carriers parties to his tariff I. C. C. No. A–879.

Commodities involved: Grain and grain products, in carloads and less-than-carloads.

From: Preston, Md.

To: Points in southern territory.

Grounds for relief: Competition with rail carriers.

Schedules filed containing proposed rates: C. W. Boin's tariff I. C. C. No. A–879, Supp. 16.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.
